PREFACE

The Mississippi Code of 1972, which became effective on November 1, 1973, is the culmination of nearly four years of effort on the part of the Legislature, the Attorney General's office and the publishers, which brings together provisions of general statutory law having a common subject matter into a more orderly and logical framework of code titles and chapters, and employing a modern and effective section numbering system. A major by-product of the code revision will be the state-owned magnetic computer tape containing the Mississippi Code of 1972, which will be of invaluable assistance to the Legislature and to the state.

The enabling act for the code was a recommendation of the Mississippi State Bar, which resulted in the consideration and passage of Senate Bill 1964, Chapter 465, Laws of 1970, signed into law by Governor John Bell Williams.

The Code Committee provided for in that act was comprised of A. F. Summer, Attorney General, Heber Ladner, Secretary of State, Representative Edgar J. Stephens, Jr., Chairman, House Appropriations Committee, Senator William G. Burgin, Jr., Chairman, Senate Appropriations Committee, Representative H. L. Meredith, Jr., Chairman, House Judiciary "A" and Judiciary en banc Committees, Senator E. K. Collins, Chairman, Senate Judiciary "A" and Judiciary en banc Committees, Representative Ney McKinley Gore, Jr., Chairman, House Judiciary "B" Committee, and Senator William E. Alexander, Chairman, Senate Judiciary "B" Committee. In 1972, Representative Marby Robert Penton and Senator Herman B. Decell, Chairman of House and Senate Judiciary "B" Committees, respectively, became members of the Committee, replacing Representative Gore and Senator Collins, Senator Alexander having been appointed Chairman of Senate Judiciary "A" and Judiciary en banc Committees. The Deputy Attorney General, Delos H. Burks, served the Code Committee as Secretary. Special Assistant Attorney General Fred J. Lotterhos, under the supervision of the Attorney General, was assigned the principal responsibility for the supervision of the recodification, including the consideration and treatment of some 16,000 sections of code manuscript.

Final legislative approval was given to the Mississippi Code of 1972 by passage of Senate Bill 2034, Laws of 1972, which was signed by Governor William L. Waller on April 26, 1972.

The Code Committee is of the opinion that the recodification has been thoroughly and well accomplished, and will result in a greatly improved repository of the general statutory law of the state.

PUBLISHER'S FOREWORD

This 2021 Replacement Volume 14 of the Mississippi Code of 1972 Annotated represents material appearing in the original 1973 bound volume, the 1991 Replacement Volume 14, the 2005 Replacement Volume 14, the 2012 Replacement Volume 14 and the 2012 Volume 14A, as well as reflecting amendments, repeals, and new Code provisions enacted by the Mississippi Legislature through the 2021 Regular Legislative Session.

This volume contains the text of Titles 65 and 67, of the Mississippi Code of 1972 Annotated, as amended through the 2021 Regular Legislative Session.

Case annotations are included based on decisions of the State and federal courts in cases arising in Mississippi. Many of these cases were decided under the former statutes in effect prior to the enactment of the Code of 1972. These earlier cases have been moved to pertinent sections of the Code where they may be useful in interpreting the current statutes. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online on LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals decisions and decisions of the appropriate federal courts. These cases will be printed in the following reporters:

- Southern Reporter, 3rd Series
- United States Supreme Court Reports
- Supreme Court Reporter
- United States Supreme Court Reports, Lawyers' Edition, 2nd Series
- Federal Reporter, 4th Series
- Federal Supplement, 3rd Series
- Federal Rules Decisions
- Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

- American Law Reports, 6th Series
- American Law Reports, Federal 2nd Series
- Mississippi College Law Review
- Mississippi Law Journal

Finally, published Opinions of the Attorney General and opinions of the Ethics Commission have been examined for annotations.

A comprehensive Index appears at the end of this volume.

LexisNexis

This volume contains the text of Title 25 and 26 of the Mississippi Code of 1972. As amended, as amended through the 2021 Legislative Session. Case annotations are included based on holdings of the State and Federal courts in cases arising in Mississippi. Many of these cases were decided under the former statutes in effect prior to the enactment of the Code of 1972. These earlier cases have been moved to pertinent sections of the Code where they may be useful in interpreting the current statutes. Annotations to individual research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that we used to create annotations. For this publication, rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases is that they are posted online as LexisNexis is the most recent case annotated, but not yet have been printed in a reporter. There will be provided as they become available through the print reporters. This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals decisions and decisions of the appropriate federal courts. These cases will be provided in the following reporters:

Mississippi Reports and Digest
United States Supreme Court Reports
Supreme Court Reporter
United States Supreme Court Reporter, Lawyers Edition and Series
Federal Reporter, 4th Series
Federal Supplement, 4th Series
Federal Policy Decisions
Bankruptcy Reporter

Additionally, annotations have been taken from the following reporters:

American Law Reports, 4th Series
American Law Reports, Federal and Series
Mississippi College Law Review
Mississippi Law Journal

Finally, published opinions of the Attorney General and opinions of the Ethics Commission have been included in this publication.

A comprehensive index appears at the end of this volume.

If you have a question not addressed by the User's Guide, or comments about your Code service, you may contact us by calling us toll-free at (800) 833-9844, faxing us toll-free at (800) 643-1280, e-mailing us at customer.support@bender.com, or writing to Mississippi Code Editor, LexisNexis, 9443 Springboro Pike, Miamisburg, OH 45342.

ADVANCE CODE SERVICE

Three times a year, at roughly quarterly intervals between delivery of Code supplement pocket parts, we publish the Mississippi Advance Code Service pamphlets. These pamphlets contain updated statutory material and annotations to Attorney General opinions, research and practice references, and recent court decisions construing the Code. Each pamphlet is cumulative, so that each is a "one-stop" source of case notes updating those in your Code bound volumes and pocket parts.

ADVANCE SHEETS

The Advance Sheets consist of a series of pamphlets issued in the spring. The series reproduces the acts passed by the Mississippi Legislature and

USER'S GUIDE

approved by the Governor during the legislative session. Features include tables showing the impact of legislation on sections of the Mississippi Code of 1972 Annotated, and a cumulative index. These pamphlets enable the user to receive a preview of approved legislation prior to supplement availability, and serve as an excellent source of legislative history.

AMENDMENT NOTES

Every time a Code provision is amended, we prepare a note describing the effect of the amendment. By reading the note, you can ascertain the impact of the change without having to check the former statute itself.

Amendment notes are retained in the Supplement until the bound volume is replaced, at which time notes from all but the last two years are deleted.

Amendment notes are retained online indefinitely.

ANALYSES

Each title, chapter, and article appearing in a bound volume or supplement is preceded by an analysis. The analysis details the scope of the title, chapter, and article and enables you to see at a glance the content of the title, chapter, and article without resorting to a page-by-page examination in the bound volume or supplement.

CODE STATUS

The Mississippi Code of 1972 Annotated is Mississippi's official code and is considered evidence of the statute law of the State of Mississippi (see § 1-1-8). The Code was enacted by Chapter 394 of the Laws of 1972, which was signed by the Governor on April 26, 1972.

Title 1, Chapters 1 through 5 of the Code contain statutes governing the status and construction of the Code.

COMPARABLE LEGISLATION FROM OTHER STATES

Notes to comparable legislation from other states appear for uniform laws, interstate compacts, statutory provisions pertaining to reciprocity and cooperation with other states, and various important statutes of general interest. Other states' statutes that are similar in subject matter and scope to those of Mississippi are cited, generally, under the first section of the chapter or article to which they pertain. Occasionally, comparable legislation pertains to only one section, in which case it is cited under that section rather than at the chapter or article level.

See also *Federal Aspects*.

USER'S GUIDE

COURT RULES

The Mississippi Court Rules are published separately by LexisNexis in a fully annotated softcover volume which is replaced annually and supplemented semi-annually.

The Court Rules volume contains statewide rules of procedure of the state courts, the local rules of the United States district courts and bankruptcy courts for Mississippi, and the rules of the United States Court of Appeals for the Fifth Circuit. Rules are received from the courts and edited only for stylistic consistency. For further information, see the Preface to the Mississippi Court Rules volume.

CROSS REFERENCES

Cross references refer you to notes under other Code sections, that may affect a law or place it in context. Cross references also are used under repealed provisions to refer you to an existing law on a similar subject. Cross references do not cite all related statutes, however, since these can be identified by using the General Index.

See also *Comparable Legislation from other States and Federal Aspects*.

EDITOR'S NOTES

Editor's notes are notes prepared by the Publisher that contain information about important or unusual features of a law, or special circumstances surrounding passage of the law, that are not apparent from the law's text.

See also *Effective Dates*.

EFFECTIVE DATES

Absent a specific effective date provision within an act, Mississippi laws generally take effect upon approval date, which is the date the act is signed into law by the Governor.

FEDERAL ASPECTS

Notes to federal legislation that is similar in subject matter and scope to the laws of Mississippi are referenced throughout the Code. In addition, the Code contains the United States Code Service citation for any federal law that is referred to in a Mississippi statute by its popular name or by its session law designation.

See also *Comparable Legislation from other States*.

HISTORY NOTES

Each section of the Code is followed by a brief note showing the acts of the Legislature on which it is based, including the act that originally enacted the section and any subsequent amendments.

USER'S GUIDE

The history note follows the section text, preceding any other annotations for the section. Information in the history note is listed in chronological order, first by Codes, then by Laws, with the most recent information listed last. If a section has been renumbered, the former number will appear in the history note.

The tables volume should also be consulted when researching the history of a statutory section, since it contains cross reference tables that provide a statutory citation for each section of the session laws and the date each act went into effect.

INDEX

The Code is completely indexed in two softcover Index volumes, which are updated and replaced annually. In addition, each volume of the Code is followed by its own index. As accurate and thorough as the Index is, your best defense against index wild goose chases is familiarity with indexing techniques. To that end, an explanatory Foreword to the Index appears in the first Index volume.

JOINT LEGISLATIVE COMMITTEE NOTES

Joint Legislative Committee notes are included in the Code to describe codification decisions made by the Mississippi Joint Legislative Committee on Compilation, Revision and Publication of Legislation. Examples of Committee actions that warrant the inclusion of a note are the integration of multiple amendments to a single Code section during the same legislative session, and the correction of typographical errors appearing in the Code.

JUDICIAL DECISIONS

Every reported case from the Supreme Court of Mississippi, the Court of Appeals of Mississippi, federal district courts for Mississippi, the federal Fifth Circuit Court of Appeals and the United States Supreme Court has been read for constructions of Mississippi law. These constructions are noted under pertinent sections of the statutes or Mississippi Constitution provisions, under the heading "Judicial Decisions." Where a decision has been reviewed by a higher court, subsequent judicial history and disposition is noted in the case note if such disposition has any bearing on the annotated material. Where two or more decisions state the same rule of law, the case citations are cumulated under one case note.

Case notes are grouped together under headings called "catchlines." The catchlines identify the basic subject matter of the case notes and assist the user in locating pertinent notes. Catchlines are numbered and arranged thematically, with "In general" first. Where there are two or more catchlines, an analysis, listing all the catchlines, precedes the annotations.

USER'S GUIDE

Frequently, statutes carry notes to cases that arose under earlier laws on the same subject. Case notes are retained so long as the editor believes the note will have some relevance under current law, though of course the relevance may be diminished by later changes in the law. These case notes appear under the heading "Decisions under former law."

OPINIONS OF THE ATTORNEY GENERAL

Opinions of the Attorney General for the State of Mississippi have been read for constructions of Mississippi law. Notes describing the subject matter of the opinions have been placed under relevant Code provisions under the heading "Opinions of the Attorney General."

ORGANIZATION AND NUMBERING SYSTEM

The Code is organized by titles, chapters, articles, subarticles, undesignated centered headings and sections. Analyses at the beginning of each title, chapter, article, and subarticle help you understand the internal arrangement of each Code unit (see *Analyses*).

Odd numbers are generally used for the numbering of titles, chapters and sections. Even numbers have been used for some chapters and sections so that a particular new chapter or section might be logically placed with other chapters and sections dealing with the same or similar subject matter. Similarly, the use of numbers with decimal points has been used for some sections in order that they may be inserted among other sections pertaining to the same subject.

The title, chapter, and section for each Code section is revealed by its section number. Thus, in the designation "§ 1-3-65," the first digit ("1") means the provision is in Title 1 ("Laws and Statutes"); the second ("3") indicates Chapter 3 ("Construction of Statutes"); and the last two digits ("65") mean the 65th section in that chapter ("Construction of terms generally").

Articles and subarticles are not reflected by section number designations.

Within sections, subsections and paragraphs usually are designated following this pattern: (1)(a)(i)1. or (1)(a)(i)A. A distinctive indention scheme is applied to suggest the relative value of each unit within this hierarchy.

PLACEMENT OF NOTES

Where a note pertains to a single statute section, it will of course be set out following that section. In many instances, however, a note applies equally to several statute sections or to an entire chapter or article. If the pertinent sections are scattered, or few in number, the note will be duplicated for each section. But where the note applies to all or most of the sections in a chapter or article, we prevent the space-consuming repetition of notes by placing the note at the very beginning of the chapter or article.

USER'S GUIDE

REPLACEMENT VOLUMES

The Code is periodically updated and streamlined by the replacement of volumes. Although a current set of the Code contains all currently applicable statutes, we encourage you to retain replaced volumes and their supplement pockets parts for historical reference.

RESEARCH AND PRACTICE REFERENCES

Citations to references in American Jurisprudence, American Jurisprudence Pleading and Practice, American Jurisprudence Proof of Facts, American Jurisprudence Trials, American Law Reports, First through Sixth Series, ALR Federal, Corpus Juris Secundum, various other treatises and practice guides, and Mississippi law journals are given under this heading, wherever the references appear to discuss the statute under which the citation appears, or a topic related to the statute. These citations are intended only to give you a starting point for your library research. The Mississippi law journals include Mississippi Law Journal and Mississippi College Law Review.

STATUTE HEADINGS

Headings or “catchlines” for Code sections and subsections are generally created and maintained by the publisher. They are mere catchwords and are not to be deemed or taken as the official title of a section or as a part of the section. Your suggestions for the improvement of particular catchlines are invited.

TABLES

The Mississippi Code of 1972 Annotated contains several tables that can assist you in your research. These are published in the Statutory Tables volume of the Code, and include the following:

- Sections of the Code of 1930 carried into the Code of 1942.
- Sections of the Code of 1942 carried into the Code of 1972.
- Allocation of Acts of Legislature, 1931 — 1972.
- Allocation of Acts of Legislature, 1972 — present.
- Consolidated Tables of amendments and repeals of 1942 Code sections.
- Consolidated Tables of amendments and repeals of 1972 Code sections.

§ 65-1-2. Mississippi Department of Transportation.

(1) There is hereby created the Mississippi Department of Transportation, which shall include the following offices:

- (a) Office of Administrative Services.
- (b) Office of Highways.
- (c) Office of State Aid Road Construction.
- (d) Office of Intermodal Planning.
- (e) Office of Enforcement.

(2) Each office shall be composed of such bureaus as deemed necessary by the executive director of the department.

(3) The department is designated as the single state agency to receive and expend any funds made available by the United States Department of Transportation or any agency of the federal government for transportation purposes and to cooperate with federal, state, interstate and local agencies, organizations and persons performing activities relating to transportation. This subsection shall not apply to motor carrier safety assistance program funds made available by the federal government to the Public Service Commission.

(4) The powers, duties and responsibilities of the State Highway Department with respect to the construction and maintenance of the state highway system are transferred to the Mississippi Department of Transportation.

(5) The powers, duties and responsibilities of the Department of Economic and Community Development with respect to aeronautics are transferred to the Mississippi Department of Transportation.

(6) The powers, duties and responsibilities of the State Tax Commission with respect to the weighing of motor vehicles along the highways of this state at inspection stations and by means of portable scales are transferred to the Mississippi Department of Transportation.

(7) The powers, duties and responsibilities of the Department of Economic and Community Development with respect to transportation matters, except with respect to ports, are transferred to the Mississippi Department of Transportation.

(8) The powers, duties and responsibilities of the State Aid Engineer and the Office of State Aid Road Construction are transferred to the Mississippi Department of Transportation.

(9) All powers, duties and responsibilities of the Public Service Commission with regard to railroads, except rate-making authority, are transferred to the Mississippi Department of Transportation. The Mississippi Transportation Commission may perform any act and issue any rule, regulation or order which the commission is permitted to do by the Federal Railroad Safety Act of 1970 (45 USCS et seq.). A copy of any new rule, regulation or order passed by the Mississippi Transportation Commission shall be furnished to members of the Transportation Committees of the Mississippi House of Representatives and the Mississippi Senate. Individuals, corporations or companies affected by the order, rule or regulation shall be notified in accordance with the Mississippi Administrative Procedures Law.

(10) All records, personnel, property and unexpended balances of appropriations, allocation or other funds of all those agencies, boards, commissions, departments, offices, bureaus and divisions that are transferred by Chapter 496, Laws, 1992, shall be transferred to the Mississippi Department of Transportation. The transfer of segregated or special funds shall be made in such a manner that the relation between program and revenue source as provided by law shall be retained.

(11) From and after January 1, 1993, and until January 1, 1994, the Mississippi Department of Transportation and the Mississippi Transportation

Commission shall be exempt from State Personnel Board procedures for the purpose of the employment, promotion, realignment, demotion, reprimand, suspension, termination, reallocation, reassignment, transfer, moving or relocation of personnel of all those agencies, boards, commissions, departments, offices, bureaus and divisions whose duties and responsibilities are transferred by Chapter 496, Laws, 1992, to the Mississippi Department of Transportation.

Editor's Notes — Laws of 2018, 1st Extraordinary Session, ch. 1, § 13, effective from and after August 29, 2018, provides:

“SECTION 13. The Department of Audit shall conduct and/or enter into contracts for a performance audit of any projects under the Mississippi Department of Transportation. In addition to other factors, the audit shall assess the effect of engineering fees on projects and whether the fees are excessive. The performance audit shall be completed by not later than December 31, 2019. The Department of Audit shall be reimbursed for all expenses of the audit by the Mississippi Department of Transportation. If the Department of Audit enters into a contract with a private entity for the audit required under this section, the department shall ensure that such entity is adequately experienced with auditing other state departments of transportation or similar departments or agencies.”

Section 27-3-4 provides that wherever the term “State Tax Commission” appears in the laws of this state in connection with the performance of the duties and functions by the Mississippi State Tax Commission it shall mean the Department of Revenue.

Section 57-1-54 provides that wherever the term “Mississippi Department of Economic and Community Development” appears in any law, it shall mean the Mississippi Development Authority.

Section 65-1-1 provides that whenever the term “Mississippi State Highway Department,” or the term “department” meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation.

Federal Aspects— United States Department of Transportation, see generally 49 USCS §§ 101 et seq.

The “Federal Railroad Safety Act of 1970” (45 USCS et seq.), referred to in (9), has been repealed. For current provisions, see 49 USCS §§ 20101.

JUDICIAL DECISIONS

1. Liability for torts.

Mississippi Department of Transportation met the definition of an agency of the state that could be held potentially liable in tort as an arm of the state to personal

injury plaintiffs under the Mississippi Tort Claims Act, Miss. Code Ann. § 11-46-1 et seq. *Johnson v. James Constr. Group, LLC*, 306 F. Supp. 2d 654, 2004 U.S. Dist. LEXIS 2597 (S.D. Miss. 2004).

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Transportation Commission may acquire by condemnation land or other property of railroads for the construction and maintenance of state highways when a negotiated purchase of the interests cannot be arranged pursuant

to its eminent domain authority. Warren, June 23, 2000, A.G. Op. #2000-0290.

The Mississippi Transportation Commission through the use of its regulatory power may require the relocation or abandonment of a railcar storage facility for

the purpose of ensuring public safety upon payment of reasonable compensation. Warren, June 23, 2000, A.G. Op. #2000-0290.

The Mississippi Transportation Commission could enter into an agreement with a railroad in which the Mississippi Department of Transportation would pay the railroad reasonable consideration to remove and relocate approximately 9,000

to 11,000 feet of railroad track in a particular tract. Warren, June 23, 2000, A.G. Op. #2000-0290.

The Department of Transportation may use and supervise the Office of State Aid and the State Aid Engineer in the construction of a project to extend a non-state-aid road that is part of the state highway system. Kirk, Mar. 9, 2001, A.G. Op. #01-0075.

§ 65-1-3. Mississippi Transportation Commission.

There shall be a State Highway Commission which shall consist of three (3) members, one (1) from each of the three (3) Supreme Court Districts of the state. Only qualified electors who are citizens of the Supreme Court District in which he or she seeks election for five (5) years immediately preceding the day of the election shall be eligible for such office; however, the five-year citizen requirement shall apply to elections held from and after January 1, 2020.

On Tuesday after the first Monday in November of the year 1951, and every four (4) years thereafter, State Highway Commissioners shall be elected at the same time and in the same manner as the Governor is chosen; and the laws governing primary elections and the holding of general elections in this state shall apply to and govern the nomination and election of State Highway Commissioners. The State Highway Commissioners so elected shall enter upon the discharge of the duties of their respective offices on the first Monday of January in the year next succeeding the date of their election, and they shall serve for a term of four (4) years and until their successors shall have been duly elected and qualified.

If any one or more of the State Highway Commissioners elected under the provisions of this chapter shall die, resign or be removed from office, the Governor shall fill the vacancy by appointment for the unexpired term, provided such unexpired term shall not exceed twelve (12) months. If such unexpired term shall exceed twelve (12) months, the Governor shall, within fifteen (15) days from the date of such vacancy, by proclamation duly made, call an election in the Supreme Court District in which such vacancy exists, to be held within sixty (60) days from the date of the issuance of such proclamation, at which election a State Highway Commissioner shall be elected to fill such vacancy for the remaining portion of such unexpired term. Such special election shall be held in the manner provided for holding general elections in this state, as far as practicable.

Each of said State Highway Commissioners, before entering upon the discharge of the duties of his office, shall take and subscribe the oath of office required of other state officials and shall execute bond in the sum of Fifty Thousand Dollars (\$50,000.00), with some surety company authorized to do business in this state as surety, conditioned for the faithful performance of the duties of his office and for the faithful and true accounting of all funds or monies or property coming into his hands by virtue of his office, and condi-

tioned further that all such funds, monies and property will be expended and used by him only for purposes authorized by law, said bond to be approved by the Governor or Attorney General and to be filed in the Office of the Secretary of State. The premium on such bonds shall be paid out of the funds of the Mississippi Department of Transportation.

From and after July 1, 1992, the State Highway Commission shall be the Mississippi Transportation Commission and the members thereof shall be the Mississippi Transportation Commissioners.

Editor's Notes — Laws of 2019, ch. 480, § 2, provides:

“SECTION 2. (1) The Mississippi Transportation Commission, acting on behalf of the Mississippi Department of Transportation is authorized to transfer and convey to the Board of Trustees of Copiah-Lincoln Community College, a certain parcel of land situated in Wesson, Copiah County, Mississippi, which is adjacent to the college campus and used as a right-of-way by the department, for the purpose of placing signage at the entrance of the college. The property being more particularly described as follows:

[For a complete description of the property, see Section 2 of Chapter 480, Laws of 2019.]

“(2)(a) Of the property described in subsection (1) of this section, it is hereby understood and agreed by the Board of Trustees of Copiah-Lincoln Community College, as the grantee herein named, that all existing utilities located on, under or above the property herein described, shall remain, at the discretion of the utility owners, and that the grantee, its assigns, or successor boards in the title will not require the relocation of these utilities except by agreement with the utility owner.

“(b) This conveyance is subject to the provisions that no junkyards, as defined in 23 USCS Section 136, shall be hereafter established or maintained on or above described lands, and no signs, billboards, outdoors advertising structures or advertisement of any kind, as provided for in 23 USCS Section 131, shall be hereafter erected, displayed, placed or maintained upon or within the above described land, except that signs may be erected and maintained to advertise the sale, hire or lease of the property, or principal activities conducted on the land upon which the signs are located.

“(3) The State of Mississippi shall retain all mineral rights to the real property transferred under this section.

“(4) The Mississippi Department of Transportation is authorized to correct any discrepancies in the legal description of the property provided in this section.”

§ 65-1-5. Organization and meetings.

When the transportation commissioners enter upon the duties of their office, the Transportation Commission shall meet and organize by the election of one (1) of its members to serve as chairman of the commission for the four-year term for which the commissioner shall have been elected. The commission, a majority of which shall constitute a quorum, shall meet in regular session on the second Tuesday of each month at the office of the commission in Jackson, Mississippi; however, the commission may meet in regular session not more than three (3) times each year at such other location as may be set by the commission. At such regular sessions the commission may hear, continue and determine any and all matters coming before it. The commission may hold special sessions at the call of the executive director or the chairman at such times and places in this state as either of them may deem necessary. At such special sessions it may hear, continue, consider and determine any and all matters coming before it, provided that at least five (5) days' notice of such meetings shall be given to all the members of the commission beforehand. A special session may be called at any time without the foregoing notice, or any notice, if by and with the unanimous consent of all the members of the commission, but such unanimous consent shall be spread at large on the minutes of the commission. If any session is held at a location other than at the commission's office in Jackson, Mississippi, the commission

shall make provisions to allow public participation in the meeting by appearing at the Jackson office.

The Mississippi Transportation Commission shall act as a legal entity, and shall only speak through its minutes, and in all matters shall act as a unit. Any action on the part of any member of the commission separately shall not bind the commission as a unit, but such individual member only shall be liable personally on his official bond.

The Mississippi Transportation Commission shall be a body corporate and as such may sue and be sued, plead and be impleaded, in any court of justice having jurisdiction of the subject matter of any such suit. In any suit against the Mississippi Transportation Commission service of process shall be had by serving the secretary of the commission with such process; and a copy of the declaration, petition or bill of complaint, or other initial pleading shall be handed the secretary along with the process.

JUDICIAL DECISIONS

1. In general.

The statute is mandatory rather than merely directory. *Ronald Adams Contr., Inc. v. Mississippi Transp. Comm'n*, 777 So. 2d 649, 2000 Miss. LEXIS 231 (Miss. 2000).

The portion of § 65-1-5, providing that the Mississippi Transportation Commission "may sue or be sued," was enacted in 1992 and became effective from and after July 1, 1992, and thus was not applicable to a tort action arising out of an automobile collision which occurred on April 4, 1991. *Wesley v. Mississippi Transp.*

Comm'n, 857 F. Supp. 523, 1994 U.S. Dist. LEXIS 10036 (S.D. Miss. 1994).

The execution of a warranty deed and its delivery to the chief negotiator for the state highway commission did not constitute a consummation of the sale and purchase until the action had been accepted by the commission, which cannot be bound absent affirmative action taken by appropriate entry on its minutes. *Mississippi State Highway Com. v. Sanders*, 269 So. 2d 350, 1972 Miss. LEXIS 1225 (Miss. 1972).

§ 65-1-7. Compensation of the commissioners.

The three (3) commissioners chosen as herein provided, and their successors, shall each receive as compensation for their services salaries fixed by the Legislature, and in addition shall be allowed all of their actual and necessary traveling and other expenses incurred in the performance of their respective official duties.

§ 65-1-8. Authority and powers of the commission.

(1) The Mississippi Transportation Commission shall have the following general powers, duties and responsibilities:

(a) To coordinate and develop a comprehensive, balanced transportation policy for the State of Mississippi;

(b) To promote the coordinated and efficient use of all available and future modes of transportation;

(c) To make recommendations to the Legislature regarding alterations or modifications in any existing transportation policies;

(d) To study means of encouraging travel and transportation of goods by the combination of motor vehicle and other modes of transportation;

(e) To take such actions as are necessary and proper to discharge its duties pursuant to the provisions of Chapter 496, Laws of 1992, and any other provision of law;

(f) To receive and provide for the expenditure of any funds made available to it by the Legislature, the federal government or any other source.

(2) In addition to the general powers, duties and responsibilities listed in subsection (1) of this section, the Mississippi Transportation Commission shall have the following specific powers:

(a) To make rules and regulations whereby the Transportation Department shall change or relocate any and all highways herein or hereafter fixed as constituting a part of the state highway system, as may be deemed necessary or economical in the construction or maintenance thereof; to acquire by gift, purchase, condemnation or otherwise, land or other property whatsoever that may be necessary for a state highway system as herein provided, with full consideration to be given to the stimulation of local public and private investment when acquiring such property in the vicinity of Mississippi towns, cities and population centers;

(b) To enforce by mandamus, or other proper legal remedies, all legal rights or rights of action of the Mississippi Transportation Commission with other public bodies, corporations or persons;

(c) To make and publish rules, regulations and ordinances for the control of and the policing of the traffic on the state highways, and to prevent their abuse by any or all persons, natural or artificial, by trucks, tractors, trailers or any other heavy or destructive vehicles or machines, or by any other means whatsoever, by establishing weights of loads or of vehicles, types of tires, width of tire surfaces, length and width of vehicles, with reasonable variations to meet approximate weather conditions, and all other proper police and protective regulations, and to provide ample means for the enforcement of same. The violation of any of the rules, regulations or ordinances so prescribed by the commission shall constitute a misdemeanor. No rule, regulation or ordinance shall be made that conflicts with any statute now in force or which may hereafter be enacted, or with any ordinance of municipalities. A monthly publication giving general informa-

tion to the boards of supervisors, employees and the public may be issued under such rules and regulations as the commission may determine;

(d) To give suitable numbers to highways and to change the number of any highway that shall become a part of the state highway system. However, nothing herein shall authorize the number of any highway to be changed so as to conflict with any designation thereof as a U.S. numbered highway. Where, by a specific act of the Legislature, the commission has been directed to give a certain number to a highway, the commission shall not have the authority to change such number;

(e)(i) To make proper and reasonable rules, regulations, and ordinances for the placing, erection, removal or relocation of telephone, telegraph or other poles, signboards, fences, gas, water, sewerage, oil or other pipelines, and other obstructions that may, in the opinion of the commission, contribute to the hazards upon any of the state highways, or in any way interfere with the ordinary travel upon such highways, or the construction, reconstruction or maintenance thereof, and to make reasonable rules and regulations for the proper control thereof. Any violation of such rules or regulations or noncompliance with such ordinances shall constitute a misdemeanor;

(ii) Except as otherwise provided for in this paragraph, whenever the order of the commission shall require the removal of, or other changes in the location of telephone, telegraph or other poles, signboards, gas, water, sewerage, oil or other pipelines; or other similar obstructions on the right-of-way or such other places where removal is required by law, the owners thereof shall at their own expense move or change the same to conform to the order of the commission. Any violation of such rules or regulations or noncompliance with such orders shall constitute a misdemeanor;

(iii) Rural water districts, rural water systems, nonprofit water associations and municipal public water systems in municipalities with a population of ten thousand (10,000) or less, according to the latest federal decennial census, shall not be required to bear the cost and expense of removal and relocation of water and sewer lines and facilities constructed or in place in the rights-of-way of state highways. The cost and expense of such removal and relocation, including any unpaid prior to July 1, 2002, shall be paid by the Department of Transportation;

(iv) Municipal public sewer systems and municipal gas systems owned by municipalities with a population of ten thousand (10,000) or less, according to the latest federal decennial census, shall not be required to bear the cost and expense of removal and relocation of lines and facilities constructed or in place in the rights-of-way of state highways. The cost and expense of such removal and relocation, including any unpaid prior to July 1, 2003, shall be paid by the Department of Transportation;

(f) To regulate and abandon grade crossings on any road fixed as a part of the state highway system, and whenever the commission, in order to avoid a grade crossing with the railroad, locates or constructs said road on one side

of the railroad, the commission shall have the power to abandon and close such grade crossing, and whenever an underpass or overhead bridge is substituted for a grade crossing, the commission shall have power to abandon such grade crossing and any other crossing adjacent thereto. Included in the powers herein granted shall be the power to require the railroad at grade crossings, where any road of the state highway system crosses the same, to place signal posts with lights or other warning devices at such crossings at the expense of the railroad, and to regulate and abandon underpass or overhead bridges and, where abandoned because of the construction of a new underpass or overhead bridge, to close such old underpass or overhead bridge, or, in its discretion, to return the same to the jurisdiction of the county board of supervisors;

(g) To make proper and reasonable rules and regulations to control the cutting or opening of the road surfaces for subsurface installations;

(h) To make proper and reasonable rules and regulations for the removal from the public rights-of-way of any form of obstruction, to cooperate in improving their appearance, and to prescribe minimum clearance heights for seed conveyors, pipes, passageways or other structure of private or other ownership above the highways;

(i) To establish, and have the Transportation Department maintain and operate, and to cooperate with the state educational institutions in establishing, enlarging, maintaining and operating a laboratory or laboratories for testing materials and for other proper highway purposes;

(j) To provide, under the direction and with the approval of the Department of Finance and Administration, suitable offices, shops and barns in the City of Jackson;

(k) To establish and have enforced set-back regulations;

(l) To cooperate with proper state authorities in producing limerock for highway purposes and to purchase same at cost;

(m) To provide for the purchase of necessary equipment and vehicles and to provide for the repair and housing of same, to acquire by gift, purchase, condemnation or otherwise, land or lands and buildings in fee simple, and to authorize the Transportation Department to construct, lease or otherwise provide necessary and proper permanent district offices for the construction and maintenance divisions of the department, and for the repair and housing of the equipment and vehicles of the department; however, in each Supreme Court district only two (2) permanent district offices shall be set up, but a permanent status shall not be given to any such offices until so provided by act of the Legislature and in the meantime, all shops of the department shall be retained at their present location. As many local or subdistrict offices, shops or barns may be provided as is essential and proper to economical maintenance of the state highway system;

(n) To cooperate with the Department of Archives and History in having placed and maintained suitable historical markers, including those which have been approved and purchased by the State Historical Commission, along state highways, and to have constructed and maintained roadside driveways for convenience and safety in viewing them when necessary;

(o) To cooperate, in its discretion, with the Mississippi Department of Wildlife, Fisheries and Parks in planning and constructing roadside parks upon the right-of-way of state highways, whether constructed, under construction, or planned; said parks to utilize where practical barrow pits used in construction of state highways for use as fishing ponds. Said parks shall be named for abundant flora and fauna existing in the area or for the first flora or fauna found on the site;

(p) Unless otherwise prohibited by law, to make such contracts and execute such instruments containing such reasonable and necessary appropriate terms, provisions and conditions as in its absolute discretion it may deem necessary, proper or advisable, for the purpose of obtaining or securing financial assistance, grants or loans from the United States of America or any department or agency thereof, including contracts with several counties of the state pertaining to the expenditure of such funds;

(q) To cooperate with the Federal Highway Administration in the matter of location, construction and maintenance of the Great River Road, to expend such funds paid to the commission by the Federal Highway Administration or other federal agency, and to authorize the Transportation Department to erect suitable signs marking this highway, the cost of such signs to be paid from state highway funds other than earmarked construction funds;

(r) To cooperate, in its discretion, with the Mississippi Forestry Commission and the School of Forestry, Mississippi State University, in a forestry management program, including planting, thinning, cutting and selling, upon the right-of-way of any highway, constructed, acquired or maintained by the Transportation Department, and to sell and dispose of any and all growing timber standing, lying or being on any right-of-way acquired by the commission for highway purposes in the future; such sale or sales to be made in accordance with the sale of personal property which has become unnecessary for public use as provided for in Section 65-1-123, Mississippi Code of 1972;

(s) To expend funds in cooperation with the Division of Plant Industry, Mississippi Department of Agriculture and Commerce, the United States government or any department or agency thereof, or with any department or agency of this state, to control, suppress or eradicate serious insect pests, rodents, plant parasites and plant diseases on the state highway rights-of-way;

(t) To provide for the placement, erection and maintenance of motorist services business signs and supports within state highway rights-of-way in accordance with current state and federal laws and regulations governing the placement of traffic control devices on state highways, and to establish and collect reasonable fees from the businesses having information on such signs;

(u) To request and to accept the use of persons convicted of an offense, whether a felony or a misdemeanor, for work on any road construction, repair or other project of the Transportation Department. The commission is

also authorized to request and to accept the use of persons who have not been convicted of an offense but who are required to fulfill certain court-imposed conditions pursuant to Section 41-29-150(d)(1) or 99-15-26, Mississippi Code of 1972, or the Pretrial Intervention Act, being Sections 99-15-101 through 99-15-127, Mississippi Code of 1972. The commission is authorized to enter into any agreements with the Department of Corrections, the State Parole Board, any criminal court of this state, and any other proper official regarding the working, guarding, safekeeping, clothing and subsistence of such persons performing work for the Transportation Department. Such persons shall not be deemed agents, employees or involuntary servants of the Transportation Department while performing such work or while going to and from work or other specified areas;

(v) To provide for the administration of the railroad revitalization program pursuant to Section 57-43-1 et seq.;

(w) The Mississippi Transportation Commission is further authorized, in its discretion, to expend funds for the purchase of service pins for employees of the Mississippi Transportation Department;

(x) To cooperate with the State Tax Commission by providing for weight enforcement field personnel to collect and assess taxes, fees and penalties and to perform all duties as required pursuant to Section 27-55-501 et seq., Sections 27-19-1 et seq., 27-55-1 et seq., 27-59-1 et seq. and 27-61-1 et seq., Mississippi Code of 1972, with regard to vehicles subject to the jurisdiction of the Office of Weight Enforcement. All collections and assessments shall be transferred daily to the State Tax Commission;

(y) The Mississippi Transportation Commission may delegate the authority to enter into a supplemental agreement to a contract previously approved by the commission if the supplemental agreement involves an additional expenditure not to exceed One Hundred Thousand Dollars (\$100,000.00);

(z)(i) The Mississippi Transportation Commission, in its discretion, may enter into agreements with any county, municipality, county transportation commission, business, corporation, partnership, association, individual or other legal entity, for the purpose of accelerating the completion date of scheduled highway construction projects.

(ii) Such an agreement may permit the cost of a highway construction project to be advanced to the commission by a county, municipality, county transportation commission, business, corporation, partnership, association, individual or other legal entity, and repaid to such entity by the commission when highway construction funds become available; provided, however, that repayment of funds advanced to the Mississippi Transportation Commission shall be made no sooner than the commission's identified projected revenue schedule for funding of that particular construction project, and no other scheduled highway construction project established by statute or by the commission may be delayed by an advanced funding project authorized under this paragraph (z). Repayments to a private entity that advances funds to the Mississippi Trans-

portation Commission under this paragraph (z) may not include interest or other fees or charges, and the total amount repaid shall not exceed the total amount of funds advanced to the commission by the entity.

(iii) In considering whether to enter into such an agreement, the commission shall consider the availability of financial resources, the effect of such agreement on other ongoing highway construction, the urgency of the public's need for swift completion of the project and any other relevant factors.

(iv) Such an agreement shall be executed only upon a finding by the commission, spread upon its minutes, that the acceleration of the scheduled project is both feasible and beneficial. The commission shall also spread upon its minutes its findings with regard to the factors required to be considered pursuant to subparagraph (iii) of this paragraph (z);

(aa) The Mississippi Transportation Commission, in its discretion, may purchase employment practices liability insurance, and may purchase an excess policy to cover catastrophic losses incurred under the commission's self-insured workers' compensation program authorized under Section 71-3-5. Such policies shall be written by the agent or agents of a company or companies authorized to do business in the State of Mississippi. The deductibles shall be in an amount deemed reasonable and prudent by the commission, and the premiums thereon shall be paid from the State Highway Fund. Purchase of insurance under this paragraph shall not serve as an actual or implied waiver of sovereign immunity or of any protection afforded the commission under the Mississippi Tort Claims Act;

(bb) The Mississippi Transportation Commission is further authorized, in its discretion, to expend funds for the purchase of promotional materials for safety purposes, highway beautification purposes and recruitment purposes;

(cc) To lease antenna space on communication towers which it owns;

(dd) To receive funds from the Southeastern Association of Transportation Officials and from other nonstate sources and expend those funds for educational scholarships in transportation related fields of study. The commission may adopt rules or regulations as necessary for the implementation of the program. A strict accounting shall be made of all funds deposited with the commission and all funds dispersed.

Joint Legislative Committee Note — Section 1 of ch. 325, Laws, 2002, effective from and after July 1, 2002 (approved March 18, 2002), amended this section. Section

6 of ch. 556, Laws, 2002, effective from and after July 1, 2002 (approved April 10, 2002), also amended this section. As set out above, this section reflects the language of Section 6 of ch. 556, Laws, 2002, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, and the effective dates of the amendments are the same, the amendment with the latest effective date shall supersede all other amendments to the same section approved on an earlier date.

Section 1 of ch. 457, Laws, 2003, effective from and after March 23, 2003, amended this section. Section 1 of ch. 354, Laws, 2003, effective from and after July 1, 2003 (approved March 12, 2003), also amended this section. Section 1 of ch. 463, Laws, 2003, effective from and after July 1, 2003 (approved March 23, 2003), also amended this section. Section 2 of ch. 564, Laws, 2003, effective from and after July 1, 2003 (approved April 24, 2003), also amended this section. As set out above, this section reflects the language of Section 2 of ch. 564, Laws, 2003, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date shall supersede all other amendments to the same section taking effect earlier.

Editor's Notes — Laws, 1999, ch. 461, §§ 50, 51, provide:

"SECTION 50. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under Title 27, Chapters 55, 57 and 61, Mississippi Code of 1972, prior to July 1, 1999, whether such assessments, appeals, suits, claims or actions shall have been begun before July 1, 1999, or shall thereafter be begun; and the provisions of the aforesaid laws and amendments thereto are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the executing of any warrant thereunder prior to July 1, 1999, or for the filing of reports, and for the imposition of any penalties, forfeitures or claims for failure to comply therewith.

"SECTION 51. Section 36 of this act shall take effect and be in force from and after September 1, 1999. The remainder of this act shall take effect and be in force from and after July 1, 1999.

Laws of 2019, ch. 322, § 1, effective from and after March 15, 2019, provides:

"SECTION 1. (1) The Mississippi Transportation Commission, acting through the Mississippi Department of Transportation, is authorized to sell certain state-owned real property and any improvements thereon, which is located in Neshoba County, Mississippi, such property being more specifically described as follows:

[For a complete description of the property, see Section 1 of Chapter 322, Laws of 2019.]

"(2) The real property and any improvements thereon described in subsection (1) of this section shall be sold by negotiated private sale to a Mississippi resident or Mississippi-based entity for not less than the current fair market value as determined by the average of at least two (2) appraisals by qualified appraisers, one (1) of which shall be selected by the Department of Finance and Administration, and both of whom shall be certified and licensed by the Mississippi Real Estate Appraiser Licensing and Certification Board.

"(3) All monies derived from the sale of the property described in subsection (1) of this section shall be deposited into a special fund created in the State Treasury for the use and benefit of the Mississippi Department of Transportation. Unexpended amounts remaining in the special fund at the end of the fiscal year shall not lapse into the State General Fund, and any interest earned on the amounts in the special fund shall be deposited to the credit of the special fund.

"(4) The Department of Finance and Administration may correct any discrepancies in the legal description provided in this section.

"(5) The State of Mississippi shall retain all mineral rights to the property sold under this section."

Laws of 2019, ch. 393, § 2, effective from and after March 22, 2019, provides:

“SECTION 2. (1) The Mississippi Transportation Commission is authorized to lease for any amount certain real property to the Mississippi Department of Human Services. Additionally, the Mississippi Department of Human Services is authorized to sublease for any amount such real property to an entity to be selected by the department. The real property is located in Oxford, Mississippi, and is more particularly described as follows:

[For a complete description of the property, see Section 2 of Chapter 393, Laws of 2019.]

“(2) Upon notification by the Mississippi Transportation Commission that it has sufficient funding to advertise and let a contract for the expansion of State Route 7 in Lafayette County, south of Oxford, then the lease between the commission and the Mississippi Department of Human Services and the sublease between the Mississippi Department of Human Services and the subleasee for the property described in subsection (1) of this section shall be terminated and the premises leased shall be vacated.

“(3) The Mississippi Transportation Commission and the Mississippi Department of Human Services must agree in writing to the terms and conditions of the lease of the property described in subsection (1) of this section.

“(4) The Mississippi Transportation Commission is vested with the authority to correct any discrepancies in the legal description of the property described in subsection (1) of this section.”

I. Under Current Law.

1. In general.

A right-of-way easement granted to the Mississippi State Highway Commission for a specific public right-of-way of a certain highway ceased to exist when the commission determined that a portion of that easement was no longer needed by the public. Thus, the commission could not convey the fee simple title to the property, but could only abandon its easement. *Mississippi State Highway Com. v. McClure*, 536 So. 2d 895, 1988 Miss. LEXIS 424 (Miss. 1988).

The Mississippi State Highway Commission had the authority under § 65-1-8(e) to request that pipeline be removed from a bridge, citing hazards to the public health as a reason for doing so. *Mississippi State Highway Com. v. New Albany Gas Systems*, 534 So. 2d 204, 1988 Miss. LEXIS 544 (Miss. 1988).

The statutes of limitation concerning adverse possession do not run against the state. *Mississippi State Highway Com. v. New Albany Gas Systems*, 534 So. 2d 204, 1988 Miss. LEXIS 544 (Miss. 1988).

2. Traffic violations.

Although there was no violation of § 63-3-516 when the defendant drove 67 miles

per hour in a construction zone that was posted at 60 miles per hour because it was nighttime and no workers were present, there was a violation of this section, which allows the Transportation Commission to adopt rules, regulations and ordinances for the control of and the policing of the traffic on the state highways. *Harrison v. State*, 2000 Miss. App. LEXIS 44 (Miss. Ct. App. Feb. 8, 2000), *aff'd*, 800 So. 2d 1134, 2001 Miss. LEXIS 223 (Miss. 2001).

3.-5. [Reserved for future use.]

II. Under Former § 65-1-19.

6. In general.

Purchase of insurance is not to be construed as waiver by legislature of highway commission's immunity from suit. *Brady v. Michelin Reifenwerke*, 613 F. Supp. 1076, 1985 U.S. Dist. LEXIS 17616 (S.D. Miss. 1985).

In an action for wrongful death arising out of an accident on a drawbridge, the complaints against the Mississippi State Highway Commission and its individual employees were properly dismissed under the doctrine of sovereign immunity where the statute did not specifically impose liability in such cases; there was no waiver of the doctrine of sovereign immunity as to the individual defendants by the purchase of fidelity bonds. However, where it was unclear whether the trial judge, in dismissing the complaints, was ruling on the claims against the employees of the Commission in their official capacity or as individuals and where the judge did not address the issue of whether the actions complained of were ministerial or discretionary, the case would be remanded for a determination of whether the doctrine of sovereign immunity shielded the employees of the Commission in their individual capacities. The partial immunity afforded a public official only extends to discretionary acts; a public official remains liable in his individual

capacity for ministerial acts. *Karpovs v. Mississippi*, 663 F.2d 640, 1981 U.S. App. LEXIS 15286 (5th Cir. Miss. 1981).

The state highway commission has the power to condemn school property. *Harrison County School Board v. State Highway Com.*, 284 So. 2d 50, 1973 Miss. LEXIS 1248 (Miss. 1973).

A proceeding to condemn land for a cloverleaf at the intersection of two highways already in existence, which had not been limited access highways, was not controlled by Chapter 332, Laws of 1948, § 14, as amended by § 11 of Ch 6 of the Laws of the Extraordinary Session of 1949 (§ 8038), nor by Ch 314, Laws of 1956 (§§ 8039-01 et seq). *Carney v. Mississippi State Highway Com.*, 233 Miss. 598, 103 So. 2d 413, 1958 Miss. LEXIS 422 (Miss. 1958).

The provision of paragraph (B) of Code 1942, § 8037, that "the municipality shall have full control and responsibility beyond the curb lines of any such streets" refers to streets being maintained by the state highway commission not to highways where the commission owned the right of way lying both within and without the curbs, and where the commission has title to right of way of a highway running through the city, it has the power to cause the removal of certain commercial signs projecting over and above the right of way, whether such use or obstructions constitute safety hazards or not. *Mississippi State Highway Com. v. Adams*, 230 Miss. 559, 93 So. 2d 650, 1957 Miss. LEXIS 397 (Miss. 1957).

Where an abutting property owner's predecessor in title had conveyed a highway right of way to the state highway commission, and subsequently a gas company, pursuant to permission obtained from the state highway commission, laid a gas distribution line wholly within the right of way, the abutting property owner was not entitled to rent from the gas company, where his property was not damaged or depreciated in value by the use of the right of way for the distribution line; nor was there violation of the abutting property owner's rights under § 17 of the Mississippi Constitution. *Mississippi Valley Gas Co. v. Boydstun*, 230 Miss. 11, 92 So. 2d 334, 1957 Miss. LEXIS 340 (Miss. 1957).

Code 1942, § 8038 did not modify municipality's jurisdiction over its streets, and where municipality did not consent, the construction of median strip across municipality's street at highway intersection by highway commission was beyond the statutory authority and power. *Hamilton v. Mississippi State Highway Com.*, 220 Miss. 340, 70 So. 2d 856, 1954 Miss. LEXIS 446 (Miss. 1954).

The state highway commission is empowered to acquire, either by purchase or condemnation, only an easement or right of way in lands for highway purposes. *Whitworth v. Mississippi State Highway Com.*, 203 Miss. 94, 33 So. 2d 612, 1948 Miss. LEXIS 234 (Miss. 1948).

State highway commission has the power and is charged with the duty of building public roads and the use of public funds for that purpose. *State Highway Com. v. Collins*, 198 Miss. 499, 23 So. 2d 543, 1945 Miss. LEXIS 221 (Miss. 1945).

Former statute did not modify a municipality's jurisdiction over its streets, including a state highway running through the municipality, particularly in view of the provision that no rule, regulation, or ordinance shall be made that conflicts with any statute now in force or which may hereafter be enacted, or with any ordinance of incorporated cities or towns. *Ellisville v. State Highway Com.*, 186 Miss. 473, 191 So. 274, 1939 Miss. LEXIS 242 (Miss. 1939).

7. Statutory construction.

The estate acquired by the highway commission for highway purposes is measured by the language of the statutes and not of the deeds. *Whitworth v. Mississippi State Highway Com.*, 203 Miss. 94, 33 So. 2d 612, 1948 Miss. LEXIS 234 (Miss. 1948).

Court cannot give language of statutes respecting highway commission's powers restricted or over-technical interpretation. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

8. Right of access.

The trial court in eminent domain proceedings instituted by the Mississippi State Highway Commission erred in al-

lowing the condemnees to introduce evidence concerning loss of access to an adjoining highway, where the Commission had previously received warranty deeds from the condemnees' predecessors in title for the purpose of four-laning the highway and locating a sight flare at an adjacent intersection, where the Commission's payment for the lands so acquired by the predecessors was for "all" surface rights which the grantors and their successors had in the lands conveyed including the right to drive vehicles across the lands, where such purchase of the sight flare area subjected it to control by the Commission under its police powers as set forth in this section, and where the Commission previously promulgated a rule prohibiting driveway access across sight flare areas. *Mississippi State Highway Com. v. Blackwell*, 350 So. 2d 1325, 1977 Miss. LEXIS 2244 (Miss. 1977).

The adoption by the highway commission of an order under subsection (h) of Code 1942, § 8038 declaring a certain highway a limited access highway, the publication of notice of the adoption of the order, and the erection at various places along the highway of "limited access highway" markers amounted neither to an entry, a trespass, or an ouster by the commission, nor was it effective as a taking of the right of an abutting property owner to direct access to the highway in question. *Mississippi State Highway Com. v. Null*, 210 So. 2d 661, 1968 Miss. LEXIS 1510 (Miss. 1968).

The adoption of a declaratory order by the state highway commission wherein a certain highway was designated as a limited access highway did not amount to a taking of an abutting property owner's right of direct and free access to the highway, nor did it obviate the constitutional necessity of paying just compensation and damages when and if it actually should be taken or damaged. *Mississippi State Highway Com. v. Null*, 210 So. 2d 661, 1968 Miss. LEXIS 1510 (Miss. 1968).

Where the construction of a frontage road paralleling a limited access highway will substantially impair or damage an abutting property owner's right of access to the highway in question and will effectively destroy his right of direct and free

access thereto as it had previously existed, he is entitled to be compensated for this loss of access as well as for the value of a small parcel of land which will be embraced within the frontage road's easement. *Mississippi State Highway Com. v. Null*, 210 So. 2d 661, 1968 Miss. LEXIS 1510 (Miss. 1968).

Where a new nonaccess highway was constructed outside the right of way of an old highway, the abutting property owners could not require the state highway commission to maintain direct accesses from their property into the through lanes of the new highway, where the commission provided the abutting property owners with reasonably safe and convenient accesses from all of their abutting property to the highway by means of a frontage road and reasonably convenient interchanges; and such action on the part of the state highway commission was a reasonable exercise of the police power of the state in the interest of the protection of human life and the regulation of public traffic. *Harreld v. Mississippi State Highway Com.*, 234 Miss. 1, 103 So. 2d 852, 1958 Miss. LEXIS 455 (Miss. 1958).

Since the city had no power to close the alley except upon first making due compensation to the abutting landowners, if the city had closed the alley without making due compensation and the state highway commission had entered upon and obstructed it by a direct embankment, the city and highway commission would have been jointly liable. *Collins v. Mississippi State Highway Com.*, 233 Miss. 474, 102 So. 2d 678, 1958 Miss. LEXIS 405 (Miss. 1958).

The state highway commission did not acquire an abutting landowner's right of access to highways under a 1938 deed conveying to the Commission a parcel of land for highway right of way purposes. *Mississippi State Highway Com. v. Spencer*, 233 Miss. 155, 101 So. 2d 499, 1958 Miss. LEXIS 366 (Miss. 1958).

In an action by owners of abutting land which was divided by a creek into two units one of which had been developed and utilized as a commercial property while the other had not been developed, against the state highway commission for mandatory injunction requiring the com-

mission to allow them access to the highway from the undeveloped unit, the chancery court properly found that the land comprised two economic units and that access from the developed unit could not afford access from the undeveloped unit. *Mississippi State Highway Com. v. Spencer*, 233 Miss. 155, 101 So. 2d 499, 1958 Miss. LEXIS 366 (Miss. 1958).

In an action by owners of abutting land which was divided by a creek into two units, one of which had been developed and utilized as commercial property while the other had been undeveloped, against the state highway commission for mandatory injunction requiring the commission to allow them access to the highway from the undeveloped unit, and other relief, where it was properly found that the land comprised two economic units and that access to the developed unit did not afford access to the undeveloped unit, the chancery court could in the exercise of its discretion restrain the landowners from exercising access to the highway from the undeveloped unit on condition that the state highway commission construct a bridge and service drive, but could not require the commission to construct the bridge and service road, since this was a matter within the discretion of the members of the commission. *Mississippi State Highway Com. v. Spencer*, 233 Miss. 155, 101 So. 2d 499, 1958 Miss. LEXIS 366 (Miss. 1958).

Action of the state highway commission in denying the right of access to abutting landowners was not a regulation governing traffic upon and entering state highways but was a prohibition affecting the exercise of property rights, which could not be taken or damaged without compensation therefor. *Mississippi State Highway Com. v. Spencer*, 233 Miss. 155, 101 So. 2d 499, 1958 Miss. LEXIS 366 (Miss. 1958).

9. Authorization to enter into contract; ratification.

Under provisions granting authority to make contracts, the Highway Commission is authorized to purchase uninsured motorist coverage as part of the liability insurance coverage for its motor vehicles. *Parker v. Cotton Belt Ins. Co.*, 314 So. 2d 342, 1975 Miss. LEXIS 1679 (Miss. 1975).

One sent out by the state highway commission to negotiate a purchase of and to procure deed to eight-tenths of an acre of land which the commission's engineers had surveyed and platted, the described area being shaded in special color, had no authority to agree with the vendor that only four-tenths of an acre would be purchased, and, as the Commission had not ratified the agreement, it was not bound thereby, and consequently the vendor was not entitled to reformation of a deed conveying eight-tenths of an acre. *State Highway Com. v. Collins*, 198 Miss. 499, 23 So. 2d 543, 1945 Miss. LEXIS 221 (Miss. 1945).

Lessor dealing with highway director was chargeable with notice director could act only in strict compliance with orders of highway commission, and that such authority must be found in commission's minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

Lease executed by highway director for three-year period was not binding on highway commission which authorized only two-year lease and did not ratify provision by order on its minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

Entering and occupying leased premises and obtaining injunctive relief under lease executed by highway director held not ratification of provision extending lease for additional year since commission could not ratify unauthorized contract otherwise than by order on its minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

10. Liability for taxes.

Highway commission was unauthorized to pay gasoline tax funds to State Tax Collector, suing for counties' alleged statutory share. *State Highway Com. v. Gulley*, 167 Miss. 631, 145 So. 351, 1933 Miss. LEXIS 80 (Miss. 1933).

11. Abandonment of highway.

There is no law preventing supervisors from retaking public road abandoned by Highway Commission. *Trahan v. State*

Highway Com., 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

Abutting property owners seeking injunction held to have sustained no legal injury where highway commission abandoned part of State highway for shorter and safer route, since commission acted within limits of rightful authority. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

12. Pleading and practice; venue.

A suit for damages in anticipation that the city would close an alley in violation of statute, and that the state highway commission would enter upon the alley and obstruct it by a dirt embankment was prematurely brought where no damages had yet resulted. *Collins v. Mississippi State Highway Com.*, 233 Miss. 474, 102 So. 2d 678, 1958 Miss. LEXIS 405 (Miss. 1958).

In a proceeding by property owners to enjoin state highway commission from proceeding with proposed construction of a freeway through a city, where the allegations of the bill were sufficient to charge an abuse of discretion on the part of the state highway commission and where the charge was not admitted by demurrer, the state highway commission and its officials were required to answer and a hearing was to be held on the merits. *Mississippi State Highway Com. v. Fuller*, 224 Miss. 712, 80 So. 2d 814, 1955 Miss. LEXIS 534 (Miss. 1955).

Retained percentages retained by the state highway commission under the prime contract are not such "effects" of the nonresident contractor as may be reached by process of attachment in chancery, where so retained under the contract in good faith. *Mid South Paving Co. v. State Highway Com.*, 197 Miss. 751, 20 So. 2d 834, 1945 Miss. LEXIS 308 (Miss. 1945).

Funds of nonresident prime contractor to become due under contract with the state highway commission, which, prior to service of attachment process, in good faith and for purpose of financing performance of the prime contract, had been assigned as security for advances therein, do not constitute such effects of prime contractor as may be reached by attachment process in chancery until they have

been or should have been released by the lender to the prime contractor. *Mid South Paving Co. v. State Highway Com.*, 197 Miss. 751, 20 So. 2d 834, 1945 Miss. LEXIS 308 (Miss. 1945).

State highway commission which held money due and owing to highway prime contractor, a nonresident corporation, could be sued as garnishee in a nonresident attachment in chancery, in suit by subcontractor to recover amount due from prime contractor, where the work was complete and finished and had been inspected and approved by the commission, and the garnishment involved no interruption of work or contest over installment payments or the final payment. *Mid South Paving Co. v. State Highway Com.*, 197 Miss. 751, 20 So. 2d 834, 1945 Miss. LEXIS 308 (Miss. 1945).

Venue of a mandamus action by Hancock County to compel the state highway commission to appraise and reimburse such county its proportionate value of a bridge constructed by Hancock and Harrison Counties, which had been taken over by the highway commission and had become a part of United States Highway 90, was in Hinds County, where the state highway commission had its permanent office. *State ex rel. Cowan v. State Highway Com.*, 195 Miss. 657, 13 So. 2d 614, 1943 Miss. LEXIS 120 (Miss. 1943).

The fact that the state highway commission has been established as a body corporate subject to suit, together with its functions of constructing and maintaining roads and highways throughout the state, and other multiple privileges and responsibilities, operates to invest it with the character of a private corporation to the extent that it is subject to liability for all compensatory damages established as a result of its breach of contract, and its liability for costs in such suits is equally clear. *State Highway Com. v. Wunderlich*, 194 Miss. 119, 11 So. 2d 437, 1943 Miss. LEXIS 24 (Miss. 1943).

The State highway commission was liable to suit by a contractor with whom the commission contracted to construct a highway for breach of the contract in failing promptly to furnish rights of way as provided therein, proximately causing such contractor additional expense in

maintaining the work, the breach and its proximate consequences having occurred during and directly in and about the actual work of the performance of the contract, as against the contention that the commission was subject to suit by a contractor only for any failure by the commission to pay the contractor for any labor done or materials furnished by the contractor under and in accordance with the terms of his contract with the commission for road construction work at the sums or prices specifically stipulated in the contract. *Wunderlich v. State Highway Com.*, 183 Miss. 428, 184 So. 456, 1938 Miss. LEXIS 257 (Miss. 1938).

Statutes conferring exclusive jurisdiction on state highway commission over state highways and charging it with duty of maintaining such highways held not

conflicting with statute imposing duty upon railways of maintaining bridges over railways and approaches thereto, and did not relieve railways of that duty. *Alabama & V. R. Co. v. Graham*, 171 Miss. 695, 157 So. 241, 1934 Miss. LEXIS 216 (Miss. 1934).

Suit against state highway commission will lie only for liability imposed by statute, though commission is body corporate and may sue and be sued. *State Highway Com. v. Knight*, 170 Miss. 60, 154 So. 263, 1934 Miss. LEXIS 97 (Miss. 1934).

General statutory authorization to sue governmental subdivision or agency does not create liability, and suit is maintainable thereunder only for liability authorized by statute. *Stewart v. State Highway Com.*, 166 Miss. 43, 148 So. 218, 1933 Miss. LEXIS 378 (Miss. 1933).

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Transportation Commission is authorized to make and promulgate reasonable rules and regulations, to provide and adopt standard specifications, including specifications requiring a warranty or warranties of workmanship, materials or performance, including asphalt paving, as a condition of letting or awarding a road or bridge construction contract. Warren, January 8, 1999, A.G. Op. #98-0759.

In view of the overriding public interest in the carrying out of the purposes of the sixteenth section trust, where the Mississippi Department of Transportation obtains a right of way for a highway that runs across sixteenth section land and subsequently wants to cut the timber in the median of that highway, the timber involved would be harvested by the school board and the proceeds thereof used to support the public schools. Cheney, June 4, 1999, A.G. Op. #99-0231.

The Mississippi Transportation Commission had authority, in its discretion, to authorize its Executive Director to serve as a corporate officer or member of the Board of Directors of the Mississippi Transportation Institute, if the commission found that to do so would advance the commission's statutory duties and purposes. Warren, Feb. 10, 2000, A.G. Op. #2000-0043

The Mississippi Transportation Commission may acquire by condemnation land or other property of railroads for the construction and maintenance of state highways when a negotiated purchase of the interests cannot be arranged pursuant to its eminent domain authority. Warren, June 23, 2000, A.G. Op. #2000-0290.

The Mississippi Transportation Commission through the use of its regulatory power may require the relocation or abandonment of a railcar storage facility for the purpose of ensuring public safety upon payment of reasonable compensation. Warren, June 23, 2000, A.G. Op. #2000-0290.

The Mississippi Transportation Commission could enter into an agreement with a railroad in which the Mississippi Department of Transportation would pay the railroad reasonable consideration to remove and relocate approximately 9,000 to 11,000 feet of railroad track in a particular tract. Warren, June 23, 2000, A.G. Op. #2000-0290.

The statute grants the Transportation Commission the authority to enact police and protective regulations for the control of traffic on the state highways, which may include setting limits that would have the effect of limiting truck traffic on certain highways for public safety rea-

sons; however, the Commission should, in the exercise of this power, establish procedures and criteria for determining the necessity of any such action, and apply those procedures consistently. Hall, Oct. 20, 2000, A.G. Op. #2000-0499.

The Mississippi Transportation Commission may not purchase gifts, meals, or refreshments for employees being recognized for service. Long, Apr. 13, 2001, A.G. Op. #01-0208.

The Office of State Aid Roads, although administered by the State Aid Engineer and operated under a separate budget, is a division within the Mississippi Department of Transportation which, through its commissioners, is given the authority to provide appropriate office space for its various divisions, and may relocate any of

its offices, if such a move is deemed necessary for the administration of the Department. Miller, Sept. 9, 2002, A.G. Op. #02-0444.

The Department of Transportation, in conjunction with the railroad at issue, has funding responsibility for pavement markings and advance warning signs for roads which are under the Department jurisdiction as part of the state designated highway system and which cross a railroad. Brown, Apr. 4, 2003, A.G. Op. #02-0769.

If the public roadway/railroad crossing involves roads which are under different jurisdictions, the funding responsibilities should be allocated proportionately among the respective jurisdictions. Brown, Apr. 4, 2003, A.G. Op. #02-0769.

§ 65-1-8.1. Commission may allow for erection of welcome and recognition signs adjacent to state highways within unincorporated areas of a county.

(1) The Mississippi Transportation Commission may allow for the erection of welcome, recognition and acknowledgement signs that are adjacent to state highways within an unincorporated area of a county and maintained by public officers or elected officials of counties while carrying out an official duty or responsibility. The local jurisdiction shall be required to purchase and pay the cost of maintaining such signs which shall conform to the requirements of similar signs that are placed by incorporated areas in accordance with rules adopted by the commission and the Mississippi Department of Transportation. The erection of welcome, recognition and acknowledgment signs in areas on or adjacent to freeways or interstate highways is prohibited.

(2) The Mississippi Transportation Commission shall promulgate rules and regulations to carry out the provisions of this section.

§ 65-1-9. Executive Director of Department of Transportation.

The commission shall appoint an executive director of the Mississippi Department of Transportation for a term of office beginning on April 1, 1993. The person serving as Executive Director of the State Highway Department on June 30, 1992, shall serve until April 1, 1993, as the Executive Director of the Mississippi Department of Transportation, and thereafter shall be eligible for reappointment to the position of Executive Director of the Mississippi Department of Transportation. Succeeding terms shall expire on April 1 each four (4) years thereafter. The Executive Director may be removed by a majority of the commission pursuant to Section 25-9-101 et seq., Mississippi Code of 1972. All appointments by the commission shall be with the advice and consent of the Senate. The commission shall submit its appointment to the Senate not later than March 1 of the year in which a term expires, and if such submission is not made by March 1, the incumbent director shall be deemed to have been reappointed for a four-year term. In the event a vacancy occurs from resignation, death or removal from office by the commission, the commission shall submit its appointment for the unexpired term to the Senate not later than the next March 1 after such vacancy occurs. If no appointment for an unexpired term is submitted to the Senate, the Governor shall make such appointment not later than April 1 of such year. The commission shall fix the compensation of the Executive Director, subject to approval by the State Personnel Board. The Executive Director shall be eligible for reappointment. The Executive Director shall have the following qualifications:

(a) Possess a wide knowledge of the transportation system and needs of Mississippi;

(b) Possess a wide knowledge of the principles of transportation organization and administration; and

(c) Possess selected training or expertise in the field of transportation.

No person who is a member of the Mississippi Transportation Commission, or who has been a member of the Transportation Commission or of its predecessor, the State Highway Commission, within two (2) years next preceding his appointment, shall be eligible to be chosen as Executive Director of the department. The executive director shall be the executive officer of the commission and shall be subject to its orders and directions. The executive director shall give his entire time to the duties of his office. Before entering upon the duties of his office, the executive director shall give bond to the State of Mississippi in the sum of Fifty Thousand Dollars (\$50,000.00), conditioned upon the faithful discharge and performance of his official duty. The principal and surety on such bond shall be liable thereunder to the state for double the amount of value of any money or property which the state may lose, if any, by reason of any wrongful or criminal act of the executive director. Such bond, when approved by the commission, shall be filed with the Secretary of State, and the premium thereon shall be paid from any funds available to the commission.

Provision of lease for office space executed by highway director which purported to bind highway commission for three-year period on commission's failure to give notice to terminate lease held not binding on highway commission where commission authorized execution of only two-year lease, and did not ratify lease provision by order on its minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

Highway commission's action in entering on and occupying leased premises and obtaining injunctive relief under lease ex-

ecuted by highway director held not ratification of lease provision extending lease for additional year on commission's failure to give notice to terminate lease and hence did not estop commission from questioning validity of such provision, since commission could not ratify unauthorized contract otherwise than by order on its minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

Lessor dealing with highway director in execution of lease held chargeable with notice that director could act only in strict compliance with highway commission's order; that state highway commission was required to keep minutes of its proceedings; and that director's authority to lease must be found in orders appearing on commission's minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

State Highway Commission held not liable for negligence of its engineers in so constructing ditches on sides of highway as to cause water of creek to overflow farm

lands. *State Highway Com. v. Knight*, 170 Miss. 60, 154 So. 263, 1934 Miss. LEXIS 97 (Miss. 1934).

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Department of Transportation could remove a portion of state highway from its jurisdiction and maintenance after completing work on a bypass around a municipality in which the portion of the highway was located without securing authority to do so by legislative act. Shepard, Jan. 25, 2002, A.G. Op. #02-0008.

The Transportation Commission has the power to authorize and require the executive director to travel in the performance of his official duties, and to approve the director's travel expenses or to specify the method in which such expenses may be approved. Hall, Mar. 19, 2004, A.G. Op. 04-0111.

§ 65-1-10. Powers and duties of Executive Director.

Under the authority of the Mississippi Transportation Commission, and in conformity with its orders as spread on its minutes, the executive director shall:

(a) Unless otherwise provided by law, appoint a director in charge of each operating office of the department who shall be responsible to the Executive Director for the operation of such office. Each such director shall be qualified and experienced in the functions performed by the office under his charge;

(b) Administer the policies promulgated by the commission;

(c) Supervise and direct all administrative and technical activities of the department;

(d) Organize the offices and bureaus of the department;

(e) Coordinate the activities of the various offices of the department;

(f) Fix the compensation of employees of the department and require any employee to give bond to the State of Mississippi for the faithful performance of his duties in an amount the executive director deems appropriate. Premiums on all bonds so required shall be paid out of any funds available to the department;

(g) Recommend such studies and investigations as he may deem appropriate and carry out the approved recommendations in conjunction with the various offices;

(h) Prepare and deliver to the Legislature and the Governor on or before January 1 of each year, and at such other times as may be required by the Legislature or Governor, a full report of the work of the department and the offices thereof, including a detailed statement of expenditures of the department and any recommendations the department may have.

(i) Have full and general supervision over all matters relating to the construction or maintenance of the state highways, letting of contracts therefor, and the selection of materials to be used in the construction of state highways under the authority conferred by this chapter as herein set forth

and the employment, promotion, demotion, reprimand, suspension, termination, reassignment, transfer, moving or relocation of all personnel not specifically authorized by statute to be employed by the commission. The executive director may authorize the payment of expenses of any personnel reassigned, transferred, moved or relocated in accordance with such rules and regulations as are promulgated by the commission;

(j) Approve all bids, sign all vouchers and requisitions, issue all orders for supplies and materials, sign all contracts and agreements in the name of the State of Mississippi, and subscribe to all other matters which may arise in the carrying out of the intent and purpose of this chapter;

(k) Receive and assume control, for the benefit of the state, of any and all highways herein or hereafter fixed as roads constituting a part of the state highway system;

(l) Provide for boulevard stops, restricted entrances to main highways and access driveways, neutral grounds, and roadside parks, erect all suitable direction and warning signs, and provide access roads in or to municipalities where necessary; provide limited access facilities when and where deemed necessary, such a facility being defined as a highway or street especially designed or designated for through traffic and over, from or to which owners or occupants of abutting land or other persons have only such limited right or easement of access as may be prescribed by the commission, and provide that certain highways or streets may be parkways from which trucks, buses and other commercial vehicles shall be excluded or may be freeways open to customary forms of highway and street traffic and use, and such limited access facilities or parkways may be planned, designated, established, regulated, vacated, altered, improved, constructed and maintained and rights-of-way therefor specifically obtained, either by purchase, gift, condemnation or other form of acquisition;

(m) Construct bridges with or without footways, and sidewalks where deemed essential to decrease hazards;

(n) Perform services for the Department of Finance and Administration on state property, including, but not limited to, engineering services, and to advance such funds to defray the cost of the expenses incurred in performing such services from out of Transportation Department funds until such department is reimbursed by the Department of Finance and Administration;

(o) Perform all duties authorized by Section 27-19-136, Mississippi Code of 1972, concerning the assessment and collection of permit fees, fines and penalties.

HISTORY: Laws, 1981, ch. 464, § 4; Laws, 1988, ch. 437; Laws, 1992, ch. 496, § 7; Laws, 1996, ch. 375, § 3, eff from and after October 1, 1996.

Editor's Notes — Laws of 2009, ch. 497, § 4 provides:

“SECTION 4. The Executive Director of the Mississippi Department of Transportation is directed to file an application with the Department of Finance and Administration to establish the “Multi-Modal Transportation Improvement Fund” as created in Section 65-1-703. The executive director shall perform all acts necessary to establish

the fund as a separate fund within the Statewide Automated Accounting System (SAAS) and the State Treasury before July 1, 2009.”

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Transportation Commission had authority, in its discretion, to authorize its Executive Director to serve as a corporate officer or member of the Board of Directors of the Mississippi

Transportation Institute if the commission found that to do so would advance the commission's statutory duties and purposes. Warren, Feb. 10, 2000, A.G. Op. #2000-0043

§ 65-1-11. Chief Engineer and other employees.

The executive director, subject to the approval of the commission, shall employ a chief engineer who shall be a registered civil engineer, a graduate of a recognized school of engineering, and who shall have had not less than five (5) years' actual professional experience in highway construction. The chief engineer shall also be a deputy executive director of the department with such powers and duties as may be prescribed by the commission. The chief engineer shall give bond in the sum of Fifty Thousand Dollars (\$50,000.00) in some surety company authorized to do business in this state, which bond shall be conditioned upon the faithful performance and discharge of his duties. The principal and surety on such bond shall be liable thereunder to the State of Mississippi for double the amount of the value of any money or property which the state may lose, if any, by reason of any wrongful or criminal act of such engineer. The term of office of the chief engineer shall be for a period of four (4) years, unless sooner removed as hereinafter provided, and he shall be eligible for reappointment. The first term of office, however, shall extend from the date of appointment until the first Monday of January 1952.

§ 65-1-13. Deputy executive director for administration.

(1) The commission, upon the recommendation of the executive director, may appoint one (1) deputy executive director for administration in addition to the deputy executive director provided for in Section 65-1-11. The powers and duties of the deputy executive director for administration appointed pursuant to this subsection shall be specified by the commission and shall include, but not be limited to, the execution on behalf of the executive director of contracts approved by the commission and other documents. The appointment of such deputy executive director for administration and the powers specified by the commission must be spread upon the minutes of the commission to become effective.

(2) The commission may issue powers of attorney to individuals as may be recommended by the executive director to execute any documents on behalf of the commission and the executive director as the commission considers

appropriate to facilitate the efficient implementation of its duties and responsibilities; however, a power of attorney issued under this subsection shall not authorize the execution of contracts approved by the commission. Powers of attorney issued under this subsection shall specify the limits of the authority to execute documents granted by them. The duration of such powers of attorney shall be for the term of office of the commission that issued them. Such powers of attorney may be revoked by the commission at any time.

HISTORY: Laws, 2003, ch. 461, § 1, eff from and after passage (approved Mar. 23, 2003).

Editor's Notes — A prior § 65-1-13 [Codes, 1942, § 8059.3; Laws, 1948, ch. 332, § 33] was repealed by Laws of 1985, ch. 366, effective from and after March 20, 1985. Former § 65-1-13 pertained to discharge of employees having more than 18 months of continuous service.

§ 65-1-15. Secretary of the commission.

The Mississippi Transportation Commission shall employ a secretary whose salary shall be fixed by the commission and shall require the secretary to keep the proper minute books, order books and other proper books. The secretary shall be the custodian of all books, records or other papers of the department. All of such books, records and papers shall be public records and open to inspection by the public during business hours. Each of the commissioners, the Executive Director and the secretary may make certified copies of any proceedings of the department, any of its books or papers, or extracts therefrom. Such copy shall bear the signature of the officer giving it and also the seal of the Mississippi Department of Transportation, and such copies shall be admitted in evidence equally with the originals thereof in all courts of this state. Each of the commissioners and the executive director may take and hear testimony. The seal shall be the coat of arms of the State of Mississippi, surrounded by the words "Mississippi Department of Transportation". In the event that the original seal should be stolen, lost or misplaced, the commission shall have the power to secure a duplicate seal. The secretary shall be the custodian of the seal and shall do and perform all other things which may be properly required of him by the executive director or commission. He shall give bond in the sum of not less than Fifty Thousand Dollars (\$50,000.00), conditioned as required by law. Except for warrant requisitions drawn in accordance with the provisions of Section 65-1-115, Mississippi Code of 1972, all proceedings of the commission shall be entered upon the minutes of the commission in a minute book to be provided and kept for that purpose, which minutes shall be signed by the chairman or acting chairman of the respective meetings and by the secretary. The pages of the minute book shall be numbered consecutively by the bookmaker. The secretary of the commission shall be an ex officio notary public, authorized to administer oaths and take acknowledgments in the same manner and to the same extent as any other duly appointed, qualified, commissioned and acting notary public, and the seal of the Transportation Department shall be his seal as such ex officio notary

public. The bond premium of the secretary shall be paid from any funds available to the commission.

1-5. [Reserved for future use.]

6. Under former law.

Statute requiring state highway commission to keep minutes of its proceedings and providing that such records should be public records was mandatory so that commission could not ratify unauthorized contract other than by order on its minutes. *Pearl Realty Co. v. State Highway*

Com., 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

Highway commission's action in entering on and occupying leased premises and obtaining injunctive relief under lease executed by highway director was not ratification of lease provision extending lease for additional year on commission's failure to give notice to terminate lease, and hence did not estop commission from questioning validity of such provision, since commission could not ratify unauthorized contract otherwise than by order on its minutes. *Pearl Realty Co. v. State Highway Com.*, 170 Miss. 103, 154 So. 292, 1934 Miss. LEXIS 109 (Miss. 1934).

§ 65-1-17. Rental of office space in buildings not owned by the state.

In the event the department needs additional office space which cannot be provided either in state office buildings, or other state-owned buildings, the commission is hereby authorized to rent, on an annual or month-to-month basis on such terms as it may determine to be proper, such office space as may be necessary.

§ 65-1-20. Office of Intermodal Planning.

The Office of Intermodal Planning in the Mississippi Department of Transportation shall have the following responsibilities with respect to all ports in this state that are not state ports:

(a) Study and coordinate efforts designed to promote the development of the navigable waters in the State of Mississippi for water transportation.

(b) Encourage and coordinate the development of river and deep-sea ports and harbor facilities, both new and existing.

(c) Recommend to the proper officials recreational restrictions in critical commercial navigation areas in order to promote public safety and expedite water transportation.

(d) Intercede on behalf of and represent the State of Mississippi in matters pertaining to the application of fees, tolls or user charges levied or contemplated to be levied against the water transportation industry engaged in either intrastate or interstate water commerce.

(e) Receive and use any federal, state or private funds, donations and grants made available for the development, use and expansion of water transportation resources of this state; provided that nothing herein shall be deemed to deny or prohibit any municipal, county, port authority or commission or other governmental or private agency or authority from accepting such donations and grants they are now authorized by law to receive.

(f) Assist all state agencies such as the Department of Economic and Community Development, the Department of Environmental Quality, and others on any matters pertaining to and concerning the water transportation industry.

(g) Compile and provide, where necessary, the capabilities of the Mississippi ports and harbor facilities with respect to equipment, systems or types of products handled, economic benefits, job creation, capital investments, and other pertinent data, including studies and planning for the expansion to further the development of the facilities and the water transportation industry in general.

(h) Provide, where necessary, any and all information and data, both individually and/or collectively, to the Legislature, through the Executive Director of the Mississippi Department of Transportation, for the ports and waterways industry within the state.

(i) Assist in the formation and presentation of any legislation to promote the development and growth of the waterway industry in the State of Mississippi.

No provision of this section shall be construed to give any state agency control over local port commissions or authorities or change any existing laws that such port commissions or authorities presently enjoy to conduct and develop the water transportation industry, and such existing laws shall not be preempted by this section. No provision of this section shall be construed to authorize any diversion from local port commissions or authorities of fees,

funds, donations, grants or monies to which such commissions or authorities are otherwise entitled.

Editor's Notes — Section 57-1-54 provides that wherever the term "Mississippi Department of Economic and Community Development" appears in any law, it shall mean the Mississippi Development Authority.

§ 65-1-21. District offices.

(1) The permanent district offices for the Office of Highways of the Mississippi Department of Transportation and for the repair and housing of the equipment and vehicles of the department provided for in paragraph (m) of Section 65-1-8, Mississippi Code of 1972, shall be at the following locations:

(a) For the Northern District: At or near Batesville and at or near Tupelo.

(b) For the Central District: At or near Yazoo City and at or near Newton.

(c) For the Southern District: At or near McComb and at or near Hattiesburg.

(2) The Northern District Office at or near Tupelo is designated and shall be known as the "Roy Clark Adams District Office." The Department of Transportation shall erect and maintain an appropriate sign or placque designating such office.

§ 65-1-23. Testing laboratory, machine shops, etc.

The State Highway Commission is hereby authorized and empowered, in its discretion, to erect and construct upon the land hereinafter described a testing laboratory, machine shops, and other necessary buildings, and to expend for such purpose an amount not to exceed Three Hundred Thousand Dollars (\$300,000.00) out of any funds which may be available for such purpose in the state highway fund.

The State Building Commission is hereby authorized, empowered, and directed to select a suitable tract of land, ten acres in area, from any state-owned lands located in or near the City of Jackson, Mississippi, and not now being used for public purposes. The laboratory shops and other buildings specified in this section shall be erected on the land so selected, which said land is hereby set aside and allocated to the State Highway Commission for the purposes herein specified.

HISTORY: Codes, 1942, § 8038.5; Laws, 1946, ch. 369; Laws, 1948, ch. 332, § 18.

Editor's Notes — Section 31-11-1 provides that the terms "State Building Commission" and "Building Commission" wherever they appear in the laws of Mississippi shall

be construed to mean the Governor's Office of General Services.

Section 7-1-451 provides, however, that wherever the term "Office of General Services" appears in any law, it shall mean the Department of Finance and Administration.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

OPINIONS OF THE ATTORNEY GENERAL

This section provides for the granting of rights-of-way across sixteenth section lands. Cheney, June 4, 1999, A.G. Op. #99-0231.

In view of the overriding public interest in the carrying out of the purposes of the sixteenth section trust, where the Mississippi Department of Transportation ob-

tains a right of way for a highway that runs across sixteenth section land and subsequently wants to cut the timber in the median of that highway, the timber involved would be harvested by the school board and the proceeds thereof used to support the public schools. Cheney, June 4, 1999, A.G. Op. #99-0231.

§ 65-1-25. Contract for maintenance of connections on highways near state boundaries.

The Mississippi Transportation Commission is hereby authorized and empowered to enter into or ratify agreements with the transportation departments of the adjoining states for the construction or maintenance, or both, of connections on any part of the interstate highway system, state designated highway system or state aid road system at or near the boundaries of the State of Mississippi, the cost of such construction and maintenance to be apportioned between the states according to the benefits to be derived by each of the states as determined by such agreements.

The powers conferred by this section are supplemental to the powers of the commission now provided by law.

HISTORY: Codes, 1942, § 8038.2; Laws, 1958, ch. 374, §§ 1, 2; Laws, 1995, ch. 396, § 1, eff from and after passage (approved March 15, 1995).

OPINIONS OF THE ATTORNEY GENERAL

A county's conventional authority over its public roads does not include the authority to do road work in another state on a road which lies partially in the State of Mississippi; however, the county may

wish to explore the use of a Regional Economic Alliance to pursue the project. Chamberlin, Jan. 29, 2004, A.G. Op. 03-0643.

§ 65-1-27. Contract for maintenance of connections between interstate and state system highways and county roads or streets.

The Mississippi Transportation Commission is hereby authorized and

empowered to enter into or ratify cooperative agreements with the various counties and municipalities in any county through which any of the highways on the interstate highway system, the state designated highway system or the state aid road system may traverse for the construction or maintenance, or both, of connections between such systems and county roads or streets of the municipalities, or interconnections between such systems, the cost of the construction and maintenance of such connections to be apportioned between the Transportation Commission and the county or municipality according to the benefits to be derived by each as determined by such agreement or agreements.

The powers conferred by this section are supplemental to the powers of the commission now provided by law.

HISTORY: Codes, 1942, § 8038.6; Laws, 1958, ch. 375, §§ 1, 2; Laws, 1995, ch. 396, § 2, eff from and after passage (approved March 15, 1995).

§ 65-1-29. Contract with the United States in flood control, drainage, and National Aeronautics and Space Agency projects.

The authority granted the State Highway Commission under provisions of this chapter, shall include the right to enter into agreements with the United States government, or any agency thereof, for the alteration, relocation, reconstruction, or abandonment of state highways or any portion thereof, and conveyance of whatever rights and interests the state owns in property acquired for the purposes of said statutes, or any portion or interest thereof, where the same are necessary for the construction of flood control, navigation, drainage, or National Aeronautics and Space Agency projects approved and adopted by the United States government or any agency thereof.

Upon proper authorization by the State Highway Commission, the director of the State Highway Department is hereby empowered to execute a quitclaim deed selling and conveying the above rights and interests. Said deed shall be delivered to the purchaser upon the payment of the consideration agreed upon, and such consideration shall be deposited in the State Treasury to the credit of the State Highway Fund.

Such agreements and conveyances shall be upon a consideration deemed reasonable by the State Highway Commission and the agency of the United States government affected, provided that no part of this section is intended to alter or change in any way the existing immunity from certain actions of the state or the United States.

The consideration above shall include the expense of creating and maintaining any necessary detours, and the same shall be created and maintained as provided in the above mentioned agreement.

Editor's Notes — Section 65-1-1 provides that whenever the term “Mississippi State Highway Department,” or the term “department” meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-31. Certain roads located on levees as temporary state highways.

Whereas, the public convenience requires that certain roads located on levees or within the boundaries of flood control districts created and presently maintained by the federal government, or other governmental authorities, be taken over temporarily by the State Highway Commission, and whereas, the public purpose for which said flood control districts were established requires that such roads be limited to certain widths and restrictions in the public interest, it is the sense of the legislature that the State Highway Commission should be authorized to take over and maintain such roads as temporary state highways, subject to the restrictions imposed by the governmental authorities establishing such flood control districts.

The State Highway Commission, therefore, is hereby authorized to take over and maintain as temporary state highways, for such period and under such terms and conditions as said highway commission may in its discretion prescribe, any road designated by the legislature as a state highway and located on the levee of a flood control district, and in so doing shall not be required to obtain a right of way of more than thirty feet on such type of road, may permit the use of cattle gaps and fencing thereon, and may accept from the federal authorities or other governmental unit having jurisdiction over such flood control district an easement for said road.

The purpose of this section is to enable the state to take over temporarily for maintenance roads designated as state highways located on levees and with less than sixty feet right of way.

HISTORY: Codes, 1942, § 8038.4; Laws, 1952, ch. 310, §§ 1-3.

Editor's Notes — Section 65-1-1 provides that whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Department of Transportation (MDOT) has the duty to maintain portion of Highway 465 which is a substandard road on a levee until such time as the legislature removes it from the state highway system or enacts legislation

which otherwise ends the responsibility of MDOT to maintain it. The Mississippi Highway Patrol is required to enforce traffic laws on Highway 465 as provided in Section 45-3-21. Pace, Aug. 7, 2006, A.G. Op. 06-0285.

§ 65-1-33. Publicly owned ferries.

The State Highway Commission is hereby authorized to take over, maintain, and operate, as a part of the state highway system under its jurisdiction, any ferry now owned by and operated by, for, or under the authority of any county, county district, or municipality in this state where such ferry is located upon, or is a necessary link of, any designated state highway being maintained by the commission, if such county, county district, or municipality will transfer to said commission all property, real and personal, used by it in the operation of such ferry. In event any such ferries be so taken over by the commission, no toll or fee shall be charged for the use thereof by the public, and all costs of operation and maintenance shall be paid out of the State Highway Maintenance Fund.

Any county, county district, or municipality in this state now owning a ferry which the State Highway Commission may desire to take over under the provisions of this section is hereby authorized to transfer to the State Highway Commission any and all property, real and personal, used by it in the operation of such ferry, without further consideration than the acceptance of the same for public use, pursuant to an order of its governing authority. Any such property so taken over by the commission which may thereafter become unnecessary to the maintenance of traffic over the highway may be disposed of by the commission, in its discretion, and the proceeds paid into the State Highway Maintenance Fund.

§ 65-1-37. Driveways of certain institutions.

The Mississippi Transportation Commission is hereby authorized and empowered to have the Mississippi Department of Transportation construct,

repair and maintain the driveways and streets on the grounds of the universities and colleges under the jurisdiction of the Board of Trustees of the State Institutions of Higher Learning, state, and/or county supported junior colleges, the state hospitals, and institutions under the jurisdiction of the Board of Trustees of Mental Institutions, the Board of Trustees of the Columbia Training School and the Oakley Youth Development Center, the Mississippi Schools for the Deaf and Blind, and the Mississippi Department of Wildlife, Fisheries and Parks in the manner provided herein, including bypasses to connect said driveways and streets with roads on the state highway system, and the main thoroughfare running east and west through the grounds of the Mississippi Penitentiary, provided said institutions obtain the necessary rights-of-way, said institutions being hereby authorized so to do.

The Transportation Commission and the governing boards of said institutions shall enter into an agreement prior to undertaking any of the work mentioned in the first paragraph of this section, and said agreement shall be based on the Transportation Department's furnishing equipment, equipment operators, skilled labor, supervision, and engineering services, and the governing bodies of the aforementioned institutions shall furnish material, supplies and common labor. This agreement shall further provide for reimbursement of the Mississippi Department of Transportation, in full, for the expenditures incurred in the construction, repair and maintenance of driveways and streets at the institutions hereinabove mentioned, such reimbursement to be made directly to the Mississippi Transportation Commission from the institutions. Upon the execution of an agreement as set out herein, the Mississippi Department of Transportation may provide all the necessary engineering, supervision, skilled labor, equipment, and equipment operators to perform such work.

§ 65-1-39. Maintenance of roads on Australia Island.

The State Highway Commission is hereby authorized and empowered to take over, assume jurisdiction of, maintain, repair, and improve the public highways under the jurisdiction of the department of highways of the State of

Louisiana on Australia Island, and to enter into such agreements with the department of highways of the State of Louisiana as the said State Highway Commission shall deem necessary, proper, and advisable, provided that the State Highway Commission of Mississippi is reimbursed for the expenditures incurred in the maintenance, repair, and improvement of said roads.

The powers conferred by this section are supplementary to the powers of said commission now provided by law and are not intended in any wise to conflict with the same.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-41. Roads serving industrial sites and port areas.

The Mississippi Department of Economic Development is hereby authorized and directed to select and designate certain links of roads or highways to connect any and all approved, acceptable and selected industrial sites that may be located at any point not now accessible to adequate highways and road facilities, and shall issue a certificate of public convenience and necessity to the effect that such designated and selected link of highway or road should be constructed in order to encourage and promote the industrial development of any port or harbor area or other industrial site, and shall immediately file such certificate of public convenience and necessity with the Director of the Mississippi State Highway Commission. However, the Mississippi Department of Economic Development shall not select and designate any such link of road or highway until such time as the department shall have satisfactory evidence that an industry desires and intends to locate on such site, and that the location of such industry and the construction of such road or highway is economically feasible. Construction of any such road shall not begin until the location and construction of such industry is assured and contracts made between the industry and the local authority.

When a certificate of public convenience and necessity has been filed with the Director of the Mississippi State Highway Commission as herein required, the highway commission shall proceed to locate, survey and have constructed such link or highway or public road in such quality and standards as may be found to adequately serve such proposed industry.

The Mississippi Department of Economic Development shall not select or designate any link of public road or highway more than ten (10) miles long to connect any industrial site, harbor or port facility with any existing public road or highway, nor shall such board designate or select any link or links of road in an excess of a total of two hundred (200) miles of highways or public roads.

Any highway or public road selected, designated and constructed under the provisions of this section shall be constructed from the highway fund within which highway district such highway or road has been selected, designated and constructed.

The provisions of this section shall not be construed to alter, change or amend any other statutes of the State of Mississippi designating highways, state-aid roads or other public roads, and any limitations placed upon the total miles of such highways, state-aid roads, or public roads shall not be affected by the provisions of this section.

Editor's Notes — Laws, 1989, ch. 524, § 36, provides as follows:

“SECTION 36. The repeal or amendment of this act shall not reduce the terms of any tax reduction, special tax incentive or financial assistance agreed upon pursuant to official action by the Department of Economic Development, the State Tax Commission or other appropriate agency of the state or political subdivision thereof prior to the effective date of such repeal or amendment.”

Section 57-1-54 provides that wherever the term “Mississippi Department of Economic Development” appears in any law the same shall mean the Mississippi Development Authority.

§ 65-1-43. Costs and feasibility surveys for toll highways and bridges to offshore islands.

When it is deemed feasible and advisable to promote the tourist industry of the State of Mississippi by providing more attractions as would be available in development of offshore islands, the Mississippi State Highway Commission is authorized to make costs and feasibility surveys for toll highways and bridges to offshore islands.

The Mississippi Highway Commission is authorized to employ expert engineering and economic assistance for such surveys when it is deemed advisable by the commission. The State Highway Commission is limited to a maximum amount of fifty thousand dollars (\$50,000.00) for the purpose of carrying out the provisions of this section.

In the event that any bonds are issued as a result of the feasibility surveys authorized under the provisions of this section, the State Highway Commission shall be reimbursed for all of the expenditures authorized herein, and said expenditures shall be paid from the first proceeds of any bond issue herein.

Editor's Notes — Section 65-1-1 provides that whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-44. Instruction course for weight and tax enforcement personnel.

Agents and employees of the Mississippi Department of Transportation who are charged with the enforcement of the weight laws and the motor vehicle privilege tax laws of this state pursuant to Sections 63-5-43 and 27-19-137,

Mississippi Code of 1972, shall, as soon as practicable after being appointed enforcement personnel, and in order to continue serving as such, successfully complete a course of instruction at the Mississippi Law Enforcement Officers' Training Academy, which course shall be established by an agreement between the Mississippi Department of Transportation and the Commissioner of Public Safety pursuant to Section 45-5-7, Mississippi Code of 1972.

HISTORY: Laws, 1992, ch. 496, § 22, eff from and after July 1, 1992.

Editor's Notes — Provisions substantially identical to those in § 65-1-44 were formerly contained in repealed § 27-3-14.

§ 65-1-45. Weight limitation on highways and bridges.

The State Highway Commission is hereby authorized and empowered to restrict or prohibit the use of any state highway or bridge or to reduce the allowable weight permitted on any state highway or bridge when, due to any special weather or other hazard, such highways or bridges have been weakened or when such highways have substandard surfacing or weak bridges due to any cause. Likewise, the board of supervisors of any county shall have the same regulatory powers as granted the highway department in this section. It shall be the duty of the State Highway Commission and the boards of supervisors of the counties to post sufficient warning on any highway or bridge restricted in any manner, so that such restriction may be understood by the operator of any vehicle. Any person who shall operate a vehicle on any highway, road, or bridge when such highway, road, or bridge is under restriction, in violation of such restriction, shall be guilty of a misdemeanor and shall be punished in accordance with the provisions of section 63-9-11, Mississippi Code of 1972, providing for the punishment of misdemeanors.

§ 65-1-46. Appeals Board; appeal of penalty for excess weight; judicial review.

[Through June 30, 2023, this section shall read as follows:]

(1) There is created an Appeals Board of the Mississippi Transportation Commission. If any person feels aggrieved by a penalty for excess weight assessed against him by an agent or employee of the Mississippi Department of Transportation pursuant to Section 27-19-89, he may apply to the appeals board. Beginning July 1, 2021, the Appeals Board shall be administratively located within the Commercial Transportation Enforcement Division of the Mississippi Department of Public Safety and shall receive appeals with respect to penalties for excess weight assessed by agents or employees of the Commercial Transportation Enforcement Division.

(2) The members serving on the appeals board on April 7, 1995, shall continue to serve until July 1, 1995. On July 1, 1995, the appeals board shall be reconstituted to be composed of five (5) qualified people. The initial appointments to the reconstituted board shall be made no later than June 30, 1995, for terms to begin July 1, 1995, as follows: One (1) member shall be appointed by the Governor for a term ending on June 30, 1996, one (1) member shall be appointed by the Lieutenant Governor for a term ending on June 30, 1997, one (1) member shall be appointed by the Attorney General for a term ending on June 30, 1998, one (1) member shall be appointed by the Chairman of the State Tax Commission for a term ending on June 30, 1999, and one (1) member shall be appointed by the Executive Director of the Mississippi Department of Transportation for a term ending on June 30, 2000. After the expiration of the initial terms of the members of the reconstituted board, all subsequent appointments shall be made for terms of four (4) years from the expiration date of the previous term. Any member serving on the appeals board before July 1, 1995, may be reappointed to the reconstituted appeals board. Appointments to the board shall be with the advice and consent of the Senate; however, the advice and consent of the Senate shall not be required for the appointment of a person to the reconstituted appeals board for a term beginning on July 1, 1995, if such person was serving as a member of the appeals board on June 30, 1995, and such person received the advice and consent of the Senate for that appointment. The term of the member appointed by the Executive Director of the Mississippi Department of Transportation

shall end on June 30, 2021, and the vacancy shall be filled by a member appointed by the Commissioner of Public Safety for a term ending on June 30, 2024, after which the position shall be for a four-year term.

(3) There shall be a chairman and vice chairman of the board who shall be elected by and from the membership of the board. Any member who fails to attend three (3) consecutive regular meetings of the board shall be subject to removal by a majority vote of the board. A majority of the members of the board shall constitute a quorum. The chairman, or a majority of the members of the board, may call meetings as may be required for the proper discharge of the board's duties. Members of the board, except a member who is an officer or employee of the Mississippi Department of Transportation or, beginning July 1, 2021, is an officer or employee of the Department of Public Safety, shall receive per diem in the amount authorized by Section 25-3-69, for each day spent in the actual discharge of their duties and shall be reimbursed for mileage and actual expenses incurred in the performance of their duties in accordance with the provisions of Section 25-3-41.

Application shall be made by petition in writing, within thirty (30) days after assessment of the penalty, for a hearing and a review of the amount of the assessment. At the hearing the appeals board shall try the issues presented according to the law and the facts and within guidelines set by the Transportation Commission or, beginning July 1, 2021, by the Department of Public Safety. Upon due consideration of all the facts relating to the assessment of the penalty, the appeals board, except as otherwise provided under this section or under Section 27-19-89, may require payment of the full amount of the assessment, may reduce the amount of the assessment or may dismiss imposition of the penalty entirely. The appeals board shall dismiss in its entirety the imposition of any penalty imposed against the holder of a harvest permit if the permittee proves to the appeals board, by clear and convincing evidence, that the average load transported by the permittee during the permittee's last five (5) haul days immediately preceding the day upon which the penalty appealed from was assessed did not exceed eighty thousand (80,000) pounds. The appeals board shall reduce the penalty assessed against the holder of a harvest permit to a maximum of Two Cents (2¢) per pound of overweight if the permittee proves to the appeals board, by clear and convincing evidence, that the average load transported by the permittee during the permittee's last five (5) haul days immediately preceding the day upon which the penalty appealed from was assessed exceeded seventy-nine thousand nine hundred ninety-nine (79,999) pounds but did not exceed eighty-four thousand (84,000) pounds. The board shall make such orders in the matter as appear to it just and lawful and shall furnish copies thereof to the petitioner. If the appeals board orders the payment of the penalty, the petitioner shall pay the penalty, damages and interest, if any, within ten (10) days after the order is issued unless there is an application for appeal from the decision of the board as provided in the succeeding paragraph. Interest shall accrue on the penalty at the rate of one percent (1%) per month, or part of a month, beginning immediately after the expiration of the ten-day period.

If any person feels aggrieved by the decision of the appeals board, he may appeal the decision to the Chancery Court of the First Judicial District of Hinds County.

The board shall make such orders in the matter as appear to it just and lawful and shall furnish copies thereof to the petitioner. If the appeals board orders the payment of the penalty, the petitioner shall pay the penalty, damages and interest, if any, within ten (10) days after the order is issued unless there is an application for appeal from the decision of the board as provided in the succeeding paragraph. § 65-1-47. Control of highways; eminent domain.

The State Highway Commission shall have complete authority to issue rules, regulations and orders under which the State Highway Department shall have control and supervision, with full power and authority under rules, regulations and orders issued by the commission, to locate, relocate, widen, alter, change, straighten, construct or reconstruct any and all roads on the state highway system heretofore or hereafter taken over by it for maintenance as a part of such system, and shall have full and complete authority for regulating the making of all contracts, surveys, plans, specifications and estimates for the location, laying out, widening, straightening, altering, changing, constructing, reconstructing and maintaining of and the securing of rights-of-way for any and all such highways, and to authorize the employees of the State Highway Department to enter upon private property for such purposes.

The State Highway Department, under the rules, regulations and orders spread upon the minutes of the State Highway Commission, is authorized and empowered to obtain and pay for the rights-of-way of such width as it may determine to be necessary for such highway or for any alteration or change therein or relocation thereof by agreement with the owners of such lands. Rights-of-way of not less than sixty (60) feet wide shall be acquired except within the boundaries of towns and cities where unusual conditions exist, in which case the commission is authorized and empowered to have obtained and

paid for such rights-of-way of such width as it may determine to be necessary. Said commission may have condemned any and all land or other property needed for such purposes or either of them; may have condemned or acquired by gift or purchase lands containing road building materials and develop and operate pits, mines or other properties for the purpose of obtaining road material; and have condemned or acquired by gift or purchase lands necessary for the safety and convenience of traffic.

Said commission, in case an agreement cannot be reached with the owners of land containing road building materials or of any additional land necessary for widening any existing public highways, for laying out a new public highway, or for changing the route of an existing public highway, as provided in the foregoing part of this section, shall be authorized to have condemned any land needed for either of said purposes, as is fully set forth in this section. The proceedings to acquire such lands by a condemnation shall be in conformity with the statutes on the subject of "eminent domain," the power of eminent domain being hereby expressly conferred upon said commission for such purposes. Such proceedings shall take precedence over all other causes not involving the public interest in all courts and shall be given preference to the end that construction and reconstruction of highways hereunder may not be unreasonably delayed. The amount of such compensation and damages, if any, awarded to the owner in such proceedings shall be paid out of the State Highway Fund. The authorities constructing such highway, under the authority as provided in this section, shall use diligence to protect growing crops and pastures and to prevent damage to any property not taken. So far as possible, all rights-of-way shall be acquired or contracted for before any construction contract work order is issued.

The estate which the State Highway Commission is authorized to acquire by deed or condemnation as set forth above shall include all rights, title and interest in and to the lands or property being acquired, excepting and excluding all the oil and gas therein or thereunder and such other rights, title or interest which are expressly excepted and reserved to the property owner, his successors, heirs or assigns in the deed or condemnation petition by which the property is acquired. Any property interest acquired may be in unlimited vertical dimension. The State Highway Commission shall decide what right, title and interest are necessary for highway purposes on each particular project and may, by order on its minutes, authorize its agents to expressly except all or any others.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

I. Under Current Law.

1. In general.

A court is without power to close a public road in private litigation between individuals unless such action is predicated upon a finding that there has been a valid order of the Board of Supervisors closing the road, spread upon its minutes, if it is a county road, or that similar official action has been taken by the State Highway Commission and is reflected by its official records, if it is a state road or highway. *Barrett v. Pilgrim*, 317 So. 2d 382, 1975 Miss. LEXIS 1737 (Miss. 1975).

The Mississippi State Highway Commission can take by eminent domain in fee simple all rights, title, and interests in property that are necessary for the authorized purposes of the commission, including rights, title, and interests to timber, but excepting and excluding all oil and gas. *Roberts v. Mississippi State Highway*

Com., 309 So. 2d 156, 1975 Miss. LEXIS 1864 (Miss. 1975).

Taking of property alongside a highway for the purpose of constructing a weighing scale to enforce the regulations regarding weights of loads and vehicles is within the contemplation of the eminent domain statutes. *Roberts v. Mississippi State Highway Com.*, 309 So. 2d 156, 1975 Miss. LEXIS 1864 (Miss. 1975).

Diminution in the flow of traffic past property by changes in the highway system is not such a taking as to require compensation, though the value of the property may thereby be diminished. *Morris v. Mississippi State Highway Com.*, 240 Miss. 783, 129 So. 2d 367, 1961 Miss. LEXIS 511 (Miss. 1961).

2. Discretionary power of commission.

Taking of the school's property in order to expand a state highway was necessary, under Miss. Code Ann. § 65-1-47, for the safety and convenience of the traveling public, and this constituted a proper use of the transportation commission's eminent domain power. *St. Andrew's Episcopal Day Sch. v. Transp. Comm'n*, 806 So. 2d 1105, 2002 Miss. LEXIS 30 (Miss. 2002).

An order by the highway commission designating the name of the record title owner and his successors in title of the land sought to be acquired was sufficient to authorize proceedings in eminent domain in which all of the persons claiming an interest should have been named. *Mississippi State Highway Com. v. Arndt*, 304 So. 2d 281, 1974 Miss. LEXIS 1451 (Miss. 1974).

The state highway commission has the power to condemn school property. *Harri-*

son County School Board v. State Highway Com., 284 So. 2d 50, 1973 Miss. LEXIS 1248 (Miss. 1973).

In an eminent domain proceeding, the state highway commission is bound by its appraiser, and a judgment which is less than the commission's appraiser's estimate will be increased by the amount of difference. Jackson County Development, Inc. v. Mississippi State Highway Com., 262 So. 2d 416, 1972 Miss. LEXIS 1315 (Miss. 1972).

The determination of whether the taking of land for highway purposes is necessary is within the discretion of the commission, and the courts will not interfere unless fraud or a clear abuse of this discretion is shown. Mississippi State Highway Com. v. Jacob, 192 So. 2d 260, 1966 Miss. LEXIS 1237 (Miss. 1966).

Statutes conferring upon the state highway commission the power of eminent domain do not limit the power to the taking of such property as is needed or necessary, inasmuch as the effect of this legislation is to vest the broad discretion in the highway commission in selecting its routes and other details. Erwin v. Mississippi State Highway Com., 213 Miss. 885, 58 So. 2d 52, 1952 Miss. LEXIS 438 (Miss. 1952).

3. Access to highway.

Where the state highway commission constructed a nonaccess highway outside the right of way of an old highway, an abutting property owner, who improved his property for commercial purposes knowing that the permit that he had obtained from the state highway commission to construct direct access roads into the main traveled lanes of the highway were temporary, and without receiving any assurances that such access roads would be permitted to remain, could not recover damages for the improvements made upon his property. Harreld v. Mississippi State Highway Com., 234 Miss. 1, 103 So. 2d 852, 1958 Miss. LEXIS 455 (Miss. 1958).

In a proceeding to condemn a strip of land lying along the side of a limited-access highway to be used as a service or frontage road which would be connected with the lanes of travel on the main high-

way at interchanges, where the state highway commission had determined that abutting property owners should retain the right of direct access to the service or frontage road, and that such right should be excepted from the condemnation petition and reserved to the abutting property owners, an abutting property owner was not entitled to have damages assessed on the theory that she would be denied access to such service or frontage road. Muse v. Mississippi State Highway Com., 233 Miss. 694, 103 So. 2d 839, 1958 Miss. LEXIS 432 (Miss. 1958).

4. Right to enter upon property.

Employees of the commission are authorized by this section to enter upon private property, and it was error to permit landowners to offer proof that the appraiser for the commission was a "rank trespasser" by going upon the land for purposes of appraisal without the consent of the owners. Mississippi State Highway Com. v. Ratcliffe, 251 Miss. 785, 171 So. 2d 356, 1965 Miss. LEXIS 902 (Miss. 1965), *aff'd*, 187 So. 2d 304, 1966 Miss. LEXIS 1342 (Miss. 1966).

5. Executory interests.

The negotiated conveyance in lieu of eminent domain of a portion of the property used as a church and cemetery by the occupying church organization to the state highway commission for highway purposes did not constitute an abandonment of the conveyed property for the purpose for which it was originally granted so as to give the holders of a mere possibility of reverter therein a cause of action against the highway department, particularly where there was no evidence that the remainder of the property would not continue to be used for the purposes for which it was conveyed. Patrick v. Mississippi State Highway Com., 184 So. 2d 850, 1966 Miss. LEXIS 1482 (Miss. 1966).

Compensation should be made to the owners of executory interests upon a defeasible fee. Hemphill v. Mississippi State Highway Com., 245 Miss. 33, 145 So. 2d 455, 1962 Miss. LEXIS 529 (Miss. 1962).

6. Appeals.

The state highway commission does not waive its right to appeal a condemnation

proceeding by taking physical possession without first paying damages. *Mississippi State Highway Com. v. Rogers*, 236 Miss. 800, 112 So. 2d 250, 1959 Miss. LEXIS 379 (Miss. 1959).

An appeal from an interlocutory decree of a chancellor refusing to grant a preliminary injunction against the state highway commission enjoining state highway commission from proceeding further with certain eminent domain proceedings, is entitled to be heard as a preference case and to be advanced on the supreme court docket. *Howell v. Howell*, 213 Miss. 141, 56 So. 2d 392, 1952 Miss. LEXIS 342 (Miss. 1952).

II. Under Former Law.

7. In general.

Court cannot give language of statutes respecting highway commission's powers restricted or over-technical interpretation. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

8. Change in location of, or abandonment of road as, state highway.

Under statute designating state highway, highway commission could follow old line of road wherever practicable and depart from old line to straighten road or find better location. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

Highway commission could change location and fix length of state highway in conjunction with Federal-aid authorities, to shorten its mileage and eliminate two grade crossings. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

Taxpayers owning property abutting on State highway to be abandoned for shorter route could not challenge validity of highway statute, since there was no legal damage to them by removal of state highway so long as there remained public highway, maintained as such, in substantially same location. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

Abutting property owners seeking injunction were held to have sustained no

legal injury, where highway commission abandoned part of state highway for shorter and safer route, since commission acted within limits of rightful authority. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

There is no law preventing board of supervisors from retaking public road abandoned as State highway. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

9. Taking of property.

The state highway commission acquires only an easement or right of way in land condemned for highway purposes; mineral rights are not included. *Whitworth v. Mississippi State Highway Com.*, 203 Miss. 94, 33 So. 2d 612, 1948 Miss. LEXIS 234 (Miss. 1948).

The estate acquired by the highway commission for highway purposes is measured by the language of the statutes and not of the deeds. *Whitworth v. Mississippi State Highway Com.*, 203 Miss. 94, 33 So. 2d 612, 1948 Miss. LEXIS 234 (Miss. 1948).

Whatever reservation the state highway commission could lawfully allow in a deed from the owner, they may allow and stipulate in the petition for condemnation, and when so stipulated, the terms thereof are as binding upon the commission as if the same stipulations had been contained in a deed from the owner, as against the contention that inasmuch as the section provides for the condemnation of the land, the interest condemned must be of the entire land without any reservation whatever. *Dantzler v. Mississippi State Highway Com.*, 190 Miss. 137, 199 So. 367, 1941 Miss. LEXIS 42 (Miss. 1941).

A condemnor of a right of way for a public road does not take the entire fee in the land, all other rights consistent with the existence of the easement for road purposes remaining in the original owner. *Dantzler v. Mississippi State Highway Com.*, 190 Miss. 137, 199 So. 367, 1941 Miss. LEXIS 42 (Miss. 1941).

Code 1942, § 8023 required as a condition precedent to a condemnation of land by the highway commission that an attempt first be made to agree with the

owner; and while this effort had to be in good faith and on reasonable terms, the attempt need not have been pursued further than to develop the fact that an agreement was impossible at any price which the condemning party was willing to pay. *Dantzler v. Mississippi State Highway Com.*, 190 Miss. 137, 199 So. 367, 1941 Miss. LEXIS 42 (Miss. 1941).

The charge of arbitrariness or want of good faith on the part of the highway commission as regards an offer made by it for a strip of land for the construction of a highway, was refuted where it was evident from the record in the eminent domain proceeding that no prolongation of the effort of the commission to agree with the owner would have produced an agreement, save on terms which the commission would have regarded as requiring an unjust payment out of public funds which it was their duty to endeavor to conserve, and the verdict in the eminent domain proceedings awarding the sum offered by the commission could be pointed to as a sufficient refutation of the charge. *Dantzler v. Mississippi State Highway Com.*, 190 Miss. 137, 199 So. 367, 1941 Miss. LEXIS 42 (Miss. 1941).

Evidence in eminent domain proceeding of the price paid in settlement of other condemnation proceedings or the sum paid by the condemnor for similar lands, even if proceedings had not been begun is not admissible, such payments being in the nature of compromise to avoid the expense and uncertainty of litigation and not fair indication of market value. *Dantzler v. Mississippi State Highway Com.*, 190 Miss. 137, 199 So. 367, 1941 Miss. LEXIS 42 (Miss. 1941).

Nine thousand dollars for one hundred and one acres of land was not excessive. *Mississippi State Highway Com. v. Williamson*, 181 Miss. 399, 179 So. 736, 1938 Miss. LEXIS 82 (Miss. 1938).

Landowners were entitled to recover compensation from state highway commission for strip of land taken for state highway without condemnation or compensation, as against contention of commission that it was not at time of taking of land a corporation so that it could be sued, where commission was thereafter incorporated, since trespass was continuing one

so that cause of action arose when commission was incorporated. *State Highway Com. v. Flint*, 177 Miss. 830, 172 So. 299, 1937 Miss. LEXIS 166 (Miss. 1937).

In eminent domain proceeding, where court gave numerous instructions fixing measure of damages as difference between fair market value of land and buildings before taking and value of what remained after taking, inconsistent instruction fixing replacement value as measure of damages was reversible error, where jury awarded approximately highest estimate, according to replacement value. *Mississippi State Highway Dep't v. Blackburn*, 172 Miss. 554, 160 So. 73, 1935 Miss. LEXIS 140 (Miss. 1935).

10. Liability for damages.

State highway commission was liable to a property owner for damage to her land, resulting from the use thereof for parking its machinery, during the course of road construction and as an essential part of its work, over the protest of the landowner. *State Highway Com. v. Mason*, 192 Miss. 576, 4 So. 2d 345, 6 So. 2d 468, 1941 Miss. LEXIS 6 (Miss. 1941).

State highway commission was not liable for negligence of its engineers in so constructing ditches on sides of highway as to cause water of creek to overflow farm lands. *State Highway Com. v. Knight*, 170 Miss. 60, 154 So. 263, 1934 Miss. LEXIS 97 (Miss. 1934).

11. Miscellaneous.

Owner of land is not liable for the death of employee of state highway department, who entered under authority of former section and Code 1942, §2776, irrespective of his negligence, provided it did not amount to willful or wanton negligence since these sections merely divest intruder of penalties of trespasser and confer no greater rights than belong to licensee. *Westmoreland v. Mississippi Power & Light Co.*, 172 F.2d 643, 1949 U.S. App. LEXIS 2755 (5th Cir. Miss. 1949).

Where a state highway employee, while operating a long drilling auger to test the subsoil of a proposed highway route across a cultivated field at a point in the right of way of an electric company, was electro-

cuted when the auger, on being lifted, came in contact with a high voltage wire thirteen and a half feet from the ground, neither the electric company, which, so far as shown, had no knowledge of the presence of the highway employee, nor the representative of the state highway department, through whom he had been engaged, was liable for his death, the statute divesting the intruder of the penalties and responsibilities of a trespasser by justifying his act, but not giving him any greater rights than those belonging to a licensee, and the duty of the owner of the land to guard against injury in such cases being governed by the rules applicable to trespassers. *Roberts v. Mississippi Power & Light Co.*, 193 Miss. 627, 10 So. 2d 542, 1942 Miss. LEXIS 152 (Miss. 1942).

The state highway commission was liable to suit by a contractor with whom the commission contracted to construct a highway for breach of the contract in failing properly to furnish rights of way as

provided therein, proximately causing such contractor additional expense in maintaining the work, the breach and its proximate consequences having occurred during and directly in and about the actual work of the performance of the contract, and against the contention that the commission was subject to suit by a contractor only for any failure by the commission to pay the contractor for any labor done or materials furnished by the contractor under and in accordance with the terms of his contract with the commission for the road construction work at the sums or prices specifically stipulated in the contract. *Wunderlich v. State Highway Com.*, 183 Miss. 428, 184 So. 456, 1938 Miss. LEXIS 257 (Miss. 1938).

Designation of state highway by giving principal points between Tennessee and Louisiana was sufficient. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

OPINIONS OF THE ATTORNEY GENERAL

School district was without authority to expend funds for construction of turn lane on state highway; responsibility is within purview of Mississippi Department of Transportation pursuant to Section 65-1-47. *Everett*, Feb. 11, 1994, A.G. Op. #94-0037.

The Mississippi Transportation Commission may, but is not required to, withhold retainage in contracts for the construction, improvement, or maintenance of roads and bridges. *Kopf*, Dec. 3, 1999, A.G. Op. #99-0641.

§ 65-1-49. Easements for highway purposes.

The conveyance or assignment of easements for highway purposes may be made by the owner thereof to the Mississippi State Highway Commission or the board of supervisors of any county for highway purposes. All actions by any person owning any interest in the land involved in such conveyance or assignment accruing as a result thereof must be brought within three years after the date of such conveyance or assignment; provided, however, that the land involved is actually used for highway purposes or notice is posted thereon that it will be used for highway purposes within said three-year period, otherwise said period shall be six years from the date of such conveyance or assignment.

The procedure provided hereby with reference to the conveyance or assignment of easements is supplemental to all rights and powers now authorized for and existing under the present law in said commission and boards, and is not intended as a limitation on same in any manner.

JUDICIAL DECISIONS

1. In general.

A right-of-way easement granted to the Mississippi State Highway Commission for a specific public right-of-way of a certain highway ceased to exist when the commission determined that a portion of that easement was no longer needed by the public. Thus, the commission could not convey the fee simple title to the property, but could only abandon its easement. *Mississippi State Highway Com. v. McClure*, 536 So. 2d 895, 1988 Miss. LEXIS 424 (Miss. 1988).

A landowner can convey, by instrument, an easement to the Highway Department. *Mississippi State Highway Com. v. Wood*, 487 So. 2d 798, 1986 Miss. LEXIS 2446 (Miss. 1986).

This section does not limit the time in which a grantor of land prior to the assignment of a highway easement by his grantor may claim damages for wrongful taking. *Mississippi State Highway Com. v. Parker*, 249 Miss. 22, 162 So. 2d 852, 1964 Miss. LEXIS 371 (Miss. 1964).

§ 65-1-51. Land adjacent to highway rights of way; wetlands.

The Mississippi Transportation Commission may acquire by gift, purchase or otherwise, and may have the Mississippi Department of Transportation

improve and maintain strips of land necessary for the restoration, preservation and enhancement of scenic beauty adjacent to the state highway rights-of-way. The commission may acquire and have the Transportation Department develop publicly owned and controlled rest and recreation areas and sanitary and other facilities within or adjacent to the highway right-of-way reasonably necessary to accommodate the traveling public.

The Mississippi Transportation Commission, in its discretion, may acquire by gift, purchase or otherwise, including the exercise of eminent domain, public or privately owned wetlands and other lands suitable for creation as wetlands for the purpose of mitigating wetland losses and replacing those wetlands purchased and damaged or eliminated by development and use, on a basis not to exceed that required by the Federal Highway Administration as a condition for receiving federal aid funds, provided that some governmental agency or approved organization agrees, without compensation, to accept title to the lands acquired and maintain such lands as wetlands in perpetuity. However, the commission shall replace those coastal wetlands purchased and damaged or eliminated by development and use on the basis required by the "Coastal Wetlands Protection Law" and regulations promulgated thereunder by the Mississippi Commission on Marine Resources.

The Mississippi Transportation Commission, in its discretion, may acquire by gift, purchase or otherwise, wetlands credits from an approved organization with a plan establishing a wetland mitigation bank. The commission shall, if possible, acquire credits on wetlands within the State of Mississippi before acquiring credits on wetlands located outside the State of Mississippi.

Joint Legislative Committee Note — Section 130 of ch. 516, Laws, 2000, effective from and after its passage (approved April 30, 2000), amended this section. Section 1 of ch. 575, Laws, 2000, effective from and after July 1, 2000, also amended this section. As set out above, this section reflects the language of Section 1 of ch. 575, Laws, 2000, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date shall supersede all other amendments to the same section taking effect earlier.

JUDICIAL DECISIONS

1. In general.

In an inverse condemnation proceeding, if the Mississippi Transportation Commission were required to acquire a landowner's land used for a park in fee, a failure to so instruct a jury was not reversible error

because such an instruction would not have affected the final result of the case, so the landowner was not prejudiced. *Bay Point Props. v. Miss. Transp. Comm'n*, 201 So. 3d 1046, 2016 Miss. LEXIS 282 (Miss. 2016).

§ 65-1-57. Secondary highways.

It shall be the duty of the Highway Commission to issue rules and regulations for the State Highway Department to construct all secondary roads, when taken over for construction and maintenance, up to such standard of specifications and with such surfacing material as the Highway Commission may determine from a traffic census of the use and importance thereof as would be justified from a standpoint of economy and convenience to the traveling public. To this end the Highway Commission is authorized, in dealing with said secondary roads, to have the highway department place surfacing material on said secondary roads. All secondary roads shall be constructed and maintained with a view of being eventually hard surfaced as provided for primary roads.

§ 65-1-59. Status of existing state highways; annual report of recommendations.

(1) It shall be the duty of the Mississippi Transportation Commission to have the Mississippi Transportation Department carry out all contracts and agreements, including federal-aid projects and agreements under the County Highway Aid Law of 1946, being Sections 65-11-1 through 65-11-37, heretofore made or entered into with any county, subject, however, to applicable rules and regulations of the Federal Highway Administration. It shall be the duty of the Transportation Commission to continue to have the Mississippi Transportation Department maintain all state highways now under maintenance or hereafter taken over for maintenance, the purpose of this provision being to preserve the status quo of all state highways insofar as such highways have been taken over and control and jurisdiction has been assumed by the Mississippi Transportation Commission and Mississippi Transportation Department; however, except as otherwise provided in this section, if any highway or link of highway is removed from the state highway system by legislative act or by relocation or reconstruction, it shall no longer be maintained by or be under the jurisdiction of the Mississippi Transportation Commission or Mississippi Transportation Department, but shall be returned to the jurisdiction of the board of supervisors of the county or governing authorities of the municipality through which such road runs. Except as to segments of highways shorter than three (3) miles which have been or which are hereafter replaced through curve straightening or minor realignment, the Transportation Commission shall retain and have the Mississippi Transportation Department maintain as state highways all portions of U.S. highways that either before or after July 1, 1989, have been or are replaced and constructed as a part of the interstate highway system, or four-lane primary system, or which are replaced and constructed or are designated to be replaced and constructed as part of the highway system under Section 65-3-97, including portions of all such highways so replaced, or which under Section 65-3-97 are designated to be replaced, by municipal bypasses; and such highways and portions thereof shall be continued to be maintained as a part of the Mississippi state highway system until removed from such system by legislative act. All such highways and portions thereof which, by virtue of

the provisions of this section, are returned on or after July 1, 1989, to the jurisdiction of the Mississippi Transportation Commission shall be maintained by the Mississippi Transportation Department only to the traffic capacities existing at the time that they are returned and any subsequent traffic capacity improvements or other improvements desired by the county or municipality within which such highway or portion thereof is located shall be performed in accordance with highway standards approved by the Transportation Commission and the expenses for making such improvements shall be paid by the county or municipality; however, all highways and portions thereof so improved by the county or municipality shall thereafter be maintained by the Mississippi Transportation Department. Before any highway or portion thereof is returned to the Transportation Commission under this section, the county or municipality having jurisdiction thereof shall remove or cause to be removed by July 1, 1991, all right-of-way encroachments along the entire length of the highway or portion thereof which are not permitted by Transportation Commission and Transportation Department policies and rules and regulations adopted pursuant to state and federal law. Any such encroachments may be allowed to remain only by permits issued by the Mississippi Transportation Department in the manner and subject to the same conditions for the issuance of permits for similar encroachments on other highways on the state highway system. If traffic counts indicate that any highway or portions thereof placed under the jurisdiction of the Transportation Commission under the provisions of this section no longer form a substantial part of the state highway system, the Transportation Commission may request the Legislature to remove such highways or portions thereof from the state highway system and return said roads for maintenance to the county or municipality in which they are located, as provided in subsection (2) of this section. The highways which the Transportation Department is required to continue to maintain by virtue of the provisions of this section shall be in addition to the total mileage limitation of eight thousand six hundred (8,600) miles provided in Section 65-3-3.

(2) The Mississippi Transportation Commission shall, no later than October 1, 1981, and October 1 each year thereafter, furnish the Transportation Committee of the House of Representatives and the Highways and Transportation Committee of the Senate a recommendation for deletion of those highways or sections of highways which should be removed from the system.

JUDICIAL DECISIONS

1. In general.

A court is without power to close a public road in private litigation between individuals unless such action is predicated upon a finding that there has been a valid order of the Board of Supervisors closing the road, spread upon its minutes, if it is a county road, or that similar official action has been taken by the State Highway Commission and is reflected by its official records, if it is a state road or highway. *Barrett v. Pilgrim*, 317 So. 2d 382, 1975 Miss. LEXIS 1737 (Miss. 1975).

The state highway commission had the right to construct a median strip in a four-lane highway without payment of compensation to a landowner for damages resulting therefrom, even though the construction of such median strip would have the effect of restricting the abutting landowner's right of access to the east or

northbound traffic lanes, provided cross-overs were made available at reasonable intervals to permit passage of vehicles from one side of the highway to the other. *Muse v. Mississippi State Highway Com.*, 233 Miss. 694, 103 So. 2d 839, 1958 Miss. LEXIS 432 (Miss. 1958).

Where a state highway department took over certain road in Prentiss County, excepting "all drainage structures not built according to the state standard plans and specifications," and thereafter order was changed to substitute "bridges" for "drainage structures," state highway had no jurisdiction over two bridges which did not comply with the standard, and, therefore, was under no obligation to rebuild them after their destruction by flood waters. *Board of Sup'rs v. Mississippi State Highway Com.*, 207 Miss. 839, 42 So. 2d 802, 1949 Miss. LEXIS 394 (Miss. 1949).

OPINIONS OF THE ATTORNEY GENERAL

As to a designated U.S. Highway pursuant to § 65-3-3, segments longer than three miles cannot be removed from the jurisdiction and maintenance of the Mississippi Department of Transportation pursuant to § 65-1-59. *Shepard*, Jan. 25, 2002, A.G. Op. #02-0008.

The Mississippi Department of Transportation (MDOT) has the duty to maintain portion of Highway 465 which is a

substandard road on a levee until such time as the legislature removes it from the state highway system or enacts legislation which otherwise ends the responsibility of MDOT to maintain it. The Mississippi Highway Patrol is required to enforce traffic laws on Highway 465 as provided in Section 45-3-21. *Pace*, Aug. 7, 2006, A.G. Op. 06-0285.

§ 65-1-61. Paving.

It shall be the duty of the Transportation Commission to have the Transportation Department construct, reconstruct and maintain, at the cost and expense of the state, all highways under its jurisdiction up to such standards and specifications and with such surfacing material as the Transportation Commission may determine, such paving to be done for each project as rapidly as funds are made available therefor and, as nearly as practicable, immediately upon the completion of all work performed pursuant to grade, drainage and bridge contracts for the project. Such paving shall be done in the order of the relative use and importance of said highways, as may be determined by the present and future traffic censuses thereof and other criteria, taking into consideration their present and future use, convenience, public necessity, public safety, the recorded maintenance expense, and their availability as highways through the state. The type of the paving and

surfacing of such highways shall be determined by the executive director, subject to the rules, regulations and orders of the commission as spread on its minutes, after a complete study of the traffic requirements based upon the present and future traffic censuses, taking into consideration the factors above set forth. However, no highways shall be constructed, reconstructed, or maintained out of any patented paving material, regardless of what kind, on which a direct royalty is paid by the commission or any contractor; and the commission shall not have included in the plans or specifications for constructing, reconstructing, or maintenance of any highway the requirements that any material used or specified shall be laid under any process patented requiring the payment of a direct royalty for use of such process or patent.

To this end it shall be the duty of the director, subject to the rules, regulations and orders of the commission as spread on its minutes, to organize an adequate and continuous patrol for the maintenance, repair, and inspection of all of the state-maintained state highway system, so that said highways may be kept under proper maintenance and repair at all times.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Immunity.
3. Causation.

1. In general.

Mississippi Transportation Commission and the Mississippi Department of Transportation breached the ministerial duties imposed by the statute because the statute applied to the portion of the highway that was under construction and imposed a ministerial duty of maintenance and repair. *Miss. Transp. Comm’n v. Adams*, 197 So. 3d 406, 2016 Miss. LEXIS 232 (Miss. 2016).

Because Miss. Code Ann. § 65-1-65 and Miss. Code Ann. § 63-3-303 do not impose any specific directives as to the time, manner, and conditions for carrying out the Mississippi Transportation Commission’s duty in maintaining highways or posting

traffic-control or warning devices, those duties are not ministerial in nature but are discretionary. Further, the duty to maintain highways and place warning signs clearly requires the Mississippi Transportation Commission to consider the policy considerations of doing so. *Knight v. Miss. Transp. Comm’n*, 10 So. 3d 962, 2009 Miss. App. LEXIS 217 (Miss. Ct. App. 2009), overruled, *Little v. Miss. DOT*, 129 So. 3d 132, 2013 Miss. LEXIS 551 (Miss. 2013).

Trial court properly ruled that the Mississippi Department of Transportation (MDOT) was not immune from suit under Miss. Code Ann. § 11-46-9, as it found that, while MDOT’s duty to inspect and maintain a highway where plaintiff’s accident occurred was discretionary, it failed to exercise a minimum standard of ordinary care when it did not give notice of the dangerous condition of the highway. *Miss. DOT v. Cargile*, 847 So. 2d 258, 2003 Miss.

LEXIS 255 (Miss. 2003), overruled in part, *Miss. Transp. Comm'n v. Montgomery*, 2011 Miss. LEXIS 609 (Miss. Oct. 20, 2011), overruled in part, *Miss. Transp. Comm'n v. Montgomery*, 80 So. 3d 789, 2012 Miss. LEXIS 96 (Miss. 2012), overruled, *Little v. Miss. DOT*, 129 So. 3d 132, 2013 Miss. LEXIS 551 (Miss. 2013).

Though the Mississippi Department of Transportation was not immune from suit, as the trial court properly found that a five to six inch drop-off on the edge of a road was a dangerous condition that was not obvious, which was created by the negligence of the Department and of which the Department knew but failed to warn against, the trial court erred by not assessing some degree of fault to plaintiff driver, who had been obliged to exercise vigilant caution when she learned the road was under construction. *Miss. DOT v. Trosclair*, 851 So. 2d 408, 2003 Miss. App. LEXIS 666 (Miss. Ct. App. 2003).

The Highway Department may go upon private land to perform public work necessary for the operation and maintenance of highways. *Mississippi State Highway Com. v. Wood*, 487 So. 2d 798, 1986 Miss. LEXIS 2446 (Miss. 1986).

Statutes conferring exclusive jurisdiction on state highway commission over state highways and charging it with duty of maintaining such highways did not conflict with statute imposing duty upon railways of maintaining bridges over railways and approaches thereto, and did not relieve railways of that duty. *Alabama & V. R. Co. v. Graham*, 171 Miss. 695, 157 So. 241, 1934 Miss. LEXIS 216 (Miss. 1934).

Amendment to constitution authorizing transfer of exclusive jurisdiction over state highways to state highway commission, and statutes giving state highway commission such jurisdiction and charging it with duty of maintaining such highways, did not affect statutory duty of railway of maintaining bridges over railways and approaches thereto. *Alabama & V. R. Co. v. Graham*, 171 Miss. 695, 157 So. 241, 1934 Miss. LEXIS 216 (Miss. 1934).

2. Immunity.

Driver's negligence claim regarding the Mississippi Department of Transportation's (MDOT's) failure to repair and

maintain a highway were not barred as a matter of law by Miss. Code Ann. § 11-46-9(1)(d) (Rev. 2012) where Miss. Code Ann. § 65-1-65 required MDOT to maintain and repair state highways, and thus, its acts were ministerial. *Ala. Great S. R.R. Co. v. Jobes*, 156 So. 3d 871, 2015 Miss. LEXIS 37 (Miss. 2015).

Trial court erred in granting summary judgment to the Department of Transportation and the Transportation Commission (the defendants) on the injured parties' negligence claim because issues of fact existed as to whether the repair of a bridge was performed in a negligent manner and they were not immune from liability. *Logan v. Miss. DOT*, 174 So. 3d 264, 2014 Miss. App. LEXIS 486 (Miss. Ct. App. 2014), cert. denied, 160 So. 3d 704, 2015 Miss. LEXIS 180 (Miss. 2015).

Where three drivers appealed the Miss. R. Civ. P. 12(b)(6) dismissal of their claim against the Mississippi Department of Transportation (MDOT) because of discretionary-function immunity under the Mississippi Tort Claims Act (MTCA), Miss. Code Ann. § 65-1-65 required the MDOT to maintain and repair state highways, and the MDOT was not entitled to discretionary-function immunity for failure to properly maintain and repair highways because that function was ministerial. It was the function, not the act, to which the MTCA granted or denied immunity. *Little v. Miss. DOT*, 129 So. 3d 132, 2013 Miss. LEXIS 551 (Miss. 2013).

Mississippi Department of Transportation (MDOT) was immune from suit under Miss. Code Ann. § 11-46-9(1)(d) as Miss. Code Ann. § 65-1-65 did not impose any specific directives as to the time, manner, and conditions for carrying out MDOT's duty to maintain highways, and the duty to remove trees from the right-of-way was discretionary; MDOT was not liable for the driver's injuries arising out of road maintenance. *Little v. Miss. DOT*, 129 So. 3d 192, 2012 Miss. App. LEXIS 627 (Miss. Ct. App. 2012).

3. Causation.

In a case in which two riders on a parade float filed suit against the Mississippi Department of Transportation (MDOT) claiming damages from a low-

hanging tree limb, the appellate court concluded that there was no proof MDOT breached its ministerial duty to maintain highways or that a breach proximately caused harm to the riders. Even if the appellate court assumed highway inspections were deficient, there was no evidence to causally link a breach to the injuries suffered by the riders. *Calhoun v. Miss. Transp. Comm'n*, 314 So. 3d 181, 2021 Miss. App. LEXIS 135 (Miss. Ct. App. 2021).

In a case in which two riders on a parade float filed suit against the Missis-

sippi Department of Transportation (MDOT) claiming damages from a low-hanging tree limb, the appellate court concluded that there was no proof MDOT breached its ministerial duty to maintain highways or that a breach proximately caused harm to the riders. Even if the appellate court assumed highway inspections were deficient, there was no evidence to causally link a breach to the injuries suffered by the riders. *Calhoun v. Miss. Transp. Comm'n*, 314 So. 3d 181, 2021 Miss. App. LEXIS 135 (Miss. Ct. App. 2021).

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Department of Transportation (MDOT) has the duty to maintain portion of Highway 465 which is a substandard road on a levee until such time as the legislature removes it from the state highway system or enacts legislation

which otherwise ends the responsibility of MDOT to maintain it. The Mississippi Highway Patrol is required to enforce traffic laws on Highway 465 as provided in Section 45-3-21. *Pace*, Aug. 7, 2006, A.G. Op. 06-0285.

§ 65-1-67. Edges of certain highways to be trimmed in color and manner conforming to uniform national standards.

The State Highway Commission is hereby authorized, empowered, and directed to have the State Highway Department trim with edge lines, of a color and in a manner which conforms with uniform national standards relating thereto which have been adopted by the Federal Highway Administration, the edges of all state-designated hard-surfaced highways which are constructed of asphaltic material, in the interest of public safety on said highways. The commission is authorized and directed to have the highway department utilize its engineers and other highway department employees and to expend available public funds for carrying out the intent and purposes of this section.

Except as necessary to accommodate reconstruction, no road or highway shall be opened for public use until the department has complied with the provisions of this section; however, the Director of the State Highway Department may permit segments of roads under contract for maintenance, construction or reconstruction to be open for public use when temporary center line markings are installed. Roadside pennant signs may be used in place of

temporary center line markings in no passing lanes on seal-coated roads. All such temporary center lines or roadside pennant signs shall, as nearly as practicable, be in place before work is discontinued for the day or as soon thereafter as weather conditions permit.

JUDICIAL DECISIONS

ANALYSIS

1. Liability of Department of Transportation.
2. Discretionary function immunity.

1. Liability of Department of Transportation.

Though the Mississippi Department of Transportation was not immune from suit, as the trial court properly found that a five to six inch drop-off on the shoulder of a road was a dangerous condition that was not obvious, which was created by the negligence of the Department and of which the Department knew but failed to warn against, the trial court erred by not assessing some degree of fault to plaintiff driver, who had been obliged to exercise vigilant caution when she learned the

2. Discretionary function immunity.

Mississippi Transportation Commission (MTC) and the Mississippi Department of Transportation (MDOT) were not entitled to discretionary-function immunity from a widow's claims they violated the statute because MTC decided to abide by the prescriptions in the regulations; since one of the regulations provided that all edge lines that had been covered or removed had to be replaced with temporary stripe before work is discontinued for the day, MTC and MDOT could not assert discretion. *Miss. Transp. Comm'n v. Adams*, 197 So. 3d 406, 2016 Miss. LEXIS 232 (Miss. 2016).

§ 65-1-69. Crossings.

Whenever any railroad and state highway or part thereof shall cross each other at the same level and, in the opinion of the State Highway Commission, such crossing is dangerous to public safety or traffic is unreasonably impeded thereby and such crossing should be removed, the State Highway Commission may order such crossing eliminated either by having the State Highway Department carry such state highway under or over the tracks of such railroad.

The plans covering such proposed changes may be made either by the director of the State Highway Department, subject to the approval of the highway commission or the railroad company affected, but shall in either event be approved by both the highway commission and the railroad company before

contract is awarded; but such provision shall not be used to unreasonably delay the construction of any proposed structure. When plans have been approved, such proposed work shall be advertised and contract awarded as elsewhere provided in this chapter for the advertising and awarding of contracts. Joint supervision of construction may be had by both the State Highway Department and the railroad company. The state highway commission and the railroad company shall pay equal parts of the cost of any underpass or overpass across the right-of-way of the railroad company. Such work shall be so planned and prosecuted as to allow the safe and regular operations of trains at every stage of the work.

Appeals from decisions or determinations of the State Highway Commission may be made by any party affected under this section, and the procedure for such appeal shall be the same as is provided by law for appeals from decisions and determinations of the boards of supervisors.

JUDICIAL DECISIONS

1. In general.

§ 65-1-70. Construction of protective devices at railroad crossings.

The Mississippi State Highway Department is authorized to construct protective devices or warning devices at or in the vicinity of any railroad crossing of a public highway under the jurisdiction of any county or incorporated municipality, based upon a showing of need resulting from a multidisciplinary study, whenever federal funds are available for such construction. The department is further authorized to supply, out of any available funds in the

State Highway Fund, a maximum of one percent (1%) of the funds required for such construction if the county or incorporated municipality in which the construction will be performed complies with the necessary conditions for receipt of the balance of federal matching funds for such construction.

OPINIONS OF THE ATTORNEY GENERAL

Counties are responsible for the installation and maintenance of necessary warning signs and pavement markings at rail crossings on roads under their juris-

diction subject to approval by the State Highway Commission. Fortier, Mar. 29, 2002, A.G. Op. #02-0109.

§ 65-1-70.5. Imputation of liability as to protective devices at railroad crossings.

The provisions of Section 65-1-70 shall not impute any liability of any kind or nature to the Mississippi State Highway Commission, the Mississippi State Highway Department or its agents, servants or employees.

HISTORY: Laws, 1988, ch. 408, § 2, eff from and after July 1, 1988.

Editor's Notes — Section 65-1-1 provides that whenever the term "Mississippi State Highway Department," or the term "department" meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-71. Detours.

The director is hereby authorized to close highways for construction purposes and in emergencies, and shall select, lay out, maintain, and keep in as good repair as possible suitable detours by the most practicable route, where same are necessary for the public convenience while any sections of said highways or roads are being improved or constructed or closed. The director shall place or cause to be placed explicit directions to the traveling public during repair of said highway or road under process of construction. As far as practical roads already laid out shall be connected with and used for such detours.

The director is hereby authorized, subject to the approval of the commission, to enter into agreements, spread on the minutes of both boards, with the

local road authorities of the county or counties in which construction or maintenance work is to be done, to pay all or any part of the cost of laying out or maintaining said detours. All expenses to the state of laying out and maintaining said detours shall be paid out of the state highway funds. The director is also authorized, subject to the approval of the commission, to make reasonable rules and regulations to keep highways under construction open to traffic where such action is deemed to be practical and desirable.

If any county-maintained road or municipally-maintained street is used temporarily as a part of a state highway detour, it shall be the duty of the highway department, when said detour is abandoned as such, to place the same in as good condition as said road or street was when its use as a detour began.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Traffic violations.

1. In general.

The first two paragraphs of this section impose an authoritative control over commitments of highway department funds by requiring that either the director, or the director with approval of the commission, must commit state funds. *Lowndes County v. Mississippi State Highway Com.*, 220 So. 2d 349, 1969 Miss. LEXIS 1461 (Miss. 1969).

The third paragraph of this section must be considered with the remainder of the statute and the evidence purposes of the legislature, one of which purposes, expressly applicable to emergencies, is to place the responsibility upon either the director or the commission, or both, to make an authorization of a detour for which the commission's funds are liable. *Lowndes County v. Mississippi State Highway Com.*, 220 So. 2d 349, 1969 Miss. LEXIS 1461 (Miss. 1969).

The dominant purpose of the third para-

graph of this section expressly applicable to emergencies, is to place the responsibility upon either the director or the commission, or both, to make an authorization of a detour for which the commission's funds are liable, and this paragraph is not sufficient of itself to impose liability for damages upon the commission and its highway department funds, either expressly or by necessary implication. *Lowndes County v. Mississippi State Highway Com.*, 220 So. 2d 349, 1969 Miss. LEXIS 1461 (Miss. 1969).

2. Traffic violations.

Although there was no violation of § 63-3-516 when the defendant drove 67 miles per hour in a construction zone that was posted at 60 miles per hour because it was nighttime and no workers were present, there was a violation of this section as he did not obey a sign which was erected to control the use of the road during construction. *Harrison v. State*, 2000 Miss. App. LEXIS 44 (Miss. Ct. App. Feb. 8, 2000), *aff'd*, 800 So. 2d 1134, 2001 Miss. LEXIS 223 (Miss. 2001).

§ 65-1-73. Repair of city streets used as detours for United States highways.

The Mississippi State Highway Commission is authorized, in its discretion, to have the state highway department repair any paved city streets used as a detour subsequent to the year 1944 for any United States numbered highway while the same was under construction or reconstruction, provided such paved city streets were marked by the highway commission as such detour. The extent of the repairs authorized hereby shall be to place such streets in as good condition as the same were at the time their use as such detour began, and is supplemental to the authority provided by Section 65-1-71.

HISTORY: Codes, 1942, § 8034.5; Laws, 1950, ch. 401; Laws, 1981, ch. 464, § 15, eff from and after July 1, 1981.

Editor's Notes — Section 65-1-1 provides that whenever the term "Mississippi State Highway Department," or the term "department" meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-75. Municipalities.

(1) The Mississippi Transportation Commission is authorized and empowered to have the Transportation Department locate, construct, reconstruct and maintain any designated state highway under its jurisdiction to, through, across or around any municipality in the state, regardless of the width of the street between curbs; and in so locating it is fully empowered to follow the route of the existing street or to depart therefrom, as in its discretion it deems advisable, and to obtain and pay for the necessary rights-of-way, as provided in Section 65-1-47. The municipality in which such construction is to be undertaken is likewise authorized to acquire rights-of-way on any such streets or on any newly located routes, either by purchase, gift or condemnation. Such rights-of-way may be acquired by either the municipality or the Transportation Department, subject to the approval of the commission, and the cost thereof may be borne by either or both as may be mutually agreed upon. In any event such municipality may be required to save the commission and department harmless from any claims for damages arising from the construction of the highway through such municipality, including claims for rights-of-way, change of grade line, interference with public structures, and any and all damages so arising. Municipalities may secure additional improvements by payment of the additional cost of same. The commission may require such municipality to cause to be laid all water, sewer, gas or other pipelines or conduits, together with all necessary house or lot connections or services, to the curb line of such road or street to be constructed, and the commission is authorized to refuse to have the department lay such pipelines or conduits beneath such roads or

streets until the municipality has laid same or entered into an agreement to reimburse the commission or department for the expense thereby incurred.

(2) All construction of state highways in or through municipalities, where done at the cost and expense of the state, whether heretofore or hereafter, shall be maintained in the same manner and to the same extent as is construction on state highways outside the limits of municipalities to the end that investment of the state in such highway so constructed may be preserved and maintained; and all reasonable rules and regulations with reference to the preservation and maintenance of such highways constructed at state expense, whether within or without municipal limits, may be promulgated by the commission, except that it shall have no power to promulgate police regulations contrary to existing law. On any municipal streets or parts or sections thereof taken over for regular maintenance and maintained by the department as a part of the state highway system, the municipality shall not be liable for negligence occasioned by the maintenance or repair of such streets thus apportioned to and of such width as is maintained by the department. The municipality shall have full control and responsibility beyond the curb lines of any designated highway or street, whether heretofore or hereafter so designated, (except the interstate system) located within its present or future expanded municipal corporate limits, regardless of the ownership of the right-of-way, including, but not limited to, the construction and maintenance of sidewalks, grass mowing and drainage systems; however, the department may utilize the right-of-way purchased by the commission without any additional cost or permission.

The municipality shall not allow any encroachments, signs or billboards to be erected or to remain on state-owned rights-of-way on any designated highway within its corporate limits without the consent of the commission. The municipality, at its own expense, shall provide street illumination and shall clean all streets, including storm sewer inlets and catch basins. The commission may enter into an agreement with the municipality or with a private entity to sweep and clean the designated highways within or without the corporate limits. The commission may, at state expense, provide illumination and may clean all interstate highways within the corporate limits of any municipality. The right of the municipality to grant franchises over, beneath and upon such streets is specifically retained, but the municipality shall require every grantee of a franchise to restore, repair and replace to its original condition any portion of any such street damaged or injured by it; however, permission to open the surface of any municipal street maintained by the department must be obtained from both the commission and the municipality concerned before any such opening is made. Each municipality shall retain full police power over its streets, particularly as to regulating and enforcing traffic and parking restrictions on such streets, but any traffic control and parking regulations repugnant to state law shall be null and void. The commission shall have the department erect, control and maintain all highway route markers and directional signs on such streets at state expense. The commission, at state expense, shall have the department install, operate, maintain,

control, and have full jurisdiction over, all traffic control devices, including, but not limited to, signals, signs, striping and lane markings on state highway streets in municipalities having a population of twenty thousand (20,000) or less according to the current United States census; but municipalities over twenty thousand (20,000) population according to such census shall install, operate, maintain and control such devices at their own expense, subject to approval of the executive director regarding operations, method of installation and type only. Municipalities having a population of five thousand (5,000) or more but less than twenty thousand (20,000) according to the most recent federal census shall only be responsible for electrical operating costs; and all other costs for the installation, operation and maintenance of traffic control devices, including the changing of signal bulbs in traffic signal lights, shall be the responsibility of the Transportation Department. The commission may purchase at state expense and install traffic control devices in municipalities over twenty thousand (20,000) population and donate them to the municipalities for operation and maintenance whenever it appears to the commission that, in the interest of safety or convenience of the motoring public, any of the devices should be upgraded, replaced or removed. Any revenue from parking meters on any such streets shall be controlled by and belong to the municipality.

(3) The maintenance of all streets within the limits of any municipality in this state, regardless of size, which are presently being regularly maintained, in whole or in part, by the department at state expense as a part or parts of any designated state highway shall be continued. Whenever any state highway runs into or through the corporate limits of any municipality, the municipal street or the street utilized and marked as a part of any such state highway may be a part of the state highway system and may be maintained by the department; however, such route through any municipality shall be selected by the commission by orders spread on its minutes describing all such routes, and such route or routes may be changed, relocated or abandoned by the commission from time to time, all under the provisions, terms and conditions herein provided, but the commission shall have the department maintain only one (1) route of any highway through a municipality. Upon relocation of such state highway or abandonment thereof, the municipal street formerly used as a state highway shall thereby return to the jurisdiction of, and maintenance by, the municipality.

(4) Notwithstanding any other provision of this section to the contrary, beginning on July 1, 2021, the department shall maintain grass mowing of rights-of-way for any state highways located within the municipal limits of any municipality in the state with a population of ten thousand (10,000) or less according to the latest federal decennial census that desires that the department perform grass mowing services, provided that it is in accordance with the department's annual mowing schedule and that the department shall not be required to maintain grass mowing for areas that are subject to a beautification permit or agreement.

JUDICIAL DECISIONS

1. In general.

Subdivision (2) of this section serves only to relieve the city from any liability because of negligence occasioned by the repair and maintenance of a street maintained by the highway department, and it does not relieve the city for its negligence in causing an excavation or ditch to be opened and maintained in a dangerous condition at a place that extends into that part of the street being maintained by the highway department. *City of Laurel v. Upton*, 253 Miss. 380, 175 So. 2d 621, 1965 Miss. LEXIS 995 (Miss. 1965).

The provision of paragraph (2) of this section that “the municipality shall have full control and responsibility beyond the curb lines of any such streets” refers to streets being maintained by the state highway commission, not to highways where the commission owned the right of way lying both within and without the curbs; and where the commission has title to the right of way of a highway running through the city, it has the power to cause the removal of certain commercial signs projecting over and above the right of way,

whether such use or obstructions constitute safety hazards or not. *Mississippi State Highway Com. v. Adams*, 230 Miss. 559, 93 So. 2d 650, 1957 Miss. LEXIS 397 (Miss. 1957).

Municipalities of 2,500 in population or more are not included within Code 1942, §§ 8035, 8036 except as to those sections of the municipality wherein the houses average more than 200 feet apart. *State Highway Com. v. Coahoma County*, 203 Miss. 629, 32 So. 2d 555, 1947 Miss. LEXIS 367 (Miss. 1947).

This section did not modify the power of a municipality of paramount control or jurisdiction with reference to rules and regulations governing the use of streets by travelers, including the parking of cars on a street in a municipality where such street is a part of one of the primary highways in the state. *Ellisville v. § 65-1-77. Agreements for highway and street projects forming part of overall plan encompassed by Title 23, United States Code.

The State Highway Commission and the counties and municipalities of the state are hereby authorized to enter into agreements for highway and street projects which are a part of an overall plan to be administered under the provisions of Title 23, United States Code. Such agreements may provide for traffic engineering assistance to the local governments for the development by the State Highway Department of records systems for local roads and streets. The counties and municipalities of the state are authorized to deposit with the State Highway Department the federal aid matching requirement for the project from any available fund. The county and/or municipal share and the federal share will be handled in the manner provided therefor in Section 65-9-17. The county will be required to fulfill its obligation for maintenance of any project constructed under this authorization in the same manner required of or for any state aid road. It shall be the duty of the municipal officials of any incorporated city entering into this agreement to properly maintain and operate any completed project or improvement on the municipal street system. It shall be the duty of the chief engineer of the State Highway Department and his assistants to make at least annual maintenance inspections of completed projects and such other periodic inspections as he shall deem necessary. If essential maintenance is not properly and regularly done in the opinion of the chief engineer, then notice shall be given by the director of the State Highway Department in writing to the county or municipality in fault; and, if such maintenance is not done and continued within sixty (60) days from the date of such notice, then the director of the State Highway Department may proceed to have done the necessary maintenance and repair work on such street and have the cost of same credited to the State Highway Fund from any fund available to the county or municipality within the state treasury.

Editor's Notes — Section 65-1-1 provides that whenever the term "Mississippi State Highway Department," or the term "department" meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-79. Agreements for purpose of securing federal aid funds available under Title 23, United States Code.

The State Highway Commission is authorized to enter into agreements with the United States of America for the purpose of securing federal aid funds

when available under the provisions of Title 23, United States Code. The federal aid received under this authorization may be used on roads and streets, either on or off the designated highway system or designated state aid system. The State Highway Commission is given the power and authority to approve the system of roads and streets when the approval of such system(s) establishes the eligibility for these roads and streets for federally funded projects when the necessary matching requirement of the federal aid is supplied by the political subdivision wherein the system or project lies. The State Highway Commission is further vested with full authority to determine the priority of the expenditure of these funds and to approve the priority of improvements financed as a result of such authorization.

HISTORY: Codes, 1942, § 8059.5-52; Laws, 1970, ch. 441, § 2; Laws, 1974, ch. 318, § 2, eff from and after passage (approved March 5, 1974).

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-81. Counties and municipalities may contribute funds to aid construction of state highways.

(1) Any municipality in the State of Mississippi, into or through which a designated state highway runs or is proposed to be run by the State Highway Commission, may, within the discretion of its governing authorities, contribute funds to the State Highway Commission for the purpose of aiding in the building or construction of such highway, including the construction of necessary bridges, in an amount to be determined by agreement in writing between the State Highway Commission and the governing authority of such municipality and entered in their respective minutes; but in no event shall such contribution exceed one half of one per centum of the total assessed valuation of such municipality, according to the last completed assessment roll of the taxable property therein.

(2) Any county within the State of Mississippi, into or through which a designated state highway runs or is proposed to be run by the State Highway Commission, whether within or without a municipality, may, within the discretion of its board of supervisors, contribute funds to the State Highway Commission for the purpose of aiding in the building or construction of such highway, including the construction of necessary bridges, in an amount to be determined by agreement in writing between the State Highway Commission and the board of supervisors of such county and entered in their respective minutes; but in no event shall such contribution exceed one fifth of one per centum of the total assessed valuation of such county, according to the last completed assessment roll of the taxable property therein.

(3) Any municipality or county, exercising any of the powers granted herein, is hereby authorized and empowered to issue general obligation bonds to provide funds for the aforesaid purpose. Any municipality issuing such

bonds shall proceed in compliance with the provisions of Sections 21-33-301 through 21-33-329, Mississippi Code of 1972, and any county issuing such bonds shall proceed in compliance with the provisions of Sections 19-9-1 through 19-9-31, Mississippi Code of 1972, and all such bonds shall be sold in the manner provided by Section 31-19-25, Mississippi Code of 1972. However, where a municipality and county jointly obligate themselves to make contributions to the State Highway Commission, as provided herein, such municipality and such county may enter into an agreement to be spread on the minutes of the board of supervisors of such county and the minutes of the governing authority of such municipality, under which the municipality may issue bonds to raise funds for both the municipality and county, or the county may issue bonds to raise funds for both the county and municipality. Any such agreement may provide that in lieu of issuing its bonds hereunder, the municipality or the county, as the case may be, may contribute money to the other annually or semiannually in such amount and for such period of time as may be agreed upon by the two governing authorities, for the purpose of retiring its portion of the bonds issued by the other; and the obligation assumed by the nonissuing authority may be pledged in addition to the full faith, credit, and resources of the issuing authority for the payment of such bonds as they mature and the interest thereon as it may accrue. Both the municipality and the county, by their respective governing authorities, are hereby authorized and empowered to levy and collect the necessary ad valorem taxes on all taxable property within their respective jurisdictions sufficient to retire such bonds, or to provide funds to contribute to the other authority, as required by the aforesaid agreement; when any county shall be required to make a contribution to a municipality under the terms of this section, such contribution may be made from the proceeds of a tax to be levied pursuant to the provisions of Section 65-15-7, as the same now exists or may hereafter be amended, or from any source or sources available to such county. In the event that the required funds or any part thereof are thus provided, the annual ad valorem tax hereinabove provided for may be correspondingly reduced. Any bonds issued by any municipality or any county under the terms and provisions of this section, or any pledge of contributions made by any county or municipality, shall be excepted from all limitations of indebtedness prescribed by any general or special law and shall not be considered in applying any present or future limitations of indebtedness. This section is cumulative and is in addition to any authority now exercised by counties and municipalities under any other law relating to either.

(4) Any tax levy made to service the bonds authorized to be issued under authority of this section shall not be refundable under the homestead exemption laws of this state.

§ 65-1-83. Traffic census and other surveys, inspections or studies.

The State Highway Commission shall continue through the State Highway Department to cooperate with the United States Department of Transportation, as necessary, in the taking of a traffic census and the making of other surveys, inspections or studies as said federal agency may request or require pertaining to or on the state highway system and such other roads, bridges and highways within this state as it may deem advisable.

§ 65-1-85. Method of awarding contracts.

(1) All contracts by or on behalf of the commission for the purchase of materials, equipment and supplies shall be made in compliance with Section 31-7-1 et seq. All contracts by or on behalf of the commission for construction, reconstruction or other public work authorized to be done under the provisions of this chapter, except maintenance, shall be made by the executive director, subject to the approval of the commission, only upon competitive bids after due advertisement as follows, to wit:

(a) Advertisement for bids shall be in accordance with such rules and regulations, in addition to those herein provided, as may be adopted therefor by the commission, and the commission is authorized and empowered to make and promulgate such rules and regulations as it may deem proper, to provide and adopt standard specifications for road and bridge construction, and to amend such rules and regulations from time to time.

(b) The advertisement shall be inserted twice, being once a week for two (2) successive weeks in a newspaper published at the seat of government in Jackson, Mississippi, having a general circulation throughout the state, and no letting shall be less than fourteen (14) days nor more than sixty (60) days after the publication of the first notice of such letting, and notices of such letting may be placed in a metropolitan paper or national trade publication.

(c) Before advertising for such work, the executive director shall cause to be prepared and filed in the department detailed plans and specifications covering the work proposed to be done and copies of the plans and specifications shall be subject to inspection by any citizen during all office hours and made available to all prospective bidders upon such reasonable terms and conditions as may be required by the commission. A fee shall be charged equal to the cost of producing a copy of any such plans and specifications.

(d) All such contracts shall be let to a responsible bidder with the lowest and best bid, and a record of all bids received for construction and reconstruction shall be preserved.

(e) Each bid for such a construction and reconstruction contract must be accompanied by a cashier's check, a certified check or bidders bond executed by a surety company authorized to do business in the State of Mississippi, in the principal amount of not less than five percent (5%) of the bid, guaranteeing that the bidder will give bond and enter into a contract for the faithful performance of the contract according to plans and specifications on file.

(f) Bonds shall be required of the successful bidder in an amount equal to the contract price. The contract price shall mean the entire cost of the particular contract let. In the event change orders are made after the execution of a contract which results in increasing the total contract price, additional bond in the amount of the increased cost may be required. The surety or sureties on such bonds shall be a surety company or surety companies authorized to do business in the State of Mississippi, all bonds to be payable to the State of Mississippi and to be conditioned for the prompt, faithful and efficient performance of the contract according to plans and specifications, and for the prompt payment of all persons furnishing labor, material, equipment and supplies therefor. Such bonds shall be subject to the additional obligation that the principal and surety or sureties executing the same shall be liable to the state in a civil action instituted by the state at the instance of the commission or any officer of the state authorized in such cases, for double any amount in money or property the state may lose or be overcharged or otherwise defrauded of by reason of any wrongful or criminal act, if any, of the contractor, his agent or employees.

(2) With respect to equipment used in the construction, reconstruction or other public work authorized to be done under the provisions of this chapter: the word "equipment," in addition to all equipment incorporated into or fully consumed in connection with such project, shall include the reasonable value of the use of all equipment of every kind and character and all accessories and attachments thereto which are reasonably necessary to be used and which are used in carrying out the performance of the contract, and the reasonable value of the use thereof, during the period of time the same are used in carrying out the performance of the contract, shall be the amount as agreed upon by the persons furnishing the equipment and those using the same to be paid therefor, which amount, however, shall not be in excess of the maximum current rates and charges allowable for leasing or renting as specified in

Section 65-7-95; the word "labor" shall include all work performed in repairing equipment used in carrying out the performance of the contract, which repair labor is reasonably necessary to the efficient operation of said equipment; and the words "materials" and "supplies" shall include all repair parts installed in or on equipment used in carrying out the performance of the contract, which repair parts are reasonably necessary to the efficient operation of said equipment.

(3) The executive director, subject to the approval of the commission, shall have the right to reject any and all bids, whether such right is reserved in the notice or not.

(4) The commission may require the prequalification of any and all bidders and the failure to comply with prequalification requirements may be the basis for the rejection of any bid by the commission. The commission may require the prequalification of any and all subcontractors before they are approved to participate in any contract awarded under this section.

(5) The commission may adopt rules and regulations for the termination of any previously awarded contract which is not timely proceeding toward completion. The failure of a contractor to comply with such rules and regulations shall be a lawful basis for the commission to terminate the contract with such contractor. In the event of a termination under such rules and regulations, the contractor shall not be entitled to any payment, benefit or damages beyond the cost of the work actually completed.

(6) Any contract for construction or paving of any highway may be entered into for any cost which does not exceed the amount of funds that may be made available therefor through bond issues or from other sources of revenue, and the letting of contracts for such construction or paving shall not necessarily be delayed until the funds are actually on hand, provided authorization for the issuance of necessary bonds has been granted by law to supplement other anticipated revenue, or when the department certifies to the Department of Finance and Administration and the Legislative Budget Office that projected receipts of funds by the department will be sufficient to pay such contracts as they become due and the Department of Finance and Administration determines that the projections are reasonable and receipts will be sufficient to pay the contracts as they become due. The Department of Finance and Administration shall spread such determination on its minutes prior to the letting of any contracts based on projected receipts. Nothing in this subsection shall prohibit the issuance of bonds, which have been authorized, at any time in the discretion of the State Bond Commission, nor to prevent investment of surplus funds in United States government bonds or State of Mississippi bonds as presently authorized by Section 12, Chapter 312, Laws of 1956.

(7) All other contracts for work to be done under the provisions of this chapter and for the purchase of materials, equipment and supplies to be used as provided for in this chapter shall be made in compliance with Section 31-7-1 et seq.

(8) The commission shall not empower or authorize the executive director, or any one or more of its members, or any engineer or other person to let or

make contracts for the construction or repair of public roads, or building bridges, or for the purchase of material, equipment or supplies contrary to the provisions of this chapter as set forth in this section, except in cases of flood or other cases of emergency where the public interest requires that the work be done or the materials, equipment or supplies be purchased without the delay incident to advertising for competitive bids. Such emergency contracts may be made without advertisement under such rules and regulations as the commission may prescribe.

(9) The executive director, subject to the approval of the commission, is authorized to negotiate and make agreements with communities and/or civic organizations for landscaping, beautification and maintenance of highway rights-of-way; however, nothing in this subsection shall be construed as authorization for the executive director or commission to participate in such a project to an extent greater than the average cost for maintenance of shoulders, backslopes and median areas with respect thereto.

(10) The executive director may negotiate and enter into contracts with private parties for the mowing of grass and trimming of vegetation on the rights-of-way of state highways whenever such practice is possible and cost effective.

(11)(a) As an alternative to the method of awarding contracts as otherwise provided in this section, the commission may use the design-build method of contracting for the following:

(i) Projects for the Mississippi Development Authority pursuant to agreements between both governmental entities;

(ii) Any project with an estimated cost of not more than Ten Million Dollars (\$10,000,000.00), not to exceed two (2) projects per fiscal year; and

(iii) Any project which has an estimated cost of more than Ten Million Dollars (\$10,000,000.00), not to exceed one (1) project per fiscal year.

(b) As used in this subsection, the term "design-build" method of contracting means a contract that combines the design and construction phases of a project into a single contract and the contractor is required to satisfactorily perform, at a minimum, both the design and construction of the project.

(c) The commission shall establish detailed criteria for the selection of the successful design-build contractor in each request for design-build proposals. The evaluation of the selection committee is a public record and shall be maintained for a minimum of ten (10) years after project completion.

(d) The commission shall maintain detailed records on projects separate and apart from its regular record keeping. The commission shall file a report to the Legislature evaluating the design-build method of contracting by comparing it to the low-bid method of contracting. At a minimum, the report must include:

(i) The management goals and objectives for the design-build system of management;

(ii) A complete description of the components of the design-build management system, including a description of the system the depart-

ment put into place on all projects managed under the system to insure that it has the complete information on highway segment costs and to insure proper analysis of any proposal the commission receives from a highway contractor;

(iii) The accountability systems the Transportation Department established to monitor any design-build project's compliance with specific goals and objectives for the project;

(iv) The outcome of any project or any interim report on an ongoing project let under a design-build management system showing compliance with the goals, objectives, policies and procedures the department set for the project; and

(v) The method used by the department to select projects to be let under the design-build system of management and all other systems, policies and procedures that the department considered as necessary components to a design-build management system.

(e) All contracts let under the provisions of this subsection shall be subject to oversight and review by the State Auditor. The State Auditor shall file a report with the Legislature on or before January 1 of each year detailing his findings with regard to any contract let or project performed in violation of the provisions of this subsection. The actual and necessary expenses incurred by the State Auditor in complying with this paragraph (e) shall be paid for and reimbursed by the Mississippi Department of Transportation out of funds made available for the contract or contracts let and project or projects performed.

(12) The provisions of this section shall not be construed to prohibit the commission from awarding or entering into contracts for the design, construction and financing of toll roads, highways and bridge projects as provided under Sections 65-43-1 and 65-43-3.

1. In general.

When a contractor sued insurers and their agent for negligently issuing a bid bond without authority, due to expiration of the agent's certificate for failure to pay a renewal fee, summary judgment erred because the agent was unauthorized to issue the bond, which had to be valid on the date issued but was null and void, and a later payment of the fee and reinstatement of the agent did not retroactively validate the bond, so fact questions existed as to the negligent issuance of the bond contrary to a duty to the contractor. *King Metal Bldgs., Inc. v. Renasant Ins., Inc.*, 159 So. 3d 567, 2014 Miss. App. LEXIS 377 (Miss. Ct. App. 2014), cert. denied, 158 So. 3d 1153, 2015 Miss. LEXIS 142 (Miss. 2015).

Although the construction company claimed that the other company's bid proposal did not meet the requirements of § 102.07(e) of the Mississippi Standard Specifications for Road and Bridge Construction, 1990 Edition, because it did not contain a signed second unnumbered page of the proposal with Addendum, § 102.07 did not require the rejection of any bid that had any irregularity as defined therein and the irregularity was not material; therefore, the irregularity was minor, one which the Mississippi Transportation Commission retained the discretion to waive, and accordingly not reversible error. *Hill Bros. Constr. & Eng'g Co. v. Miss. Transp. Comm'n*, 909 So. 2d 58, 2005 Miss. LEXIS 511 (Miss. 2005).

In a dispute over the competitive bidding process under Miss. Code Ann. § 65-1-85, the Mississippi Transportation Commission did not act arbitrarily and capriciously by exercising its discretion under Miss. Standard Specifications for Road and Bridge Construction § 102.07 (1990) to accept an irregular bid; the accepted bidder failed to sign one page. *Hill Bros. Constr. & Eng'g Co. v. Miss. Transp. Comm'n*, 2005 Miss. LEXIS 146 (Miss. Mar. 3, 2005).

Failure of a low bidder to acknowledge receipt of an addendum does not require the rejection of that bid. *Hill Bros. Constr. & Eng'g Co. v. Miss. Transp. Comm'n*, 2005 Miss. LEXIS 146 (Miss. Mar. 3, 2005).

Where a tractor was not substantially consumed in the performance of a highway construction contract and had a useful life expectancy greatly in excess of the particular contract, it was error to hold the surety on the contractor's bond liable for rental purchase payments on the machine, as this section covers labor, material, equipment, and supplies in connection with a particular project and does not impose upon the surety liability in connection with long-lived equipment reasonably anticipated to be necessary for the fulfillment of the road contract at hand and capable with its life expectancy of use on many other similar projects. *Transamerica Ins. Co. v. Carter Equipment Co.*, 206 So. 2d 632, 1968 Miss. LEXIS 1581 (Miss. 1968).

The chancellor did not err in rendering judgment against the surety on the bond given under this section for repairs and parts furnished prior to the repossession of the equipment. *Euclid-Mississippi v. Western Casualty & Surety Co.*, 249 Miss. 779, 163 So. 2d 904, 1964 Miss. LEXIS 435 (Miss. 1964).

While day to day repairs to keep equipment operating on the job are covered by the bond given under this section, where major replacements or improvements to machinery are involved, these may take on the characteristics of new equipment acquisitions, inconsistent with the concept of operating repairs for which liability exists under the bonds. *Euclid-Mississippi v. Western Casualty & Surety Co.*, 249 Miss. 779, 163 So. 2d 904, 1964 Miss. LEXIS 435 (Miss. 1964).

The surety on a bond given under this section [Code 1942, § 8041] was not liable to a conditional vendor for the balance due by the contractor-vendee on tractors and road scrapers which would not be substantially used on the bonded project, but which upon completion would become part of the contractor's permanent capital plant, and would serve other contracts as well. *Euclid-Mississippi v. Western Casualty & Surety Co.*, 249 Miss. 779, 163 So. 2d 904, 1964 Miss. LEXIS 435 (Miss. 1964).

The bond for public improvement is designed for the protection of those who furnish materials which either enter into and become a permanent part of the improvement, or are substantially consumed in the course of its construction. *Euclid-Mississippi v. Western Casualty & Surety Co.*, 249 Miss. 779, 163 So. 2d 904, 1964 Miss. LEXIS 435 (Miss. 1964).

The surety on a public contractor's bond, conditioned on the payment of all persons furnishing labor, material, equipment or supplies, is liable to the unpaid materialman of a sub-contractor. *Mississippi Road Supply Co. v. Western Casualty & Surety Co.*, 246 Miss. 510, 150 So. 2d 847, 1963 Miss. LEXIS 472 (Miss. 1963).

A prime contractor compelled by a subcontractor's default to complete his contract becomes subrogated to all rights of the subcontractor in money withheld pending completion of the contract. *United States v. Raley Contracting Co.*, 210 F. Supp. 54, 1962 U.S. Dist. LEXIS 4891 (N.D. Miss. 1962).

6. Under former law—generally.

The former section was applicable only to contracts with the state highway com-

mission for highway construction. *Watts v. Western Casualty & Surety Co.*, 210 Miss. 211, 49 So. 2d 255, 1950 Miss. LEXIS 339 (Miss. 1950).

7. —Contractor's liability for supplies, equipment, and the like.

In an action against surety on a contractor's bond executed by person contracting with political subdivision, rent and freight on a dragline and light plant used by the contractor in dredging and improving a ditch and canal are not to be construed as labor and materials furnished in the work of construction. *Watts v. Western Casualty & Surety Co.*, 210 Miss. 211, 49 So. 2d 255, 1950 Miss. LEXIS 339 (Miss. 1950).

It is too late to raise for the first time on appeal the issue that the declaration made no mention of the statutory obligation or that the supplies were furnished for, and in the course of, the performance of a state highway contract, where testimony was admitted without objection which presented all the elements of the proof necessary to bring the case within the statute. *Arkansas Fuel Oil Co. v. Trinidad Asphalt Mfg. Co.*, 189 Miss. 366, 198 So. 41, 1940 Miss. LEXIS 134 (Miss. 1940).

The liability imposed upon the original contractor to pay all persons who furnish labor, material, equipment or supplies for, and in the course of, the performance of the contract, includes materials and supplies furnished to a subcontractor. *Arkansas Fuel Oil Co. v. Trinidad Asphalt Mfg. Co.*, 189 Miss. 366, 198 So. 41, 1940 Miss. LEXIS 134 (Miss. 1940).

Bond of contractor insuring prompt payment of those furnishing equipment for construction of state highway covers equipment furnished to subcontractor. *Shuptrine v. Jackson Equipment & Service Co.*, 168 Miss. 464, 150 So. 795, 1933 Miss. LEXIS 190 (Miss. 1933).

"Equipment" within bond, includes rental on crane rented to subcontractor. *Shuptrine v. Jackson Equipment & Service Co.*, 168 Miss. 464, 150 So. 795, 1933 Miss. LEXIS 190 (Miss. 1933).

Contractual provision that rental of crane was to be paid out of first moneys becoming due subcontractor from contractor, did not waive protection of contrac-

tor's statutory bond. *Shuptrine v. Jackson* 150 So. 795, 1933 Miss. LEXIS 190 (Miss. Equipment & Service Co., 168 Miss. 464, 1933).

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Transportation Commission may not enter into a supplemental agreement to a construction contract which alters the nature of or increases the aggregate of the scope of work to be conducted under the contract unless exigent circumstances exist. *Robinson*, February 22, 1995, A.G. Op. #95-0100.

The Mississippi Transportation Commission is authorized to make and promulgate reasonable rules and regulations, to provide and adopt standard specifications, including specifications requiring a warranty or warranties of workmanship, materials or performance, including as-

phalt paving, as a condition of letting or awarding a road or bridge construction contract. *Warren*, January 8, 1999, A.G. Op. #98-0759.

The Mississippi Department of Transportation (MDOT) has the authority in times of emergency to utilize the "design-build" process described in Section 65-1-85 on bridge replacement projects, and, due to the emergency nature of the projects, MDOT is authorized to utilize the "design-build" process on more than one project even if the cost of each individually exceeds \$50,000,000.00. *Brown*, Sept. 27, 2005, A.G. Op. 05-0491.

Dunn, Construction Contract Claims

§ 65-1-86. Duty of Attorney General with respect to illegal contracts or criminal acts.

The Attorney General shall, with or without a request by the State Highway Commission, bring any lawsuit, in the name of the State Highway Commission, to recover any monies lost through illegal contracts, fraud, false pretense or any other criminal act, and the highway commission shall, at the direction of the Attorney General, supply internal audits or perform any other necessary act to furnish the attorney general with any evidence pertaining to such loss for use by the Attorney General in the preparation of said lawsuits.

HISTORY: Laws, 1973, ch. 418, § 1, eff from and after passage (approved March 29, 1973).

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Editor's Notes — Former §§ 65-1-93 through 65-1-109 pertained to relocation programs.

Laws of 1972, ch. 526, § 15, effective July 1, 1972, provides that Chapter 39 of Title 43 supersedes §§ 65-1-93 through 65-1-109, Code of 1972. Section 15 reads as follows:

“SECTION 15. From and after the effective date of this act, sections 8023.5-01 through 8023.5-11, inclusive, Mississippi Code of 1942 [§§ 65-1-93 through 65-1-109, Mississippi Code of 1972], shall be superseded by this act. Provided, however, that nothing contained in this act shall in any way affect or apply to any dealings, negotiations or actions commenced prior to the effective date of this act, under sections 8023.5-01 through 8023.5-11, inclusive, Mississippi Code of 1942 [§§ 65-1-93 through 65-1-109, Mississippi Code of 1972]; but all such dealings, negotiations or actions shall be concluded under the provisions of said sections under which commenced, whether such conclusion is before or after the effective date of this act. Said sections 8023.5-01 through 8023.5-11, inclusive, Mississippi Code of 1942 [§§ 65-1-93 through 65-1-109, Mississippi Code of 1972], shall remain in full force and effect after the effective date of this act as to all such dealings, negotiations and actions so commenced prior to the effective date of this act.”

§ 65-1-110. Mississippi Department of Transportation Equipment Purchase Fund established.

There is hereby created in the State Treasury a special fund to be designated as the Mississippi Department of Transportation Equipment Purchase Fund into which shall be deposited such funds as may be appropriated by the Legislature, any funds obtained from the “buy back” option offered by equipment manufacturers or suppliers of certain types of equipment, funds obtained from the sale of equipment by the Mississippi Department of Transportation and funds obtained from insurance settlements with regard to equipment utilized by the Mississippi Department of Transportation. Money deposited into the fund shall not lapse at the end of any fiscal year and investment earnings on the proceeds in such special fund shall be deposited into such fund. Money from such fund shall be disbursed therefrom upon warrants issued by the State Fiscal Officer upon requisitions signed by the Executive Director of the Mississippi Department of Transportation to purchase or lease equipment for the Mississippi Department of Transportation.

HISTORY: Laws, 2002, ch. 544, § 1, eff from and after July 1, 2002.

§ 65-1-111. Highway funds; bond and interest funds.

All monies from any source provided by law shall be covered and paid into

the State Treasury as other public funds are paid, and it shall be the duty of the Department of Finance and Administration to advise the Mississippi Transportation Commission of the amount of money allotted to the commission on hand from time to time. It shall be the duty of the Department of Finance and Administration to place and allocate those funds so covered into the State Treasury in the State Highway Fund. The interest earned on the investment of any highway funds shall be paid into the State Highway Fund, except as otherwise provided in Section 15 of Laws, 2004, ch. 595. If any highway bonds or notes are issued, the Transportation Commission will adopt a resolution requesting the Bond Commission to issue such bonds or notes as may be authorized and a "bond and interest sinking fund" and "note fund" shall be kept separate from the highway fund by the State Treasurer pursuant to the bond resolution adopted by the State of Mississippi Bond Commission.

§ 65-1-113. Audit and budget.

The books and accounts of the Mississippi Department of Transportation shall be audited at the end of each fiscal year by the State Auditor. A copy of the audit shall be filed with the Governor, the Legislative Budget Office, and the Department of Finance and Administration and a copy kept on file in the Office of the Mississippi Transportation Commission. The audit shall be so segregated that it shall show in detail the expenditures of the Mississippi Department of Transportation for the period involved.

At a regular meeting in April of each year prior to the beginning of each July 1 fiscal year, the Mississippi Transportation Commission shall adopt a complete, detailed and itemized budget of each construction program, maintenance and administration based on information as required by the Legislative Budget Office, which budget shall not exceed a reasonably anticipated income of the commission for the succeeding fiscal year, and the essential features of such budget shall be spread at large on the minutes of the commission. A copy of the detailed budget shall be filed with the Governor and three (3) copies each with the Legislative Budget Office and the Department of Finance and Administration on or before May 30 of each year and shall cover all anticipated expenditures for construction, maintenance and all other expenditures for the ensuing fiscal year. The commission shall not make expenditures in excess of its published budget or any item thereof without written notice to the Legislative Budget Office and prior approval of the Department of Finance and Administration, except in case of extraordinary, unusual or unprecedented occurrences arising by reason of unforeseen events, floods, hurricanes or other acts of God or force majeure, in which event, upon the declaration of emergency and necessity spread at large upon the minutes, appropriate and necessary emergency expenditures may be made.

§ 65-1-123. Sale or disposal of unnecessary property.

(1) Except as otherwise provided in subsection (10) of this section, whenever any personal property has been acquired in any manner by the Mississippi Transportation Commission for public use and in the opinion of the commission, all or any part of the property becomes unnecessary for public use, the commission is authorized to dispose of such property for a fair and reasonable cash market price. Any such sale shall be a sale upon the receipt of sealed bids after reasonable advertisement for bids in such manner and at such time and place as the commission may deem proper and advisable, except that the commission may sell at private sale any such personal property not necessary for public purposes the cash market value of which is less than Five Hundred Dollars (\$500.00); however, if the personal property is timber, the commission may sell at private sale any such timber not necessary for public purposes the cash market value of which is less than Five Thousand Dollars (\$5,000.00), except that whenever persons, groups or agencies are permitted to remove a quantity of timber from highway rights-of-way, and the cash market value of the timber is estimated by the commission to be less than One Thousand Dollars (\$1,000.00), it shall not be necessary to have the timber cruised or appraised and the commission may sell the timber at private sale. The commission shall have the right to reject any and all bids in its discretion and to sell the property theretofore advertised at private sale for not less than the highest of the rejected bids, or to readvertise.

(2) Except as otherwise provided in subsections (3) and (4) of this section, whenever real property, with the exception of easements for highway purposes, has been acquired by the Mississippi Transportation Commission, in any manner, for public use and in the opinion of the commission all or any part thereof becomes unnecessary for public use, the same shall be declared on the minutes of the commission as excess property and shall be sold at private sale at market value. If the excess property was a total take from the original owner, then the commission shall offer to such owner, in writing, the first right of refusal to purchase such excess property; however, if after due diligence the original owner cannot be located, then the commission shall offer the first right of refusal to purchase the property to the adjoining property owner or owners.

If the excess property was a partial take from the current owner of the parcel of real property from which the excess property was originally taken, then the commission shall be required to offer in writing the first right of refusal to purchase such excess property to such owner. If within forty-five (45) days any owner to whom the commission has offered the first right of refusal under the provisions of this subsection fails to accept the offer to purchase, the property shall then be offered to the adjoining property owner or owners. If within forty-five (45) days an adjoining property owner fails to accept the offer to purchase, then the excess property shall be sold to the highest bidder upon the receipt by the commission of sealed bids after reasonable advertisement for bids in such manner and at such time and place as the commission deems proper and advisable; however, the commission shall have the right to reject any and all bids in its discretion and to sell the property theretofore advertised at private sale for not less than the highest of the rejected bids, or to readvertise. Upon payment of the purchase price, the executive director of the department, upon due authorization by the commission entered on its minutes, may execute a quitclaim deed conveying such property to the purchaser.

(3) Whenever the commission acquires by fee simple interest any property determined to be an uneconomic remnant outside the right-of-way, then the commission may sell the property to the adjoining property owner or owners for an amount not less than the market value established by the county tax assessor or a state licensed or certified appraiser.

(4) Whenever the commission desires to sell any real property used as maintenance lots, the property shall be sold to the highest bidder upon the receipt by the commission of sealed bids and after reasonable advertisement for bids in such manner and at such time and place as the commission deems proper and advisable; however, the commission, in its discretion, may reject any and all bids and sell the property advertised at private sale for not less than the highest of the rejected bids, or may readvertise. Upon payment of the purchase price, the executive director of the department, upon authorization by the commission entered on its minutes, may execute a quitclaim deed conveying the property to the purchaser.

(5) All easements for highway purposes shall be released when they are determined on the minutes of the commission as no longer needed for such purposes, and when released, they shall be filed by the department in the office of the chancery clerk in the county where the property is located.

(6) In no instance shall any part of any property acquired by the commission, or any interest acquired in such property, including, but not limited to, easements, be construed as abandoned by nonuse, nor shall any encroachment on such property for any length of time constitute estoppel or adverse possession against the state's interests.

(7) It is the intent of the Legislature that the Transportation Commission shall declare property it has acquired and which is no longer needed for public purposes as excess and to sell and/or dispose of such excess property in accordance with the provisions of this section as soon as practicable after such property becomes excess in fact. Unnecessary or excess property or property

interests shall be disposed of only upon order of the Transportation Commission on its minutes as provided in this section.

(8) Whenever any real property has been acquired by the Transportation Commission and in the opinion of the commission all or any part of the property will not be utilized in the near future, the property shall be so declared by the Transportation Commission on its minutes and the commission may lease or rent the property for its market value.

(9) This section shall not apply to any sale, donation, exchange or other conveyance of real property when the Legislature otherwise expressly authorizes or directs the commission to sell, donate, exchange or otherwise convey specifically described real property.

(10)(a) As an alternative to the sale of timber under subsection (1) of this section, the Mississippi Transportation Commission may enter into an agreement with the State Forestry Commission for the general supervision and management of timber on selected portions of the rights-of-way of the interstate highway system and those completed segments of four-lane highways in the state. Such an agreement may prescribe the details of, and authority and control over, the full range of forestry management practices. Seventy-five percent (75%) of any money collected from the sale of timber on rights-of-way, less any expenses associated therewith, shall be deposited into the Education Enhancement Fund created in Section 37-61-33, and the remainder shall be deposited into the State Highway Fund to be expended solely for the repair, maintenance, construction or reconstruction of highways.

(b) Subject to the provisions of paragraph (a) of this subsection, the Mississippi Transportation Commission may, after consultation with the State Forestry Commission, adopt such rules and regulations with regard to the management, sale or disposal of timber on highway rights-of-way as it considers appropriate; provided, however, such rules and regulations shall be uniform throughout the state and shall be designed to maximize the value of such timber or minimize the cost of removing such timber.

JUDICIAL DECISIONS

1. In general.

In an inverse condemnation proceeding against the Mississippi Transportation Commission (Commission), it was not error to grant the Commission's motion in limine to bar evidence of the Commission's alleged abandonment of an easement, apart from the Commission's minutes, because (1) the Commission could not aban-

don the easement by nonuse, and (2) any determination releasing the easement had to be on the Commission's minutes, making such minutes the only relevant admissible evidence of such a release. *Bay Point Props. v. Miss. Transp. Comm'n*, 201 So. 3d 1046, 2016 Miss. LEXIS 282 (Miss. 2016).

Editor's Notes — Section 65-1-1 provides that whenever the term "Mississippi State Highway Department," or the term "department" meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-129. Security officers; definitions.

For purposes of Sections 65-1-129 through 65-1-137, unless the context requires otherwise, the following terms shall have the meanings ascribed herein:

- (a) "Highway Commission" means the Mississippi State Highway Commission.
- (b) "Qualified person" means a person who:
 - (i) Has met all the educational and training requirements of a course of study prescribed and conducted by the Mississippi Law Enforcement Officers' Training Academy; and
 - (ii) Is of good moral character and has not been convicted of any crime involving moral turpitude.

References to "Mississippi State Highway Commission" shall mean the Mississippi Transportation Commission, see § 65-1-1.

§ 65-1-131. Security officers; appointment; oath; identification; powers; reimbursement by district.

(1) The Mississippi Transportation Commission may appoint and commission qualified persons as security officers of the Mississippi Department of Transportation. Any such security officer so appointed shall be a full-time employee of the Transportation Department and shall not be employed by any privately owned guard or security service, and shall at all times be answerable and responsible to the Mississippi Transportation Commission and the Executive Director of the Mississippi Department of Transportation.

(2) A security officer appointed and commissioned as provided in subsection (1) of this section shall, before entering upon his duties as such officer, take the oath of office prescribed by Section 268, Mississippi Constitution of 1890, which shall be endorsed upon his commission. The commission, with the oath endorsed upon it, shall be entered in the official minute book of the Transportation Commission.

(3) A security officer appointed and commissioned pursuant to the provisions of subsection (1) of this section, shall, while engaged in the performance

of his duties, carry on his person a badge identifying him as a security officer of the Mississippi Department of Transportation and an identification card issued by the Transportation Commission. When in uniform, each such security officer shall wear his badge in plain view.

(4) A security officer appointed and commissioned under subsection (1) of this section may exercise the same powers of arrest and the right to bear firearms that may be exercised by any state, municipal or other police officer in this state, but only with respect to violations of law which are committed on or within buildings, property or facilities owned by or under the jurisdiction of the Transportation Commission or the Transportation Department. Any right granted under this subsection in no way relieves the requirements of appropriate affidavit and warrant for arrest from the appropriate jurisdiction and authority pursuant to the laws of this state.

(5) On behalf of each person who is employed as a security officer under subsection (1) of this section and who is trained as a security officer at the Mississippi Law Enforcement Officers' Training Academy, the Transportation Department shall be required to pay to the academy at least an amount equal to the per student cost of operation of said academy as tuition.

§ 65-1-136. Authorization of Mississippi Transportation Commission to contract with private security firms; requirements and limitations pertaining to private security officers.

(1) In addition to employing security officers as full-time employees of the Mississippi Department of Transportation as authorized under subsection (1) of Section 65-1-131, the Mississippi Transportation Commission may contract with any private security firm or business authorized to do business in this state for the purpose of providing security for buildings, property or facilities owned by or under the jurisdiction of the Transportation Commission or the Transportation Department, or for buildings, property or facilities located on a trunkline highway at or near a point of entry into this state in which a welcome center or hospitality station has been established by the Mississippi Department of Economic and Community Development.

(2) A security officer of a security firm or business with which the commission has contracted pursuant to the provisions of this section, while engaged in the performance of his duties, shall carry on his person a badge identifying him as a security officer and an identification card issued by the Transportation Commission. When in uniform, each such security officer shall wear his badge in plain view.

(3) A security officer of a security firm or business with which the commission has contracted pursuant to the provisions of this section shall have only such powers of arrest as may be exercised by a private citizen of this state and only such right to bear firearms or weapons while engaged in the performance of his duties as authorized under Section 97-37-7.

§ 65-1-139. Contractors may be required to provide law enforcement safety operations in certain work zones; agreements between contractors and law enforcement agencies to provide work zone law enforcement; utilization of officers from Department of Transportation Office of Law Enforcement to perform work zone safety operations under certain circumstances.

(1) The Mississippi Transportation Commission may require its contractors to provide for law enforcement safety operations in work zones that the commission determines are on high-volume roadways or on high risk projects by including such provision in a contract between the commission and the contractor or as part of a bid requirement. A contractor may provide law enforcement work zone safety operations by entering into mutually agreeable agreements with state, county and/or municipal law enforcement agencies for the provision of such operations. Any law enforcement agency that enters into such agreement with a contractor shall only provide work zone safety operation services in locations that are within the jurisdiction of the law enforcement agency, and the agency shall only have those enforcement powers granted to them by law. Contractors required to provide work zone safety operations and state law enforcement agencies, counties and municipalities are authorized to enter into agreements to effectuate the purposes of this subsection (1).

(2) If a mutually acceptable agreement between a contractor and applicable law enforcement agencies cannot be reached after good faith negotiations, the Mississippi Transportation Commission may utilize officers from the Mississippi Department of Transportation Office of Law Enforcement to perform safety operations in work zones that the commission determines are on high-volume roadways or on high risk projects. Officers of the Mississippi Department of Transportation Office of Law Enforcement are authorized to utilize any enforcement power already granted to them by law in the performance of work zone safety operations and shall engage the oscillating blue lights on their vehicles to encourage the public to observe all traffic laws while proceeding through the work zone. This subsection (2) shall not be construed as granting the Office of Law Enforcement general police powers.

Editor's Notes — Former § 65-1-139 authorized the state to continue to actively participate in the multistate transportation system advisory board.

A former § 65-1-139 [En Laws, 1980, ch. 329; Repealed by Laws, 1985, ch. 327, effective from and after March 15, 1985] authorized the state to continue to actively participate in the multistate transportation system advisory board.

§ 65-1-141. Annual submission of three-year plan for maintenance, construction and relocation of highway system; determination of priorities for expenditure of funds.

(1)(a) The Highway Commission shall annually have the Highway Department prepare a three-year plan for the maintenance, construction, reconstruction and relocation of the State Highway System. The plan shall include:

(i) For each interstate, primary, secondary and other highway or road system under the jurisdiction of the Highway Commission, a list and detailed description of those highways, or segments thereof, on the highway system which are determined to have the highest priority for maintenance and which can be maintained within the three-year period from funds available or estimated to be made available for such purpose;

(ii) For each interstate, primary, secondary and other highway or road system under the jurisdiction of the Highway Commission, a list and detailed description of those highways, or segments thereof, on the highway system which are determined to have the highest priority for construction, reconstruction or relocation and for which contracts can be let for construction, reconstruction or relocation within the three-year period from funds available or estimated to be available for such purpose;

(iii) The reasons for the priority assigned to highways, or segments thereof, pursuant to the criteria established in the following subsection (1)(b), and the annual cost and total estimated cost of completion for each such project; and

(iv) A synopsis of any analyses or studies considered by the commission to develop the criteria in determining priorities.

(b) The Highway Commission shall determine the criteria on which the Highway Department shall assign priority for maintenance, construction, reconstruction and relocation of highways, or segments thereof, on each highway or road system under its jurisdiction, taking into consideration all of the following criteria:

(i) Public necessity and public safety;

(ii) Present and future economic benefit and commercial value;

(iii) Present and future traffic census; and

(iv) Route continuity.

Additionally, the Highway Commission shall take into consideration conditions potentially hazardous to the public safety at points on highways having substantial truck traffic entering and leaving the highway. In setting priorities for construction, the department shall take into consideration the construction of turning lanes at such points on highways to facilitate the safe movement of traffic.

(c) To develop the criteria to be used in determining priorities, the State Highway Commission may conduct public hearings; shall conduct analyses or studies of highway needs, utilizing highway department personnel; and

shall consider highway needs analyses or studies submitted to them by the University Research Center, which is hereby directed to develop such highway needs analyses or studies with respect to the criteria set forth in subsection (1)(b)(ii) above and to timely submit or present such analyses or studies to the State Highway Commission.

(2) All funds appropriated and made available to the State Highway Department from any source within the state for maintenance, construction, reconstruction and relocation of the state highway system shall be expended on order of the State Highway Commission according to the priorities herein set forth and without regard to the provisions of Sections 65-3-29 through 65-3-33. The commission shall spread upon its minutes, from time to time, the priority of roads for application of such funds, the specific reasons for each priority so assigned, and the source and amount of funds applied to each project.

(a) All interstate funds apportioned to the State Highway Commission under the Federal Aid Highway Act of 1956 shall be allocated on the basis of need to complete the interstate system of highways to provide for the maximum commercial benefit to the state.

(b) All primary road construction money shall be used in the priorities established pursuant to subsection (1)(b) hereof.

(c) The State Highway Department shall match all available federal money for highways.

(d) Federal aid primary system as constituted. Priority of use of these funds shall be determined by roads meeting most of the criteria receiving priority established pursuant to subsection (1)(b) hereof.

(e) Secondary road construction money shall be used with priorities established by roads meeting most of the following criteria receiving priority:

(i) Roads in the order of the relative use and importance of such highways, as may be determined by the present and future traffic censuses thereof, taking into consideration their present and future use, convenience, public necessity and public safety, the connecting of Mississippi towns, cities and population centers and the economic contribution to the state should a specific highway be improved, the recorded maintenance expense and their continuity as highways through the state.

(ii) Roads which carry the most traffic.

(iii) Roads which connect the federal aid primary or interstate system in a uniform manner.

(iv) Roads which serve the most commercial value.

(v) Roads which are arterial in nature.

(vi) Roads which connect the major rural communities with similar communities in adjoining counties.

(f) The State Highway Department shall when funds are available match all available federal money for highways.

(3) Projects eligible for reimbursement under the provisions of P.L. 97-424 shall be exempt from the requirements of subsection (1)(a) of this section, but the State Highway Commission shall expend funds available to it for such projects in the priorities established pursuant to subsection (1)(b) hereof.

(4) All highway construction, reconstruction and relocation shall be by contract, let on competitive bid in the manner provided by statute. On any one (1) reconstruction project the total cost of which does not exceed Two Hundred Thousand Dollars (\$200,000.00), reconstruction may be accomplished by highway department labor, equipment or materials. Nothing herein shall be construed to affect maintenance and repair work done or to be done on existing roads. When new programs require the utilization of professional services, the Mississippi State Highway Department may contract with, engage, or retain available, competent firms actively offering such professional services as a primary source of livelihood. "Professional services" is defined as services normally performed on a fee basis or contract by engineers, architects, business management, administrative and consulting firms.

§ 65-1-143. Construction to commence at points having greatest traffic congestion.

When the specific location of a road has been established under the criteria contained in Section 65-1-141, construction on said roads shall commence at the point on each segment having the greatest traffic congestion.

HISTORY: Laws, 1981, ch. 464, § 22 sub 2, eff from and after July 1, 1981.

§ 65-1-145. Method of expenditure of funds.

(1) The expenditure of funds now or hereafter available for the construction and reconstruction of primary and secondary roads by the Mississippi Transportation Commission, after having determined the priority in accordance with the requirements of Section 65-1-141 hereof, shall be as follows:

(a) Four-lane roads shall be constructed using the existing two-lane roads as part of such construction along portions of highways where the most

recent average daily traffic count exceeds thirty percent (30%) of the route segment's capacity.

(b) Along such portions of highways where the most recent average daily traffic count does not exceed thirty percent (30%) of the capacity, two-lane roads shall be constructed, or existing two (2) lanes shall be widened, overlayed and reconstructed. Along such two-lane portions of highways passing lanes may be constructed where traffic congestion or special hazards dictate, or, where such two-lane segment connects two (2) existing four-lane roads, such segment may be constructed as a four-lane road for road continuity, using the existing two-lane road as part of such construction.

(c) Four-lane, full-control or limited access highways bypassing municipalities shall not be constructed until the Transportation Commission determines that the most recent average daily traffic count exceeds sixty percent (60%) of an existing two-lane route's capacity or determines that within a reasonable period of time after construction of such a four-lane, full-control or limited access municipal bypass the average daily traffic count will exceed sixty percent (60%) of an existing two-lane route's capacity. In no event shall such a bypass be constructed until approved by the Legislature by an appropriation of highway funds for a specific bypass, the construction of which has been recommended by the Executive Director of the Transportation Department pursuant to an order of the Transportation Commission duly recorded in the minutes of the commission and included in the three-year plan prepared pursuant to Section 65-1-141.

(d) Four-lane facilities may be constructed without using existing roadways as a part of such construction where it is necessary to construct four-lanes on new location because of bad alignment of existing roadway or where it is necessary to relocate or realign such roadway so as to connect with a four-lane facility in an adjoining state.

(e) Any four-lane bypass project of which all, or any portion thereof, is presently under construction, or let to contract, or which has been partially completed, except where right-of-way only has been acquired, may be completed in its entirety.

(f) Notwithstanding any limitation imposed above on the construction of four-lane roads, through June 30, 2007, contracts to construct four-lane roads may be let when (i) the federal government has provided money for four-laning a specific highway project, (ii) four-laning will enhance the current economic development of the area in which the four-lane road will be constructed, or (iii) the four-lane road to be constructed will connect with an existing four-lane road.

Before a route location is submitted to the Federal Highway Administration for approval, appropriate identification of the proposed route must be spread upon the minutes of the Mississippi Transportation Commission and approved by an affirmative vote of all three (3) transportation commissioners. Where a route location has been approved by the Federal Highway Administration and a relocation of the route is contemplated, the same procedure of

advertisement and hearings upon request must be followed which is used in reaching an initial route location. Any change in location must be spread upon the minutes of the Mississippi Transportation Commission and be approved by an affirmative vote of all three (3) commissioners. The Mississippi Transportation Commission may alter construction standards of an approved route by an affirmative vote of all three (3) commissioners; provided that such change is in conformity with items (a), (b), (c), (d), (e) and (f) of this subsection.

(2) No state monies shall be expended on any construction project unless a Transportation Department engineer shall be assigned to such project.

"SECTION 32. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the tax laws amended by this act prior to the date on which this act becomes effective, whether such assessments, appeals, suits, claims or actions shall have been begun before the date on which this act becomes effective or shall thereafter be begun; and the provisions of such tax laws as amended by this act are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and execution of any warrant under such laws prior to the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply therewith."

Laws of 2002, ch. 582, § 10 provides as follows:

"SECTION 10. Notwithstanding any provision of law to the contrary, the Mississippi Transportation Commission shall submit the route location of Mississippi 477 (West Rankin Parkway) to the Federal Highway Administration for approval. Funding for Mississippi 477 (West Rankin Parkway) shall be limited to funds that originate from federal government, local government or private sources; however, the federal funds utilized for such route may only be federal funds allocated to the Central Transportation Commission District or federal funds specifically earmarked for Mississippi 477 (West Rankin Parkway)."

OPINIONS OF THE ATTORNEY GENERAL

The removal of a section of U.S. Highway from the state maintained highway system requires legislative action. *Lawrence, Apr. 13, 2001, A.G. Op. #01-0164.*

§ 65-1-149. Annual reports of transportation commission; commissioner's reports; administrative budget; post audit of funds expended and programs projected.

The Mississippi Transportation Commission shall file a detailed annual report with the Governor, Department of Finance and Administration, Secretary of the Senate, Clerk of the House of Representatives, and each member of the Senate and the House of Representatives requesting one, by January 15 of each year showing by county the construction and maintenance work in progress, the cost of each project with an indication of specific cost incurred and expenses paid during the fiscal year reported, a list of contracts let, a summary of the bids received, and the name and address of the contractor to whom the contract was awarded in each case. The annual report of the Transportation Commission shall also contain all receipts and disbursements during the preceding fiscal period and an estimate of the receipts for not less than the next fiscal period, plus the average cost of maintenance of each general type of road and the average cost of construction of the various types of surface. Any information and recommendations, including proposed legislation which in the opinion of the commission is needed, shall be contained in said report, in addition to any other required by law to be in the annual report of every department, agency or institution.

In addition to the report hereinabove required, there shall be presented, by January 15 of each year to the Senate Highways and Transportation Committee and to the House Transportation Committee, a report on the projected projects for the next three (3) years outlined in detail sufficient enough to facilitate an accurate assessment of such projects by such committees.

The Transportation Commission shall adopt a complete, detailed and itemized budget based on information as required by the Legislative Budget Office, which budget shall not exceed a reasonably anticipated income of the commission for the succeeding fiscal year, and the essential features of such budget shall be spread at large on the minutes of the commission. A copy of the detailed budget shall be filed with the Legislative Budget Office and the Department of Finance and Administration and shall cover all anticipated expenditures for the ensuing fiscal year. The commission shall not make expenditures in excess of its published budget or any item thereof without written notice to the Legislative Budget Office and prior approval of the Department of Finance and Administration, except in case of extraordinary, unusual or unprecedented occurrences arising by reason of unforeseen events, floods, hurricanes or other Acts of God or force majeure, in which event, upon the declaration of emergency and necessity spread at large upon the minutes, appropriate and necessary emergency expenditures may be made.

The books and accounts of the Mississippi Department of Transportation shall be audited at the end of each fiscal year by the State Auditor. A copy of the audit shall be filed with the Governor, the State Auditor, the Legislative Budget Office, the Department of Finance and Administration, and a copy kept on file in the office of the Transportation Commission. The audit should be so segregated that it shall show in detail the expenditures of the Transportation Department for the period involved.

§ 65-1-163. Disposition of proceeds of sale authorized by Section 65-1-161.

When the property described in Section 65-1-161 is conveyed to the Mississippi Highway Department as authorized, the proceeds from this conveyance of parcels 1, 2, 3 and 4, shall be deposited to the credit of the Mississippi School for the Deaf and the Mississippi School for the Blind, in a special account created in the State Treasury for the use of the Governor's Office of General Services, Bureau of Building, Grounds and Real Property Management for the renovation of capital improvements of buildings and

grounds on school property. The proceeds from the conveyance of the property in parcel 5 shall be deposited to the credit of Special Fund Account of the Mississippi Department of Agriculture and Commerce for the use and benefit of the Mississippi Agriculture and Forestry Museum. Monies in the special funds shall be expended only upon appropriation by the Legislature and upon requisitions signed by the proper person, officer or officers. Any monies appropriated from the special funds shall be in addition to other legislative appropriations which shall not be reduced because of the existence of the special fund.

§ 65-1-165. Contract for development of comprehensive statewide litter prevention program.

The State Highway Department is hereby authorized to execute a contract with Keep Mississippi Beautiful, Inc., to develop and implement a comprehensive statewide program of litter prevention. The contract shall contain provisions to require that Keep Mississippi Beautiful, Inc., will:

(a) Encourage and assist local communities to become certified Keep America Beautiful systems.

(b) Serve as a state clearinghouse of information on ideas and projects to make local litter prevention programs more effective.

(c) Implement statewide communication programs to alert people to the problem of littering and how it can be corrected.

(d) Coordinate an annual statewide project which will heighten public awareness of the problem of littering.

(e) Establish an annual awards program to recognize individual and community achievement in litter prevention.

(f) Serve as the authority which approves and disburses financial assistance to any nonprofit corporation, county or municipality which, in a written application, seeks such assistance to implement a local litter prevention project. The financial assistance authorized herein shall not exceed forty percent (40%) of the cost of the local litter prevention project for which such assistance is sought.

(g) Encourage donation of funds from the private sector to assist in defraying the operation of the litter prevention program implemented pursuant to this section.

The contract may include any additional provisions which the highway

department deems necessary to effectuate the litter prevention program contemplated by this section.

Keep Mississippi Beautiful, Inc., shall submit to the highway department on or before August 1 of each year a written report detailing the operation of the litter prevention program statewide and its expenditure of monies for such program during the preceding state fiscal year.

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi State University Extension Service, being an extension of a university and therefore a state agency, does not qualify as a nonprofit corporation under this provision; however, Keep Mississippi Beautiful, Inc. can disburse financial assistance directly to 4-H Clubs under the statute. Hall, December 1, 1998, A.G. Op. #98-0605.

Assuming its articles of incorporation

as well as the actual contract with the Highway Department allow such, Keep Mississippi Beautiful, Inc. can contract with persons and entities, including authorized state agencies, to implement statewide communication programs to alert people to the problem of littering and how it can be corrected. Hall, December 1, 1998, A.G. Op. #98-0605.

§ 65-1-167. Statewide litter prevention fund.

There is hereby created in the State Treasury a special fund to be known as the Statewide Litter Prevention Fund. Monies may be expended out of such fund, pursuant to appropriation by the Legislature, to implement the statewide litter prevention program established under the provisions of Section 65-1-165. Disbursements from such fund shall be made only upon requisition of the Director of the State Highway Department with the approval of the State Highway Commission.

§ 65-1-169. Removal or termination of obstructions, encroachments and unauthorized uses of property acquired for highway purposes.

The State Highway Commission is hereby authorized to maintain property acquired for highway purposes free and clear of any obstruction, encroachment or any other use not authorized by the commission. Before removing or terminating any obstruction, encroachment or other unauthorized use, the State Highway Commission shall give notice by registered mail to the offending party of its intention to remove or terminate such obstruction, encroachment or other unauthorized use unless, within forty-five (45) days from the date such notice is mailed, the offending party institutes a civil action in any court of competent jurisdiction with respect to the removal or termination proposed by the Highway Commission. When the State Highway Commission has removed or terminated any obstruction, encroachment or other unauthorized use after the mailing of notice as required above and upon the failure of the offending party to institute an action within the forty-five-day time period, the Highway Commission may institute a civil action in any court of competent jurisdiction against the offending party for all costs incurred in the removal or termination thereof.

The State Highway Commission, the State Highway Department and State Highway Department personnel shall not be liable, civilly or criminally, for any property damages or personal injuries incurred by any person for the removal or termination of such obstruction, encroachment or unauthorized use in accordance with the provisions of this section provided that reasonable care is exercised in the termination or removal of the obstruction, encroachment or unauthorized use. The provisions of this section shall not be construed as a waiver, in whole or in part, of the sovereign immunity of the state, the State Highway Commission or the State Highway Department.

The provisions of this section shall apply only to the removal or termination of obstructions, encroachments or other unauthorized uses of property acquired for highway purposes which first occur or are created on or after July 1, 1988. The provisions of this section shall not apply to or affect any right or remedy which the State Highway Commission was authorized by law prior to July 1, 1988, to exercise in the removal or termination of any such obstructions, encroachments or other unauthorized uses occurring or created before July 1, 1988.

Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-1-171. Construction of bridge across Pearl River at City of Jackson connecting counties of Rankin and Hinds.

Pursuant to federal appropriations for transportation system improvements, the Mississippi Department of Transportation is hereby authorized and empowered to construct a road and bridge along the following route: Begin at or near North State Street in the City of Jackson's central business district and extend in an easterly direction across the Pearl River to Mississippi 475 at or near the entrance to the Jackson International Airport, for a total distance of approximately 4.6 miles. Final roadway alignment will be determined by a feasibility study.

To defray the cost of the project, the department shall utilize only monies made available to it from the boards of supervisors and the governing authorities of the counties and municipalities within which such project is located; however, the department may utilize state funds to match any federal funds which are specially provided for preliminary engineering, right-of-way acquisition and construction for the connections between I-55 and Mississippi 475 at or near the entrance to the Jackson International Airport, in addition to those federal funds with obligational authority as are regularly apportioned and appropriated to the State of Mississippi for highway purposes. Accessory improvements shall be made to local streets to accommodate traffic generated by the project. All improvements shall conform to congressional appropriations enacted for planning and construction of the project.

§ 65-1-173. Employment of inspectors to enforce and investigate violations of railroad laws and related mandates.

For the purpose of enforcing and investigating all violations of the railroad laws, and the rules, regulations and general orders of the Mississippi Transportation Commission promulgated thereunder, the commission is hereby authorized to employ five (5) inspectors and one (1) railway safety coordinator. The salaries of the inspectors and the safety coordinator shall be fixed by the commission, subject to the state personnel system law as provided under Section 25-9-101 et seq. The inspectors shall devote their full time to the performance of their duties and shall take an oath faithfully to perform the duties of their positions. The commission shall require bonds to be carried on such employees as the commission may deem necessary, the cost thereof to be paid by the commission.

The inspectors shall be selected after an examination, as prescribed by the commission, as to physical and mental fitness, knowledge of the railroad laws, the rules and regulations of the commission, the laws of this state pertaining to arrest and any other examination as may be prescribed by the commission. An inspector, at the time of appointment, shall be a citizen of the State of Mississippi, of good moral character, and shall not be less than twenty-one (21) years of age.

The inspectors of the Mississippi Transportation Commission may enter upon private property upon which a railroad facility is located that is connected to but not a part of the general railroad system of transportation, at reasonable times and in a reasonable manner to perform an inspection, investigation or surveillance of facilities, equipment, records and operations relating to the packaging, loading or transportation of hazardous materials or other materials to determine whether the railroad facility complies with the applicable federal or state safety statutes, rules, regulations or orders. Any inspection, investigation or surveillance performed on the site of a manufacturing facility shall be performed in compliance with the safety rules or regulations of the facility.

§ 65-1-175. Jurisdiction and powers of Department of Transportation with respect to roadway/railway crossings.

(1) The jurisdiction of the Mississippi Department of Transportation shall be exclusive with respect to public roadway/railroad crossings either at grade or otherwise except to the extent that its jurisdiction is preempted by valid federal statute, regulation or order.

(2) The Mississippi Department of Transportation shall have power, upon its own motion or upon complaint filed, after having made proper investigation, and after notice and hearing, if requested, to abolish any public roadway/railroad crossing heretofore or hereafter established, to vacate and close that part of the roadway on such crossing abolished, and to erect barricades across the roadway in such a manner as to prevent the use of such crossing as a roadway, when, in the opinion of the department, the public necessity served by the crossing in question is not such as to justify the further retention thereof. In any event, if a roadway/railway crossing is the subject of closure proceedings, both the local governmental entity and the rail carrier shall be given formal written notice by the department before any hearing is conducted by the department. However, a public hearing by the department to abolish a crossing shall not be required when the public roadway authority in interest vacates the roadway. In such instances, the rail carrier, following notification

to the department and roadway authority, shall remove any grade crossing warning devices and the grade crossing surface.

(3) The Mississippi Department of Transportation shall have power, upon its own motion, or upon complaint, and after having made proper investigation and after notice and hearing, if requested, to require the installation of adequate and appropriate luminous reflective warning signs, luminous flashing signals, crossing gates illuminated at night, or other warning devices in order to promote the health and safety of the public. Luminous flashing signals or crossing gate devices heretofore installed at grade crossings and those installations hereafter approved by the department shall be deemed adequate and appropriate. The department shall have authority to determine the number, type and location of such signs, signals, gates or other protective devices which shall conform as near as may be with generally recognized national standards, and the department shall have authority to prescribe the division of the cost of the installation and subsequent maintenance of such signs, signals, gates or other warning devices between the rail carrier or carriers, the public highway authority in interest and the Mississippi Department of Transportation. In no event shall any costs assessed against either the public highway authority in interest or the rail carrier exceed ten percent (10%) of the costs of the materials and installation.

(4) Nothing in this section shall be construed as amending, repealing or modifying any duty or responsibility that railroads had, if any, immediately before July 1, 1992, with regard to any applicable state or federal laws, statutes, regulations or orders pertaining to the maintenance of signals, signs and warning devices at roadway/railroad crossings.

2. Discretionary functions.

Miss. Code Ann. § 65-1-175(3) allowed the Mississippi Department of Transportation, in its discretion, to determine the appropriate type, number, and location of protective devices at railroad crossings, making it immune from liability for failing to provide an adequate clear zone or shoulder or adequate and necessary crash cushions under Miss. Code Ann. § 11-46-9(1)(d) (Rev. 2012). *Ala. Great S. R.R. Co. v. Jobes*, 156 So. 3d 871, 2015 Miss. LEXIS 37 (Miss. 2015).

OPINIONS OF THE ATTORNEY GENERAL

Counties are responsible for the installation and maintenance of necessary warning signs and pavement markings at rail crossings on roads under their jurisdiction subject to approval by the State Highway Commission. Fortier, Mar. 29, 2002, A.G. Op. #02-0109.

A local jurisdiction, in the exercise of its sound discretion, is responsible for paying for the materials and the installation of pavement markings and advance warning signs at public railroad crossing intersec-

tions on roads under local jurisdiction; both the materials and the installation of same are subject to approval by the Department of Transportation. Brown, Apr. 4, 2003, A.G. Op. #02-0769.

If the public roadway/railroad crossing involves roads which are under different jurisdictions, the funding responsibilities should be allocated proportionately among the respective jurisdictions. Brown, Apr. 4, 2003, A.G. Op. #02-0769.

§ 65-1-177. Department of Transportation, in consultation with Southern High-Speed Rail Commission and the Mississippi Development Authority, to promote passenger rail service and make recommendations regarding passenger rail infrastructure.

Working in consultation with the Southern High-Speed Rail Commission created in Section 57-45-1 and the Mississippi Development Authority, the Mississippi Department of Transportation shall promote passenger rail travel and service in the state and make recommendations for specific projects related to the construction, rehabilitation, maintenance, and improvement of the state's passenger rail infrastructure, which shall include, but are not limited to, the following aspects:

(a) Insuring compatibility for a project or projects with opportunities for the state to obtain federal funding assistance that may be available for

high-speed passenger rail service, which includes, but is not limited to, intercity passenger rail service that is capable of reaching speeds of one hundred ten (110) miles per hour; and

(b) Considering projects that create a series of corridor route rail segments with passenger service areas that are smaller than long-distance passenger trains and seek to connect major city pairs, in order to provide improved service at peak travel times and a higher frequency of trains.

§ 65-1-179. Emergency Road and Bridge Repair Fund created; use of funds; Emergency Road and Bridge Repair Fund Advisory Board.

(1) There is created in the State Treasury a special fund to be known as the “Emergency Road and Bridge Repair Fund,” into which shall be deposited money appropriated by the Legislature or otherwise made available in any manner, and funds from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund and any interest earned or investment earnings on amounts in the fund shall be deposited into the fund. The expenditure of money deposited into the fund shall be under the direction of the Mississippi Department of Transportation, and such funds shall be paid by the Mississippi Department of Transportation upon warrants issued by the Department of Finance and Administration.

(2) Money in the fund shall be utilized by the Mississippi Department of Transportation, with the advice of the Emergency Road and Bridge Repair Fund Advisory Board, to provide funding for emergency repairs to roads, streets and highways in this state and emergency bridge repairs on public roads, streets and highways in this state, as determined by a unanimous vote of the Mississippi Transportation Commission. However, before the expenditure of money in the fund, the department shall promulgate rules and regulations as authorized in subsection (3) of this section.

(3)(a) There is created the Emergency Road and Bridge Repair Fund Advisory Board which shall consist of the following members:

(i) The President and Chief Executive Officer of the Mississippi Economic Council;

(ii) The President and Chief Executive Officer of the Mississippi Manufacturers Association;

(iii) The President of the Mississippi Farm Bureau Federation;

(iv) The President of the Mississippi Poultry Association;

(v) The President of the Mississippi Trucking Association;

(vi) The Executive Director of the Mississippi Association of Supervisors;

(vii) The Executive Director of the Mississippi Municipal League;

(viii) The Executive Vice President of the Mississippi Cattlemen’s Association;

(ix) The Executive Director of the Mississippi Loggers Association; and

(x) The Executive Director of the American Council of Engineering Companies-Mississippi.

(b) The Governor shall appoint the chairman of the board and the board shall elect such other officers as it considers necessary from among its members.

(c) A majority of the members of the board shall constitute a quorum for the conduct of meetings and all actions of the board shall be by a majority vote. No compensation, per diem or mileage expense shall be provided board members.

(d) The Governor's office shall provide any necessary administrative support to the board.

(e) The board shall meet at least quarterly to conduct business.

(f) The board shall provide nonbinding advice to the Department of Transportation regarding the expenditure of money in the Emergency Road and Bridge Repair Fund.

(4) The Mississippi Department of Transportation shall have all powers necessary to implement and administer the program established under this section to maximize all potential sources of funding including state and federal, for projects covered by the program. Any available sources of funding may be combined to fund any project covered by the program. This includes state aid road funds and/or Local System Bridge Replacement and Rehabilitation Program funds, which may be used in conjunction with Emergency Road and Bridge Repair Fund monies within the discretion of the State Aid Engineer. Under no circumstances, however, shall Emergency Road and Bridge Repair Fund monies be used to reimburse any amount that has been expended on the project prior to the award of such monies to the recipient.

(5) When monies in the Emergency Road and Bridge Repair Fund are distributed for projects, such monies shall not be re-deposited in the State Treasury, absent extraordinary circumstances where the recipient must return monies received under the program. This requirement is not intended to inhibit state agencies from receiving Emergency Road and Bridge Repair Fund monies for appropriate projects or to curtail any proper transfer of monies to accomplish such a project.

(6) The department shall promulgate rules and regulations, in accordance with the Mississippi Administrative Procedures Law, necessary for the implementation of this section.

Editor's Notes — Laws of 2018, 1st Extraordinary Session, ch. 1, §§ 14 and 15, effective from and after August 29, 2018, provide:

"SECTION 14. This act shall be known and may be cited as the Mississippi Infrastructure Modernization Act of 2018.

"SECTION 15. Sections 5 and 6 of this act shall take effect and be in force from and after October 1, 2018, the remainder of this act shall take effect and be in force from and

after its passage.”

Laws of 2021, ch. 478, § 24, provides:

“SECTION 24. On July 1, 2021, Eighty-nine Million Dollars (\$89,000,000.00) of Highway Infrastructure Program funds received by the state pursuant to the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 shall be transferred to the Emergency Road and Bridge Repair Fund created in Section 65-1-179.”

§ 65-1-181. Electric Vehicle Infrastructure Fund created.

There is created in the State Treasury a special fund, to be known as the “Electric Vehicle Infrastructure Fund,” into which shall be deposited any federal monies that are made available for the establishment of electric vehicle infrastructure in the state. Any interest earned on the special fund shall be credited to the special fund and shall not be paid into the State General Fund. Any monies remaining in the special fund at the end of a fiscal year shall not lapse into the State General Fund.

For the purposes of this article the following terms shall have the meanings ascribed to them unless the context in which such terms are used otherwise requires:

(a) "Department" means the Mississippi Department of Transportation.

(b) "Judge" means the resident judge of the circuit or county court in the district where the cause is pending, or a special judge residing in the district, or the judge of the circuit or county court assigned to hold the courts of the district, or the emergency or special judge holding court in the county where the cause is pending.

JUDICIAL DECISIONS

1. Constitutionality.

Since the State Constitution, at Article 3, Section 17, mandates that a determination of public use be made whenever private property is taken, and the condemnor has the burden of proof on the issue of public use, this article, strictly construed, is unconstitutional for not providing a predeprivation opportunity for the landowner to challenge the taking and to make the condemnor satisfy its burden on the issue of public use. *Lemon v. Mississippi*

Transp. Comm'n, 735 So. 2d 1013, 1999 Miss. LEXIS 117 (Miss. 1999).

Regardless of the adequacy of this section's post-deprivation remedies, this section must provide a predeprivation hearing before taking property; because it does not provide for such a pre-deprivation hearing, this article is unconstitutional as violative of procedural due process. *Lemon v. Mississippi Transp. Comm'n*, 735 So. 2d 1013, 1999 Miss. LEXIS 117 (Miss. 1999).

§ 65-1-303. Filing of complaint and declaration of taking.

(1) When, in the exercise of its duties, the Mississippi Transportation Commission finds it necessary to condemn property, the commission shall institute a civil action by filing in the circuit or county court of any county in which the land is located a complaint and a declaration of taking that such land, easement or interest therein is thereby taken for the use of the Department of Transportation.

(2) The declaration shall contain or have attached thereto the following:

(a) A statement of the authority under which and the use for which the land is taken;

(b) A description of the entire tract or tracts affected by the taking sufficient for the identification thereof;

(c) A statement of the estate or interest in the land taken for public use and a description of area taken for the identification thereof;

(d) The names and addresses of those persons who the Transportation Department is informed and believes may have or claim to have an interest in the lands, so far as the same can be by reasonable diligence ascertained; and, if any such persons are infant, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated; and

(e) A statement of the sum of money which constitutes the fair market value as determined by the Transportation Department to be just compensation for the taking.

(3) The complaint shall contain or have attached thereto the following:

(a) A statement of the authority under which and the public use for which the land is taken;

(b) A description of the entire tract or tracts affected by the taking sufficient for the identification thereof;

(c) A statement of the estate or interest in the land taken for public use and a description of the area taken sufficient for the identification thereof;

(d) The names and addresses of those persons who the Transportation Department is informed and believes may have or claim to have an interest in the lands, so far as the same can be by reasonable diligence be ascertained; and, if any such persons are infants, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated;

(e) A statement as to such liens or other encumbrances as the Transportation Department is informed and believes are encumbrances upon the real estate and can by reasonable diligence be ascertained; and

(f) A prayer that there be a determination of just compensation in accordance with the provisions of this article.

(4) The filing of the complaint and the declaration of taking shall be accompanied by the deposit of the sum of money, the fair market value, determined by the Transportation Department to be just compensation for the taking; and, upon the filing of the complaint and the declaration and deposit of the sum, summons shall be issued and, together with a copy of the complaint and the declaration of taking and notice of the deposit, shall be served upon the person named therein in the manner now provided for the service of process in civil actions. The Transportation Department may amend the complaint and declaration of taking and may increase the amount of its deposit with the court at any time while the proceeding is pending, and the owner shall have the same rights of withdrawal of this additional amount as set forth in Section 65-1-307.

§ 65-1-305. Transfer of title.

(1) Upon the filing of the complaint and the declaration of taking and deposit in court, to the use of the person entitled thereto, of the amount of the compensation stated in the declaration, and upon the Transportation Department having filed proof of service of process, title to the land or such other interest therein specified in the complaint and the declaration of taking, together with the right to immediate possession thereof, shall vest in the Mississippi Transportation Commission, and the judge shall enter such orders in the cause as may be required to place the Transportation Commission in possession and title. Thereafter, the land shall be deemed to be condemned and taken for use of the Transportation Department, and the right to just compensation therefor shall vest in the person owning the property or any compensable interest therein at the time of the filing of the complaint and the declaration of taking and deposit of the money in court. Compensation shall then be determined and awarded in the action and established by judgment therein.

(2) If there is a life estate and a remainder, either vested or contingent, in lieu of the investment of the proceeds of the amount determined and awarded as just compensation to which the life tenant would be entitled to the use during the life estate, the court, in its discretion, may order the value of the life tenant's share during the probable life of such life tenant to be ascertained as provided by law and paid directly to the life tenant out of the final award as just compensation established by the judgment in the cause, and the life tenant may have the relief provided for in Section 65-1-307.

(3) On and after July 1, 1997, the Transportation Department, at the time of the filing of the complaint and declaration of taking and deposit of fair market value compensation, shall record a memorandum of action in the land deed records of the chancery clerk in all counties in which the land involved therein is located, and the memorandum shall be recorded among the land

records of the county. Upon the amending of any complaint and declaration of taking affecting the property taken, the Transportation Department shall record a supplemental memorandum of action. The memorandum of action shall contain the following:

(a) The names of those persons who the Transportation Department is informed and believes may have or claim to have an interest in the lands and who are parties to the action;

(b) A description of the entire tract or tracts affected by the taking sufficient for the identification thereof;

(c) A statement of the estate or interest in the land taken for public use; and

(d) The date of institution of the action, the county in which the action is pending, and such other reference thereto as may be necessary for the identification of the action.

(1) Any person whose property has been taken by the Transportation Department by the filing of a complaint and a declaration of taking may, within the time hereinafter set forth, file an answer to the complaint praying only for a determination of just compensation. No answer shall be filed to the declaration of taking and notice of deposit. The answer, in addition, shall contain the following:

(a) Such admissions or denials of the allegations of the complaint as are appropriate;

(b) The names and addresses of the persons filing the answer, together with a statement as to their interest in the property taken; and

(c) Such affirmative defenses or matters as are pertinent to the action.

(2) A copy of the answer shall be served on the Transportation Department, or such other process agents as may be designated by the department, in Jackson, Mississippi, provided that failure to serve the answer shall not deprive the answer of its validity. The affirmative allegation of the answer shall be deemed denied; however, the Transportation Department may file a reply within thirty (30) days from receipt of a copy of the answer.

(3) The Transportation Department, within ninety (90) days from the receipt of the answer, shall file in the cause a plat of the land taken and such additional area as may be necessary to properly determine the damages, and a copy thereof shall be mailed to the parties or their attorney; however, the department shall not be required to file a map or plat in less than six (6) months from the date of the filing of the complaint.

§ 65-1-317. Takings by department without filing complaint or declaration.

(1) Any person whose land or compensable interest therein has been taken by an intentional or unintentional act or omission of the Transportation Department without the filing of a complaint and declaration of taking by the department may, within twenty-four (24) months of the date of the taking of the affected property or interest therein or the completion of the project involving the taking, whichever occurs later, file a complaint in the circuit or county court setting forth the names and places of residence of the parties, so far as the same can by reasonable diligence be ascertained, who own or have, or claim to own or have estates or interests in the real estate. If any such persons are under a legal disability, it must be so stated, together with a statement as to any encumbrances on the real estate. The complaint shall further allege with particularity the facts which constitute the taking together with the dates on which they allegedly occurred. The complaint shall describe the property allegedly owned by the parties and shall describe the area and interests allegedly taken. Upon the filing of the complaint, summons shall issue and, together with a copy of the complaint, shall be served on the Transportation Department as provided in Section 65-1-309. The allegations of

the answer shall be deemed denied; however, the Transportation Department, within sixty (60) days of service of summons and complaint, may file an answer. If the taking is admitted by the Transportation Department, it, at the time of filing answer, shall deposit with the court the fair market value of compensation for the taking; and notice of the deposit shall be given to the owner. The owner may apply for disbursement of the deposit, and disbursement shall be made in accordance with applicable provision of Section 65-1-307. If a taking is admitted, the Transportation Department, within ninety (90) days of the filing of the answer to the complaint, shall file a map or plat of the land taken. This procedure shall be followed for the purpose of determining all matters raised by the pleading and the determination of just compensation.

(2) The plaintiff, at the time of filing of the complaint, shall record a memorandum of action in the land deed records in the office of the chancery clerk in all counties in which the land involved is located. The memorandum of action shall contain the following:

(a) The names of those persons who the plaintiff is informed and believes may have or claim to have an interest in the lands and who are parties to the action;

(b) A description of the entire tract or tracts affected by the alleged taking sufficient for the identification thereof;

(c) A statement of the estate or interest in the land allegedly taken for public use; and

(d) The date on which plaintiff alleges the taking occurred, the date on which the action was instituted, the county in which it was instituted and such other reference thereto as may be necessary for the identification of the action.

§ 65-1-325. Separate causes of action; jury; judgment.

(1) Each different property, identified by separate ownership, shall constitute a separate civil action and shall require trial, unless otherwise agreed by all parties with the approval of the court. Trial shall be to a jury of twelve (12), which shall be examined and empaneled in accordance with the Mississippi Rules of Civil Procedure. Alternatively, trial may be to the court as provided by the Mississippi Rules of Civil Procedure.

(2) In the trial of all cases provided for in this article, nine (9) jurors may bring in a verdict as in other civil cases. The verdict of the jury may be in the following form: "We, the jury, find that the defendant(s)_____ is/are entitled to just compensation for the acquisition of his/her/their property for the public use in the sum of \$_____."

(3) Upon the return of the verdict by the jury or court, the court shall enter a judgment as follows, viz: "In this case the claim of (plaintiff name) to have condemned certain lands named in the complaint, to-wit: (here describe the property), being the property of (insert defendants' names) was submitted to a jury (or the court) on the _____ day of _____, A.D. _____, and the jury (or court) having returned a verdict fixing the defendant's just compensation at \$_____, the verdict was received and entered. Now, upon payment of the award with legal interest from the date of the filing of the complaint, the property is vested in plaintiff by virtue of the judgment entered herein."

- 65-1-513. Rules and regulations; authority to enact.

§ 65-1-501. Legislative intent.

It is the intent of the Legislature to promote and provide services economically and to streamline the process for the weighing of vehicles, the issuance of permits, the collections of taxes, fees, and assessments and for the enforcement of the laws of this state, and rules and regulations promulgated by the Mississippi Transportation Commission and the laws of the contiguous states and their appropriate agencies and departments, by authorizing the Mississippi Transportation Commission to enter into bilateral agreements with contiguous states through their appropriate officials, departments or agencies, to jointly locate, construct, staff and operate permanent and portable weight scales or ports of entry and for the enforcement of the laws of this state and the rules and regulations of the Mississippi Transportation Commission, and the laws of such contiguous states and its agencies and departments.

HISTORY: Laws, 1998, ch. 426, § 1, eff from and after passage (approved March 23, 1998).

Comparable Laws from other States — Louisiana: La. R.S. 32:7.

§ 65-1-503. Authority to negotiate and enter into interstate agreements.

The Mississippi Transportation Commission may negotiate and enter into interstate agreements with contiguous states through their appropriate officials, departments or agencies, to jointly provide for the location, construction, staffing and operation of portable or permanent scales for the weighing of vehicles and trailers, for the issuance of permits, for the collection of fees, taxes, and assessments, and for the enforcement of the laws of this state and the rules and regulations of the Mississippi Transportation Commission, and the laws of such contiguous states and the rules and regulations of its appropriate agencies or departments.

HISTORY: Laws, 1998, ch. 426, § 2, eff from and after passage (approved March 23, 1998).

§ 65-1-505. Contents of agreements; collection and distribution of monies.

The interstate agreement may authorize employees of either state to weigh machinery, vehicles, trailers and other equipment under the jurisdiction of the Mississippi Transportation Commission, issue permits, collect fees, taxes, interests and penalties imposed by the laws, rules or regulations of either state or its agencies and departments, enforce the laws of either state and the rules and regulations of the Mississippi Transportation Commission and the appropriate agency or department of such contiguous state. All fees, taxes, assessments, interest and penalties imposed and collected for and on behalf of the State of Mississippi in a contiguous state or by any employee of a contiguous state pursuant to an interstate agreement entered into under Sections 65-1-501 through 65-1-513 shall be collected, paid and distributed to the Mississippi Transportation Commission or other appropriate agency of this state as otherwise provided by law for the collection, payment and distribution of such fees, taxes, assessments, interest and penalties in this state.

HISTORY: Laws, 1998, ch. 426, § 3, eff from and after passage (approved March 23, 1998).

§ 65-1-507. Enforcement employees; appointments; positions in other states or departments.

The Mississippi Transportation Commission may appoint employees of the contiguous states as duly authorized and empowered enforcement officers of the Mississippi Transportation Commission for the enforcement of tax, weight, size and load, equipment, safety and all other laws, rules and regulations of this state and the Mississippi Transportation Commission relating to vehicles entering into, exiting, or traveling upon the highways of this state, and may allow employees of the Mississippi Transportation Commission to accept similar positions or appointments with any contiguous state or the appropriate agency or department of such state and to enforce the rules, regulations and laws of such state or its agencies or departments.

HISTORY: Laws, 1998, ch. 426, § 4, eff from and after passage (approved March 23, 1998).

§ 65-1-509. Employees of contiguous states as employees of Mississippi; compensation and benefits; civil and criminal liability.

Any employee of a contiguous state which enters into an interstate agreement under the authority of Sections 65-1-501 through 65-1-513 shall not become an employee of this state or of the Mississippi Transportation Com-

mission, and shall not be compensated by this state or be entitled to any employment benefits either directly or indirectly from this state or the Mississippi Transportation Commission. The State of Mississippi or the Mississippi Transportation Commission or its officers, agents or employees shall not be subject to civil or criminal liability for the actions or inactions of such person.

HISTORY: Laws, 1998, ch. 426, § 5, eff from and after passage (approved March 23, 1998).

§ 65-1-511. Employees of this state accepting employment with contiguous states; status; compensation.

Employees of this state who accept appointments from a contiguous state shall not, by virtue of their appointment, be considered an employee of that state, be compensated by that state or be considered an employee of that state for the purposes of employment rights.

HISTORY: Laws, 1998, ch. 426, § 6, eff from and after passage (approved March 23, 1998).

§ 65-1-513. Rules and regulations; authority to enact.

The Mississippi Transportation Commission may enact all rules and regulations necessary to implement the provisions of Sections 65-1-501 through 65-1-513 and the authority granted in Sections 65-1-501 through 65-1-513 shall be in addition to the powers granted to the Mississippi Transportation Commission by Section 65-1-8.

§ 65-1-703. Multi-Modal Transportation Improvement Fund.

There is established in the State Treasury a special fund to be designated as the “Multi-Modal Transportation Improvement Fund” into which shall be deposited such state funds as may be designated for deposit therein. Unexpended amounts remaining in the fund at the end of the state fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund. Money in the fund shall be expended by MDOT as provided for in this article for the improvement of airports, ports, railroads and transit systems in Mississippi.

HISTORY: Laws 2001, ch. 552, § 2, eff from and after July 1, 2001.

§ 65-1-705. Port Multi-Modal Fund Committee; Airport Multi-Modal Fund Committee; Railroad Multi-Modal Fund Committee; Public Transit Multi-Modal Fund Committee.

(1)(a) There is hereby created the Port Multi-Modal Fund Committee whose membership shall consist of:

(i) Seven (7) directors of ports, appointed by the President of the Mississippi Water Resources Association, or their designees, as follows: three (3) directors of the coastal ports and four (4) directors of the inland river ports;

(ii) The Executive Director of MDA, or his designee;

(iii) The Executive Director of MDOT, or his designee; and

(iv) The Executive Director of the Mississippi Water Resources Association, or his designee.

(b) A majority of the membership of the committee shall constitute a quorum. MDOT shall call meetings of the committee and shall call a meeting for the purpose of reviewing and approving applications as required in Section 65-1-707 by not later than August 1 of each fiscal year.

(2)(a) There is hereby created an Airport Multi-Modal Fund Committee whose membership shall consist of:

(i) Five (5) directors of airports appointed by the President of the Mississippi Airport Association, or their designees, at least three (3) of whom shall represent airports with commercial passenger service;

(ii) The Executive Director of MDA, or his designee; and

(iii) The Executive Director of MDOT, or his designee.

(b) A majority of the membership of the committee shall constitute a quorum. MDOT shall call meetings of the committee and shall call a meeting for the purpose of reviewing and approving applications as required in Section 65-1-707 by not later than August 1 of each fiscal year.

(3)(a) There is hereby created the Railroad Multi-Modal Fund Committee whose membership shall consist of:

(i) The director of each railroad, or his designee;

(ii) The Executive Director of MDA, or his designee; and

(iii) The Executive Director of MDOT, or his designee.

(b) A majority of the membership of the committee shall constitute a quorum. MDOT shall call meetings of the committee and shall call a meeting for the purpose of reviewing and approving applications as required in Section 65-1-707 by not later than August 1 of each fiscal year.

(4)(a) There is hereby created the Public Transit Multi-Modal Fund Committee whose membership shall consist of:

(i) Three (3) directors of transit systems, other than the Coast Transit Authority and the City of Jackson Transit System serving the greater Jackson urbanized area, appointed by the President of the Mississippi Public Transit Association, or their designees;

(ii) The Executive Director of MDA, or his designee; and

(iii) The Executive Director of MDOT, or his designee.

(b) A majority of the membership of the committee shall constitute a quorum. MDOT shall call meetings of the committee and shall call a meeting for the purpose of reviewing and approving applications as required in Section 65-1-707 by not later than August 1 of each fiscal year.

HISTORY: Laws 2001, ch. 552, § 3; Laws, 2004, ch. 326, § 1, eff from and after July 1, 2004.

§ 65-1-707. Allocation of funds; criteria.

(1) During each state fiscal year, MDOT shall distribute the money in the fund among the various modes as follows:

(a) Thirty-eight percent (38%) shall be distributed to ports;

(b) Thirty-four percent (34%) shall be distributed to airports;

(c) Sixteen percent (16%) shall be distributed to transit systems; and

(d) Twelve percent (12%) shall be distributed to railroads.

(2) In order for a port to receive money allocated under subsection (1) of this section, the port shall file an application with MDOT describing how the funds will be used and shall provide such other information as MDOT may require. Such applications shall be reviewed by the Port Multi-Modal Fund Committee. The Port Multi-Modal Fund Committee shall decide which applications shall be approved and the amount of funding for each approved application based upon such criteria as it shall consider appropriate; provided, however, that no application shall be approved or funds distributed pursuant to this article unless the expenditure of such funds shall be:

(a) Directly related to dredging, capital improvements or the rebuilding or rehabilitation of basic infrastructure and not for routine maintenance, administrative or operational expenses;

(b) For a project or use directly related to the operation of the port in its modal role; and

(c) For a purpose outside the normal operating budget of the port.

(3) In order for an airport to receive money allocated under subsection (1) of this section, the airport shall file an application with MDOT describing how the funds will be used and shall provide such other information as MDOT may require. Such applications shall be reviewed by the Airport Multi-Modal Fund Committee. The Airport Multi-Modal Fund Committee shall decide which applications shall be approved and the amount of funding for each approved application based upon such criteria as it shall consider appropriate; provided, however, that no application shall be approved or funds distributed pursuant to this article unless the expenditure of such funds shall be:

(a) Directly related to capital improvements or the rebuilding or rehabilitation of basic infrastructure and not for routine maintenance, administrative or operational expenses;

(b) For a project or use directly related to the operation of the airport in its modal role; and

(c) For a purpose outside the normal operating budget of the airport.

(4) In order for a railroad to receive money allocated under subsection (1) of this section, the railroad shall file an application with MDOT describing how the funds will be used and shall provide such other information as MDOT may require. Such applications shall be reviewed by the Railroad Multi-Modal Fund Committee. The Railroad Multi-Modal Fund Committee shall decide which applications shall be approved and the amount of funding for each approved application based upon such criteria as it shall consider appropriate; provided, however, that no application shall be approved or funds distributed pursuant to this article unless the expenditure of such funds shall be:

(a) Directly related to capital improvements or the rebuilding or rehabilitation of basic infrastructure and not for routine maintenance, administrative or operational expenses;

(b) For a project or use directly related to the operation of the railroad in its modal role; and

(c) For a purpose outside the normal operating budget of the railroad.

(5)(a) Thirty percent (30%) of the money allocated for transit systems under subsection (1) of this section shall be distributed by MDOT to Coast Transit Authority.

(b) Thirty percent (30%) of the money allocated for transit systems under subsection (1) of this section shall be distributed by MDOT to the City of Jackson Transit System serving the greater Jackson urbanized area.

(c) The remainder of the money allocated for transit systems under subsection (1) of this section shall be distributed by MDOT among other transit systems. In order to receive funds under subsection (1) of this section, any such transit system shall file an application with MDOT describing how the money will be used and shall provide such other information as MDOT may require. Such applications shall be reviewed by the Public Transit Multi-Modal Fund Committee. The Public Transit Multi-Modal Fund Committee shall decide which applications shall be approved and the amount of funding for each approved application based upon such criteria as it shall consider appropriate.

(6) As a condition for the receipt of any funds distributed under this section, the port, airport, railroad or transit system shall be required to fund, from public or private sources, not more than ten percent (10%) of the total cost of the project or purpose for which the funds are to be spent. The percentage amount of such matching fund requirement shall be determined by MDOT. In addition to such other contributions and expenditures as may be considered acceptable by MDOT, in-kind contributions and expenditures for the following shall be credited toward the above matching requirement:

- (a) Pre-construction studies, planning and design;
- (b) Personal property acquisition;
- (c) Real property acquisition, reclamation and related relocation costs;
- (d) Professional services; and
- (e) Construction.

- 65-2-15. Appeal to circuit court.
- 65-2-17. Appeal to Supreme Court.

§ 65-2-1. State Transportation Arbitration Board created.

It is hereby declared to be the public policy of the State of Mississippi that it is necessary and essential in the public interest to facilitate the prompt, peaceful, and just settlement of conflicts and disputes arising out of contracts for the construction of any building, highway or work, or the doing of any repairs, between the Mississippi Transportation Department and the various contractors with whom it transacts business, and to that end the Legislature does hereby establish the State Transportation Arbitration Board, hereinafter referred to as the board.

HISTORY: Codes, 1942, § 8041.4-01; Laws, 1972, ch. 511, § 1; Laws, 2007, ch. 502, § 1, eff from and after July 1, 2007.

OPINIONS OF THE ATTORNEY GENERAL

State Highway Arbitration Board may only hear conflicts and disputes arising out of contracts between State Highway Department and contractors. Shaw, April 1, 1991, A.G. Op. #91-0176.

State Highway Arbitration Board has no authority to hear disputes arising out of contract between county and contractor on State Aid project. Shaw, April 1, 1991, A.G. Op. #91-0176.

§ 65-2-3. Composition of board; terms; compensation.

The board shall be composed of three (3) members, one (1) to be appointed by the Mississippi Transportation Commission, and one (1) to be selected by the Mississippi Road Builders' Association, Incorporated, or its successor organization (hereinafter referred to as the contractors). The third member shall be chosen by agreement of the other two (2) members.

Each board member shall serve for a four-year term at the end of which either the Mississippi Transportation Commission or the contractors may

either retain their representative or choose to appoint or select another member.

The Mississippi Transportation Commission shall establish appropriate fees for administering the arbitration process under this chapter and for compensating arbitrators for their service. These fees for each arbitration do not include the attorneys' fees of the parties and shall be assessed to the parties to the arbitration as determined by the board.

§ 65-2-5. Calling board into session; jurisdiction.

The board shall elect a chairman and may adopt rules of procedure. The board may be called into session by the Mississippi Transportation Commission or by a contractor who has a dispute with the Mississippi Department of Transportation which, under the rules of the board, may be the subject of arbitration. The party requesting the board's consideration shall give notice of the same to each member.

Absent agreement of the parties, the board shall have jurisdiction to hear matters concerning Seven Hundred Fifty Thousand Dollars (\$750,000.00) or less per contract without regard to the size of the contract. The parties by mutual written agreement may submit to the board claims in excess of the jurisdictional limit of Seven Hundred Fifty Thousand Dollars (\$750,000.00). Absent agreement of the parties, the number of arbitration proceedings regarding monetary issues shall be limited to three (3) per contract.

OPINIONS OF THE ATTORNEY GENERAL

Section 65-2-5 and Section 65-2-7 will be addressed at same time; this pre-
template that all issues in controversy vents circumvention of jurisdictional

amount by breaking up claims into smaller parts. Shaw, Jan. 20, 1994, A.G. Op. #94-0007.

§ 65-2-7. Conduct of hearings.

Attendance of all three (3) members shall be necessary to conduct a meeting. If a member is recused from an arbitration or is unable to serve, that member shall be replaced in the manner originally appointed. Upon being called into session the board shall promptly hold hearings and shall have the power to administer oaths and to compel the attendance of witnesses and the furnishing by the parties of such information as may be necessary to a determination of the issue or issues in dispute. Both parties to the dispute shall have the opportunity to be present at the hearing, both personally and by counsel, and to present such oral and documentary evidence as the board shall deem relevant to the issue or issues in controversy.

§ 65-2-13. Board decisions.

It shall be the duty of the board to make written findings of fact and conclusions of law and to promulgate a written decision and order upon the issue or issues presented in each case. In making such findings the board shall consider only, and be bound only, by the evidence submitted. When a valid contract is in effect defining the rights, duties and liabilities of the parties with respect to any matter in dispute, the board shall have power only to determine the proper interpretation and application of the contract provisions which are involved. Any investigation made by less than the whole membership of the board shall be by authority of a written directive by the chairman and such investigation shall be summarized in writing and considered by the board in reporting its findings and making its recommendation.

The board shall hand down its findings, decision and order (hereinafter referred to as its order) within sixty (60) days after it is called into session. If all three (3) members of the board do not agree, the order of the majority shall constitute the order of the board. The board shall furnish to each of the parties a copy of its order and a certified copy thereof shall be filed in the office of the clerk of the circuit court. Unless such order is reversed upon a petition for review filed pursuant to the provisions of Section 65-2-15, such order, together with such agreements as the parties may themselves have reached, shall become binding upon and shall control the relationship between the parties from the date such order is filed with the clerk of the circuit court, as aforesaid. However, such order may be changed by mutual consent or agreement of the parties.

§ 65-2-15. Appeal to circuit court.

(1) Either party to the dispute may, within fifteen (15) days from the date such order is filed with the clerk of the court, petition the circuit court of any county in which the contractor operates or has an office or place of business, for a review of such order on the ground that:

- (a) The parties were not given reasonable opportunity to be heard;
 - (b) The board exceeded its powers;
 - (c) The order is unreasonable in that it is not supported by the evidence;
- and
- (d) The order was procured by fraud, collusion, or other unlawful means or methods.

(2) Upon the filing of an appeal from the decision of the State Transportation Arbitration Board, the decision of that board shall be suspended until it is reinstated or reversed by the circuit judge. The party bringing the appeal shall be required to place a supercedeas bond in an amount to be determined by the circuit judge.

(3) A summons to the other party to the dispute shall be issued as provided by law in other civil cases. Either party shall have the same rights to a change of venue from the county, or to a change of judge, as provided by law in other civil cases. The judge of the circuit court, without the intervention of a jury, shall hear the evidence adduced by both parties with respect to the issue raised by such petition and may reverse said order only if he affirmatively finds that one (1) of the grounds set forth in subsection (1) was in fact present to such a degree that the decision of the board should not be allowed to stand. The decision of the judge of the circuit court shall be final, unless an appeal is taken to the Supreme Court as hereinafter provided. If the court reverses said order for one (1) of the reasons stated herein, and no appeal is taken to the Supreme Court, the decision of the board shall no longer be binding on either party.

Editor's Notes — Laws of 1957, Ex. ch. 15, § 2, provides as follows:

“SECTION 2. This act shall not be construed to repeal, amend or alter in any way any of the provisions contained in chapter 207 of Laws of 1954.”

Laws of 1958, ch. 310, designated U. S. Highway 61, commencing at the Mississippi-Tennessee state line and continuing to Redwood, as the Fielding L. Wright Memorial Highway.

Laws of 1958, ch. 401 designated Mississippi State Highway No. 450 in Bolivar County, running from Mississippi State Highway No. 1 at Scott to U. S. Highway 61 at Choctaw, as the Oscar Johnston Memorial Highway.

Laws of 1963, 1st Ex. Session, ch. 19, § 2, provides, as follows:

“SECTION 2. Mississippi 43 as designated under Section 8021, Mississippi Code of 1942, Recompiled, Item 37, shall continue to be maintained by the highway department from U. S. 90 to Picayune until Mississippi No. 43, redesignated, from Mississippi 603 to Picayune is completed or until maintenance of this section of Mississippi No. 43 is assumed by other authority.”

Laws of 1981, ch. 464, § 32, provided that this section would stand repealed from and after July 1, 1985. Subsequently, this section was reenacted without change by Laws of 1985, ch. 537, § 8, effective from and after July 1, 1985, and, by terms of § 28 of ch. 537, would stand repealed from and after July 1, 1987. Thereafter, this section was again reenacted without change by Laws of 1987, ch. 510, § 1, effective July 1, 1987, and, by the terms of § 21 of 1987 ch. 510, shall stand repealed from and after July 1, 1989. Subsequently, Laws of 1989, ch. 317, § 1, amended § 21 of Laws of 1987, ch. 510, by extending the repeal date from July 1, 1989, to July 1, 1993. Finally, Laws of 1993, ch. 357, § 1, repealed Laws of 1981, ch. 464, § 32, Laws of 1985, ch. 537, § 28, Laws of 1987, ch. 510, § 21, and Laws of 1989, ch. 317, § 1.

Section 57-1-54 provides that wherever the term “Mississippi Department of Economic and Community Development” appears in any law, it shall mean the Mississippi Development Authority.

JUDICIAL DECISIONS

1. In general.

Where the board of supervisors accepted an offer of the Mississippi State

Highway Commission to assume jurisdiction of highway (except drainage structures), and then thereafter also accepted

an offer to assume jurisdiction of highways except bridges not up to state standards, the second acceptance was a clarification of the first and was effective notwithstanding the passage of statute which provided for preservation of status quo of all highways taken over by the department. *Board of Sup'rs v. Mississippi State Highway Com.*, 221 Miss. 96, 72 So. 2d 237, 1954 Miss. LEXIS 516 (Miss. 1954).

Statutes conferring upon the state highway commission the power of eminent domain do not limit the power to the taking of such property as is needed or necessary, inasmuch as the effect of this legislation is to vest the broad discretion in the highway commission in selecting its routes and other details. *Erwin v. Mississippi State Highway Com.*, 213 Miss. 885, 58 So. 2d 52, 1952 Miss. LEXIS 438 (Miss. 1952).

Where a county entered an order to alter and widen a public road which traversed the lands of appellants, the county had jurisdiction notwithstanding the fact that the road had been taken over for maintenance and construction by the state highway department by an order of the state highway commission, where commission's order would not be effective until certain conditions were met. *McRaney v. Covington County*, 210 Miss. 192, 49 So. 2d 248, 1950 Miss. LEXIS 336 (Miss. 1950).

Where a state highway department, pursuant to Laws 1924, ch. 278, took over certain road in Prentiss County, excepting "all drainage structures not built according to the state standard plans and specifications," and thereafter order was changed to substitute "bridges" for "drainage structures," state highway had no jurisdiction over two bridges which did not comply with the standard, and, therefore, was under no obligation to rebuild

them after their destruction by flood waters. *Board of Sup'rs v. Mississippi State Highway Com.*, 207 Miss. 839, 42 So. 2d 802, 1949 Miss. LEXIS 394 (Miss. 1949).

Action in mandamus by attorney general to compel board of supervisors to repair a bridge on Highway No. 7 could not be maintained where there was no allegation that the board had failed to provide and maintain a bridge adequate for travel in lieu of the collapsed bridge, and the court had no power or authority to tell the board of supervisors in specific terms what kind of a bridge it should maintain at the location in question. *State ex rel. Attorney Gen. v. Board of Supervisors*, 196 Miss. 806, 17 So. 2d 433, 1944 Miss. LEXIS 258 (Miss. 1944).

Where the previous applicable statute (Laws 1924, chap. 278), at the time the state highway commission took over a county road under an agreement to maintain it without expense to the county, contained no provision authorizing the commission to obligate itself by any such contract, subsequent abandonment and surrender to the county of a portion of such road so taken over did not constitute an impairment of the obligation of a contract. *Wilkinson County v. State Highway Com.*, 191 Miss. 750, 4 So. 2d 298, 1941 Miss. LEXIS 187 (Miss. 1941).

Statutes respecting highway system do not require that State Highway No. 51 follow existing roads between points mentioned in statute. *Trahan v. State Highway Com.*, 169 Miss. 732, 151 So. 178, 1933 Miss. LEXIS 7 (Miss. 1933).

Bridge spanning natural stream crossing highway was not a "drainage structure" within highway department's acceptance of county road which excepted drainage structures not built according to department's standard plans and specifications. *Jefferson Davis County v. Riley*, 158 Miss. 473, 129 So. 324, 1930 Miss. LEXIS 14 (Miss. 1930).

OPINIONS OF THE ATTORNEY GENERAL

As to a designated U.S. Highway pursuant to § 65-3-3, segments longer than three miles cannot be removed from the jurisdiction and maintenance of the Mississippi Department of Transportation

pursuant to § 65-1-59. *Shepard*, Jan. 25, 2002, A.G. Op. #02-0008.

The Mississippi Department of Transportation (MDOT) has the duty to maintain portion of Highway 465 which is a

substandard road on a levee until such time as the legislature removes it from the state highway system or enacts legislation which otherwise ends the responsibility of MDOT to maintain it. The Mississippi

Highway Patrol is required to enforce traffic laws on Highway 465 as provided in Section 45-3-21. Pace, Aug. 7, 2006, A.G. Op. 06-0285.

Editor's Notes — Former §§ 65-3-72 through 65-3-95 added and deleted certain highway segments to and from the designated state highway system.

§ 65-3-97. Four-Lane Highway Program.

(1) In addition to and including all other highways designated as a part of the state highway system, there is hereby designated as a part thereof a four-lane highway system to connect various areas of the state with interstate and primary highways. For the segments described in subsection (3) of this section, the Mississippi Department of Transportation shall construct and reconstruct four-lane highways, that is, not less than two (2) lanes for traffic flowing in each direction, along the routes designated in this section.

(2) In the construction and reconstruction of the four-lane highway system designated in subsection (3) of this section, the Mississippi Department of Transportation may utilize the roadway of any existing highway under its jurisdiction and control and shall do so when such utilization is feasible, provided that such highways which are utilized shall be constructed to current standards for such roadways. When it is not feasible to utilize existing designated highways, the Transportation Department shall relocate such highways and construct entirely new facilities whether in urban or rural areas.

(3) Construction of the four-lane highway system designated in this subsection shall commence, proceed and be performed by the Mississippi Department of Transportation strictly in accordance with the following set of priorities established for the letting of contracts on and along various segments thereof:

(a) Of the following group of highway segments not less than fifteen percent (15%) of all contracts necessary to be let for completion of all segments within the group shall be let by June 30, 1988, not less than thirty percent (30%) of such contracts shall be let by June 30, 1989, not less than fifty percent (50%) of such contracts shall be let by June 30, 1990, not less than seventy percent (70%) of such contracts shall be let by June 30, 1991, not less than ninety percent (90%) of such contracts shall be let by June 30, 1992, and one hundred percent (100%) of such contracts shall be let by June 30, 1993:

(i) Highway segments along or near U.S. 45 beginning at the Clarke/Lauderdale county line and extending northerly to I-59; then beginning at Macon and extending northerly to Brooksville; then beginning at Columbus Air Force Base and extending northerly to Aberdeen; then beginning at U.S. 278 and extending northerly to Shannon; then beginning at Saltillo and extending northerly to Corinth.

(ii) Highway segments along or near U.S. 45A beginning at U.S. 82 and extending northerly to West Point; then beginning four (4) miles south of Okolona and extending northerly to Shannon.

(iii) A highway segment along or near U.S. 49W beginning at U.S. 49 and extending westerly through Yazoo City to the Yazoo River.

(iv) A highway segment along or near U.S. 49W beginning at Inverness and extending northerly to Indianola.

(v) A highway segment along or near U.S. 61 beginning at Port Gibson and extending northerly to the four-lane south of Vicksburg.

(vi) Highway segments along or near U.S. 72 beginning at or near Mt. Pleasant and extending southeasterly to Mississippi 5; then beginning at Walnut and extending southeasterly to Corinth; then beginning at Strickland and extending southeasterly to Burnsville.

(vii) Highway segments along or near U.S. 78 beginning at Holly Springs and extending southeasterly to the New Albany bypass; then beginning at Mississippi 25 and extending southeasterly to Tremont.

(viii) Highway segments along or near U.S. 82 beginning at I-55 and extending easterly to Kilmichael; then beginning at Eupora and extending easterly to Mathiston; then beginning at Mississippi 12 and extending easterly to the Alabama state line.

(ix) A highway segment along or near U.S. 84 beginning at I-59 and extending easterly to the Jones/Wayne county line.

(x) Highway segments along or near U.S. 98 beginning at Columbia and extending easterly to the Marion/Lamar county line; then beginning at U.S. 49 and extending southeasterly to the Alabama state line.

(b) Of the following group of highway segments not less than five percent (5%) of all contracts necessary to be let for completion of all segments

within the group shall be let by June 30, 1991, not less than ten percent (10%) of such contracts shall be let by June 30, 1992, not less than twenty-five percent (25%) of such contracts shall be let by June 30, 1993, not less than forty percent (40%) of such contracts shall be let by June 30, 1994, not less than fifty-five percent (55%) of such contracts shall be let by June 30, 1995, not less than seventy percent (70%) of such contracts shall be let by June 30, 1996, not less than eighty-five percent (85%) of such contracts shall be let by June 30, 1997, and one hundred percent (100%) of such contracts shall be let by June 30, 1998:

(i) Highway segments along or near Mississippi 25 beginning at Mississippi 471 and extending northeasterly to Mississippi 43; then beginning at the Winston/Oktibbeha county line and extending northeasterly to Starkville.

(ii) A highway segment along or near Mississippi 63 beginning at the Jackson/George county line and extending northerly to Lucedale.

(iii) A highway segment along or near Mississippi 302 beginning at I-55 in Southaven and extending easterly to U.S. 72 at or near Mt. Pleasant.

(iv) Highway segments along or near U.S. 45 beginning at the Alabama state line and extending northerly to the Clarke/Lauderdale county line; then beginning at Lauderdale and extending northerly to Macon; then beginning at Aberdeen and extending northerly to U.S. 278.

(v) A highway segment along or near U.S. 45A beginning at West Point and extending northerly to four (4) miles south of Okolona.

(vi) A highway segment beginning at Brooksville along or near U.S. 45 or U.S. 45A and extending northerly to U.S. 82, such segment having been designated by the Transportation Commission pursuant to the provisions of paragraph (1)(c) of this section.

(vii) A highway segment along or near U.S. 49W beginning at the Yazoo River and extending northerly to Inverness.

(viii) Highway segments along or near U.S. 61 beginning at the Louisiana state line and extending northerly to the Wilkinson/Adams county line; then beginning at Washington and extending northerly to Port Gibson; then beginning at Merigold and extending northerly to Shelby; then beginning at the north end of the Clarksdale bypass and extending northerly to the Tennessee state line.

(ix) A highway segment along or near U.S. 72 beginning at Mississippi 5 and extending southeasterly to Walnut.

(x) A highway segment along or near U.S. 78 beginning at Tremont and extending southeasterly to the Alabama state line.

(xi) Highway segments along or near U.S. 82 beginning at the Montgomery/Webster county line and extending easterly to Eupora; then beginning at Mathiston and extending easterly to Starkville.

(xii) Highway segments along or near U.S. 84 beginning at Leesdale and extending easterly to Roxie; then beginning at Auburn Road and extending easterly to I-55; then beginning at the east end of the

Brookhaven bypass and extending easterly to Prentiss; then beginning at the Jones/Covington county line and extending easterly to Horse Creek; then beginning at the Jones/Wayne county line and extending easterly to Waynesboro.

(xiii) Highway segments along or near U.S. 98 beginning at the Pike/Walthall county line and extending easterly to Columbia; then beginning at the Marion/Lamar county line and extending easterly to the four-lane west of Hattiesburg.

(c) Of the following group of highway segments not less than ten percent (10%) of all contracts necessary to be let for completion of all segments within the group shall be let by June 30, 1996, not less than twenty percent (20%) of such contracts shall be let by June 30, 1997, not less than forty percent (40%) of such contracts shall be let by June 30, 1998, and one hundred percent (100%) of such contracts shall be let by June 30, 1999:

(i) A highway segment along or near Mississippi 25 beginning at Mississippi 43 and extending northeasterly to the Winston/Oktibbeha county line.

(ii) A highway segment along or near Mississippi 63 beginning at Lucedale and extending northerly to U.S. 45 at State Line.

(iii) A highway segment along or near U.S. 61 beginning at Shelby and extending northerly to U.S. 49.

(iv) A highway segment along or near U.S. 82 beginning at Kilmi-chael and extending easterly to the Montgomery/Webster county line.

(v) Highway segments along or near U.S. 84 beginning at Eddiceton and extending easterly to Auburn Road; then beginning at Prentiss and extending easterly to Collins; then beginning at Waynesboro and extending easterly to the Alabama state line.

(4)(a) The Mississippi Department of Transportation shall construct and reconstruct four-lane highways, that is, not less than two (2) lanes for traffic flowing in each direction along the following routes:

(i) Highway segments along or near Mississippi 15 beginning at I-10 and extending northerly to the Mississippi/Tennessee state line.

(ii) A highway segment along or near Mississippi 6 beginning at or near U.S. 61 and extending easterly to or near I-55 at or near Batesville.

(iii) A highway segment along or near Mississippi 6 beginning at or near Mississippi 9 and extending easterly to U.S. 45.

(iv) A highway segment along or near Mississippi 25 beginning at or near U.S. 45 and extending northerly to or near Iuka, and the portion of such segment that is described in Section 65-3-137 shall be constructed in compliance with such section.

(v) A highway segment along or near Mississippi 43 beginning at or near the Stennis Airport and extending northerly and northwesterly to the Hancock/Pearl River county line.

(b)(i) Contracts for the highway segments designated in this subsection and subsection (5) of this section may be let after the letting of all contracts necessary for completion of the highway segments designated in subsec-

tion (3) of this section; however, contracts for the highway segments described in this subsection may be let concurrently with the letting of contracts for highway segments designated in subsection (3) of this section if funds are available and are not necessary to be utilized for the segments designated in subsection (3) of this section.

(ii) Contracts for highway segments designated in this subsection shall have priority over contracts for highway segments that have the same level of service in any priority schedule adopted by the Transportation Commission under subsection (5) of this section.

(iii) It is the intention of the Legislature that no contracts for highway segments in subsections (4) and (5) of this section may be let before all highway segments under subsection (3) of this section have been let for contract.

(c) In the construction and reconstruction of the four-lane highway segments designated in this subsection, the Mississippi Department of Transportation may utilize the roadway of any existing highway under its jurisdiction and control and shall do so when such utilization is feasible, provided that such highways which are utilized shall be constructed to current standards for such roadways. When it is not feasible to utilize existing designated highways, the Transportation Department shall relocate such highways and construct entirely new facilities whether in urban or rural areas.

(5)(a)(i) The Transportation Commission shall construct, upgrade or improve the segments described in paragraphs (f), (g) and (h) of this subsection, the projects described in Section 65-39-1 and other highway construction under its jurisdiction, in accordance with a priority schedule based upon a needs analysis performed by the Mississippi Department of Transportation. The priority schedule shall be reviewed annually by the Department of Transportation to determine if the priority schedule is in need of revision. The analytic methods and procedures utilized by the Mississippi Department of Transportation to perform the needs analysis shall conform to current standards and practices of the transportation sciences and industry as promulgated in appropriate documentation of the United States Department of Transportation, the Transportation Research Board, the American Association of Highway and Transportation Officials, and other recognized and relevant bodies. Such conforming methodologies shall be applied utilizing considerations appropriate to the specific situation and may include capacity analysis, traffic counting, traffic projection, cost estimation, benefit-cost analysis, user cost analysis, land use projections and similar analyses and projections, so that all analyses are completed with the best tools available at the time of the analysis. The Transportation Commission may establish and publish standards for setting the priorities and in so doing shall consider other factors, not in violation of federal law, as the Transportation Commission may consider relevant, including, but not limited to, economic development, safety and highways that may serve as hurricane evacuation routes.

The first determinant for construction of highway segments shall be the year of need. "Year of need" for purposes of this section is the year in which the level of service on a segment is projected to deteriorate to an unacceptable level. For segments with the same year of need, prioritization shall be based on the volume to capacity ratio and the daily traffic volume. In the event that the Transportation Commission deviates from the recommended priorities presented through the needs analysis, the commission shall spread the specific reasons for the deviation on its minutes. The priority schedule shall reflect immediate needs which shall be construction, upgrades and improvements to the state highway system needed over a five-year period based upon the criteria established in this paragraph which shall be reviewed annually by the Mississippi Department of Transportation. The priority schedule shall project mid-range needs which shall include highway corridors that are projected to reach an unacceptable level of service within ten (10) years after each annual review of the priority schedule. The priority schedule shall project long-range needs which shall include highway corridors that are projected to reach an unacceptable level of service ten (10) years or more after each annual review of the priority schedule.

(ii) Notwithstanding any other provisions of this section to the contrary, projects for the construction, reconstruction, improvement or modification of any highway or highway segment required to be performed by the Mississippi Transportation Commission and/or the Mississippi Department of Transportation by any act of the Legislature that was enacted and became effective before July 1, 2002, shall be given priority over any other projects that are authorized or directed to be performed by the Mississippi Transportation Commission and/or the Mississippi Department of Transportation under the provisions of this section or under the provisions of any other legislation that is enacted or becomes effective after July 1, 2002.

(b) On or before October 1, 2005, and on or before October 1 of each year thereafter, the Transportation Commission shall present to the Highways and Transportation Committee of the Senate and the Transportation Committee of the House of Representatives the schedule of priorities developed as provided for in paragraph (a) of this subsection reflecting the proposed schedule of construction for segments. The proposed schedule shall be followed until later modified based on the criteria established in paragraph (a) of this subsection.

(c) The Transportation Commission shall begin letting projects based upon the prioritized schedule of need not later than January 1, 2006; however, the commission shall have the flexibility to adjust the sequencing of projects as may be required in order to maximize the utilization of available funding or to accommodate the relative requirement of each individual project. Nothing in this section shall be construed to authorize the Transportation Commission to let contracts for projects based upon the prioritized schedule of need before completion of the letting of contracts under subsection (3)(c) of this section.

(d) Funds deposited into the special funds created in Section 65-39-3 or 65-39-17 may only be expended as provided for in Sections 65-39-1 through 65-39-37; however, funds otherwise generated may be expended on segments included in Section 65-39-1 that are in the prioritized schedule established pursuant to this subsection, as well as other projects included in such schedule.

(e) For fiscal year 2006 and each fiscal year thereafter, the Transportation Commission shall dedicate not less than Two Hundred Million Dollars (\$200,000,000.00) in state and/or federal funds to fund the program established by subsections (4) and (5) of this section.

(f) The Transportation Commission and the Mississippi Department of Transportation shall, in addition to all other projects, consider the following as immediate needs when establishing the initial priority schedule pursuant to paragraph (a) of this subsection:

(i) An Interstate highway segment along or near I-55 beginning at or near Hernando and extending northerly to the Tennessee state line.

(ii) A highway segment along or near Mississippi 304 beginning at or near U.S. 61 and extending easterly to or near I-55.

(iii) A highway segment along or near U.S. 82 beginning at the east end of the proposed Greenville River Bridge and extending northeasterly to or near Stoneville.

(iv) A highway segment along or near Mississippi 278 beginning at or near Amory and extending westerly to U.S. 45.

(v) A highway segment along or near Mississippi 41 beginning at U.S. 45 and extending westerly to or near Okolona.

(vi) A highway segment along or near Mississippi 9 beginning at Mississippi 6 north of Pontotoc and extending northerly to U.S. 78.

(vii) A highway segment along or near Mississippi 25 beginning at or near Itawamba county line and extending northerly to or near U.S. 72.

(viii) A highway segment along or near Mississippi 35 beginning at the end of the existing four-lane at Forest and extending northerly to or near Hillsboro.

(ix) A highway segment along or near Mississippi 35 beginning at or near Mississippi 487 and extending northerly to or near Mississippi 25.

(x) A highway segment along or near Mississippi 16 beginning at or near I-55 and extending easterly to or near Philadelphia.

(xi) An Interstate highway segment along or near I-20 beginning at the Mississippi River Bridge and extending easterly to or near U.S. 61 north.

(xii) A highway segment consisting of two (2) lanes of construction and two (2) lanes of right-of-way acquisition beginning at the Port of Vicksburg and extending easterly to or near U.S. 61.

(xiii) An Interstate highway segment along or near I-20 beginning at or near the Clinton Raymond Road Interchange and extending easterly to or near the Mississippi 18 Interchange.

(xiv) An Interstate highway segment along or near I-20 beginning at or near I-55 south and extending easterly to or near I-55 north.

(xv) An Interstate highway segment along or near I-55 beginning at or near I-20 and extending northerly to or near the High Street Interchange.

(xvi) An Interstate highway segment along or near I-55 beginning at or near the Elton Road Interchange and extending northerly to or near I-20.

(xvii) An Interstate highway segment along or near I-59 beginning at or near U.S. 98 and extending northerly to or near U.S. 49.

(xviii) A highway segment along or near Mississippi 43 beginning at or near the Hancock county line and extending westerly to or near I-59.

(xix) An Interstate highway segment along or near Canal Road (Mississippi 601) beginning at or near U.S. 90 and extending northerly to or near I-10.

(xx) An Interstate highway segment consisting of four (4) lanes along or near U.S. 49 beginning at or near I-10 and extending northerly to or near Lyman; then beginning at or near I-59 and extending westerly to or near U.S. 49; then beginning at or near I-59 and extending northwesterly to U.S. 49; then beginning at or near Florence and extending northerly to or near I-20.

(xxi) A highway segment along or near U.S. 49 beginning along or near Lyman and extending northerly to I-20 with geometric type improvements along the entire corridor at or near the One Hundred Million Dollar (\$100,000,000.00) estimate.

(xxii) An Interstate highway along or near I-20/59 beginning at or near the merger of I-20 and I-59 and extending easterly to or near Mississippi 39.

(xxiii) A highway segment along or near Mississippi 67 beginning at or near I-10 and extending northwesterly to or near U.S. 49.

(xxiv) A highway segment along or near Mississippi 605 beginning at or near I-10 and extending northerly to or near Mississippi 67.

(xxv) A highway segment along or near Mississippi 43 beginning at the end of the existing four-lane and extending northerly to or near Kiln.

(xxvi) A highway segment along or near Mississippi 24/Mississippi 48 beginning at or near Mississippi 33 south and extending easterly to or near Mississippi 33 north.

(xxvii) A highway segment along or near Mississippi 24/Mississippi 48 beginning at or near Mississippi 569 and extending easterly to or near I-55.

(xxviii) A highway segment along or near Mississippi 27 beginning at or near I-55 and extending northerly to or near I-20.

(xxix) A highway segment along or near Mississippi 57 beginning at or near I-10 and extending northerly to or near Vancleave.

(xxx) A highway segment along or near Mississippi 19 beginning at or near Collinsville and extending northerly to or near Philadelphia.

(xxxi) A highway segment along or near Mississippi 12 beginning at or near I-55 and extending to or near U.S. 51.

(xxxii) A highway segment along or near Mississippi 18 beginning at or near Mississippi 27 and extending northerly to or near the end of the four-lane at or near Raymond.

(xxxiii) A highway segment along or near Mississippi 28 beginning at or near Fayette and extending easterly to I-55.

(xxxiv) A highway segment along or near U.S. 61 beginning at or near Redwood and extending northerly to or near Leland.

(xxxv) A highway segment along or near Mississippi 24/Mississippi 48 beginning at or near Woodville and extending easterly to or near Mississippi 569.

(xxxvi) A highway segment along or near Mississippi 18 beginning at or near U.S. 61 and extending northerly to or near Mississippi 27.

(xxxvii) A highway segment consisting of four (4) lanes along or near Mississippi 12 beginning at or near U.S. 51 and extending to or near Kosciusko.

(xxxviii) A highway segment along or near Mississippi 25 beginning at Iuka and extending northerly to the Mississippi/Tennessee state line.

(xxxix) A highway segment along or near Mississippi 25 beginning at U.S. 45 Alternate and extending northeasterly to or near Aberdeen.

(xl) A highway segment along or near Mississippi 7 beginning at I-55 and extending northeasterly to Mississippi 9W.

(xli) A highway segment along or near Mississippi 7 beginning at Greenwood and extending northeasterly to Grenada.

(xlii) A highway segment along or near U.S. 98 beginning at or near U.S. 84 at or near Meadville and extending easterly to or near I-55.

(xliii) A highway segment along or near Mississippi 35 beginning at the Mississippi/Louisiana state line and extending northerly to or near U.S. 98 at or near Foxworth.

(xliv) A highway segment along or near Mississippi 53 beginning at or near U.S. 49 and extending northwesterly to or near I-59.

(xlv) A highway segment along or near Mississippi 603 beginning at or near Mississippi 43 and extending northerly to or near Mississippi 53.

(g) The Transportation Commission and the Mississippi Department of Transportation shall, in addition to all other projects, consider the following as mid-range needs when establishing the initial priority schedule pursuant to paragraph (a) of this section:

(i) A highway segment along or near U.S. 49 beginning at U.S. 61 and extending northwesterly to the Arkansas state line.

(ii) A highway segment along or near Mississippi 8 beginning at or near Rosedale and extending easterly to or near Grenada.

(iii) A highway segment along or near Mississippi 25 beginning at the end of the existing four-lane and extending northerly to or near the Tishomingo county line.

(iv) A highway segment along or near Mississippi 25 beginning at or near Mississippi 23 and extending northerly to or near U.S. 78.

(v) A highway segment along or near Mississippi 12 beginning at or near Kosciusko and extending northeasterly to or near Ethel; then

beginning at or near Weir and extending northeasterly to or near Mississippi 15; then beginning at or near Longview and extending northeasterly to or near Starkville.

(vi) A highway segment along or near Mississippi 35 beginning at or near Hillsboro and extending northerly to or near Mississippi 487.

(vii) A highway segment along or near Mississippi 35 beginning at or near Mississippi 25 and extending northerly to or near I-55.

(viii) A highway segment along or near Mississippi 16 beginning at or near Mississippi 25 and extending easterly to or near BIA 22.

(ix) A highway segment along or near Mississippi 22 beginning at or near Edwards and extending northeasterly to or near Canton.

(x) An Interstate highway segment along or near I-55 beginning at or near I-220 and extending northerly to or near Canton.

(xi) An Interstate highway segment along or near I-20 beginning at or near U.S. 61 north and extending easterly to or near the Flowers Interchange.

(xii) An Interstate highway segment along or near I-20 beginning at or near the Mississippi 18 Interchange and extending easterly to or near I-55 south.

(xiii) An Interstate highway segment along or near I-20 beginning at or near I-55 north and extending easterly to or near U.S. 49.

(xiv) A highway segment along or near Mississippi 43 beginning at or near Kiln and extending northwesterly to or near the Pearl River county line.

(xv) A highway segment along or near Mississippi 12 beginning at or near Ethel and extending northeasterly to or near Weir; then beginning at or near Mississippi 15 and extending northeasterly to Longview.

(xvi) A highway segment along or near Mississippi 27 beginning at the Mississippi/Louisiana state line and extending northerly to or near Crystal Springs.

(xvii) A highway segment along or near Mississippi 33 beginning at or near Fayette and extending southerly to or near the Mississippi/Louisiana state line.

(xviii) A highway segment along or near Mississippi 18 beginning at or near Bay Springs and extending northeasterly to or near Brandon.

(xix) A highway segment along or near Mississippi 24 beginning at or near Gloster and extending to or near Liberty.

(h) The Transportation Commission and the Mississippi Department of Transportation shall, in addition to all other projects, consider the following as long-range needs when establishing the initial priority schedule pursuant to paragraph (a) of this section:

(i) A highway segment along or near Mississippi 19 beginning at or near Mississippi 15 and extending northwesterly to or near Kosciusko.

(ii) An Interstate highway segment along or near I-55 beginning at or near Senatobia and extending northerly to Hernando.

(iii) An Interstate highway segment along or near I-20 beginning at

or near the Flowers Interchange and extending easterly to or near Clinton Raymond Road Interchange.

(iv) An Interstate highway segment along or near I-20 beginning at or near the Brandon Crossgates Interchange and extending easterly to or near the Pelahatchie Mississippi 43 Interchange.

(v) An Interstate highway segment along or near I-55 beginning at or near the High Street Interchange and extending northerly to or near Mississippi 25.

(vi) An Interstate highway segment along or near I-55 beginning at or near Terry and extending northerly to or near the Elton Road Interchange.

(vii) An Interstate highway along or near I-20 beginning at or near Chunky and extending easterly to or near I-59.

(viii) An Interstate highway along or near I-20/59 beginning at or near Mississippi 39 and extending easterly to or near Toomsaba.

(ix) A highway segment along or near Mississippi 16 beginning at or near I-55 and extending to or near U.S. 49.

(x) A highway segment along or near Mississippi 4 beginning at or near U.S. 61 and extending easterly to or near I-55 at or near Senatobia.

(xi) A roadway segment along or near Lakeshore Road beginning at or near U.S. 90 and extending northerly to or near South Beach Boulevard.

(xii) A highway segment beginning at or near Ellisville and extending northerly to or near the northern city limits of Laurel.

(xiii) An Interstate highway segment along or near I-110 beginning at or near U.S. 90 and extending northerly to or near I-10.

(xiv) A highway segment along or near Mississippi 16 beginning at or near Scooba and extending westerly to or near DeKalb.

(xv) A highway segment along or near U.S. 49 East beginning at or near Yazoo City and extending northerly to or near U.S. 82.

(xvi) A highway segment along or near Mississippi 7 beginning at or near Oxford and extending northerly to the Mississippi/Tennessee state line.

(xvii) A highway segment along or near Mississippi 57 beginning at or near Vancleave and extending northerly to or near U.S. 98.

(xviii) A highway segment along or near Mississippi 35 beginning at or near I-55 and extending northerly to Mississippi 6.

(xix) A highway segment along or near Mississippi 35 beginning at or near U.S. 98 and extending northerly to I-20.

(6) The commission shall, in addition to other projects, consider the following highway segments for improvements and highway modifications, including, but not limited to, straightening and realignment of the existing roadway, the addition of passing lanes and the widening of existing lanes, the addition of turn lanes and improvement of shoulders:

(a) Mississippi 3 from U.S. 61 to U.S. 49 West.

(b) Mississippi 3 from Tutwiler to U.S. 61.

(c) Mississippi 7 from Mississippi 9 West to I-55.

- (d) Mississippi 7 from U.S. 82 to I-55.
- (e) Mississippi 8 from U.S. 49 West to I-55.
- (f) Mississippi 9 from Mississippi 7 to U.S. Highway 82.
- (g) Mississippi 9 from Mississippi 6 to U.S. 78.
- (h) Mississippi 9 from Mississippi 7 to Mississippi 300.
- (i) Mississippi 12 from U.S. 61 to I-55.
- (j) Mississippi 12 from U.S. 82 to the Mississippi/Alabama state line.
- (k) Mississippi 12 from the city limits of Ackerman to the city limits of Sturgis.
- (l) Mississippi 12 from U.S. 49 West to U.S. 61.
- (m) Mississippi 12 from Kosciusko to I-55.
- (n) Mississippi 15 from I-10 to U.S. 98.
- (o) Mississippi 15 from Mississippi 18 to I-20.
- (p) Mississippi 16 from Mississippi 39 to U.S. 45.
- (q) Mississippi 16 from Mississippi 39 to Philadelphia.
- (r) Mississippi 18 from U.S. 61 to the city limits of Utica.
- (s) Mississippi 18 from U.S. 45 to U.S. 80.
- (t) Mississippi 24 from Mississippi 33 to Mississippi 48.
- (u) Mississippi 24 from U.S. 61 to Fort Adams.
- (v) Mississippi 26 from Mississippi 43 to Mississippi 63.
- (w) Mississippi 27 from the Mississippi/Louisiana state line to I-55.
- (x) Mississippi 28 from Mississippi 33 to I-55.
- (y) Mississippi 28 from U.S. 51 to U.S. 49.
- (z) Mississippi 28 from U.S. 84 to U.S. 49.
- (aa) Mississippi 33 from U.S. 61 to the Mississippi/Louisiana state line.
- (bb) Mississippi 35 from U.S. 98 to I-20.
- (cc) Mississippi 39 from DeKalb to the Meridian Naval Air Station.
- (dd) Mississippi 42 from U.S. 84 to U.S. 49.
- (ee) Mississippi 43 from Mississippi 26 to Picayune.
- (ff) Mississippi 48 from Mississippi 35 to U.S. 51.
- (gg) Mississippi 50 from Mississippi 15 to the Mississippi/Alabama state line.
- (hh) Mississippi 69 from Columbus to the Mississippi/Alabama state line.
- (ii) Mississippi 389 from Starkville to Mississippi 15.
- (jj) Mississippi 469 from U.S. 49 to Mississippi 28.
- (kk) Mississippi 469 from U.S. 49 to Mississippi 468.
- (ll) Mississippi 547 from Mississippi 28 to U.S. 61.
- (mm) Mississippi 550 from Mississippi 28 to I-55.
- (nn) Mississippi 563 from U.S. 61 to Mississippi 33.
- (oo) Mississippi 567 from Mississippi 24 to U.S. 98.
- (pp) Mississippi 569 from Liberty to Mississippi 570.
- (qq) Mississippi 570 from Summitt to Smithdale.
- (rr) Mississippi 589 from Liberty to I-55.
- (ss) Mississippi 589 from U.S. 98 to I-59.
- (tt) Mississippi 603 from I-10 to Kiln/Delisle Road.

(uu) Old U.S. 45 beginning in the City of Meridian at or near the old Coca-Cola Company and extending northerly approximately two (2) miles to just beyond the Town of Marion.

(vv) U.S. 49 East from Yazoo City to Tutwiler.

(ww) U.S. 49 from Tutwiler to Clarksdale.

(xx) U.S. 49 from Indianola to Clarksdale.

(7) The Mississippi Transportation Commission shall conduct a feasibility study and prepare a conceptual design for a thoroughfare that encircles the City of Hattiesburg.

(8) The construction priorities established in this section shall not be construed as prohibiting the completion of highway segments which, on July 1, 1987, are included in the current three-year plan under Section 65-1-141, and for which, on July 1, 1987, grade and drainage has been completed or contracts for grade and drainage have been let. Nothing shall preclude the construction of fully controlled access highways.

(9) Contracts may be let and construction may commence and be performed concurrently on any of the highway segments designated in subsections (3), (4) and (5) of this section, notwithstanding the priorities established for the letting of contracts on the various segments designated therein, provided that funds are available and, provided that, at all times, the percentages of all contracts required to be let on the segments designated in subsection (3) of this section are, in fact, let no later than the dates established therein.

(10)(a) All highway construction and reconstruction authorized under this section shall be performed by contract let on competitive bid in the manner provided by statute; however, highway segments shall be constructed in lengths of not less than ten (10) miles.

(b) It is the intent of the Legislature that not less than ten percent (10%) of the amounts authorized to be expended for construction and reconstruction of the four-lane highway segments designated in this section shall be expended with small business concerns owned and controlled by socially and economically disadvantaged individuals. The term "socially and economically disadvantaged individuals" shall have the meaning ascribed to such term under Section 8(d) of the Small Business Act (15 USCS, Section 637(d)) and relevant subcontracting regulations promulgated pursuant thereto; except that women shall be presumed to be socially and economically disadvantaged individuals for the purposes of this paragraph (b).

(11)(a) Notwithstanding the provisions of subsection (10)(a) of this section, the Mississippi Transportation Commission may construct highway segments of less than ten (10) miles in length if:

(i) The segment as described in subsection (3) or (4) of this section or the schedule of priorities established in subsection (5) of this section is less than ten (10) miles in length;

(ii) The segment will connect two (2) existing four-lane highways;

(iii) The segment will connect an existing four-lane highway with an incorporated municipality;

(iv) The segment will connect an existing four-lane highway with a river, the state boundary or any other natural or man-made barrier;

(v) For a particular project, the costs of constructing a single segment of at least ten (10) miles in length would greatly exceed the aggregate costs of constructing two (2) or more segments; or

(vi) The segment is in an urban area and involves the completion of bypasses or other construction which will facilitate and accommodate major traffic movement.

(b) In any case in which the Transportation Commission authorizes the construction of a highway segment of less than ten (10) miles in length, the commission shall set forth and record in its official minutes explanation and justification therefor based upon one or more of the conditions prescribed in paragraph (a) of this subsection.

(12)(a) To assist in defraying the costs and expenses for construction, reconstruction and relocation of the four-lane highway system described in this section, the following revenues shall be paid out of such funds made available to the Transportation Commission and the Mississippi Department of Transportation:

(i) From matched federal funds or other federal funds, Thirty-two Million Dollars (\$32,000,000.00) for fiscal year 1988, Twenty-five Million Dollars (\$25,000,000.00) for fiscal year 1989, Thirty Million Dollars (\$30,000,000.00) for fiscal year 1990 and fifty percent (50%) of such federal funds for fiscal year 1991 and each fiscal year thereafter; and

(ii) Five Million Dollars (\$5,000,000.00) from matched federal bridge replacement funds for fiscal year 1988 and each fiscal year thereafter when the segments proposed for construction contain bridges that are eligible for replacement under the Federal Aid Bridge Replacement Program.

(b) Federal funds in addition to the federal funds specified in paragraph (a) of this subsection may be used for the construction, reconstruction and relocation of the four-lane highway system described in this section. Such federal funds may be utilized in lieu of state funding that would otherwise be utilized for such system; provided, however, that the annual total amount of funding for the construction, reconstruction and relocation of the highway system described in this section shall not be less than it would have otherwise been without the utilization of such additional federal funds.

(13) The Transportation Department shall submit a report to the Legislature by January 10 of each calendar year setting forth the current status of the construction program set forth in this section to include, but not be limited to, the following information:

(a) Specific segments on which engineering is being performed or has been completed;

(b) Specific segments for which right-of-way has been acquired or is being acquired;

(c) Specific segments for which construction contracts have been let;

(d) Specific segments on which construction is in progress;

(e) Specific segments on which construction has been completed;

(f) Projections for completion of the next step on each segment;

(g) Revenue derived for such construction program from each revenue source contained in Chapter 322, Laws of 1987, and in Chapter 557, Laws of 1994;

(h) For each fiscal year beginning in 1994, a detailed cash flow projection by source of program activities and an estimate of when the program will encounter a funding shortage due to costs exceeding original projections;

(i) A schedule of all complete and open-to-traffic highway segments and the related total cost of each segment;

(j) A schedule of all highway segments on which all contracts necessary for completion of the segments were not let as of the date required by law;

(k) A complete recap of all program receipts by source, and of all disbursements for the prior fiscal year and cumulative totals since the inception of the program as compared to projections; and

(l) A statement from the Department of Transportation regarding the status of the funding of the program based on agency cost experience and projections for the future.

The report shall be deemed submitted when ten (10) copies are submitted to the Clerk of the House of Representatives and ten (10) copies are submitted to the Secretary of the Senate.

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Department of Transportation (MDOT) has the duty to maintain portion of Highway 465 which is a substandard road on a levee until such time as the legislature removes it from the state highway system or enacts legislation

which otherwise ends the responsibility of MDOT to maintain it. The Mississippi Highway Patrol is required to enforce traffic laws on Highway 465 as provided in Section 45-3-21. Pace, Aug. 7, 2006, A.G. Op. 06-0285.

§ 65-3-133. Additions to and deletions from State Highway System; Laws, 1999, ch. 531.

SECTION 1.

(1) The mileage of highway specifically designated in subsection (2) of this section is in addition to the total mileage limitation of eight thousand six hundred (8,600) miles that is set out in Section 65-3-3.

(2) The following highway is designated as a state highway and is placed under the jurisdiction of the Mississippi Transportation Commission for construction and maintenance; and such highway, together with the highways designated in Sections 65-3-3 and 65-3-5, and all other laws adding links to the designated state highway system, are declared to be the state highway system of Mississippi:

Southern District – Lawrence and Marion Counties:

An extension of Mississippi 44 beginning at its intersection with Mississippi 27 in Lawrence County and extending easterly across the Pearl River to Mississippi 13 in Marion County.

(3) The Mississippi Transportation Commission shall maintain, construct, take over and assume jurisdiction of the highway designated in subsection (1) of this section in the same manner and upon the same terms and conditions as set out in Sections 65-1-75, 65-3-3, 65-9-1 and 65-9-3.

SECTION 2.

The following highway is deleted from the state highway system, removed

from the jurisdiction of the Mississippi Transportation Commission and returned to the jurisdiction of the Board of Supervisors of Wayne County:

Southern District – Wayne County:

Beginning on Mississippi 510 at the end of state maintenance south of Mathersville, thence southeasterly approximately 4.4 miles to Supervisors District 2 of Wayne County.

SECTION 3.

The following highway is deleted from the state highway system, removed from the jurisdiction of the Mississippi Transportation Commission and returned to the jurisdiction of the Board of Supervisors of Humphreys County:

Central District – Humphreys County:

Mississippi 435 (Silent Shade Road) beginning at a point on Mississippi 12 approximately 5 miles east of Belzoni, thence northeasterly along the Yazoo River for 9 miles; all in Humphreys County.

SECTION 4.

The Mississippi Department of Transportation shall perform preliminary engineering, acquire necessary right-of-way and construct or reconstruct and maintain as a four-lane highway the following segment of highway:

Northern District – Lafayette County:

Mississippi 7 beginning at its intersection with Mississippi 6 and extending southerly to its intersection with Mississippi 9 West.

HISTORY: Laws, 1999, ch. 531, §§ 1-4, eff from and after passage (approved Apr. 16, 1999).

Editor's Notes — Section 65-3-5 referred to in (2) was repealed by Laws of 2000, ch. 574, § 11, effective from and after May 20, 2000.

§ 65-3-135. Deletion from state highway system; Laws, 2000, ch. 562.

The following highway is deleted from the state highway system, removed from the jurisdiction of the Mississippi Transportation Commission and returned to the jurisdiction of the Board of Supervisors of Clay County:

Northern District – Clay County:

Mississippi Highway 389 beginning at the Clay/Oktibbeha County line and extending northerly to Montpelier.

HISTORY: Laws, 2000, ch. 562, § 1, eff from and after passage (approved May 20, 2000).

§ 65-3-137. Additions to and deletions from State Highway System; Chapter 574, Laws of 2000, as amended by Chapter 539, Laws of 2012.

SECTION 1.

(1) The following highway is designated as a state highway and is placed under the jurisdiction of the Mississippi Transportation Commission

for construction and maintenance when the City of Flowood provides necessary rights-of-way, including utility adjustments and relocations:

Central District – Rankin County:

Mississippi 468 – That two-lane portion of Mississippi 468 (Flowood Drive) beginning at Fourth Street in Flowood and extending northeasterly to Mississippi Highway 475, a distance of approximately two and two-tenths (2.2) miles.

(2) The segment described in subsection (1) of this section shall be a four-lane facility built to the design standards of the Mississippi Department of Transportation.

SECTION 2.

(1) The Mississippi Department of Transportation shall number, maintain, take over and assume jurisdiction of the following described highway segment, subject to the conditions prescribed in subsection (2) of this section.

Central District – Rankin County:

West Rankin Parkway (New Route) – Beginning at Mississippi 25 in the City of Flowood, thence south to U.S. 80 at Pearson Road in the City of Pearl, all in Rankin County.

(2) The Mississippi Department of Transportation may construct the highway segment described in subsection (1) of this section as a four-lane facility in accordance with current design standards; however, the City of Flowood, the City of Pearl, Rankin County and any private corporation jointly shall provide necessary engineering and rights-of-way, including utility adjustments and relocations.

SECTION 3.

The following highway is designated as a state highway and is placed under the jurisdiction of the Mississippi Transportation Commission for construction and maintenance; and such highway, together with the highways designated in Section 65-3-3, and all other laws adding links to the designated state highway system, are declared to be the state highway system of Mississippi:

Southern District – Jones County:

Mississippi 590 – Beginning at Mississippi 11 and extending easterly to Mississippi 29, a distance of approximately 1.3 miles.

SECTION 4.

(1) The following highway is designated as a state highway and is placed under the jurisdiction of the Mississippi Transportation Commission for construction and maintenance; and such highway, together with the highways designated in Section 65-3-3, and all other laws adding links to the designated state highway system, are declared to be the state highway system of Mississippi:

Central District – Newton County:

Decatur Street beginning on the north side of the intersection of Third Street and Decatur Street, and proceeding northward to the beginning of state maintenance south of U.S. Highway 80, all within the City of Newton.

(2) The Mississippi Transportation Commission shall maintain, construct, take over and assume jurisdiction of the highway designated in

subsection (1) of this section in the same manner and upon the same terms and conditions as set out in Sections 65-1-75, 65-9-1 and 65-9-3. However, the City of Newton shall not be required to provide to the Mississippi Department of Transportation any right-of-way with a width any greater than the width of right-of-way that existed at the time that the highway segment described in subsection (1) of this section was returned to the jurisdiction of the City of Newton.

SECTION 5.

The following highways are deleted from the state highway system, removed from the jurisdiction of the Mississippi Transportation Commission and returned to the jurisdiction of the governing authorities of the City of Newton:

Central District – Newton County:

(a) That section of old Mississippi 15 beginning south of Interstate 20 at the intersection of old Mississippi 15 and present Mississippi 15 and extending southwesterly for approximately .033 miles, all within the City of Newton; and

(b) That section of old Mississippi 15 located between U.S. Highway 80 and Decatur Street, all within the City of Newton.

SECTION 6.

(1) The Mississippi Department of Transportation may construct to department design standards, may perform such reconstruction as may be required to existing highways and may acquire by gift, purchase or eminent domain proceedings such property as may be necessary to provide four (4) lanes for traffic on and along the following location:

Central District – Lauderdale County:

Old U.S. Highway 45 beginning in the City of Meridian at or near the old Coca Cola Company and extending northerly approximately two (2) miles to just beyond the Town of Marion.

(2) Lauderdale County, the City of Meridian and the Town of Marion shall provide required right-of-way, remove all encroachments and bring up to Transportation Department standards existing roads and bridges along the route described in subsection (1) of this section.

(3) The mileage of highway specifically designated in subsection (1) of this section shall be under the jurisdiction of the Mississippi Transportation Commission for construction and maintenance and, together with the highways designated in Section 65-3-3, and all other laws adding links to the state designated highway system, are declared to be the state highway system of Mississippi.

SECTION 7.

(1)(a) That portion of Mississippi Highway 25 from south of Becker, Mississippi, to the Monroe/Itawamba County line shall be known as the "Monroe County Parkway."

(b) The Mississippi Department of Transportation shall erect and maintain appropriate signs along and approaching that portion of Mississippi Highway 25 described in this subsection.

(2) The portion of Mississippi Highway 25 described in subsection (1) of this section shall be constructed by the Mississippi Department of Transportation as a fully-controlled access road; provided, however, beginning at a point four (4) miles south of the Monroe/Itawamba county line and extending north to the Monroe/Itawamba county line, the department is not required to construct a fully controlled access road. The Mississippi Department of Transportation is authorized to landscape the right-of-way of the portion of Mississippi Highway 25 described in subsection (1) of this section.

(3) If Mississippi Highway 25 is relocated to the east of Smithville, the Mississippi Department of Transportation shall maintain Mississippi Highway 25 as it existed on January 1, 2011, from a point at least four (4) miles south of the Monroe/Itawamba county line to a point at least two (2) miles north of the Monroe/Itawamba county line through Smithville and may designate it with an appropriate route number.

(4) The department is authorized to improve the existing Mississippi Highway 25 through Smithville by providing landscaping, appropriate signs and markers, and other enhancements.

(5) It shall be unlawful to construct or erect any advertisement or advertising structure within one thousand (1,000) feet of the right-of-way of the portion of Mississippi Highway 25 described in subsection (1) of this section. This subsection shall not apply to areas located within a municipality or to signs, displays or devices located on a building which carry only advertisements strictly related to the lawful use of the building.

(6) Mississippi Highway 25 shall intersect with U.S. Highway 278 at least five hundred (500) feet west of the eastern city limits of the City of Amory as such city limits existed on January 1, 2000.

INTERSTATE COMPACT TO PROMOTE FOUR LANES FOR US HIGHWAY 82

Sec.

- 65-3-301. U.S. Highway 82 Four Lane Construction Compact; legislative approval; text of Compact.
- 65-3-303. Grant of powers detailed in Compact.
- 65-3-305. U.S. Highway 82 Four Lane Construction Authority; appointment; residency requirements; term of office.
- 65-3-307. Consent and approval of U.S. Congress; effect of absence of consent.

§ 65-3-301. U.S. Highway 82 Four Lane Construction Compact; legislative approval; text of Compact.

The Governor, on behalf of this state, is hereby authorized to execute a compact, in substantially the following form, with the State of Arkansas and the State of Alabama; and the Legislature hereby signifies in advance its approval and ratification of such compact, which compact is as follows:

U.S. HIGHWAY 82 FOUR LANE CONSTRUCTION COMPACT

ARTICLE I. — The purpose of this compact is to promote and ensure the four laning of U.S. Highway 82 within the party states and to establish a joint interstate authority to assist that effort.

ARTICLE II. — This compact shall become effective immediately as to the states ratifying it whenever the State of Mississippi and either the State of Arkansas or the State of Alabama have ratified it and Congress has given consent thereto.

ARTICLE III. — The states which are parties to this compact (referred to as "party states") do hereby establish and create a joint agency which shall be known as the U.S. Highway 82 Four Lane Construction Authority (hereinafter referred to as "the authority"). The membership of such authority shall consist of one (1) representative named by the highway department of each party state and three (3) other citizens of each party state to be selected in the manner provided by laws enacted by the party states. The members of the authority shall not be compensated for service on the authority, but each of the members shall be entitled to actual and reasonable expenses incurred in attending meetings, or incurred otherwise in the performance of his duties as a member of the authority. The members of the authority shall hold regular quarterly meetings and such special meetings as its business may require. They shall choose annually a chairman and vice-chairman from among their members, and the chairmanship shall rotate each year among the party states in order of their acceptance of this compact. The secretary of the authority (hereinafter provided for) shall notify each member in writing of all meetings of the authority in such a manner and under such rules and regulations as the authority may prescribe. The authority shall adopt rules and regulations for the transaction of its business; and the secretary shall keep a record of all its

business and shall furnish a copy thereof to each member of the authority. It shall be the duty of the authority, in general, to promote, encourage and coordinate the efforts of the party states to secure the timely four laning of U.S. Highway 82 within the party states. Toward this end, the authority shall have power to hold hearings; to conduct studies and surveys of all problems, benefits, and other matters associated with the four laning of U.S. Highway 82 within the party states, and to make reports thereon; to acquire, by gift, grant or otherwise, from local, state, federal or private sources such money or property as may be provided for the proper performance of their function, and to hold and dispose of same; to cooperate with other public or private groups, whether local, state, regional or national, having an interest in the four laning of U.S. Highway 82 within the party states; to formulate and execute plans and policies for emphasizing the purpose of this compact before the Congress of the United States and other appropriate officers and agencies of the United States; and to exercise such other powers as may be appropriate to enable it to accomplish its functions and duties in connection with the four laning of U.S. Highway 82 within the party states.

ARTICLE IV. — The authority shall appoint a secretary, who shall be a person familiar with the nature, procedures and significance of the four lane completion and the informational, educational and publicity methods of stimulating general interest in such construction, and who shall be the compact administrator. The term of office of the secretary shall be at the pleasure of the authority, and such officer shall receive such compensation as the authority shall prescribe. The secretary shall maintain custody of the authority's books, records and papers, which shall be kept by the secretary at the office of the authority, and shall perform all functions and duties and exercise all powers and duties which may be delegated to the secretary by the authority.

ARTICLE V. — Each party state agrees that its Legislature may, in its discretion, from time to time make available and pay over to the authority funds for the establishment and operation of the authority. The contribution of each party state will be in equal amounts.

ARTICLE VI. — Nothing in this compact shall be construed so as to conflict with any existing statute, or to limit the powers of any party state, or to repeal or prevent legislation, or to authorize or permit curtailment or diminution of any other highway construction project, or to affect any existing or future cooperative arrangement or relationship between any federal agency and a party state.

ARTICLE VII. — This compact shall continue in force and remain binding upon each party state until the Legislature or Governor of each or either state takes action to withdraw therefrom; provided that such withdrawal shall not become effective until six (6) months after the date of the action taken by the Legislature or the Governor. Notice of such action shall be given to the other party state or states by the party state which takes such action.

§ 65-4-1. Short title.

This chapter shall be known and may be cited as the “Economic Development Highway Act.”

HISTORY: Laws, 1988, ch. 565, § 1, eff from and after passage (approved May 21, 1988).

OPINIONS OF THE ATTORNEY GENERAL

The Mississippi Department of Economic and Community Development may lawfully award a grant pursuant to the “Economic Development Highway Act” to a municipality with the knowledge that

the grant proceeds will be incorporated into the municipality’s TIF plan and expended in accordance to the plan. See Section 21-45-1 et seq. Pittman, August 1, 1995, A.G. Op. #95-0532.

§ 65-4-3. Purpose.

It is the purpose of this chapter to promote, attract and secure industrial and other significant development in the state through the construction and improvement of highways in areas of the state which demonstrate actual and immediate potential for the creation or expansion of major industry or other significant development which is heavily dependent upon the use of and direct access to primary highways.

HISTORY: Laws, 1988, ch. 565, § 2; Laws, 1990, ch. 580, § 1; Laws, 1999, ch. 579, § 18, eff from and after July 1, 1999.

§ 65-4-5. Definitions.

(1) The following words when used in this chapter shall have the meanings herein ascribed unless the context otherwise clearly requires:

- (a) "Board" means the Mississippi Development Authority;
- (b) "Department" means the Mississippi Department of Transportation;
- (c) "High economic benefit project" means:

- (i) Any new investment by a private company with capital investments in land, buildings, depreciable fixed assets and improvements of at least Seventy Million Dollars (\$70,000,000.00);

- (ii) Any new investment of at least Twenty Million Dollars (\$20,000,000.00) by a private company having capital investments in this state in land, buildings, depreciable fixed assets and improvements of at least One Billion Dollars (\$1,000,000,000.00) in the aggregate;

- (iii) Public investment of at least One Hundred Million Dollars (\$100,000,000.00) to take place over a specified period of time and in accordance with a master plan duly adopted by the controlling political subdivision;

- (iv) Any new investments in land, buildings, depreciable fixed assets and improvements by two (2) private companies upon land that is adjacent whenever the new investments of both companies are at least Sixty Million Dollars (\$60,000,000.00) in the aggregate, and such new investments by both private companies provide for the employment of at least five hundred (500) employees in the aggregate;

- (v) Any project which would benefit from the construction of any highway bypass which would aid in economic development and would provide an alternate route to avoid an existing route which underpasses a railroad and which would aid in existing or proposed industry;

- (vi) Any master planned community;

- (vii) Any new investments in land, buildings, depreciable fixed assets and improvements by not more than three (3) private companies physically located within a one-half-mile radius of each other whenever the new investments of such companies are at least Sixty Million Dollars (\$60,000,000.00) in the aggregate, and such new investments by such companies provide for the employment of at least three hundred (300) new employees in the aggregate;

(viii) Any new investments in land, buildings, depreciable fixed assets and improvements by two (2) or more private companies upon lands originally adjacent, but now divided by a four-lane state highway and bordered by a two-lane state highway, and the new investments of the companies are at least Fifty Million Dollars (\$50,000,000.00) in the aggregate, and a portion of such new investment will be utilized for the construction of a hospital;

(ix) [Repealed]

(x) Any project as defined in Section 57-75-5(f)(xxi); however, the term "high economic benefit project" does not include the construction of Mississippi Highway 348;

(xi) Any project as defined in Section 17-25-17;

(xii) Any project which would allow access to a national intermodal facility with a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) that is located within five (5) miles of the State of Mississippi and has direct access into an industrial park within the state;

(xiii) Any new investments in land, buildings and depreciable fixed assets and improvements by a private company of at least One Hundred Million Dollars (\$100,000,000.00) over a specified period of time in accordance with a defined capital improvement project approved by the board;

(xiv) Any new investments in land, buildings, depreciable fixed assets and improvements of at least Fifteen Million Dollars (\$15,000,000.00) by a private company to establish a private regional or national headquarters and such new investments provide for the employment of at least one hundred (100) new employees in the aggregate over a five-year period with those new employees earning an annual average salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified private regional or national headquarters is located, as determined by the Mississippi Department of Employment Security, whichever is less;

However, if the initial investments that a private company made in order to meet the definition of a high economic benefit project under this paragraph (c)(i) and in order to be approved for such project exceeded Fifty Million Dollars (\$50,000,000.00), or if subsequent to being approved for the initial project the same company and/or one or more other private companies made additional capital investments exceeding Fifty Million Dollars (\$50,000,000.00) in aggregate value in land, buildings, depreciable fixed assets and improvements physically attached to or forming a part of the initially planned site development, then an amount equal to fifty percent (50%) of all such investments that exceeds Fifty Million Dollars (\$50,000,000.00) shall be subtracted from the Sixty Million Dollars (\$60,000,000.00) in aggregate value of new investments required under this paragraph (c)(vii);

(d) “Political subdivision” means one or more counties or incorporated municipalities in the state, or a state-owned port located in a county bordering on the Gulf of Mexico;

(e) “Private company” means:

(i) Any agricultural, aquacultural, maricultural, processing, distribution, warehousing, manufacturing, transportation, tourism or research and development enterprise;

(ii) Any air transportation and maintenance facility, regional shopping mall, hospital, large hotel, resort or movie industry studio;

(iii) The federal government with respect to any specific project which meets the criteria established in paragraph (c)(i) of this subsection;

(iv) Any existing or proposed industry in regard to a project described in paragraph (c)(v) of this subsection;

(v) A developer with respect to any specific project which meets the criteria established in paragraph (c)(vi) of this subsection; or

(vi) A tourism project approved by the board;

(f) “Master planned community” shall have the same meaning as that term is defined in Section 19-5-10.

(2) The Mississippi Department of Transportation is hereby authorized to purchase rights-of-way and construct and maintain roads and highways authorized to be constructed pursuant to this chapter.

HISTORY: Laws, 1988, ch. 565, § 3; Laws, 1989, ch. 524, § 27; Laws, 1990, ch. 502, § 12; Laws, 1990, ch. 580, § 2; Laws, 1992, ch. 493, § 1; Laws, 1995, ch. 548, § 8; Laws, 1997, ch. 537, § 1; Laws, 1999, ch. 579, § 19; Laws, 2000, ch. 440, § 1; Laws, 2000, ch. 590, § 2; Laws, 2003, ch. 443, § 1; Laws, 2004, ch. 594, § 1; Laws, 2007, ch. 409, § 1; Laws, 2009, ch. 557, § 26; Laws, 2010, ch. 520, § 1; Laws, 2011, ch. 480, § 24; Laws, 2013, ch. 455, § 1; Laws, 2014, ch. 530, § 40, eff from and after July 1, 2014; Laws, 2020, ch. 451, § 1, eff from and after July 1, 2020.

Joint Legislative Committee Note — Section 1 of ch. 440, Laws, 2000, effective from and after July 1, 2000, amended this section. Section 2 of ch. 590, Laws, 2000, effective from and after its passage (approved May 20, 2000), also amended this section. As set out above, this section reflects the language of both amendments pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision and Publication of Legislation ratified the integration of these amendments as consistent with the Legislative intent at the June 29, 2000 meeting of the Committee.

Editor’s Notes — Laws of 1989, ch. 524, § 36, provides as follows:

“SECTION 36. The repeal or amendment of this act shall not reduce the terms of any tax reduction, special tax incentive or financial assistance agreed upon pursuant to official action by the Department of Economic Development, the State Tax Commission or other appropriate agency of the state or political subdivision thereof prior to the effective date of such repeal or amendment.”

Subparagraph (1)(c)(ix) was repealed by its own terms effective from and after July 1, 2009.

Amendment Notes — The 2020 amendment added (1)(c)(xiv), and made related changes.

approval of an application for assistance to construct or improve highways to encourage economic development, see § 65-4-9.

§ 65-4-7. Application for assistance to construct or improve highways to encourage economic development.

Any political subdivision desiring the assistance of the state in order to construct or improve any highways or highway segments, the primary purpose of such construction or improvement being to encourage a private company to engage in a high economic benefit project within the geographic boundaries of the political subdivision, may apply to the board for such approval and assistance. The application from the political subdivision shall include, but not be limited to:

(a) A description of the highways or highway segments requested to be constructed or improved;

(b) A certified resolution from the governing authorities of the political subdivision detailing the source and amount of funds which the political subdivision has committed or is willing to commit for construction or improvement of such highways or highway segments;

(c) A certified copy of a signed letter of intent from the private company to the political subdivision describing in detail the high economic benefit project in which it is committed to engage upon construction or improvement of the highways or highway segments within the political subdivision and the proposed timetable for completion of such project;

(d) Demonstration that the private company is financially sound and is likely to fulfill the commitments made in its letter of intent; and

(e) An estimate by the private company of the number, size and weight of motor vehicles and the frequency of travel of such vehicles upon the highways or highway segments requested to be constructed or improved after completion of the project by the private company.

Cross References — Review and approval of applications submitted under this section, see § 65-4-9.

§ 65-4-9. Review and approval of application.

Upon receipt of an application by a political subdivision as provided under Section 65-4-7, Mississippi Code of 1972, the board shall review the application and may approve the application if it determines:

(a) The highways or highway segments for which the political subdivision is requesting assistance in constructing or improving are necessary and essential to ensure adequate and appropriate access to the proposed project for the purpose of encouraging its location within the geographical boundaries of the political subdivision;

(b) The project proposed by the private company meets the definition of

a "high economic benefit project" as such term is defined in Section 65-4-5, Mississippi Code of 1972;

(c) The private company has demonstrated financial soundness and appears to have such assets and credit worthiness as to permit it to secure necessary funds to complete the project according to its commitments; and

(d) The costs for the construction or improvement of such highways or highway segments to be funded hereunder will not exceed the funds available in the Economic Development Highway Fund created by Section 65-4-15, Mississippi Code of 1972.

HISTORY: Laws, 1988, ch. 565, § 5; Laws, 1990, ch. 580, § 4, eff from and after passage (approved April 9, 1990).

§ 65-4-11. Report and recommendations of Department of Transportation with respect to proposed highway construction or improvement project.

Before approving any application under this chapter the board shall have the Mississippi Department of Transportation, or the political subdivision if the political subdivision will have the construction or improvement performed, prepare and submit to it a detailed engineering study and report of all estimated costs associated with the construction and improvement of the highways and highway segments requested by the application of the political subdivision along with the estimated annual costs necessary to be expended for maintenance thereof. If the political subdivision will have the construction or improvement performed on a state designated highway that will be maintained by the Mississippi Department of Transportation, the board shall not approve the application of such political subdivision until the engineering study required in this section has been submitted by the board to the Mississippi Department of Transportation and has been certified by the Transportation Department to the board as proposing construction or improvement of highways and highway segments that meets Transportation Department standards for such work. If the political subdivision will have the construction or improvement performed on a highway that is not on the designated state highway system, the board shall not approve the application of such political subdivision until the engineering study required in this section has been submitted by the board to the Office of State Aid Road Construction and has been certified by the Office of State Aid Road Construction to the board as proposing construction or improvement of highways and highway segments that meets Office of State Aid Road Construction standards for such work.

The Mississippi Department of Transportation or the Office of State Aid Road Construction, as the case may be, may recommend modifications to the location and route of those highways and highway segments proposed in the application of the political subdivision if such modifications are more cost effective and would not have a substantially negative economic impact on the project of the private company.

HISTORY: Laws, 1988, ch. 565, § 6; Laws, 1990, ch. 580, § 5; Laws, 1996, ch. 439, § 1, eff from and after passage (approved March 29, 1996).

§ 65-4-13. Notice of approval of application; approval prohibited where cost of project exceeds available funds.

If, after reviewing the application of the political subdivision and the report of the State Highway Department or political subdivision, the board determines that the application meets the requirements for approval and should be approved, the board shall notify the political subdivision and the State Highway Commission of its approval and contracts may be let. Upon certification by the board that monies currently available in the Economic Development Highway Fund are sufficient to defray the costs of the construction or improvement, then contracts with respect to such work may be executed by the highway department or political subdivision and work necessary for the construction or improvement of the highways and highway segments so approved shall commence by the State Highway Department or political subdivision, as determined by the Department of Economic and Community Development. If the construction or improvement is by a political subdivision, the State Aid Engineer shall have such work inspected periodically during the progress of such construction or improvement to ensure that it meets the standards prescribed in Section 65-4-17, Mississippi Code of 1972. However, no application shall be approved by the board if the total costs for constructing or improving the proposed highways or highway segments to be funded hereunder, according to estimates in the report of the State Highway Department or political subdivision, will exceed monies currently available in the Economic Development Highway Fund created in Section 65-4-15, Mississippi Code of 1972.

HISTORY: Laws, 1988, ch. 565, § 7; Laws, 1990, ch. 580, § 6, eff from and after passage (approved April 9, 1990).

Editor's Notes — Section 57-1-54 provides that wherever the term "Mississippi Department of Economic and Community Development" appears in any law, it shall mean the Mississippi Development Authority.

Section 65-1-1 provides that whenever the term "Mississippi State Highway Department," or the term "department" meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-4-15. Economic Development Highway Fund.

(1) There is hereby established a special fund in the State Treasury to be known as the "Economic Development Highway Fund" which shall consist of such monies as the Legislature shall appropriate thereto or such other monies as the Legislature may designate to be deposited therein. Any monies to the credit of such fund may be expended by the Mississippi Department of

Transportation or political subdivision, as appropriate, upon approval of requisitions therefor by the Mississippi Development Authority for any expenses incurred by the Transportation Department or political subdivision in constructing and improving highways and highway segments which have been approved by the Mississippi Development Authority under the provisions of this chapter. From and after July 1, 2004, no monies to the credit of the fund may be expended for the construction and improvement of highways for high economic benefit projects that are being developed for the primary purpose of conducting retail sales unless the Mississippi Development Authority has received an application for the project prior to July 1, 2004; however, the primary purpose is not conducting retail sales if the project is a mixed-use development for which retail space is no more than twenty percent (20%) of the square footage of the development. With regard to a high economic benefit project as defined in Section 65-4-5(1)(c)(xiii) for which the Mississippi Development Authority approved and allocated monies in the fund before January 1, 2016, for constructing or improving a highway or highway segment related to the high economic benefit project, the Mississippi Development Authority may reallocate such monies from the original highway or highway segment purpose and allocate the funds for constructing or improving another highway or highway segment provided that such highway or highway segment is located within three (3) miles of the high economic benefit project for which the Mississippi Development Authority originally allocated and approved the monies. The Office of State Aid Road Construction shall be entitled to reimbursement from monies in the fund, upon approval by the Mississippi Development Authority of requisitions therefor by the State Aid Engineer, for the actual expenses incurred by the office in administering and providing engineering services to political subdivisions. Monies remaining unexpended to the credit of such special fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on the investment of monies in the special fund shall be deposited to the credit of the fund.

(2) Monies in the Economic Development Highway Fund which are derived from proceeds of bonds issued under this chapter after July 1, 2003, may be used to reimburse reasonable actual and necessary costs incurred by the Mississippi Development Authority for the administration of the various grant, loan and financial incentive programs administered by the authority. An accounting of actual costs incurred for which reimbursement is sought shall be maintained by the Mississippi Development Authority. Reimbursement of reasonable actual and necessary costs shall not exceed three percent (3%) of the proceeds of bonds issued. Reimbursements to the Mississippi Development Authority under this subsection shall satisfy any applicable federal tax law requirements.

HISTORY: Laws, 1988, ch. 565, § 8; Laws, 1989, ch. 524, § 28; Laws, 1990, ch. 580, § 7; Laws, 1999, ch. 415, § 1; Laws, 2003, ch. 518, § 2; Laws, 2004, ch. 510, § 1, eff from and after passage (approved May 4, 2004.); Laws, 2018, ch. 452, § 16, eff from and after July 1, 2018; Laws, 2019, ch. 453, § 13, eff from and after July 1, 2019; Laws, 2020, ch. 451, § 2, eff from and after July 1, 2020.

Editor's Notes — Laws of 1989, ch. 524, § 36, provides as follows:

"SECTION 36. The repeal or amendment of this act shall not reduce the terms of any tax reduction, special tax incentive or financial assistance agreed upon pursuant to official action by the Department of Economic Development, the State Tax Commission or other appropriate agency of the state or political subdivision thereof prior to the effective date of such repeal or amendment."

Amendment Notes — The 2020 amendment in (1), added "however, the primary purpose...footage of the development" at the end of the third sentence.

Cross References — Prohibition against approving applications where there are insufficient funds available in the fund created by this section to pay for the cost of the highway project, see § 65-4-9.

Limitation on approving applications for assistance to construct or improve highways to encourage economic development that the funds be available in the fund created by this section, see § 65-4-9.

Transfer of investment account surplus sums into the Economic Development Highway Fund, see § 65-4-19.

Issuance of general obligation bonds for Economic Development Highway Fund, see § 65-4-25.

§ 65-4-17. Standards for construction or improvement of highways and highway segments; entity responsible for maintaining highways constructed or improved.

Any highways or highway segments authorized to be constructed or improved by the Mississippi Department of Transportation or political subdivision under the provisions of this chapter shall be constructed or improved to bear a load limit of at least eighty thousand (80,000) pounds.

For any project approved from and after April 12, 1993, if at the time the project is approved the highways or highway segments to be constructed or improved are a part of the designated state highway system, then maintenance on such highways or highway segments after completion of the project shall be performed by the Mississippi Department of Transportation and shall be constructed to Transportation Department standards. For any project approved from and after April 12, 1993, if at the time the project is approved the highways or highway segments to be constructed or improved are not part of the designated state highway system, the maintenance on such highways or highway segments after completion of the project shall be performed by the political subdivision and shall be constructed to Office of State Aid Road Construction standards.

§ 65-4-19. Transfer of funds; definitions.

(1) The State Highway Commission, acting through the Director of the State Highway Department, is hereby authorized and directed as follows: on

each transfer date, the State Highway Commission shall transfer from the State Highway Fund into the appropriate fund specified below the sum equal to the investment account surplus for such transfer date. During fiscal year 1989, the investment account surplus sums available for transfer shall be transferred into the Economic Development Highway Fund created by Section 65-4-15, until Two Million Dollars (\$2,000,000.00) in the aggregate has been transferred to that fund, and any additional investment account surplus sums available for transfer not exceeding Twenty-five Million Dollars (\$25,000,000.00) in the aggregate shall be transferred into the State General Fund. During fiscal year 1990 and thereafter, any investment account surplus sums available for transfer shall be transferred into the Economic Development Highway Fund.

(2) As used in Sections 65-4-19, 65-4-21 and 65-4-23, the following terms shall have the following meanings:

(a) "Investment account surplus" means, with respect to each transfer date, the amount specified in item (ii) of the definition of transfer date, as set forth below.

(b) "Transfer date" means the second business day following the delivery to the Director of the State Highway Department of a certificate signed by the State Treasurer to the effect: (i) that, pursuant to Section 4(c) of Chapter 39, Extraordinary Session of 1969 (as amended by Section 1 of Chapter 418, Laws of 1976, as amended by Section 1 of Chapter 478, Laws of 1978, and as amended by Section 1 of Chapter 469, Laws of 1985), the State Bond Commission of the State of Mississippi has restructured the investments held in the investment account established pursuant to such Section 4(c) and relating to the State's Highway Revenue Refunding Bonds, Series 1985; (ii) that, as a result of such restructuring and pursuant to such Section 4(c), the State Bond Commission has declared a specified sum held in such investment account as being surplus (i.e., as being the investment account surplus for such transfer date); (iii) that the State Bond Commission has applied such investment account surplus to deposit into the bond fund relating to the State's Highway Revenue Refunding Bonds, Series 1985, in order to reduce on a dollar for dollar basis the amount of gasoline excise taxes which must be deposited in such bond fund, or to retention in such investment account in order to reduce on a dollar for dollar basis the amount of gasoline excise taxes which must be deposited in such investment account, or to any combination of such deposit and retention; (iv) that any portion of the investment account surplus deposited in such bond fund has been invested pending its disbursement to pay principal of or interest on such bonds; (v) that any portion of the investment account surplus retained in such investment account has been invested pending its disbursement to purchase U.S. government obligations which are scheduled to be held in such investment account; and (vi) that provision has been made for all interest earnings on investments of such investment account surplus, pending its disbursement to pay principal of or interest on such bonds, or pending its disbursement to purchase U.S. government obligations sched-

uled to be held in such investment account, as the case may be, to be paid into the State Highway Fund.

HISTORY: Laws, 1988, ch. 449, § 1, eff from and after passage (approved April 25, 1988).

Editor's Notes — Section 65-1-1 provides that whenever the term “Mississippi State Highway Department,” or the term “department” meaning the Mississippi State Highway Department, appears in the laws of this state, it shall mean the Mississippi Department of Transportation, and whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-4-21. Payment into fund; warrant.

On each transfer date the Director of the State Highway Department shall make requisition upon the State Fiscal Management Board and thereupon the State Fiscal Management Board shall issue its warrant to the State Treasurer, who shall immediately pay the same into the appropriate fund specified in Section 65-4-19 as provided by law.

HISTORY: Laws, 1988, ch. 449, § 2, eff from and after passage (approved April 25, 1988).

Editor's Notes — Section 27-104-1 provides that the term “Fiscal Management Board” shall mean the “Department of Finance and Administration.”

Section 65-1-1 provides that whenever the term ‘director,’ meaning the Chief Administrative Officer of the State Highway Department, appears in the laws of the State of Mississippi, it shall mean the Executive Director of the Mississippi Department of Transportation.

§ 65-4-23. Conflict of interests.

No member of the Legislature, elected official or appointed official, or any partner or associate of any member of the Legislature, elected official or appointed official, or member of their family, shall derive any income or thing of value from the restructuring of any investments held in the investment account established pursuant to Section 4(c) of Chapter 39, Extraordinary Session of 1969, as amended, and relating to the State's Highway Revenue Refunding Bonds, Series 1985.

HISTORY: Laws, 1988, ch. 449, § 3, eff from and after passage (approved April 25, 1988).

§ 65-4-25. Resolution to issue general obligation bonds for Economic Development Highway Fund.

The Mississippi Development Authority, acting through its executive director, is authorized, at one time or from time to time, to declare by resolution the necessity for issuance of negotiable general obligation bonds of the State of Mississippi to provide funds for the Economic Development Highway Fund

established in Section 65-4-15, Mississippi Code of 1972. Upon the adoption of a resolution by the Executive Director of the Mississippi Development Authority, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by Sections 65-4-25 through 65-4-45, Mississippi Code of 1972, the executive director shall deliver a certified copy of his resolution or resolutions to the State Bond Commission. Upon receipt of the resolution, the State Bond Commission, in its discretion, shall act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for the sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The principal amount of bonds issued under Sections 65-4-25 through 65-4-45, Mississippi Code of 1972, shall not exceed Three Hundred Ninety-one Million Five Hundred Thousand Dollars (\$391,500,000.00) in the aggregate. However, an additional amount of bonds may be issued under Sections 65-4-25 through 65-4-45, Mississippi Code of 1972, in an amount not to exceed Seven Million Dollars (\$7,000,000.00), and the proceeds of any such additional bonds issued shall be used to provide funding for a high economic benefit project as defined in Section 65-4-5(1)(c)(vi), Mississippi Code of 1972. An additional amount of bonds may be issued under Sections 65-4-25 through 65-4-45, in an amount not to exceed One Million Dollars (\$1,000,000.00), the proceeds of which shall be used to provide funding for a high economic benefit project as defined in Section 65-4-5(1)(c)(v).

Joint Legislative Committee Note — Section 1 of ch. 449, Laws, 1999, effective from and after July 1, 1999 (approved March 19, 1999), amended this section. Section 20 of ch. 579, Laws, 1999, effective July 1, 1999 (approved April 21, 1999), also amended this section. As set out above, this section reflects the language of Section 20 of ch. 579, Laws, 1999, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, and the effective dates of the amendments are the same, the amendment with the latest approval date shall supersede all other amendments to the same section approved on an earlier date.

Section 2 of ch. 431, Laws of 2011, effective from and after passage (approved March 16, 2011), amended this section. Section 5 of ch. 480, Laws of 2011, effective from and after passage (approved April 6, 2011), also amended this section. As set out above, this section reflects the language of Section 5 of ch. 480, Laws of 2011, which contains language that specifically provides that it supersedes § 65-4-25 as amended by Laws of 2011, ch. 431.

Amendment Notes — The 2020 amendment, effective July 9, 2020, substituted “Three Hundred Eighty-four Million Five Hundred Thousand Dollars (\$384,500,000.00)” for “Three Hundred Seventy-seven Million Five Hundred Thousand

Dollars (\$377,500,000.00).”

The 2021 amendment, effective April 22, 2021, in the fourth sentence, substituted “Three Hundred Ninety-one Million Five Hundred Thousand Dollars (\$391,500,000.00)” for “Three Hundred Eighty-four Million Five Hundred Thousand Dollars (\$384,500,000.00)”; and added the last sentence.

§ 65-4-27. Payment of principal and interest on bonds.

For the payment of the principal of and interest on the bonds issued under Sections 65-4-25 through 65-4-45, the full faith, credit, and taxing power of the State of Mississippi are hereby irrevocably pledged. If the funds appropriated by the Legislature be insufficient to pay the principal of and interest on the bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the foregoing provisions of this section.

HISTORY: Laws, 1989, ch. 463, § 2, eff from and after passage (approved March 27, 1989).

§ 65-4-29. Terms of bonds; option to redeem; issuance and sale.

Such bonds as are authorized to be issued under Sections 65-4-25 through 65-4-45 may be executed and delivered by the state at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in fully registered form or in bearer form registrable either as to principal or interest, or both, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding twenty (20) years from the date thereof, may be payable at such place or places, whether within or without the State of Mississippi, may bear interest payable at such time or times and at such place or places and evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings of the State Bond Commission under which the bonds are authorized to be issued. Such bonds shall not bear a greater overall maximum interest rate to maturity than that authorized by Section 75-17-101. If deemed advisable by the State Bond Commission, there may be retained in the proceedings under which any such bonds are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and briefly recited or referred to on the face of the bonds, but nothing herein contained shall be construed to confer on the state any right or option to redeem any bonds, except as may be provided in the proceedings under which they shall be issued. The State Bond Commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be in the best interest of the State of Mississippi. The state may pay all expenses, premiums and commissions which the State Bond Commission may deem necessary or advantageous in connection with the issuance

thereof, but solely from the proceeds of the bonds. The issuance by the state of one or more series of bonds shall not preclude it from issuing other series of bonds, but the proceedings under which any subsequent bonds may be issued shall recognize and protect any prior pledge made for any prior issuance of bonds.

§ 65-4-31. Interest rates.

No bond issued under Sections 65-4-25 through 65-4-45 shall bear more than one (1) rate of interest; each bond shall bear interest from its date to its stated maturity date at the interest rate specified on the bonds; and all bonds of the same maturity shall bear the same rate of interest from date to maturity. All interest accruing on bonds shall be payable semiannually or annually. If bonds are issued in coupon form, no interest payment shall be evidenced by more than one (1) coupon, and neither cancelled nor supplemental coupons shall be permitted. If serial bonds, such bonds shall mature annually, and the first maturity date thereof shall not be more than five (5) years from the date of such bonds.

§ 65-4-33. Notice of sale.

If the bonds issued under Sections 65-4-25 through 65-4-45 are to be sold on sealed bids at public sale, notice of the sale shall be published at least two (2) times, the first of which shall be made not less than ten (10) days prior to the date of sale, and shall be so published in one or more newspapers having a general circulation in the City of Jackson selected by the State Bond Commission.

§ 65-4-35. Execution of bonds and interest coupons.

All bonds issued under Sections 65-4-25 through 65-4-45 shall be executed on behalf of the state by the manual or facsimile signature of the Chairman of the State Bond Commission and shall be countersigned by the manual or facsimile signature of the Secretary of the State Bond Commission. All coupons shall be executed on behalf of the state by the facsimile signatures of the Chairman and Secretary of the State Bond Commission. If the officers whose signatures or countersignatures appear on the bonds or interest coupons shall cease to be such officers before delivery of the bonds, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes,

the same as if they had remained in office until such delivery, or had been in office on the date such bonds may bear.

HISTORY: Laws, 1989, ch. 463, § 6, eff from and after passage (approved March 27, 1989).

§ 65-4-37. Disbursement of proceeds; payment of costs.

(1) Upon the issuance and sale of bonds under Sections 65-4-25 through 65-4-45, the State Bond Commission shall transfer the proceeds of any such sale or sales to the Economic Development Highway Fund. The proceeds of such bonds shall be disbursed solely upon the order of the Executive Director of the Mississippi Department of Economic Development under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(2) The State Bond Commission is authorized to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under Sections 65-4-25 through 65-4-45 from the proceeds derived from the sale of such bonds.

HISTORY: Laws, 1989, ch. 463, § 7, eff from and after passage (approved March 27, 1989).

Editor's Notes — Section 57-1-54 provides that wherever the term "Mississippi Department of Economic Development" appears in any law, it shall mean the Mississippi Development Authority.

§ 65-4-39. Authority to request and issue warrants to pay principal and interest when due.

The State Treasurer is hereby authorized, without further process of law, to certify to the Fiscal Management Board the necessity for warrants, and the board is hereby authorized and directed to issue such warrants payable out of any funds authorized by Sections 65-4-25 through 65-4-45 for such purpose, in such amounts as may be necessary to pay when due the principal of and interest on all bonds issued under the provisions of Sections 65-4-25 through 65-4-45; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

HISTORY: Laws, 1989, ch. 463, § 8, eff from and after passage (approved March 27, 1989).

Editor's Notes — Section 27-104-1 provides that the term "Fiscal Management Board" shall mean the "Department of Finance and Administration."

§ 65-4-41. Bonds to be legal investments.

Bonds issued under Sections 65-4-25 through 65-4-45 shall be legal investments for commercial banks, trust companies, savings and loan associations and insurance companies organized under the laws of this state.

HISTORY: Laws, 1989, ch. 463, § 9, eff from and after passage (approved March 27, 1989).

§ 65-4-43. Taxation.

All bonds issued under Sections 65-4-25 through 65-4-45 and the income therefrom shall be exempt from all taxation within the State of Mississippi, except gift, transfer and inheritance taxes.

HISTORY: Laws, 1989, ch. 463, § 10, eff from and after passage (approved March 27, 1989).

§ 65-4-45. Relationship with other laws.

Sections 65-4-25 through 65-4-45, without reference to any other statute, shall be deemed to be full and complete authority for the issuance of such bonds, and shall be construed as an additional and alternative method therefor, and none of the present restrictions, requirements, conditions or limitations of law applicable to the issuance or sale of bonds, notes or other obligations by the state shall apply to the issuance and sale of bonds under Sections 65-4-25 through 65-4-45, and no proceedings shall be required for the issuance of such bonds other than those provided for and required in Sections 65-4-25 through 65-4-45, and all powers necessary to be exercised in order to carry out the provisions of Sections 65-4-25 through 65-4-45 are hereby conferred.

§ 65-5-1. Declaration of policy.

The legislature hereby finds, determines, and declares that this chapter is necessary for the immediate preservation of the public peace, health, and safety, and for the promotion of the general welfare.

HISTORY: Codes, 1942, § 8039-01; Laws, 1956, ch. 314, § 1.

§ 65-5-3. Definitions.

For the purpose of this chapter, the following words and phrases as used herein, unless a different meaning is plainly required by the context, shall have the following meanings:

(a) "Controlled-access facility"—A highway or street especially designed for through traffic, and over, from, or to which owners or occupants of abutting land or other persons have no right or easement, or only a controlled right or easement, of access, light, air, or view by reason of the fact that their property abuts upon such controlled-access facility or for any other reason. Such highways or streets may be expressways or freeways open to use by all customary forms of street and highway traffic, or they may be parkways from which trucks, busses, and other commercial vehicles shall be excluded.

(b) "Expressway"—A divided arterial highway for through traffic with full or partial control of access and generally with grade separations at intersections.

(c) "Freeway"—An expressway with full control of access.

(d) "Grade separation"—A crossing of two highways, or a highway and railroad, at different levels.

(e) "Interchange"—A grade separated intersection with one or more turning roadways for travel between the intersecting highways, roads, or streets.

(f) "Parkway"—An arterial highway for non-commercial traffic, with full or partial control of access.

(g) "Service road" or "local service road"—A highway, road, or street which is auxiliary to and located on the side of another highway, road, or street for service to abutting property and adjacent areas and for control of access to such other highway, road, or street.

HISTORY: Codes, 1942, § 8039-02; Laws, 1956, ch. 314, § 2.

§ 65-5-5. Authority to establish.

The highway authorities of the state, counties, cities, towns, and villages, acting alone or in cooperation with each other or with any federal, state, or local agency or any other state having authority to participate in the construction and maintenance of highways, are hereby authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled-access facilities for public use wherever such authority or authorities are of the opinion that traffic conditions, present or future, will justify such special facilities; however, within cities and villages such authority shall be subject to such municipal consent as may be provided by law. Such highway authorities of the state, counties, cities, villages, and towns, in addition to the specific powers granted in this chapter, shall also have and may exercise, relative to controlled-access facilities, any and all additional authority now or hereafter vested in them relative to highways or streets within their respective jurisdictions. Said units may regulate, restrict, or prohibit the use of such controlled-access facilities by the various classes of vehicles or traffic in a manner consistent with Section 65-5-3.

No existing public street or highway shall be converted into a controlled-access facility except with the consent of the owners of lands abutting said freeway or with the purchase or condemnation of the access rights of said abutting land owners.

Nothing herein shall be construed as requiring the consent of the owners of the abutting lands where a street or highway is constructed, established, or located for the first time as a new way for the use of vehicular or pedestrian traffic.

JUDICIAL DECISIONS

1. In general.

Commercial property sustains greater damage from limitation of access to a highway than does residential property. *Fraser v. Mississippi State Highway*

Com., 303 So. 2d 456, 1974 Miss. LEXIS 1435 (Miss. 1974).

Under this statute, if the only thing condemned were the limitation on the right of access of the abutting land own-

ers, at least nominal damages would have to be paid, but the statute does not require the payment of substantial damages as a matter of law if in fact such damages were not sustained by the abutting land owners. *Burrage v. Mississippi State Highway Com.*, 302 So. 2d 252, 1974 Miss. LEXIS 1414 (Miss. 1974).

Reconstruction of an existing highway in such a way as to limit and control general access to and from abutting property, converts it into a "controlled access facility", and entitles the abutter to compensation under this section. *Mississippi State Highway Com. v. Finch*, 237 Miss. 314, 114 So. 2d 673, 1959 Miss. LEXIS 471 (Miss. 1959).

Reconstruction of a highway which renders abutting property less accessible to the highway or which makes the approach more inconvenient, constitutes a taking which is compensable. *Mississippi State Highway Com. v. Finch*, 237 Miss. 314, 114 So. 2d 673, 1959 Miss. LEXIS 471 (Miss. 1959).

The power of the state highway commission to regulate traffic and entrance into main highways, which may be exercised without compensation in the interest of public safety, does not include power to convert an existing highway into a controlled-access highway. *Mississippi State Highway Com. v. Finch*, 237 Miss. 314, 114 So. 2d 673, 1959 Miss. LEXIS 471 (Miss. 1959).

A proceeding to condemn land for a cloverleaf at the intersection of two highways already in existence, which had not been limited access highways, was not controlled by Chapter 332, Laws of 1948, § 14, as amended by § 11 of Ch 6 of the Laws of the Extraordinary Session of 1949 (§ 8038), nor by Ch 314, Laws of 1956 (§§ 8039-01 et seq). *Carney v. Mississippi State Highway Com.*, 233 Miss. 598, 103 So. 2d 413, 1958 Miss. LEXIS 422 (Miss. 1958).

§ 65-5-7. Design.

The highway authorities of the state, county, city, town, and village are authorized to so design any controlled-access facility and to so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended. In this connection such highway authorities are authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from, or across controlled-access facilities to or from abutting lands except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time.

JUDICIAL DECISIONS

1. In general.

There is no right of access to controlled

access highway or frontage road to such highway except that specifically granted

by Highway Department, and granting by Highway Department of revocable or limited permit does not constitute property for which compensation is due upon tak-

ing. *McDonald's Corp. v. Robinson Industries, Inc.*, 592 So. 2d 927, 1991 Miss. LEXIS 526 (Miss. 1991).

§ 65-5-9. Acquisition of property and property rights.

For the purposes of this chapter, the highway authorities of the state, county, city, town, or village may acquire private or public property and property rights for controlled-access facilities and service roads, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation in the same manner as such units are now or hereafter may be authorized by law to acquire such property or property rights in connection with highways and streets within their respective jurisdictions. All property rights acquired under the provisions of this chapter shall be acquired in accordance with the provisions of Section 65-1-47, and the estate acquired shall be specified in accordance with said section. In connection with acquisition of property or property rights for any controlled-access facility or portion thereof or service road in connection therewith, the state, county, city, town, or village highway authority may, in its discretion, acquire an entire lot, block, or tract of land if, by so doing, the interests of the public will be best served, even though said entire lot, block, or tract is not needed for the right of way proper.

JUDICIAL DECISIONS

1. In general.

The State Highway Commission has the power to condemn school property. *Harrison County School Board v. State Highway Com.*, 284 So. 2d 50, 1973 Miss. LEXIS 1248 (Miss. 1973).

The acquisition by eminent domain of an easement or right-of-way primarily, if not exclusively, for the benefit of a landowner whose means of ingress and egress had been cut off by reason of the acquisition from him of a portion of the right-of-way for a public limited access highway was a mere byproduct of laying out the highway, and being essential for the construction of the highway, was itself a taking for a public use and not violative of § 17 of the Constitution. *Mississippi State Highway Com. v. Morgan*, 253 Miss. 398, 175 So. 2d 606, 1965 Miss. LEXIS 996 (Miss. 1965).

Public necessity does not warrant condemnation of land in substitution for a

permissive way, where the proposed road would merely connect with another portion of the permissive way. *Mississippi State Highway Com. v. Morgan*, 248 Miss. 631, 160 So. 2d 77, 1964 Miss. LEXIS 287 (Miss. 1964).

The construction of a controlled access highway across property involves no taking of a right of access where there is no interference with the property-owner's access to an existing highway. *Morris v. Mississippi State Highway Com.*, 240 Miss. 783, 129 So. 2d 367, 1961 Miss. LEXIS 511 (Miss. 1961).

A proceeding to condemn land for a cloverleaf at the intersection of two highways already in existence, which had not been limited access highways, was not controlled by Chapter 332, Laws of 1948, § 14, as amended by § 11 of Ch 6 of the Laws of the Extraordinary Session of 1949 (§ 8038), nor by Ch 314, Laws, of 1956 (§§ 8039-01 et seq.). *Carney v. Mississippi*

§ 65-5-11. Preference of condemnation cases.

Court proceedings necessary to acquire property or property rights for purposes of this chapter shall take precedence over all other causes not involving the public interest in all courts, to the end that the provisions of controlled-access facilities may be expedited.

HISTORY: Codes, 1942, § 8039-06; Laws, 1956, ch. 314, § 6.

§ 65-5-13. Grade-crossing eliminations.

The highway authority of the state, county, city, town, or village may designate and establish controlled-access highways as new and additional facilities or may designate and establish an existing street or highway as included within a controlled-access facility. The state or any of its subdivisions shall have authority to provide for the elimination of intersections at grade of controlled-access facilities with existing state and county roads and city, town, or village streets by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such controlled-access facility; and after the establishment of any controlled-access facility, no highway or street which is not part of said facility shall intersect the same at grade unless it be an approved interchange. No city, town, or village street, county or state highway, or other public way shall be opened into or connected with any such controlled-access facility without the consent and previous approval of the highway authority in the state, county, city, town, or village having jurisdiction over such controlled-access facility. Such consent and approval shall be given only if the public interest shall be served thereby.

HISTORY: Codes, 1942, § 8039-07; Laws, 1956, ch. 314, § 7.

§ 65-5-15. Authority of local units to consent.

The highway authorities of the state, city, county, town, or village are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, maintenance, use, regulation, or vacation of controlled-access facilities or other public ways in their respective jurisdictions, to facilitate the purposes of this chapter.

HISTORY: Codes, 1942, § 8039-08; Laws, 1956, ch. 314, § 8.

§ 65-5-17. Local service roads.

In connection with the development of any controlled-access facility, the state, county, city, town, or village highway authorities are authorized to plan,

designate, establish, use, regulate, alter, improve, maintain, and vacate local service roads and streets or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized over controlled-access facilities under the terms of this chapter if, in their opinion, such local service roads and streets are necessary or desirable. Such local service roads or streets shall be of appropriate design, and shall be separated from the controlled-access facility proper by means of all devices designated as necessary or desirable by the proper authority.

HISTORY: Codes, 1942, § 8039-09; Laws, 1956, ch. 314, § 9.

JUDICIAL DECISIONS

1. In general.

There is no right of access to controlled access highway or frontage road to such highway except that specifically granted by Highway Department, and granting by Highway Department of revocable or limited permit does not constitute property for which compensation is due upon taking. *McDonald's Corp. v. Robinson Industries, Inc.*, 592 So. 2d 927, 1991 Miss. LEXIS 526 (Miss. 1991).

Public necessity does not warrant condemnation of land in substitution for a permissive way, where the proposed road would merely connect with another portion of the permissive way. *Mississippi State Highway Com. v. Morgan*, 248 Miss. 631, 160 So. 2d 77, 1964 Miss. LEXIS 287 (Miss. 1964).

§ 65-5-19. Penalties for unlawful use.

It is unlawful for any person (1) to drive a vehicle over, upon, or across any curb, central dividing section, or other separation or dividing line on controlled-access facilities; (2) to make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line; (3) to drive any vehicle except in the proper lane provided for the purpose and in the proper direction and to the right of the central dividing curb, separation section, or line; (4) to drive any vehicle into the controlled-access facility from a local service road except through an opening provided for that purpose in the dividing curb or dividing section or dividing line which separates such service road from the controlled-access facility proper. Any person who violates any of the provisions of this section is guilty of a misdemeanor and, upon arrest and conviction therefor, shall be punished by a fine of not less than five dollars (\$5.00) nor more than one hundred dollars (\$100.00), or by imprisonment in the city or county jail for not less than five days nor more than ninety days, or by both such fine and imprisonment.

§ 65-7-1. Jurisdiction over county roads; width of roads; drainage; inclusion of new roads in official records.

(1) The board of supervisors of each county shall have full jurisdiction over all matters relating to the public roads of the county, including the establishment, laying out, opening, abandonment, altering, changing, working

and maintaining of such roads, except as otherwise provided by Section 170 of the Mississippi Constitution of 1890.

(2) All roads now laid out and opened or hereafter laid out and opened according to law shall be deemed public roads and highways and shall be opened and worked at least sixteen (16) feet wide, wherever practicable, and in any case not less than twelve (12) feet, and any greater width that may be necessary. Ditches and borrow pits shall be kept open or connected so as to drain off the water from the road bed, as far as practicable.

(3) From and after July 1, 2000, no road shall be included as a part of the county road system until and unless the board of supervisors, by appropriate action spread on its minutes, has established or accepted such road and caused the road to be included in the official record of the county road system as provided in Section 65-7-4.

JUDICIAL DECISIONS

1. In general.

A neighborhood road however long it may have been used by the public, does not become a highway in the absence of an assertion by the public of a right of all supervision of it by the county road authorities. *Wills v. Reid*, 86 Miss. 446, 38 So. 793, 1905 Miss. LEXIS 91 (Miss. 1905).

A neighborhood road does not become a highway because of its use at will for more than ten years by all persons whose convenience was thereby promoted where the same was never laid out or worked by public authority although occasionally repaired by those using it. *Burnley v. Mullins*, 86 Miss. 441, 38 So. 635, 1905 Miss. LEXIS 68 (Miss. 1905).

A county is liable for damages to land which it wrongfully caused to be covered

with water by improper construction of a public causeway. *Raney v. Hinds County*, 78 Miss. 308, 28 So. 875, 1900 Miss. LEXIS 115 (Miss. 1900).

A right of way over land is not ripened by prescription unless the easement is claimed under color of right and exercised so as to render the claimant liable to an action of trespass in the absence of such right. *Board of Sup'rs. v. Mastronardi*, 76 Miss. 273, 24 So. 199 (Miss. 1898).

The use of the land of any person as a road although worked by order of the board, does not take away the right of the owner to withdraw his consent to such and to obstruct it within the period of prescription, unless it has been declared a public road according to law. *Tegarden v. McBean & Kibbee*, 33 Miss. 283, 1857 Miss. LEXIS 38 (Miss. 1857).

OPINIONS OF THE ATTORNEY GENERAL

There is no statutory requirement for width of right of way of city streets; any additional area required by city for right of way for city street must be obtained by

purchase or eminent domain. *Fortier*, May 7, 1990, A.G. Op. #90-0296.

A board of supervisors can block or close public access to a county road only under

certain limited circumstances. See Sections 65-7-53 (closing of road while under construction); 65-7-37 (regulation of the use of certain roads during bad weather or by certain types of vehicles). See also, Sections 65-7-1 through 65-7-7 (public roads shall be kept open and shall not be obstructed). Ross, July 12, 1996, A.G. Op. #96-0421.

A board of supervisors is not required to create a public road from a private road simply because that road has been brought up to established criteria by private owners. If the board determines that it is in the public's interest or convenience to create a public road from a private road, then the board may do so after entering

the appropriate findings on its minutes. Brown, Oct. 24, 2003, A.G. Op. 03-0477.

Sections 65-7-1 and 65-7-3 require that ditches along public roads shall be kept open, connected and of sufficient size to drain off the water from the road bed. A culvert may not be installed for the benefit of an individual but may only be installed in order to benefit the public road. Brooks, Apr. 8, 2005, A.G. Op. 05-0158.

A county board of supervisors may implement and erect road signs pursuant to a countywide Adopt-A-Roadway program displaying the names of the "adopting" entities. White, Feb. 17, 2006, A.G. Op. 06-0025.

JUDICIAL DECISIONS

1. Nuisance abatement.

Circuit court erred in mandating that a county reasonably abate any nuisance because the board had no legal authority to do so, and the owner offered no other

methods by which the board could address his concerns of "proper" usage of the road at issue. *Seyfarth v. Adams Cty. Bd. of Supervisors*, 267 So. 3d 767, 2019 Miss. LEXIS 162 (Miss. 2019).

OPINIONS OF THE ATTORNEY GENERAL

Sections 65-7-1 and 65-7-3 require that ditches along public roads shall be kept open, connected and of sufficient size to drain off the water from the road bed. A

culvert may not be installed for the benefit of an individual but may only be installed in order to benefit the public road. Brooks, Apr. 8, 2005, A.G. Op. 05-0158.

§ 65-7-4. County road systems; official maps; register; hearings; additions, deletions, and changes.

(1) On or before July 1, 2000, the board of supervisors of each county shall prepare and adopt an official map designating and delineating all public roads on the county road system. Changes to the county road system shall be recorded on this map as soon as is reasonably possible. The map, as it is periodically revised, shall be kept on file in the office of the clerk of the board of supervisors where it shall be available for public inspection.

(2) On or before July 1, 2000, the board of supervisors of each county shall prepare and adopt a county road system register in which shall be entered:

(a) The number and name of each public road on the county road system.

(b) A general reference to the terminal points and course of each such road.

(c) A memorandum of every proceeding in reference to each such road, with the date of such proceeding, and the page and volume of the minute book of the board of supervisors where it is recorded; however, reference to proceedings before July 1, 2000, shall not be required.

(3) Before the initial adoption of the official map and the county road system register, the board of supervisors shall hold a public hearing on the content of the official map and the county road system registry and shall publish notice of the hearing at least one (1) time, not less than two (2) weeks before the date of the hearing, in a newspaper having general circulation in the county.

(4) All subsequent proceedings and changes to the county road system shall be recorded in the county road system register as soon as is reasonably possible. The county road system register, as it is periodically revised, shall be kept on file in the office of the clerk of the board of supervisors where it shall be available for public inspection.

(5) From and after July 1, 2000, the official record of the county road system shall consist of an official map, as provided for in subsection (1) of this section, and the county road system register, as provided for in subsection (2) of this section. The county road system register shall have priority in case of conflict between the register and the official map. The minutes of the board of supervisors containing proceedings with respect to county roads and the county road system shall serve as the official record until such proceedings are recorded on the official map and in the county road system register. The official record of the county road system, at a minimum, shall be revised and updated on or before July 1 of each year.

(6) It is the intention of the Legislature that the initial official record of the county road system prepared and adopted in accordance with this section shall include all public roads that the board of supervisors determines, consistent with fact, as of July 1, 2000, or such date the initial official record is adopted, are laid out and open according to law. From and after July 1, 2000, no road shall be added or deleted from the county road system or otherwise

changed except by order or other appropriate action of the board of supervisors and such action shall be recorded in the minutes of the board. All additions, deletions or changes to the county road system shall be recorded in the official record of the county road system as provided for in this section.

HISTORY: Laws, 1998, ch. 539, § 1, eff from and after July 1, 1998.

JUDICIAL DECISIONS

1. Methods of acquiring roads.

Miss. Code Ann. §§ 65-7-4 and 65-7-57 deal specifically with express methods of acquiring a county road, and under the plain meaning of the statutes, they leave open other alternatives to acquiring county roads, such as prescription and

dedication. Therefore, the Supreme Court of Mississippi agrees with the Court of Appeals of Mississippi that dedication still is an appropriate means of acquiring county roads. *Favre v. Jourdan River Estates*, 148 So. 3d 361, 2014 Miss. LEXIS 499 (Miss. 2014).

OPINIONS OF THE ATTORNEY GENERAL

The statute required a county board of supervisors to make a determination of the status of a road prior to July 1, 2000, even while private litigation was pending over the road's status as public or private. *Clanton*, May 12, 2000, A.G. Op. #2000-0264.

Any proceeding or change which materially affects the ability to identify, in whole or in part, a county road which may be worked with public funds should be recorded in the county road system register; a work order or project or state aid status which does not add or delete roads or segments of roads would not need to be included on the register. *Ross*, Mar. 21, 2003, A.G. Op. #03-0062.

If a road is on the county's official map and road system register, then it is a county road. Pursuant to the authority granted in § 65-7-1, the county may work or maintain county roads. *Crow*, Oct. 3, 2003, A.G. Op. 03-0454.

Where the dedication of platted but unopened roads was never accepted by the county, it never assumed any obligation to maintain or open the roads as public roads. The simple act of platting a road does not suffice to make the land in ques-

tion a county road for purposes of county maintenance. *Parker*, May 14, 2004, A.G. Op. 04-0176.

If a privately constructed road is on the official county map and road system register, the county board of supervisors may legally maintain same. *Powell*, Apr. 1, 2005, A.G. Op. 05-0115.

Opinions (*Dulaney*, Jan. 12, 2001, A.G. Op], and *Crow*, Oct. 3, 2003, A.G. Op. 03-0454) explaining the legislative intent of having a county road map and how a road map may be corrected are referenced. *Shepard*, Aug. 8, 2005, A.G. Op. 05-0350.

Where a road has not been maintained for more than five years prior to July 2000, nor adopted as part of the county road system in accordance with Section 65-7-4, nor added to the county road system by the board of supervisors or maintained by the board in the six years following the establishment of the county road system, then such road was never a part of the county road system, and such road is not required to be abandoned in accordance with the procedures in Section 65-7-121 (2) in order that it not be considered a public road. *Hathorn*, Nov. 27, 2006, A.G. Op. 06-0576.

§ 65-7-4.1. Legislative intent.

The Legislature of the State of Mississippi finds and determines as a matter of public policy and legislative intent that the proceedings and public

hearing required for initial adoption of the official map and county road system register required by Section 65-7-4, Mississippi Code of 1972, are not intended to lay out, open, designate or otherwise establish new public roads, but to document and record existing roads which are, at the time of the initial adoption of said map and register, adjudicated by the board, consistent with fact, to be public roads by dedication, under the methods provided by statute, or by prescription and required by public convenience and necessity.

HISTORY: Laws, 2000, ch. 407, § 1, eff from and after passage (approved Apr. 17, 2000).

JUDICIAL DECISIONS

1. In general.

Circuit court properly affirmed a county board of supervisors' decisions declining to abandon a road and declining to award damages to an owner because the road at issue was listed as public in the county

road registry, it had been maintained by the public since the 1980s, and the owner's appeal was untimely. *Seyfarth v. Adams Cty. Bd. of Supervisors*, 267 So. 3d 767, 2019 Miss. LEXIS 162 (Miss. 2019).

§ 65-7-5. Order of board of supervisors necessary to change road.

It shall not be lawful for any person to turn, alter, or change any public road unless by order of the board of supervisors, under penalty of Fifty Dollars (\$50.00) for each offense; and an old road shall not be obstructed until the new road is in all respects fit for travel.

HISTORY: Codes, Hutchinson's 1848, ch. 10, art. 7 (35); 1857, ch. 15, art. 7; 1871, § 2335; 1880, § 822; 1892, § 3888; 1906, § 4395; Hemingway's 1917, § 7075; 1930, § 6314; 1942, § 8288.

Cross References — Prohibition of use of roads under construction, see § 65-7-53. Procedure for laying out or changing roads, see § 65-7-57.

JUDICIAL DECISIONS

1. In general.

A court is without power to close a public road in private litigation between individuals unless such action is predicated upon a finding that there has been a valid order of the Board of Supervisors closing the road, spread upon its minutes, if it is a county road, or that similar official action has been taken by the State Highway Commission and is reflected by its official records, if it is a state road or highway. *Barrett v. Pilgrim*, 317 So. 2d 382, 1975 Miss. LEXIS 1737 (Miss. 1975).

Abandonment of road was shown by minutes of board of supervisors of high-

ways reciting orders appointing road overseers. *Noxubee County v. Long*, 141 Miss. 72, 106 So. 83, 1925 Miss. LEXIS 209 (Miss. 1925).

Property owner's evidence that he bought land on which highway laid out with understanding that county did not have right of way was admissible. *Smith v. Board of Sup'rs*, 124 Miss. 36, 86 So. 707, 1920 Miss. LEXIS 492 (Miss. 1920).

The board of supervisors may discontinue a public road and surrender the right of the public to use it. *Hatch v. Board of Supervisors*, 56 Miss. 26, 1878 Miss. LEXIS 35 (Miss. 1878).

If the board discharges the overseer of a road and discontinues it as a public road but directs it to be "kept open as a private right of way," the owner of the fee cannot

obstruct it. *Hatch v. Board of Supervisors*, 56 Miss. 26, 1878 Miss. LEXIS 35 (Miss. 1878).

§ 65-7-7. Road not to be obstructed.

If any person shall fell any bush or tree and leave any portion thereof in any stream or on any public highway, road, or ditch draining the roadway or obstruct the same in any manner whatever, and not immediately remove the obstruction, the overseer of the road shall remove the same, and the person so felling the tree or bush, or otherwise obstructing the road or water shall forfeit and pay all expenses of removing the same, to be recovered before any justice of the peace of the county, in the name of the county. It is the duty of the overseer to cause suit to be commenced therefor, and such person shall be liable for all damages occasioned to another by the obstruction. However, no cattle gap placed on a county road, subject to overflow by the Mississippi River and not protected by levees, shall be considered an obstruction in the public road if such cattle gap is installed with the permission of the board of supervisors and the person installing same also provides a gate adjacent to the road for the passage of stock.

Any violation of this section shall also, upon conviction, be punishable as provided under Section 99-19-31.

JUDICIAL DECISIONS

ANALYSIS

1. Applicability.
2. Owner enjoined from placing signs.
3. Obstruction not found.

1. Applicability.

Circuit court erred in mandating that a county reasonably abate any nuisance be-

cause the board had no legal authority to do so, and the owner offered no other methods by which the board could address his concerns of "proper" usage of the road at issue. *Seyfarth v. Adams Cty. Bd. of Supervisors*, 267 So. 3d 767, 2019 Miss. LEXIS 162 (Miss. 2019).

Obstruction must prevent passage on a road for the statute to be applicable. *Bry-*

ant v. Bd. of Supervisors, 10 So. 3d 919, 2008 Miss. App. LEXIS 595 (Miss. Ct. App. 2008).

2. Owner enjoined from placing signs.

Property owner was enjoined under Miss. Code Ann. § 65-7-7 from interfering with a road based on his act of placing metal "no trespassing" signs thereon because the road had been dedicated to a county, which had accepted it by making certain improvements; moreover, any improper widening of the road did not affect the owner's property. *Hawkins v. Smith*

County, 954 So. 2d 526, 2007 Miss. App. LEXIS 261 (Miss. Ct. App. 2007).

3. Obstruction not found.

Summary judgment was properly awarded to a county board of supervisors in plaintiffs' action to recover damages for injuries sustained after their vehicle collided with a mailbox on the shoulder of a road because the mailbox was not an obstruction as it did not impede or prevent traffic from traveling on the road. *Bryant v. Bd. of Supervisors*, 10 So. 3d 919, 2008 Miss. App. LEXIS 595 (Miss. Ct. App. 2008).

OPINIONS OF THE ATTORNEY GENERAL

County may not permit United States Forest Service to place gate across county road. Jones, August 5, 1992, A.G. Op. #92-0588.

In general, cattle gap is not obstruction to public road; if board determines that particular cattle gap is obstruction to public road, it will be subject to removal at direction of board of supervisors, pursuant to their constitutional and statutory authority over county roads, unless cattle gaps meet statutory exception provided in Section 65-7-7. Allen, Jan. 12, 1994, A.G. Op. #93-0926.

Pursuant to Section 65-7-7 the county cannot legally permit a gate to be placed across the public street so as to permit access by the general public only from 5:00 a.m. until 10:00 p.m. Hyche, March 22, 1996, A.G. Op. #96-0129.

A board of supervisors can block or close public access to a county road only under certain limited circumstances. See Sec-

tions 65-7-53 (closing of road while under construction); 65-7-37 (regulation of the use of certain roads during bad weather or by certain types of vehicles). See also, Sections 65-7-1 through 65-7-7 (public roads shall be kept open and shall not be obstructed). Ross, July 12, 1996, A.G. Op. #96-0421.

§ 65-7-9. Dangerous trees to be removed from road.

The board of supervisors of any county shall have the right, upon the application of any member thereof or any overseer, road commissioner or the county road manager, to condemn any dead or dangerous trees or timber near any public road which endangers the safety of the public travel. On the failure or refusal of the owner to cut and remove such trees or timbers, the board may assess the value thereof and pay or tender the owner of such trees or timber the said assessed value thereof by warrant on the county treasury, and such trees or timber shall be cut, felled or removed by the proper authorities working or maintaining such road. The owner of such trees or timber shall have five (5) days' notice of such assessment and, if dissatisfied with such valuation, an appeal may be had to the circuit court as in other cases.

§ 65-7-37. Regulation of use of certain roads.

Whenever in the discretion of the board of supervisors of any county it seems proper to do so, the board of supervisors may, by order duly entered on its minutes, regulate the use of any hard surfaced or graveled public road in the county by prescribing what kind of wheels may be used on vehicles on said public roads and by prohibiting the use thereon of vehicles using cleats or spikes on wheels. But such order shall, before being in full force and effect, be published in a newspaper published in the county for three (3) consecutive weeks, whereupon such order shall be in full force and effect.

In the event of inclement weather, floods, or other causes wherein immediate nonuse of any of such roads is necessary, the supervisor of the district may enter his proclamation prohibiting the use of said road for such period of time as he deems necessary for the proper preservation thereof, or

enter his proclamation regulating the type of traffic that may use such road. However, at the next meeting of the board of supervisors, such supervisor as has entered such a proclamation must present his proclamation to the entire board for its action thereon, and if the full board declines to enter an order in the manner set forth in the next preceding paragraph hereof, then the proclamation of such supervisor shall be null and void and of no further effect. Notice of such proclamation at each public entrance, intersection with another public road, shall be sufficient notice of the proclamation of the supervisor.

This section shall not be construed as to authorize the board of supervisors to prohibit vehicles with spiked or cleated wheels from crossing or going from one side of said road to another, and shall only be construed so as to authorize said board of supervisors to prohibit the use of said spiked or cleated wheels on said public roads.

This section shall not be so construed as to apply to state built or constructed highways or federal aid roads, and shall only be construed to apply to public roads maintained by the county.

Any person going upon any hard surfaced road or portion thereof in such county with any kind of vehicle, or who shall cause any such vehicle to be driven upon any such hard surfaced road in such county in violation of such regulations or orders, shall be guilty of a misdemeanor and, upon conviction therefor, shall be fined in the sum of not exceeding Fifty Dollars (\$50.00) and shall moreover be liable severally to any county or road district for any damage done such roads by such illegal act.

As to any county which is required to operate on a countywide system of road administration as described in Section 19-2-3, the duties of a supervisor under this section relating to the issuance of a proclamation shall be performed by the road manager of the county.

County board of supervisors regulation restricting maximum weight of vehicles on certain road to 30,000 pounds found to comply with § 65-7-43 and § 65-7-45, de-

spite contention that by not relating weight limit to number of axles statute did not serve valid purpose. *Waste Control, Inc. v. Tart*, 506 So. 2d 286, 1987 Miss. LEXIS 2479 (Miss. 1987).

The Warren County Board of Supervisors violated §§ 65-7-43 and 65-7-45 when it restricted the maximum weight of vehicles traveling on a road in the county to 30,000 pounds without regard to tire width. *Andrews v. Waste Control, Inc.*, 409 So. 2d 707, 1982 Miss. LEXIS 1859 (Miss. 1982).

OPINIONS OF THE ATTORNEY GENERAL

There is no authority for the board of supervisors to ban or limit the type of trucks, i.e. gravel trucks, traveling over county roads without regard to size or weight. Sherard, Aug. 30, 2002, A.G. Op. #02-0501.

A "code enforcement officer" hired by a county with duties related to overweight

vehicles on county roads and enforcing county ordinances regarding litter and illegal dumping would be authorized to sign a criminal affidavit and present same to the appropriate justice court. This employee would have no power to arrest or stop vehicles. Creekmore, Dec. 8, 2006, A.G. Op. 06-0582.

§ 65-7-49. Posting notices.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

It shall be the duty of all road overseers and road commissioners whose

road is affected by the order of the board of supervisors provided by Sections 65-7-43 through 65-7-47 to see that a notice thereof is posted at conspicuous places on such road at intervals of not less than two (2) miles and at the approaches to any bridge affected thereby; but a failure to post such notice shall not be allowed as a defense to a criminal prosecution or civil suit under the provisions of this chapter.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

It shall be the duty of the county road manager whenever a county road is affected by the order of the board of supervisors provided by Sections 65-7-43 through 65-7-47 to see that a notice thereof is posted at conspicuous places on such road at intervals of not less than two (2) miles and at the approaches to any bridge affected thereby; but a failure to post such notice shall not be allowed as a defense to a criminal prosecution or civil suit under the provisions of this chapter.

§ 65-7-57. Petition to have roads laid out or changed.

When any person shall desire to have a public road other than a road being maintained by the state highway department laid out, altered, or changed, a petition shall be presented to the board of supervisors of the county, signed by ten or more freeholders or householders of the county interested in the road, setting forth the commencement and termination and general course thereof and that the public interest or convenience requires the road to be laid out and opened or altered or changed, as shown in the petition. The petitioners, if not owners of the land through which the road runs or is proposed to be run, or if the land through which the road runs or is proposed to run is owned by the county or a municipality, shall give a copy of the same to the president of the board of supervisors if the county is the owner of the land, or to the mayor if a municipality is the owner thereof, and shall give five days' notice to the owners of the land in person, or by leaving the same at their residence if they reside in the county, or if the owners be nonresidents of the county, by putting up the notice in some conspicuous place on the land through which the road runs or is proposed to run. Thereupon the board of supervisors shall hear the parties, and if it determine that the prayer of the petitioners ought to be granted, in whole or in part, it shall appoint a committee of two members, of districts other than that of the road or proposed road, who shall examine and view the contemplated route of the road. If they find the same practicable, they shall lay out and mark the road, or the alteration or change, and report their proceedings in writing to the board at its next meeting.

11. Miscellaneous.

1. In general.

This section permits any person to file an application with the board of supervisors requesting the board to lay out a public road, and of necessity the application for the road may describe a right-of-way across the lands of many individual owners, and Code 1942, § 8419 provides

that the application of an individual for a private road is subject to the same procedure set forth in this section. *Rotenberry v. Renfro*, 214 So. 2d 275, 1968 Miss. LEXIS 1297 (Miss. 1968).

Board laying out and opening highway must find jurisdictional fact that ten signers of petition were freeholders or house-holders of county. *Aden v. Board of Sup'rs*, 142 Miss. 696, 107 So. 753, 1926 Miss. LEXIS 111 (Miss. 1926).

This section is applicable to county highways only and not to public streets. *Illinois C. R. Co. v. State*, 94 Miss. 759, 48 So. 561, 1909 Miss. LEXIS 355 (Miss. 1909).

Every jurisdictional fact should appear affirmatively of record. *Craft v. Desoto County*, 79 Miss. 618, 31 So. 204, 1901 Miss. LEXIS 99 (Miss. 1901).

Under this section the board acts in the exercise of a limited special statutory authority under the rules of law applicable to such authority. *Craft v. Desoto County*, 79 Miss. 618, 31 So. 204, 1901 Miss. LEXIS 99 (Miss. 1901); *State v. Morgan*, 79 Miss. 659, 31 So. 338, 1901 Miss. LEXIS 112 (Miss. 1901).

This statute does not do away with the common-law method of establishing highways, but is designed to prescribe a mode by which private property may be taken for public use for the establishment of public roads. *Kinnare v. Gregory*, 55 Miss. 612, 1878 Miss. LEXIS 22 (Miss. 1878).

This statute regulating the mode and manner of exercising jurisdiction over roads, ferries and bridges is constitutional. *Board of Supervisors v. Arrighi*, 54 Miss. 668, 1877 Miss. LEXIS 75 (Miss. 1877).

2. Public necessity.

The courts will not interfere with the decision of the board as to public interest or convenience unless there is manifestly no reasonable basis for the action of the board. *Board of Supervisors v. Blissitt*, 200 Miss. 645, 27 So. 2d 678, 1946 Miss. LEXIS 334 (Miss. 1946).

Where board of supervisors did not adjudicate on minutes that public interest or convenience required establishment of public road, order condemning right of way was void. *Ferguson v. Board of Sup'rs*,

149 Miss. 623, 115 So. 779, 1928 Miss. LEXIS 71 (Miss. 1928).

Whether public necessity demands new road petitioned for is matter addressed to discretion of the board. *Strahan v. Board of Sup'rs*, 91 Miss. 529, 44 So. 857 (Miss. 1907).

3. Parties.

The householders of a community who would gain half a mile by a new road in going to church, school, the neighborhood store and the county seat are sufficiently "interested in the road" to qualify as petitioners, and, although their qualification is a jurisdictional question, judicial in nature, such determination of that issue by the board has the same force as a jury verdict. *Board of Supervisors v. Blissitt*, 200 Miss. 645, 27 So. 2d 678, 1946 Miss. LEXIS 334 (Miss. 1946).

4. Hearing.

Where petition was presented and petitioner's witnesses were present and statement was made as to what would be proved by them, it was sufficient hearing. *Strahan v. Board of Sup'rs*, 91 Miss. 529, 44 So. 857 (Miss. 1907).

5. Effect of irregularities in proceedings.

A judgment of a board of supervisors ordering a highway to be laid out from which no appeal was prosecuted, cannot be attacked for mere irregularities by a railroad company when proceeded against to compel it to erect a bridge over the approach to its track from the highway crossing. *Illinois C. R. Co. v. Swalm*, 83 Miss. 631, 36 So. 147, 1903 Miss. LEXIS 83 (Miss. 1903).

A judgment of the board is not void because of a provision requiring the petitioners to pay the expenses of laying it out and maintaining it for three years or because three commissioners were appointed to lay it out instead of two as required by this section [Code 1942, § 8314]. *Illinois C. R. Co. v. Swalm*, 83 Miss. 631, 36 So. 147, 1903 Miss. LEXIS 83 (Miss. 1903).

6. Appeals.

The Mississippi Supreme Court would remand to a circuit court for its remand to

a County Board of Supervisors for further proceedings regarding the layout of a public road, where the board's order appointing two of the board members as a committee to inspect the proposed road site was not a final order, adjudicating in fact that a road at the proposed location would be laid out and established, from which an appeal could be taken. *De La Beckwith v. State*, 615 So. 2d 1134, 1992 Miss. LEXIS 807 (Miss. 1992), cert. denied, 510 U.S. 884, 114 S. Ct. 232, 126 L. Ed. 2d 187, 1993 U.S. LEXIS 5961 (U.S. 1993).

The Circuit Court on appeal could not permit issues to be raised and tried that were not tried in the special court of eminent domain and the sole question to be determined there was the compensation awarded, and the trial court properly overruled the condemnees' affirmative defenses based upon the contention that the board of supervisors failed to comply with the provisions of Code 1942, § 8314 regarding the opening or changing of public roads. *Wallace v. Board of Supervisors*, 210 So. 2d 49, 1968 Miss. LEXIS 1493 (Miss. 1968).

7. Jurisdiction over road.

Where a county entered an order to alter and widen a public road which traversed the lands of appellants, the county had jurisdiction notwithstanding the fact that the road had been taken over for maintenance and construction by the state highway department by an order of the state highway commission, where commission's order would not be effective until certain conditions were met. *McRaney v. Covington County*, 210 Miss. 192, 49 So. 2d 248, 1950 Miss. LEXIS 336 (Miss. 1950).

A survey by state and aid in construction of a road would not divest the county and invest the State with jurisdiction of the road since that must be done by affirmative act of the Legislature. *Stigall v. Sharkey County*, 207 Miss. 188, 42 So. 2d 116, 1949 Miss. LEXIS 328 (Miss. 1949).

County has jurisdiction over road so as to make it liable for damage resulting from an overflow caused by improper construction of road where county followed method prescribed by this section notwithstanding State Highway Department

and WPA workers did part of the actual construction of the road, with permission of the county supervisors. *Stigall v. Sharkey County*, 207 Miss. 188, 42 So. 2d 116, 1949 Miss. LEXIS 328 (Miss. 1949).

8. Creation by prescription.

Evidence before county board of supervisors which, at most, established continuous public use of a road for more than ten years, was insufficient to establish by prescription that the road was public. *Ladner v. Harrison County Bd. of Supervisors*, 793 So. 2d 637, 2001 Miss. LEXIS 215 (Miss. 2001).

A public highway may be created by prescription or by dedication and continued user when taken in connection with the working of the road for nearly 20 years at public expense should be deemed to have been a sufficient acceptance. *Armstrong v. Itawamba County*, 195 Miss. 802, 16 So. 2d 752, 1944 Miss. LEXIS 335 (Miss. 1944).

In the absence of an order of the board of supervisors, or other record evidence showing that the roadway had been designated as a public road, public user and working and maintaining of roadway across defendants' land by public authorities at public expense for 17 years, without objection of defendants were sufficient to put them on notice that public authorities were asserting a right to deal with the road as part of the road system in the district, and to establish an easement for public road purposes by prescription by adverse user for the period prescribed by law, so as to preclude defendants from placing gates across or otherwise obstructing such road. *Armstrong v. Itawamba County*, 195 Miss. 802, 16 So. 2d 752, 1944 Miss. LEXIS 335 (Miss. 1944).

9. Taking of property.

Board of supervisors in proceedings condemning right of way for public highway exercises limited statutory authority. *Ferguson v. Board of Sup'rs*, 149 Miss. 623, 115 So. 779, 1928 Miss. LEXIS 71 (Miss. 1928).

Power of eminent domain being in derogation of common right, statute conferring power to condemn land for public highway must be strictly construed. *Ferguson v.*

Board of Sup'rs, 149 Miss. 623, 115 So. 779, 1928 Miss. LEXIS 71 (Miss. 1928).

Lands may be condemned for public roads only when it is shown to board of supervisors that public interest or convenience requires them. *Ferguson v. Board of Sup'rs*, 149 Miss. 623, 115 So. 779, 1928 Miss. LEXIS 71 (Miss. 1928).

Statute held to authorize occupancy by county of land condemned for highway purposes in advance of actual payment. *Hinds County v. Johnson*, 133 Miss. 591, 98 So. 95, 1923 Miss. LEXIS 169 (Miss. 1923).

One whose lands are taken by the board of supervisors without the notice required by this section may sue the county for damages and is not confined to the remedy prescribed by Code 1892, § 3894 (Code 1906, § 4402). *Copiah County v. Lusk*, 77 Miss. 136, 24 So. 972, 1899 Miss. LEXIS 42 (Miss. 1899).

10. Liability of supervisors.

An appropriation of public funds for the construction or maintenance of private roads or driveways is to an object not authorized by law and a member of board of supervisors was personally liable for maintenance of private roads. *Coleman v. Shipp*, 223 Miss. 516, 78 So. 2d 778, 1955 Miss. LEXIS 407 (Miss. 1955).

In a suit against member of board of supervisors and his surety to recover costs of maintenance of roads alleged to be private roads, where statutory proceedings for construction of roads leading from public roads to residence were void on the ground that the board of supervisors did not adjudicate that ten persons who signed a petition for laying out and opening of the roads were freeholders of the county interested in road and public interest required the road to be laid out, the board of supervisors did not have jurisdiction and the supervisor in whose district the roads were located was personally liable. *Coleman v. Shipp*, 223 Miss. 516, 78 So. 2d 778, 1955 Miss. LEXIS 407 (Miss. 1955).

11. Miscellaneous.

Miss. Code Ann. §§ 65-7-4 and 65-7-57 deal specifically with express methods of acquiring a county road, and under the

plain meaning of the statutes, they leave open other alternatives to acquiring county roads, such as prescription and dedication. Therefore, the Supreme Court of Mississippi agrees with the Court of Appeals of Mississippi that dedication still is an appropriate means of acquiring county roads. *Favre v. Jourdan River Estates*, 148 So. 3d 361, 2014 Miss. LEXIS 499 (Miss. 2014).

It was never the legislative policy of this state, as portrayed by this section, that a supervisor and a private landowner could establish a public road by the landowner asking the supervisor from his district to "build him a road" by or to the landowner's residence or across his property, upon the landowner consenting to furnish the land. *Saxon v. Harvey*, 190 So. 2d 901, 1966 Miss. LEXIS 1422 (Miss. 1966).

This section neither contemplates nor condones the use of public equipment, materials or labor on private projects for the benefit of individual landowners. *Saxon v. Harvey*, 190 So. 2d 901, 1966 Miss. LEXIS 1422 (Miss. 1966).

In a proceeding to have private road laid out through the owner's land, where the petitioners did not offer to pay the owner proposed easement but merely offered the cost of constructing road and did not sign a petition in a manner as to agree to any offer therein contained as to payment of damages, etc., and did not attempt to acquire easement by contract or purchase, and where some of the petitioners owned lands in the area to be served by the private road had access to their land over other road, the board of supervisors was without authority to sustain their petition. *Roberts v. Prassenos*, 219 Miss. 486, 69 So. 2d 215, 1954 Miss. LEXIS 356 (Miss. 1954).

Description of road across defendant's land in action to enjoin defendants from obstructing such road, designating the road to be "as it now runs across the lands of the defendants," the proof showing without substantial conflict that it now runs along the same location where it had been traveled and used for more than 50 years, and stating the point of beginning, the direction of its course, and its terminus at a point on another public road therein named, at or near a certain resi-

dence, was a sufficient description of such road to show its location. *Armstrong v. Itawamba County*, 195 Miss. 802, 16 So. 2d 752, 1944 Miss. LEXIS 335 (Miss. 1944).

Property owner's evidence that he

bought land on which highway laid out with understanding that the county did not have right of way was admissible. *Smith v. Board of Sup'rs*, 124 Miss. 36, 86 So. 707, 1920 Miss. LEXIS 492 (Miss. 1920).

OPINIONS OF THE ATTORNEY GENERAL

The developer of an established subdivision may subsequently dedicate the streets in the subdivision to the county without complying with this section. However, for the streets to be considered public through dedication, the streets or dedication thereof must also be accepted by the county. *Shepard*, Sept. 3, 2003, A.G. Op. 03-0409.

A board of supervisors is not required to create a public road from a private road simply because that road has been brought up to established criteria by private owners. If the board determines that it is in the public's interest or convenience to create a public road from a private road, then it may do so after entering the appropriate findings on its minutes. *Brown*, Oct. 24, 2003, A.G. Op. 03-0477.

Homeowners may dedicate or deed a private road to a county and the board of supervisors may, but is not required to, accept the road upon a finding of public convenience and necessity. *Hudson*, Apr. 2, 2004, A.G. Op. 04-0118.

The number of landowners signing the petition described in Section 65-7-57 is a factor which must be considered by the board of supervisors. *Welch*, Mar. 10, 2006, A.G. Op. 06-0023.

Any landholder affected by the proposed road and not signing the petition shall be provided notice in accordance with Section 65-7-57. *Welch*, Mar. 10, 2006, A.G. Op. 06-0023.

§ 65-7-61. Damages for taking land.

When any owner of land or other person shall claim compensation for land taken for a public road, or for damages sustained by the construction of a road, he shall petition the board of supervisors, in writing, at the next meeting after the laying out of the road or at the meeting when the report thereof shall be returned, setting forth the nature and character of the damages claimed, whereupon the board shall, on five days' notice to the petitioner, go upon the premises and assess the damages sustained by him. The finding of the board shall be in writing, signed by the members agreeing to it, and must be entered on the minutes at the next meeting; but if the damages sustained and claimed be less than the cost of assessing, the board may allow the same without inquiry.

JUDICIAL DECISIONS

1. In general.

Circuit court properly affirmed a county board of supervisors' decisions declining to abandon a road and declining to award damages to an owner because the road at issue was listed as public in the county road registry, it had been maintained by the public since the 1980s, and the owner's appeal was untimely. *Seyfarth v. Adams Cty. Bd. of Supervisors*, 267 So. 3d 767, 2019 Miss. LEXIS 162 (Miss. 2019).

Landowner may bring action for damage to real property caused by construction of drainage canal notwithstanding failure of property owner to first present claim to county board of supervisors, as required by statute (§ 65-7-61) where damage constitutes violation of Mississippi Constitution and where violation takes place in absence of prior notice. *Runge v. Necaise Constr. Co.*, 467 So. 2d 666, 1985 Miss. LEXIS 2021 (Miss. 1985).

This section does not apply to a claim for damages caused by the erosion of a

county-constructed drainage ditch not dug for the benefit of a public road. *Dorsey v. County of Adams*, 246 Miss. 369, 149 So. 2d 493, 1963 Miss. LEXIS 451 (Miss. 1963).

The provision here made for compensating persons across whose lands a highway has been laid out do not provide an adequate remedy for one whose lands are flooded in consequence of the obstruction of a natural drainway by a highway embankment. *Douglas v. Wayne County*, 243 Miss. 637, 139 So. 2d 372, 1962 Miss. LEXIS 388 (Miss. 1962).

In a proceeding to have private road laid out through the owner's land, where the petitioners did not offer to pay the owner proposed easement but merely offered the cost of constructing road and did not sign a petition in a manner as to agree to any offer therein contained as to payment of damages, etc., and did not attempt to acquire easement by contract or purchase, and where some of the petition-

ers owned lands in the area to be served by the private road had access to their land over other road, the board of supervisors was without authority to sustain their petition. *Roberts v. Prassenos*, 219 Miss. 486, 69 So. 2d 215, 1954 Miss. LEXIS 356 (Miss. 1954).

In an action against the county for damages resulting from construction of a county road, the measure of damages for the destruction or injury to crop is its value at the time and place of destruction. *Stigall v. Sharkey County*, 213 Miss. 798, 58 So. 2d 5, 1952 Miss. LEXIS 428 (Miss. 1952).

§ 65-7-67. Review by circuit court.

All proceedings of the board of supervisors in laying out, altering, or changing any public road and assessing damages therefor may be reviewed by the circuit court in respect to any matter of law arising on the face of the proceedings; and on the question of damages the cause may be tried anew, and the damages may be assessed by a jury if the owners of the land so desire. The board of supervisors shall grant appeals for that purpose, when prayed for, on the appellant giving bond for the costs in such penalty as the board may require, not exceeding Two Hundred Dollars (\$200.00), payable to the county; and such bond shall have the same effect and be subject to the same proceedings as appeal bonds in other cases. Any person interested and a taxpayer may appeal in like manner and with like effect from the action of the board in assessing, allowing, or disallowing damages in opening or changing a road. If the road laid out or changed is a part of a federal aid project, such appeal to, and such review by, the circuit court shall be without supersedeas and only after the assessment of damages herein provided; on such appeal and review, all of the proceedings involving the taking of land for a public road and assessing damages therefor, and otherwise, shall be before the circuit court for consideration on such review and appeal. If the road laid out or changed is a part of a federal aid project, after the board of supervisors has confirmed the report of the committee examining and viewing the contemplated route of a road and finding the same practicable, such road may be opened, worked, constructed, and used, and such opening, working, constructing, and using of said road shall not be stopped or held up by appeal, by writ of supersedeas, writ of certiorari, direct appeal, other method of appeal, review, by writ of prohibition, or otherwise after the board of supervisors has entered an order on its minutes to the effect that the county shall be liable to the landowner for all damages sustained by such laying out, working, and construction of such road and the taking of the land therefor; and the board of supervisors shall have actually deposited the amount assessed as damages with the clerk of the circuit court, subject to the order of the landowner.

JUDICIAL DECISIONS

1. In general.

The bill of exceptions required by § 11-51-75 is necessary to vest the circuit court with subject matter jurisdiction in all appeals from boards of supervisors, regardless of the issues presented. (*Overruling Evans v. Sharkey County*, 89 Miss 302, 42 So 173 (1906)). Thus, the failure to obtain and file a bill of exceptions as prescribed by § 11-51-75 was fatal to an appeal prosecuted under § 65-7-67. *McIntosh v. Amacker*, 592 So. 2d 525, 1991 Miss. LEXIS 961 (Miss. 1991).

The circuit court has authority to review the proceedings of the board of supervisors in respect to any matter of law arising on the face of the proceedings granting a right of way for a public or private road, as well as to grant a new trial on the question of damages. *Rotenberry v. Renfro*, 214 So. 2d 275, 1968 Miss. LEXIS 1297 (Miss. 1968).

§ 65-7-69. Roads on rights of way of drainage districts.

The board of supervisors may construct public roads along the side of and on the right of way of drainage canals or on any levees of any drainage districts of their respective counties, and for this purpose may use the dumps of earth taken from any canal or ditch, either as a road bed or otherwise, provided that no such road shall be constructed without the consent of the commissioners of the drainage district affected, and paying all damages to landowner. Before establishing and constructing said public road, a written resolution of the commissioners of the drainage district agreeing to the establishing of said road shall be presented to the board of supervisors, and said resolution shall be and constitute a part of the order of the board of supervisors establishing the public road. Said road shall not be so constructed as to interfere with the drainage of lands in the drainage district, and the same shall not be so constructed as to

hinder or impede the drainage canals for the use and purpose for which they were constructed.

§ 65-7-73. Roads into experiment stations.

In any county in the State of Mississippi in which there is located a branch experiment station, the boards of supervisors of such counties are hereby authorized, in their discretion, to open up, lay out, construct, and maintain public roads into and across the land owned by the State of Mississippi and used in connection with said branch experiment station. No petition shall be required to have such road opened up, laid out, constructed, and maintained, but the boards of supervisors of such counties are authorized to proceed with such work when requested so to do by the manager in charge of said branch experiment station. Boards of supervisors are hereby authorized to expend the funds of said county in opening up, laying out, constructing, and maintaining said roads.

§ 65-7-74. Roads, driveways and parking areas on public school property.

The board of supervisors of any county is hereby authorized, in its discretion, to construct, maintain and/or repair roads, driveways and parking

areas into and on all property owned by any public school district within such county, and the expenditure of funds for such construction, repairs and maintenance is hereby authorized from any available funds.

HISTORY: Laws, 1974, ch. 342, eff from and after passage (approved March 14, 1974).

OPINIONS OF THE ATTORNEY GENERAL

There is no authority empowering board of supervisors to perform general maintenance or other work on school grounds for purposes other than roads, driveways, and parking areas as expressly enumerated in Section 65-7-74. Palmer, Feb. 24, 1994, A.G. Op. #93-0793.

There is no authority that would allow a county to reimburse a school board for an expenditure the school board made prior to any contract or interlocal agreement

becoming effective, and without prior authorization by the county. Gex, February 12, 1999, A.G. Op. #98-0797.

A county board of supervisors may expend funds for materials (asphalt, dirt, gravel, etc.) necessary to construct, maintain and/or repair roads, driveways and parking areas into and on all property owned by any public school district within such county. Barefield, Oct. 10, 2003, A.G. Op. 03-0544.

§ 65-7-75. Line roads.

Whenever it is necessary to lay out a public highway at or near or along the line between two adjoining counties, and on account of the topography of the land it is not expedient to lay out said road on the line between said adjoining counties, then the boards of supervisors of both counties may lay out the road near the adjoining line between said counties, and both of said counties shall bear the expense of constructing and maintaining such public road in any proportion mutually agreed upon by the boards of supervisors of both of said counties.

HISTORY: Codes, 1942, § 8329; Laws, 1932, ch. 216.

§ 65-7-77. Counties may work roads in adjoining counties.

(1) Whenever the board of supervisors of any county finds that any public road, bridge, or causeway located in a contiguous county and leading therefrom and into that county is not properly worked or is not kept in good repair by the county in which same is located, and finds that its own county would be benefited by the proper working and repairing of such public road, bridge, or causeway, then in such event the board of supervisors of the county which would be benefited is authorized and empowered, in its discretion, to cause to be constructed, improved, worked, repaired, and maintained, at the expense of the county which would be benefited, any such public road, bridge, or causeway for a distance not exceeding three and one-half miles beyond the line of the county which would be benefited, provided that the board of supervisors of the county in which such public road, bridge, or causeway is located shall consent thereto. The board of supervisors of any county which would be benefited is authorized and empowered, for and in the name of such county, to make all

necessary contracts for the construction, improving, working, repairing, or maintaining of such public road, bridge, or causeway as herein provided, and to pay for the same either out of the general funds of the benefited county or out of the proceeds of the bonds of such benefited county, issued as otherwise provided by law, either for such purpose or for such purpose and any other lawful purpose. In instances where one or more, or parts of one or more, townships of any county are cut off from convenient communication with the county seat of last said county, either by the interposition of the territory of a contiguous county or by a watercourse or other body of water or by both, then the board of supervisors of the county which would be benefited or whose communication with its county seat is so obstructed or interfered with as aforesaid may, at its discretion and with the consent of the board of supervisors of such contiguous county, lay out, open, construct, improve, work, repair, and maintain, or construct, improve, work, repair, or maintain if already laid out, opened, or established, as much as three and one-half miles in length of road in or through a contiguous county, and pay for the same as hereinabove provided.

(2) Whenever the board of supervisors of any county finds by order or resolution entered upon its minutes that it is to the best interest of the citizens of said county for it so to do, that a public necessity therefor exists, and that said county would be benefited thereby, it is authorized and empowered in its discretion to cause to be constructed or reconstructed, at the expense of such county, such portion as it may elect of any public road lying in a contiguous county which extends from the county line of such county into such contiguous county, together with one or more connecting roads leading therefrom located in the contiguous county. The construction or reconstruction of the public road lying in a contiguous county which extends from the county line of such county into such contiguous county may be paid for out of county road funds, state aid road funds, or such other funds as may be available therefor. However, state aid road funds shall not be used to construct or reconstruct any connecting road located in the contiguous county, and the county constructing or reconstructing said connecting roads may pay therefor only from county road funds or such funds as may be available therefor other than state aid road funds. In the event state aid funds are used in connection with the exercise of the power and authority granted in this subsection, the state aid engineer's duties, responsibilities, and authority with respect thereto shall be the same as that provided by the law governing state aid projects.

Before exercising any rights or authority granted in this subsection, the board of supervisors of the county proposing to take advantage of the authority herein contained shall secure the consent of the board of supervisors of the contiguous county, which consent shall be evidenced by an order or resolution of the board of supervisors of the contiguous county and spread upon its minutes.

(3) The boards of supervisors of any two adjoining counties may, by an agreement spread upon the minutes of the board of each of such counties, join together in the construction, reconstruction, improvement, working, repair, or

maintenance of any public road, bridge, or causeway, including the approaches to such bridge or causeway, located partly in each of such counties, or benefiting each of such counties, for a distance of not exceeding three and one-half miles beyond the county line in either of such counties, and may jointly perform such work or jointly award contracts therefor and jointly pay the cost thereof, as provided in said agreement between said boards, from funds authorized by law for roads, bridges, or causeways located entirely within either of such counties. Such an agreement may be terminated in whole or in part by a succeeding board of supervisors of either of such counties, provided, however, that each of such counties shall remain obligated to pay its respective part of any outstanding obligations connected with or arising from said joint project. Unless the board of each county agrees otherwise, upon termination of such an agreement the responsibilities of future construction, reconstruction, improvement, working, repair, or maintenance on such road, bridge, or causeway shall be that of the county in which the respective parts thereof are located.

HISTORY: Codes, 1930, § 6356; 1942, § 8322; Laws, 1928, ch. 80; Laws, 1968, ch. 293, § 1; Laws, 1970, ch. 443, § 1, eff from and after passage (approved April 3, 1970).

OPINIONS OF THE ATTORNEY GENERAL

A county's conventional authority over its public roads does not include the authority to do road work in another state on a road which lies partially in the State of Mississippi; however, the county may wish to explore the use of a Regional Economic Alliance to pursue the project. Chamberlin, Jan. 29, 2004, A.G. Op. 03-0643.

If there is some discrepancy as to which

county a culvert is to be installed, the Board of Supervisors may, with the contiguous county's Board of Supervisors' consent, work and maintain a public road for a distance not to exceed three and one-half miles beyond the county to be benefitted from the work or maintenance. This would also include the road right-of-ways. Brooks, Apr. 8, 2005, A.G. Op. 05-0158.

Sections 65-7-79, 65-7-83, and 65-7-85 permit boards of supervisors to perform road and bridge work within a municipality. Tullos, January 29, 1999, A.G. Op. #99-0025.

A county may participate with a municipality within the county in a sidewalk construction project along city streets as

part of a street project under this section or a public park project under § 55-9-1 or an urban renewal project under § 43-35-1 et. seq., or any other authority using monies from either the general fund or the road and bridge fund. Hollimon, June 4, 2004, A.G. Op. 03-0616.

The amount of road work performed or services furnished by a county within a town may exceed the town's half of road tax, and the town may request the county to perform all of its road work or regardless of the cost. The county may or may not agree to such request. Furthermore, an interlocal agreement is not required where the language of § 65-15-21 and this section authorize the board of supervisors of the county and the governing authorities of the town to enter into an agreement evidenced by an order on the minutes of both subdivisions. Povall, Jan. 28, 2005, A.G. Op. 04-0633.

An interlocal agreement between a city and county is not required for the county to make improvements to a city street. However, the city must consent to or enter an agreement with the county for any proposed work on city streets by the entering of an order on the minutes of both the board of aldermen and the board of supervisors in order for the county to be able to perform any type of work or assistance on a city street or road. Davis, Dec. 27, 2005, A.G. Op. 05-0611.

§ 65-7-87. Certain counties may construct village streets.

The board of supervisors of any county of the state of the second class, having a population of more than fifty thousand according to the 1930 federal census, situated wholly within a levee district, and in which there is situated a city of more than fourteen thousand population, is hereby authorized and empowered, in its discretion, to construct or assist in the construction of any streets of any village or town of less than five hundred population in said county, and to pay for same out of the highway maintenance fund or any other county fund available to said county for highway construction purposes.

HISTORY: Codes, 1942, § 8326; Laws, 1938, Ex. Sess. ch. 58.

§ 65-7-89. Eminent domain, generally.

When the board of supervisors shall be unable to agree with the owners for any land necessary for widening any existing public road or for making changes therein or for laying out new public roads, it is authorized and empowered, in addition to the methods of procedure provided in previous sections of this chapter, to condemn any such land in the name of the county in the manner as is provided by law for the exercise of the right of eminent domain.

OPINIONS OF THE ATTORNEY GENERAL

Section 65-7-89 clearly authorizes the Board to institute eminent domain proceedings to gain parcels of land to construct a segment of state highway on the

land. However, it may not use the quick take procedure of Section 11-27-1, et seq. Welch, August 9, 1996, A.G. Op. #96-0402.

§ 65-7-91. Supervisors may establish stations for work.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The board of supervisors may purchase or lease land upon which to establish stations for the working of the public roads, and may erect on the land barns, sheds, and other necessary buildings for the working of the public roads; but the board shall not purchase over ten (10) acres of land for any one (1) station. If the board is unable to purchase or lease, upon terms satisfactory to it, a site selected by it for a station, or in case it is unable to agree with any landowner as to the amount of compensation he shall receive for any land so

selected, then the board may proceed to obtain not more than two (2) acres of said site by eminent domain, and the right of eminent domain for no more than two (2) acres is hereby conferred upon the boards of supervisors for said purposes.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

(1) The board of supervisors may, for the benefit of the county, purchase or lease real property upon which to establish facilities for the working of the public roads, and may erect on the real property barns, sheds, and other necessary buildings for the working of the public roads. However, only real property belonging to or under the control of the state or some other governmental entity may be leased at no more than fair market value by the county for such purposes and any such lease shall be for a term of not less than twenty-five (25) years.

(2) On or before October 1, 1990, the board shall establish and maintain one (1) central road repair and maintenance facility for the county or may designate an existing facility as the central road repair and maintenance facility for the county. Additional road repair and maintenance facilities may be established if the board, by resolution duly adopted and entered on its minutes, determines the establishment of these facilities is essential for the effective and efficient management of the county road and bridge programs.

(3) From and after October 1, 1990, no road repair and maintenance facilities shall be located on any land not owned by the county or leased by the county in accordance with this section unless these facilities are located on sixteenth section school lands or lands granted in lieu thereof.

(4) If the board is not able to purchase, upon terms satisfactory to it, a site selected by it for a facility, or in case the board is unable to agree with any landowner as to the amount of compensation he is to receive for any real property so selected, then the board may proceed to obtain not more than two (2) acres of the property by eminent domain, and the right of eminent domain for no more than two (2) acres is hereby conferred upon the boards of supervisors for such purposes.

§ 65-7-92. Authorization to borrow money and issue notes to finance establishment of work stations.

In order to acquire or improve real property for the establishment of road repair and maintenance facilities as authorized to be established and maintained on or before October 1, 1990, in Section 65-7-91, the board of supervisors of any county may borrow money from any source and issue negotiable notes of the county in an amount not to exceed Five Hundred Thousand Dollars (\$500,000.00) in the aggregate. The notes shall bear interest at a rate not to exceed the rate of interest authorized to be paid by counties on general obligation bonds and shall be sold in accordance with the provisions of Section 31-19-25. The notes shall mature in approximately equal annual installments over a period not to exceed ten (10) years from the date of issuance thereof. The notes shall be repaid out of any available funds of the county. The notes shall not be considered when computing the limitation of indebtedness under Section 19-9-5.

HISTORY: Laws, 1988 Ex Sess, ch. 14, § 39, eff from and after passage (approved August 16, 1988).

§ 65-7-93. Counties authorized to match federal funds.

The board of supervisors of any county in this state is hereby authorized and empowered to use any available road funds of the county or beat to match any available federal funds for the purpose of building, hard surfacing, or graveling the roads of the respective county or beats of the county. Roads designated as school transportation routes shall be given preference.

The board of supervisors of any county is authorized and empowered to permit the use of county labor, machinery, and equipment, and to appropriate funds from the county's part of the gasoline money for purposes provided in this section.

§ 65-7-95. Methods of construction and maintenance.

The methods of constructing, reconstructing and maintaining the public roads and bridges in this state, other than those under the actual charge of the State Highway Department, shall be as follows:

Any county may purchase implements and material through its central purchase system; may employ labor; may work, construct, reconstruct and maintain the public roads; may build bridges; and may do any and all things necessary to be done to work, construct, reconstruct and maintain the public

roads and to build bridges as herein provided. If, in the opinion of the board of supervisors, any part of the work necessary to be done in working, constructing, reconstructing and maintaining the public roads and in building bridges in such county, or any part or parts thereof, can best be done by awarding contracts therefor, the board of supervisors may advertise for bids and make contracts therefor in accordance with the provisions of Section 31-7-13; and the board of supervisors may, in its discretion, use any funds heretofore or hereafter raised by bond issue or otherwise for working, constructing, reconstructing, maintaining and improving the public roads and for building bridges as herein provided. Except for contracts exempt from the provisions of Section 19-11-27, no contract provided above shall be awarded that shall extend beyond thirty (30) days from the termination and end of the term of office of the members of the boards of supervisors awarding same.

Before any board of supervisors may hire, lease or rent any heavy road machinery or equipment for use in the construction, reconstruction or maintenance of any county road or bridge, such board of supervisors shall first adopt an order adjudicating the necessity for leasing or renting such machinery or equipment, the purposes for which it is to be used, the type of such machinery or equipment and the reasons why the leasing or renting thereof will promote the public interest of the county. Such order shall also direct the clerk of the board of supervisors to advertise for bids for such machinery or equipment, which bids shall be returnable on a day to be fixed by the board of supervisors, in accordance with Section 31-7-13.

All contracts for the leasing or renting of such machinery or equipment shall be awarded to the lowest and best responsible bidder whose bid price or rental consideration is not in excess of the current rates and charges fixed and prescribed by the Nielsen/Data Quest publication, which rates and charges fixed and prescribed by the Nielsen/Data Quest publication shall be on file with the Governor's Office of General Services at that time.

All invoices submitted for the leasing or renting of such machinery or equipment shall identify the equipment by number and name and shall include the number of hours of labor performed and the dates thereof.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Jurisdiction over roads.
3. Powers of board of supervisors.
- 4.-7. [Reserved for future use.]
8. Under former § 65-7-103.

1. In general.

A taxpayer may bring a suit attacking the action of supervisors for failure to comply with statutes regarding the letting of bids for the purchase of county equipment; suits are not restricted to those attacking appropriations of public funds for objects not authorized by law. *Canton Farm Equipment, Inc. v. Richardson*, 501 So. 2d 1098, 1987 Miss. LEXIS 2273 (Miss. 1987).

This section neither contemplates nor condones the use of public equipment, materials or labor on private projects for the benefit of individual landowners. *Saxon v. Harvey*, 190 So. 2d 901, 1966 Miss. LEXIS 1422 (Miss. 1966).

The word "implements" used in this section is broad enough to embrace machines, such as tractors, graders, etc., so that a Board of Supervisors was authorized to make a lease contract for the hire of tractors and road graders. *Mississippi Road Supply Co. v. Hester*, 185 Miss. 839, 188 So. 281, 1939 Miss. LEXIS 158 (Miss. 1939), but see, *Canton Farm Equipment, Inc. v. Richardson*, 501 So. 2d 1098, 1987 Miss. LEXIS 2273 (Miss. 1987).

County was not liable for damage to barges rented to county to support bridge on theory that the county was a bailee of the barges and was liable for breach of its contract of bailment, where rental contract was void because it extended more than thirty days beyond the termination and end of the term of office of the members of the board of supervisors awarding it. *Continental Ins. Co. v. Harrison County*, 153 F.2d 671, 1946 U.S. App. LEXIS 1963 (5th Cir. Miss. 1946).

Discretion vested in supervisors respecting roads should be exercised within sound independent judgment of board uncontrolled by electors. *Board of Sup'rs v. Self*, 156 Miss. 273, 125 So. 828, 1930 Miss. LEXIS 163 (Miss. 1930).

2. Jurisdiction over roads.

A survey by state and aid in construction of a road would not divest the county and invest the state with jurisdiction of the road since that must be done by affirmative act of the Legislature. *Stigall v. Sharkey County*, 207 Miss. 188, 42 So. 2d 116, 1949 Miss. LEXIS 328 (Miss. 1949).

County has jurisdiction over road so as to make it liable for damage resulting from an overflow caused by improper construction of road where county followed method prescribed by law, Code 1942, § 8314, notwithstanding state highway department and WPA workers did part of the actual construction of the road, with permission of county supervisors. *Stigall v. Sharkey County*, 207 Miss. 188, 42 So. 2d 116, 1949 Miss. LEXIS 328 (Miss. 1949).

3. Powers of board of supervisors.

Actions of a district supervisor in renting equipment on verbal instructions on a day-to-day, as needed basis, over a period of years, and in accepting invoice that was no more than a capitulation sheet giving a summary for that particular month violated § 65-7-95. *Cumbest v. State*, 456 So. 2d 209, 1984 Miss. LEXIS 1754 (Miss. 1984).

The supervisors had the power to pay for the hire of drag lines, trucks, etc., as shown by the accounts presented by the contractor to the supervisors, although the clerk was mistaken in his request that they be broken down rather than made out for the purchase price of gravel placed on the roads. *Craig v. Wheat*, 212 Miss. 258, 54 So. 2d 383, 1951 Miss. LEXIS 448 (Miss. 1951).

It is permissible under Code 1942, § 2939, for a county or a supervisors's district, which owns road machinery and equipment, to have the same repaired by employing labor for that purpose, and the law does not require that the employment of labor for repair work on road machinery shall be on competitive bids, following the usual advertisement of an intention to have such property repaired for use, or forbid a contract with a repairman until the next meeting of the board. *Shook v.*

Carroll County, 210 Miss. 537, 49 So. 2d 897, 1951 Miss. LEXIS 292 (Miss. 1951).

If it should be held that the county board of supervisors has the right to appoint its members as road commissioners for their separate districts, the exercise of such right could be evidenced only by an order on the minutes of the board. *Simpson County v. Panther Oil & Grease Co.*, 185 Miss. 506, 188 So. 566, 1939 Miss. LEXIS 179 (Miss. 1939).

Where county board of supervisors employed no road commissioner but had a gentlemen's agreement that work in each district should be done under supervision of board member elected from such district, who without previous order of board would employ labor and would submit pay rolls which would be allowed at subsequent meeting of board, person so employed by member to work on roads in district could not recover from county for such work, since such person had no legal contract with county. *Lee County v. James*, 178 Miss. 554, 174 So. 76, 1937 Miss. LEXIS 250 (Miss. 1937).

Boards of supervisors can bind counties or districts therein only when acting within their authority and in mode and manner by which authority is to be exercised under statutes, and their contracts and every other substantial action taken by them must be evidenced by entries on their minutes and can be evidenced in no other way. *Lee County v. James*, 178 Miss. 554, 174 So. 76, 1937 Miss. LEXIS 250 (Miss. 1937).

Declaration against member of board of supervisors and surety alleging that defendant under whose supervision and control the road work of the district had been placed left bridge which was being repaired in unsafe condition at night without warning signals, causing damage to plaintiff when he drove over bridge in automobile, held sufficient. *State use of Russell v. McRae*, 169 Miss. 169, 152 So. 826, 1934 Miss. LEXIS 26 (Miss. 1934).

4.-7. [Reserved for future use.]

8. Under former § 65-7-103.

It is permissible under Code 1942,

§ 2939, for a county or a supervisor's district, which owns road machinery and equipment, to have the same repaired by employing labor for that purpose, and the law does not require that the employment of labor for repair work on road machinery shall be on competitive bids, following the usual advertisement of an intention to have such property repaired for use, or forbid a contract with a repairman until the next meeting of the board. *Shook v. Carroll County*, 210 Miss. 537, 49 So. 2d 897, 1951 Miss. LEXIS 292 (Miss. 1951).

County was not liable for damage to barges rented to county to support bridge on theory that the county was a bailee of the barges and was liable for breach of its contract of bailment, where rental contract was void because there was no compliance with the statute requiring advertisements for bids, there being no emergency existing which would authorize the county to enter into such a contract without advertising for bids even had the amount not exceeded \$500. *Continental Ins. Co. v. Harrison County*, 153 F.2d 671, 1946 U.S. App. LEXIS 1963 (5th Cir. Miss. 1946).

Where competitive bid must be had, the order of county board of supervisors allowing claim must recite and adjudge the jurisdictional facts in that respect, but where the amounts in the order show that no competitive bids were required, the order need not go further and negative a fact sufficiently negated by such amounts. *Clayton v. Paden*, 198 Miss. 163, 21 So. 2d 823, 1945 Miss. LEXIS 179 (Miss. 1945).

Order of county board of supervisors allowing three claims each for less than \$250 although their total exceeded that amount, and referring to statute under which it was made, was sufficient on its face to constitute a valid and binding judgment, the payment of which the holders were entitled to compel by mandamus, although the order did not recite jurisdictional facts reciting competitive bids. *Clayton v. Paden*, 198 Miss. 163, 21 So. 2d 823, 1945 Miss. LEXIS 179 (Miss. 1945).

OPINIONS OF THE ATTORNEY GENERAL

Statutory provision does not apply to contracts made by county of Madison and cities of Madison and Ridgeland pursuant to Senate Bill No. 3036; this local and private act provides alternative method to general law for governing authorities of county of Madison and cities of Madison and Ridgeland to award contracts to construct roadway described in act and gives these governing authorities all of powers necessary to construct road. Montgomery, April 4, 1990, A.G. Op. #90-0238.

With the sole exception of supervisors and contracts falling within the provisions of § 19-11-27, the prohibitions of §§ 19-11-27, 65-7-95 and 23-15-881 apply to supervisors who are unopposed in the primaries and general elections. Trapp, May 7, 1999, A.G. Op. #99-0220.

This section does not prohibit a board of supervisors from entering into an agreement for a loan under the local governments capital improvements revolving loan program provided by §§ 57-1-301 et seq. at any time during the last year of their terms of office. Lamar, July 30, 1999, A.G. Op. #99-0368.

Miss. Code Ann. § 65-7-95 prohibits a County Board of Supervisors from entering into a road construction contract which extends beyond thirty (30) days from the end of the term of office of the current Board members, however a road construction project carried out pursuant to local and private legislation would not be governed by Miss. Code Ann. § 65-7-95 and could extend as long as necessary. Nowak, February 16, 2007, A.G. Op. #07-00053, 2007 Miss. AG LEXIS 26.

Pursuant to Miss. Code Ann. § 65-7-95, a municipality having a population of 2,000 or more may purchase and operate radar on its public streets. The most authentic proof of population is the census, but the municipality may use another official count. Any speeding conviction resulting from radar evidence would have to be based on both proof of the offense and proof of the town's population. OPINIONS OF THE ATTORNEY GENERAL

In selling off any excess road building materials the board of supervisors should follow the dictates of § 19-7-5 which provide that the county may sell and dispose of personal property belonging to the

county at public sale after first posting notices at three public places in the county, one of which must be at the courthouse. Munn, June 19, 1998, A.G. Op. #98-0312.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The overseer, road commissioner, or contractor of the road on which any bridge or roadway is to be erected or repaired shall have authority to take from the land, stream, bayous, or banks lying within a reasonable distance of the bridge or causeway or roadway the timber, gravel, dirt, and other road material necessary for such bridge, causeway, or roadway after the board of supervisors has assessed the value thereof and paid or tendered to the owner of the timber, gravel, dirt, or other road material the value thereof, by a warrant on the county treasurer. If the proprietor be dissatisfied with such valuation, he may appeal to the circuit court; but the valuation of the board shall be prima facie evidence of the value of the timber, gravel, or dirt. But no shade trees or ornamental trees shall be taken to be used on roads.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

Whenever any bridge or roadway is to be erected or repaired, the county road manager shall have authority to take from the land, stream, bayous or banks lying within a reasonable distance of the bridge or causeway or roadway the timber, gravel, dirt, and other road material necessary for such bridge, causeway or roadway after the board of supervisors has assessed the value thereof and paid or tendered to the owner of the timber, gravel, dirt or other road material the value thereof, by a warrant on the county treasurer. § 65-7-105. Plans and specifications.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

Before any road, or any part thereof, or any bridge shall be let out to contract where the amount of the contract will exceed One Thousand Five Hundred Dollars (\$1,500.00), the road commissioner, or engineer if there be one, shall inspect the road or part thereof or the bridge so proposed to be contracted, and shall carefully note the character and amount of work needed on same and all else necessary to make same a good and acceptable highway. The road commissioner, or engineer if there be one, shall then prepare detailed plans and specifications for the construction or reconstruction or working of same by contract, which shall be presented to the board of supervisors for approval. The plans and specifications shall be filed with the clerk of the board of supervisors for the inspection of prospective bidders, prior to the first public letting under the terms hereof at a regular meeting to be named; and at any time prior to the acceptance of bids, the board may alter the plans and specifications submitted, and thereupon readvertise.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

Before any road, or any part thereof, or any bridge shall be let out to contract where the amount of the contract will exceed Twenty-five Thousand Dollars (\$25,000.00), the county road manager, or engineer if there be one, shall inspect the road or part thereof or the bridge so proposed to be contracted, and shall carefully note the character and amount of work needed on same and all else necessary to make same a good and acceptable highway. The county road manager, or engineer if there be one, shall then prepare detailed plans and specifications for the construction or reconstruction or working of same by contract, which shall be presented to the board of supervisors for approval. The plans and specifications shall be filed with the clerk of the board of supervisors for the inspection of prospective bidders, prior to the first public letting under the terms hereof at a regular meeting to be named; and at any time prior to the acceptance of bids, the board may alter the plans and specifications submitted, and thereupon readvertise.

Where any contract is made, as provided herein, by any member of the board of supervisors in vacation without competitive bids, and the amount of such contract exceeds the sum of One Hundred Dollars (\$100.00), it shall be the duty of the member of the board of supervisors making such contract to obtain bids from at least two (2) bidders before making such contract, and to file a statement of the amount of each such bid with the board at its next meeting.

JUDICIAL DECISIONS

1. In general.

County was not liable for damage to barges rented to county to support bridge on theory that the county was a bailee of such barges and was liable for its breach of contract, where rental contract was void because there was no compliance with the statute requiring advertisements for bids, there being no emergency existing which would authorize the county to enter into such a contract without advertising for bids even had the amount not exceeded \$500. *Continental Ins. § 65-7-109. Roads built with oyster shells.

All road authorities and contractors in counties, parts of counties, and municipalities in this state who construct, build, or repair public roads and streets with oyster shells shall, within ten days after the foundation is laid for such road, put a surface of crushed shells or other surfacing equal thereto for the purpose of making such roads smooth; and each half mile in rural districts and each block in cities shall be surfaced within said time after the foundation of such road shall be laid. All surface repair work shall be done with crushed shell, or material equal thereto, where the foundation is laid with such uncrushed oyster shells, so that said road shall be made smooth and traversable without injury to animal or vehicle. Where foundation is repaired with

uncrushed shells, the surfacing shall be done as soon as reasonably possible, not to exceed ten days after such foundation is laid.

JUDICIAL DECISIONS

1. In general.

It is permissible under Code 1942, § 2939, for a county or a supervisor's district, which owns road machinery and equipment, to have the same repaired by employing labor for that purpose, and the law does not require that the employment of labor for repair work on road machinery shall be on competitive bids, following the usual advertisement of an intention to have such property repaired for use, or

forbid a contract with a repairman until the next meeting of the board. *Shook v. Carroll County*, 210 Miss. 537, 49 So. 2d 897, 1951 Miss. LEXIS 292 (Miss. 1951).

eral fund. See Section 19-2-3. *Creekmore*, April 26, 1996, A.G. Op. #96-0200.

§ 65-7-117. Members of board to inspect roads; preparation of four-year construction and major maintenance plan.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

Each member of the board of supervisors shall inspect every road, bridge and ferry in each district at least annually, at times to be fixed by the board, and shall file with the clerk of the board a report, under oath, of the condition of the several roads, bridges and ferries inspected by him, with such recommendations as are needful, which reports shall be presented to the board of supervisors and kept on file for three (3) years.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

Each member of the board of supervisors shall inspect every road and bridge in the county under the jurisdiction of the county not later than December 31, 1989, and, thereafter, not less than once each fiscal year. Each member shall file with the clerk of the board a report, under oath, of the condition of the roads and bridges inspected by him with recommendations by him for a four-year plan for construction and major maintenance of such roads and bridges. Based upon such reports, the board of supervisors shall, on or before February 1, 1990, and on or before February 1 of each year thereafter, adopt and spread upon its minutes a four-year plan for the construction and maintenance of county roads and bridges. The plan may be amended at any time by a vote of the majority of the members of the board of supervisors.

JUDICIAL DECISIONS

1. In general.

Summary judgment was properly awarded to a county board of supervisors in plaintiffs' action to recover damages for injuries sustained after their vehicle collided with a mailbox on the shoulder of a road because although the board admittedly failed to personally inspect the road where the accident occurred, the county road management department, as an agent for the board, conducted an inspection of the road and, thus, satisfied the statutory requirements. *Bryant v. Bd. of Supervisors*, 10 So. 3d 919, 2008 Miss. App. LEXIS 595 (Miss. Ct. App. 2008).

County was not immune from its duty to properly maintain, inspect, and perform such other duties as may be required by law, with respect to the bridge; pursuant to Miss. Code Ann. § 65-7-117 and Miss. Code Ann. § 65-9-25, the county was under the statutory duty to properly maintain and to inspect State Aid roads such as the bridge where the accident occurred. *Ladner v. Stone County*, 938 So.

2d 270, 2006 Miss. App. LEXIS 49 (Miss. Ct. App.), cert. denied, 937 So. 2d 450, 2006 Miss. LEXIS 542 (Miss. 2006).

In an action against a county supervisor for personal injuries suffered by plaintiffs when they crashed into a collapsed bridge located in the supervisor's district, the court held that the supervisor's negligence was in his failure to inspect the bridge and make his recommendation as to needed repairs to the whole board, and his liability for this omission was indictment and conviction under § 65-7-119; duty of repairing the bridge was within the discretionary functions of the whole board of supervisors, and the individual supervisor's failure to inspect, though ministerial, was not the proximate cause of the accident for which he would be individually liable. *Berry v. Warren*, 304 So. 2d 284, 1974 Miss. LEXIS 1452 (Miss. 1974).

Supervisor was not liable for injuries caused by defective bridge in his district. *Lee v. Styles*, 95 Miss. 623, 49 So. 259 (Miss. 1909).

OPINIONS OF THE ATTORNEY GENERAL

Each board member is required to inspect every road, bridge and ferry in whole county and not just those in District from which he was elected. Barrett, March 8, 1990, A.G. Op. #90-0159.

A board of supervisors may, in its discretion, include municipal streets and bridges in its four year plan required by the statute. Yancey, April 9, 1998, A.G. Op. #98-0185.

A county may not prohibit the traffic on the private road from utilizing the public road. But, the county may exercise reasonable regulation and control through the use of design standards, safety regulations, and current traffic laws when determining how the private road joins the

end of the county road. Kilpatrick, July 16, 2004, A.G. Op. 04-0306.

Which county roads require major maintenance is established in a four-year plan built on annual road inspections by the board of supervisors, and such policy is to be implemented by the county road manager. The board of supervisors may change or modify any action of the road manager by an official order approved by a majority vote of the board, reflected in the minutes, but no individual supervisor has the authority to advise or direct the road manager to perform major maintenance. White, March 23, 2007, A.G. Op. #07-00118, 2007 Miss. AG LEXIS 122.

§ 65-7-119. Liability for neglect of duty.

The circuit judge shall at each term of the court especially charge the grand jury to inquire into the condition of the roads of any county. Any contractor or overseer or supervisor who neglects his duty shall be guilty of a misdemeanor and be liable to indictment and, upon conviction, shall be fined not more than One Hundred Dollars (\$100.00).

1. Liability of county.
2. Liability of contractor.

1. Liability of county.

Counties are not liable for defective condition of roads. Wade v. Gray, 104 Miss. 151, 61 So. 168, 1913 Miss. LEXIS 15 (Miss. 1913).

2. Liability of contractor.

Independent contractor engaged to work county roads were held personally

liable for injury to horse caused by defective condition of road. Wade v. Gray, 104 Miss. 151, 61 So. 168, 1913 Miss. LEXIS 15 (Miss. 1913).

An indictment against a road contractor is demurrable if it fails to charge that the law for working roads by contract had been put in operation in the county. State v. Burkett, 83 Miss. 301, 35 So. 689, 1903 Miss. LEXIS 44 (Miss. 1903).

The courts do not take judicial notice of the orders of the board of supervisors placing such law in force in their respective counties. State v. Burkett, 83 Miss.

301, 35 So. 689, 1903 Miss. LEXIS 44 (Miss. 1903).

An indictment against a road contractor for neglect of duty in suffering a highway to be out of repair, under Laws 1900 ch 119, § 10, making the same a misdemeanor, is demurrable if it fails to charge: (1) That the board of supervisor had elected to work the public highways by contract; (2) or had divided them into convenient links; (3) or had let the contract for working for not less than two nor more than four years, by sealed bid or public outcry, to the lowest bidder who

would give bond in double the amount of his bid for the performance of his contract; (4) or that defendant was a road contractor and had become such under said law; (5) or the facts of the case constituting the neglect of duty. *McElmore v. State*, 81 Miss. 422, 33 So. 225 (Miss. 1902).

A road contractor is not punishable for negligence in suffering a highway to be out of repair before he has had time or opportunity to put it in good condition. *Cain v. State*, 81 Miss. 420, 33 So. 222, 1902 Miss. LEXIS 165 (Miss. 1902).

§ 65-7-121. Abandonment by board of supervisors of any section of county road system; hearing; notice; posting of signs; liability after abandonment; notice to railroad; easements.

(1) The board of supervisors of any county may, upon its own motion or upon the petition of any interested resident of the county, by resolution spread upon its minutes, declare any section of the county road system abandoned upon its finding that one or more of the following circumstances are applicable to the section in question:

- (a) The section does not provide primary access to occupied properties;
- (b) Traffic on the section has for a period of at least ten (10) consecutive years been intermittent and of such low volume that no substantial public purpose is being served thereby;

(c) The board of supervisors has, for a period of at least the previous five (5) consecutive years, not maintained such section as part of the county road system; or

(d) For any reason, the public interest or convenience does not require the section to remain open to the public or that it is in the public interest or convenience to close, vacate and abandon the section.

(2) Except as provided in subsection (3) of this section, before any section of the county road system may be abandoned as provided in this section, the board of supervisors shall hold a public hearing on the question of such abandonment and shall publish notice of such hearing at least two (2) times, not less than two (2) weeks prior to the date of the hearing, in a newspaper having general circulation in the county.

(3) [Repealed].

(4) The resolution of the board of supervisors abandoning any section of the county road system will abrogate the easement theretofore owned, held,

claimed or used by or on behalf of the general public but will not affect any private easements.

(5) Upon the abandonment of any section of the county road system, the board of supervisors shall post clearly visible signs at any intersection of the abandoned roadway with the county road system indicating that the abandoned section is no longer part of the county road system and is not maintained by the county. Once the required signs are posted, the county shall not be liable for the death of or injury to a vehicle owner, operator or passenger, or for damage to a vehicle or its contents, resulting from a dangerous condition on the abandoned section. If there exists a public railroad grade crossing or railroad bridge on the section of county road so abandoned, the county shall furnish the railroad or individual owning such railroad trackage with a copy of the resolution authorizing the abandonment and thereupon, the railroad company or individual owning such trackage may barricade the crossing or remove the bridge.

(6) From and after July 1, 2000, any proceedings under this section shall be documented in the official record of the county road system in accordance with the requirements of Section 65-7-4.

HISTORY: Laws, 1986, ch. 313; Laws, 1992, ch. 480, § 1; Laws, 1998, ch. 539, § 3, eff from and after July 1, 1998.

Editor's Notes — Subsection (3) was repealed by its own terms, effective July 1, 1993.

JUDICIAL DECISIONS

1. In general.

Abandonment of a road, when it became effective, abrogated the county's easement for the road, and thus the property owners had a vested property right at the time of the reconsideration; constructive notice of the hearing to rescind the abandonment of the road was constitutionally insufficient under the peculiar facts of this case, and because the owners were not given adequate notice, the order rescinding the abandonment of the road through their property was void. *Tippah Cty. v. LeRose*, 283 So. 3d 149, 2019 Miss. LEXIS 353 (Miss. 2019).

Statute sets out four independent grounds for abandoning a public road, not four requirements as the residents suggested. *Lowndes County v. McClanahan*, 161 So. 3d 1091, 2014 Miss. App. LEXIS 228 (Miss. Ct. App. 2014).

The lack of compliance with the statute did not compel a finding that a road still maintained its public character where the public nature of the road ended long before the effective date of the statute. *Ann May Enters., Inc. v. Caples*, 724 So. 2d 1127, 1998 Miss. App. LEXIS 993 (Miss. Ct. App. 1998).

OPINIONS OF THE ATTORNEY GENERAL

If board of supervisors determines that roads in question were effectively abandoned before enactment of Section 65-7-121 in 1986, it may enter order to that effect; if there is any doubt of abandonment prior to 1986, then procedure set

forth in statute must be utilized. *Trapp*, March 23, 1994, A.G. Op. #94-0169.

This section did not apply to the abandonment or reconveyance of property to the successor in interest to the person who conveyed the property originally to the

county for the construction of a public road; instead, the county was required to use the procedure outlined in § 19-7-3 to dispose of the property. Shepard, March 5, 1999, A.G. Op. #99-0092.

The statute allows a county to abandon a section of road at the point where the county road intersects with a state highway, thereby effectively creating a dead end road, if it is in the public interest or convenience to do so. Shaw, Dec. 28, 1999, A.G. Op. #99-0677.

If a donated right-of-way easement has been entered in the official county road register and map, requirements for abandonment set forth in § 65-7-121 (1)(a)-(d) apply; if the easement has not been entered in the county road register, the board of supervisors may find on the minutes that the easement will not be used for road purposes and the board may quitclaim the easement to the owner. Chamberlin, Sept. 6, 2002, A.G. Op. #02-0459.

County board of supervisors does not have authority under this section to close a municipal street; further, no authority can be found which empowers a county to abandon a municipal street or to compel a municipality to close a dedicated street within the municipal corporate limits. Palmer, Dec. 20, 2002, A.G. Op. #02-0673.

If a board of supervisors finds that a deed constituted a conveyance of only an easement for road purposes, and that such easement will not be used for county purposes, then the board may quitclaim the easement to the owner/grantor. Creekmore, Sept. 24, 2004, A.G. Op. 04-0467.

Board of supervisors has the authority to abandon easements which provide the

only means of access to otherwise landlocked property unless a specified statutory limitation applies, which is a factual determination for the board to make. Powell, Mar. 18, 2005, A.G. Op. 05-0137.

If a privately constructed road is on the official county map and road system register, it can be abandoned when a county board of supervisors takes action pursuant to the requirements of Section 65-7-121. Powell, Apr. 1, 2005, A.G. Op. 05-0115.

Section 65-7-121 is not applicable to the situation in which a county ceases to provide discretionary street maintenance within a municipality. Hatcher, Apr. 15, 2005, A.G. Op. 05-0161.

A board of supervisors may not lease property from a railroad company for improving, upgrading or building of a proposed road, and such road may only be improved, upgraded or built if the county secures a perpetual easement for road purposes from the company without limitation on the number of years. Carroll, July 1, 2005, A.G. Op. 05-0240.

Where a road has not been maintained for more than five years prior to July 2000, nor adopted as part of the county road system in accordance with Section 65-7-4, nor added to the county road system by the board of supervisors or maintained by the board in the six years following the establishment of the county road system, then such road was never a part of the county road system, and such road is not required to be abandoned in accordance with the procedures in Section 65-7-121 (2) in order that it not be considered a public road. Hathorn, Nov. 27, 2006, A.G. Op. 06-0576.

§ 65-7-123. Requirement on certain county roads for temporary center line safety stripes while undergoing reconstruction or maintenance.

Any segment of a county-maintained, hard-surfaced highway normally marked by center line safety stripes which is overlaid with hot mix asphalt while undergoing reconstruction or maintenance shall be marked with temporary center line safety stripes if permanent center line safety stripes will not be installed before such segment is opened for public use.

§ 65-7-125. Mississippi Delta National Heritage Area authorized to erect signs and markers on public streets, roads, etc. within Heritage Area.

(1) The management entity of the Mississippi Delta National Heritage Area, upon direction of the Board of Directors of the Mississippi Delta National Heritage Area and in conjunction with the Mississippi Department of Transportation, is authorized to erect appropriate signs and markers along public streets, roads, highways and interstates within the Mississippi Delta National Heritage Area.

(2) The funding for the signs and markers and the erection of the signs and markers shall be made from any funds available to the Board of Directors of the Mississippi Delta National Heritage Area or from any gifts, grants or donations received by the board of directors for the purpose of providing the signs and markers.

IDENTIFICATION AND DESIGNATION OF STREETS, ROADS, HIGHWAYS AND DWELLING PLACES

Sec.

65-7-141.	Purpose.
65-7-143.	Numbering and naming unidentified roads, highways or streets.
65-7-145.	Dwelling houses; assignment of street and number address.
65-7-147.	Repealed.

§ 65-7-141. Purpose.

It is the purpose of Sections 65-7-141 through 65-7-147 to provide that the State Highway Department and local governing authorities shall identify all streets, roads, highways and dwelling places not otherwise designated by name or number and to assign to said streets, roads, highways and dwelling places a number identification whereby such streets, roads, highways and dwelling places may be systematically identified and located without difficulty or ambiguity.

HISTORY: Laws, 1977, ch. 441, § 1; Laws, 1986, ch. 508, § 1, eff from and after July 1, 1986.

Editor's Notes — Section 65-1-1 provides that the term "State Highway Department," or the word "department" meaning the Mississippi State Highway Department, means the "Mississippi Department of Transportation."

Section 65-7-147 referred to in this section was repealed by Laws of 1986, ch. 508, § 4 eff from and after July 1, 1986.

OPINIONS OF THE ATTORNEY GENERAL

The governing authorities of a municipality may name roads, highways, streets, and publicly owned parking lots and driveways; however, there is no authority

for such governing authorities to name ways in the municipality. Edmonson, September 11, 1998, A.G. Op. #98-0540.

§ 65-7-143. Numbering and naming unidentified roads, highways or streets.

(1) All streets and roads of any municipality or county, and all other roads, highways or streets of this state that are not otherwise officially named or numbered shall be assigned a number and said roads, highways or streets shall henceforth be, for official purposes, known and referenced by an assigned number. In addition, the State Aid Division of the State Highway Department is further authorized to name or identify such roads, highways or streets by the names of individuals, subject to the approval of the appropriate governing authorities.

(2) The designation appearing in the Highway Department Road Inventory developed by the State Highway Department for each county and municipality shall constitute the official designation for counties and municipalities from and after July 1, 1988, unless prior to said date the board of supervisors of a county or the governing authority of a municipality adopts an ordinance duly spread upon its minutes adopting an official map or otherwise officially designates or names the public streets, roads and highways within its jurisdiction.

(3) Nothing herein shall be construed to require the marking of roads or the provision of road or street name signs; however, the boards of supervisors of the several counties and the governing authorities of any municipality may accept donations of money, materials, labor or other assistance to provide for the marking of streets, roads and highways.

(4) The provisions of this section shall not be construed to prohibit local governing authorities from naming, renaming or accepting named streets or roads as public ways in their discretion; however, any such action constituting an addition or change to the official county or municipal map shall be by ordinance duly adopted and spread upon the minutes of the governing authority, a certified copy of which shall be transmitted to the State Highway Department.

(5) The boards of supervisors are hereby authorized to expend excess funds as provided by Section 19-5-313 for paying the costs of identifying roads, highways and streets.

Editor's Notes — Section 65-1-1 provides that the term "State Highway Department," or the word "department" meaning the Mississippi State Highway Department, means the "Mississippi Department of Transportation."

OPINIONS OF THE ATTORNEY GENERAL

Statute pertaining to numbering and naming of unidentified roads does not empower cities to unilaterally effect official changes in the name designation of federal highways which have already been name designated by the legislature, although there is no prohibition to city providing unofficial secondary designation of such federal highway or naming an unnamed federal highway. O'Reilly-Evans, Jan. 6, 1992, A.G. Op. #91-0833.

The governing authorities of a municipality may name roads, highways, streets, and publicly owned parking lots and driveways; however, there is no authority for such governing authorities to name privately owned parking lots and driveways in the municipality. Edmonson, September 11, 1998, A.G. Op. #98-0540.

§ 65-7-145. Dwelling houses; assignment of street and number address.

Every dwelling house, whether or not located on a public road in this state and not otherwise designated by a street and number address, shall be assigned a street and number address.

HISTORY: Laws, 1977, ch. 441, § 3; Laws, 1986, ch. 508, § 3, eff from and after July 1, 1986.

§ 65-7-147. Repealed.

Repealed by Laws, 1986, ch. 508, § 4, eff from and after July 1, 1986.
§ 65-7-147. [En Laws, 1977, ch. 441, § 4]

Editor's Notes — Former § 65-7-147 provided for a feasibility study to determine the cost of a survey to locate and identify roads, streets, highways, and dwelling places not having an official or commonly recognized number, name, or address.

MEMORIAL HIGHWAY ACT**

Sec.

65-7-151. Short title.

65-7-153. Designation of public street, road, highway or interstate upon which Highway Safety Patrol officer was killed in the line of duty as memorial roadway.

§ 65-7-151. Short title.

Sections 65-7-151 and 65-7-153 shall be known and may be cited as the "Mississippi Highway Patrol Fallen Officer's Memorial Highway Act."

HISTORY: Laws, 2013, ch. 342, § 1, eff from and after July 1, 2013.

§ 65-7-153. Designation of public street, road, highway or interstate upon which Highway Safety Patrol officer was killed in the line of duty as memorial roadway.

(1) The Mississippi Highway Safety Patrol within the Department of

Public Safety, in conjunction with the Mississippi Department of Transportation, is authorized to designate any segment of any public street, road, highway or interstate within the state upon which any member of the Mississippi Highway Safety Patrol has fallen in the line of duty as a memorial roadway in such officer's honor, provided that such memorial roadway shall not extend more than five (5) miles in each southern and northern or eastern and western direction of the location in which the fallen member of the Mississippi Highway Safety Patrol fell.

(2) The Department of Public Safety shall notify the Mississippi Department of Transportation of the site of such officer who was killed in the performance of his or her official duties, and the Mississippi Department of Transportation shall erect and maintain appropriate signs with a distinctive marker along and approaching the segment of roadway denoting the site of the fallen officer's death. The distinctive marker shall be designed by the Department of Public Safety with the advice and recommendation of the Mississippi State Troopers' Association.

(3) The funding for the distinctive markers shall be made from any funds appropriated by the Legislature to the Department of Public Safety or from any gifts, grants or donations received by the Department of Public Safety for the purpose of providing the distinctive markers.

(4) This section shall apply to all Mississippi Highway Safety Patrol officers who have given their lives in the performance of their official duties after July 1, 1938.

HISTORY: Laws, 2013, ch. 342, § 2, eff from and after July 1, 2013.

MISSISSIPPI CONGRESSIONAL MEDAL OF HONOR RECIPIENT'S MEMORIAL HIGHWAY ACT

Sec.

65-7-171.

Short title.

65-7-173.

Placement and maintenance of signs designating memorial highways named after recipients of the Congressional Medal of Honor to include the words "Congressional Medal of Honor Recipient."

§ 65-7-171. Short title.

Sections 65-7-171 and 65-7-173 shall be known and may be cited as the "Mississippi Congressional Medal of Honor Recipient's Memorial Highway Act."

HISTORY: Laws, 2013, ch. 346, § 1, eff from and after July 1, 2013.

§ 65-7-173. Placement and maintenance of signs designating memorial highways named after recipients of the Congressional Medal of Honor to include the words “Congressional Medal of Honor Recipient.”

On any segment of any public street, road, highway or interstate within the state that is named after a person who was awarded a Congressional Medal of Honor, the Department of Transportation shall erect and maintain the signs designating the memorial highway with the words “Congressional Medal of Honor Recipient.” Any such signs that do not contain those words shall be replaced by new signs to comply with Sections 65-7-171 and 65-7-173. Sections 65-7-171 and 65-7-173 shall also apply to bridges or intersections that are part of a public street, road, highway or interstate within this state.

**ARTICLE 3.
PRIVATE WAY.**

Sec.
65-7-201. Private way established.

§ 65-7-201. Private way established.

When any person shall desire to have a private road laid out through the land of another, when necessary for ingress and egress, he shall apply by petition, stating the facts and reasons, to the special court of eminent domain created under Section 11-27-3 of the county where the land or part of it is located, and the case shall proceed as nearly as possible as provided in Title 11, Chapter 27 for the condemnation of private property for public use. The court sitting without a jury shall determine the reasonableness of the application. The owner of the property shall be a necessary party to the proceedings. If the court finds in favor of the petitioner, all damages that the jury determines the landowner should be compensated for shall be assessed against and shall be paid by the person applying for the private road, and he shall pay all the costs and expenses incurred in the proceedings.

JUDICIAL DECISIONS

ANALYSIS

1. Constitutionality.
2. In general.
3. Location of private road.
4. Res judicata
5. Collateral estoppel

1. Constitutionality.

Special court of eminent domain erred as a matter of law when it granted a petition for private road access because the Mississippi Constitution provided that such rights-of-way were not permissible in incorporated cities and towns. The right to seek dismissal under the Mississippi Constitution was not waived because the statutory grounds for such were not satisfied where a private road was requested, rather than a public taking; moreover, public necessity or public use did not have to be shown. *High v. Kuhn*, 191 So. 3d 113, 2016 Miss. LEXIS 121 (Miss. 2016).

2. In general.

Special court of eminent domain erred in denying an owner's request for attorney's fees and expenses because the neighbors clearly invoked the statutory procedures of the special court of eminent domain when they petitioned to condemn the owner's property for a private road and the state constitution clearly prohibited the Legislature from creating the statutory right to condemn for a private road property within an incorporated city or town. *High v. Kuhn*, 240 So. 3d 1198, 2017 Miss. LEXIS 455 (Miss. 2017).

Trial court properly denied the owners' action for an easement by necessity across the neighbors' property because the easement was merely a convenience, not a real necessity, where boat access was suitable for access to the property and, while the property was surrounded on three sides by water and the neighbors' property on the east, the owners only utilized the property in the summer months for recreational purposes, there was a public boat lunch within 200 yards of a sandbar and dock area, there were no utilities to the site, and it was not a place suitable for

building a home. *Davidson v. Collins*, 195 So. 3d 825, 2015 Miss. App. LEXIS 633 (Miss. Ct. App. 2015), cert. denied, 209 So. 3d 429, 2016 Miss. LEXIS 300 (Miss. 2016).

Special Court of Eminent Domain did not err in denying a petition for the establishment of a private road, pursuant to Miss. Code Ann. § 65-7-201 (Rev. 2005), where the evidence failed to show that a route across the neighboring property was reasonably necessary to access the petitioning property owners' land. *McDonald v. King*, 60 So. 3d 217, 2011 Miss. App. LEXIS 215 (Miss. Ct. App. 2011).

Trial court did not err in granting an easement of necessity to the landowners as Miss. Code Ann. § 65-7-201 did not provide a complete and adequate remedy to the recognition of the landowners' easement of necessity. *Vinoski v. Plummer*, 893 So. 2d 239, 2004 Miss. App. LEXIS 480 (Miss. Ct. App. 2004), cert. denied, 893 So. 2d 1061, 2005 Miss. LEXIS 102 (Miss. 2005).

Greene County Board of Education's decision to grant an easement over leased land was not reviewable in a circuit court by a petition for a writ of certiorari because the board was acting in an administrative capacity in managing its land; the board's decision was not akin to that of a special court of eminent domain under Miss. Code Ann. § 65-7-201. *Jones v. Greene County Bd. of Educ.*, 968 So. 2d 506, 2007 Miss. App. LEXIS 197 (Miss. Ct. App. 2007).

County board of supervisors erred when it granted an easement holder access to a private road on property under Miss. Code Ann. § 65-7-201 because an easement already existed, and since there was nothing to show its exact location, a finding that it was unusable could not have been made; further, even assuming the existing easement ran close to or in a creek bed did not entitle the holder to a private way, and she offered no proof regarding the feasibility or expense of constructing a road using her existing easement. *Gibbes v. Hinds County Bd. of Supervisors*, 952 So. 2d 1011, 2007 Miss. App. LEXIS 134 (Miss. Ct. App. 2007).

Board of Supervisors, in its decision, found the landowner failed to prove his proposed private way was reasonably necessary and not merely for convenience. The Board's reasoning for its unanimous decision was that there were other routes through which the landowner could gain access to a public road but that the landowner failed to present sufficient evidence that his proposed route was the least intrusive to the current owners and the most reasonable to the landowner. *Kalom v. Brady*, 872 So. 2d 741, 2004 Miss. App. LEXIS 431 (Miss. Ct. App. 2004).

Landowner was not required to petition the county board of supervisors concerning his action to acquire an easement because Miss. Code Ann. § 65-7-201 did not apply to an easement by necessity; by acquiring the dominant estate, one had already paid for and procured the legal right of access to and from that parcel. *Fike v. Shelton*, 860 So. 2d 1227, 2003 Miss. App. LEXIS 907 (Miss. Ct. App. 2003).

An easement by necessity was required for land owned by a power company as the property was bounded by no property owner from whom it could seek access other than the defendant and it was unreasonable to require the power company to build a bridge across a creek to obtain access. *Mississippi Power Co. v. Fairchild*, 791 So. 2d 262, 2001 Miss. App. LEXIS 66 (Miss. Ct. App. 2001).

This section did not provide the sole and exclusive remedy where the dispute was not over the private/public character of the property, but rather a dispute regarding easements and rights of access between the property owners involved. *Rogers v. Marlin*, 754 So. 2d 1267, 1999 Miss. App. LEXIS 708 (Miss. Ct. App. 1999).

Property owners made the required showing that they were unable to obtain a reasonable right of way from their surrounding neighbors. *Hooks v. George County*, 748 So. 2d 678, 1999 Miss. LEXIS 287 (Miss. 1999).

An order granting a private way was premature where there was evidence that the property owners who sought the private way had an alternative means of access to their property and the defendant board did not even respond to such evi-

dence and did not make a finding of fact in this regard. *Hooks v. George County*, 748 So. 2d 678, 1999 Miss. LEXIS 287 (Miss. 1999).

A chancellor's finding that the defendant enjoyed a prescriptive easement over the property in question effectively removed a county board of supervisors from the litigation by rejecting the claim that this section provided the sole and exclusive remedy in the case; thus, the litigation was but a dispute regarding easements and rights of access between the property owners and not a dispute over the private, giving the chancellor jurisdiction to dispose of the matter. *Rogers v. Marlin*, 1999 Miss. App. LEXIS 459 (Miss. Ct. App. July 20, 1999).

The statute does not refer to anything but a "private road" and does not grant the board the right to grant a right of way with, for example, such reasonable conditions as the circumstances require. *Bivens v. Mobley*, 724 So. 2d 458, 1998 Miss. App. LEXIS 1058 (Miss. Ct. App. 1998).

Even though state may be acting in a way so as to benefit only one landlocked property owner by granting him private right of way, state is still exercising its power of eminent domain in such matters. *Oughton v. Gaddis*, 683 So. 2d 390, 1996 Miss. LEXIS 597 (Miss. 1996).

When state exercises its power of eminent domain, damage award that beneficiary must pay to duly compensate victim of taking includes fair market value of land actually taken for private easement, and also all damages to remaining land not included in taking; general formula reflecting this principle is to calculate difference between fair market value of entire tract before taking, and fair market value of entire property immediately after taking. *Oughton v. Gaddis*, 683 So. 2d 390, 1996 Miss. LEXIS 597 (Miss. 1996).

Value of land condemned for easement is fair market value others would pay for entire land without easement or right-of-way outlets across other lands. *Oughton v. Gaddis*, 683 So. 2d 390, 1996 Miss. LEXIS 597 (Miss. 1996).

A servient owner's locked gates across a private way of necessity did not constitute an unreasonable interference with the dominant owner's use of the private way,

which was granted pursuant to § 65-7-201 for ingress and egress purposes, where the dominant owner had a key to the gates and the servient owner had maintained the gates for use in his cattle operation since he acquired the land in 1969. *Griffin v. State*, 618 So. 2d 81, 1993 Miss. LEXIS 171 (Miss. 1993).

A dominant owner could not place utilities on a private way of necessity, which had been granted pursuant to § 65-7-201 for ingress and egress purposes, since a private way for ingress and egress does not carry with it by implication an easement for running utilities across the private way. *Griffin v. State*, 618 So. 2d 81, 1993 Miss. LEXIS 171 (Miss. 1993).

Section 65-7-201's procedure for establishing a private right-of-way is not a complete and adequate alternative remedy to the recognition and enforcement of an easement of way by necessity; thus, § 65-7-201 was not a bar to the chancery court's granting of equitable relief in establishing an easement by necessity. *Broadhead v. Terpening*, 611 So. 2d 949, 1992 Miss. LEXIS 824 (Miss. 1992).

Landowners who sought a private way across neighboring land met the required burden of proof that a private way was "reasonably necessary" for ingress and egress to their property where their property was bound on 3 sides by water and on the fourth side by the neighboring land. The landowners would not be required to explore the option of building a bridge to their land due to the unreasonableness inherent in such an undertaking; the landowners' burden of proof concerning necessity was met by a showing that they had no other dry access to their land. *Alpaugh v. Moore*, 568 So. 2d 291, 1990 Miss. LEXIS 606 (Miss. 1990).

Section 65-7-57 permits any person to file an application with the board of supervisors requesting the board to lay out a public road, and of necessity the application for the road may describe a right-of-way across the lands of many individual owners, and this section provides that the application of an individual for a private road is subject to the same procedure set forth in Code 1942, § 8314. *Rotenberry v. Renfro*, 214 So. 2d 275, 1968 Miss. LEXIS 1297 (Miss. 1968).

The petitioner for the establishment of a private way must allege and show that he has been unable to obtain a reasonable right of way from all of the surrounding property owners, and must show a real necessity for such a right of way, as distinguished from a mere convenience. *Rotenberry v. Renfro*, 214 So. 2d 275, 1968 Miss. LEXIS 1297 (Miss. 1968).

In condemnation proceedings where the application seeks to condemn the property of more than one defendant interested in different property, a separate trial must be had for each and, in proceedings by an applicant for a right of way for a private road across the lands of several owners a separate trial should be granted in the circuit court to each of the several landowners to determine by damages done to the various parcels of their land. *Rotenberry v. Renfro*, 214 So. 2d 275, 1968 Miss. LEXIS 1297 (Miss. 1968).

Section 110 of the Mississippi Constitution permits the legislature to provide by general vote for condemning rights for a private road and this section was enacted under the power granted by the Constitution. *Rotenberry v. Renfro*, 214 So. 2d 275, 1968 Miss. LEXIS 1297 (Miss. 1968).

The landowner's legal expenses, appraisal fees, and expenses incurred in the preparation for a trial could not be part of the costs of the proceedings provided by this section. *Reid v. Horne*, 208 So. 2d 780, 1968 Miss. LEXIS 1430 (Miss. 1968).

Under this section it is enough that the road be reasonably, not absolutely, necessary in order that petitioner be afforded a means of ingress and egress over the lands of another. *Reid v. Horne*, 208 So. 2d 780, 1968 Miss. LEXIS 1430 (Miss. 1968).

Where a private road is laid out under this section, the landowner should be paid the fair value of the land taken and any damages to his remaining property. *Quinn v. Holly*, 244 Miss. 808, 146 So. 2d 357, 1962 Miss. LEXIS 509 (Miss. 1962).

It is enough to warrant the laying out of a private road under this section that it is reasonably, even if not absolutely, necessary. *Quinn v. Holly*, 244 Miss. 808, 146 So. 2d 357, 1962 Miss. LEXIS 509 (Miss. 1962).

This section is constitutional. *Quinn v. Holly*, 244 Miss. 808, 146 So. 2d 357, 1962 Miss. LEXIS 509 (Miss. 1962).

In a proceeding to have private road laid out through the owner's land, where the petitioners did not offer to pay the owner proposed easement but merely offered the cost of constructing road and did not sign a petition in a manner as to agree to any offer therein contained as to payment of damages, etc., and did not attempt to acquire easement by contract or purchase, and where some of the petitioners owned lands in the area to be served by the private road had access to their land over other road, the board of supervisors was without authority to sustain their petition. *Roberts v. Prassenos*, 219 Miss. 486, 69 So. 2d 215, 1954 Miss. LEXIS 356 (Miss. 1954).

An owner of land adjoining the school timberlands could not arbitrarily demand from the purchaser of the timber more for a right of way through his land than the same was reasonably worth since under this section the purchaser of the timberlands could acquire such a right of way. *State ex rel. Coleman v. Dear*, 212 Miss. 620, 55 So. 2d 370, 1951 Miss. LEXIS 492 (Miss. 1951).

3. Location of private road.

Judgment granting a timber company a private road easement over private property was proper because the timber company established that its need for the road to access its landlocked property was more than mere convenience as the private road would provide the only feasible way to get to a public highway. *May v. Adirondack Timber I, LLC*, 129 So. 3d 219, 2013 Miss. App. LEXIS 433 (Miss. Ct. App. 2013).

County court erred in taking appellants' property for a private road under Miss. Code Ann. § 65-7-201 because appellee, who sought the private road to harvest timber on its property, failed to show its lot was physically landlocked and it was unable to secure a reasonable right-of-way to a public road through the properties of surrounding landowners; appellee was not relieved of its obligation to seek a voluntary right-of-way from other surrounding landowners with a simple showing that the alternatives were more expensive or less convenient than its preferred route. *Ward v. Trimac Invs., LLC*, 78 So. 3d 341, 2011 Miss. App.

LEXIS 162 (Miss. Ct. App. 2011), cert. denied, 78 So. 3d 906, 2012 Miss. LEXIS 41 (Miss. 2012).

In an action for a private right-of-way, the trial court erred in granting a right-of-way along a gravel road across prime farmland owned by the defendants since such a right-of-way would interfere with the business operation of the farm; instead, the court should have awarded a right-of-way in an alternate location, even though the plaintiff would then be required to make substantial improvements to reach his property. *Ganier v. Mansour*, 766 So. 2d 3, 2000 Miss. App. LEXIS 155 (Miss. Ct. App. 2000).

4. Res judicata

Res judicata did not bar a property owner's petition for a private road because the petition involved different underlying facts and circumstances than the owner's prior lawsuits, and so there was no identity of the cause of action; the owner's prior common-law claims focused on historical ownership of the land, and because a neighbor's land completely surrounded the owner's land, the owner's petition for a private road could be decided based on present property lines and circumstances. *McCarty v. Wood*, 249 So. 3d 425, 2018 Miss. App. LEXIS 34 (Miss. Ct. App.), cert. denied, 246 So. 3d 72, 2018 Miss. LEXIS 333 (Miss. 2018).

Res judicata did not bar a property owner's petition for a private road because a statutory petition for a private road could not have been brought in either of the owner's prior lawsuits or combined with the common-law claims asserted in those lawsuits; based on the plain language of the statute, the owner could not have brought a petition for a private road in the prior actions in chancery court or circuit court because such petition had to be filed in the special court of eminent domain. *McCarty v. Wood*, 249 So. 3d 425, 2018 Miss. App. LEXIS 34 (Miss. Ct. App.), cert. denied, 246 So. 3d 72, 2018 Miss. LEXIS 333 (Miss. 2018).

Res judicata did not bar a property owner's statutory petition for a private road because the owner could not have combined his prior common-law claims with a statutory petition for a private road

in the special court of eminent domain since the special court of eminent domain lacked jurisdiction over such claims. *McCarty v. Wood*, 249 So. 3d 425, 2018 Miss. App. LEXIS 34 (Miss. Ct. App.), cert. denied, 246 So. 3d 72, 2018 Miss. LEXIS 333 (Miss. 2018).

Landowner is not required to plead alternative common-law claims in the same proceeding as a statutory claim for a private road under the statute; such claims may be pursued in separate proceedings. *McCarty v. Wood*, 249 So. 3d 425, 2018 Miss. App. LEXIS 34 (Miss. Ct. App.), cert. denied, 246 So. 3d 72, 2018 Miss. LEXIS 333 (Miss. 2018).

5. Collateral estoppel

Collateral estoppel did not bar a property owner's statutory petition for a private road because although the chancery court dismissed owner's prior complaint for an easement with prejudice, the record did not show that the chancery court actually decided that an easement was not "necessary." *McCarty v. Wood*, 249 So. 3d 425, 2018 Miss. App. LEXIS 34 (Miss. Ct. App.), cert. denied, 246 So. 3d 72, 2018 Miss. LEXIS 333 (Miss. 2018).

- 65-9-35. Utilization of available federal and state funds to reconstruct certain portions of Mississippi Highway 407 in Attala County, Mississippi, authorized.

§ 65-9-1. Definition and characteristics of state aid roads.

The board of supervisors of each county, now having full jurisdiction over all roads, ferries, and bridges in its respective county not maintained as state highways, is hereby fully authorized and empowered to construct and maintain the same (including designated state highways not yet taken over by the highway department); and all such roads under the jurisdiction of the several boards of supervisors are hereby designated, defined, and declared to be either (a) "feeder" or "local farm roads" or (b) "state aid roads."

State aid roads are hereby defined as that group or class of roads composing the main collector and distributor routes feeding into local trade areas or into the state highway network, which are not designated as state highways by the Legislature, and particularly those essential to the conservation and development of natural resources, of economic and social value, and encouraging desirable land utilization, having in addition the following characteristics, to wit: roads (including bridges and ferries) which

(a) Connect communities within the individual counties and with those of adjoining counties and/or which also connect with the state highway system to form a complete network of secondary or collector routes.

(b) Carry heavy volumes of traffic serving most of the following interests of the counties, to wit:

(1) Agricultural

- (2) Business
- (3) Educational
- (4) Industrial

The State Aid Engineer shall see that the criteria imposed herein are explicitly followed in the designation and in the construction of the state aid roads in each county. The State Aid Engineer shall promulgate regulations pursuant to the Administrative Procedures Act to require the development of a network of intercounty roads and to provide for a review process within the state aid division for the designation of said state aid roads. Such regulations shall also establish standards for state aid route designation. The State Aid Engineer is hereby authorized and directed to withhold funds from such counties until the state aid roads therein are designated and constructed according to the characteristics set forth herein.

All other roads under the jurisdiction of the several boards of supervisors are hereby declared to be "local farm roads" and not affected in anywise by this chapter.

State aid roads in the several counties shall be eligible for state aid in the manner and under the terms and conditions hereinafter set out. Local system roads (as defined in Section 65-18-3) in the several counties shall be eligible for state aid in the manner and under the terms and conditions set out in the Local System Road Program established in Sections 65-18-1 through 65-18-17. State aid, by way of funds to be expended on state aid roads and local system roads (as defined in Section 65-18-3), shall consist of any sum or sums provided by the Legislature to supplement funds furnished by the several counties for the purpose of constructing, improving, widening, straightening, surfacing, or reconstructing roads on the state aid system or for the purpose of the construction, reconstruction and paving of roads on the Local System Road Program, and shall be available to the several counties in such proportion as may be fixed and determined by law.

JUDICIAL DECISIONS

1. In general.

In an action for damages alleged to have been caused by collision between plaintiff's car and defendant's bull, plaintiff's failure to allege or prove that the road

upon which the mishap occurred was a highway of the state maintained by the state highway commission was fatal, since the protective principle of keeping untended animals off the highway embodied

in Code 1942, § 4876.5 (since repealed) was inapplicable to "State Aid Roads." *Pennyan v. Alexander*, 229 Miss. 704, 91

So. 2d 728, 1957 Miss. LEXIS 317 (Miss. 1957).

OPINIONS OF THE ATTORNEY GENERAL

Section 65-9-1 as written does not require that each end of a state aid road connect with the state highway system. If the road does not connect communities, then at least one end of the road must connect with the state highway system to join the complete network. *Palmer*, February 23, 1996, A.G. Op. #96-0032.

Rights-of-way for bridges which are part of a state-aid road project as defined in Section 65-9-1 are subject to the right of immediate possession set out in Section 11-27-81(d). *Williamson*, Sept. 21, 2001, A.G. Op. #01-0599.

The Legislature has provided a specific mechanism for allowing counties to receive an advance of the state aid road funds to which they are entitled, and has specifically declared it to be the intent of the statute that state aid road funds be utilized to the greatest extent possible, rather than being held until sufficient amounts to fully fund a project have been accrued in a particular county's account. *Kopf*, Dec. 6, 2002, A.G. Op. #02-0711.

§ 65-9-3. Allocation of state aid system to counties.

(1) There is hereby set up for designation by cooperative action of the state and counties a state aid system of roads (including bridges and ferries), as classified and defined in Section 65-9-1, which system shall be designated by the several boards of supervisors in their respective counties, with the consent and approval of the State Aid Engineer, to a total mileage not in excess of twenty-five thousand eight hundred fifty-seven and four-hundredths (25,857.04) miles not including any municipal streets, except that a state aid route may be extended into a municipality in order to make a convenient and orderly connection with the nearest paved or surfaced street or highway capable of carrying the traffic originating on or destined for such state aid route and thereby making a systematic connection with the highway and street systems of the state and its political subdivisions. Such system may be modified or revised from time to time by mutual agreement between the said boards of supervisors and the State Aid Engineer. Mileage on the state aid system shall be allocated to the several counties of the state in the following proportions:

- (a) One-third ($\frac{1}{3}$) shall be allocated to all counties in equal shares;
- (b) One-third ($\frac{1}{3}$) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the State; and
- (c) One-third ($\frac{1}{3}$) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

(2) If the number of miles allocated to any county in accordance with the formula specified in subsection (1) of this section for any fiscal year after fiscal year 1994 is less than the number of miles allocated to that county for fiscal year 1994, then each county in that situation shall be allocated an additional

number of miles that, when added to the number of miles allocated to the county in accordance with the formula specified in subsection (1) of this section, will be equal to the number of miles allocated to the county for fiscal year 1994.

JUDICIAL DECISIONS

1. In general.

No county has any vested right to any portion of the gasoline tax money except such right as the legislature may grant, and the legislature has the power to distribute a portion of the tax in any manner, upon any basis, and under any formula which it may prescribe. *Schaeffer v. Although an action alleging discriminatory distribution of gasoline and other

excise tax funds among the several counties of the State of Mississippi is not violative of the Eleventh Amendment to the U. S. Constitution, a class action to that effect brought by citizens and taxpayers is not an action brought by the real parties in interest, for such parties have no personal interest or personal benefit in the recovery sought. *Schaeffer v. Sharp*, 328 F. Supp. 762, 1971 U.S. Dist. LEXIS 12568 (S.D. Miss. 1971).

§ 65-9-5. Office of State Aid Road Construction.

There is hereby created within the Mississippi Department of Transportation an office to be called the Office of State Aid Road Construction, for the purpose and charged with the duty of administering this chapter. The office shall be administered by a state aid engineer and such assistant engineers or other employees as may be provided in this chapter. Whenever the term "Division of State Aid Road Construction" appears in the laws of this state, it shall mean the Office of State Aid Road Construction.

All duties, powers and responsibilities for the administration and management of the Office of State Aid Road Construction shall be vested in and performed exclusively by the State Aid Engineer.

All of the powers of the State Aid Engineer herein provided are with reference to the expenditures of state aid funds and are not intended to interfere in any way with the constitutional jurisdiction of any board of supervisors. In order to obtain state aid funds, however, and whenever any state aid funds are being used, the provisions of this chapter shall have full force and effect.

The State Aid Engineer shall adopt a complete, detailed and itemized budget for the Office of State Aid Road Construction, as may be required by the

Legislative Budget Office, separate and apart from the budget of the Mississippi Department of Transportation. Copies of the detailed budget shall be filed with the Governor, the Legislative Budget Office and the State Fiscal Management Board on or before April 30 of each year, and shall cover anticipated construction and administrative expenditures for the ensuing fiscal year. No expenditures shall be made in excess of the budget amount approved and appropriated by the Legislature.

OPINIONS OF THE ATTORNEY GENERAL

The Office of State Aid Roads, although administered by the State Aid Engineer and operated under a separate budget, is a division within the Mississippi Department of Transportation which, through its commissioners, is given the authority to

provide appropriate office space for its various divisions, and may relocate any of its offices, if such a move is deemed necessary for the administration of the Department. Miller, Sept. 9, 2002, A.G. Op. #02-0444.

§ 65-9-7. Division may own and operate automobiles.

The Division of State Aid Road Construction of the Mississippi State Highway Department, is hereby authorized and empowered to own and operate seven passenger automobiles, the same to be purchased, owned, and operated in strict accordance with the provisions of Sections 25-1-77 through 25-1-93, Mississippi Code of 1972.

HISTORY: Codes, 1942, § 8035-02.5; Laws, 1952, ch. 286, § 3; Laws, 1958, ch. 367, § 2; Laws, 1962, ch. 448, eff from and after passage (approved May 28, 1962).

Editor's Notes — Section 65-1-1 provides that the term "State Highway Department," or the word "department" meaning the Mississippi State Highway Department, means the "Mississippi Department of Transportation."

§ 65-9-9. State Aid Engineer and employees.

The State Aid Engineer shall be appointed by the Governor for a term of two (2) years, subject to removal pursuant to Section 25-9-101 et seq. by the Governor at any time; provided, however, upon the expiration of the term of the State Aid Engineer serving on July 1, 1985, the State Aid Engineer shall be appointed by the Governor for a term of four (4) years. The State Aid Engineer shall be a registered engineer with at least eight (8) years' experience as a

county road or highway engineer and a thorough knowledge of rural road problems. He shall be paid a salary equal to that paid assistant chief engineers of the Mississippi Department of Transportation as established by the department's personnel and merit system, plus travel expenses actually incurred by him in the discharge of his duties; and he shall, each month, make a detailed report to the Governor of such expenses. He shall be authorized to employ assistant state aid engineers, together with such other engineers, employees, and other assistants as may be necessary to carry out the terms of this chapter, all of whom may be removed at any time by the State Aid Engineer. The compensation of all such engineers, employees, and assistants shall be comparable to the salaries of like employees of the Mississippi Department of Transportation.

The State Aid Engineer, before entering upon the discharge of his duties, shall give bond in the sum of Twenty-five Thousand Dollars (\$25,000.00) in some surety company authorized to do business in this state, which bond shall be conditioned for the faithful performance of his duties; and likewise each assistant state aid engineer shall give bond in the sum of Ten Thousand Dollars (\$10,000.00) conditioned for the faithful performance of his duties. The State Aid Engineer is hereby authorized to require other assistants who are charged with responsible duties to likewise give bond in amounts not to exceed Ten Thousand Dollars (\$10,000.00) each, conditioned for the faithful performance of their duties.

The salaries of the State Aid Engineer and his assistants and of all other employees of the Office of State Aid Road Construction, and all other expenses incurred by the Office of State Aid Road Construction in carrying out the provisions of this chapter, including the premiums of bonds of the State Aid Engineer, assistant state aid engineers, and other assistants, shall be paid from the State Aid Road Fund in the State Treasury prior to allocation to the several counties, by requisition drawn by the State Aid Engineer directed to the Department of Finance and Administration, which will issue its warrant to the State Treasurer in the sum and for the purpose stated in the requisition. The State Aid Engineer shall, each month, make a detailed report to the Governor of all expenditures so made.

HISTORY: Codes, 1942, § 8035-02; Laws, 1949, Ex. Sess. ch. 6, § 5; Laws, 1952, ch. 286, § 1; Laws, 1956, ch. 315; Laws, 1958, ch. 367, § 1; Laws, 1966, ch. 445, § 32; Laws, 1968, ch. 469, §§ 1, 2; Laws, 1985, ch. 537, § 7; Laws, 1992, ch. 496, § 14, eff from and after July 1, 1992.

§ 65-9-11. Duties of State Aid Engineer.

It shall be the duty of the State Aid Engineer to advise with the boards of supervisors of the several counties on all matters of policy, use of funds, priority of construction, uniform standards for state aid roads, safeguards in accounting methods, and other related matters and to cooperate with the several boards of supervisors on all matters connected with the laying out and construction of the state aid system of county roads. The State Aid Engineer

shall promulgate, as soon as practicable, such uniform and reasonable rules and regulations as he may deem necessary to effectuate a proper designation of state aid roads to be constructed in each county, the methods for determining priority of construction, the making of surveys, and the preparation of plans and specifications for the construction of state aid roads, and to provide a uniform system of accounting in the expenditure of state aid road funds. The State Aid Engineer, after conferring with the Chief Engineer of the State Highway Department, shall prepare and promulgate uniform design standards and specifications for the construction of the state aid road system, which said uniform design standards and specifications may be modified or amended from time to time as the State Aid Engineer may deem necessary. Such standards may be in one or more classifications, according to types and kinds of roads. After such uniform design standards and specifications have been prepared and approved by the State Aid Engineer, the boards of supervisors shall apply the same to all new construction of state aid roads in their counties and, unless not practicable and feasible, to reconstruction of old roads on the state aid road system; but no deviation from such uniform standards and specifications shall be made without the approval of the State Aid Engineer.

It shall also be the duty of the State Aid Engineer to advise and cooperate with the boards of supervisors in the selection and designation of the county roads which are to be made a part of the state aid road system, as provided in this chapter, and to approve or disapprove the selection of roads to be made a part of the state aid road system by the boards of supervisors.

The State Aid Engineer shall finally approve or disapprove all contracts advertised and let by any board of supervisors for the construction or reconstruction of state aid roads and he shall approve or disapprove any or all force account estimates for such construction. If disapproved, he shall give a notice to said county of his disapproval and state each reason, and he shall give the said county time to cure the defects, or such parts thereof as may be necessary to cure, so that the county may receive its share of state aid.

All proposals covering work to be performed by any county with its own forces on state aid roads and all force account estimates submitted for approval shall be on forms prepared for the purpose by the State Aid Engineer. Such forms shall be in such detail and based upon such cost accounting rules and regulations as may be prescribed from time to time by the State Aid Engineer, but in no event shall the purchase of any road machinery or other general equipment out of the state aid road funds be allowed or permitted by such rules and regulations. Force account estimates may include a reasonable rental for machinery or equipment, and the reasonableness of the rental so estimated and as actually paid shall be subject at all times to modification, revision, approval, or disapproval of the State Aid Engineer and under the cost accounting rules and regulations promulgated by him.

The State Aid Engineer and such assistants as he may designate shall supervise and inspect all state aid road projects as the work progresses. Upon final completion of any such project, the State Aid Engineer shall cause a final

inspection to be made of such project for the purpose of determining whether such project has been completed satisfactorily in accordance with the plans and specifications; and if satisfactorily completed, the State Aid Engineer shall approve payment of the final estimate on such project. No progress or final estimate, either on a contract or a force account project, shall be paid unless approved in such manner by the State Aid Engineer, and on all such contracts or force account projects a percentage of not less than two and one-half percent (2½%) nor more than ten percent (10%) of each estimate thereon paid shall be retained until final acceptance of such project; provided, however, the amount retained by the prime contractor from each payment due the subcontractor shall not exceed the percentage withheld from the prime contractor.

§ 65-9-13. Right of county to state aid.

Any county shall be entitled to receive state aid and to expend state aid monies in conjunction with monies furnished by said county on state aid roads in such county on projects approved for construction in such county, provided:

(a) The state aid system in such county has been designated and approved as herein provided.

(b) The county has employed a county engineer to act for and on behalf of the county as a whole, who shall be a registered professional engineer, and such other competent technical assistants as may from time to time be deemed necessary by the board of supervisors of said county.

(c) An annual program shall have been filed by the county engineer with the division of state aid road construction and approved by the State Aid Engineer, and in accordance with the uniform design standards and specifications set up by the State Aid Engineer; such program may be modified or revised in whole or in part by the State Aid Engineer, with the agreement of the county involved.

(d) Such county has complied with all rules and regulations promulgated by the State Aid Engineer.

OPINIONS OF THE ATTORNEY GENERAL

Miss. Code Section 65-9-13 provides for employment of county engineer as condition precedent to allocation of state-aid road funds to county. Davis, May 24, 1993, A.G. Op. #93-0241.

Miss. Code Section 65-9-13 provides that, in order for county to receive state-aid funds, it must employ "a county engineer to act for and on behalf of the county

as a whole, who shall be a registered professional engineer, and such other competent technical assistants as may from time to time be deemed necessary by the board of supervisors of said county"; statute does not contemplate appointment of professional association. Davis, May 24, 1993, A.G. Op. #93-0241.

§ 65-9-15. County engineer.

Nothing herein shall prevent any county from employing, by agreement with not more than four (4) other counties, the same engineer to act as county engineer for each and all of said counties so agreeing. Each county engineer shall give bond, with sufficient surety, to be payable, conditioned and approved as provided by law, in a penalty not less than Fifty Thousand Dollars (\$50,000.00). If a county engineer is engineer for two (2) or more counties, the same bond shall serve as said engineer's bond in and for each county, respectively, and the premium on said bond and the salary and expenses of such engineer and assistants shall be divided between and paid by the counties for whom he is so employed in such proportions as may be agreed upon by said counties. In the event any county is unable to obtain the services of a competent engineer, the Transportation Commission may loan such county an engineer, if available, for a specified period of time, by granting such engineer a leave of absence for such period without loss of any benefits accruing to him by reason of length of service; and such time so spent on such leave of absence shall be counted as part of such engineer's length of service with the Department of Transportation. The salary of such engineer so loaned shall be paid by the county or the counties to whom he is loaned.

The salary and other expenses, including the premium on all bonds, of the county engineer and his assistants shall be paid by the county or counties employing such county engineer and assistants. Any salary limitations or ceiling heretofore placed by law on the salary of a county engineer is hereby removed as to county engineers employed under the terms of this chapter. In lieu of salary and other expenses, any county may employ a registered civil engineer on a fee basis for furnishing complete engineering services on state aid projects. Engineering costs, including the salaries or fees of the county engineer, incurred on state aid projects may be paid from state aid funds allocated to said county or counties, with the methods of payments to be approved by the State Aid Engineer under regulations promulgated by the State Aid Engineer; however, unless the project is being partially funded with federal funds, no such costs shall be paid to the county from state aid funds prior to the approval for advertisement for bids for a project by the State Aid

Engineer. If the project is being partially funded with federal funds, the State Aid Engineer may approve payment of a portion of such costs from state aid funds prior to the approval for advertisement for bids.

Editor's Notes — Laws of 1986, ch. 458, § 48, provided that § 65-9-15 would stand repealed from and after October 1, 1989. Subsequently, three 1989 chapters (341, 342, and 343) amended Section 48, Chapter 458, Laws, 1986, by deleting the date for repeal.

JUDICIAL DECISIONS

1. In general.

A county engineer, whose employment contract with the county had expired, was entitled to recover his fee for projects begun before the expiration date of his last contract and finished afterward, where the contract provided that he would be paid one fee when each project was finished and accepted, and no provision was made for piecemeal payment as the work progressed. *Burt v. Calhoun*, 231 So. 2d 496, 1970 Miss. LEXIS 1595 (Miss. 1970).

Where the contract of a county engineer was extended by action of the board of

supervisors, which action was recorded on the Board's minutes, but after expiration of the extension, no subsequent contract appeared upon the minutes, although the board continued to submit an annual program to the state for projects for which the engineer was required, and continued to record the engineer's estimate for each project and to record notice to bidders based on such estimate, the county engineer had no legal contract with the county after expiration of the extension and could not recover for projects begun after that date. *Burt v. Calhoun*, 231 So. 2d 496, 1970 Miss. LEXIS 1595 (Miss. 1970).

OPINIONS OF THE ATTORNEY GENERAL

Based on Miss. Code Section 65-9-15, county may hire one engineer, and such assistants as may be necessary, to handle each separate state aid project. *Kilpatrick*, Jan. 14, 1993, A.G. Op. #92-0994.

Miss. Code Section 65-9-15 allows up to five counties to use services of same engineer; this section also provides, in second

paragraph, that this engineer may be paid on fee basis "in lieu of salary and other expenses." *Davis*, May 24, 1993, A.G. Op. #93-0241.

Fees earned under Miss. Code Section 65-9-15 are subject to state retirement withholdings. *Davis*, May 24, 1993, A.G. Op. #93-0241.

§ 65-9-17. State aid funds.

(1) When any county shall have met the requirements of this chapter and shall have become eligible for state aid, the State Aid Engineer, as soon as practicable, shall notify such county in writing of such eligibility and that its proportionate part of any state funds allocated to it for state aid may be utilized for construction in the manner provided by law, and such notice shall also be given in writing to the Department of Finance and Administration and to the State Treasurer.

(2) State aid funds shall be allocated to each county for use on state aid

system roads or roads on the Local System Road Program in accordance with the provisions of Section 27-65-75.

(3) State aid funds may be credited to a county in advance of the normal accrual to finance certain state aid improvements, subject to the approval of the State Aid Engineer and subject further to the following limitations:

(a) That the maximum amount of state aid funds that may be advanced to any county shall not exceed ninety percent (90%) of the state aid funds estimated to accrue to such county during the remainder of the term of office of the board of supervisors of such county.

(b) That no advance credit of funds will be made to any county when the unobligated balance in the State Aid Road Fund is less than One Million Dollars (\$1,000,000.00).

(c) That such advance crediting of funds be effected by the State Aid Engineer at the time of the approval of the plans and specifications for the proposed improvements.

It is the intent of this provision to utilize to the fullest practicable extent the balance of state aid funds on hand at all times.

(4) State aid funds shall be available to such county to the following extent and in the following manner:

(a) On state aid projects, other than those on or off the federal aid secondary system to be partially financed with federal funds, state aid funds credited to such county in the State Aid Road Fund shall be available to cover the cost of such project. Upon the awarding of a contract for such state aid project, the board of supervisors of any county will, by an official order of the board, authorize the State Aid Engineer to set up the project fund for such project from that county's state aid fund in the State Treasury. The amount of the project fund will cover the estimated cost of the project, including the contractor's payments and any other costs authorized under this chapter to be paid from state aid funds. Withdrawals from the project fund will be made by requisitions prepared by the State Aid Engineer, based on estimates and other supporting statements and documents prepared or approved by the county engineer, such requisitions, accompanied by such estimates and statements, to be directed to the Department of Finance and Administration, which will issue warrants in payment thereof. Requisitions may be drawn to cover the final cost of the project accepted by the boards of supervisors of the counties affected and the State Aid Engineer, even though such cost exceeds the aforesaid estimated project fund. Whenever, in the opinion of the State Aid Engineer, it should appear that any such estimate or statement of account has been improperly allowed or that any road construction project is not proceeding in accordance with the plans, specifications and standards set up therefor, then, in such event, due notice in writing shall be given the board of supervisors of such county and the contractor on such project, if any, stating the reason why such account should not have been allowed or why such project is not progressing satisfactorily; and if, within thirty (30) days from the date of such notice in writing, such error or default is not corrected to the satisfaction of the State Aid Engineer, all state aid

funds theretofore allocated to such eligible county shall be immediately withdrawn and notice given the Department of Finance and Administration and the State Treasurer that such county has become ineligible therefor. Such county shall remain ineligible until it again becomes eligible by satisfying the State Aid Engineer as to its eligibility.

(b) On state aid projects on the federal aid secondary system which are to be partially financed with federal funds, state aid funds credited to such county in the State Aid Road Fund shall be available to cover the sponsor's share of the cost of such project. At the same time, the State Treasurer, on order from the board of supervisors, shall transfer an amount up to one hundred percent (100%) of such cost from the credit of such county in the State Aid Road Fund to the credit of such county in the State Highway Fund, earmarked for such project.

(c) State aid road funds credited to a county in the State Aid Road Fund shall also be available to cover the sponsor's cost of any other project of such county which is partially financed with federal funds available through federal "safer off-system" road funds and/or other federal road funds allocated to the counties as provided for in accordance with Section 65-9-29(2). On order from the board of supervisors of such county, the State Treasurer shall transfer an amount up to one hundred percent (100%) of such cost from the credit of such county in the State Aid Road Fund to the credit of such county in the State Highway Fund, earmarked for such project.

(d) Up to one-third ($\frac{1}{3}$) of state aid road funds credited to a county in the State Aid Road Fund may be available to match federal bridge replacement monies or other federal funds, or both, to construct, replace, inspect or post bridges and to conduct pavement management surveys on county roads which are not on the state aid system. To implement such projects, the State Treasurer shall, as requested in an order from the board of supervisors of the county, make transfers out of the credit of such county in the State Aid Road Fund.

(e) Up to twenty-five percent (25%) of the state aid road funds credited to a county in the State Aid Road Fund may be available for projects authorized under the Local System Road Program. Withdrawals from the fund for the Local System Road Program will be made by requisitions prepared by the State Aid Engineer, based on estimates and other supporting statements and documents prepared or approved by the county engineer; such requisitions, accompanied by such estimates and statements, to be directed to the Department of Finance and Administration, which will issue warrants in payment thereof. Requisitions may be drawn to cover the final cost of the local system road project accepted by the boards of supervisors of the counties affected and the State Aid Engineer even though such cost exceeds the aforesaid estimated project fund. Whenever, in the opinion of the State Aid Engineer, it should appear that any such estimate or statement of account has been improperly allowed or that any road construction project is not proceeding in accordance with the plans, specifications and standards set up therefor, then, in such event, due notice in writing shall be given the

board of supervisors of such county and the contractor on such project, if any, stating the reason why such account should not have been allowed or why such project is not progressing satisfactorily; and if, within thirty (30) days from the date of such notice in writing, such error or default is not corrected to the satisfaction of the State Aid Engineer, all state aid funds theretofore allocated to such eligible county shall be immediately withdrawn and notice given the Department of Finance and Administration and the State Treasurer that such county has become ineligible therefor. Such county shall remain ineligible until it again becomes eligible by satisfying the State Aid Engineer as to its eligibility.

(5) The State Treasurer is hereby authorized to continue to receive and deposit all funds from the federal government made available by it, either by existing law or by any law which may be passed hereafter, to the credit of the State Highway Fund, and the Treasurer shall notify the commission of the amounts so received.

All accounts against the above-mentioned funds shall be certified to by the Executive Director of the Mississippi Department of Transportation, who shall request the Department of Finance and Administration to issue its warrant on the State Treasurer for the amount of the accounts; and the Treasurer shall pay same if sufficient funds are available, all in the manner prescribed herein or as may be required by law.

(6) The board of supervisors of each county is hereby authorized and empowered to pay funds into the State Treasury in the manner above set out, and to use and expend such funds for the purposes set out in this chapter. For the purpose of providing such funds, the board of supervisors is hereby authorized and empowered to use and expend any county road and bridge funds, including revenue received from any gasoline taxes paid to such county, or any funds available in the General Fund, or to issue road and bridge bonds of such county in any lawful amount in the manner and method and subject to the restrictions, limitations and conditions, and payable from the same sources of revenue, now provided by law.

OPINIONS OF THE ATTORNEY GENERAL

Local System Bridge Replacement and Rehabilitation Program funds may be allocated to the county by the State Aid Engineer for use in construction, reconstruction, and paving of local system roads, provided (1) all the local system bridges have a sufficiency rating of 50 or greater or those bridges with a sufficiency rating of less than 50 are currently under contract for replacement or rehabilitation, and (2) the requirements of Section 6 of SB 2318 are met. Gore, III, Aug. 31, 2001, A.G. Op. #01-0553.

The Legislature has provided a specific mechanism for allowing counties to receive an advance of the state aid road funds to which they are entitled, and has specifically declared it to be the intent of the statute that state aid road funds be utilized to the greatest extent possible, rather than being held until sufficient amounts to fully fund a project have been accrued in a particular county's account. Kopf, Dec. 6, 2002, A.G. Op. #02-0711.

§ 65-9-19. Contracts.

Contracts for the construction of state aid road projects shall be advertised and let by the board of supervisors of any county desiring so to do, in the manner now required by law but subject to the approval of the State Aid Engineer; however, during the last six months of the boards of supervisors' terms of office, no contracts for state aid projects shall be awarded unless construction programs embracing such projects shall have been adopted by the boards and approved by the State Aid Engineer in writing prior to July 1 of said year. Before advertising for bids, detailed plans and specifications covering the work proposed to be done shall be prepared and filed in the chancery clerk's office of the interested county and in the office of the State Aid Engineer; and copies shall be subject to inspection by any party during all office hours, and shall be made available to all prospective bidders upon such reasonable terms and conditions as may be required by the State Aid Engineer. All plans and specifications shall be initially prepared by the county engineer, subject to the approval or disapproval of the State Aid Engineer. All rights of way necessary for such projects shall be acquired and paid for by the boards of supervisors in the manner now provided by law for the acquisition of rights of way, including gift, purchase, deed, dedication, and eminent domain; however, the cost of such rights of way shall not be considered to be a part of the cost of any project within the meaning of Section 65-9-17. The acts of the boards of supervisors in heretofore acquiring rights of way for such projects, and all rights of way heretofore acquired for such projects are hereby ratified, confirmed, and validated.

§ 65-9-21. Painting of center line safety stripes.

The board of supervisors is further authorized and empowered to paint center line safety stripes on all state aid roads heretofore or hereafter constructed in the several counties, by the use of its own crews and facilities or by public contract. The striping shall be applied of the materials and in the manner as the State Aid Engineer shall require. The board, subject to the approval of the State Aid Engineer, may include such striping in the same contract for the completion of the state aid road itself, or by a separately advertised and awarded contract. Funds necessary to carry out this section shall be as provided in the construction of the state aid road itself. The State Aid Engineer is authorized to promulgate and adopt reasonable regulations he may deem necessary and requisite in carrying out the provisions of this section.

§ 65-9-23. Accounting controls and safeguards.

Such accounting controls and safeguards, including those already provided in this chapter, may be required of each board of supervisors as, in the discretion of the State Aid Engineer, may be deemed necessary; but general and uniform rules and regulations thereasto shall be first promulgated by said State Aid Engineer, only with the advice and approval of the State Auditor.

Editor’s Notes — Section 7-7-2 provides that the words “State Auditor of Public Accounts,” “State Auditor,” and “Auditor” appearing in the laws of this state in connection with the performance of Auditor’s functions shall mean the State Fiscal Officer.

Section 27-104-6 provides that whenever the term “State Fiscal Officer” appears in any law it shall mean “Executive Director of the Department of Finance and Administration.”

§ 65-9-25. Maintenance of state aid roads.

It shall be the duty of the several boards of supervisors to properly maintain all state aid roads in their respective counties after construction of any such roads with state aid monies. It shall be the duty of the State Aid Engineer and his assistants to make annual maintenance inspections of completed projects, and such other periodic maintenance inspections as the State Aid Engineer shall deem necessary. If essential maintenance is not properly and regularly carried on, in the opinion of the State Aid Engineer, then notice thereof shall be given in writing to the board in default, and if such maintenance is not done and continued within sixty (60) days from date of such notice, then, and in such event, the State Aid Engineer may proceed to have done the necessary maintenance and repair work on such road and charge the same to any funds in the State Aid Road Fund in the State Treasury allocated to such county. If such failure to maintain continues, then such county shall be no longer eligible for state aid until proper maintenance is resumed by it, and notice of such withdrawal of state aid shall be duly given the State Treasurer; however, such ineligibility shall not affect payment from the State Aid Road Fund of progress or final estimates on contracts awarded prior to notice of such ineligibility, nor shall that ineligibility in any way affect the payment of principal and interest on state aid road bonds issued by any such county.

State aid roads which have been hard surfaced through the use of state aid funds or federal aid funds shall be eligible for state aid funds to provide one or more seal courses, as required. State aid roads in which the grading and drainage structures were constructed under state aid projects and which have been subsequently hard surfaced by the county through the use of county funds under the supervision of the county engineer shall likewise be eligible for state aid funds to provide one or more seal courses as required, provided that the hard surfacing and underlying base were constructed in accordance with the then prevailing state aid standards and specifications. The county shall furnish the State Aid Engineer with sufficient engineering data, including borings and tests, if necessary, to substantiate the required thickness and quality of the base and surfacing. The correction of base defects and pavement breaks may be made part of the plans and contract documents for each sealing project.

State aid roads which were constructed in accordance with the then prevailing state aid standards and specifications shall be eligible for state aid funds for maintenance, repair and reconstruction, subject to the prior written approval of such work by the State Aid Engineer and subject to the work being completed in accordance with the prior written approval.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Duty.

1. In general.

County was not immune from its duty to properly maintain, inspect, and perform such other duties as may be required by law, with respect to the bridge; pursuant to Miss. Code Ann. § 65-7-117 and Miss. Code Ann. § 65-9-25, the county was under the statutory duty to properly maintain and to inspect State Aid roads such as the bridge where the accident occurred. *Ladner v. Stone County*, 938 So. 2d 270, 2006 Miss. App. LEXIS 49 (Miss. Ct. App.), cert. denied, 937 So. 2d 450, 2006 Miss. LEXIS 542 (Miss. 2006).

In a family's suit following a car accident, summary judgment in favor of the department of transportation, the county, and the engineer was proper as the family

failed to produce sufficient evidence to establish that the last inspection by the department was negligently performed, or that the county or the engineer negligently inspected and maintained the culvert. *Jenkins v. Miss. DOT*, 904 So. 2d 1207, 2004 Miss. App. LEXIS 1050 (Miss. Ct. App. 2004).

2. Duty.

Since the State Aid defendants did not have a duty to repair or maintain the bridge where the accident occurred, the driver could not maintain a negligence action against them for breach of this duty; accordingly, the trial court was correct to dismiss the failure to maintain and negligent repair counts against the State Aid defendants. *Ladner v. Stone County*, 938 So. 2d 270, 2006 Miss. App. LEXIS 49 (Miss. Ct. App.), cert. denied, 937 So. 2d 450, 2006 Miss. LEXIS 542 (Miss. 2006).

§ 65-9-27. Forfeiture of state aid.

Whenever any county is ineligible for state aid under the provisions of this chapter for a continuous period of four (4) years, then such county shall forfeit and no longer be entitled to any part of the funds in the State Aid Road Fund theretofore allocated to it; and the balance of such funds so theretofore allocated to it shall be reallocated pro rata between all other eligible counties in the same relative proportions as those specified in any law providing state aid road funds.

§ 65-9-29. Allocation and matching of certain federal road construction funds.

(1) Federal aid secondary funds allocated to Mississippi and to be expended on the federal aid secondary system roads shall be expended as follows:

(a) Effective only upon the passage of an act of the Legislature providing state aid funds, federal aid secondary funds allocated to Mississippi and to be expended on the federal aid secondary system shall be divided between the Mississippi Department of Transportation and the several counties, so

that fifty percent (50%) will be matched by the Mississippi Department of Transportation and expended on the federal aid secondary system roads on the state highway system, and fifty percent (50%) matched by the counties with state aid funds and expended on the federal aid secondary roads of the state aid road system.

(b) Such division will be made upon allocation by the Administrator of the Federal Highway Administration after the Department of Transportation provides for the matching of the percent of such allotment as covered by federal act and available for financing in part the Mississippi Department of Transportation's Division of Highway Planning. The expenditure of all federal aid secondary funds shall be through and under the Department of Transportation, subject to and in accordance with all rules and regulations and applicable laws of the federal government.

(c) The amount of funds allocated to each county for use on State Aid System roads shall be apportioned among the counties of this state by the Mississippi Transportation Commission subject to and in accordance with applicable federal law, rules and regulations, and limited to such counties as recommended by the State Aid Engineer. The Mississippi Transportation Commission is authorized to finance from its own funds the preliminary surveys, engineering and plans for all work involving funds expended on federal aid secondary projects on the state aid road system, and the rights-of-way required for state aid system roads constructed with federal aid secondary funds shall be provided by the county receiving such aid from its funds other than state aid funds. The Mississippi Transportation Commission shall program federal aid secondary funds made available to the counties under this act on such projects and limited to such counties as recommended by the State Aid Engineer.

(2) Federal "safer off-system" funds, and/or any other available federal road funds, except the federal aid secondary funds hereinabove provided for separately, allocated to Mississippi and to be expended on county roads, but not on the designated state highway system, shall be expended as follows:

(a) Federal "safer off-system" funds and/or any such other available federal road funds shall be matched with available state aid funds and expended on such county roads.

(b) The expenditure of such federal "safer off-system" funds and all such other available federal road funds shall be through and under the Mississippi Department of Transportation, subject to, and in accordance with, all rules and regulations and applicable laws of the federal government.

(c) The amount of such federal "safer off-system" funds and/or all such other available federal road funds allocated to each county for use on such county roads shall be apportioned among the counties of this state by the Mississippi Transportation Commission in accordance with the formula in the manner provided in Section 65-9-3, Mississippi Code of 1972. The Mississippi Transportation Commission will program such federal "safer off-system" funds and all such other available federal road funds made available to the counties on such projects and limited to such counties as recommended by the State Aid Engineer.

(3) Federal aid off-system highway funds allocated to Mississippi, (except federal aid secondary funds and federal “safer off-system” funds provided for separately in subsections (1) and (2) of this section), including federal bridge replacement funds and other special grants made available for expenditure of county roads, shall be expended as follows:

(a) Federal aid off-system highway funds expended on state aid roads shall be matched with available state aid funds and/or other available local funds, or as otherwise provided in Section 65-1-70, Mississippi Code of 1972.

(b) Federal aid off-system highway funds available for expenditure on roads not on the state aid system and not eligible for inclusion on the state aid system shall be matched with available local funds, or as otherwise provided in Section 65-9-17 or Section 65-1-70, Mississippi Code of 1972.

(c) The expenditure of all federal off-system highway funds on county roads shall be programmed by the Mississippi Transportation Commission, subject to and in accordance with applicable federal law, rules and regulations, and limited to such county projects as recommended by the State Aid Engineer. The State Aid Engineer is authorized to assign state aid personnel to administer off-system construction projects and other special federal aid program requirements in the same manner and under the same provisions and conditions as other projects authorized under this chapter.

(1) The State Aid Engineer shall maintain an accurate record of all federal aid secondary funds, federal “safer off-system” funds, and all other available federal road funds allocated to the counties in accordance with the percentages set out in Section 65-9-3. He shall likewise maintain an accurate account of all state aid funds apportioned to the counties in accordance with the percentages and provisions set out in Section 27-65-75.

(2) The State Aid Engineer is hereby authorized to utilize state aid funds, and federal aid secondary funds allocated to the counties as provided for in accordance with Section 65-9-29, and federal “safer off-system” funds, and/or any other available federal road funds allocated to Mississippi and to be expended on county roads, and allocated to the counties as provided for in accordance with Section 65-9-29, in such amounts as he deems necessary for an orderly and effective programming of all funds available to the counties, including an interchange of one (1) type of funds for another type of funds when necessary; provided, however, that each county shall receive, not less than annually, its pro rata share of the combined funds so allocated; and further provided that the authority of the county boards of supervisors to otherwise adopt construction programs is in no way circumvented.

§ 65-11-1. Title.

Sections 65-11-1 through 65-11-37 shall be known as the "County Highway Aid Law of 1946."

HISTORY: Codes, 1942, § 8328-01; Laws, 1946, ch. 187, § 1.

Editor's Notes — The Federal Aid Highway Act of 1944, referenced throughout this chapter, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Cross References — Duty of the State Transportation Commission to have the State Department of Transportation carry out contracts and agreements under the County Highway Aid Law of 1946, see § 65-1-59.

§ 65-11-3. Definitions for County Highway Aid Law.

When used in Sections 65-11-1 through 65-11-37, unless the context indicates otherwise:

(a) The term “construction” means the supervising, inspection, actual building, and all expenses incidental to the construction or reconstruction of a highway, including locating, surveying, mapping, costs of right of way, and elimination of hazards of railway grade crossings.

(b) The term “county highways” shall include all county roads now under the jurisdiction of or being maintained by the board of supervisors of any county, not including roads on the state maintained highway system, but including streets inside municipalities or urban areas of less than five thousand inhabitants according to the latest available federal census, and specifically including all “secondary and feeder roads” as defined by the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626].

HISTORY: Codes, 1942, § 8328-02; Laws, 1946, ch. 187, § 2.

Editor’s Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

§ 65-11-5. Purpose of County Highway Aid Law.

It being recognized that county highways generally have deteriorated to a considerable extent during the past several years, and it being further recognized that the selection, construction, and improvement of a system of all-weather rural secondary, feeder, or farm-to-market roads is a matter of primary state-wide concern, it is hereby declared to be the purpose of Sections 65-11-1 through 65-11-37 to provide for a more comprehensive rural-road program through cooperation between the federal government, the state highway commission of Mississippi, and the county boards of supervisors; and it is further the purpose and intent of said sections to provide a means, manner, and funds whereby the counties of this state will be enabled to participate in the federal aid program, and will be enabled to participate in and avail themselves of the funds apportioned to the State of Mississippi for the construction and improvement of secondary and feeder roads, including farm-to-market roads, rural mail routes, and public school bus routes, under the terms of the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626]. It is hereby declared to be the intent and purpose of the cited sections that, insofar as permissible under federal laws, rules, and regulations, not less than fifty per cent (50%) of the funds apportioned to Mississippi for secondary and feeder roads under the terms of subsection (b), section 3, of the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626] should be expended for the construction and improvement of county highways as defined in said sections.

HISTORY: Codes, 1942, § 8328-03; Laws, 1946, ch. 187, § 3.

Editor’s Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-7. County federal aid highway system.

There is hereby created a system of county federal aid highways, for the purposes of Sections 65-11-1 through 65-11-37, and the county highways which shall comprise and constitute such system shall be selected jointly by the boards of supervisors of the various counties and the State Highway Commission of Mississippi, as same may be supplemented from time to time. Projects for the construction and improvement of such county highways shall likewise be selected jointly by the several boards of supervisors and the State Highway Commission, provided however, that in all cases where such system and projects thereon have been heretofore selected and agreed upon by the several boards of supervisors and the State Highway Commission as required by the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626], the highways thereby selected shall constitute the roads in the affected counties which shall be a part of the county federal aid highway system, and such selections and agreements are hereby ratified and approved.

HISTORY: Codes, 1942, § 8328-04; Laws, 1946, ch. 187, § 4.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Cross References — Allocation of federal-aid secondary funds, see § 65-9-29.

§ 65-11-9. Apportionment of federal funds.

The State Highway Commission shall determine what proportion of the funds allotted to the State of Mississippi for the improvement of secondary and feeder roads under subsection (b), Section 3, of the Federal Aid Highway Act of 1944 [53 U. S. Stat. 838, ch. 626], shall be expended upon the improvement of highways on the county federal aid highway system; however, not less than fifty percent (50%) of the amount so apportioned to Mississippi under said act shall be apportioned for expenditure among the counties for the improvement of roads on the county federal aid highway system; if the amount apportioned by the state to the state highway fund to carry out the purposes of Sections 65-11-1 through 65-11-37 should be less than fifty percent (50%) of the amount apportioned to Mississippi for secondary and feeder roads under said act, then the amount of federal funds apportioned to the counties for the improvement of roads on the county federal aid highway system may be less than fifty percent (50%) of such federal funds, but shall not be less than the amount of such state appropriation.

HISTORY: Codes, 1942, § 8328-05; Laws, 1946, ch. 187, § 5.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For

present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Cross References — Powers and duties of the Mississippi Transportation Commission, generally, see § 65-1-8.

§ 65-11-11. Allocation of funds to counties.

The amount of federal funds made available to the State of Mississippi for secondary and feeder roads under the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626] which is allotted to the counties as provided in Section 65-11-9, shall be apportioned among the counties of this state by the State Highway Commission in the following manner: one third in the ratio which the area of each county bears to the total area of the state; one third in the ratio which the rural population of each county bears to the total rural population of the state, as shown by the federal census of 1940; and one third in the ratio which the mileage of rural delivery and star routes in each county bears to the total mileage of rural delivery and star routes in the state. The amount of federal funds so apportioned to each county shall be matched by state funds apportioned to the State Highway Fund to carry out the purposes of Sections 65-11-1 through 65-11-37 as hereinafter provided; in the event the amount so appropriated for such State Highway Fund is insufficient to entirely match the federal funds allotted to county highways, then the amount of such fund shall be apportioned among the counties in the same manner as herein provided. "Rural population" and "rural delivery" routes as used in this section shall have the same meaning ascribed to them in the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626].

HISTORY: Codes, 1942, § 8328-06; Laws, 1946, ch. 187, § 6.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-13. Order of projects.

The projects upon such county federal aid highway system shall be selected jointly by the several boards of supervisors and the State Highway Commission in conformity with the applicable laws, rules, and regulations of the federal government and the public roads administration, of the federal works agency, or any other authorized agency of the federal government. The order of the construction and completion of such projects shall likewise be determined jointly by the several boards of supervisors and the State Highway Commission in conformity with such laws, rules, and regulations; the State Highway Commission shall first call upon the several boards of supervisors to

select and recommend a series of projects in the respective counties in the order in which, in the opinion of the board or a majority thereof, the projects should be constructed. Such selections and recommendations shall be examined and analyzed by the State Highway Commission and, if found to be proper and correct based on the relative use and importance of such roads, shall be approved by the State Highway Commission.

HISTORY: Codes, 1942, § 8328-07; Laws, 1946, ch. 187, § 7.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-15. Counties notified of amounts available.

The State Highway Commission shall notify the board of supervisors of each county of the amount of money to be available for expenditure in such county from said federal apportionment, and of the amount of money available from the appropriation made to the State Highway Fund as the state's share of the federal aid program on secondary and feeder roads. Within three months after the receipt of such notice, the board of supervisors of each county shall submit to the State Highway Commission a description of the recommended projects on county highways in such county which are approved by the county and recommended for selection and designation for participation in federal aid under the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626]. In the selection of such projects and in the recommendation of the order of their improvement, the boards of supervisors shall select projects which will be of the greatest benefit to the county as a whole, judged from the standpoint of relative use and importance, without regard to district or beat lines, insofar as same is consistent with the rules and regulations of the public roads administration of the federal works agency. All such projects and the order of their inauguration shall be subject to the approval of the State Highway Commission as provided in Section 65-11-13.

HISTORY: Codes, 1942, § 8328-08; Laws, 1946, ch. 187, § 8.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-17. Contracts and agreements.

The board of supervisors of the several counties and the State Highway Commission are hereby authorized and directed to enter into such contracts and cooperative agreements with each other and with any appropriate federal agency that may be necessary to carry out the purposes of Sections 65-11-1

through 65-11-37 and that may be necessary to enable the state and counties to participate in and avail themselves of any funds apportioned to the state under the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626]. The boards of supervisors and the State Highway Commission are further authorized and directed to do any and all other things that may be necessary to carry out the purposes of said sections, within their respective jurisdictions. It is hereby expressly declared that nothing contained in the cited sections shall be deemed to convert any highway into a state highway or to place same on the state highway system unless and until such highway is placed on the state system in the manner prescribed by law; nor shall any action or step taken under the provisions of such sections (including the improvement or construction of any county highway) convert any highway into a state highway.

HISTORY: Codes, 1942, § 8328-09; Laws, 1946, ch. 187, § 9.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Cross References — Letting of contracts, see § 65-11-23.

§ 65-11-19. Proposed projects submitted by Highway Commission.

After the selection and determination of the projects in the manner prescribed in Sections 65-11-1 through 65-11-37, the State Highway Commission shall prepare and submit to the commissioner of public roads of the public roads administration for approval detailed programs of such proposed projects for the utilization of any apportionment of funds made to the state under the provisions of subsection (b) of Section 3 of the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626], same to be done in the manner and in the form required by the applicable federal laws, rules, and regulations.

HISTORY: Codes, 1942, § 8328-10; Laws, 1946, ch. 187, § 10.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-21. Surveys, plans, specifications, engineering.

The State Highway Commission is hereby authorized and directed to prepare all necessary surveys, plans, specifications, and estimates for all projects upon county highways, to furnish engineering and technical assistance for the preparation of such surveys, plans, specifications, and estimates,

and to supervise the construction of all projects upon county highways under the provisions of Sections 65-11-1 through 65-11-37; the cost and expense of such surveys, plans, specifications, estimates, and the supervision of projects shall be paid from the federal aid or state appropriated funds allocated for such project, or from any other funds that the county might have available for such purpose.

HISTORY: Codes, 1942, § 8328-11; Laws, 1946, ch. 187, § 11.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-23. Letting of contracts for county federal aid highway system.

All contracts for the construction of projects under the terms and provisions of Sections 65-11-1 through 65-11-37 shall be let and awarded by the state highway commission in the manner and method now provided by law for the awarding of contracts for the improvement and construction of highways on the state highway system; and the cost and expense of the letting of such contracts shall be paid from the federal aid or state appropriated funds allocated for such project, or from any other funds that the county might have available for such purpose.

HISTORY: Codes, 1942, § 8328-12; Laws, 1946, ch. 187, § 12.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Cross References — Awarding of contracts by Mississippi Transportation Commission, see § 65-1-85.

§ 65-11-25. Counties authorized to expend additional funds.

If the amount apportioned to any county from federal aid funds for the purposes mentioned above shall exceed the amount made available to such county from state appropriated funds, then the board of supervisors of such county is hereby authorized and empowered, in its discretion, to use and expend any county road and bridge funds, or any funds available in the general fund of such county, to increase or enlarge the county highway construction program in such county and to match any federal aid funds not matched by state appropriated funds. All such additional funds shall be remitted and turned over by the board of supervisors to the State Treasurer to be deposited in the state highway fund and to be used exclusively in said county on projects on county highways approved by the board of supervisors, the State Highway Commission, and the public roads administration, it being the intention of this section to authorize and empower the board of supervisors of any county to

supplement the funds provided for the construction or improvement of projects on secondary or feeder roads in said county out of any funds which the county might have available at the time. For the purpose of providing such supplemental or additional funds, the board of supervisors of any county is hereby authorized and empowered, in its discretion, to issue the road or road and bridge bonds of such county in any lawful amount, said bonds to be issued in all respects in the manner and method, and subject to the restrictions and conditions, now provided by law for the issuance of county road or road and bridge bonds, and shall be payable from the same sources of revenue.

HISTORY: Codes, 1942, § 8328-13; Laws, 1946, ch. 187, § 13.

Editor's Notes — Section 65-1-1 provides that whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-27. Refusal or failure of county to comply with law.

If the board of supervisors of any county notify the State Highway Commission that it refuses to accept the benefits of Sections 65-11-1 through 65-11-37 on the terms and conditions specified therein and in the federal laws, rules, and regulations, or if any county shall fail to submit a description of recommended projects as required by Section 65-11-15, the amount of the appropriation made by the state for the purposes hereof and the amount available from federal aid funds which has been apportioned to such county may be expended in the discretion of the State Highway Commission on any other highway, state or county, on the approved system of secondary and feeder roads within or without such county; however, the Highway Commission may grant an additional three months for the filing of the description of projects, provided such extension shall not cause a lapse of federal aid funds apportioned to this state by reason of the expiration of a federal fiscal year.

HISTORY: Codes, 1942, § 8328-14; Laws, 1946, ch. 187, § 14.

Editor's Notes — Section 65-1-1 provides that whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-11-29. Moneys may be expended on state highways.

Any county may, by resolution of its board of supervisors, request that all or any portion of the moneys available for expenditure in such county from federal aid and state appropriated funds be expended on any state highway in such county which is on the approved system of secondary and feeder roads. In that event, the State Highway Commission may expend such money on such state highway in accordance with the provisions of the Federal Aid Highway Act of 1944 [58 U. S. Stat. 838, ch. 626] and the rules and regulations

promulgated pursuant thereto, notwithstanding any provision of Sections 65-11-1 through 65-11-37 to the contrary.

§ 65-11-39. Definitions for rural road and bridge construction program.

When used in Sections 65-11-39 through 65-11-59, unless the context indicates otherwise:

(a) The term "construction" shall mean the supervising, inspection, actual building, and all expenses incidental to the construction or reconstruction of a road or bridge, including locating, surveying, mapping, cost of right of way, and elimination of the hazards of railway grade crossings.

(b) The term "county roads" shall mean all county roads now under the jurisdiction of, or being maintained by, the board of supervisors of any county.

(c) The term "board of supervisors" shall mean the board of supervisors of each county in the State of Mississippi.

HISTORY: Codes, 1942, § 8328-21; Laws, 1946, ch. 219, § 1.

OPINIONS OF THE ATTORNEY GENERAL

The opinion Spencer, April 5, 1996, AG Op.96-0154, is no longer applicable to the question of reduction of a charge of DUI due to the amendment of Section 63-11-39. Sorrell, Nov. 10, 2006, A.G. Op. 06-0568.

§ 65-11-41. Purpose of rural road and bridge construction program.

It being recognized that county roads and bridges of the various counties of the state have deteriorated to a considerable extent during the past several years, and it being further recognized that the selection, construction, and improvement of a system of all-weather county roads and bridges is a matter of primary state-wide concern, it is hereby declared to be the purpose of Sections 65-11-39 through 65-11-59 to provide for a county rural road and bridge construction program in addition and supplemental to that provided by cooperation with the Federal Highway Act of 1944, in addition to that provided by Sections 65-11-1 through 65-11-37.

HISTORY: Codes, 1942, § 8328-22; Laws, 1946, ch. 219, § 2.

Editor's Notes — The Federal Aid Highway Act of 1944, referred to in this section, was repealed by Act of August 27, 1958, 72 Stat. 885, 919, Pub. L. 85-767, § 2(28). For present provisions relating to federal aid highways, see 23 U.S.C.S. §§ 101 et seq.

JUDICIAL DECISIONS

1. In general.

The primary purpose of this section is the repair and improvement of roads and bridges of the county and not to purchase machinery from the counties. *Craig v. Wheat*, 212 Miss. 258, 54 So. 2d 383, 1951 Miss. LEXIS 448 (Miss. 1951).

The supervisors are expressly autho-

rized and empowered to construct, repair and improve the roads and in the absence of some express prohibition, the statute logically confers authority and power to do all incidental acts necessary to accomplish the ultimate objects. *Craig v. Wheat*, 212 Miss. 258, 54 So. 2d 383, 1951 Miss. LEXIS 448 (Miss. 1951).

§ 65-11-43. Apportionment of funds between counties.

The funds hereinafter appropriated for the purpose of Sections 65-11-39 through 65-11-59 shall be paid by the State Treasurer out of any money in the state treasury not otherwise appropriated on warrants issued by the State Auditor of Public Accounts, and the said auditor shall issue his warrants upon requisition signed by the chancery clerk of each county for the sum appropriated such county. Each county shall receive nine one-thousandths (.009) of the total appropriation made to carry out the provisions of said sections, and the balance of said appropriation shall be apportioned by the state auditor among all the counties according to the following formula: one third in the ratio which the area of each county bears to the total area of the state; one third in the ratio

which the rural population of each county bears to the total rural population of the state, as shown by the federal census of 1940; and one third in the ratio which the mileage of rural delivery and star routes in each county bears to the total mileage of rural delivery and star routes in the state.

HISTORY: Codes, 1942, § 8328-23; Laws, 1946, ch. 219, § 3.

Editor's Notes — Section 7-7-2 provides that the words "State Auditor of Public Accounts," "State Auditor," and "Auditor" appearing in the laws of this state in connection with the performance of Auditor's functions shall mean the State Fiscal Officer.

Section 27-104-6 provides that whenever the term "State Fiscal Officer" appears in any law it shall mean "Executive Director of the Department of Finance and Administration."

§ 65-11-45. Amounts available.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The State Fiscal Management Board shall notify the board of supervisors of each county of the amount of money to be available for expenditure in such county from any appropriation made by the state for the purpose of Sections 65-11-39 through 65-11-59. The board of supervisors, upon the receipt of such notice, shall divide the amount available for such county among the five (5) supervisors districts. All funds which may be appropriated for the purpose of said sections shall be expended for materials and labor in construction and improvement of county roads and bridges selected by the board of supervisors of each county. However, the board of supervisors shall first select for construction and reconstruction all school bus routes and, next, rural mail routes.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

The State Fiscal Management Board shall notify the board of supervisors of each county of the amount of money to be available for expenditure in such county from any appropriation made by the state for the purpose of Sections 65-11-39 through 65-11-59. The board of supervisors, upon the receipt of such notice, shall deposit the amount available for such county into the county road and bridge fund. All funds which may be appropriated for the purpose of said sections shall be expended for materials and labor in construction and improvement of county roads and bridges selected by the board of supervisors of each county. However, the board of supervisors shall first select for construction and reconstruction all school bus routes and, next, rural mail routes.

Editor's Notes — Section 7-7-2 provides that the words "State Auditor of Public Accounts," "State Auditor," and "Auditor" appearing in the laws of this state in connection with the performance of Auditor's functions shall mean the State Fiscal Officer.

Section 27-104-1 provides that the term "Fiscal Management Board" shall mean the "Department of Finance and Administration."

Section 27-104-6 provides that whenever the term "State Fiscal Officer" appears in any law it shall mean "Executive Director of the Department of Finance and Administration."

§ 65-11-47. Selection of roads and bridges.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The board of supervisors of each county, at its next regular or special meeting after receipt of notice of the amount of money apportioned such county, shall spread upon the minutes of such meeting the roads and bridges selected by it to be constructed or improved in its respective district or beat. In the selection of such projects the boards of supervisors shall select roads and bridges which will be of the greatest benefit to the district or beat as a whole, judged from the standpoint of relative use and importance. However, if the board of supervisors selects a portion of the federal aid farm-to-market system, as set up in Sections 65-11-1 through 65-11-37, then the road shall be built up to the specifications for the federal aid farm-to-market system, and the funds made available under Sections 65-11-39 through 65-11-59 shall be expended under the provisions of the former sections. No reference is intended to any order of the board of supervisors heretofore made with reference to farm-to-market roads in the respective counties.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

The board of supervisors of each county, at its next regular or special meeting after receipt of notice of the amount of money apportioned such county, shall spread upon the minutes of such meeting the roads and bridges selected by it to be constructed or improved. In the selection of such projects the boards of supervisors shall select roads and bridges which will be of the greatest benefit to the county as a whole, judged from the standpoint of relative use and importance. However, if the board of supervisors selects a portion of the federal aid farm-to-market system, as set up in Sections 65-11-1 through 65-11-37, then the road shall be built up to the specifications for the federal aid farm-to-market system, and the funds made available under Sections 65-11-39 through 65-11-59 shall be expended under the provisions of the former sections. No reference is intended to any order of the board of supervisors heretofore made with reference to farm-to-market roads in the respective counties.

§ 65-11-49. Engineer to supervise construction.

The board of supervisors of counties who do not have an engineer employed are hereby authorized and empowered to employ a competent engineer to prepare all necessary surveys, plans, and specifications and to supervise the construction and repairing of roads and bridges in their respective counties. The salary of same shall be paid from the common fund of said county.

§ 65-11-51. Letting of contracts for rural road and bridge construction.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

All contracts for the construction of projects under the terms and provisions of Sections 65-11-39 through 65-11-59 shall be let and awarded by the board of supervisors in the manner and method now provided by law for the awarding of contracts for the improvement and construction of county roads and bridges. The cost and expense of the letting of such contracts shall be paid by the county, or from any funds provided for such purpose. In counties having sufficient equipment and labor, the boards of supervisors may build the roads and bridges in their respective districts or beats without the letting of contracts, and may pay for labor and material therefor out of any funds appropriated by the Legislature or otherwise made available to carry out the provisions of the aforesaid sections.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

All contracts for the construction of projects under the terms and provisions of Sections 65-11-39 through 65-11-59 shall be let and awarded by the board of supervisors in the manner and method now provided by law for the awarding of contracts for the improvement and construction of county roads and bridges. The cost and expense of the letting of such contracts shall be paid by the county, or from any funds provided for such purpose. In counties having sufficient equipment and labor, the boards of supervisors may build the roads and bridges without the letting of contracts, and may pay for labor and material therefor out of any funds appropriated by the Legislature or otherwise made available to carry out the provisions of the aforesaid sections.

JUDICIAL DECISIONS

1. In general.

Where payments of accounts are not applied to an illegal object but to an object authorized by law, no personal liability exists against the supervisors and their surety even though they did not comply

with the statutory requirement as to the matter of letting the contract for the purchase of gravel. *Craig v. Wheat*, 212 Miss. 258, 54 So. 2d 383, 1951 Miss. LEXIS 448 (Miss. 1951).

§ 65-11-53. Authority to expend any available funds.

The boards of supervisors of the several counties are hereby authorized and empowered, in their discretion, to use and expend any county road or bridge funds available to supplement and to be used in conjunction with state appropriated funds in the construction of roads and bridges and to secure necessary rights of way.

HISTORY: Codes, 1942, § 8328-28; Laws, 1946, ch. 219, § 8.

§ 65-11-55. Funds may be used for state highways.

Any county may, by resolution of its board of supervisors, request that all or any portion of the moneys available for expenditure in such county be expended on any secondary highway in such county or on the state highway system, as may be agreed upon by the board of supervisors of such county and the state highway department.

HISTORY: Codes, 1942, § 8328-29; Laws, 1946, ch. 219, § 9.

§ 65-11-57. Rules and regulations.

The board of supervisors is hereby authorized and empowered to adopt and promulgate all necessary rules and regulations to carry out the provisions and purposes of Sections 65-11-39 through 65-11-59.

HISTORY: Codes, 1942, § 8328-30; Laws, 1946, ch. 219, § 10.

§ 65-11-59. Limitation on expenditures.

The board of supervisors shall not expend any of said funds for machinery or other equipment or tools.

HISTORY: Codes, 1942, § 8328-31; Laws, 1946, ch. 219, § 11.

JUDICIAL DECISIONS

1. In general.

The supervisors had the power to pay

for the hire of drag lines, trucks, etc., as shown by the accounts presented by the

contractor to the supervisors, although the clerk was mistaken in his request that they be broken down rather than made out for the purchase price of gravel placed on the roads. *Craig v. Wheat*, 212 Miss. 258, 54 So. 2d 383, 1951 Miss. LEXIS 448 (Miss. 1951).

This section, which prohibits the board of supervisors from expending any funds for machinery or other equipment or tools, applies only to using the funds in the outright purchase of these articles. *Craig v. Wheat*, 212 Miss. 258, 54 So. 2d 383, 1951 Miss. LEXIS 448 (Miss. 1951).

FARM-TO-MARKET PROJECTS

Sec.
65-11-61. Repair of roadbed, surfacing, and bridges damaged by floods.

§ 65-11-61. Repair of roadbed, surfacing, and bridges damaged by floods.

The purpose of this section is to authorize the Highway Commission to repair roadbed, surfacing, and bridges being constructed as farm-to-market projects under the provisions of the County Highway Aid Law of 1946, Sections 65-11-1 through 65-11-37. Said roadbed, surfacing, and bridges having been damaged by excessive floods before final acceptance of the projects and no provision being made by law for their repair, this section is intended as supplemental to said 1946 law.

The Mississippi State Highway Commission is authorized, in its discretion, to repair any roadbeds which have been damaged by floods on roads built under the provisions of the cited sections, out of any monies on hand from the appropriation to carry out the provisions of said sections to the credit of the county in which said road is situated.

HISTORY: Codes, 1942, § 8328-32; Laws, 1950, ch. 390, §§ 1, 2.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

This chapter shall be known as the "Highway and Street Revenue Bond Authority Law."

HISTORY: Codes, 1942, § 8368-02; Laws, 1966, ch. 603, § 2, eff from and after passage (approved June 17, 1966).

Cross References — Municipal bonds for highway purposes, see §§ 21-33-301 et seq.

§ 65-13-3. Purpose.

The purpose of this chapter is to provide for the construction, operation, and maintenance of highways, streets, culverts, and bridges in order to furnish access from interstate, primary, or secondary highways to reservoirs, parks, residential or industrial areas, and similar facilities and to provide a method for the financing thereof.

HISTORY: Codes, 1942, § 8368-01; Laws, 1966, ch. 603, § 1, eff from and after passage (approved June 17, 1966).

§ 65-13-5. Legislative determination.

It is hereby declared, as a matter of legislative determination, that the construction, operation, and maintenance of highways and streets to serve areas of high traffic density will promote the economic development of the state.

HISTORY: Codes, 1942, § 8368-03; Laws, 1966, ch. 603, § 3, eff from and after passage (approved June 17, 1966).

§ 65-13-7. Definitions.

Whenever used in this chapter, unless a different meaning clearly appears in the context, the following terms, whether used in the singular or plural, shall be given the following respective definitions:

(a) "Highway and street revenue bond authority" or "authority" means an instrumentality through which certain municipalities intend to accomplish the purposes of this chapter.

(b) "Trustee" shall refer to the board of trustees of the highway and street revenue bond authority created by this chapter.

(c) "Governing body" shall refer to the board of supervisors of a county, mayor and board of aldermen of towns and cities, directors of districts, commissioners and other governing bodies of any municipal government or agency located in the State of Mississippi.

(d) "Highways and streets" shall be deemed to include roadways, pavements, culverts, bridges, driveways, and also all property, rights, easements, and franchises relating thereto and deemed necessary or convenient for the operation thereof.

(e) The term "cost" shall include the cost of all construction, maintenance, and operation of facilities constructed; and shall embrace the cost of all land, property, rights, easements, and franchises acquired, which are deemed necessary for such construction; financing charges; interest prior to and during construction and for eighteen months after acceptance of the completed work by the highway and street revenue bond authority; cost of traffic estimates, engineering and legal expenses, plans, specifications, surveys, estimates of cost and of revenues, other expenses necessary or incident to determining the feasibility or practicability of the enterprise; administrative expense; and such other expenses as may be necessary or incident to the financing herein authorized and the construction and the placing of the completed facility in operation.

(f) "Develop" shall refer to the initiation, creation, studying, planning, purchasing, financing, constructing, building, surveying, platting, and otherwise bringing into being facilities planned and designed to serve the purposes of this chapter.

(g) "Project" shall mean any section, part, phase, or other subdivision of the total work involved in the construction of highways and streets as outlined in this chapter.

(h) "Sealed bid procedure" shall refer to the procedure designated under Section 31-19-25 Mississippi Code of 1972, wherein the governing authority advertises for the sale of bonds, and as supplemented herein.

(i) "Revenues" shall mean all charges, rentals, tolls, rates, gifts, grants, moneys, volunteer assessments, and all other funds coming into the possession of the authority by virtue of the provisions of this chapter, except the proceeds from the sale of bonds issued hereunder. "Net revenues" shall mean the revenues after payment of costs and expenses of operation and maintenance of the project and related facilities.

HISTORY: Codes, 1942, §§ 8368-04, 8368-16; Laws, 1966, ch. 603, §§ 4, 16, eff from and after passage (approved June 17, 1966).

§ 65-13-9. Certain governmental bodies empowered to create or join authority.

Any county which embraces more than five miles of the shoreline of any existing reservoir, the construction of which was financed by revenue bonds, and any town, city, or supervisors district within such county, and any agency of the state or state department is hereby authorized and empowered separately or jointly to create or join a highway and street revenue bond authority as outlined in Section 65-13-11.

HISTORY: Codes, 1942, § 8368-05; Laws, 1966, ch. 603, § 5, eff from and after passage (approved June 17, 1966).

§ 65-13-11. Petition for creation of authority.

A petition for the creation of a highway and street revenue bond authority may be submitted to the board of supervisors of the county in which the project or projects authorized by this chapter are to be developed. Such petition shall be signed by not less than twenty qualified electors residing within the county of the board to which the petition is submitted. Such petition shall include (1) a statement of the necessity for the service or services to be supplied by the proposed highway and street revenue bond authority, (2) the services to be provided by the authority, and (3) the limits of the facility to be constructed by the authority. Such petition shall be signed in person by the petitioners, with their respective residence addresses, and shall be accompanied by a sworn statement of the person or persons circulating the petition, who shall state under oath that he or they witnessed the signature of each petitioner, that each signature is the signature of the person it purports to be, and that, to the best of his or their knowledge, each petitioner was at the time of signing a resident of the county.

HISTORY: Codes, 1942, § 8368-06; Laws, 1966, ch. 603, § 6, eff from and after passage (approved June 17, 1966).

§ 65-13-13. Notice of public hearing on petition.

Upon the filing of a petition with the board of supervisors as outlined above, it shall be the duty of said board to fix a time and place for a public hearing upon the question of the public convenience and necessity for the creation of the proposed authority. The date fixed for such hearing shall be not more than thirty days after the filing of the petition, and the date of the hearing, the place at which it shall be held, and the purpose of the hearing shall be set forth in a notice to be signed by the clerk of the board of said county. Said notice shall be published in a newspaper having general circulation within such county once a week for at least three consecutive weeks prior to the date of such hearing. The first such publication shall be made not less than twenty-one days prior to the date of such hearing, and the last such publication shall be made not more than seven days prior to the date of such hearing.

§ 65-13-19. Protest petition and election.

If ten percent (10%) of the qualified electors residing in the supervisors district, or supervisors districts if the facility to be developed is located in more than one supervisors district, file a written petition with said boards of supervisors on or before the date specified aforesaid, protesting against the creation of the authority, the board shall call an election on the question of the creation of the authority. Such election shall be held and conducted by the election commissioners of the county as nearly as may be in accordance with the general laws governing elections. Such election commissioners shall determine which of the qualified electors of such county reside within said supervisors district, or districts, and only such qualified electors as reside within said supervisors district, or districts, shall be entitled to vote in such election. Notice of such election, setting forth the time, place or places, and purpose of such election shall be published by the clerk of the board of supervisors; and such notice shall be published for the time and manner provided for the publication of the aforesaid resolution of intention. The ballots to be prepared and used at said election shall be in substantially the following form:

For creation of the highway and street revenue bond authority ()
 Against creation of the highway and street revenue bond authority .. ()
 and voters shall vote by placing a cross mark (X) or a check mark (✓)
 opposite their choice.

If no petition requiring an election be filed or if a majority of those voting at an election hereunder votes in favor of the creation of the authority, the board of supervisors shall adopt a resolution creating the authority as described in the aforesaid resolution of intention.

 Appeals to circuit court, see § 65-13-23.

§ 65-13-21. Costs.

All costs incident to the publication of the aforesaid notices and all other costs incident to the public hearing and election hereunder shall be borne by the parties filing the petition; and the board or boards of supervisors, in its or their discretion, may require the execution by the parties filing the petition of a cost bond in an amount and with good sureties to guarantee the payment of such costs. However, the board of supervisors may, in its discretion, pay the costs of the hearing and election, or such portion as it deems proper, if it considers the proposal to be of sufficient public interest.

HISTORY: Codes, 1942, § 8368-10; Laws, 1966, ch. 603, § 10, eff from and after passage (approved June 17, 1966).

§ 65-13-23. Appeals to circuit court.

Any party having an interest in the subject matter and aggrieved or prejudiced by the findings and adjudication of the board of supervisors may appeal to the circuit court of his or her respective county in the manner provided by law for appeals from orders of the board of supervisors; if no such appeal be taken within a period of fifteen days from and after the date of the adoption of the resolution creating the authority, the creation of the highway and street revenue bond authority shall be final and conclusive and shall not thereafter be subject to attack in any court.

HISTORY: Codes, 1942, § 8368-11; Laws, 1966, ch. 603, § 11, eff from and after passage (approved June 17, 1966).

§ 65-13-25. Board of trustees.

All powers of the highway and street revenue bond authority shall be exercised by a board of trustees, to be composed as follows:

(a) Two members of the board of trustees shall be appointed by the board of supervisors. These two members shall be qualified electors who reside within the supervisors district in which the facility is located.

(b) One member of the board of trustees shall be appointed by the board of supervisors and shall be a qualified elector not a resident of the supervisors district in which is located the proposed facility.

(c) Any municipality joining the authority, either during organization or afterwards, shall appoint two members of the board of trustees who shall be qualified electors in the municipality appointing them.

(d) One of the members of the board of trustees appointed under (a) above and one of the members of the board of trustees appointed under (c) above shall be appointed for an initial term of five years, but all other appointments shall be for a term of four years, or until appropriate successors in office have been appointed and have accepted appointment.

(e) At any time the membership of a board of trustees composed as outlined herein is of an equal number, the trustees themselves shall select, from any part of the county, one member at large who shall have all the rights and privileges as any other member and who shall serve for a period of four years.

(f) Members of the board of trustees of the authority may succeed themselves.

(g) No member shall be appointed by the board of supervisors who is not a qualified elector and bona fide resident of the county.

§ 65-13-31. Powers of the authority.

The highway and street revenue bond authority, through its trustees, is hereby empowered:

(a) To develop one or more projects under the authority provided by this chapter.

(b) To construct and maintain highways and streets, including roadways, drainageways, bases, pavements, culverts, bridges, driveways, turn-outs, ramps, overpasses, underpasses, intersections, and all other facilities necessary to provide for safe and convenient use by automotive and truck traffic.

(c) To acquire and develop land or any interest in land or property; acquire, construct, improve, install, reconstruct, cause to be constructed, extend, expand, maintain, use, operate all facilities of any kind necessary or convenient for the purposes of this chapter.

(d) To make or cause to be made or to cooperate in making engineering surveys, feasibility studies, and cost-benefit estimates relating to the works contemplated by this chapter.

(e) To employ engineers, attorneys, and all agents and employees necessary to the exercising of the powers, rights, privileges, or functions conferred upon the authority by this chapter, and to properly finance, construct, operate, and maintain the project and the services it renders, and to pay reasonable compensation for such services.

(f) To acquire by condemnation easements for traffic thoroughfares or utility rights of way, subject to the specific recommendation and approval of the board of supervisors; but for no other purpose shall the right of condemnation be allowed.

(g) To apply for and accept government grants and loans, whether federal, state, or local, when such are available; to borrow from other federal, state and municipal agencies and from private persons or groups, including corporations.

(h) To make contracts and to execute instruments necessary to the exercise of the powers, rights, privileges, and functions conferred upon the authority by this chapter.

(i) To enter into contracts and agreements with any federal agencies, public agencies, or political subdivisions of any kind, including municipalities, corporations, districts, or others for any financing, construction, operation, or maintenance requirements.

(j) To fix and to revise from time to time tolls and other charges for transit over, or use of, the facility, and to charge and collect same; and to contract with any person, partnership, corporation, or association desiring to use its properties for any purpose to fix the terms, conditions, rates, and charges for such use. Such tolls shall be so fixed and adjusted, in respect of the aggregate of tolls from the project for which a single issue of bonds is issued, as to provide a fund sufficient with other revenues of the project, if any, to pay (1) the cost of maintaining, repairing, operating such project and collecting tolls, and (2) the bonds and the interest thereon as the same become due. Such tolls shall not be subject to supervision or regulation by any state commission, board, bureau or agency, except such bureau or agency that might participate in the financing of the cost of any such project.

(k) To designate the locations, and establish, limit, and control such points of ingress to and egress from each project as may be necessary or desirable in the judgment of the authority to insure the proper operation and maintenance of such project, and to prohibit entrance to such project from any point or points not so designated.

(l) To construct highway and railroad crossings at grade or by means of grade separation structures.

(m) To sue and be sued in its corporate name.

(n) To adopt, use, and alter a corporate seal.

(o) To make bylaws for the management and regulation of its affairs.

(p) To employ a general manager, who shall, at the discretion of the board of trustees, have the power to employ and discharge employees.

§ 65-13-33. Authority to issue bonds.

The highway and street revenue bond authority, through its board of

trustees and subject to the approval of the board of supervisors and the governing body of any other municipality joining the authority, either at the time of its creation or afterward, is further empowered to finance all cost in connection with the work authorized in this chapter by the issuance of revenue bonds. Such bonds shall be issued at such times and in such amounts as shall be provided by resolution of the board of trustees and approved by the board of supervisors of the county and the governing body of other municipalities, agencies or departments involved in the payment of cost.

The board of trustees is further authorized to make such contracts, within the authority of this chapter, in the issuance of bonds as may be necessary to insure the marketability thereof. All bonds sold to any person or persons other than agencies of the county, state, or federal government will be sold by the sealed bid procedure, and the bonds will be sold and delivered to the parties proposing the lowest overall average interest cost.

Cross References — Additional powers conferred in connection with issuance of bonds, see §§ 31-21-5 and 65-13-37.

§ 65-13-35. Security for bonds.

All such bonds issued by the authority shall be secured solely by pledge of the net revenues which may now or hereafter come to the authority. Such bonds shall not constitute general obligations of the State of Mississippi or of the county supervisors district or municipalities comprising the authority, and such bonds shall not be secured by a pledge of the full faith, credit, and resources of said state, county, district, or municipality.

HISTORY: Codes, 1942, § 8368-16; Laws, 1966, ch. 603, § 16, eff from and after passage (approved June 17, 1966).

§ 65-13-37. General provisions for bonds.

The bonds of the authority shall not be included in computing any present or future debt limit of the county, supervisors district, municipality, agency, or department under any present or future law.

All such bonds provided by this chapter shall be negotiable instruments within the meaning of the Uniform Commercial Code, shall be lithographed or engraved and printed in two (2) or more colors to prevent counterfeiting. They shall be in denominations of not less than One Thousand Dollars (\$1,000.00), may be registered as issued, and shall be numbered as determined by the authority. Each such bond shall specify on its face the purpose for which it was issued and the total amount authorized to be issued, and the interest to accrue thereon may be evidenced by proper coupons to be attached thereto. Such bonds shall bear interest at such rate or rates as may be determined by the sale of such bonds, provided that the bonds of any issue shall not bear a greater

overall maximum interest rate to maturity than that allowed in Section 75-17-103. They shall mature annually in such amounts and at such times as shall be provided by the resolution of the board of trustees. No bond shall have a longer maturity than forty (40) years from date of issuance, and the first maturity date thereof shall be not more than five (5) years from the date of such bonds. The denomination, form, and place or places of payment of such bonds shall be fixed in the resolution of the board of trustees of the authority. Such bonds shall be signed by the president and secretary of such board, with the seal of the authority affixed thereto, but the coupons, if any, may bear only the facsimile signatures of such president and secretary. All interest accruing on such bonds so issued shall be payable semiannually, except that the first interest coupon attached to any such bond may be for any period not exceeding one (1) year. Only one (1) coupon may be attached to a bond for any one (1) specified period of time. No interest coupon can vary more than twenty-five percent (25%) in value from any other coupon on the same bond or another coupon in the same issue.

Such bonds may be called in, paid, and redeemed in inverse numerical order on any interest date prior to maturity, upon not less than thirty (30) days' notice to the paying agent or agents designated in such bonds, and at such premium as may be designated in such bonds. However, in no case shall any premiums exceed six percent (6%) of the face value of such bonds.

All such bonds shall contain in substance a statement to the effect that they are secured solely by a pledge of the net revenues of the authority and/or the avails of voluntary assessments of adjacent landowners, and that they do not constitute general obligations of any political subdivision of the State of Mississippi except the authority created by this chapter, and are not secured by a pledge of the full faith, credit, and resources of said state or of such county or counties.

All such bonds as provided for herein shall be sold under the sealed bid procedure at public sale as now provided by law except as otherwise provided herein. No such sale shall be at a price so low as to require the payment of interest on money received therefor at more than a greater overall maximum interest rate to maturity than that allowed in Section 75-17-103.

This chapter shall be full and complete authority for the issuance of the bonds provided for herein, and no restriction or limitation otherwise prescribed by law shall apply herein.

Notwithstanding the foregoing provisions of this section, bonds referred to hereinabove may be issued pursuant to the supplemental powers and authorizations conferred by the provisions of the Registered Bond Act, being Sections 31-21-1 through 31-21-7.

§ 65-13-39. Validation of bonds.

All bonds issued pursuant to this chapter shall be validated as now

provided by law by Sections 31-13-1 through 31-13-11, Mississippi Code of 1972. The services of the state's bond attorney may be employed in the preparation of such bond resolutions, forms, or proceedings as may be necessary, for which he shall be paid a reasonable fee. Such validation proceedings shall be instituted in the chancery court of the county in which the projects proposed by this chapter are located, but notice of such validation proceedings shall be published at least two times in a newspaper of general circulation and published in any county involved, the first publication of which in each case shall be made at least ten days preceding the date set for the validation.

The board of trustees may, in lieu of charging and collecting tolls or in combination with the charging and collection of tolls, levy or assess adjacent property owners or the different supervisors districts, municipalities, agencies, departments, or other instrumentalities assisting in the development of the works authorized herein with an amount of money which, together with other revenues, will provide sufficient funds to carry out the purpose of this chapter. All political subdivisions of this state are hereby authorized and empowered to make such agreements with the board of trustees as are necessary to carry out the purpose of this section. All assessments shall be voluntary and at the discretion of the party or governmental subdivision upon which the assessment is to be levied. All procedures, regulations, commitments, etc., shall be

§ 65-13-49. Construction contracts.

All construction contracts by the authority where the amount of the contract shall exceed Two Thousand Five Hundred Dollars (\$2,500.00) shall be made upon at least three (3) weeks' public notice by advertisement in a newspaper of general circulation in the area of the project, which notice shall state the thing to be done and invite sealed proposals, to be filed with the secretary of the authority, to do the work. In all such cases, before the notice shall be published, the plans and specifications for the work shall be filed with the secretary of the authority, and there remain. The board of trustees shall award the contract to the lowest bidder, who will comply with the terms imposed by such trustees and enter into bond with sufficient sureties to be approved by the trustees in such penalty as shall be fixed by the trustees, but in no case to be less than the contract price, conditioned for the prompt, proper, and efficient performance of the contract.

§ 65-13-51. Designation of depository.

The board of trustees shall designate one or more banks within the county to serve as depositories for the funds of the authority, and all funds of the authority shall be deposited in such depository bank or banks.

Before designating a depository bank or banks, the trustees shall issue a notice stating the time and place the trustees will meet for such purpose and inviting the banks in the area to submit applications to be designated depositories. The term of service for depositories shall be prescribed by the trustees. Such notice shall be published one time in a newspaper or newspapers published in the area and specified by the trustees.

At the time mentioned in the notice, the trustees shall consider the applications and the management and condition of the banks filing them, and shall designate as depositories the bank or banks which offer the most favorable terms and conditions for the handling of the funds of the authority and which the trustees find have proper management and are in condition to warrant handling of authority funds. Membership on the board of trustees of an officer or director of a bank shall not disqualify such bank from being designated as a depository.

If no applications acceptable to the trustees are received by the time stated in the notice, the trustees shall designate some bank or banks within or without the authority upon such terms and conditions as they may find advantageous to the authority.

- 65-15-11. Board of supervisors not required to set aside gasoline tax where sufficient amount on hand to pay bonds.
- 65-15-13. Use of gasoline tax not to affect other financing.
- 65-15-15. Tax for payment of bonds and interest.
- 65-15-17. Special fund paid into general fund.
- 65-15-19. Balance in sinking fund after payment of bonds.
- 65-15-21. Refund to municipalities.
- 65-15-23. Payment of municipal refund.
- 65-15-25. Authority to transfer surplus tolls to county road and bridge fund.

§ 65-15-1. Funds for roads and bridges.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The board of supervisors may raise funds for working, constructing, reconstructing, and maintaining public roads or for building bridges by an ad valorem tax on all assessed taxable property in the county or supervisors district or districts, or by a bond issue, or by either or both of said methods.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

The board of supervisors may raise funds for working, constructing, reconstructing and maintaining public roads or for building bridges by an ad valorem tax on all assessed taxable property in the county, or by a bond issue, or by either or both of said methods.

JUDICIAL DECISIONS

1. In general.

1942, § 8367, providing that one-half of County is not liable to city under Code taxes collected for road purposes by

county on property in a city working its own streets, shall be paid to such city, where county had neither levied nor collected any tax for such purpose, although bridge taxes were levied and collected,

and allegedly spent by county for general road purposes. *City of Crystal Springs v. Copiah County*, 207 Miss. 257, 42 So. 2d 188, 1949 Miss. LEXIS 335 (Miss. 1949).

OPINIONS OF THE ATTORNEY GENERAL

A county may not prohibit the traffic on the private road from utilizing the public road. But, the county may exercise reasonable regulation and control through the use of design standards, safety regu-

lations, and current traffic laws when determining how the private road joins the end of the county road. *Kilpatrick*, July 16, 2004, A.G. Op. 04-0306.

JUDICIAL DECISIONS

1. In general.

This section and Code of 1942, § 8360, which provides that the board of supervisors of any county may, in its discretion, levy annually an ad valorem tax on all taxable property of the county to be used for constructing and maintaining all bridges and culverts on the public roads throughout the county, do not nullify Code 1942, § 9880, which allows the board of

supervisors to impose a county wide levy for the maintenance and/or construction of roads and bridges not to exceed seven mills in any one year and county wide levies may therefore be made under Code 1942, § 9880. *City of McComb v. Pike County*, 212 Miss. 90, 54 So. 2d 171, 1951 Miss. LEXIS 431 (Miss. 1951).

§ 9880, which provides that the board of supervisors may impose a county wide levy or levies for the maintenance and/or construction of roads and bridges not to exceed seven mills in any one year, was not a levy for the roads alone but the supervisors could make separate levies for

roads and bridges and the city could collect only one-half of the road fund and nothing of the bridge fund. *City of McComb v. Pike County*, 212 Miss. 90, 54 So. 2d 171, 1951 Miss. LEXIS 431 (Miss. 1951).

JUDICIAL DECISIONS

1. In general.

Order of supervisors levying a bridge tax and a road tax under Code 1942, § 9880, which provides that the board of

supervisors may impose a county wide levy or levies for the maintenance and/or construction of roads and bridges not to exceed seven mills in any one year, was

not a levy for the roads alone but the supervisors could make separate levies for roads and bridges and the city could collect only one-half of the road fund and nothing of the bridge fund. *City of McComb v. Pike County*, 212 Miss. 90, 54 So. 2d 171, 1951 Miss. LEXIS 431 (Miss. 1951).

Neither Code 1942, § 8358, which provides that the board shall levy annually a tax, upon the taxable property of such county to be used for road and bridge purposes, nor this section nullify Code 1942, § 9880, which allows the board of supervisors to impose a county wide levy or levies for the maintenance and/or construction of roads and bridges not to ex-

ceed seven mills in any one year and county wide levies may therefore be made under Code 1942, § 9880. *City of McComb v. Pike County*, 212 Miss. 90, 54 So. 2d 171, 1951 Miss. LEXIS 431 (Miss. 1951).

§ 65-15-9. Gasoline tax in payment of road bond issues.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The board of supervisors of any county in the state in which there are county road bonds, district road bonds, sea wall bonds, or road protection bonds outstanding, which were issued for the purpose of building bridges or constructing public roads or sea walls, may, in its discretion, in addition to all other lawful uses, use such county's share, or any part thereof, of the funds heretofore or hereafter derived from the tax on gasoline and the road and bridge privilege tax for the further purpose of paying interest and principal of such county road bonds or road district bonds heretofore issued for any of the said above stated purposes. However, nothing in this section shall in anywise affect Section 65-33-45, Mississippi Code of 1972.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

The board of supervisors of any county in the state in which there are county road bonds, seawall bonds, or road protection bonds outstanding which were issued for the purpose of building bridges or constructing public roads may, in its discretion, in addition to all other lawful uses, use such county's share, or any part thereof, of the funds heretofore or hereafter derived from the tax on gasoline and the road and bridge privilege tax for the further purpose of paying interest and principal of such county road bonds heretofore issued for any of the said above stated purposes. § 65-15-11. Board of supervisors not required to set aside gasoline tax where sufficient amount on hand to pay bonds.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

In any county having countywide road or bridge bonds or district road or bridge bonds outstanding, and having on hand in the county treasury to the credit of a special fund set aside from the county's share of the gasoline tax for the payment of the principal and interest of such bonds, or to the credit of bond and interest sinking funds, a sufficient amount to pay the principal of and interest on all such countywide road or bridge bonds and district road or bridge bonds outstanding, the board of supervisors shall no longer be required to set aside any part of the county's share of the gasoline tax or the county's share of motor vehicle privilege taxes, to be used in paying the principal and interest of such road or bridge bonds as they mature. In any such case, however, the funds already set aside from the county's share of the gasoline tax or the county's share of the motor vehicle privilege taxes, for the payment of the principal and interest of said bonds, shall be applied to the payment of the principal and interest of said bonds as they mature and shall not be used by the board of supervisors for any other purpose; however, when all of said bonds shall have been paid, any balance remaining in said funds may be transferred by the board of supervisors to the county or district road or bridge maintenance fund.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

In any county having road or bridge bonds outstanding, and having on hand in the county treasury to the credit of a special fund set aside from the county's share of the gasoline tax for the payment of the principal and interest of such bonds, or to the credit of bond and interest sinking funds, a sufficient amount to pay the principal of and interest on all such road or bridge bonds outstanding, the board of supervisors shall no longer be required to set aside any part of the county's share of the gasoline tax or the county's share of motor vehicle privilege taxes, to be used in paying the principal and interest of such road or bridge bonds as they mature. In any such case, however, the funds already set aside from the county's share of the gasoline tax or the county's share of the motor vehicle privilege taxes, for the payment of the principal and interest of said bonds, shall be applied to the payment of the principal and interest of said bonds as they mature and shall not be used by the board of supervisors for any other purpose; however, when all of said bonds shall have been paid, any balance remaining in said funds may be transferred by the board of supervisors to the county road or bridge maintenance fund.

§ 65-15-13. Use of gasoline tax not to affect other financing.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

No existing law providing methods for the construction or maintenance of any public highway, bridges, or culverts of the county or special or separate road district shall be affected by Section 65-15-9; and it does not supersede or impair the obligation of any county to levy a sufficient legal ad valorem tax for the purpose of construction and maintenance of public highways, bridges, or culverts, or a sufficient ad valorem tax to pay the interest or principal of any bonds heretofore or hereafter issued for the purpose of building bridges and constructing public roads. Nor does it supersede or impair any right to issue bonds for any purpose, and it shall not alter, amend or repeal any statute except insofar as such statutes are inconsistent herewith.

[With regard to any county which is required to operate on a county-wide system of road administration as described in Section 19-2-3, this section shall read as follows:]

No existing law providing methods for the construction or maintenance of any public highway, bridges or culverts of the county shall be affected by Section 65-15-9; and it does not supersede or impair the obligation of any county to levy a sufficient legal ad valorem tax for the purpose of construction and maintenance of public highways, bridges or culverts, or a sufficient ad valorem tax to pay the interest or principal of any bonds heretofore or hereafter issued for the purpose of building bridges and constructing public roads. Nor does it supersede or impair any right to issue bonds for any purpose, and it shall not alter, amend or repeal any statute except insofar as such statutes are inconsistent herewith.

OPINIONS OF THE ATTORNEY GENERAL

Fact that county elected to employ gasoline tax proceeds to payment of interest or principal due on the road and bridge bonds does not impair or supersede county's obligation to levy ad valorem tax on

property within district for which bonds were issued to extent needed to insure bond payments are made as promised. Logan, Oct. 12, 1992, A.G. Op. #92-0753.

§ 65-15-15. Tax for payment of bonds and interest.

The board shall levy annually, when other taxes are levied, a special tax to

be used exclusively in paying the interest on such road bonds and in providing a sinking fund for their redemption.

§ 65-15-17. Special fund paid into general fund.

In counties which have heretofore created special or general road funds under then existing laws, the boards of supervisors may use such funds as if originally collected hereunder. In case the board of supervisors shall, in availing themselves of this provision, relieve from the operation of the contract system any part of a county entitled to a special fund, the board may also order that such special fund shall become a part of the general fund.

§ 65-15-19. Balance in sinking fund after payment of bonds.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

Where bonds have been issued by any road district, separate road district or special road district, and said bonds and interest thereon have been paid and there remains in the sinking fund or maintenance fund of such district any balance of funds collected for the purpose of paying such bonds or interest, the board of supervisors of the county in which such district or districts is located may, in its discretion, transfer any or all of said funds to the county road or bridge fund or any supervisors district road or bridge fund, to be used and expended in working and maintaining the roads of the district for which such bonds were issued, or may, without such transfer, spend such funds for maintenance of roads within the district from which said funds were collected.

[With regard to any county which is required to operate on a countywide system of road administration as described in Section 19-2-3, this section shall read as follows:]

Where bonds have been issued by any road district, separate road district or special road district, and said bonds and interest thereon have been paid and there remains in the sinking fund or maintenance fund of such district any balance of funds collected for the purpose of paying such bonds or interest, the board of supervisors of the county in which such district or districts are located shall transfer any or all of said funds to the county road or bridge fund to be used and expended in working and maintaining the roads of the county.

§ 65-15-21. Refund to municipalities.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

One-half (½) of all ad valorem taxes collected by or for a county or a separate or special road district on property within a municipality (the streets of which are worked at the expense of the municipal treasury, or worked by municipal authority) for road purposes of such county or district, not including taxes for the purposes of paying bonds issued for road purposes or the interest thereon or for creating a bond and interest fund for retiring the same, shall be paid over to the treasurer of such municipality for said municipality.

Any municipality may contract with its board of supervisors, or any member thereof, whereby work may be performed on the streets maintained by said municipality in lieu of the refund of one-half (½) of the road taxes collected under this section and in such event such agreement shall be spread at large upon the minutes of both the governing authorities of such municipality and the board of supervisors of such county.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Illegal collection of taxes.
3. Bridge taxes.
4. Notice of work done, and of claim to share of tax.
5. Pleading.
6. Collection by state tax collector.

1. In general.

Where city's claim for taxes under this section had never been presented to board of supervisors for payment or rejection, the chancery court was without jurisdiction of suit to enforce such claim. *City of Crystal Springs v. Covich County*, 207 Miss. 257, 42 So. 2d 188, 1949 Miss. LEXIS 335 (Miss. 1949).

When a county received a sum of money from the state as a reimbursement for tax loss by reason of its being prevented by the Homestead Exemption Act from collecting ad valorem taxes for road purposes on homestead property in a municipality, the funds so received were in lieu of such ad valorem taxes, and, in view of the statute providing the one-half of all ad valorem taxes collected by or for a county on property within a municipality for road purposes should be paid over to the municipality, one-half of the amount thus received from the state should have been paid over by the county to the municipality. *Coahoma County v. Clarksdale*, 192 Miss. 851, 7 So. 2d 882, 1942 Miss. LEXIS 74 (Miss. 1942).

The statute providing that one-half of all ad valorem taxes collected for road purposes by or for a county on property within a municipality, the streets of which

are worked at the expense of the municipality, shall be paid over to the municipality was neither repealed nor amended by the Homestead Exemption Law, with the provision therein relating to reimbursement of the taxing units by the state for tax loss resulting from being prevented from collecting ad valorem taxes on homestead property for road purposes. *Coahoma County v. Clarksdale*, 192 Miss. 851, 7 So. 2d 882, 1942 Miss. LEXIS 74 (Miss. 1942).

In order for members of the board of supervisors to be personally liable on their bond for failure to make an allowance to a municipality working its own streets of its proportionate share to ad valorem taxes for road purposes, it would have to appear by pleading or proof, that it was a ministerial duty only, and not a judicial power that was being exercised. *State use of Aberdeen v. Board of Supervisors*, 188 Miss. 636, 196 So. 253, 1940 Miss. LEXIS 73 (Miss. 1940).

Legislature's ratification of payments made by counties to municipalities renders it immaterial whether board of supervisors properly allowed them or whether municipality rightfully claimed them. *Panola County v. Sardis*, 171 Miss. 490, 157 So. 579, 1934 Miss. LEXIS 248 (Miss. 1934).

Taxes levied to repay money borrowed for purchase of road machinery, gas, and oil for operation thereof, for employment of labor and materials, and for straightening and grading existing roads held levied for "road purposes" within statute requiring county's division with municipality of taxes collected for road purposes within municipality. *City of Winona v. Montgom-*

ery County, 170 Miss. 824, 155 So. 169, 1934 Miss. LEXIS 144 (Miss. 1934).

Statute requiring county to refund to municipality certain road taxes collected cannot be evaded by administrative devices. *Gully v. Attala County*, 165 Miss. 86, 145 So. 907, 1933 Miss. LEXIS 280 (Miss. 1933); *Panola County v. Sardis*, 171 Miss. 490, 157 So. 579, 1934 Miss. LEXIS 248 (Miss. 1934).

Short notes, made for road purposes in anticipation of current taxes, were not "bonds" so as to relieve county from duty to pay town portion of taxes collected to pay notes. *Town of Purvis v. Lamar County*, 161 Miss. 454, 137 So. 323, 1931 Miss. LEXIS 274 (Miss. 1931).

Long-continued legislative policy respecting county's payment of portion of taxes collected for road purposes to towns maintaining streets cannot be nullified by argument respecting inconvenience. *Town of Purvis v. Lamar County*, 161 Miss. 454, 137 So. 323, 1931 Miss. LEXIS 274 (Miss. 1931).

Municipality could not recover one-half of ad valorem road taxes pursuant to resolution enacted after collection without showing funds had not been "otherwise appropriated or expended." *Town of Ackerman v. Choctaw County*, 157 Miss. 594, 128 So. 757, 1930 Miss. LEXIS 341 (Miss. 1930).

Law authorizing county to construct sea wall did not impliedly repeal law requiring county to pay one-half of ad valorem road taxes to municipality. *Board of Sup'rs v. Bay St. Louis*, 157 Miss. 459, 128 So. 331, 1930 Miss. LEXIS 307 (Miss. 1930).

2. Illegal collection of taxes.

One-half of all ad valorem taxes collected by county on property within municipality for road purposes must be paid to municipality whether taxes were legally collected or not. *Town of Purvis v. Lamar County*, 161 Miss. 454, 137 So. 323, 1931 Miss. LEXIS 274 (Miss. 1931).

That borrowing of money for road purposes, to repay which taxes were collected by county, was without authority, would not aid county in town's suit to recover its portion of taxes collected. *Town of Purvis v. Lamar County*, 161 Miss. 454, 137 So. 323, 1931 Miss. LEXIS 274 (Miss. 1931).

3. Bridge taxes.

Order of supervisors levying a bridge tax and a road tax under Code 1942, § 9880, which provides that the board of supervisors may impose a county wide levy or levies for the maintenance and/or construction of roads and bridges not to exceed seven mills in any one year, was not a levy for the roads alone but the supervisors could make separate levies for roads and bridges and the city could collect only one-half of the road fund and nothing of the bridge fund. *City of McComb v. Pike County*, 212 Miss. 90, 54 So. 2d 171, 1951 Miss. LEXIS 431 (Miss. 1951).

This section which allows municipalities one-half of the road taxes levied and collected by the county does not vest in municipalities any right to the bridge fund. *City of McComb v. Pike County*, 212 Miss. 90, 54 So. 2d 171, 1951 Miss. LEXIS 431 (Miss. 1951).

Mere illegal diversion of bridge funds by county to other county purposes, even roads, cannot be successfully argued to be a fraud against a municipality entitled to share only in road funds collected by an ad valorem tax levied on property within the corporate limits. *City of Crystal Springs v. Copiah County*, 207 Miss. 257, 42 So. 2d 188, 1949 Miss. LEXIS 335 (Miss. 1949).

County is not liable to city as to division of taxes under this section, where county had neither levied nor collected any tax for such purpose, although bridge taxes were levied and collected, and allegedly spent by county for general road purposes. *City of Crystal Springs v. Copiah County*, 207 Miss. 257, 42 So. 2d 188, 1949 Miss. LEXIS 335 (Miss. 1949).

Where board of supervisors levied tax for bridge purposes, it could be used only for such purpose in absence of enabling statute authorizing another use and municipality within county was not entitled to one-half of such funds though it worked its streets at its own expense. *Panola County v. Sardis*, 171 Miss. 490, 157 So. 579, 1934 Miss. LEXIS 248 (Miss. 1934); *Panola County v. Gully*, 157 So. 584 (Miss. 1934); *Panola County v. Crenshaw*, 157 So. 584 (Miss. 1934); *Panola County v. Crowder*, 157 So. 584 (Miss. 1934); *Greenwood v. Leflore County*, 157 So. 585 (Miss. 1934).

Statute held not to manifest legislative intention that levies by board of supervisors specially made for bridge purposes prior to 1928 statute should be divided between municipality and county. *Panola County v. Sardis*, 171 Miss. 490, 157 So. 579, 1934 Miss. LEXIS 248 (Miss. 1934); *Panola County v. Gully*, 157 So. 584 (Miss. 1934); *Panola County v. Crenshaw*, 157 So. 584 (Miss. 1934); *Panola County v. Crowder*, 157 So. 584 (Miss. 1934); *Greenwood v. Leflore County*, 157 So. 585 (Miss. 1934).

Town held entitled to recover from county one-half of road tax collected within town, although levy was used in building and maintaining county bridges. *Gully v. Attala County*, 165 Miss. 86, 145 So. 907, 1933 Miss. LEXIS 280 (Miss. 1933).

4. Notice of work done, and of claim to share of tax.

In order for a municipality to be entitled to ad valorem taxes for road purposes, such taxes being collected on property within the municipality, it should have filed with the board of supervisors an ordinance or some other appropriate record, showing that the municipality worked its streets at its own expense, such showing being jurisdictional to the power of the Board to make the allowance. State use of *Aberdeen v. Board of Supervisors*, 188 Miss. 636, 196 So. 253, 1940 Miss. LEXIS 73 (Miss. 1940).

There is a distinction between the necessity for notifying the board of supervisors of the fact that the streets of the municipality have been worked at the expense of the municipal treasury, or worked by municipal authority, and the fact that the claim for its share of the ad valorem taxes will be made, in the latter instance no notice of the municipality's intention to claim its share of the taxes being required, while in the former case it is necessary that the board of supervisors be officially advised of the basis of its authority to make the refund, since it is only where such streets have been worked at the expense of the municipal treasury, or by municipal authority, that the board is required, or given the power and authority, to make the allowance. State use

of *Aberdeen v. Board of Supervisors*, 188 Miss. 636, 196 So. 253, 1940 Miss. LEXIS 73 (Miss. 1940).

Prior to adoption of Code 1930, that is, from April 16, 1928, to November 1, 1930, right of municipality to recover one-half of road taxes from county remained subject to requirement that resolution be passed and notice thereof duly served. *City of Okolona v. Chickasaw County*, 171 Miss. 424, 157 So. 690, 1934 Miss. LEXIS 252 (Miss. 1934).

Municipality, before becoming entitled to recover one-half of road taxes collected by county prior to adoption of Code 1930, must have previously passed and served valid resolution declaring desire to claim such taxes, and, as to period previous to April 16, 1928, funds out of which recovery could be had must have remained unexpended and unappropriated, but not as to those subsequent to that date. *City of Okolona v. Chickasaw County*, 171 Miss. 424, 157 So. 690, 1934 Miss. LEXIS 252 (Miss. 1934).

Where record of called meeting of city council failed to show that notice was served on two councilmen or that such councilmen were present, resolution passed at such meeting, claiming road taxes from county, was invalid. *City of Okolona v. Chickasaw County*, 171 Miss. 424, 157 So. 690, 1934 Miss. LEXIS 252 (Miss. 1934).

Where county made payments of share of road taxes to municipality, and, subsequently, it was discovered that resolution claiming such taxes was improperly passed, county held, nevertheless, not entitled to recover back moneys paid over to city under invalid resolution. *City of Okolona v. Chickasaw County*, 171 Miss. 424, 157 So. 690, 1934 Miss. LEXIS 252 (Miss. 1934).

Resolution and notice by city, prior to adoption of Code 1930, claiming one-half of road taxes collected by county, have no retroactive effect, and, before passage of resolution and service of notice, no road taxes became due municipality. *City of Okolona v. Chickasaw County*, 171 Miss. 424, 157 So. 690, 1934 Miss. LEXIS 252 (Miss. 1934).

Failure of municipality to properly pass resolution claiming one-half of road taxes

and to properly give notice thereof to county board of supervisors was not affected or aided by statute limiting right of recovery by municipalities which passed resolutions, to funds not otherwise appropriated or expended by county. *City of Okolona v. Chickasaw County*, 171 Miss. 424, 157 So. 690, 1934 Miss. LEXIS 252 (Miss. 1934).

5. Pleading.

Declaration to recover for use of municipalities one-half of ad valorem road taxes collected by county after November 1, 1930, need not allege that taxes have not been otherwise appropriated or expended. *Gully v. Board of Sup'rs*, 167 Miss. 562, 147 So. 300, 1933 Miss. LEXIS 94 (Miss. 1933).

Declaration to recover one-half of ad valorem road taxes collected by county prior to passage of law authorizing payment of such taxes due municipalities under previous law, must allege that taxes have not been paid to municipalities and have not been otherwise appropriated or expended. *Gully v. Board of Sup'rs*, 167 Miss. 562, 147 So. 300, 1933 Miss. LEXIS 94 (Miss. 1933).

6. Collection by state tax collector.

Where a municipality was diligently at-

tempting to collect from the county sums owed to it under this section by reason of taxes collected for county road purposes on property within the municipality, which worked its own roads out of its own treasury, the state tax collector was without authority to intervene during the progress of such efforts on the part of the municipality and thus imposed upon the municipality the payment of a 20 percent fee to him for doing what the municipality was already in the reasonable, orderly and diligent process of doing for itself. *City of Biloxi v. Gully*, 187 Miss. 664, 193 So. 786, 1940 Miss. LEXIS 242 (Miss. 1940).

State tax collector could bring such action since one-half of the ad valorem road taxes collected by the county and which it was obligated to pay to the municipalities therein was a "past due obligation." *Gully v. Board of Sup'rs*, 167 Miss. 562, 147 So. 300, 1933 Miss. LEXIS 94 (Miss. 1933).

State tax collector could sue to recover for use of municipalities one-half of ad valorem road taxes collected by county. *Gully v. Board of Sup'rs*, 167 Miss. 562, 147 So. 300, 1933 Miss. LEXIS 94 (Miss. 1933).

OPINIONS OF THE ATTORNEY GENERAL

The Board of Supervisors of a county and the governing authorities of a city within the county may enter into an agreement evidenced by an order on the minutes of both subdivisions authorizing the board of supervisors to assist the municipality by providing road equipment and/or employees and county fuel to repair or replace a bridge within the city limits. *Robinson*, Nov. 1, 1991, A.G. Op. #91-0779.

County tax collector may not withhold taxes collected by him for municipality. *Meadows*, March 27, 1992, A.G. Op. #92-0199.

A board of supervisors may contract for a term of years with a municipality to refund to such municipality more than one-half the road tax collections within such municipality required by this section when such contractual sum is based upon

current and projected road tax collection, provided that as a condition of receipt of such refund, the contract provides that the municipality will make proper application therefor pursuant to § 65-15-23. *Perkins*, February 5, 1999, A.G. Op. #99-0023.

A county is not required to pay to a municipality any portion of the avails of a levy imposed for the purpose of retiring bonds issued for road purposes, the interest thereon, or a sinking fund therefor. *Storey*, August 20, 1999, A.G. Op. #99-0436.

The governing authorities of a municipality and a county board of supervisors have the authority to contract for road work in an amount less than the full refund amount due to the municipality. Provided the municipality receives the full value of the ½ refund amount, that

amount may be divided into any combination of services and cash. Arledge, Mar. 26, 2004, A.G. Op. 04-0129.

The amount of road work performed or services furnished by a county within a town may exceed the town's half of road tax, and the town may request the county to perform all of its road work or regardless of the cost. The county may or may

not agree to such request. Furthermore, an interlocal agreement is not required where the language of this section and § 65-7-85 authorize the board of supervisors of the county and the governing authorities of the town to enter into an agreement evidenced by an order on the minutes of both subdivisions. Povall, Jan. 28, 2005, A.G. Op. 04-0633.

§ 65-15-23. Payment of municipal refund.

Where a levy is made for road purposes as provided in Section 65-15-21, the tax assessor of the county shall set up a column on the assessment rolls of said county or district, which shall show the exact amount of the assessed valuation of the property within the corporate limits of a municipality which maintains its own streets and which pays the road taxes authorized to be levied under the aforesaid section. When said taxes are collected by the tax collector of the county, he shall isolate and separate the proportionate part of said taxes going to said municipality under the provisions of said section and shall cover same into the municipal treasury monthly, as provided by law.

Where any municipality may be entitled to a portion of any road tax under the laws in effect prior to the adoption of this section which has not yet been paid to it, such municipality shall be entitled to receive payment thereof on application to the board of supervisors of the county in which it is located, and the board of supervisors is hereby authorized to pay to such municipality its portion of such tax.

HISTORY: Codes, 1930, § 6418; Laws, 1942, § 8368; Laws, 1928, ch. 129; Laws, 1950, ch. 233, § 2.

JUDICIAL DECISIONS

1. In general.

Where a municipality was diligently attempting to collect from the county sums owed to it under this section by reason of taxes collected for county road purposes on property within the municipality, which worked its own roads out of its own treasury, the state tax collector was without authority to intervene during the progress of such efforts on the part of the municipality and thus imposed upon the municipality the payment of a 20 percent fee to him for doing what the municipality was already in the reasonable, orderly

and diligent process of doing for itself. *City of Biloxi v. Gully*, 187 Miss. 664, 193 So. 786, 1940 Miss. LEXIS 242 (Miss. 1940).

State tax collector could sue to recover for use of municipalities one-half of ad valorem road taxes collected by county, since one-half of the ad valorem road taxes collected by the county and which it was obligated to pay to the municipalities therein was a "past due obligation." *Gully v. Board of Sup'rs*, 167 Miss. 562, 147 So. 300, 1933 Miss. LEXIS 94 (Miss. 1933).

OPINIONS OF THE ATTORNEY GENERAL

There is no requirement that funds sent to the City by the County from collections of Road and Bridge taxes be placed in a separate fund. Jenkins, Dec. 19, 1997, A.G. Op. #97-0748.

A board of supervisors may contract for a term of years with a municipality to refund to such municipality more than one-half the road tax collections within

such municipality required by § 65-15-21 when such contractual sum is based upon current and projected road tax collection, provided that as a condition of receipt of such refund, the contract provides that the municipality will make proper application therefor pursuant to this section. Perkins, February 5, 1999, A.G. Op. #99-0023.

§ 65-15-25. Authority to transfer surplus tolls to county road and bridge fund.

In any county where tolls collected for the use of a bridge or bridges are allocated to the payment of the bonds issued for the construction of said bridge, interest, sinking fund, and the expense of operating and maintaining said bridge or bridges, if the tolls so collected are more than sufficient to meet the payment of said bonds as they severally mature, the interest thereon, the sinking fund, and the expenses of operating and maintaining said bridge or bridges, the board of supervisors may, in their discretion, transfer to the county road and bridge fund any excess of tolls collected over and above the amount necessary to pay the maturing bonds, interest, sinking fund, and expenses of maintaining and operating said bridge or bridges.

COUNTY ROAD COMMISSIONER.

Sec.	
65-17-1.	Establishment of county road department; appointment of county road manager; powers and duties of manager.
65-17-3.	Compensation in certain counties.
65-17-5.	Duties of commissioner.
65-17-7.	Commissioner to report to supervisors.
65-17-9.	Authority to transfer surplus county road department equipment to another department of county government without reimbursement to road and bridge fund.

§ 65-17-1. Establishment of county road department; appointment of county road manager; powers and duties of manager.

(1) This section, relating to the establishment of a county road department, the employment of a county road manager and prescribing the powers and duties of the county road manager, shall not be mandatory in any county which is not required to operate under a countywide system of road administration; provided, however, such county may, by order of the board of supervisors, adopt all or part of the procedures prescribed by this section.

(2) The board of supervisors of each county shall establish a county road department. The board of supervisors shall adopt the general policies to be followed in administration of the county road department and shall appoint as administrative head of the county road department a county road manager who shall be educated or experienced in the construction and maintenance of highways, bridges and other facets of county highway responsibilities. Provided, however, that in any county which, on July 1, 1988, employed two (2) county road managers each of whom managed an administrative division of the county for road construction and maintenance, the board of supervisors may continue to employ two (2) county road managers. The county road manager shall not be a member of the board of supervisors. The county road manager, under the policies determined by the board of supervisors and subject to the board's general supervision and control, shall administer the county road department, superintend the working, construction and maintaining of the public roads and the building of bridges in such county, and carry out the general policies of the board in conformity with the estimates of expendi-

tures fixed in the annual budget as finally adopted by the board or as thereafter revised by appropriate action of the board. All requisitions for the purchase and repair of all equipment, heavy equipment, machinery, supplies, commodities, materials and services for the county road department shall be prepared by the county road manager and submitted to the county department of purchasing for processing in accordance with the central purchasing system. The county road manager shall serve at the will and pleasure of the board of supervisors and may be removed from such position by a majority vote of the board.

(3) The county road manager shall receive such compensation, to be paid from the county road and bridge funds, as the board of supervisors shall determine. The county road manager, before entering upon his duties, shall give bond, with sufficient surety, to be payable, conditioned and approved as provided by law, in a penalty in such amount as may be approved by the board of supervisors, but not less than Fifty Thousand Dollars (\$50,000.00).

(4) A county may appoint as county road manager the same person whom it has under the law employed as its county engineer for its state aid road system, provided that such county road manager is being compensated by the county for serving as county road manager and for all duties, if any, that he performs as county engineer by payment of an annual salary and not on the basis of a percentage of the cost of road projects.

(5) Nothing shall preclude one (1) person from serving two (2) or more counties as county road manager by agreement between such counties.

(6) Nothing in this section shall be construed to require new county personnel to be employed but, to the extent practicable, an existing county employee shall be appointed as the county road manager.

(7) The responsibility for construction and maintenance of all "local farm roads" (including bridges) as the same are defined in Sections 65-9-1 and 65-9-3, Mississippi Code of 1972, together with all functions not vested by law in the county state aid engineer in the construction and maintenance of state aid roads shall be vested in the county's road department.

(8) The county road manager each year shall prepare, or shall assist the county administrator (if one has been appointed) in the preparation of, a tentative road budget containing all proposed expenditures for the ensuing fiscal year for construction and maintenance of county roads and bridges and the operation of the county road department. Such tentative road budget shall be submitted to the board of supervisors for incorporation, with such modification as the board may adopt, in the county budget, as prescribed by law.

(9) The county road manager shall employ, subject to approval of the board of supervisors, such assistants and employees as may be necessary in conformity with the budget and county policies and procedure with respect to personnel and subject to approval of the board as to salary or other compensation to be paid. He shall have supervision and jurisdiction over personnel and assignments of personnel engaged in the work of the road department. He may purchase, lease or hire such equipment and purchase such materials and supplies as may be necessary for operation of the county road department in

conformity with the budget, in accordance with the central purchase system and existing laws and subject to approval of the board as to price or rental. He shall have jurisdiction over the assignment of equipment needed in performance of the work of the county road department.

(10) The board of supervisors may, by a majority vote of the entire board, supersede any act of the road manager or change, modify or revoke any act which has been completed by the road manager, provided the change, modification or revocation does not constitute a breach of contract.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Agency relationship.

1. In general.

Court held that a Mississippi county road manager occupied a position where party affiliation was an appropriate requirement for the effective performance of the public office involved because roads in rural Mississippi were the political lifeblood of elected officials, and the public's view of the elected supervisors depended greatly on the road manager's performance and supervision of employees. *Gentry v. Lowndes County*, 337 F.3d 481, 2003 U.S. App. LEXIS 13505 (5th Cir. Miss. 2003).

It is permissible under Code 1942 § 2939, for a county or a supervisor's district, which owns road machinery and equipment, to have the same repaired by employing labor for that purpose, and the law does not require that the employment of labor for repair work on road machinery shall be on competitive bids, following the usual advertisement of an intention to

have such property repaired for use, or forbid a contract with a repairman until the next meeting of the board. *Shook v. Carroll County*, 210 Miss. 537, 49 So. 2d 897, 1951 Miss. LEXIS 292 (Miss. 1951).

Declaration against member of board of supervisors and surety alleging that defendant under whose supervision, no road commissioner having been appointed, the road work of the district had been placed, left bridge which was being repaired in unsafe condition at night without warning signals, causing damage to plaintiff when he drove over bridge in automobile, was sufficient. *State use of Russell v. McRae*, 169 Miss. 169, 152 So. 826, 1934 Miss. LEXIS 26 (Miss. 1934).

2. Agency relationship.

Summary judgment was properly awarded to a county board of supervisors in plaintiffs' action to recover damages for injuries sustained after their vehicle collided with a mailbox on the shoulder of a road because although the board admittedly failed to personally inspect the road where the accident occurred, the county road management department, as an

agent for the board under Miss. Code Ann. § 65-17-1(2), conducted an inspection of the road and, thus, satisfied the statutory

requirements. *Bryant v. Bd. of Supervisors*, 10 So. 3d 919, 2008 Miss. App. LEXIS 595 (Miss. Ct. App. 2008).

OPINIONS OF THE ATTORNEY GENERAL

Statute evinces intent that road manager make determinations such as where county workers will appear to sign up for insurance, and what street or culvert workers will be repairing or constructing on any given day; statute also states that individual member may not countermand work orders of road manager. *Fortenberry*, May 10, 1990, A.G. Op. #90-0318.

County board of supervisors may not employ assistant road manager without individual having been recommended to position by county road manager. *Colson*, Feb. 16, 1994, A.G. Op. #93-1027.

Under Section 65-17-1, it is the county road manager who directs the actions of road employees and not the board of supervisors. *Bradley*, March 15, 1996, A.G. Op. #96-0085.

A member of the county board of supervisors may not physically operate county road equipment or personally perform any other work on road construction and maintenance. *Bryant*, November 7, 1998, A.G. Op. #98-0671.

There is no authority for an individual supervisor to supersede any activities of a county road manager; all statutory authority over a county road manager is reserved to the board of supervisors, and not to any one supervisor. *Carter*, Dec. 17, 1999, A.G. Op. #99-0681.

A board of supervisors, by a simple majority vote, may establish general policies for and exercise general supervision and control over the county road manager, must approve all hiring, firing and wages, and must approve the purchase price or rental amount for purchases and rentals by the county road manager; further, a board of supervisors may, by a majority of all members of the board, supersede,

modify, amend, etc., any act of the county road manager unless such action by the board would result in a breach of contract. *Carter*, Dec. 17, 1999, A.G. Op. #99-0681.

There is no statutory authority for a road manager to abolish a personnel position that has been designated by the board of supervisors. *Brooks*, Mar. 26, 2004, A.G. Op. 04-0108.

A board of supervisors may require by policy and procedure either prior approval or subsequent approval of all employment decisions by the county road manager. *Brooks*, Mar. 26, 2004, A.G. Op. 04-0108.

A county road manager has the authority to set or change the working hours of the county road department without prior approval of the board of supervisors and to utilize money budgeted for the operation of the department to pay for such notice to be published. However, boards of supervisors are empowered to "supercede any act of the road manager or change, modify or revoke any act which has been completed by the road manager, provided the change, modification or revocation does not constitute a breach of contract." *Hudson*, Apr. 16, 2004, A.G. Op. 04-0160.

Which county roads require major maintenance is established in a four-year plan built on annual road inspections by the board of supervisors, and such policy is to be implemented by the county road manager. The board of supervisors may change or modify any action of the road manager by an official order approved by a majority vote of the board, reflected in the minutes, but no individual supervisor has the authority to advise or direct the road manager to perform major maintenance. *White*, March 23, 2007, A.G. Op. #07-00118, 2007 Miss. AG LEXIS 122.

§ 65-17-3. Compensation in certain counties.

In any counties lying in two levee districts through which the Yazoo River flows, traversed by U.S. Highway No. 49W and in which Mississippi Highways Nos. 12, 14, and 7 run, the board of supervisors is authorized, in its discretion,

to compensate any such road commissioner of said county in an amount not to exceed Five Hundred Dollars (\$500.00) per month.

In any counties bordering on the Pearl River, in which U.S. Highway No. 80 intersects Mississippi Highway No. 18, and having a population in excess of thirty-four thousand in the 1960 federal decennial census, the board of supervisors is authorized, in its discretion, to compensate any such road commissioner of said county in an amount not to exceed Four Hundred Dollars (\$400.00) per month.

It shall be the duty of such commissioner to supervise the construction of such highways and their maintenance after the construction, and to see that the directions for such construction and maintenance are carried out, calling to his assistance, when necessary, the service of a competent civil engineer, which civil engineer shall receive for his services a reasonable compensation to be fixed by the board of supervisors, to be paid out of the funds arising from the proceeds of the sale of such bonds and the levy of such maintenance tax as provided by law.

| 65-17-103. | Estimates and reports. |
| 65-17-105. | Accountant to be purchasing agent. |
| 65-17-107. | Accountant to submit trial balance. |

§ 65-17-101. Supervisors may elect road accountant.

The board of supervisors may elect a road accountant, whose salary shall be fixed by the board and who shall give bond, with sufficient surety, to be payable, conditioned and approved as provided by law, in a penalty not less than Fifty Thousand Dollars (\$50,000.00). For the purpose of enabling the road accountant, in counties working their roads and building and repairing bridges on the unit system or countywide basis, to meet weekly payrolls and to pay for same each week or biweekly, the board of supervisors may advance to him at each regular monthly meeting, out of the road and bridge fund of the county, a sum not exceeding fifty percent (50%) of the amount of his bond. Said road accountant shall place said funds in the county depository to his credit as road accountant, to be checked on by him to meet weekly payrolls for labor, and said fund shall be a public fund and shall be secured as other public funds are secured. The road accountant shall report to the next meeting of the board his disposition of said money, including an itemized payroll for same, which payroll must be approved by the board of supervisors before another advance to him may be made. In the event the board finds any discrepancies in said payroll account, he shall be liable on his official bond for same; and the board

of supervisors, in such event, shall not make further allowances to him until said discrepancies are corrected. It shall be the duty of the road accountant to pay all labor employed on the road and bridge work of the county, to pay transportation charges on supplies and material used in such road and bridge work, and all bills for repairs. Every three (3) months he shall take an inventory of all the personal property of the county used in said road and bridge work.

§ 65-17-103. Estimates and reports.

The road accountant shall attend all meetings of the board of supervisors, and shall at each regular meeting submit to said board an estimate of the amount of money required to pay the said labor employed on the said road and bridge work, transportation charges, and repair bills. Said board shall examine said estimate and shall set aside for the current month a fund to be known as the "road labor" fund, which sum shall be placed to the credit of the said fund in the county depository, subject to the order of the road accountant; and said road accountant shall use the said fund to pay off the said labor and all freight bills. At each regular meeting of the board of supervisors the road accountant shall make a report to the said board, showing all disbursements by him and proper receipts therefor. The board of supervisors shall carefully audit the said report, and if they shall find any payment or payments or any disbursements so made by the road accountant to be illegal or improper, said board may deduct any and all such payments from the salary of the road accountant, or they may cause suit to be filed on his bond for the recovery of any such sum so illegally or improperly paid out by the road accountant.

OPINIONS OF THE ATTORNEY GENERAL

County may hire county engineer under Miss. Code Sections 65-17-201 et seq., who may, if properly qualified, supervise state aid projects. Kilpatrick, Jan. 14, 1993, A.G. Op. #92-0994.

Miss. Code Section 65-17-201 requires counties to employ county engineer, depending on dollar amount of any particular construction project. Davis, May 24, 1993, A.G. Op. #93-0241.

§ 65-17-203. Duties of engineers.

The duties of the county engineer shall be to prepare all plans and estimates for the construction of bridges and superintend their construction, to make all estimates and plans of work to be done in the construction and maintenance of roads and superintend the work, to go over the report to the board of supervisors what work should be done to properly upkeep and maintain all roads and bridges in the county, and to check over and report to the board of supervisors on all estimates before payment by the board of supervisors of all work done on public roads.

The engineer may be required to furnish plans and estimates, and may superintend the construction of any road under the supervision of the state highway commission, if the highway commission may so elect. The purpose of this section is to provide a means whereby the board of supervisors and the highway commission may co-operate in such work, when same can be done, and reduce the expense of construction of any road.

§ 65-18-3. Definitions.

For the purposes of this chapter, the term "local system road" means a road that is included on the county road system as designated under Section 65-7-4 that (a) is functionally classified as a local rural road in accordance with policies on geometric design of highways and streets adopted and published by the American Association of State Highway and Transportation Officials; (b) provides access to the state aid system, the federal aid system or the designated state highway system; and (c) has an average daily traffic count of four hundred (400) vehicles or less. The term "local system road" includes all drainage related structures except bridges that are included on the National Bridge Inspection Inventory maintained by the Office of State Aid Road Construction. The term "local system road" does not include a road or highway on the designated state highway system or on the state aid road system.

HISTORY: Laws, 2001, ch. 492, § 2, eff from and after July 1, 2001.

Cross References — County road systems, see § 65-7-4.

§ 65-18-5. Establishment of Local System Road Program.

(1) There is established a Local System Road Program which shall be administered by the State Aid Engineer for the purpose of assisting the counties of this state in the construction, reconstruction and paving of local system roads.

(2) Routes on which projects are performed under this chapter are not eligible for inclusion on the state aid system except in accordance with the provisions of Section 65-9-1 et seq.

HISTORY: Laws, 2001, ch. 492, § 3, eff from and after July 1, 2001.

Cross References — State aid roads in counties, see §§ 65-9-1 et seq.

§ 65-18-7. Program administered by State Aid Engineer; powers and duties of State Aid Engineer.

The Local System Road Program shall be administered by the State Aid Engineer. In administering the program, the State Aid Engineer shall have the following powers and duties:

(a) To supervise the use of all funds made available for the purposes of this chapter for use on local system roads in the State of Mississippi;

(b) To allocate to each county that county's share of all monies made available under the provisions of this chapter but only when the county has complied with the provisions of this chapter and only when the county is eligible for the allocation of monies under the Local System Road Program;

(c) To keep and compile records of all expenditures on local system roads to which money is disbursed under the provisions of this chapter, which records must be kept separate and apart from other state aid records;

(d) To approve the construction of local system roads, including roadbeds, grades and drainage, before authorizing the release of funds under this chapter;

(e) To establish such rules and regulations as the State Aid Engineer determines as necessary to implement the provisions of the Local System Road Program; and

(f) To report to the Legislature, no later than January 1 of each year, on the Local System Road Program. Such report shall include what projects were approved and constructed, the number of miles constructed or improved and the cost per mile for such construction and improvement.

HISTORY: Laws, 2001, ch. 492, § 4, eff from and after July 1, 2001.

§ 65-18-9. State aid allocation to counties; local system bridge replacement and rehabilitation program allocation to counties; certification of adequate sufficiency rating for local system bridges; establishment of specific designs and standards to be followed by counties.

(1) The State Aid Engineer shall allocate annually the amount of the state

aid road allocation of a county that is requested by such county for use in the construction, reconstruction and paving of local system roads in the county if the county has met the requirements of this chapter; provided, however, that the State Aid Engineer shall not allocate more than twenty-five percent (25%) of the annual state aid road allocation of a county for such purposes.

(2) The State Aid Engineer shall allocate annually the amount of the Local System Bridge Replacement and Rehabilitation Program allocation of a county that is requested by such county for use in the construction, reconstruction and paving of local system roads in the county if:

(a) The State Aid Engineer has certified, pursuant to Section 65-37-7, that all the local system bridges within the county have a sufficiency rating of greater than fifty (50) or that all such bridges within the county with a sufficiency rating of fifty (50) or less are currently under contract for replacement or rehabilitation; and

(b) The county has met the requirements of this chapter.

(3) The State Aid Engineer shall establish specific designs and standards to be followed by such counties in the construction, reconstruction and paving of local system roads. The specific designs and standards shall be based upon policies on geometric design of local rural roads, highways and streets adopted and published by the American Association of State Highway and Transportation Officials.

HISTORY: Laws, 2001, ch. 492, § 5, eff from and after July 1, 2001.

Cross References — Eligibility of counties for expenditures of funds, and conditions thereof, see § 65-37-7

§ 65-18-11. Conditions for eligibility.

(1) In order for a county to be eligible to utilize its Local System Bridge Replacement and Rehabilitation Program allocation or any of its state aid road funds for the Local System Road Program, a county must meet the following conditions:

(a) The county has employed a county engineer, together with such other technical assistance as is necessary to carry out the duties of this chapter, the same as provided under the provisions of Section 65-9-15, for its state aid road system and, through its official minutes, has authorized the county engineer to perform the necessary engineering services connected with the Local System Road Program. The county engineer shall prepare the necessary plans and designs for all construction projects, including state aid projects and projects provided under this chapter. He also shall provide engineering supervision for the construction of such projects and shall approve all estimate payments made on the projects. Engineering cost for any project performed under the Local System Road Program may be paid from any funds allocated to a county under the program; however, the maximum fee paid to an engineer shall not exceed twelve percent (12%) of the final construction cost. No such cost shall be reimbursed to the county before the letting of the project; and

(b) The county has presented a plan for the construction, reconstruction and paving of a local system road which plan has been made and approved by the county engineer of the county, showing the specific road or project to be improved, stating the condition of the existing roadbed, drainage and bridges and outlining the type of construction or reconstruction to be made and the designs and specifications therefor including the paving of the road and the sources of revenue to be used and the sources and types of material to be used thereon. The plan shall be presented to the State Aid Engineer for the initial approval of the beginning of a project to receive monies.

(2) After the initial approval of the plan and plans as specified in subsection (1)(b) of this section has been made by the State Aid Engineer, the county shall be eligible to receive all funds made available to the county under the Local System Road Program to be used exclusively for the construction, reconstruction or paving of the local system road. The project may be done either by contract or by using county equipment and employees. It shall be according to the original plan or any amendments thereto which have been approved by the State Aid Engineer. The board may use county equipment and employees if the construction can be accomplished at a more reasonable cost than can be achieved by contract.

HISTORY: Laws, 2001, ch. 492, § 6, eff from and after July 1, 2001.

Cross References — County engineer, see § 65-9-15.

§ 65-18-13. Rights-of-way.

All rights-of-way and adjustments for utilities necessary for Local System Road Program projects must be acquired or performed by the boards of supervisors in the manner provided by law for the acquisition of rights-of-way, including gift, purchase, deed, dedication and eminent domain; however, no part of the cost of such rights-of-way may be paid from Local System Road Program funds.

HISTORY: Laws, 2001, ch. 492, § 7, eff from and after July 1, 2001.

§ 65-18-15. Contracts to be advertised for bidding.

Contracts for the construction of local system road projects must be advertised and let by the board of supervisors of the county in the manner required by law. Before advertising for bids, plans and specifications covering the proposed work shall be prepared by the county engineer and filed in the chancery clerk's office of the county. Copies of the plans and specifications shall be subject to inspection during regular office hours and shall be made available to all prospective bidders upon such terms and conditions as may be required by the board and its county engineer.

HISTORY: Laws, 2001, ch. 492, § 8, eff from and after July 1, 2001.

§ 65-18-17. Maintenance, repair and reconstruction of local system roads.

It shall be the duty of the several boards of supervisors to properly maintain all local system roads in their respective counties after construction of any such roads under this chapter. It shall be the duty of the State Aid Engineer and his assistants to make annual maintenance inspections of completed projects, and such other periodic maintenance inspections as the State Aid Engineer shall deem necessary. If essential maintenance is not properly and regularly carried on, in the opinion of the State Aid Engineer, then notice thereof shall be given in writing to the board in default, and if such maintenance is not done and continued within sixty (60) days from date of such notice, then, and in such event, the State Aid Engineer may proceed to have done the necessary maintenance and repair work on such road and charge the same to any funds allocated to such county under the provisions of the Local System Road Program. If such failure to maintain continues, then such county shall be no longer eligible for monies under the Local System Road Program until proper maintenance is resumed by it, and notice of such withdrawal of local system road funds shall be duly given the State Treasurer; however, such ineligibility shall not affect payment under the Local System Road Program of progress or final estimates on contracts awarded before notice of such ineligibility.

Local system roads that have been hard surfaced through the use of local system road funds shall be eligible for local system road funds to provide one or more seal courses, as required. Local system roads in which the grading and drainage structures were constructed under the Local System Road Program and which have been subsequently hard surfaced by the county through the use of county funds under the supervision of the county engineer shall likewise be eligible for local system road funds to provide one or more seal courses as required, provided that the hard surfacing and underlying base were constructed in accordance with the then prevailing local system road standards and specifications. The county shall furnish the State Aid Engineer with sufficient engineering data, including borings and tests, if necessary, to substantiate the required thickness and quality of the base and surfacing. The correction of base defects and pavement breaks may be made part of the plans and contract documents for each sealing project.

Local system roads that were constructed in accordance with the then prevailing local system road standards and specifications shall be eligible for local system road funds for maintenance, repair and reconstruction, subject to the prior written approval of such work by the State Aid Engineer and subject to the work being completed in accordance with the prior written approval.

§ 65-19-1. Creation of separate road districts.

- (1) Separate road districts, composed in whole or in part of one or of more

than one supervisors' district, may be created and organized by the board of supervisors of any county (a) upon its own initiative or (b) upon petition as follows:

(a) Whenever in the judgment of the board the public interest and the interest of the proposed district will be promoted by the creation and organization of a separate road district, the said board shall determine the boundaries of the district in such manner as the existing public highways, the territory tributary thereto, the engineering and topographical conditions, and other pertinent considerations render expedient, and shall accurately define the said boundaries by land numbers, by natural boundaries, by metes and bounds, or by combinations thereof, so long as said description may be clearly understood or would be sufficient as a description in a deed of conveyance. The board shall enter an order declaring its intention to create and organize a separate road district according to the boundaries so defined and made a part of said order.

(b) When a petition or petitions containing the boundaries of a proposed district, defined and bounded as hereinbefore required, signed by twenty per cent. of the qualified electors of the proposed district has been filed and presented to the board, requesting the creation and organization of a separate road district composed of the territory aforesaid, it shall be the duty of the board to make an order reciting the fact and to proceed thereupon with said proposal as is hereinafter provided.

(2) No road district shall hereafter be created which has an assessed value of property therein of less than Five Hundred Thousand Dollars (\$500,000.00), according to the last completed assessment for taxation, but this limitation shall not apply to the consolidation of existing road districts.

§ 65-19-3. Publication of notice.

Whenever the proceeding has been initiated or proposed by either of the methods above provided, the said board shall cause notice to be published of the said proposal, which notice shall be sufficiently full to fairly apprise all persons in interest of the character and objects of said proposal. The notice shall fix a time and place when and where the board of supervisors will hear objections to the creation of said district and to the bringing of any of the defined territory within said district. Said notice shall be published in a newspaper of general circulation published in the county once a week for three weeks prior to the date of the hearing fixed in said notice; the first publication shall be not less than eighteen nor more than forty days prior to said date. If there be no newspaper published in the county in which the territory is located, the notice shall be published in some newspaper having a general circulation therein.

§ 65-19-5. Amount of bonds to be preliminarily estimated.

If the board of supervisors of its own motion initiates the proceedings, it shall make a careful preliminary estimate of the probable amount of the bonds of the proposed district that will be required to be issued by the district; and if the proposal be made by petition, then the petitioners shall make a like estimate and recite the same in their petition or petitions. The preliminary orders of the board in either case shall recite the said proposed or probable amount of the bonds to be issued, and the notice required under Section 65-19-3 shall contain a like recital. But said estimates, whether by the board or by the petitioners, shall be deemed no more than estimates and, if the district be created, shall not be controlling upon the amount of bonds subsequently to be issued, whether more or less, as future necessity may require.

§ 65-19-7. Hearing of objections.

At the time and place named in said notice, or at any other time or place not later than fifteen days thereafter which may be designated by said board, said board of supervisors shall meet and shall hear remonstrances or objections to the creation of said road district or to the bringing of any part of said

territory within the district, shall pass upon and determine the sufficiency of the petition, the boundaries of the district to be created, or the territory to be placed therein, and shall make such orders as justice and equity shall require. The board of supervisors upon said hearing is hereby vested with full authority to decline to create the district or to exclude from said district any lands named in its previous order or in said petition which, in the discretion of said board, should not be included in said district. If it be determined to create the district, the order to that effect shall clearly define the territory to be included therein, which territory and district may be described by a reference to supervisors' districts or to fixed and known boundaries of the county or of any subdivision thereof, or by specifying the lands included by range, township, and section or lot, or by defining the metes and bounds. The said order shall designate said district or territory by some suitable name, or the district or territory may be designated "road district No. _____ of _____ county, or road district of _____ county."

If at the time of the said hearing twenty-five percent (25%) of the qualified electors of such proposed district petition against its creation or against the amount of the bonds proposed, then the district shall not be created unless at an election, ordered by the board of supervisors for the purpose, a majority of the qualified voters of such district, voting in such election, vote in favor of the creation of the district; the board of its own motion may order an election with like effect as if ordered under the foregoing proviso.

§ 65-19-9. Extension of road beyond the limits of district.

If the qualified electors petitioning for the creation and organization of a separate road district shall so desire, they may petition, in addition, that the proceeds of the sale of said bonds may be used to extend and build roads beyond the limits of such district and that a tax be levied on such district or districts to pay such bonds and maintain such roads, in which case it shall be the duty of the board, in publishing the notice as hereinbefore provided, to add thereto notice of the further purpose to use part of the proceeds of said bonds in building and maintaining roads in other territory, naming the said other territory; and to levy taxes for that purpose. In any election ordered therein, the further question shall be submitted to the electors, whether such roads are to be so extended or not, which shall be submitted as follows: "For the extension of roads into other districts," or "against the extension of roads into other districts." If said election result in favor of such action, determined and adjudicated in like manner by the election commissioners and board of

supervisors, as required by law, then the said road commissioners shall, with the approval of the board of supervisors, have the power to extend said roads into other districts and pay for the same out of the proceeds of the sale of said bonds, and levy a tax to maintain the same on such district consenting thereto, as provided for in this chapter.

§ 65-19-11. Consolidations and additions.

In like manner and under like conditions as mentioned in the preceding sections, (a) separate road districts heretofore or hereafter created may be consolidated into a single separate road district; (b) a separate road district may be created from parts of two or more districts heretofore or hereafter created, or from territory partly of such a district or districts and partly of territory not theretofore in any separate road district; and (c) suitable territory, whether within or without a separate road district, may be added to an adjoining separate road district. All the qualified electors residing in each of the component parts of the territory proposed to be consolidated or joined in or added, as well as of the proposed district when completed, shall have the right to be heard and to vote in any election held as a part of said procedure. If twenty-five percent (25%) of the qualified electors in any one of the component parts aforesaid of the proposed territory or a like percent of the entire territory so petition, the board shall order an election and, unless at said election the qualified electors of each of the said component parts counted separately and a majority of the entire proposed new district counted in the aggregate shall favor the proposal, it shall not be allowed and the proposal shall be ordered rejected.

§ 65-19-15. Previous obligations.

When a separate district has been established or abolished under Section 65-19-11 or Section 65-19-13, the said establishment or abolishment shall not release the territory or taxable property or persons of the former district or districts or parts thereof from assessments for the benefit and purposes of the original district or districts or parts thereof, nor impair nor in any wise release the property or persons in the new district so established from assessment and liability for the payment of the debts and obligations of the original district. In the respects last aforesaid, the creation of such new district as in the foregoing sections provided shall in no wise change the lines or territorial construction and integrity of the original district or districts or parts thereof from which such new district may be formed. In event a separate road district is consolidated or added to or otherwise established or abolished, as in the foregoing sections provided, out of territory embraced in whole or in part within any district that has outstanding bonds or loan warrants or other valid indebtedness, the board of supervisors shall annually levy a tax on the territory that originally issued said bonds or loan warrants or incurred the indebtedness, in accordance with the contract under which such indebtedness was created, until the same is fully paid.

Any party aggrieved by the order of the board of supervisors creating a road district or bringing territory therein, as herein provided, may appeal to the circuit court from the order of said board of supervisors as now provided by

law for appeals from the orders of boards of supervisors, or may sue at law or in equity for relief therefrom; however, no action or suit attacking the validity of the said order, or in any manner questioning the same, shall be begun after the expiration of sixty days from the date of making or entering the said order. From and after the expiration of said period of sixty days, if no suit be filed or appeal taken as herein provided, the determination of the board of supervisors as to said matters shall be final, and the territory defined in said order of said board of supervisors shall constitute a road and taxing district of the state to which is delegated the power hereinafter mentioned to levy general ad valorem taxes upon all of the taxable property of said district assessed for state and county taxes, for the purpose of constructing and maintaining or repairing roads and highways, or for the payment of the principal and interest of any bonds issued for that purpose in the manner provided by the general laws.

If under the foregoing sections an election is held and the majority vote in favor of the district proposed, the appeal to the circuit court hereinabove mentioned shall not lie or, if taken, shall be dismissed.

Miss. LEXIS 163 (Miss. 1930).

§ 65-19-21. Supervisors to provide for election.

In any election held under the provisions of this chapter in respect to the creation of, or addition to, separate road districts, the board of supervisors shall have the power to fix the place and provide for holding the election by the qualified electors of such territory, whenever the voting precincts as fixed for general elections will not be convenient or suitable.

HISTORY: Codes, Hemingway's 1917, § 7167; 1930, § 6429; 1942, § 8379; Laws, 1914, ch. 176; Laws, 1920, ch. 277.

§ 65-19-23. Result of election.

Such election shall be held so far as practicable in accordance with the laws regulating general elections in this state; however, in order to authorize the creation of such proposed road district, a majority of the qualified electors residing in such territory shall vote in favor of such creation. When the election commissioners of the county shall have received returns of said election and have declared the result thereof, they shall, after having canvassed the same, forthwith make returns of said election to the board of supervisors by filing with the board of supervisors a certificate stating the number of votes cast in favor of the creation, the number of votes cast against the creation, and the number of qualified electors residing in the territory proposed to be created into a road district. The number of qualified electors residing in said territory shall be determined at the meeting of the election commissioners first preceding said election, as required by Section 23-5-79, Mississippi Code of 1972. At its next meeting after it has received said returns, the board of supervisors shall adjudicate whether or not a majority of the qualified electors of the territory have voted in favor of the creation of said road district, from the findings of the election commissioners as herein required.

Should the result of such election show that it has carried in favor of the creation of the district by a majority vote of the qualified electors residing in the proposed district, then it shall be the duty of the board of supervisors to issue the bonds of such district in the necessary amount, not to exceed ten percent (10%) of the assessed value of all taxable property of the district. The amount within this limit shall be fixed by the commissioners hereinafter provided for, subject to the approval of the board of supervisors, such bonds to be issued and sold either all at one time or in installments from time to time as funds are needed for the construction of such highway or highways, in the discretion of the commissioners and the board of supervisors. Any county, supervisor's district, part of supervisor's district, or districts which have

heretofore issued bonds in said county, supervisor's district, parts of supervisor's district, or districts for road purposes may, under the provisions of this chapter and in pursuance thereof, issue bonds in addition to those already issued, provided that the total amount of bonds for road purposes outstanding and to be issued shall not exceed ten percent (10%) of the assessed value of all the taxable property of the district.

§ 65-19-25. General provisions for bonds.

The bonds issued under authority hereof shall mature not later than twenty-five (25) years from the date of their issuance; shall bear interest at such rate or rates, provided that the bonds of any issue shall not bear a greater overall maximum interest rate to maturity than that allowed in Section 75-17-101, payable annually or semiannually, as the board of supervisors shall direct; shall be exempt from all taxes, and shall be payable in annual installments, the amount to be paid each year to be fixed by the board of supervisors when the bonds are issued. All such bonds, with interest coupons if any attached, shall be lithographed with suitable devices to prevent counterfeiting; shall be in denominations to be fixed by the board of supervisors; shall be registered by the clerk of the board of supervisors in a book to be kept for that purpose; shall be numbered as provided by the board of supervisors, and shall be signed by the president of the board and countersigned by the clerk, who shall impress the seal of the county upon each bond as it is issued. The coupons, if any, shall be lithographed with the facsimile signatures of the president and clerk of said board, and every such bond shall specify on its face the purpose for which it was authorized and the total amount authorized to be issued. Each bond shall be made payable to a person by name, or may be made payable to bearer without any name, such bonds to be entitled "Road bonds of ," describing by name or number the territory created and organized into a road district. Such bonds shall not be sold for less than their face value; and the board of supervisors of each county shall levy annually a special tax upon all the taxable property of the district to be used exclusively in paying the interest on the bonds and providing a sinking fund for their redemption.

Notwithstanding the foregoing provisions of this section, bonds referred to hereinabove may be issued pursuant to the supplemental powers and authorizations conferred by the provisions of the Registered Bond Act, being Sections 31-21-1 through 31-21-7.

§ 65-19-27. District road commissioners.

It shall be the duty of the board of supervisors in case the election shall result in favor of the creation of the district, at its next regular meeting or any subsequent meeting, to appoint three commissioners, who shall be qualified electors of the district and real estate owners therein, who shall hold office for a term of four years from the time of their appointment and until their successors are appointed by the board of supervisors, whose duty it shall be to have the management and supervision of the construction and maintenance of the roads built under the provisions hereof, subject to the approval of the board of supervisors, and for their services shall be paid their actual expenses, not exceeding one hundred dollars each per annum. The board of supervisors may remove any commissioner, for cause or at pleasure, at any time and fill the vacancy thereby caused; and the board may, at any time after the roads within a district have been constructed by the proceeds of bonds sold, discontinue the commissioners, proceed to administer the fiscal affairs of the road district in the manner authorized by law, and make tax levies without recommendation of the commissioners on all taxable property in such district or districts. The commissioners may employ an attorney, if necessary, and pay him a reasonable compensation.

§ 65-19-29. Duties of commissioners.

It shall be the duty of such commissioners, subject to the approval of the board of supervisors, to determine and fix what road or roads shall be constructed, or constructed and maintained, or maintained in the district out of the proceeds of the sale of bonds and the levy of taxes. It shall be their duty to let all contracts for the construction, or for the construction and maintenance, or for the maintenance of such roads in the manner provided by law for the letting of contracts for public work by the board of supervisors. It shall be their duty to employ a competent engineer to survey and lay out the road or roads in the district as they shall determine upon, whose duty it shall be to make an estimate of the cost of constructing and maintaining such highway or highways for each separate mile covered by such survey and to report the survey and estimate to said commissioners before contracts are let for the construction or for the construction and maintenance of such highway or highways. Said commissioners shall have the power to adopt or reject such survey and estimate and in the latter event to have another made. When adopted, it shall be their duty to report the same to the board of supervisors, whose duty it shall be to order the clerk of said board to file the same among the records of the office, spread the same on the minutes of the board, and make an order adopting such survey and estimate so reported and adopted by the commissioners. All of said acts of said commissioners shall be subject to ratification or rejection by the board of supervisors.

JUDICIAL DECISIONS

1. In general.

A Board of Supervisors is authorized to levy a tax on the property of a supervisors' district only and not on the property of the entire county for the special purpose of paying outstanding loan warrants issued by such district, the collective tax becoming part of the district road fund. *Yazoo & M. V. R. Co. v. Harvey*, 188 Miss. 665, 196 So. 512, 1940 Miss. LEXIS 80 (Miss. 1940).

This section seems to require the concurring judgment of the road commissioners and the board of supervisors as to the proprieties and necessities in connection with the issuance of indebtedness against the road districts; so where the consent of both the road commissioners and the board of supervisors is required, the latter alone could not issue tax anticipation notes to raise funds for the construction of a highway in a supervisors' district. *Illinois C. R. Co. v. Carroll County*, 189 Miss. 206, 196 So. 242, 1940 Miss. LEXIS 106 (Miss. 1940).

Issuance of tax anticipation notes to raise funds to construct a highway in a supervisors' district of the county under

statutory provision applicable only to the issuance of such notes for county wide purposes was not validated by a statutory provision permitting issuance of such notes for an indebtedness against a road district with the concurring judgment of the board of supervisors and the road commissioners, and accordingly taxes collected to pay off such tax anticipation notes should be refunded. *Illinois C. R. Co. v. Carroll County*, 189 Miss. 206, 196 So. 242, 1940 Miss. LEXIS 106 (Miss. 1940).

Where the board of supervisors, proposing to borrow money in anticipation of taxes for the construction of a road in a supervisors' district of the county, gave notice under statutory provisions applicable only to the issuance of tax anticipation notes for county wide purposes, and did not notify the taxpayers of their purpose to issue the notes under a statute providing for their issuance when consented to by both the road commissioners and the board of supervisors, taxes collected therefor should be refunded. *Illinois C. R. Co. v. Carroll County*, 189 Miss. 206, 196 So. 242, 1940 Miss. LEXIS 106 (Miss. 1940).

§ 65-19-53. Roads and bridges constructed and maintained.

When the funds arising from the road district bonds shall have been expended in the construction of roads and the contracts for construction of roads have been completed, then the road engineers, by and with the consent of the board of supervisors, are hereby authorized and empowered to purchase teams, implements and material, employ labor, work said roads and build bridges, and may do all things necessary to be done to work, maintain and

improve the roads and build bridges, as herein provided; but all contracts for material and supplies shall be made according to state law governing public purchases, as provided in Sections 31-7-1 et seq., and all labor shall be employed by and under the direction of said engineers, by and with the consent of the board of supervisors. If the road district be composed of only a part of a supervisors district and the principal of the bonds issued does not exceed Fifty Thousand Dollars (\$50,000.00), the road engineers, by and with the consent of the board of supervisors, are hereby authorized and empowered, in their discretion, to purchase and hire teams, implements and material and employ labor to build and work said roads and build bridges, and may do all things necessary to be done to construct, work, maintain and improve the roads and build bridges, as herein provided; but all contracts for material and supplies shall be made on and after competitive bids for the same, except as otherwise provided by law, and all labor shall be employed by and under the direction of said engineers, by and with the consent of the board of supervisors. The board of supervisors may use any teams and implements which it owns to assist on the roads of such district; and the like authority may be granted by the board for the maintenance of the roads, as to those not under construction, during the period when the roads or some of them are being constructed.

When the funds raised in any separate road district by bond issue have been expended and the contracts for road construction have been completed under the methods of building roads authorized by law, it shall be lawful for the road commissioners of any such road district, by and with the consent of the board of supervisors, to turn over to the county in which such road district is situated the roads so constructed. It shall then become the duty of the board of supervisors of such county to maintain and keep up such roads in place and stead of and in the same manner as the road commissioners of such district, and manage in place of said commissioners all of the fiscal affairs of said road district. The funds of each district shall be kept separate and applied to the district in which it was collected.

§ 65-19-61. Board of supervisors; powers and control.

The board of supervisors of the county in which a road district organized under this chapter is situated shall have plenary power of supervision and control over all of the official acts of the road commissioners and the road superintendent, and shall refuse to ratify or confirm any contract or report of any action of such commissioners or superintendent, when the same is reported to them, which is not for the best interest of such district. They shall require the letting of contracts and the purchase of teams, materials, lumber, supplies, and all other property for the use of the district to be made after

advertisement and competitive bidding when such method is deemed likely to best subserve the interest of the district and be most economical.

JUDICIAL DECISIONS

1. In general.

Statutes were construed as requiring construction of culvert from district and not bridge fund, the words "bridge" and "culvert" not being synonymous. *Williamson v. Hossley*, 127 Miss. 505, 90 So. 184, 1921 Miss. LEXIS 252 (Miss. 1921).

Supervisor's failure to use certain fund did not invest highway commissioners or taxpayers with right to recover money paid from special fund. *Shell v. Monroe County*, 125 Miss. 562, 88 So. 162, 1921 Miss. LEXIS 141 (Miss. 1921).

§ 65-19-69. Supervisors may acquire rights of way.

The board of supervisors are authorized to acquire rights of way for the roads proposed to be constructed in said district, in the manner now prescribed by law for the acquisition of the rights of way for roads. Such rights of way shall be of necessary width, and if it be deemed necessary to acquire rights of way for such roads in excess of thirty feet, then the board of supervisors is authorized to acquire same up to any width deemed by them to be necessary for such road.

§ 65-19-71. Road superintendent.

There may be selected by the road commissioners, subject to the confirmation of the board of supervisors, a competent road superintendent, whose compensation shall be fixed by the board of supervisors, who shall hold his office for one year unless sooner removed, and who shall give a good and sufficient bond for the faithful performance of his duties. Such superintendent shall work under the direction of the road commissioners and may require any

or all directions given him by the commissioners to be in writing. He shall give his whole time to the working of the roads in the district except when the commissioners, on account of weather or other conditions, may direct him otherwise. All labor employed on the roads in the district shall be employed by the superintendent and shall be under his control and direction, but the wages paid or agreed to be paid such labor shall be subject to revision and correction by the road commissioners. The superintendent shall file each month with the road commissioners a payroll showing the name of each laborer, the number of days each worked, and the amount due him. When this payroll shall have been approved by the commissioners and transmitted to the board of supervisors and approved by them, warrants on the road fund of the district shall be issued in accordance therewith.

It shall be his duty to care for and preserve the same, and he and his bondsmen shall be responsible for the proper care and safekeeping of such property and the economical use of the supplies and materials. He shall make a monthly report to the commissioners, which shall be forwarded by them with their recommendations or criticisms to the board of supervisors. Such report shall be a complete inventory of such property, showing the present number, amount, and condition of such property and what was used since his preceding report.

The road superintendent shall have the power to purchase nails, lumber, tools, and other things necessary, where the need for the same is immediate and the value of said purchase does not exceed Fifty Dollars (\$50.00). In cases of emergency he shall have power to contract for the immediate repair of a bridge, causeway, culvert, or a bad place in the road, provided such contract is not for a sum greater than Fifty Dollars (\$50.00) and the need of the repair immediate and urgent. Such purchases and contracts shall be subject to ratification by the road commissioners and the board of supervisors.

JUDICIAL DECISIONS

1. In general.

Municipality cannot surrender duty of keeping streets, alleys, and sidewalks in reasonably safe conditions. *Town of Senatobia v. Dean*, 157 Miss. 207, 127 So. 773, 1930 Miss. LEXIS 278 (Miss. 1930).

County and municipality, excavating or lowering grade of street in construction of highway, were liable for damages to prop-

erty abutting thereon. *Tishomingo County v. McConville*, 139 Miss. 589, 104 So. 452, 1925 Miss. LEXIS 177 (Miss. 1925).

Municipality must keep streets in reasonably safe condition for travel and is not relieved of such duty by this section. *Atkinson v. Decatur*, 131 Miss. 707, 95 So. 689, 1923 Miss. LEXIS 219 (Miss. 1923).

Municipality cannot escape liability for injury by defective bridge on streets by reason of assumption of jurisdiction thereover by county officers. *Atkinson v. Decatur*, 131 Miss. 707, 95 So. 689, 1923 Miss. LEXIS 219 (Miss. 1923).

§ 65-19-83. Benefit district roads.

Whenever the owners of not less than one-half of the land bordering on or adjacent to any section of road established shall petition for a survey and estimate of the cost of building the road in a substantial and permanent manner of stone, gravel, chert, slag, brick, a combination of such material, or of any material equally durable and economical, the board may cause a survey and estimate to be made by a licensed civil engineer. Whenever thereafter the petitioners shall present to the board a map or description of the land which in their opinion would be directly benefited by the construction of such road, together with the written requests of the owners of not less than three-fifths of such land asking that all lands so benefited be assessed in proportion to the benefit conferred to pay one-third of the cost of construction, the board may levy and collect a special tax on such lands sufficient to pay one third of the cost thereof. Such lands shall be known as the benefit district of such section of road.

OPINIONS OF THE ATTORNEY GENERAL

A board of supervisors of a countywide road system may not agree to a cost sharing arrangement with non-subdivision

owners similar to that permitted by this section for separate road district counties. Brown, Oct. 24, 2003, A.G. Op. 03-0477.

§ 65-19-85. Assessment of benefit district lands.

The board, in assessing the benefits derived by any land in such district, shall consider only its proximity to the road and its market terminus. No benefit assessment shall be made on any lands when the distance between it and the nearest point on the road is greater than three tenths of the distance from such point on the road to the market terminus of the road, and no benefit assessment shall be made on any land more than three and one-half miles from the road. Any subdivision of a section of land containing forty acres, more or less, for the purposes of the benefit assessment may be included in such district if one fourth thereof is within the lines of the district. The board may collect from a benefit district an amount equal to One Thousand Dollars (\$1,000.00) for each lineal mile of road constructed therein, and no more, except interest on the amount that may be expended twelve months or more in advance of the collection of any tax. The board shall not undertake the construction of any road when the estimate indicates that the total cost will exceed Thirty-five Hundred Dollars (\$3,500.00) per mile.

§ 65-19-87. Collection of benefit district taxes.

The board shall provide for the collection of taxes from the benefit district in such annual installments as it may determine, extending over not more than fifteen years, and may borrow money in advance of the collection of such taxes, in which event an amount sufficient to pay the annual interest shall be collected in addition to the principal. The taxes so assessed and levied shall be a lien upon the land and be collected at the same time and in the same manner that state and county taxes are collected. A separate assessment roll shall be provided by the board, and the assessor shall assess the lands in each benefit district separately, together with the benefit tax assessed thereon. He shall also mark in red ink on the general assessment roll the particular lands the benefits of which have been assessed.

Construction and improvement of unpaved streets or roads within developed subdivisions upon petition of lot owners, see § 65-19-88.

§ 65-19-88. Construction and improvement of unpaved streets or roads within developed subdivision.

(1) Whenever the owners of not less than one-half ($\frac{1}{2}$) of all lots bordering on any unpaved, dedicated public street or road within a developed subdivision located outside the boundaries of any incorporated municipality of a county petition for a survey and estimate of the cost of building and paving the street or road in a substantial and permanent manner of asphalt, blacktop, concrete or other such material equally durable, the board may cause a survey and cost estimate thereof to be made by a licensed civil engineer. Thereafter, if at least three-fifths ($\frac{3}{5}$) of such landowners sign and file a petition with the board of supervisors, along with a map or description of the lots bordering such street or road and designating the owners of all lots bordering thereon, requesting such street or road to be paved with the costs thereof to be charged or assessed against the owners of such lots bordering thereon, the board of supervisors may proceed to the paving and permanent construction of such street or road. The entire costs of paving and permanently constructing such street or road within the subdivision shall be paid by the owners of the lots bordering on the street or road so improved within the subdivision only by either, at the option of each such lot owner, a lump sum, one-time payment or by a special tax imposed by the county on the lots sufficient to pay such lot owner's proportionate share of the total costs. A lot owner's share of the total costs for building and improving such street or road shall be determined according to the proportion which the number of lineal feet of a lot owner's lot which borders on the improved street or road bears to the total number of lineal feet of improved street or road.

(2) If one or more lot owners elect to pay their share of the costs of improving a street or road under subsection (1) of this section by means of a special tax on their lots, then the board shall provide for the collection of taxes from the lot owners thereof in such annual installments as it may determine, extending over not more than twenty (20) years, and may borrow money in advance of the collection of such taxes, in which event an amount sufficient to pay the annual interest shall be collected in addition to the principal. The taxes so assessed and levied shall be a lien upon the lots and be collected at the same time and in the same manner that state and county taxes are collected. A separate assessment roll shall be provided by the board, and the assessor shall assess the lots of each lot owner separately, together with the special tax assessed thereon. He shall also mark in red ink on the general assessment roll the particular lots which have been so assessed.

(3) The provisions of this section shall not be construed as amending or repealing the provisions of Sections 65-19-83 through 65-19-87, but shall be supplemental and additional to the provisions contained therein.

HISTORY: Laws, 1989, ch. 497, § 1, eff from and after July 1, 1989.

OPINIONS OF THE ATTORNEY GENERAL

If one person owns five of twenty-two lots, that person gets five votes pursuant to Miss. Code Section 65-19-88. Jones, Jan. 25, 1993, A.G. Op. #92-1017.

When second sentence of Miss. Code Section 65-19-88(1) refers to "three-fifths of such landowners", it means three-fifths of owners of all lots bordering on unpaved street; it does not mean three-fifths of one-half of owners, as referred to in first sentence of Miss. Code Section 65-19-88(1). Jones, Jan. 25, 1993, A.G. Op. #92-1017.

Local board has discretion to require greater number of lot owners to sign petitions than is required by Miss. Code Section 65-19-88, since that statute is couched in terms of language, such as "the board may cause a survey" and "the board of supervisors may proceed". Jones, Jan. 25, 1993, A.G. Op. #92-1017.

Statute provides only that three-fifths of all landowners of lots bordering unpaved street file and sign petition to request board of supervisors to pave road; it does not require that lot owners of all roads in subdivision must agree. Jones, Jan 20, 1994, A.G. Op. #93-0861.

The board may not mix the provisions of Section 17-21-51 and 65-19-88 to borrow money to pave the roads or streets within a subdivision under the authority and

procedures established by Section 65-19-88. Sherard, May 17, 1995, A.G. Op. #95-0209.

Under Section 65-19-88, a board may not increase the percentage of landowners required to sign and file a petition calling for the paving of a public street to one hundred percent. Sherard, May 17, 1995, A.G. Op. #95-0209.

Section 65-19-88 authorizes a county board of supervisors to borrow money in advance of the collection of taxes for the improvement of a street or road within a subdivision from the land owners bordering such street or road. Lauderdale, June 15, 1995, A.G. Op. #95-0395.

The costs of improvements to unpaved roads within developed subdivisions shall be assessed upon a lineal footage basis and not equally per unit parcel. Lauderdale, March 13, 1998, A.G. Op. #98-0134.

Interest upon obligations of a county incurred pursuant to the statute are exempt from income taxation by the State of Mississippi. Sherard, July 24, 1998, A.G. Op. #98-0436.

Subdivision owners whose lots adjoin private gravel roads may not use the provisions of subsection (2) of this section to share the paving costs by means of a special tax. Brown, Oct. 24, 2003, A.G. Op. 03-0477.

65-21-21.	Bond issue for bridges connecting districts.
65-21-23.	Bridges over rivers at county boundaries.
65-21-25.	Bridges at intersection of river flowing from one county to another.
65-21-27.	Bridges within municipalities.
65-21-29.	Supervisors to finance municipal bridges.
65-21-31.	Written directive from Department of Transportation to close bridge under jurisdiction of political subdivision or municipality to prevent loss of federal transportation funding to state; retention of jurisdiction by political subdivision or municipality; duration of bridge closure; failure of political subdivision or municipality to comply with directive.

§ 65-21-1. Width of bridges and culverts.

All culverts hereafter built, rebuilt, or placed in any public road in this state shall be not less than the full width of the crown of the roadway, and shall have guide or warning posts on either side. All bridges hereafter built, rebuilt, or placed in any public road of this state shall be built the full width of the crown of the roadway where the same is sixteen feet wide or less, and on roads having a greater width than sixteen feet the bridges shall be not less than sixteen feet wide; and all bridges hereafter built or rebuilt shall be built with banisters on either side. This section shall not apply to temporary bridges and culverts on detours; and all public highways in this state within the area of, or contingent to, any national reforestation project, which have been or may be taken over, constructed, or reconstructed by this department of the national government, may have bridges or culverts the width of said highways, but not less than twelve feet.

JUDICIAL DECISIONS

1. In general.

Mississippi Department of Transportation (MDOT) was not immune in a wrongful death claim alleging that a failure to place warning signs around a highway culvert, as required by Miss. Code Ann. § 65-21-1, resulted in an auto accident that caused the decedent's death because § 65-21-1 imposed a ministerial duty, and, as Miss. Code Ann. § 63-3-301 and Miss. Code Ann. § 63-3-303 included no language suggesting abrogation or repeal of § 65-21-1, that section-narrowly, precisely, and specifically requiring warning posts around culverts-remained in effect as an exception to the general rule of § 63-3-303 that the MDOT had discretion over such placement; Miss. Code Ann. § 65-21-1 controlled the specific issue of guide and warning posts around culverts, and § 63-3-303 controlled the discretionary placement of traffic devices that were not the subject of a specific statutory mandate. *Miss. DOT v. Nosef*, 110 So. 3d 317, 2013 Miss. LEXIS 143 (Miss. 2013).

Order granting summary judgment in favor of a county's board of supervisors with regard to a properly owner's action for damage to his timberland was affirmed because the board was immune under Miss. Code Ann. § 11-16-9(1)(d). While Miss. Code Ann. § 65-21-1 set the minimum length for a culvert, it did not make the sizing and installation of a culvert ministerial; therefore, such functions were entitled to immunity under Miss. Code Ann. § 11-16-9(1)(d) as a discretionary function. *Fisher v. Lauderdale County Bd. of Supervisors*, 7 So. 3d 968, 2009 Miss. App. LEXIS 175 (Miss. Ct. App. 2009).

Evidence did not establish breach of ministerial duty on part of county supervisors in their individual capacities in connection with replacement of bridge with culvert on county road; while statute required culverts to be not less than full

width of crown of roadway and to have guide or warning posts on either side, there was no evidence that such minimum standards were not met. *Mohundro v. Alcorn County*, 675 So. 2d 848, 1996 Miss. LEXIS 301 (Miss. 1996).

Miss. Code Ann. § 65-21-1 plainly states that certain construction requirements must be met once a governmental entity determines that a culvert is needed; it only sets forth the minimum requirements to be met with regard to the construction of culverts, and any decisions made outside of those minimum requirements are discretionary functions of government. *Barr v. Hancock County*, 950 So. 2d 254, 2007 Miss. App. LEXIS 109 (Miss. Ct. App. 2007).

Placement of a warning sign at a culvert is considered a ministerial function, as set forth in Miss. Code Ann. § 65-21-1. *Barr v. Hancock County*, 950 So. 2d 254, 2007 Miss. App. LEXIS 109 (Miss. Ct. App. 2007).

Summary judgment was properly granted to a county based on sovereign immunity under Miss. Code Ann. § 11-46-9(1)(d) because the decision to backfill a road instead of paving it after the upgrade or installation of a culvert was a discretionary function; even though the failure to place a warning sign was a ministerial function, there was no liability for the county because the condition of the roadway, and not the failure to place the sign, was the cause of the accident. *Barr v. Hancock County*, 950 So. 2d 254, 2007 Miss. App. LEXIS 109 (Miss. Ct. App. 2007).

The construction of county road bridges in accordance with the specifications mandated by § 65-21-1 is a ministerial function because the statute allows no discretion in meeting the minimum specifications for bridge construction; thus, a county supervisor was not protected by qualified immunity in a wrong-

ful death action arising from an automobile collision which occurred on a bridge that was allegedly negligently constructed. *Coplin v. Francis*, 631 So. 2d 752,

1994 Miss. LEXIS 40 (Miss. 1994), overruled, *Little v. Miss. DOT*, 129 So. 3d 132, 2013 Miss. LEXIS 551 (Miss. 2013).

OPINIONS OF THE ATTORNEY GENERAL

Approval of Federal Highway Administration must be obtained before agreement can be entered into by State Highway Commission of Mississippi; since

responsibility for owning, maintaining, and operating particular bridge was granted by Congress, it may be necessary for any transfer of responsibility to be

approved by further act of Congress; this must be considered necessary prerequisite for expenditure of public funds. Tabb, April 5, 1990, A.G. Op. #90-0211.

§ 65-23-3. Toll bridge revenue bonds.

In order to secure funds or a part of the funds for the purpose of acquiring, constructing, owning, operating, improving, extending, and maintaining toll bridges and approaches thereto, all public agencies named in Section 65-23-1 may issue negotiable toll bridge revenue bonds and sell such bonds to the United States government or any authorized agency thereof or other investor or investors. In the event of the issuance and sale of bonds authorized by this article by a public agency, such agency shall charge a reasonable toll for the use of any such toll bridge, the amount of which toll shall be sufficient to pay the reasonable cost of maintaining, repairing, and operating such bridge and to provide a sinking fund sufficient to amortize and repay any such loan, including interest and financing cost, on such terms and within such period of time as may be agreed upon between the borrower and purchaser of such revenue bonds. Such toll shall be used for no other purpose except for the necessary purpose of maintenance and repair of said bridge; and any public body which shall issue bonds under the provisions of this article is hereby authorized and required to fix a toll schedule, alter and change it, and make all necessary provisions for the payment of principal and interest on any such bonds by the fixing, collecting, segregating, and allocating of the tolls and other revenues received from the operation of such bridge or bridges. Such public agencies enumerated above may execute liens, in proper form, and pledge the revenue derived from the toll of such bridges or such bridge and approaches, or both, which are constructed or acquired with funds borrowed as above to the retirement of such bonds. No revenue bonds or no liens securing such bonds shall be repaid in whole or in part from any funds arising from taxation, nor shall any such bonds or liens given under authority of this article constitute a lien on any other property of such public agency, or a pledge of the credit of such agency, unless specifically so voted by a majority of the qualified electors participating in an election held according to law for the purpose of so authorizing. At such time when all moneys borrowed as aforesaid shall have been repaid, together with interest and charges thereon, no further toll shall be charged for the use of such bridges by the traveling public. Bonds shall have semiannual interest coupons attached; such bonds may be made negotiable, may bear interest not to exceed six and one-half percent (6 1/2%) per annum, may mature annually or semiannually, and may contain a clause giving to the

issuing authority the right to redeem any part of said issue of bonds with or without premium, and if with premium then not to exceed two percent (2%). Such bonds may be sold at such time and in such manner as the issuing authority may determine upon. All of such bonds so issued shall mature not more than thirty years after the issuing date thereof. Such bonds shall be payable at such place or places as may be determined upon by the issuing authority, which place of payment shall appear in said bonds. Any provisions of the general laws to the contrary notwithstanding, any bonds or interest coupons issued pursuant to the authorities of this article shall possess all of the qualities of negotiable instruments. The bonds and interest coupons shall be executed in such manner and shall be substantially in the form prescribed in the authorizing ordinance. In case any of the officers whose signature or signatures appear on the bonds or interest coupons shall cease to be such officers before delivery of such bonds, such signatures or counter-signatures shall nevertheless be valid and sufficient for all purposes, the same as though they had remained in office until such delivery. Such bonds shall be sold in such manner and upon such terms as the governing body of the issuing authority or authorities shall determine; but in no event shall the interest cost to maturity exceed six and one-half percent (6 1/2%) per annum. If serial bonds, such bonds shall mature annually or semiannually, and the first maturity date thereof shall not be more than five years from the date of such bonds.

All bonds, maturing annually or semiannually, with all maturities not longer than twenty-five years, with not less than one-fiftieth of the total issue to mature each year during the first ten years of the life of said bonds, and not less than one-twenty-fifth of said total issue to mature annually during the succeeding ten year period of the life of said bonds, shall have the remainder to be divided into approximately equal payments, one payment to mature during each year, or each half year, for the remaining life of the bonds. The bonds and interest coupons shall be exempt from all state, county, municipal, and other taxation under the laws of the State of Mississippi; and the bridge and approaches shall likewise be exempt from all state, county, municipal, and other taxation under the laws of the State of Mississippi. No bonds issued pursuant to this article shall constitute an indebtedness of a municipality or county or taxing district within the meaning of any statute or charter restriction, limitation, or provision. It shall be plainly stated on the face of each such bond, in substance, that the same has been issued under the provisions of this article, that the taxing power of the municipality issuing the same is not pledged to the payment of such bond or interest thereon, and that such bond and interest thereon are payable solely from the revenues of the system to be acquired or improved, for which such bond is issued, unless, as heretofore set forth, a majority of the qualified electors participating in an election for the purpose of issuing such bonds shall have voted other funds toward payment of such bonds.

§ 65-23-5. Enforcement of payment of bonds.

The holders of any bond or interest coupon issued under the provisions of this article may by suit, action, mandamus, or other proceedings at law or in equity enforce or compel performance by the appropriate official or officials of a municipality or public body of any and all acts and duties to be performed by such public body under the provisions of this article and the ordinance authorizing the issuance of such bonds and interest coupons. If there be any default in the payment of the interest and principal of any of said bonds, any court having jurisdiction in the proper action may, upon petition of the holder of any such bond, appoint a receiver to administer and operate the bridge, with power to fix rates and collect charges sufficient to provide for the payment of all bonds outstanding to the payment of which the revenue of such bridge is pledged, to pay the expenses of operating and maintaining such toll bridge, and to apply the revenues of such toll bridge in conformity with the provisions of this article and the ordinance authorizing the issuance of such bonds.

HISTORY: Codes, 1942, § 8437; Laws, 1935, ch. 44.

§ 65-23-7. Power additional to other laws.

The powers conferred by this article shall be in addition to the powers conferred by any other law, general, special or local. This article, without reference to any other statute or to any charter, shall be deemed full authority to purchase, build, improve, own, and operate the revenue producing system by this article authorized; to fix, maintain, and collect toll rates for the facilities afforded by such toll bridge; and to issue and sell bonds by this article authorized; and shall be construed as an additional and alternative method therefor, any provision of the laws of the state or any charter of any municipality to the contrary notwithstanding. Where no funds are pledged as security for bonds to be issued by the municipality or other political subdivision other than the revenues arising from the tolls of the bridge to be purchased, erected, or extended, bonds may be authorized and issued under this article by ordinance incorporating the terms and conditions of said bonds passed by the governing authority of such municipality, county, taxing district, or other political subdivision, which article, resolution, or ordinance shall be spread in full upon the minutes of such political subdivision. It shall not be

necessary to submit same to an election of the qualified voters of such political subdivision unless moneys for the payment of such bonds or interest thereon or maintenance of such bridge, or construction thereof, shall be pledged from taxes or other funds other than the revenue alone arising from the tolls collected on such bridge. In such event the proposition for the pledging of such additional funds and the issuance of such bonds shall be submitted for the approval of same to the voters of the municipality or other political subdivision at a special election called therefor according to law, and after a majority of the qualified electors voting at said election have voted in favor of the proposed bond issue. Where bonds have been authorized under this article, it shall not be necessary to make publication of any ordinance, resolution, notice, or proceedings relating thereto.

HISTORY: Codes, 1942, § 8438; Laws, 1935, ch. 44.

§ 65-23-9. How municipality, etc., may come under article.

Any municipality or county or political subdivision desiring to come under this article, whether such municipality be a special charter municipality or not, may so do and may own, operate, and maintain such toll bridge wholly within the State of Mississippi or partly within the State of Mississippi and partly within any adjoining state, together with all approaches to and from said bridge. This article shall apply to special charter cities simply by resolution of the governing authority thereof, either through resolution or ordinance, and without amendment to the charter of such municipality.

§ 65-23-11. State Highway Commission may aid.

The Mississippi State Highway Commission may, when in its opinion the best interest of the state requires, contribute such an amount of the cost of the construction of such bridge or bridges as it may determine would be to the best interest of the State of Mississippi when such bridge forms a part of or a continuation of the state highway system, or is so connected with the state highway system through the streets of a municipality leading from the approaches of such bridge to the state highway system, and may incorporate any such toll bridge into the state highway system. Such State Highway Commission may, in whole or in part, maintain such bridge as a part of the state highway system, or may leave the maintenance of such bridge to the municipality or other political body acting jointly with such State Highway Commission in the financing and operation of such bridge. In event that the State Highway Commission shall contribute any sums of money towards the creation or acquisition of such bridge and the approaches thereto, said State Highway Commission may or may not, in its discretion, require the repayment of such funds through tolls collected, together with interest on such moneys so

advanced or donated at a rate, to be determined by said State Highway Commission, not to exceed said amount of six and one-half percent (6½%).

JUDICIAL DECISIONS

1. In general.

Where the state gave the riparian owners bordering on Gulf of Mexico, Mississippi Sound and waters tributary thereto, license or the privilege to plant and gather oysters and to build bathhouses and other structures, the privilege or license was subject to superior right of the state to impose an additional public use upon such property already set aside for public purpose without requiring the payment of compensation for it. *Crary v. Where state constructed a bridge across

the bay of St. Louis, which bridge was partly across area of riparian owners who had been granted the privilege and license of planting and gathering oysters and erecting bathhouses and other structures, the state by building this bridge exercised its power to impose an additional public use upon a property which was already set aside for public purposes and the exercise of this power was not taking of property for which compensation must be made. *Crary v. § 65-23-201. Creation of interstate bridge districts on petition.

When fifty or more owners of real property within a proposed district shall file a petition with the chancery court of the county in which the largest portion of the lands of the proposed district are situated, seeking to establish a bridge district for the purpose of constructing, maintaining, and operating an interstate bridge and the approaches thereto embracing their property, said petition shall describe the region or area to be embraced within said district and describe generally the location of said bridge, the proposed plan of financing the construction, maintenance, and operation of said bridge, together with a general idea of its character and expenses, accompanied by a certificate or resolution from the Mississippi State Highway Commission showing the need and necessity for the construction of such bridge; then it shall be the duty of the clerk of the chancery court to enter upon its records an evidence of having filed the petition. After having filed said petition, said property owners or their representatives shall apply to the chancellor in vacation or term time for an order fixing a day and date for a hearing on said petition to determine whether or not the petition should be granted or denied. The chancery clerk, after having received the order fixing a day and date for such hearing, shall thereupon give notice by publication once each week for three consecutive

weeks in some newspaper published and having a general circulation in the county or counties within which the lands of the proposed district are situated, notifying all persons owning property therein to appear before the chancery court on the day and date fixed by said court to show cause in favor of or against the establishment of said district. At the time named in said notice, the chancery court shall meet and hear all property owners within the proposed district who wish to appear for or against the establishment of the district. If it is deemed to the best interest of the owners of real property within said district that the same shall be created under the provisions of this article the court shall enter an order establishing the district as an interstate bridge district, which shall be subject to all of the terms and provisions of this article. Any landowner feeling aggrieved by the order of the court shall have the right of appeal within thirty days from the date the order was entered, and such appeal may be prosecuted in the manner now provided by law.

HISTORY: Codes, 1942, § 8447-21; Laws, 1952, ch. 210, § 1.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Cross References — Construction of bridges generally, see §§ 65-23-1 et seq. Mississippi River bridges, see §§ 65-25-1 et seq.

§ 65-23-203. Hearing on petitions of property owners.

If, upon the hearing provided in Section 65-23-201, petitions are presented to the chancery court signed by property owners within the proposed district who own a majority of the real property in said district as determined by the value thereof, praying that the improvement be made, it shall be the duty of the chancery court to make an order establishing the district without further inquiry; however, this shall not preclude the rights of appeal hereinabove provided. If no such petitions are filed in the chancery court, then the question of whether such improvement be made shall be submitted to a special election held for the purpose. If a majority of those voting in said election approve the improvement, then upon proper certification thereof the matter may be submitted to the chancery court, and the court shall proceed to investigate the matters relevantly before the court. If it is the opinion of the court that such district should be formed, an order may be entered to that effect. The petitions of the property owners in this section referred to may be signed by any person, firm, or corporation owning real property therein; and guardians may sign for their wards, and fiduciaries may sign for the property they represent.

HISTORY: Codes, 1942, § 8447-22; Laws, 1952, ch. 210, § 2.

§ 65-23-205. Appointment of commissioners.

When the chancery court has established a bridge district as hereinabove provided, it shall appoint five owners of real property residing within the

district to act as commissioners. Each commissioner shall take the oath of office required by Section 268 of the Constitution of Mississippi, and shall also swear that he will not directly or indirectly be interested in any contract made by the board of commissioners and that he will well and truly assess all benefits resulting from said improvement.

No commissioner shall be eligible to discharge the duties of his office until the oath herein required has been taken.

The commissioners hereinabove provided shall receive the sum of Ten Dollars (\$10.00) per day for each day, or major fraction thereof, in which they are called upon to attend the meetings of the board, together with necessary travel expenses not to exceed Six Cents (6¢) per mile for miles actually travelled while engaged in the business of their office.

HISTORY: Codes, 1942, § 8447-24; Laws, 1952, ch. 210, § 4.

§ 65-23-209. Employees.

The board of commissioners shall have the power to employ engineers, attorneys, auditors, manager or superintendent, and such other employees as may be necessary for the orderly function of such district, and to fix their respective compensation.

HISTORY: Codes, 1942, § 8447-25; Laws, 1952, ch. 210, § 5.

§ 65-23-211. Plans.

As soon as the board of commissioners shall have formed plans for such bridge and the approaches thereto and shall have ascertained the cost thereof, it shall file the same with the chancery clerk of each county having territory in said district. The plans shall be accompanied by a map showing the location of the bridge and approaches thereto, together with specifications describing the construction and character of the improvement to be made.

HISTORY: Codes, 1942, § 8447-26; Laws, 1952, ch. 210, § 6.

§ 65-23-213. Assessment of benefits.

The board of commissioners shall proceed to assess the lands within the district, shall inscribe in a book the description of each tract, piece, and parcel of land, shall assess the benefits to accrue to each tract, piece, and parcel of land by reason of such improvement, and shall enter such assessment of the

benefits to be derived opposite the description thereof. The assessment shall embrace not merely the lands but all public and corporate roads, railroads, tramroads, and other improvements on the land that will be benefited by the improvement. They shall place opposite each tract, piece, and parcel of land the supposed name of the owner, as shown by the last general assessment of lands within the county; but a mistake in name shall not vitiate or invalidate the assessment, and they may correct evident errors which occur in the assessment list.

When the assessment of benefits is completed the board of commissioners shall subscribe such assessment and file it with the chancery clerk of the county wherein the land is situated, where it may be preserved and kept as a public record. Upon the filing of said assessment of benefits, the chancery clerk of such county shall give notice of such filing by publication once each week for three consecutive weeks in some newspaper having general circulation in the county or counties in which the lands of the district are situated. Said notice shall include a day, not less than thirty days from the date of filing the assessment and not more than forty-five days from the date of filing the assessment, at which time property owners may appear and file objections to such assessment. The board of commissioners shall meet on the date set out in such notice, to hear such objections and to make such corrections and adjustments as may be proper in the case, and shall equalize the assessments according to the benefits to be derived from the special improvement herein provided. After having heard the objections and equalized the assessments, the board of commissioners shall enter its order making such assessments final. Any property owner within the district who feels aggrieved by the order making the assessment final shall have the right, within ten days after said order has been entered, to appeal the assessment to the chancery court of the county in which such property is situated. The appeal from the assessment may be heard by the chancellor in term time or in vacation, and after hearing thereof the chancellor shall enter such order as may be proper in the case. Appeals may be taken from the final order of the chancellor within the time and in the manner now provided by law for appeals from any decree of the court.

When the assessment of benefits has been made final and filed as hereinabove provided, the property owner shall have the right to pay such assessment of benefits in full at any time within sixty days after it became final; but if he does not avail himself of this privilege, the assessment of benefits shall bear interest at the rate of six percent (6%) per annum.

HISTORY: Codes, 1942, § 8447-28; Laws, 1952, ch. 210, § 8.

§ 65-23-217. Tax levy.

After the board of commissioners has completed the assessment as hereinabove provided, it shall have the authority and is hereby directed to levy a tax upon the taxable property of the district, as it may consider necessary to be levied to pay the preliminary expenses of said district. When the rate of taxation is determined by the commissioners, it shall be filed with the tax collector of the county wherein such property is situated, together with a copy of the assessment hereinabove required, which shall be a warrant for the collection of such taxes. The taxes herein levied shall be collected by the tax collector of the county, along with other taxes of the county. For collecting such taxes, the tax collector shall receive the same compensation as is provided by law for the collection of state and county taxes, and the taxes so collected shall be paid over by the tax collector to the board of commissioners of the district at the same time he is required to make settlement with the county for general taxes.

All taxes levied under the provisions of this article shall be payable at the same time and in the same manner as state and county taxes and, upon default, the tax collector shall certify such delinquent taxes to the board of commissioners and shall also file a copy of such delinquent taxes with the clerk of the chancery court, as is now required to be filed for other delinquent taxes. The board of commissioners shall have the same authority and it is hereby required to enforce the collection of delinquent taxes, penalties, and costs by proceeding in the chancery court of the county in which the lands are situated, and may have the lands subject to such tax sold by order of the chancery court.

If the tax first levied shall prove insufficient to complete the improvement or to pay the bonds, both principal and interest, issued by the board of commissioners for such improvement, as the same shall become due and payable, the board of commissioners shall, from time to time, report the amount of the deficiency to the chancery court; and said commissioners shall make such levy or levies upon the property previously assessed for a sum or sums sufficient to complete the improvement and to pay the bonds and interest in the manner as the first levy above provided.

HISTORY: Codes, 1942, § 8447-30; Laws, 1952, ch. 210, § 10.

§ 65-23-221. Bond issue.

In order to carry out the purposes for which the district is organized and created, the board of commissioners may borrow money at a rate of interest not exceeding six percent (6%) per annum and issue negotiable notes or bonds

therefor, signed by the chairman or vice-chairman and the secretary, when authorized by the commissioners, and may pledge all assessments of benefits for the repayment thereof. No bonds issued under the terms of this article shall run for more than thirty years, and all issues of such bonds must be divided so that a portion thereof will mature each year, as other general obligation bonds are now required to be issued.

The board of commissioners shall be required to levy a tax annually and to collect same under the provisions of this article so long as it is necessary and required to pay any bonds or obligations issued under the authority herein granted. The making of such levy of tax on the assessment of benefits and collection thereof may be enforced by proper proceedings in court.

HISTORY: Codes, 1942, § 8447-32; Laws, 1952, ch. 210, § 12.

§ 65-23-225. Tolls.

The board of commissioners herein created are hereby granted the right and power to construct, operate, and maintain said bridge as a toll bridge, and shall have the power to fix and determine, subject to the terms and provisions of the General Bridge Authority Act of Congress, approved August 2, 1946, and any laws amendatory thereof, the tolls to be charged for transit over such bridge for motor-propelled vehicles, wagons, carriages, animals, foot passengers, pipe line or lines, or other persons, firms, or corporations using such bridge; and the rates so prescribed shall be the legal rates demanded and received for such transit. The rates for such tolls may be increased or decreased from time to time by the board of commissioners, subject, however, to the terms and provisions of the above-mentioned act of Congress. The board of commissioners shall make an annual report of all tolls collected to a trustee or trustees representing the bond holders and to the Mississippi State Highway Commission, and one copy of said report shall be filed with the clerk of the chancery court of the county in which the bridge is located. When the bonded indebtedness and all claims and liability have been fully paid and discharged, said bridge shall become a free bridge. The board of commissioners shall thereupon convey all its right, title, and interest in said bridge to the Mississippi State Highway Commission, and said commission shall maintain and operate said bridge as a part of its highway system without cost to the individual user thereof. The tolls so charged and collected for the use of such bridge shall be used as follows:

(a) To the payment of the reasonable cost of maintaining, repairing, and operating the bridge and approaches thereto, under economical management;

(b) To the payment of the principal and interest on the bonded indebtedness; and

(c) The balance, if any, to be placed in an interest and sinking fund to be used for future maintenance and operations and the retirement of the bonded indebtedness.

§ 65-23-303. Legislative determination.

It is hereby declared, as a matter of legislative determination, that the

construction, operation, and maintenance of additional bridges and adjacent roadways across the flood plain of, and across, the Pearl River will promote the economic development of the state and will promote the general welfare of the entire people of the state.

HISTORY: Codes, 1942, § 8447-52; Laws, 1964, ch. 277, § 2, eff from and after passage (approved June 6, 1964).

§ 65-23-305. Construction by certain counties authorized.

Any county of this state bordering on the Pearl River is hereby authorized and empowered, separately or jointly, with any other county of the state bordering on the Pearl River:

(a) To plan, construct, operate, and maintain a toll bridge or bridges and adjacent roadways across the flood plain of, and over and across, the Pearl River.

(b) To issue bridge revenue bonds of such county or counties, payable from bridge earnings, to pay the cost of such bridges.

However, no bonds or liens given under authority of this article shall constitute a lien on any property of such county or counties other than the bridge or bridges constructed under this article, or a pledge of the revenues therefrom.

(c) In the event two counties, acting jointly, exercise the powers conferred by this article, all acts shall be authorized by the governing body of each county, and in such event any revenue bonds issued shall be bonds of both of said counties.

(d) To enter into contracts and/or agreements with any federal agencies, public agencies, or political subdivisions of any kind, including municipalities, corporations, districts, or others, for any financing, construction, operation, or maintenance requirements.

HISTORY: Codes, 1942, § 8447-53; Laws, 1964, ch. 277, § 3, eff from and after passage (approved June 6, 1964).

§ 65-23-307. Definitions.

As used in this article, the following words and terms shall have the following meanings:

(a) The word “bridge” shall be deemed to include the structure and the superstructure of the bridge, the approaches thereto, and adjacent roadways across the flood plain of the Pearl River and also all property, rights, easements, and franchises relating thereto and deemed necessary or convenient for the operation thereof.

(b) The term “governing body” shall mean the board of supervisors of a county or counties.

(c) The term "cost of bridge," as applied to a bridge to be constructed pursuant to the provisions hereof, shall embrace the cost of construction, the cost of all land, property, rights, easements, and franchises acquired, which are deemed necessary for such construction, financing charges, interest prior to and during construction and for eighteen months after acceptance of the completed work by the governing body of such county or counties, cost of traffic estimates and of engineering and of legal expenses, plans, specifications, surveys, estimates of cost and of revenues, other expenses necessary or incident to determining the feasibility or practicability of the enterprise, administrative expense, and such other expenses as may be necessary or incident to the financing herein authorized and the construction of the bridge and the placing of the bridge in operation.

HISTORY: Codes, 1942, § 8447-54; Laws, 1964, ch. 277, § 4, eff from and after passage (approved June 6, 1964).

§ 65-23-309. Acquisition of rights of way.

Any such county acting separately or jointly with another county is hereby authorized and empowered to construct, whenever it shall deem such construction expedient, any toll bridge located as provided in Section 65-23-305. Authority is hereby granted to any such county or counties to purchase, solely from funds provided under the authority of this article, such lands, rights of way, easements, and other interests in lands, including lands under water and riparian rights of any person, copartnership, association, railroad or other corporation, municipality, or political subdivision, deemed necessary for the construction of any such bridge, upon such terms and at such prices as may be considered by it or them to be reasonable and can be agreed upon between it or them and the owner thereof, and to take title thereto in the name of such county or counties. Any such county or counties may acquire such lands, rights of way, easements, and other interest in land by eminent domain in the manner now provided by law. The State of Mississippi hereby consents to the use of all lands lying under water, which are within the state and are necessary for the construction and operation of any such bridge and the approaches and appurtenances thereto.

29A C.J.S., Eminent Domain § 30.

§ 65-23-311. Issuance of bonds authorized.

The governing body of any such county is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of bridge revenue bonds of such county, if acting separately, and of such counties, if acting jointly, for the purpose of paying the cost, as hereinabove defined, of any one or more of such bridges, which resolution shall recite an estimate of such cost. The principal and interest of such bonds shall be payable solely from the special fund herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six percent (6%) per annum, payable semiannually, shall mature at such time or times, not exceeding forty (40) years from their date or dates, as may be determined by the governing body of such county or counties, and may be made redeemable before maturity, at the option of the county or counties, at such price or prices and under such terms and conditions as may be fixed by the governing body of such county or counties prior to the issuance of the bonds. The principal and interest of such bonds may be made payable in any lawful medium. The governing body of such county or counties shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or without the state. The bonds and any interest coupons attached thereto shall be executed in such manner as shall be determined by the governing body of the county or counties. In case any officer whose signature shall appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bridge revenue bonds issued under the provisions of this article are hereby declared to have, as between successive holders, all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the state. Provision may be made for the registration of any of the bonds in the name of the owner as to principal alone, in the manner now provided by law for the registration of bonds issued by a county. The governing body of such county or counties may sell such bonds at public or private sale in such manner and for such price as it or they may determine to be for the best interest of such county or counties, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six percent (6%) per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values. The proceeds of such bonds shall be used solely for the payment of the cost of the bridge or bridges, and shall be disbursed under such restrictions, if any, as the governing body of such county or counties thereof may provide. If the proceeds of such bonds, by error of calculation or otherwise, shall be less than the cost of the bridge or bridges, additional bonds may in like manner be issued to provide the amount of such deficit, and unless otherwise provided in the trust indenture hereinafter mentioned, shall be deemed to be of the same issue and

shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same bridge or bridges. If the proceeds of bonds issued for any bridge or bridges shall exceed the cost thereof, the surplus shall be paid into the fund hereinafter provided for the payment of principal and interest of such bonds. Prior to the preparation of definitive bonds, such county or counties may, under like restrictions, issue temporary bonds, with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. The governing body of any such county or counties may also provide for the replacement of any bond which shall become mutilated or be destroyed or lost. Such bridge revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions and things which are specified and required by this article. The powers conferred by this article shall be in addition to the power conferred by any other law, general, special, or local, and this article, without reference to any other statute, shall be deemed full authority for the purpose hereof. In the discretion of the governing body of any such county or counties, bridge revenue bonds of a single issue may be issued for the purpose of paying the cost of any one or more bridges.

§ 65-23-313. Application of bond proceeds.

All moneys received from any bridge revenue bond issued pursuant to this article shall be applied solely to the payment of the cost of the bridge or bridges, or to the appurtenant sinking fund, and there is hereby created and granted a lien upon such moneys until so applied, in favor of the holders of such bonds or the trustee hereinafter provided in respect of such bonds.

HISTORY: Codes, 1942, § 8447-57; Laws, 1964, ch. 277, § 7, eff from and after passage (approved June 6, 1964).

§ 65-23-315. Trust indenture authorized.

In the discretion of the governing body of any such county or counties issuing bonds under the provisions of this article, each or any issue of such bonds may be secured by a trust indenture by and between such county or counties and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the state. Said trust indenture may, in the discretion of the governing body, convey or mortgage the revenues, the bridge, or any part thereof.

Either the resolution providing for the issuance of bridge revenue bonds or such trust indenture may contain such provisions for protecting and enforcing

the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of such county or counties and the governing body thereof in relation to the construction, maintenance, operation, repair, and insurance of the bridges, and the custody, safeguarding, and application of all moneys; and it may also provide that the bridge or bridges shall be constructed and paid for under the supervision and approval of consulting engineers employed or designated by the governing body of such county or counties and satisfactory to the original purchasers of the bonds issued therefor, and may also require that the security given by contractors and by any depository of the proceeds of the bonds or revenues of the bridges or other moneys pertaining thereto be satisfactory to such purchasers. It shall be lawful for any bank or trust company incorporated under the laws of this state to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the governing body of such county or counties. Such indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action of bondholders as is customary in trust indentures securing bonds and debentures of corporations. Except as in this article otherwise provided, the governing body of such county or counties may provide, by resolution or by such trust indenture, for the payment of the proceeds of the sale of the bonds and the revenues of the bridges to such officer, board, or depository as it may determine for the custody thereof, and for the method of disbursement thereof with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation, and repair of the bridge or bridges affected by such indenture.

HISTORY: Codes, 1942, § 8447-58; Laws, 1964, ch. 277, § 8, eff from and after passage (approved June 6, 1964).

§ 65-23-317. Application of tolls and charges.

The governing body of any such county or counties issuing bonds under the provisions of this article is hereby authorized to fix and to revise from time to time tolls for transit over such bridges, to charge and collect the same, and to contract with any person, partnership, association, or corporation desiring the use of any bridge, its approaches, appurtenances, or any part thereof for placing thereon water, gas, oil pipelines, telephone, telegraph, electric light or power lines, railroad or street railway tracks, or for any other purpose, and to fix the terms, conditions, rates, and charges for such use. Such tolls shall be so fixed and adjusted, in respect of the aggregate of tolls from the bridge or bridges for which a single issue of bonds is issued, as to provide a fund sufficient with other revenues of the bridge or bridges, if any, to pay (a) the cost of maintaining, repairing, operating such bridge or bridges, and collecting tolls, and (b) the bonds and the interest thereon as the same become due. Such tolls shall not be subject to supervision or regulation by any state commission, board, bureau, or agency, except such bureau or agency that might participate

in the financing of the cost of any such bridge. The tolls from the bridge or bridges for which a single issue of bonds is issued, except such part thereof as may be required to pay the cost of maintaining, repairing, and operating the bridge or bridges and to provide such reserves therefor as may be provided in the resolution authorizing the issuance of the bonds or in the trust indenture, shall be set aside at such regular intervals as may be provided in such resolution or such trust indenture, in a sinking fund which is hereby pledged to, and charged with, the payment of (1) the interest upon such bonds as such interest shall fall due, (2) the principal of the bonds as the same shall fall due, (3) the necessary fiscal agency charges for paying principal and interest, and (4) any premium upon bonds retired by call or purchase as herein provided. The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of bonds, or in the trust indenture, but, except as may otherwise be provided in such resolution or trust indenture, such sinking fund shall be a fund for the benefit of all bonds without distinction or priority of one over another. Subject to the provisions of the resolution authorizing the issuance of bonds or of the trust indenture, any moneys in such sinking fund in excess of an amount equal to one year's interest on all bonds then outstanding may be applied to the purchase or redemption of bonds. All bonds so purchased or redeemed shall forthwith be cancelled and shall not again be issued.

§ 65-23-321. Enforcement of bondholders' rights.

Any holder of any bonds issued under the provisions of this article or of any of the coupons attached thereto, and the trustee under the trust indenture, if any, except to the extent the rights herein given may be restricted by resolution passed before the issuance of the bonds or by the trust indenture, may either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights granted hereunder or under such resolution or trust indenture, and may enforce and compel performance of all

duties required by this article or by such resolution or trust indenture, to be performed by the county or counties, its or their governing body, including the fixing, charging, and collecting of tolls for transit over such bridges.

§ 65-23-323. Grants and preliminary loans.

Any county or counties, acting pursuant to the terms of this article, in addition to the revenues which may be received from the sale of bridge revenue bonds and from the collection of tolls and other bridge revenues derived under the provisions of this article, shall have authority to receive and accept from any federal agency, or state, or state agency, or other political subdivisions, loans or grants for or in the aid of the construction or acquisition of any bridge, and to receive and accept contributions from any source of either money or property or other things of value, to be held, used, and applied only for the purpose for which such grants and contributions may be made.

Authority is hereby granted to any such county or counties to secure loans to finance planning of the bridges herein authorized from any governmental agency, repayable solely from the sale of said revenue bonds.

§ 65-23-325. Powers and duties of governing bodies of counties issuing bonds.

The governing body of any county or counties issuing its or their bonds under the provisions of this article shall have power to make and enter into all contracts or agreements necessary or incidental to the execution of its powers under this article, may employ engineering and construction experts, inspectors, attorneys, and such other employees as may be deemed necessary, and may fix their compensation. All such compensation and all expenses incurred in carrying out the provisions of this article shall be paid solely from funds provided under the authority of this article, and no liability or obligation shall be incurred hereunder beyond the extent to which money shall have been provided under the authority of this article. All public or private property damaged or destroyed in carrying out the powers granted under this article shall be restored or repaired and placed in its original condition, as nearly as practicable, or adequate compensation made therefor out of funds provided by this article.

The powers and duties of counties and the governing bodies thereof hereinabove enumerated in this article shall not be construed as a limitation on the general powers or duties of such counties or the governing bodies thereof. It shall be the duty of the governing body of any county or counties issuing its bonds pursuant to the provisions of this article, in addition to the powers and duties enumerated in this article, to do and perform any and all

things and acts necessary in the construction, maintenance, and operation of any bridge to be constructed under the provisions of this article, to the end that such bridge or bridges may become and be operated free of tolls as early as possible and practicable, subject only to the express limitations of this article and the limitations of the other laws and constitutional provisions applicable thereto.

§ 65-23-327. Tax exemption.

The exercise of the powers conferred by this article constitute the performance of essential governmental functions, and as bridges which are owned and operated by counties constitute public property used for public purposes, such bridges shall at all times be free from taxation within the state. No county shall be required to pay taxes or assessments upon any such bridge or any part thereof owned by it, and bonds issued under the provisions of this article, their transfer, and the income therefrom shall at all times be free from taxation within the state.

§ 65-25-3. Issuance of bridge revenue bonds.

Any county or city in this state is hereby authorized and empowered:

(a) To acquire by purchase or by condemnation and to construct, or partly acquire and partly construct, and to improve, operate, and maintain bridges wholly or partially within the state within such county or city or within twenty miles of the territory over which such county or city has jurisdiction and which are over the Mississippi River; and

(b) To issue bridge revenue bonds of such county or city, payable from bridge earnings, to pay the cost of such bridges.

No revenue bonds and no liens securing such bonds shall be repaid in whole or in part from any funds arising from taxation, nor shall any such bonds or liens given under authority of this article constitute a lien on any other property of a city or county other than the bridge constructed or acquired under this article or a pledge of the credit of such agency unless specifically so voted by a majority of the qualified electors voting in favor of same in an election held according to law for the purpose of so authorizing.

JUDICIAL DECISIONS

1. In general.

The traditional view that county boards of supervisors are limited in their authority to that delegated to them by the legislature has been significantly relaxed by the enactment of § 19-3-40. *Cook v. Board of Supervisors*, 571 So. 2d 932, 1990 Miss. LEXIS 693 (Miss. 1990).

Chapter 74, Laws of Extraordinary Session, 1953, only validated all acts and proceedings of the Board of Supervisors of Warren County in relation to the issuance

and sale of Vicksburg bridge revenue re-funding bonds dated January 1, 1954, and the application of the bridge revenues to the payment thereof as they matured, and did not validate the acts of the board in diverting a part of the tolls received from the operation of the Vicksburg bridge to the use of the county for general county purposes. *State ex rel. Patterson v. Board of Supervisors*, 233 Miss. 240, 102 So. 2d 198, 1958 Miss. LEXIS 378 (Miss. 1958).

§ 65-25-9. Condemnation of bridges and property.

Any municipality, whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated or is absent or is unable to convey valid title or is unknown, is hereby authorized and empowered to acquire by condemnation any such bridge or bridges or interest or interests therein, and any land, rights, easements, franchises, and other property deemed necessary or convenient for the improvement or the efficient operation of any property acquired or constructed under this article, or for the purpose of constructing any bridge or portion thereof hereunder, or for securing right of way leading to any such bridge or its approaches, in the manner hereinafter provided. Such condemnation proceedings shall be instituted by a written application of the governing body of such municipality and shall be conducted, and the compensation to be paid shall be ascertained and paid, in the manner provided by Chapter 33, Title 11, Mississippi Code of 1972, or by the laws of the state where such proceedings may be conducted. And any municipality is further authorized and empowered to exercise in this state and in any adjoining state such powers of eminent domain as may be conferred upon such municipality by any

act of the Congress of the United States now in force or which may hereafter be enacted. Title to any property condemned by a municipality shall be taken in its name. No municipality shall be under any obligation to accept and pay for any property condemned or any costs incidental to any condemnation proceedings, and shall, in no event, pay for the same except from the funds provided by this article. In any condemnation proceedings, the court having jurisdiction of the suit, action, or proceedings may make such orders as may be just to such municipality and to the owners of the property to be condemned, and may require an undertaking or other security to secure such owners against any loss or damage to be sustained by reason of the failure of such municipality to accept and pay for the property; but such undertaking or security shall impose no liability upon such municipality, except such as may be paid from the funds provided under the authority of this article.

§ 65-25-11. Improvement of bridges acquired.

It shall be the duty of the governing body of any municipality, at or before the time any such bridge shall be acquired by such municipality by purchase or by condemnation, to determine what repairs, replacements, additions, or betterments will be necessary to place the bridge in safe and efficient condition for the use of the public, and to cause an estimate of the cost of such improvement to be made. The governing body of the municipality shall authorize such improvements before the sale of any bridge revenue bonds for the acquisition of such bridge, and the cost of such improvements shall be paid for out of the proceeds of such bonds.

HISTORY: Codes, 1942, § 8453; Laws, 1938, ch. 283.

§ 65-25-13. Construction of bridges.

Any municipality is hereby authorized and empowered to construct, whenever it shall deem such construction expedient, any toll bridge located as provided in Section 65-25-3. Such municipality is hereby authorized to purchase within this state and within any adjoining state, solely from funds provided under the authority of this article, such lands, structures, rights of

way, franchises, easements, and other interests in lands, including lands under water and riparian rights of any person, copartnership, association, railroad or other corporation, or municipality or political subdivision, deemed necessary for the construction of any such bridge, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof, and to take title thereto in the name of such municipality. The State of Mississippi hereby consents to the use of all lands lying under water, which are within the state and are necessary for the construction and operation of any such bridge and the approaches and appurtenances thereto.

HISTORY: Codes, 1942, § 8454; Laws, 1938, ch. 283.

§ 65-25-15. Bridge revenue bonds.

The governing body of any municipality is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of bridge revenue bonds of such municipality for the purpose of paying the cost as hereinabove defined of any one or more such bridges, which resolution shall recite an estimate of such cost. The principal and interest of such bonds shall be payable solely from the special fund herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six percent (6%) per annum, payable semiannually, shall mature at such time or times, not exceeding forty years from their date or dates, as may be determined by the governing body of such municipality, and may be made redeemable before maturity, at the option of the municipality, at such price or prices and under such terms and conditions as may be fixed by the governing body of such municipality prior to the issuance of the bonds. The principal and interest of such bonds may be made payable in any lawful medium. The governing body of such municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or without the state. The bonds and any interest coupons attached thereto shall be executed in such manner as shall be determined by the governing body of the municipality. In case any officer whose signature shall appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bridge revenue bonds issued under the provisions of this article shall have and are hereby declared to have, as between successive holders, all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the state. Provision may be made for the registration of any of the bonds in the name of the owner as to principal alone and also as to both principal and interest and for the issuance of new coupon bonds in exchange for bonds registered as to both principal and interest. The governing body of such municipality may sell such bonds in such manner and for such

price as it may determine to be for the best interests of such municipality, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values. The proceeds of such bonds shall be used solely for the payment of the cost of the bridge or bridges, and shall be disbursed under such restrictions, if any, as the governing body thereof may provide. If the proceeds of such bonds, by error of calculation or otherwise, shall be less than the cost of the bridge or bridges, additional bonds may in like manner be issued to provide the amount of such deficit, and unless otherwise provided in the trust indenture hereinafter mentioned, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same bridge or bridges. If the proceeds of bonds issued for any bridge or bridges shall exceed the cost thereof, the surplus shall be paid into the fund hereinafter provided for the payment of principal and interest of such bonds. Prior to the preparation of definitive bonds, the municipality may, under like restrictions, issue temporary bonds, with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. The governing body of any such municipality may also provide for the replacement of any bond which shall become mutilated or be destroyed or lost. Such bridge revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, and things which are specified and required by this article. The powers conferred by this article shall be in addition to the power conferred by any other law, general, special or local, and this article, without reference to any other statute or to any charter, shall be deemed full authority for the purpose hereof. In the discretion of the governing body of any municipality, bridge revenue bonds of a single issue may be issued for the purpose of paying the cost of any one or more bridges.

HISTORY: Codes, 1942, § 8456; Laws, 1938, ch. 283.

§ 65-25-19. Trust indenture.

In the discretion of the governing body of any municipality issuing its

bonds under the provisions of this article, each or any issue of such bonds may be secured by a trust indenture by and between such municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the state, which trust indenture may, in the discretion of the governing body, convey or mortgage the revenues, the bridge, or any part thereof.

Either the resolution providing for the issuance of bridge revenue bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of such municipality and the governing body thereof in relation to the acquisition, construction, improvement, maintenance, operation, repair, and insurance of the bridges, and the custody, safeguarding, and application of all moneys; and may also provide that the bridge or bridges shall be acquired, constructed, or partly acquired and partly constructed, and paid for under the supervision and approval of consulting engineers employed or designated by the governing body of such municipality and satisfactory to the original purchasers of the bonds issued therefor; and may also require that the security given by contractors and by any depository of the proceeds of the bonds or revenues of the bridges or other moneys pertaining thereto be satisfactory to such purchasers. It shall be lawful for any bank or trust company incorporated under the laws of this state to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the governing body of such municipality. Such indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action of bondholders as is customary in trust indentures securing bonds and debentures of corporations. Except as in this article otherwise provided, the governing body of such municipality may provide, by resolution or by such trust indenture, for the payment of the proceeds of the sale of the bonds and the revenues of the bridges to such officer, board, or depository as it may determine for the custody thereof and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation, and repair of the bridge or bridges affected by such indenture.

§ 65-25-21. Bridge tolls.

The governing body of any municipality issuing its bonds under the provisions of this article is hereby authorized to fix and to revise from time to time tolls for transit over such bridges, to charge and collect the same, and to contract with any person, partnership, association, or corporation desiring the use of any bridge, its approaches, appurtenances, or any part thereof for placing thereon water, gas, oil pipe lines, telephone, telegraph, electric light or power lines, railroad or street railway tracks, or for any other purpose, and to

fix the terms, conditions, rates, and charges for such use. Such tolls shall be so fixed and adjusted, in respect of the aggregate of tolls from the bridge or bridges for which a single issue of bonds is issued, as to provide a fund sufficient, with other revenues of the bridge or bridges, if any, to pay (a) the cost of maintaining, repairing, and operating such bridge or bridges unless such cost shall be otherwise provided for, and (b) the bonds and the interest thereon as the same become due, subject, however, to any applicable law or regulation of the United States of America now in force or hereafter to be enacted or made. Such tolls shall not be subject to supervision or regulation by any state commission, board, bureau, or agency. The tolls from the bridge or bridges for which a single issue of bonds is issued, except such part thereof as may be required to pay the cost of maintaining, repairing, and operating the bridge or bridges and to provide such reserves therefor as may be provided in the resolution authorizing the issuance of the bonds or in the trust indenture, shall be set aside at such regular intervals as may be provided in such resolution or such trust indenture, in a sinking fund which is hereby pledged to, and charged with the payment of, (1) the interest upon such bonds as such interest shall fall due, (2) the principal of the bonds as the same shall fall due, (3) the necessary fiscal agency charges for paying principal and interest, and (4) any premium upon bonds retired by call or purchase as herein provided. The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of bonds or in the trust indenture, but, except as may otherwise be provided in such resolution or trust indenture, such sinking fund shall be a fund for the benefit of all bonds without distinction or priority of one over another. Subject to the provisions of the resolution authorizing the issuance of bonds or of the trust indenture, any moneys in such sinking fund in excess of an amount equal to one year's interest on all bonds then outstanding may be applied to the purchase or redemption of bonds. All bonds so purchased or redeemed shall forthwith be cancelled and shall not again be issued.

Upon the letting of a contract for the construction of a bridge under the provisions of this article, it shall be the duty of state highway commission to proceed with the construction of any highways which may be necessary to connect such bridge with the highway system of the state and to complete the construction of such connecting highway or highways on or before the date such bridge shall be opened for traffic.

§ 65-25-23. Contributions apart from bridge earnings.

Notwithstanding any of the foregoing provisions of Section 65-25-21, any municipality other than the state may, by resolution or ordinance passed prior or subsequent to the issuance of its bonds under the provisions of this article, or by such trust indenture, covenant to contribute funds apart from bridge earnings to pay all or any part of the cost of maintaining, repairing, and operating any bridge or bridges acquired, constructed, or improved by it under the provisions of this article, and may likewise covenant to make such contribution to the payment of bonds and the interest thereon issued pursuant to this article, by another municipality. Such covenant, authorized by such resolution, ordinance, or trust indenture, shall have the force of a contract between such municipality and the holders of the bonds issued on account of such bridge or bridges, and shall obligate the municipality to raise such funds. Any municipality in the state may aid any other municipality in the state and contribute funds to pay any part of the cost of acquiring, constructing, maintaining, repairing, and operating any bridge or bridges; and the twenty miles limitation contained in Section 65-25-3 shall have no application and shall not be construed to restrict such municipality from contributing such funds to aid the municipality which issues its revenue bonds as herein provided. But no such contribution shall be made unless authorized by a majority of the qualified electors voting in favor of same in an election held according to law for the purpose of so authorizing.

No municipality shall enter into any contract or covenant provided for in the first paragraph of this section without there being first held an election in which a majority of those voting shall authorize said covenant or contract to be entered into by said municipality.

The State of Mississippi, acting by and through the state highway commission as an agency thereof, may receive from the federal government or any agency thereof funds specifically allotted or appropriated by the federal government for constructing, acquiring, maintaining, and repairing bridges across the Mississippi River, which the state highway commission may by

resolution allocate to pay the costs or any part thereof of constructing, acquiring, maintaining, repairing, and operating any bridge or bridges acquired, constructed, or improved under this article and to the payment of principal and interest of such bonds.

§ 65-25-25. Cessation of tolls.

When the particular bonds issued for any bridge or bridges and the interest thereon shall have been paid, or a sufficient amount shall have been provided for their payment and shall continue to be held for that purpose, the municipality issuing such bonds shall cease to charge tolls for the use of such bridge or bridges; and thereafter such bridge or bridges shall be free unless tolls are required for maintaining, repairing, and operating such bridge or bridges due to the lack of funds from other sources than tolls. Such provisions shall not apply to common carriers, transportation companies, bus lines, and any one transporting passengers or freight for hire, but shall apply only to the use of highway portion of bridge by traveling public and, as respects any other use, the municipality may continue to fix and collect such tolls and charges as it may deem in the public interest.

The governing body of any municipality issuing its bonds under the provisions of this article shall have power to make and enter into all contracts or agreements necessary or incidental to the execution of its powers under this article, may employ engineering, architectural and construction experts, inspectors, attorneys, and such other employees as may be deemed necessary, and may fix their compensation. All such compensation and all expenses incurred in carrying out the provisions of this article shall be paid solely from funds provided under the authority of this article, and no liability or obligation shall be incurred hereunder beyond the extent to which money shall have been provided under the authority of this article. Any municipality may exercise any powers which may be conferred upon it by acts of the Congress of the United States or any adjoining state in which a portion of such bridge may be located or which are necessary or convenient for the execution of its powers under this article. All public or private property damaged or destroyed in carrying out the powers granted under this article shall be restored or repaired and placed in its original condition, as nearly as practicable, or adequate compensation made therefor out of funds provided by this article.

The powers and duties of municipalities and the governing bodies thereof hereinabove enumerated in this article shall not be construed as a limitation on the general powers or duties of such municipalities or the governing bodies thereof. It shall be the duty of the governing body of any municipality issuing its bonds pursuant to the provisions of this article, in addition to the powers and duties enumerated in this article, to do and perform any and all things and acts necessary in the construction or acquisition, maintenance, and operation of any bridge to be constructed or acquired under the provisions of this article, to the end that such bridge or bridges may become and be operated free of tolls as early as possible and practicable, subject only to the express limitations of this article and the limitations of the other laws and constitutional provisions applicable thereto.

§ 65-25-43. Bridge commission may be created.

The governing authorities of any county or city of this state which has acquired or may hereafter acquire any combined railroad and highway bridge over the Mississippi River, as authorized by Sections 65-23-1 through 65-23-21 or Sections 65-25-1 through 65-25-41, and has issued its bridge revenue bonds for the purpose of financing the cost of such acquisition may, by appropriate resolution, create a commission of not less than five nor more than seven members to manage the affairs of said bridge, said appointees to be qualified electors of such governing body of high character, integrity, and business acumen.

The board of supervisors of such county or the governing authority of such city may, by such resolution, prescribe the tenure of office of such commission-

ers (but no appointment shall be for a term exceeding five years), may prescribe the duties, powers and rights of such commission and provide for the reasonable compensation, if any, of such commissioners. Said resolution shall not impair or enlarge nor the acts of said commissioners thereunder increase or diminish the obligations of said governing body under the trust indenture or resolution under which the revenue bonds of such body were issued; and the acts of such commissioners shall regularly, and not less than four times each year, be reported to such governing body and be subject to its approval and concurrence.

The commissioners appointed by such governing body or municipality shall, subject to the approval of such governing body, have the following authority, powers and rights: Said commissioners may adopt reasonable bylaws for the conduct of said commission. Said commissioners shall be governed by and fulfill the terms and provisions of the trust indenture or resolution under which the revenue bonds of such governing body were issued, and in so doing the commission shall manage and control the bridge, the approaches thereto, and all appurtenant and physical properties connected therewith, both real and personal, and shall provide for the regular inspection, repair, maintenance and improvement of said bridge and its approaches. Said commission may make any contract and authorize any purchases from the funds realized from the revenues of said bridge and available under the trust indenture or resolution under which the bridge revenue bonds of the governing body were issued for the purposes of repairs, maintenance and improvements, which said contracts and purchases may, in the sound business judgment of the commission, be made without the necessity of prior advertisement or public bids. Said commissioners may employ a superintendent or manager of the bridge properties, fix the amount of his salary, either employ or delegate to said manager the employment of all subordinate personnel, provide for the wages and compensation of such subordinate employees, and shall require the said manager and such other employees as the commissioners may require to give bond, with sufficient surety, to be payable, conditioned and approved as provided by law, in a penalty equal to Ten Thousand Dollars (\$10,000.00). The commissioners may place in effect, reclassify, revise and charge a schedule of tolls for transit over said bridge properties, and alter or revise the toll schedule as often as it shall appear necessary or proper; provide for the collection of such

tolls and all other revenues and the safe handling and deposit of the funds so received, prepare such budgets and estimates alone or in connection with consulting engineers annually, or for such lesser period of time as may be deemed desirable; provide for an adequate bookkeeping system and regular audits, and keep or cause to be kept full and correct records of finances of said bridge; negotiate for all contracts incidental to or necessary for the proper insurance, maintenance, repair, improvement and operation of said bridge, including employer's liability insurance with medical benefits for those employed by the commission for the operation and maintenance of said bridge; do and perform all other acts and negotiate for all other contracts which in the sound judgment of the commissioners, meeting with the approval of the governing body issuing the revenue bonds, are desirable or necessary in the interest of the proper, efficient, and economical management and operation of the said bridge and the advancement of the business thereof, all toward the object of fulfilling the obligations in the trust indenture or resolution under which the governing body authorized and issued its revenue bonds, and toward the ultimate freeing of the said bridge from tolls, as to the vehicular portion thereof, at the earliest date possible.

JUDICIAL DECISIONS

1. In general.

The traditional view that county boards of supervisors are limited in their authority to that delegated to them by the legislature has been significantly relaxed by the enactment of § 19-3-40. *Cook v. Board of Supervisors*, 571 So. 2d 932, 1990 Miss. LEXIS 693 (Miss. 1990).

Chapter 74, Laws of Extraordinary Session, 1953, only validated all acts and proceedings of the Board of Supervisors of Warren County in relation to the issuance

and sale of Vicksburg bridge revenue refunding bonds dated January 1, 1954, and the application of the bridge revenues to the payment thereof as they matured, and did not validate the acts of the board in diverting a part of the tolls received from the operation of the Vicksburg Bridge to the use of the county for general county purposes. *State ex rel. Patterson v. Board of Supervisors*, 233 Miss. 240, 102 So. 2d 198, 1958 Miss. LEXIS 378 (Miss. 1958).

§ 65-25-47. Records of bridge operation kept separate.

The governing body of such county or city shall cause to be kept separate minutes and records of the operation of such bridge properties available for public inspection, which minutes from time to time shall show the approval or disapproval of the actions of said commission. Concerning the management

and operation of said bridge by the commission and the governing body of said city or county, there shall be no obligation on said commission, nor shall there be any general obligation on said city or county, other than from the revenues derived from the operation of said bridge properties and as may be set forth or provided for in the trust indenture or resolution under which the revenue bonds of such governing body were issued for the acquisition of said bridge properties.

HISTORY: Codes, 1942, § 8469.5; Laws, 1948, ch. 422, §§ 1-4.

§ 65-25-49. Commission to manage certain bridges.

The governing authorities of any county or city of this state which has acquired or may hereafter acquire any combined railroad and highway bridge over the Mississippi River, as authorized by Sections 65-23-1 through 65-23-21 or Sections 65-25-1 through 65-25-41, and which has discharged the bridge revenue bonds which were issued for the purpose of financing the cost of such acquisition and has freed the bridge as to the vehicular portion thereof from tolls may, by appropriate resolution, create a commission of five members to manage the affairs of said bridge, said appointees to be qualified electors of such governing body of high character, integrity, and business acumen; and, if such governing body has already created a commission under the provisions of Sections 65-25-43 through 65-25-47, then in lieu of creating another commission, the governing authorities of such county or city may, by order entered upon the minutes of such authority, continue the present commission in effect.

§ 65-25-51. Appointment, term, and compensation of members.

The board of supervisors of such county or the governing authority of such city shall appoint the members of such commission. In making the first appointments, one (1) member shall be appointed for a term of one (1) year, one (1) member for a term of two (2) years, one (1) member for a term of three (3) years, one (1) member for a term of four (4) years, and one (1) member for a term of five (5) years. If the governing authorities shall elect to continue an existing commission in effect, then the order so providing shall reappoint the membership of such commission for varying terms of from one (1) to five (5) years, as hereinabove provided in cases of a newly established commission and, thereafter, their successors shall be appointed for a term of five (5) years. Said governing authorities shall, by resolution entered upon their minutes, prescribe the duties, powers, and rights of such commission and provide for the reasonable compensation, if any, of such commissioners. The acts of such commissioners shall regularly, and not less than four (4) times each year, be reported to such governing body and be subject to its approval and concurrence.

§ 65-25-53. Authority of commission.

The commissioners appointed by such governing body or municipality, or the commissioners whose terms are continued in force as above authorized, shall, subject to the approval of such governing body, have the following authority, powers, and rights: Said commission shall manage and control the affairs of the bridge as a separate proprietary venture, apart from other public roads and bridges within the county, and shall provide for the regular inspection, repair, maintenance, and upkeep of said bridge and its approaches, which expenses and all liabilities which may exist or later come into being or be claimed to exist shall be wholly borne from the bridge properties themselves and the revenues received from the lease of such properties to private or public utilities. In connection with operating the affairs of the said bridge and maintaining the same, said commission is vested with the following powers and authority, subject to the veto power or approval of the governing body owning the said bridge, viz: (1) Contracts and purchases shall be made on the same basis and under the same requirements of advertisement for bids as those made by the board of supervisors; (2) the commissioners may employ a superintendent or manager of the bridge properties and fix the amount of his salary, and either employ or delegate to said manager the employment of subordinate personnel and provide for the wages and compensation of such employees, and, should the commission so determine, may require the manager or other employees to post bond in such sum as the commission may designate for the faithful discharge of their duties as such employees; however, the number of persons employed in an election year shall not exceed the average number employed during the preceding three (3) years, except that additional employees may be hired on a temporary basis in cases of emergency when the specific reasons therefor shall be entered on the minutes of the commission; (3) provide for an adequate bookkeeping system pertinent to the affairs of said bridge and for regular audits, with the revenues derived following the freeing of said bridge to vehicular traffic, if any there be over and above cost of operating and maintaining the said bridge, to be kept by the clerk of the said board or treasurer of the said municipality in a separate account and to so remain, properly invested in the same manner as sinking funds of the county or municipality may be invested, said assets to be subject to bear and discharge the liabilities of the said bridge and not to be utilized for any other or different purpose until a period of at least five (5) years following the freeing of the said bridge from tolls (unless sooner there be another free bridge constructed and opened to public travel crossing said Mississippi River located not more than one (1) mile from said bridge, in which event that factor, rather than the five-year time limit, shall be determinative), and then not until a determination is made by the board or governing authority that such funds, to the extent amassed, will not be further needed for operational maintenance purposes; and that said audits thus caused to be made shall be done by a

certified public accountant or accountants duly qualified under the laws of this state; (4) that, without in anywise sacrificing or waiving the entire exempt status of the said bridge properties from ad valorem taxation, to pay a sum or sums in lieu of ad valorem taxes which, by agreement with the taxing authorities of this or any neighboring state, will in no event exceed in any year a sum equaling more than one-half ($\frac{1}{2}$) of the average amount paid per year by way of such taxes or in lieu thereof over the five-year period preceding June 15, 1966; (5) employ nationally recognized engineers and such other professional assistance as may be deemed necessary, and to pay reasonable compensation for such services; (6) to have and exercise any other authority and right conferred by existing laws, state or federal, applicable to the operation of such bridge; and (7) fulfill the requirements of any outstanding lease contracts to the extent that the bridge properties will permit and the revenues to be derived from such leases will allow, but without incurring any pecuniary liability on the part of the governing authorities or taxpayers generally.

§ 65-25-55. Obligation in connection with operation of bridge.

The governing body of such county or city shall cause to be kept separate minutes and records of the operation of such bridge properties available for public inspection, which minutes from time to time shall show the approval or disapproval of the actions of said commission. Concerning the management and operation of said bridge by the commission and the governing body of said city or county, there shall be no obligation on said commission, nor shall there be any general obligation on said city or county, other than from the revenues to be derived from the operation of said bridge properties.

§ 65-25-57. Limitation on costs of managing bridge properties.

The said commission shall serve at the pleasure of the governing body of the political subdivision. Should said governing body not create the said commission, or should it determine following its creation to revoke the authority of and terminate the said commission, then the powers and authority hereby reposed shall vest in and be exercised by such governing body, the board of supervisors of said county or the governing authority of said city. Such

governing body shall by appropriate order fix or approve the rules and regulations of the commission which shall assure that all the costs of administering the bridge properties shall be exclusively borne from bridge revenues and not from any funds derived from taxation; and said governing authority shall by appropriate order fix or approve the compensation, if any, of the commissioners and the extra fees and reasonable allowances to be paid to the clerk of said governing authority to reasonably compensate such clerk for the extra services and work hereby required. The combined total of all of such costs of administering and handling said funds, as above in this section particularized, shall not exceed seven and one-half percent (7½%) of the aggregate sum of the funds received from such bridge revenues and regulated by the provisions hereof; if the commission not be created or be discontinued, such percentage shall be not more than five percent (5%), and no member of the board of supervisors or governing body of such municipality shall be authorized by Sections 65-25-49 through 65-25-61 to receive any additional compensation.

§ 65-25-63. Payment to municipality in lieu of taxes.

The governing authorities of any county which has heretofore issued bridge revenue bonds or bridge revenue refunding bonds for the purpose of acquiring a combined highway and railway bridge over the Mississippi River as authorized under the provisions of Sections 65-25-1 through 65-25-41 may, in their discretion and in lieu of taxes, annually pay to any municipality of this

state in which the portion of said bridge properties lying within the State of Mississippi are located a sum not exceeding that required to be paid and paid by way of ad valorem taxes for the year 1961 within or to a sister state or the political subdivisions thereof. Such payment or payments in lieu of taxes as are hereby authorized and as may be determined upon by the board of supervisors of any county owning such bridge, concurred in by any commission appointed under authority of Sections 65-25-43 through 65-25-47, to have control over the affairs of said bridge, shall be made from any fund created by such bond resolution or indenture enabling the caring for of contingencies not otherwise provided for. However, in no event shall such payment or payments impair any debt service fund or debt service reserve fund or lessen the minimum amount by said bond resolution or indenture required to be carried in any debt service fund or debt service reserve fund created by said resolution or indenture.

The municipality, upon receipt of such payment or payments, must treat and account for the same just as though and as if such funds had been received from ad valorem taxation for general municipal purposes.

§ 65-25-101. Compact with State of Arkansas.

The Governor, by and with the advice and consent of the Senate, shall appoint three (3) commissioners to enter into a compact on behalf of the State of Mississippi with the State of Arkansas. If the Senate is not in session at the time for making such appointments, the Governor shall make temporary appointments as in the case of a vacancy. Any two (2) of the commissioners so appointed, together with the Attorney General of the State of Mississippi, may act to enter into the following compact:

COMPACT BETWEEN ARKANSAS AND MISSISSIPPI CREATING AN ARKANSAS-MISSISSIPPI BRIDGE COMMISSION

Article I

There is hereby created an Arkansas-Mississippi Bridge Commission (hereinafter referred to as the commission) which shall be a body corporate and politic and which shall have the following powers and duties:

1. To plan, construct, maintain and operate a bridge and approaches thereto across the Mississippi River at or near Helena, Arkansas, and Friars Point, Mississippi, at a point deemed by the commission as most suitable to the interests of the citizens of the States of Arkansas and Mississippi in accordance with the provisions of an act of the Seventy-Ninth Congress, Second Session, of the United States entitled "The General Bridge Act of 1946";

2. To purchase, maintain and, in its discretion, to operate all or any ferries across the Mississippi River within twenty-five miles of the site selected for the bridge;

3. To contract, to sue and be sued in its own name; to purchase or otherwise acquire, hold and dispose of real and personal property;

4. To acquire by proper condemnation proceedings such real property as may be necessary for the construction and operation of the bridge and the approaches thereto;

5. To issue bonds on the security of the revenues derived from the operation of the bridge and ferries for the payment of the cost of the bridge, its approaches, ferry or ferries, and the necessary lands, easements and appurtenances thereto including interest during construction and all necessary engineering, legal, architectural, traffic surveying and other necessary expenses. Such bonds shall be the negotiable bonds of the commission, the income of which shall be tax free. The principal and interest of the bonds, and any premiums to be paid for their retirement before maturity, shall be paid solely from the revenues derived from the bridge and ferries;

6. To establish and charge tolls for transit over such bridge and ferries in accordance with the provisions of this compact;

7. To perform all other necessary and incidental functions.

Article II

The rates of tolls to be charged for transit over such bridge and ferries shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintenance, repairs and operation (including the approaches to the bridge) under economical management, and also to provide a sinking fund sufficient to pay the principal and interest of the outstanding bonds. All tolls and other revenues derived from facilities of the commission are hereby pledged to such uses.

Article III

The commission shall keep an accurate record of the cost of the bridge and other expenses and of the daily revenues collected and shall report annually to the governor of each state setting forth in detail the operations and transactions conducted by it pursuant to this agreement and any legislation thereunder.

Article IV

When the bonds have been retired, the part of the bridge within the State of Arkansas shall be conveyed to the State of Arkansas, and the part within the State of Mississippi to the State of Mississippi, and the high contracting parties to this compact do hereby agree that thereafter the bridge shall be free of tolls and shall be properly maintained, operated and repaired by the two states as may be agreed upon.

Article V

The commission shall consist of eighteen members, nine of whom shall be qualified electors of the State of Mississippi and nine of whom shall be qualified electors of the State of Arkansas. The Arkansas members are to be chosen by the State of Arkansas, and the Mississippi members are to be chosen by the State of Mississippi, in the manner and for the term fixed by the Legislature of each state, except as herein provided. The first commission, acting under this compact, shall be the present members of the Arkansas-Mississippi Bridge Commission heretofore appointed under the terms and provisions of Act of Congress approved May 17, 1939 (Public Act 80, 76th Congress), as amended by Act of Congress approved June 19, 1948 (Public Act 701, 80th Congress), said commission consisting of the following members: J. B. Lambert, Helena, Arkansas; R. L. Brooks, Helena, Arkansas; K. B. Lasswell, Helena, Arkansas; John C. Sheffield, Helena, Arkansas; C. N. Houck, Marianna, Arkansas; William Campbell, Forrest City, Arkansas; Clarence Thomas, Clarendon, Arkansas; Ballard Deane, St. Charles, Arkansas; DeWitt Poe, McGehee, Arkansas; W. K. Anderson, Clarksdale, Mississippi; E. Cage Brewer, Jr., Clarksdale, Mississippi; M. D. Brett, Clarksdale, Mississippi; R. N. Baltzer, Clarksdale, Mississippi; Sol Hirsburg, Friars Point, Mississippi; John Dunlap, Batesville, Mississippi; Noel M. Hodge, Oxford, Mississippi; Grady Cook, Pontotoc, Mississippi; James A. Finley, Tupelo, Mississippi.

Article VI

1. The Commission shall elect from its number a chairman and a vice-chairman and may appoint such officers and employees as it may require for the performance of its duties and shall fix and determine their qualifications and duties.

2. Until otherwise determined by the legislatures of the two states no action of the commission shall be binding unless taken at a meeting at which at least five members from each state are present and unless a majority of the members from each state present at such meeting shall vote in favor thereof. Each state reserves the right hereafter to provide by law for the exercise of the veto power by the governor thereof over any action of any commissioner appointed therefrom.

3. The two states shall provide penalties for violations of any order, rule or regulation of the commission, and for the manner of enforcing same.

Article VII

The commission is authorized and directed to proceed with the planning and construction of the bridge and the approaches thereto as rapidly as may be economically practicable and is hereby vested with all necessary and appropriate powers, not inconsistent with the constitution or the laws of the United States or of either state, to effect the same, except the power to assess or levy taxes.

§ 65-25-121. Compact with State of Arkansas.

The Governor of the State of Mississippi, acting on behalf of this state, is hereby authorized to execute a compact, to be known as the "Arkansas-Mississippi Great River Bridge Construction Compact," in substantially the following form, with the State of Arkansas, and the Legislature hereby signifies in advance its approval and ratification of such compact, to wit:

ARKANSAS-MISSISSIPPI GREAT RIVER BRIDGE CONSTRUCTION COMPACT

ARTICLE I

The purpose of this compact is to promote the construction of a highway bridge or a combined highway-railroad bridge connecting the States of Mississippi and Arkansas at, near or between Rosedale, Mississippi, and McGehee and Dumas, Arkansas, and to establish a joint interstate authority to assist in these efforts.

ARTICLE II

This compact shall become effective immediately as to the States ratifying it whenever the States of Arkansas and Mississippi have ratified it and Congress has given consent thereto.

ARTICLE III

(a) The states which are parties to this compact (hereinafter referred to as "Party States") do hereby establish and create a joint agency which shall be

known as the Arkansas-Mississippi Great River Bridge Authority (hereinafter referred to as "The Authority"). The membership of The Authority shall consist of five (5) members from the State of Mississippi, to be selected in such manner as may be provided by laws enacted by the Legislature of the State of Mississippi, and five (5) members from the State of Arkansas, to be selected in such manner as may be provided by laws enacted by the Arkansas General Assembly. The terms of the members of such Authority from each of the Party States, the method of appointing successor members, and the method of filling vacancies on The Authority, shall be determined by the laws of Mississippi and Arkansas.

(b) The members of The Authority shall not be compensated for services on The Authority, but each member shall be entitled to actual and reasonable expenses incurred in attending meetings or incurred otherwise in the performance of his/her duties as a member of The Authority.

(c) The members of The Authority shall meet upon the call of the chairman and hold such other meetings as its business may require. Special meetings of The Authority may be called by the chairman or upon written request of a majority of the members of The Authority from each of the Party States. The Authority shall choose annually a chairman and vice chairman from its members, and the chairmanship shall rotate each year among the Party States, in order of their acceptance of this compact.

(d) The Secretary of The Authority (hereinafter provided for) shall notify each member in writing of all meetings of The Authority in such a manner and under such rules and regulations as The Authority may prescribe.

(e) The Authority shall adopt rules and regulations for the transaction of its business; and the secretary shall keep a record of all its business and shall furnish a copy thereof to each member of The Authority.

(f) It shall be the duty of The Authority, in general, to promote, encourage, and coordinate the efforts of the Party States to secure the development of the Arkansas-Mississippi Great River Bridge at, near or between Rosedale, Mississippi, and McGehee-Dumas, Arkansas. Toward this end, The Authority shall have power to:

(i) Hold hearings;

(ii) Conduct studies and surveys of all problems, benefits, and other matters associated with the construction of the Arkansas-Mississippi Great River Bridge, and to make reports thereon;

(iii) Acquire by gift, grant or otherwise, from local, federal, or private sources, such money or property as may be provided for the proper performance of their function, and to hold and dispose of the same and to expend such monies as is necessary to defray the costs of establishing and operating The Authority;

(iv) Cooperate with other public or private groups, whether local, state, regional, or national, having an interest in the bridge construction;

(v) Formulate and execute plans and policies for emphasizing the purpose of this compact before the Congress of the United States and other appropriate officers and agencies of the United States;

(vi) Negotiate with one or more railroads in the State of Mississippi and the State of Arkansas, and with the appropriate federal authorities for the construction of the Arkansas-Mississippi Great River Bridge as a combined highway-railroad bridge. If necessary, The Authority may enter into a contract with one or more railroads and/or the appropriate agencies of Congress to borrow funds for the construction of the railroad portion of the bridge, to be reimbursed, including all costs of principal, interest and other costs in connection with such indebtedness, by revenues derived from rental fees, grants, or other charges, with such indebtedness to be secured solely by a pledge of such revenues; and

(vii) Exercise such other powers as may be appropriate to enable it to accomplish its functions and duties in connection with the construction of the Arkansas-Mississippi Great River Bridge as a highway bridge or a combined highway-railroad bridge, and to carry out the purposes of this compact.

ARTICLE IV

The Authority shall appoint a secretary, who shall be a person familiar with the nature, procedures, and significance of the bridge construction and the informational, educational, and publicity methods of stimulating general interest in such developments, and who shall be the compact administrator. The term of office of the secretary shall be at the pleasure of The Authority and such officer shall receive such compensation as The Authority shall prescribe from monies provided to The Authority under Article III(f)(iii). The secretary shall maintain custody of The Authority's books, records, and papers, which shall be kept by the secretary at the office of The Authority, and shall perform all functions and duties and exercise all powers and authorities which may be delegated to the secretary of The Authority.

ARTICLE V

Nothing in this compact shall be construed so as to conflict with any existing statute, or to limit the powers of any Party State, or to repeal or prevent legislation, or to authorize or permit curtailment or diminution of any other bridge project, or to affect any existing or future cooperative arrangement or relationship between any federal agency and a Party State.

ARTICLE VI

This compact shall continue in force and remain binding upon each Party State until the Legislature or Governor of each or either state takes action to withdraw therefrom; provided that such withdrawal shall not become effective until six (6) months after the date of the action taken by the Legislature or Governor. Notice of such action shall be given to the other Party State by the secretary of state of the Party State which takes such action.

HISTORY: Laws, 1985, ch. 357, § 1, eff from and after passage (approved March 19, 1985).

Editor's Notes — Laws of 1985, ch. 357, § 6, effective from and after March 19, 1985, provides as follows:

"SECTION 6. The Authority shall have power to apply to the Congress of the United States for its consent and approval of the compact; but in the absence of such consent of Congress and until the same shall have been secured, the compact shall be binding upon the State of Mississippi in all respects permitted by law for the two (2) States of Arkansas and Mississippi without the consent of Congress to cooperate, for the purposes enumerated in the compact, and in the manner provided therein."

§ 65-26-1. Legislative declaration of purpose.

It is hereby declared, as a matter of legislative determination, that the Tennessee-Tombigbee Waterway is one of Mississippi's basic resources, and that the utilization, development, conservation and regulation of such waterway is necessary to promote and enhance the balanced economic development of the state.

It is further determined and declared that the use, development, conservation and regulation of waters of the Tennessee-Tombigbee Waterway for domestic, municipal, commercial, industrial, agricultural and manufacturing purposes, for recreational uses, transportation, economic development, irrigation, navigation and pollution abatement are, as a matter of public policy, for the general welfare of the entire people of the state.

The provisions of this chapter are determined to be necessary and essential to the accomplishment of the aforesaid purposes, and that this chapter operates on a subject in which the state-at-large is interested.

HISTORY: Laws, 1976, ch. 492, § 1, eff from and after passage (approved May 25, 1976).

§ 65-26-3. Definitions.

For purposes of this chapter, the following words and terms shall have the meanings ascribed herein unless the context shall otherwise require:

(a) "General obligation bonds" shall mean bonds of the State of Mississippi, to the repayment of which, both as to principal and interest, the full faith, credit and taxing power of the State of Mississippi are irrevocably pledged until the principal and interest are paid in full.

(b) "Highway Commission" shall mean the State Highway Commission.

(c) "Bond commission" shall mean the state bond commission.

(d) "Corps of Engineers" shall mean the United States Army Corps of Engineers.

(e) "Bridge construction fund" shall mean the Tennessee-Tombigbee Waterway bridge construction fund as created by Section 65-26-25.

(f) "Bond retirement fund" shall mean the Tennessee-Tombigbee Waterway bridge bond retirement fund created by Section 65-26-9.

HISTORY: Laws, 1976, ch. 492, § 2, eff from and after passage (approved May 25, 1976).

Cross References — Reference to "State Highway Commission" shall mean the State Transportation Commission, see § 65-1-1.

§ 65-26-5. Construction of bridges or tunnels by State Highway Commission; cooperation with federal government.

(1) The Highway Commission, subject to the Corps of Engineers' approval of the plans, is hereby granted full and complete authority to perform any act necessary and proper to plan, construct and maintain any or all of the bridges or tunnels, authorized by subsection (2) of this section as funds are available, which shall span the Tennessee-Tombigbee Waterway from the funds derived from this chapter and any other funds available for such construction except that no state funds other than those explicitly provided by this chapter shall be used.

(2)(a) The Highway Commission may construct bridges or tunnels, whichever is more feasible as determined by the commission, only on United States Highways 45, 72, 78, 82 and 278 and Mississippi Highways 4, 6, 25, 30 and 50, as funds are available as authorized by this chapter.

(b) Any bridge or tunnel constructed on United States Highways 45, 72, 78 and 82 shall have four (4) lanes. Any bridge or tunnel constructed on United States Highway 278 and Mississippi Highways 4, 6, 25, 30 and 50 shall have two (2) lanes. The bridges or tunnels shall be constructed by order of priority as determined by the Highway Commission based on the criteria of keeping the construction of the Tennessee-Tombigbee Waterway on schedule.

(c) The Highway Commission is hereby authorized and directed, in the discharge of its duties under this chapter, to cooperate with the Corps of Engineers, and Department of Transportation and any other federal agency to receive any available federal funds or to secure the assumption by the federal government of all or any part of the costs of planning or constructing the bridges or tunnels and shall enter into an agreement that any bridges or tunnels on highways constructed or reconstructed, in whole or in part, with federal funds allocated for the purposes of this chapter shall be owned and operated by the State of Mississippi, and that the state will operate and maintain such bridges or tunnels or highways.

HISTORY: Laws, 1976, ch. 492, § 3; Laws, 1977, ch. 348, eff from and after passage (approved March 14, 1977).

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

Cross References — Powers and duties of the transportation commission, generally, see § 65-1-8.

Use of funds transferred from the bond retirement fund to the bridge construction fund, see § 65-26-25.

§ 65-26-7. Limitation on state expenditures; excess state expenditures.

(1) The intent of the legislature is for the state to invest not more than the amount necessary to pay the principal of and the interest on twenty-five percent (25%) of the bonds issued under the authority of subsection (1) of Section 65-26-15, not to exceed the principal amount of ten million dollars (\$10,000,000.00), being twenty-five percent (25%) of the forty million dollars (\$40,000,000.00) authorized to be issued. In the event the state is required to pay in excess of this amount, the state auditor of public accounts shall maintain a record of such excess expenditures, and the revenue pledged shall continue to be deposited in the bond retirement fund until the principal of and interest on all bonds issued under the authority of subsection (1) of Section 65-26-15 shall have been paid and the state has been reimbursed for its excess expenditures. The local participation shall be seventy-five percent (75%) of the total obligation incurred by the state, and such amount shall be paid into the bond retirement fund as set forth in this chapter.

(2) The intent of the legislature is for the counties of Alcorn, Chickasaw, Clay, Itawamba, Lee, Lowndes, Monroe, Noxubee, Kemper, Pontotoc, Prentiss and Tishomingo to pay the principal of and the interest on one hundred percent (100%) of the additional bonds in the amount of thirty million dollars (\$30,000,000.00) issued under the authority of subsection (2) of Section 65-26-15.

(3) If at any time the bond retirement fund has a balance in excess of the amount needed to pay the principal of and interest on the bonds maturing in

the ensuing two (2) fiscal years, such excess, to the extent necessary, shall be paid into the General Fund of the State of Mississippi until such time as the state has been reimbursed for expenditures in excess of twenty-five percent (25%) of the total costs of the principal and interest on bonds issued under the authority of subsection (1) of Section 65-26-15 and for all expenditures for costs of the principal and interest on bonds issued under the authority of subsection (2) of Section 65-26-15, and the balance of such excess shall be deposited into the bridge construction fund for cash expenditure on the construction of bridges.

HISTORY: Laws, 1976, ch. 492, § 4; Laws, 1980, ch. 442, § 1, eff from and after passage (approved May 2, 1980).

Editor's Notes — Section 7-7-2 provides that the words "State Auditor of Public Accounts," "State Auditor," and "Auditor" appearing in the laws of this state in connection with the performance of Auditor's functions shall mean the State Fiscal Officer.

Section 27-104-6 provides that whenever the term "State Fiscal Officer" appears in any law it shall mean "Executive Director of the Department of Finance and Administration."

§ 65-26-9. Creation of Tennessee-Tombigbee Waterway Bridge Bond Retirement Fund; allocation of amounts on deposit.

(1) There is hereby created in the State Treasury a special fund to be known as the Tennessee-Tombigbee Waterway Bridge Bond Retirement Fund. All revenues pledged for the payment of the principal of and interest on the bonds authorized to be issued by this chapter shall be deposited into the bond retirement fund. Expenditures from the bond retirement fund shall be made only in accordance with this section.

(2) Subject to the provisions of subsection (3) of this section, amounts on deposit in the bond retirement fund and not immediately required for the making of any payments therefrom shall be invested in interest-bearing certificates of deposit in accordance with the provisions of Section 27-105-33, except interest so earned shall be credited to the bond retirement fund.

(3)(a) There is hereby established within the bond retirement fund two (2) separate accounts as follows: (i) the "Tennessee-Tombigbee General Account"; and (ii) the "Tennessee-Tombigbee Principal and Interest Account."

(b)(i) All amounts held in the bond retirement fund on April 23, 1986, and all amounts thereafter deposited in the bond retirement fund, shall be credited to the Tennessee-Tombigbee General Account.

(ii) Until such time as the transfer of funds from the Tennessee-Tombigbee General Account to the Tennessee-Tombigbee Principal and Interest Account occurs as provided in paragraph (b)(iii) of this subsection, amounts in the general account shall be applied to the following purposes and in the following order of priority: first, to the extent required, to the payment, the principal of, redemption premium, if any, and interest on

general obligation bonds; second, to the extent required, to the General Fund of the state to reimburse the state for expenditures in excess of twenty-five percent (25%) of the total costs of the principal and interest on bonds issued under authority of subsection (1) of Section 65-26-15 and for all expenditures for costs of the principal of and interest on bonds issued under authority of subsection (2) of Section 65-26-15; and third, to the extent required, if any, to the bridge construction fund created in Section 65-26-25 to make current payments to meet contractual obligations for bridge construction.

(iii) Upon certification of the State Treasurer, filed with and approved by the State Bond Commission, that the amount on deposit in the Tennessee-Tombigbee General Account, together with earnings on investments to accrue to it, is equal to or greater than the aggregate of the entire principal, redemption premium, if any, and interest due and to become due, until the final maturity date or earlier scheduled redemption date thereof, on all general obligation bonds outstanding as of the date of such certification, then the State Treasurer shall transfer from the Tennessee-Tombigbee General Account to the Tennessee-Tombigbee Principal and Interest Account an amount equal to the entire principal, redemption premium, if any, and interest due and to become due, until the final maturity date or scheduled redemption date thereof, on all general obligation bonds outstanding as of the date of such transfer. The State of Mississippi hereby covenants with the holders from time to time of general obligation bonds that amounts deposited in the Tennessee-Tombigbee Principal and Interest Account will be applied solely to the payment of the principal of, redemption premium, if any, and interest on general obligation bonds.

(iv) After the date of the transfer from the general account to the principal and interest account contemplated by paragraph (b)(iii) of this subsection, amounts from time to time on deposit in the Tennessee-Tombigbee General Account shall be applied monthly to the following purposes and in the following order of priority: first, to the extent required, to the payment of the principal of, redemption premium, if any, and interest on general obligation bonds issued under this chapter; second, to the extent required, to the General Fund of the state to reimburse the state for expenditures in excess of twenty-five percent (25%) of the total costs of the principal and interest on bonds issued under authority of subsection (1) of Section 65-26-15 and for all expenditures for costs of the principal of and interest on bonds issued under authority of subsection (2) of Section 65-26-15; and third, to the extent required, if any, to the bridge construction fund created in Section 65-26-25 to make current payments to meet contractual obligations for bridge construction.

(4) It is the intent of the Legislature that all outstanding general obligation bonds issued under this chapter shall be retired by the State Bond Commission on the earliest scheduled redemption date thereof, provided that there are sufficient funds in the bond retirement fund together with earnings

on investments to accrue to it. When the principal of, redemption premium, if any, and interest on all such outstanding general obligation bonds are paid in full, then any amounts remaining in the bond retirement fund, or separate accounts therein, together with earnings on investments to accrue to it, shall be apportioned and paid as follows:

(a) Three Million Five Hundred Thousand Dollars (\$3,500,000.00) of such funds shall be paid into the appropriate fund for use by the Yellow Creek State Inland Port Authority for equipment or facilities necessary to the operation of the port.

(b) Three Million Five Hundred Thousand Dollars (\$3,500,000.00) shall be paid into the State General Fund.

(c) Seven Million Five Hundred Thousand Dollars (\$7,500,000.00) shall be paid to Tishomingo County. Of the Seven Million Five Hundred Thousand Dollars (\$7,500,000.00), (i) Two Million Five Hundred Thousand Dollars (\$2,500,000.00) shall be placed by the county in a special trust fund, the principal of which shall remain inviolate and the interest on which shall be expended solely for improvement of elementary and secondary education in Tishomingo County and distributed among the school districts therein based on the average daily attendance in each, and (ii) Five Million Dollars (\$5,000,000.00) shall be placed in the county general fund and may be expended for general county purposes.

(d) The balance of such funds shall be paid to the Counties of Alcorn, Chickasaw, Clay, Itawamba, Lee, Lowndes, Monroe, Noxubee, Kemper, Pontotoc, Prentiss and Tishomingo. Such funds shall be paid to such counties in the proportion that each county's contribution to the bridge bond fund bears to the total contribution from all twelve (12) counties; however, no county shall be paid more than Five Million Dollars (\$5,000,000.00) under this paragraph (d). Such funds shall be deposited by the county into a special account to be expended solely for economic development purposes. No expenditure of funds from the special account shall be made unless the amount to be expended from the special account is matched by other county funds in an amount equal to fifteen percent (15%) of the special account funds to be expended and until the Mississippi Board of Economic Development, upon application by the board of supervisors, has certified that the proposed expenditure is for economic development purposes and has approved the expenditure for such purposes; provided, however, the fifteen percent (15%) match hereinabove imposed shall not be required when the proposed expenditure for economic development purposes is on land owned or leased by the federal, state, county or municipal government.

HISTORY: Laws, 1976, ch. 492, § 5; Laws, 1980, ch. 442, § 2; Laws, 1986, ch. 506, § 4, eff from and after passage (approved April 23, 1986).

Editor's Notes — Section 57-1-54 provides that the Mississippi Development Authority shall be the Department of Economic and Community Development, and that whenever the term "Mississippi Department of Economic and Community Development," "Mississippi Department of Economic Development," or any variation thereof, appears in any law the same shall mean the Mississippi Development Authority.

Tennessee-Tombigbee Waterway Bridge Bond Retirement Fund is controlled by Miss. Code Section 65-26-9. Creekmore, Feb. 12, 1993, A.G. Op. #92-1011.

Payments in lieu of taxes which are received pursuant to Miss. Code Section 65-26-9(4)(d) are to be deposited into special account and are subject to all statutory restrictions on expenditures of municipal funds, in addition to requirement that these funds must be used for industrial development requiring approval from Department of Economic Development. Creekmore, Feb. 12, 1993, A.G. Op. #92-1011.

§ 65-26-11. Levy and disposition of bridge tolls.

The Highway Commission may levy tolls on any bridge provided for in Section 65-26-5 where the highway commission determines such tolls to be feasible. Toll shall be levied only at such time as is provided for in subsection (3)(b)(iii) of Section 65-26-19. The revenue derived from any tolls shall be deposited directly into the bond retirement fund, and shall be used only to defray the costs incident to the collection of such tolls, the construction, maintenance and equipment of toll stations and to retire bonds issued pursuant to the provisions of this chapter, or to reimburse the State of Mississippi for any advances or expenditures in excess of twenty-five percent (25%) of the principal of and interest on bonds issued under the authority of subsection (1) of Section 65-26-15 or to reimburse the State of Mississippi for any expenditures on the principal of and interest on bonds issued under the authority of subsection (2) of Section 65-26-15. Any tolls shall be collected until terminated as provided by subsection (3) of Section 65-26-19.

Editor's Notes — Section 65-1-1 provides that whenever the term “State Highway Commission,” or the term “commission” meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-26-13. Levy and disposition of state special improvement ad valorem tax in certain counties.

(1) A state special improvement ad valorem tax of one (1) mill on the dollar for the year 1976 and for each year thereafter until eliminated as provided in subsection (4) of this section is hereby levied by the State of Mississippi on all taxable property in the counties of Tishomingo, Prentiss, Itawamba, Monroe, Clay and Lowndes of the State of Mississippi.

(2) The tax levied by subsection (1) of this section shall be a supplemental special improvement tax levy and shall be in addition to any other state, county, municipal or other ad valorem tax being levied in any such county. The tax shall not be reimbursable under any provisions of the Homestead Exemption Law of this state.

(3) The proceeds of the tax levied by subsection (1) of this section shall be paid to the State Tax Commission which shall deposit the proceeds into the bridge bond retirement fund. The proceeds of the tax shall be used only to retire any bonds issued pursuant to the provisions of this chapter, or to reimburse the State of Mississippi for any advances or expenditures in excess of the state share.

(4) The state special improvement ad valorem tax levied pursuant to this section shall cease to be levied or collected for any fiscal year after the 1986 fiscal year.

Editor's Notes — Section 27-3-4 provides that the terms "Mississippi State Tax Commission," "State Tax Commission," "Tax Commission" and "commission" appearing in the laws of this state in connection with the performance of the duties and functions by the Mississippi State Tax Commission, the State Tax Commission or Tax Commission shall mean the Department of Revenue.

Cross References — Homestead exemption law, see §§ 27-33-1 et seq.

§ 65-26-15. Issuance of negotiable general obligation bonds authorized; acceptance and use of other funds.

(1) The Highway Commission is hereby authorized, at one (1) time or from time to time, to declare by resolution the necessity for issuance of negotiable general obligation bonds of the State of Mississippi to provide funds for the purpose of paying all or any part of the cost of the planning or construction of the bridges or tunnels, authorized by this chapter to receive state funds, over the Tennessee-Tombigbee Waterway, but in no event shall the amount of bonds issued exceed a total of Forty Million Dollars (\$40,000,000.00) for such planning or construction of such bridges or tunnels. The counties of Alcorn, Chickasaw, Clay, Itawamba, Lee, Lowndes, Monroe, Noxubee, Kemper, Pontotoc, Prentiss and Tishomingo are hereby obligated to reimburse the State of Mississippi for seventy-five percent (75%) of the total cost of the bonds, not to exceed Thirty Million Dollars (\$30,000,000.00), and to pay the debt service thereon.

(2) In the manner and for the purposes described in subsection (1) of this section, the Highway Commission is hereby authorized at one (1) time or from time to time, to declare by resolution the necessity for issuance of additional negotiable general obligation bonds of the State of Mississippi in an amount not to exceed Thirty Million Dollars (\$30,000,000.00). The counties of Alcorn, Chickasaw, Clay, Itawamba, Lee, Lowndes, Monroe, Noxubee, Kemper, Pontotoc, Prentiss and Tishomingo are hereby obligated to reimburse the State of

Mississippi for one hundred percent (100%) of the total cost of the bonds issued under the authority of this subsection and to pay the debt service thereon.

(3) Notwithstanding the foregoing provisions of this section, no general obligation bonds authorized herein shall be issued after April 23, 1986.

(4) The Highway Commission is authorized to accept and to use funds from whatever source available, other than state funds which are not explicitly pledged under this chapter, in completing the construction authorized by this chapter and shall furnish to the State Bond Commission the amounts of federal funds to be expended on each bridge or tunnel, which is to be partially funded under the provisions of this chapter. The Highway Commission shall not request bonds to be issued in an amount which when added to other funds available will exceed the actual cost of construction nor where construction of any such bridge or tunnel may be accomplished by the Corps of Engineers or any other federal agency.

§ 65-26-17. Levy of bridge tax in certain counties for purpose of funding payment of interest and principal upon bonds.

For the purpose of providing funds for the payment of interest and principal upon bonds authorized by this chapter, there shall be levied, assessed and shall be collected, when required by this chapter, from every person in the Counties of Alcorn, Chickasaw, Clay, Itawamba, Kemper, Lee, Lowndes, Monroe, Noxubee, Pontotoc, Prentiss and Tishomingo engaging in or doing business, a tax which may be cited as a "bridge tax" which shall be in addition to all other taxes now imposed, as hereinafter provided:

(a) Such tax shall be a sum equal to one-half percent ($\frac{1}{2}\%$) of the retail sales made in such counties.

(b) Persons liable for the tax imposed herein shall add the amount of the tax to the sales price or gross income, and in addition thereto shall collect, insofar as practicable, the amount of the tax due by him from the person receiving the service or goods at the time of payment therefor.

(c) Such tax shall be paid to the State Tax Commission or its successor, on a form to be prescribed by the State Tax Commission, in the same manner that state sales taxes are computed, collected and paid; and the full enforcement provisions and all other provisions of Chapter 119, Laws of 1934, as amended, shall apply as necessary to the implementation and administration of this chapter.

(d) The proceeds of such tax shall be paid into the bond retirement fund.

HISTORY: Laws, 1976, ch. 492, § 9, eff from and after passage (approved May 25, 1976).

Editor's Notes — Section 27-3-4 provides that the terms "Mississippi State Tax Commission," "State Tax Commission," "Tax Commission" and "commission" appearing in the laws of this state in connection with the performance of the duties and functions by the Mississippi State Tax Commission, the State Tax Commission or Tax Commission shall mean the Department of Revenue.

§ 65-26-19. Duty of bond commission as to bonds; pledge of funds and revenues for payment of bonds.

(1) Upon the adoption of a resolution by the Highway Commission, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this chapter, the Highway Commission shall deliver a certified copy of its resolution or resolutions to the Bond Commission. Upon receipt of same, the Bond Commission shall, in its discretion, act as the issuing agent, prescribe the form of the bonds, advertise for and accept bids, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds.

(2) For the payment of said bonds and the interest thereon, the full faith, credit, and taxing power of the State of Mississippi are hereby irrevocably pledged. If the legislature shall find that there are funds available in the General Fund of the Treasury of the State of Mississippi in amounts sufficient to pay maturing principal and accruing interest of said general obligation bonds, and if the legislature shall appropriate such available funds to the bond retirement fund for the purpose of paying such maturing principal and accruing interest, then the maturing principal and accruing interest of said bonds shall be paid from appropriations made from the General Fund of the Treasury of the State of Mississippi by the legislature thereof. But, if there are not available sufficient funds in the bond retirement fund and General Fund of the Treasury of the State of Mississippi to pay the maturing principal and accruing interest of said bonds, or if such funds are available and the legislature should fail to appropriate a sufficient amount thereof to pay such principal and accruing interest as the same becomes due, then, and in that event, there shall annually be levied upon all taxable property within the State of Mississippi an ad valorem tax at the rate sufficient to provide the funds required to pay the said bonds at maturity and the interest thereon as the same accrues.

(3)(a) From and after that year in which the state shall become obligated to make the final expenditure of the ten million dollars (\$10,000,000.00) required by Section 65-26-7, there is hereby pledged the net revenue derived from the funds received by the State of Mississippi from the Tennessee Valley Authority in lieu of ad valorem taxes, being twelve and two-tenths percent (12.2%) of the total funds paid by the Authority in Mississippi, as provided in Section 27-37-301, Mississippi Code of 1972, said funds to be deposited directly into the bond retirement fund. Such funds paid by the Authority in lieu of ad valorem taxes are hereby pledged for the payment of principal of and interest on bonds authorized by subsection (1) of Section 65-26-15. When twenty-five percent (25%) of the total costs of the bonds and the debt service thereon has been paid by the use of funds of the State of Mississippi, the diversion of such funds from the Authority from the general fund of the State of Mississippi into the bond retirement fund shall cease.

(b) For repayment to the State of Mississippi to the extent of the local share of all bonds issued under the authority of this chapter and the interest thereon, there are hereby pledged the following revenues:

(i) From and after January 1, 1976, any sum in excess of the sum received in 1975 by the counties of Alcorn, Chickasaw, Clay, Itawamba, Kemper, Lee, Lowndes, Monroe, Noxubee, Pontotoc, Prentiss and Tishomingo from funds paid by the Tennessee Valley Authority to said counties under the provisions of Section 27-37-301, Mississippi Code of 1972, which shall be deposited directly into the bond retirement fund;

(ii) The revenue derived from the one (1) mill special improvement ad valorem tax levied by Section 65-26-13;

(iii) The revenue derived from the levy of tolls as required by Section 65-26-11; provided, however, that no toll shall be levied or collected until such time as the revenue from the following sources is insufficient to pay the annual cost of the principal of the bonds and the interest thereon; the funds paid the state as set forth in subparagraph (a) until terminated as provided therein, the funds paid the counties as set forth in subparagraph (b)(i), the one (1) mill tax as set forth in subparagraph (b)(ii), and a sum equal to the portion of the balance of the bond retirement fund representing the state's participation therein;

(iv) The revenue derived from the levy of the bridge tax as provided in Section 65-26-17; provided, however, that no such tax shall be levied or collected until revenue from the following sources shall be insufficient to pay the annual costs of the principal of the bonds and the interest thereon: the funds paid the state as set forth in subparagraph (a) until terminated as provided therein, the funds paid the counties as set forth in subparagraph (b)(i), the one (1) mill tax set forth in subparagraph (b)(ii), the tolls as set forth in subparagraph (b)(iii) and a sum equal to the portion of the balance of the bond retirement fund representing the state's participation therein.

(c)(i) If the revenue provided for in subparagraphs (b)(i), (b)(ii) and (b)(iii) is sufficient for a period of two (2) consecutive years, to meet the cost

of the principal of the bonds and the interest maturing thereon, the levy of the bridge tax as set forth in subparagraph (b)(iv) of this section shall cease;

(ii) If the revenue provided for in subparagraphs (b)(i) and (b)(ii) is sufficient, for a period of two (2) consecutive years, to meet the cost of the principal of the bonds and the interest maturing thereon, the tolls as set forth in subparagraph (b)(iii) of this section shall cease to be collected.

(d)(i) If, at any time after the bridge tax shall cease to be collected to be used to pay the cost of the principal of the bonds and interest thereon, the revenue provided for in subparagraphs (b)(i), (b)(ii) and (b)(iii) shall be insufficient to pay the annual costs of the principal and interest on the bonds, the state tax commission shall again levy the bridge tax.

(ii) If, at any time after the tolls shall cease to be collected for payment of the bonds and interest thereon, the revenue provided for in subparagraphs (b)(i) and (b)(ii) shall be insufficient to pay the annual costs of the principal and interest on the bonds, the State Highway Commission shall again collect the tolls.

(4) Such bonds shall bear date or dates, be in such denomination or denominations, bear interest at such rate or rates, be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times, be redeemable prior to maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the bond commission. Provided, however, that such bonds shall mature in annual installments beginning not more than two (2) years from date thereof and extending not more than twenty (20) years from date thereof.

(5) Such bonds shall be signed by the chairman of the Bond Commission, or by his facsimile signature, and the official seal of the bond commission shall be affixed thereto, attested by the secretary of the bond commission. The interest coupons to be attached to such bonds may be executed by the facsimile signatures of said officers. Whenever any such bonds shall have been signed by the officials herein designated to sign the bonds, who were in office at the time of such signing but who may have ceased to be such officers prior to the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until the delivery of the same to the purchaser, or had been in office on the date such bonds may bear.

§ 65-26-21. Bonds as negotiable instruments; exemption from taxation.

All general obligation bonds of the State of Mississippi and interest coupons issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code of the State of Mississippi. Such bonds and the income therefrom shall be exempt from all taxation within the State of Mississippi.

§ 65-26-23. Sale of bonds; interest.

(1) The Bond Commission shall sell such bonds on sealed bids at public sale, and for such price as it may determine to be for the best interest of the State of Mississippi, but no such sale shall be made at a price less than par plus accrued interest to date of delivery of the bonds to the purchaser. The bonds authorized by this chapter shall not bear a greater overall maximum interest rate to maturity than eight percent (8%) per annum. No bond shall bear more than one (1) rate of interest; each bond shall bear interest from its date to its stated maturity date at the interest rate specified in the bid; all bonds of the same maturity shall bear the same rate of interest from date to maturity; all interest accruing on such bonds so issued shall be payable semiannually or annually, except that the first interest coupon attached to any such bond may be for any period not exceeding one (1) year.

(2) No interest payment shall be evidenced by more than one (1) coupon and neither cancelled nor supplemental coupons shall be permitted; the lowest interest rate specified for any bonds issued shall not be less than seventy percent (70%) of the highest interest rate specified for the same bond issue. The interest rate of any one (1) maturity shall not exceed eight percent (8%).

(3) Each interest rate specified in any bid must be in a multiple of one-eighth of one percent ($\frac{1}{8}$ of 1%) or one-tenth of one percent ($\frac{1}{10}$ of 1%) and a zero rate of interest cannot be named.

(4) Notice of the sale of any such bonds shall be published at least two (2) times, the first of which shall be made not less than ten (10) days prior to the

date of sale, and shall be so published in one or more newspapers having a general circulation in the City of Jackson and in one or more other newspapers or financial journals with a large national circulation, to be selected by the Bond Commission.

(5) The Bond Commission, when issuing any bonds under the authority of this chapter, shall provide that bonds maturing eleven (11) or more years after the date of the issuance of such bonds may, at the option of the State of Mississippi, be called in for payment and redemption in reverse numerical order at the call price named therein and accrued interest, or on the tenth anniversary of the date of issue, or on any interest payment date thereafter prior to maturity.

Editor's Notes — Section 27-3-4 provides that the terms "Mississippi State Tax Commission," "State Tax Commission," "Tax Commission" and "commission" appearing in the laws of this state in connection with the performance of the duties and functions by the Mississippi State Tax Commission, the State Tax Commission or Tax Commission shall mean the Department of Revenue.

§ 65-26-25. Transfer and use of proceeds of bond sales.

(1) Upon the issuance and sale of such bonds, the Bond Commission shall transfer the principal proceeds of any such sale or sales to the bridge construction fund hereby created in the state treasury. The proceeds of such bonds shall be used solely for the payment of the cost of the project or combined projects, which shall include costs incident to the issuance and sale of such bonds, and shall be disbursed solely upon the order of the Highway Commission under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(2) Any revenues transferred to the bridge construction fund from the bond retirement fund as provided in this chapter shall be expended for the construction of any bridges described in Section 65-26-5 upon the order of the Highway Commission. Such revenues shall not be commingled with any other funds in the bridge construction fund but shall be kept separate and distinct therefrom.

(3) Any funds in the bridge construction fund which are not needed to make current payments to meet contractual obligations shall be invested in interest-bearing certificates of deposit in accordance with the provisions of Section 27-105-33, except interest so earned shall be credited to the bridge construction fund.

(4) When all contracts for bridge construction are paid in full then all funds in the bridge construction fund and all funds invested as provided in subsection (3) of this section shall be transferred to the bond retirement fund and no further diversion or transfer of said funds shall be made to the bridge construction fund.

§ 65-26-29. Conditions on issuance of bonds; validation of bonds.

(1) Such general obligation bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions and things which are specified or required by this chapter. Any resolution providing for the issuance of general obligation bonds under the provisions of this chapter shall become effective immediately upon its adoption by the bond commission, and any such resolution may be adopted at any regular, special or adjourned meeting of the bond commission by a majority of its members.

(2) The bonds authorized under the authority of this chapter shall be validated in the chancery court of Hinds County, Mississippi, in the manner and with the force and effect provided now or hereafter by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district, and other bonds. The necessary papers for such validation proceedings shall be transmitted to the state bond attorney by the secretary of the bond commission, and the required notice shall be published in a newspaper published in the City of Jackson, Mississippi.

FERRIES; GENERAL PROVISIONS

Sec.

65-27-1.	Toll ferries and free ferries.
65-27-3.	Right of owner of the soil.
65-27-5.	Bond required of the keeper of a toll ferry.
65-27-7.	Bond may be sued on.
65-27-9.	Penalties, forfeitures, and damages recovered.
65-27-11.	Purchase of competing ferry.
65-27-13.	Equipment for safe transportation by ferry.
65-27-15.	Duties of ferrymen.
65-27-17.	Table of rates of tolls kept exposed to view.
65-27-19.	Authority of ferryman over his boat.
65-27-21.	Right of landing in another county.

§ 65-27-1. Toll ferries and free ferries.

The board of supervisors may establish and license toll ferries, and fix the toll; and where the public convenience and travel justifies it, may establish and maintain free ferries, or in its discretion toll ferries at public expense; and the board of supervisors shall fix the salary of the ferryman or ferrymen to run such free or toll ferry. The board of supervisors may make allowance to pay for ferry boats and things to run same, and may establish ferries over rivers or other watercourses where public road is parallel with and on one bank of the river or watercourse, and public or private roads on the opposite bank.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Rights of licensee.

1. In general.

The right to operate a public ferry within a short distance of the site of a bridge, which, until its recent destruction, had been a part of a public road, under a license authorizing its location at or near

such bridge site, is not impaired by want of power in the board of supervisors to authorize its location elsewhere than exactly at the bridge site. *McInnis v. Pace*, 78 Miss. 550, 29 So. 835, 1900 Miss. LEXIS 179 (Miss. 1900).

A ferry located in the vicinity of a public ferry, without authority, for the use of those operating it and such other persons as might see fit to avail of it, and from which tolls are received when voluntarily

offered, is not a public ferry. *McInnis v. Pace*, 78 Miss. 550, 29 So. 835, 1900 Miss. LEXIS 179 (Miss. 1900).

Where a highway crosses a river, the continuity of the highway is not broken, but it extends by the ferry or bridge across the river. *Sullivan v. Board of Supervisors*, 58 Miss. 790, 1881 Miss. LEXIS 37 (Miss. 1881).

2. Rights of licensee.

The right of a licensee operating a public ferry under this section is exclusive against the operation of another public ferry without authority on the same stream and but a few hundred yards distant, and he may enjoin the operators of the other ferries or sue for damages. *McInnis v. Pace*, 78 Miss. 550, 29 So. 835, 1900 Miss. LEXIS 179 (Miss. 1900).

The license to keep a ferry may be assigned. *McCearly v. Swayze*, 65 Miss.

351, 3 So. 657, 1887 Miss. LEXIS 69 (Miss. 1887).

The holder of a license to keep a ferry enjoys the privilege subject to the right of the board to establish other ferries as near to it as the public convenience may require. *Montjoy v. Pillow*, 64 Miss. 705, 2 So. 108, 1887 Miss. LEXIS 93 (Miss. 1887).

A license to keep a ferry is not strictly a franchise, but a privilege, subject to modification or revocation when the public interest requires; A ferry franchise cannot exist by prescription. *Sullivan v. Board of Supervisors*, 58 Miss. 790, 1881 Miss. LEXIS 37 (Miss. 1881).

If a bridge be erected on the site of a ferry, the licensee cannot claim the bridge as a fixture because his land had not been lawfully condemned and paid for. *Sullivan v. Board of Supervisors*, 58 Miss. 790, 1881 Miss. LEXIS 37 (Miss. 1881).

§ 65-29-1. Certain counties authorized to levy tax.

An ad valorem tax of two mills on each dollar of the total assessed valuation of all the taxable property in each county or counties in the State of Mississippi in which there is located a city or town upon any river or waters, which rivers or waters separate two United States highways, which highways are separated by such water but are otherwise connected by the streets of a municipality in said county connecting said highways except for said water, is hereby levied on all said taxable property in said county in or for each year in which the principal of or interest on any bonds or other obligations issued by any municipality or county pursuant to this chapter becomes due. The receipts from said two-mill tax shall be withheld by the tax collector of said county, or by any other tax collecting agency authorized by law for the collection of said taxes, from receipts from state ad valorem taxes now in effect or which may be hereafter levied, so long as said state ad valorem shall be not less than the said two-mill tax herein levied. If no state ad valorem taxes equal to or greater than the said two-mill tax herein levied is levied, then, and in that event, the said two-mill tax herein levied shall continue to be levied and collected as herein provided in each such county or counties in or for each year in which the principal of or interest on any bonds or other obligations issued by any municipality pursuant to this chapter becomes due.

HISTORY: Codes, 1942, § 8481; Laws, 1934, ch. 218.

§ 65-29-3. Tax receipts paid over to trustee or ferry fund.

Said tax collector, or any other tax collecting agency authorized by law for the collection of said taxes, shall pay over all moneys collected or to be collected as receipts from said two-mill tax to any trustee or successor thereto estab-

lished as hereinafter in this chapter provided, and in the event that there is no such trustee, then said tax collector, or any other tax collecting agency authorized by law for collection of said taxes, shall pay over all such moneys into the county depository of each such county to the credit of a fund which shall be known as a "ferry fund." Any such moneys so paid into the county depository of each such county to the credit of said "ferry fund" may be expended at the direction of the ferry commission appointed for any county ferry. In no county within the terms of this chapter shall there be withheld from the state treasury under the provisions of this chapter and Sections 59-7-1 through 59-7-21, Mississippi Code of 1972, for any one year an amount in excess of the receipts from said two-mill tax. The provisions of this chapter shall be deemed to be a contract with the holders of any bonds or other obligations issued pursuant to this chapter.

HISTORY: Codes, 1942, § 8482; Laws, 1934, ch. 218.

§ 65-29-5. County may operate ferry service.

The authorities of any county in which there is situated and located, in whole or in part, a county ferry, are hereby given the authority to engage in, either directly or through the commission hereinafter provided and designated and such other agencies as hereafter may be provided by law, promoting, developing, constructing, maintaining, and operating or contract to have operated a ferry or ferries and ferry service within the county and its jurisdiction and to the opposite shore of an adjoining county or state, and either directly or through the commission hereinafter provided, shall have the power to acquire, purchase, install, rent, lease, mortgage, or otherwise encumber, to construct, own, hold, maintain, equip, use, control, and operate wharves, piers, docks, quays, warehouses, other water and rail terminals, and other necessary structures and facilities needful for the convenient use of the same in the aid of ferry service from said county to adjoining county or state. The entire cost to any such county or city of engaging in such work or development shall not exceed the sum of two hundred thousand dollars for lands and equipment and annually not more than fifty thousand dollars for maintenance, repairs, and operations.

JUDICIAL DECISIONS

1. In general.

Ferry owned and operated by private corporation within city limits, under franchise granted by city which owned landing wharf used by ferry operated under rules promulgated by city officers, was not a "county ferry," within Act authorizing any county having county ferry to issue bonds to provide ferry service, as against contention that words of Act were applicable to any county wherein there was located a ferry regardless of whether county owned or controlled ferry. *Green v. Board of Sup'rs*, 173 Miss. 745, 163 So. 121, 1935 Miss. LEXIS 246 (Miss. 1935).

Order of board of supervisors authorizing issuance of bonds for ferry purposes to

connect two United States highways which showed that it required the use of streets of municipality in a foreign State, over which neither the county nor municipality located therein had any jurisdiction, to secure a connection with another United States highway on the opposite shore did not entitle county to come under Act relating to issuance of bonds for ferry purposes, notwithstanding that on hearing of bond validation proceedings oral proof was introduced which tended to supply facts necessary to show jurisdiction. *Green v. Board of Sup'rs*, 172 Miss. 573, 161 So. 139, 1935 Miss. LEXIS 176 (Miss. 1935).

§ 65-29-13. Powers of county or municipality.

In connection with the issuance of bonds or other obligations by any municipality and county pursuant to this chapter, or in order to secure the payment of said bonds or other obligations, such county or municipality shall have power:

(a) To accept grants from the United States of America, the president of the United States, the federal emergency administration of public works, or such other agencies, instrumentalities, or corporations as may be designated or created to make grants or loans (hereinafter termed "federal agency") pursuant to the National Industrial Recovery Act and any further act of the congress of the United States providing for the construction of useful public works (hereinafter termed "National Industrial Recovery Act") for or in aid of work, development, or improvement authorized by this chapter.

(b) To make such contracts and execute such instruments containing such provisions, covenants, and conditions as, in the discretion of the authorities of any such municipalities or county, may be necessary, proper, or advisable for the purpose of obtaining or securing grants, loans, or other financial assistance from any federal agency pursuant to the National Industrial Recovery Act; to make such further, different, or additional contracts and execute all instruments necessary or convenient in or for the furtherance of any work, development, or improvement, including but not

limited to all property, real and personal, appurtenant thereto or connected therewith and the existing work, development, or improvement, if any, to which the work, development, or improvement authorized by this chapter is an extension, addition, betterment, or embellishment (hereinafter termed "work, development, or improvement"); to carry out and perform the terms and conditions of any such contract or instrument.

(c) To pledge all or any part of the fees, rents, tolls, revenues, or other charges received or receivable by such municipality or county or ferry commission from any work, development, or improvement to which its right then exists or the right to which may thereafter come into existence.

(d) To covenant against the pledging of all or any part of the fees, rents, tolls, revenues, or other charges received or receivable by such municipality or county or ferry commission, if any, from any work, transportation development, or improvement to which its right then exists or the right to which may thereafter come into existence.

(e) To covenant against the encumbering of all or any part of any work, development, or improvement, or against permitting or suffering any lien thereon.

(f) To covenant as to what other or additional debt may be incurred by such municipality or county.

(g) To provide for the preparation, specifications, terms, form, registration, extension, execution, and authentication of any bonds or other obligations issued pursuant to this chapter.

(h) To provide for the replacement of lost, destroyed, or mutilated bonds or other obligations issued pursuant to this chapter.

(i) To covenant as to the fees, rents, revenues, or tolls to be charged, the amount to be raised each year or other period of time, and as to the use and disbursement to be made thereof.

(j) To covenant to set aside or to pay over reserves and sinking funds and as to the disposal thereof.

(k) To redeem prior to maturity, with or without premium, bonds or other obligations issued pursuant to this chapter, to covenant for their prior redemption, and to provide the terms and conditions thereof.

(l) To covenant against extending the time for the payment of the interest on or principal of the bonds or other obligations issued pursuant to this chapter, directly or indirectly, by any means or in any manner.

(m) To covenant as to books of account of such municipality or county, as to the inspection and audit thereof, and as to the accounting method.

(n) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by such municipality or county of any covenant, condition, or obligation assumed pursuant to this chapter.

(o) To make such covenants and do any and all such acts and things as may be necessary, convenient, or desirable in order to secure any bonds or other obligations issued pursuant to this chapter, or in the absolute discretion of the authorities of such municipality or county in order to make such bonds or other obligations more marketable, notwithstanding that such

covenants, acts, or things may not be enumerated herein or expressly authorized herein; it being the intention hereby to give the authorities of any municipality or county issuing bonds or other obligations pursuant to this chapter the power to do all things in the issuance of said bonds or other obligations and for their execution that may not be inconsistent with the constitution of the State of Mississippi.

§ 65-29-15. Power and duties of trustee.

Any municipality or county issuing bonds or other obligations pursuant to this chapter shall, so long as any such bonds or other obligations remain outstanding and unpaid, by resolution or resolutions duly adopted, authorize and appoint a trustee, satisfactory to the purchaser or purchasers of any bonds or other obligations issued pursuant to this chapter, or any successor thereto, with the following powers and duties:

(a) Such trustee so appointed, or any successor thereto, shall receive and receipt for all moneys collected or to be collected as receipts from the aforesaid two-mill tax by the aforesaid tax collector, or any other tax collecting agency authorized by law for the collection of said taxes, as provided in Section 65-29-1;

(b) Such trustee so appointed, or any successor thereto, shall receive and receipt for all moneys paid or to be paid to it in accordance with Section 65-29-5, constituting the net revenues derived from the operation of the improvements and facilities authorized by this chapter;

(c) Such trustee so appointed, or any successor thereto, shall deposit all moneys received or to be received in a special account or accounts in a bank or banks which are members of the federal reserve system, with such provisions for security therefor as may be incorporated in any agreement or agreements entered into between any such municipality and the purchaser or purchasers of any such bonds or other obligations;

(d) Such trustee so appointed, or any successor thereto, shall use and apply all such moneys so received to the payment of principal of and interest on any bonds or other obligations issued by any municipality or county pursuant to this chapter, as the same become due, and shall use and apply any surplus remaining after such payment or payments for the prior redemption, with or without premium, of bonds or other obligations issued by any municipality or county pursuant to this chapter, or in accordance with the provisions of any agreement or agreements as may be made between any municipality issuing bonds or other obligations pursuant to this chapter and the purchaser or purchasers of such bonds or other obligations;

(e) Such trustee so appointed, or any successor thereto, shall have and be vested with all rights, powers, and duties, in addition to the foregoing, as may be provided in any agreement or agreements between any municipality

or county issuing bonds or other obligations pursuant to this chapter and the purchaser or purchasers of such bonds or other obligations;

(f) Such trustee so appointed, or any successor thereto, shall, by an instrument of writing, accept such trust and shall file such written acceptance of such trust with the clerk of the municipality or county so appointing such trustee;

(g) If such trustee so appointed, or any successor thereto, shall fail, neglect or refuse to perform any of the duties herein imposed or that may be imposed by reason of any of the provisions of any agreement or agreements as aforesaid, such trustee, or any successor thereto, shall, on the written request of twenty per centum or more in aggregate principal amount of the holder or holders of bonds or other obligations issued pursuant to this chapter, be removed, by resolution duly adopted by the municipality or county, by which such trustee or any successor thereto, was appointed; and in such event, it shall be the duty of any such trustee so removed to effectuate a valid transfer of all moneys then in the possession or under the control of such trustee so removed to a duly appointed successor, and a failure on the part of such trustee so removed to do so shall constitute an embezzlement of such moneys and shall be punishable accordingly;

(h) In the event any such trustee so appointed, or any successor thereto, shall be removed as hereinabove provided, it shall be the duty of any municipality or county which shall have removed any such trustee, immediately by resolution duly adopted to appoint a trustee, as successor thereto, who is satisfactory to said holder or holders of twenty per centum or more in aggregate principal amount of bonds or other obligations issued pursuant to this chapter.

HISTORY: Codes, 1942, § 8489; Laws, 1934, ch. 218.

§ 65-29-19. General bond provisions.

The power to issue bonds or other obligations authorized by Section 65-29-11 shall be vested in, and may be exercised from time to time by, the governing body of any municipality or county described in said section. Such bonds or other obligations shall be authorized by resolution of the governing body of any such municipality and shall bear such date or dates, mature at such time or times, not exceeding twenty-five years from their respective dates,

bear interest at such rate or rates, not exceeding six per centum per annum, be in such denomination, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of prior redemption, with or without premium, as such resolution or resolutions shall provide. Such bonds or other obligations may be sold at public or private sale for such price or prices as the governing body of such municipality or county shall determine, provided that the interest cost to maturity of the money received from any issue of said bonds or other obligations shall not exceed six per centum per annum. Such bonds or other obligations may be issued by any municipality or county described in Section 65-29-11 in a principal amount not exceeding in the aggregate two hundred thousand dollars, for any purpose or purposes authorized by said section. Such municipality or county shall have the power out of any funds available to purchase any bonds or other obligations issued by it pursuant to this chapter, and all bonds or other obligations so purchased shall be cancelled and no bonds or other obligations shall be issued in lieu thereof. In anticipation of the issuance of the definitive bonds authorized by this chapter, any such municipality or county may issue interim certificates. Such interim certificates shall be in such form, contain such terms, conditions, or provisions, bear such dates or date, and evidence such agreement or agreements relating to their discharge by payment or by the delivery of the definitive bonds, as such municipality or county by resolution of its governing body may determine. Any bonds, interim certificates, or other obligations issued pursuant to this chapter shall be fully negotiable within the meaning and for all the purposes of the Uniform Commercial Code of Mississippi.

§ 65-29-21. Deposit of bond proceeds.

The proceeds from the sale of any bonds or other obligations issued pursuant to this chapter shall be placed to the credit of such municipality, county, ferry commission, or trustee in a bank or banks which are members of the federal reserve system, may be withdrawn therefrom in accordance with any agreement or agreements entered into between such municipality and the purchaser or purchasers of such bonds or other obligations, and shall be used for no other purpose than the purpose or purposes set forth in the original resolution of the governing body of such municipality. Any officer or other person diverting or assisting to divert any such funds to any other purpose or purposes than the purpose or purposes originally set forth in said resolution of the governing body of said municipality or county shall be guilty of a felony and punishable accordingly, and shall be liable both personally and officially on bond for such diversion. Nothing in this chapter shall be construed as a

guarantee on the part of the State of Mississippi to pay the principal of or interest on any bonds or other obligations issued pursuant to this chapter.

§ 65-29-23. Mortgage to secure bonds.

Any municipality or county issuing bonds or other obligations pursuant to this chapter, by resolution or resolutions duly adopted, is hereby given authority to execute and deliver a mortgage or deed of trust in such form, with such validity, and with such remedies as at present authorized under the laws of the State of Mississippi, on any or all properties, improvements, and facilities, the acquisition, construction, maintenance, or operation of which are provided by this chapter. Such resolution or resolutions of said municipality or county shall prescribe the provisions, covenants, and conditions of any such mortgage or deed of trust. Such provisions, covenants, and conditions, if not self-executing, may be enforced by appropriate proceedings, either in law or in equity.

HISTORY: Codes, 1942, § 8492; Laws, 1934, ch. 218.

§ 65-29-25. Ferry commission.

Said ferries may be maintained, purchased, and operated, or either, by the board of supervisors of each county which comes in under this chapter or by a ferry commission consisting of not more than three members, which ferry commission may be designated by the board of supervisors of each county. Such commission, if so designated, shall receive a salary of not to exceed four hundred (\$400.00) dollars each per annum, to be paid out of the funds hereinabove designated as being set aside for ferry purposes.

Where said ferriage fund is being supplemented by funds as herein provided from any municipality or municipalities within said county, and said ferriage and other things pertaining thereto are to be supervised and operated by a ferry commission, then said commission shall be composed of the president of the board of supervisors of said county, the mayor or mayors of any such municipality or municipalities that may contribute to said fund as herein provided, and one other person to be chosen by the governor and who shall serve during the tenure of such ferry operation, shall act as chairman of said commission, and shall be the only member of said commission to receive compensation, such compensation to be paid out of funds hereinabove designated and set aside for ferry purposes and shall be fixed at \$1,200.00 per annum.

- 65-31-15. "Capers, Blake, Scales Rest Area" designated.

§ 65-31-1. Design, construction, and operation.

The Mississippi Transportation Commission is hereby authorized to locate, design, construct, operate, and maintain hospitality stations on trunk-line highways at or near points of entry into this state from other states. In carrying out the provisions of this chapter, the commission shall have authority to employ such engineers, architects, skilled and unskilled labor as may be determined necessary by the commission, for the preparation of plans for such hospitality stations and their proper location, design, construction, maintenance, and operation. The commission also may employ full-time security officers, as authorized under Section 65-1-131, and/or may contract for the employment of private security officers, as authorized under Section 65-1-136, to patrol and protect the property of hospitality stations and visitors, patrons and other employees of hospitality stations.

Prior to the location of such hospitality stations the commission shall afford the opportunity for a public hearing in the county wherein such hospitality station is to be located for the purpose of receiving testimony regarding the most feasible and advantageous location for such hospitality station, at which hearing all interested persons may appear and present testimony in regard thereto. A notice of such proposed location shall be given in some newspaper published or having general circulation in the county wherein such hospitality station is proposed to be located. Should a public hearing be requested thereon, notice by publication shall be given at least ten (10) days prior to the date upon which public hearing is to be held and written notice thereof shall likewise be given, within said time, to the governing authorities of all municipalities within such county and the governing authority of such county.

Each hospitality station constructed under the provisions of this chapter shall be maintained and kept in a neat and attractive condition.

HISTORY: Codes, 1942, § 8940-71; Laws, 1968, ch. 474, § 1; Laws, 1972, ch. 444, § 1; Laws, 1996, ch. 425, § 5, eff from and after July 1, 1996.

§ 65-31-3. Contracts for operation.

The State Highway Commission is authorized to contract with the Department of Economic and Community Development, on terms and conditions agreeable between the two (2) state agencies, for the operation of one or more of such hospitality stations constructed under the provisions of this chapter. The commission and the department are further authorized to enter into agreement with an adjoining state for the operation of a hospitality station on an interstate highway where the states' boundary is the Mississippi River and there is no feasible location for a hospitality station between the bank of the Mississippi River and a national military park in the State of Mississippi, or where the states' boundary is the Pearl River and there is no feasible location for a hospitality station between the bank of the Pearl River and the buffer zone to a test facility operated by the National Aeronautics and Space Administration in the State of Mississippi. The commission and the department are authorized to pay whatever expenses may be agreed upon between the two (2) states as to the fair share of the operating and maintenance cost of the hospitality station operated primarily for the benefit of the state. Such contracts and agreements shall provide for the furnishing of suitable personnel for the operation of such stations and that such stations shall be kept supplied with such information, pamphlets and other materials as will advertise and publicize the history, commerce, industry, natural resources and tourist attractions of this state. Such information, pamphlets and other materials shall be available to the traveling public and shall be distributed by the personnel employed to operate such stations. The agency operating such hospitality stations shall provide for the free distribution to the traveling public of such literature, pamphlets, refreshments and other items that may be of interest to tourists in such manner as deemed to be in the best interest of promoting the tourist trade in this state. Such agency may sell, or contract for the sale of, merchandise on the premises of any hospitality station, provided such sale or contract for sale is subject to any applicable federal laws and Section 43-3-93. Revenue derived from such sales shall be paid into the special revolving fund established pursuant to Section 57-1-66 and shall be expended to promote and market Mississippi and to maintain and improve hospitality stations.

§ 65-31-5. Acceptance of gifts and grants.

Both the State Highway Commission and the agricultural and industrial board in exercising the powers granted in this chapter are hereby authorized to accept private donations and public grants which may be available to them, respectively, for the furtherance of the purposes of this chapter. In addition thereto, either or both of such agencies may expend, for the purposes of this chapter, any funds available to them not otherwise specifically designated for a different public purpose. Each of such agencies shall cooperate with other state agencies in carrying out the provisions of this chapter.

Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-31-7. Commemorative sign; birthplace of Jimmie Rodgers.

(1) The Mississippi State Highway Department is hereby authorized, in the event private donations are made available therefor, to erect an appropriate commemorative sign at the state hospitality station located on federal Interstate Highway 20 east of Meridian, Mississippi, to read as follows:

"WELCOME TO MISSISSIPPI BIRTHPLACE OF JIMMIE RODGERS THE FATHER OF COUNTRY MUSIC"

Such sign shall be attractive and designed to invite and encourage tourism and recreation in the state.

(2) The Mississippi State Highway Department is hereby authorized to accept and expend private donations for the purchase, installation and maintenance of the sign authorized hereunder. No state funds shall be expended for such purpose.

JUDICIAL DECISIONS

1. In general.

The ultimate purpose for the construction and maintenance of a seawall is the protection of the public roads and bridges in the counties bordering upon the Gulf of Mexico or the Mississippi Sound from damage and destruction from waters, high winds and storms of the gulf, so that the ultimate object of the seawall fund and the county road and bridge fund is the same, which is the construction, preservation, protection and maintenance of the road and bridges of the county. *Darby v. State*, 232 Miss. 639, 100 So. 2d 125, 1958 Miss. LEXIS 312 (Miss. 1958).

Law authorizing county to construct sea wall did not impliedly repeal law requiring county to pay one-half of ad valorem road taxes to municipality. *Board of Sup'rs v. Bay St. Louis*, 157 Miss. 459, 128 So. 331, 1930 Miss. LEXIS 307 (Miss. 1930).

Road protection commission and board of supervisors may, from funds voted, construct protection wall with protecting apron back thereof, which may be used as highway; board of supervisors constructing road along the beach or shore need not adhere to old road's right of way; this statute does not violate constitution giving boards of supervisors jurisdiction over road. *Ladner v. Road Protection Com.*, 150 Miss. 416, 116 So. 602, 1928 Miss. LEXIS 131 (Miss. 1928).

Changes, pending advertisement for bids, in plans and specifications for sea wall affecting storm hazard and liquidated damages, were material, requiring new advertisement. *Board of Sup'rs v. Cooper*, 147 Miss. 57, 112 So. 682, 1927 Miss. LEXIS 302 (Miss. 1927).

§ 65-33-3. Definitions.

The words "sea wall," as used in this chapter, shall be held to include filling behind the sea wall, culverts, sluiceways, flood gates, and any other construction work found necessary for the protection of the water front from storms, caving banks, overflow, and other like dangers.

The terms "roads, streets, avenues, and highways" as herein used shall include all such roads, streets, avenues, and highways as may form any part of any highway extending along such body of water through or across such county, or any other existing or contemplated public road, street, avenue, or

highway connected therewith, extending to or along the side of a harbor or to a boat landing or dock, which, in the discretion of the board of supervisors of such county, is in need of the protection provided in this chapter, whether the same is under the jurisdiction of the national government, the state, the county, or of any municipality.

§ 65-33-5. Preliminary steps to sea wall program.

Prior to the issuance of any bonds hereunder, and precedent to the inauguration of this program, the following steps shall be taken:

(a) Any such board of supervisors is authorized to employ competent engineers or technical assistants to make necessary preliminary plans and specifications and estimates of cost of the construction of any causeways or bridges or other structures in connection with any proposed project or projects which the board may deem necessary and proper. After said preliminary plans, specifications and estimates of cost have been approved by said board, the same shall be filed in the office of the chancery clerk of such county;

(b) Such board of supervisors shall obtain approval by the proper United States governmental authorities of the building of the proposed project, or projects, with regard to questions of navigation.

§ 65-33-7. Details of revenue bond issue.

Such bonds shall be in the denomination of One Thousand Dollars (\$1,000.00) each and shall mature annually, with all maturities not longer than twenty-five (25) years, with not less than one-fiftieth ($\frac{1}{50}$) of the total issue to mature each year during the first five (5) years of the life of such bonds, not less than one-twenty-fifth ($\frac{1}{25}$) of the total issue to mature each year during the succeeding ten-year period of the life of such bonds, and the remainder to be divided into approximately equal annual payments, one (1) payment to mature each year for the remaining life of such bonds. Such bonds shall not bear a greater rate of interest than the maximum amount specified in Section 75-17-103 per annum, and the denomination, form, and place or places of payment of such bonds shall be fixed in the resolution or order of the board of supervisors issuing such bonds. Such bonds shall be signed by the president of the board of supervisors and countersigned by the clerk thereof, with the official seal of the county affixed thereto, but the coupons may bear only the facsimile signatures of such president and clerk. No bonds shall be issued and

sold under the provisions of Sections 65-33-1 through 65-33-15 for less than par and accrued interest, and not more than one (1) series of interest coupons shall be attached to any bonds issued under the provisions of said sections; but all interest accruing on such bonds so issued shall be payable semiannually, except that the first interest coupon attached to any such bond may be for any period not exceeding one (1) year. Such bonds shall be payable at such place or places as may be designated therein by said board, shall be fully negotiable, and shall be sold pursuant to advertised public sale at not less than par and accrued interest. Such bonds shall not be subject to other restrictions, limitations or provisions of the general laws governing the issuance and sale of bonds by the board of supervisors, and the board of supervisors may sell said bonds at any time within three (3) years after the sale has been approved in an election held for that purpose herein required, or three (3) years after the successful termination of any litigation affecting the same, or three (3) years after the acquisition of all lands in the areas to be developed as hereinafter provided, but not later; however, in no event shall the amount borrowed by any such county after May 4, 1954, exceed the amount of Twelve Million Dollars (\$12,000,000.00) under the provisions of this section.

Before any bonds shall be issued under the cited sections, the board of supervisors shall adopt a resolution reciting its intention to issue such bonds and stating the amount of bonds proposed to be issued, and shall give notice of election, to be published once each week for at least three (3) consecutive weeks in at least one (1) newspaper published in such county, in accordance with the provisions of Section 19-9-13, except that such election shall be mandatory.

Such election shall be held, as far as practicable, in the same manner as other elections are held in counties. At such election, all qualified electors of such county may vote, and the ballots used at such election shall have printed thereon a brief statement of the amount and purpose of the proposed bond issue and the words "For the Bond Issue" and "Against the Bond Issue," and the voter shall vote by placing a cross (X) or check mark (✓) opposite his choice on the proposition.

When the results of the election on the question of the issuance of such bonds shall have been canvassed by the election commissioners of such county and certified by them to the board of supervisors of such county, it shall be the duty of such board of supervisors to determine and adjudicate whether or not three-fifths ($\frac{3}{5}$) of the qualified electors who voted in such election voted in favor of the issuance of such bonds; and, unless three-fifths ($\frac{3}{5}$) of the qualified electors who voted in such election shall have voted in favor of the issuance of such bonds, then such bonds shall not be issued.

§ 65-33-9. Mortgage indenture for additional bonds.

In addition to the bonds authorized under Section 65-33-7, said board shall have the authority, and it is hereby authorized, to issue and sell callable mortgage and revenue bonds in an amount not exceeding four million dollars (\$4,000,000.00) to provide additional funds, if found by the board to be necessary for the purposes of Sections 65-33-1 through 65-33-15, which mortgage and revenue bonds shall be secured by a mortgage indenture on any land acquired by the board under the authority of said sections and, in the discretion of the board, by tolls to be fixed and collected by the board for the use of any such bridge or bridges, causeway or causeways, or other structure, and by any other revenue derived from any source under said sections.

Such bonds shall be in the denomination of one thousand dollars (\$1,000.00) each, all shall mature within twenty-five years from the date of issuance, with such dates of maturity not to exceed twenty-five years as may be fixed in the resolution authorizing their issuance, shall bear interest not to exceed six per cent (6%) per annum to accrue and be payable semiannually, and shall be executed and sold in the manner authorized for the execution and sale of bonds, as provided in Section 65-33-7.

To secure the payment of such mortgage and revenue bonds and to fix the rights of the holders thereof, said board may execute a trust indenture constituting a mortgage lien upon any of the lands acquired under the provisions of Sections 65-33-1 through 65-33-15, and which indenture may, in the discretion of the board, pledge and assign any revenues and tolls which the board may fix and collect for the use of any bridge or bridges, causeway or causeways, or other structure financed under the provisions of said sections. Said indenture shall contain such provisions and conditions as the board may find necessary or proper, shall include provisions for insurance of such bridges or causeways against such hazards as the board may deem proper and necessary, and shall fix the terms and conditions for calling said mortgage and revenue bonds for prepayment before their maturities.

§ 65-33-11. Causeway or bridge to island.

In event any such bonds be authorized by said election for the purpose of building or constructing any causeway or bridge to any island or islands, then and in that event, and before any of said bonds shall be sold or delivered, the said board shall take necessary steps to acquire title to all of the land on such island or islands, susceptible of private ownership, not belonging to the United States government or the State of Mississippi (exclusive of any historic fort or fortress belonging to a patriotic association with not exceeding five acres of land surrounding the same); or for binding option or other enforceable legal right to acquire the same at a price satisfactory to the said board. However, no land shall be purchased from any private owner who has acquired title to said land during the last 12 months at a price in excess of the cost to the person acquiring same except by condemnation in a court at law.

After the bond election has carried and after options have been obtained and other provisions enforceable at law satisfactory to said board of supervisors have been made for the acquisition of the land as hereinabove provided, it shall be the duty of the board of supervisors to employ a suitable engineer or engineers to make final plans, specifications, and estimates of cost of construction of the additional and supplementary protection for public roads and highways and the building and construction of any causeways, bridges, or other projects authorized by Sections 65-33-1 through 65-33-15. Upon adoption of such plans and specifications and approval thereof by such board, or upon such adoption and approval of any revision thereof which may be made from time to time, said board of supervisors may proceed to sell and deliver said bonds, or so much thereof as may be necessary, and proceed to enter into necessary contracts to the lowest and best bidder, after advertising therefor in the manner by statute provided, and do all other things necessary toward the accomplishment of the work contemplated by such plans and specifications and to acquire in the name of such county such property or rights in property as may be necessary for the construction and execution of such plans and specifications and in compliance with the provisions of said sections relative to the acquisition of title to land on any island or islands. Said board of supervisors shall have the right to acquire by purchase, gift, or eminent domain any land or lands deemed necessary for roads, roadways, parks, recreation projects, seashore parks, or other public grounds approved by such board; no lands so acquired by eminent domain by said board for such public purposes shall be sold. Other lands on such island or islands so acquired by such board may be subdivided into lots, blocks, and building sites and sold, either at public auction, or prices may be placed upon individual lots and placed on sale to the public at such prices and under such terms and conditions as may be fixed by said board.

§ 65-33-13. Payment of bonds and maintenance costs.

It shall be the duty of such board to exercise a continuing supervision over all public lands, works, and road protection. All bonds issued under the provisions of Section 65-33-7 and all obligations and expenses necessarily incurred in connection therewith shall be paid out of the funds made available for road protection purposes under this chapter.

Any attorneys' fees paid in connection with or in consideration of the issuance of any bonds under the terms of Sections 65-33-1 through 65-33-15, shall not exceed one half of one per cent of (½ of 1%) the total amount of each bond issue.

The cost of the maintenance of any such causeway or causeways, bridge or bridges, road and roads shall be defrayed out of funds provided under Section 65-33-47, or general county fund, or from tolls or revenues derived from any bridge or bridges, causeway or causeways, or facilities provided for herein. Said county shall insure the causeway or causeways, bridge or bridges, against such perils as the board may deem proper, such insurance to be written by an insurance company or companies authorized to do business in the State of Mississippi, and the premiums therefor shall be payable out of funds provided under this chapter.

Except as herein to the contrary provided, such counties, acting by and through their respective boards of supervisors in the performance of the powers and duties hereunder granted and provided, shall have and may exercise all powers and rights, including but not limited to the right of eminent domain heretofore granted by and under this chapter.

The provisions of Sections 65-33-1 through 65-33-15 are additional and supplemental to all other powers heretofore or hereafter granted to counties, and no county shall be deemed to be required to issue bonds under the provisions hereof. Unless and until a county shall have issued bonds under the provisions hereof, such county shall not be obligated by any of the provisions of said sections, and may avail itself of any law now or hereafter enacted and which may contain other and different provisions concerning the application of the revenues herein referred to.

JUDICIAL DECISIONS

1. In general.

The ultimate purpose for the construction and maintenance of a seawall is the protection of the public roads and bridges in the counties bordering upon the Gulf of Mexico or the Mississippi Sound from damage and destruction from waters, high winds and storms of the gulf, so that the ultimate object of the seawall fund and the county road and bridge fund is the same, which is the construction, preservation, protection and maintenance of the road and bridges of the county. *Darby v. State*, 232 Miss. 639, 100 So. 2d 125, 1958 Miss. LEXIS 312 (Miss. 1958).

Road protection commission and board of supervisors may, from funds voted, construct protection wall with protecting apron back thereof, which may be used as highway; board of supervisors constructing road along the beach or shore need not adhere to old road's right of way; this statute does not violate constitution giving boards of supervisors jurisdiction over road. *Ladner v. Road Protection Com.*, 150 Miss. 416, 116 So. 602, 1928 Miss. LEXIS 131 (Miss. 1928).

§ 65-33-17. Federal aid; bonds authorized to match.

The board of supervisors of any county in the State of Mississippi bordering on the Mississippi Sound or Gulf of Mexico, having an assessed valuation of less than five million (\$5,000,000.00) dollars according to the last completed assessment, and maintaining a seawall or road protection structure under this chapter, is hereby authorized, in its discretion, and subject to complying with the provisions of Sections 65-33-17 through 65-33-21, to borrow funds not to exceed two hundred thousand (\$200,000.00) dollars at a rate of interest not exceeding six (6%) per cent per annum, in addition to such sums as may have heretofore been borrowed, for the purpose of constructing, repairing and maintaining such seawall or road protection structure and/or the public roads of such county, and in its discretion, to expend such funds or any part thereof in conjunction with contributions and allotments of funds, materials or labor for the works progress administration or other governmental department for the aforesaid improvements, or any of them.

HISTORY: Codes, 1942, § 8500; Laws, 1940, ch. 258.

§ 65-33-19. Federal aid; notice; election.

The board of supervisors of any such county may, in its discretion, issue and sell the bonds of such county in an amount not exceeding two hundred thousand (\$200,000.00) dollars to provide funds for the purposes enumerated in Section 65-33-17. However, such bonds shall not be issued until notice of intention to issue and sell the same shall have been made by publishing such notice in two weekly issues of some newspaper having a general circulation in the county. If, within fifteen days after the first publication of such notice twenty-five per cent of the qualified electors of the county petition the board of supervisors for an election to determine whether or not such bonds shall be issued, an election shall be ordered by said board of supervisors in which all of the qualified electors of the county shall be eligible to participate. If at such election a majority of those voting vote in favor of the issuance of such bonds the same shall be issued as provided by statute. In event a majority of the qualified electors voting vote against the issuance of such bonds the same shall not be issued and no further effort shall be made to issue bonds under Sections 65-33-17 through 65-33-21 by such board for a period of six months after such election. If no such petition be filed with the clerk of such board of supervisors within fifteen days after the first publication of such notice, the board of supervisors shall proceed forthwith to issue and sell such bonds without an election and without further notice.

HISTORY: Codes, 1942, § 8501; Laws, 1940, ch. 258.

§ 65-33-21. Federal aid; terms of bonds; payment; debt limit not applicable.

Bonds issued under the provisions of Sections 65-33-17 through 65-33-21 shall be full faith and credit obligations of the county for which the same are

issued, shall mature so as to be paid within twenty years from their date of issuance, and shall be paid out of the funds collected under this chapter. All bonds, notes and certificates of indebtedness heretofore issued by such county for seawall and road protection purposes maturing each year and the interest thereon however, shall be first provided for and paid out of said funds. The bonds authorized to be issued under Sections 65-33-17 through 65-33-21 shall not be subject to other limitations, restrictions or provisions of the general laws or laws which may be enacted at the Regular 1940 Session of the Mississippi Legislature governing the borrowing of money, amounts of indebtedness, budget and election, and shall be payable, both as to principal and interest, from the same sources of revenue and taxes made available for the payment of road protection bonds under the provisions of this chapter.

HISTORY: Codes, 1942, § 8502; Laws, 1940, ch. 258.

§ 65-33-23. Boards of supervisors may exercise right of eminent domain.

For the purpose of this chapter the several boards of supervisors are hereby clothed with the power and authority, and it is made their duty, to exercise the right of eminent domain in order to procure the right of way for such roads, streets, highways, sea walls, breakwaters, bulkheads, sloping beach, and such other devices as may be adopted for the protection of such highways. They shall have the power to pass all necessary ordinances for the preservation and protection of any such road, sea wall, sloping beach, or other device constructed hereunder, and the violation of such ordinances shall constitute, and be punished as, a misdemeanor.

JUDICIAL DECISIONS

1. In general.

Under Chapter 319, Laws of 1924, the board of supervisors of Harrison County was clothed with a power of eminent domain to condemn the right of way for the construction of a sea wall, including the protection of the road and sea wall by a sloping beach, and the landowner had waived any damages arising from the fact that the county had exceeded its previously acquired right in making improvements in 1951. *Harrison County v. Guice*, 244 Miss. 95, 140 So. 2d 838, 1962 Miss. LEXIS 428 (Miss. 1962), overruled, *Mississippi State Highway Com. v. Gilich*, 609

So. 2d 367, 1992 Miss. LEXIS 471 (Miss. 1992).

Harrison County acquired only an easement to replace, repair, and maintain the sea wall and the road, and the sea wall protection structure in the form of a sand fill, and reasonable rights of ingress and egress over the landowner's lands for the purpose of replacing, repairing and maintaining said structures. *Harrison County v. § 65-33-27. Road protection commission.

Whenever it may be necessary to protect any highway hereunder, the board of supervisors by an order on its minutes shall so declare and shall certify the same to the governor of the state, who shall thereupon appoint five suitable freeholders of the county to constitute, and be known as, the road protection commission of such county, and who shall decide and recommend the kind and character of protection necessary, to be approved by the board of supervisors. When such commission shall have been appointed and shall have organized, said commission shall select and employ a suitable engineer, to be approved by the board of supervisors, to make a survey, plans, specifications, and estimates of costs of construction under the direction of the said road protection commission, to be approved by the board of supervisors. When so approved, the board of supervisors may proceed to issue bonds of the county therefor, and the road protection commission shall thereupon advertise for bids and let a contract or contracts therefor. Such contracts shall be submitted to and approved by the board of supervisors, all contracts under this section to be executed by the board of supervisors. The road protection commission and the board of supervisors are authorized and empowered to do all things and to make all expenditures necessary to carry out the purposes hereof.

§ 65-33-29. Organization and tenure of protection commission.

The road protection commission shall organize by the election of a chairman, and they shall serve without compensation except actual expenses, which shall be allowed by the board of supervisors and paid out of the general county fund or the road fund, as the board of supervisors may elect. Three members shall constitute a quorum to transact business, and all meetings shall be held at the courthouse. Their tenure of office shall be four years or until the work for which bonds are issued is completed and accepted, if less than four years. The clerk of the board of supervisors shall be ex-officio clerk of the road protection commission, shall attend all meetings, and shall preserve a record of all proceedings of said commission.

HISTORY: Codes, 1930, § 6922; 1942, § 8506; Laws, 1924, ch. 319.

§ 65-33-31. Damages for land taken.

Whenever it shall become necessary to construct, widen, or protect any highway under the provisions hereof, the road protection commission shall make publication for thirty days in some newspaper published in the county wherein such improvements are made, setting forth the commencement and termination, with a general outline of the nature and extent thereof. When any owner of land or other person shall claim compensation for land taken for such purpose, or for damage sustained by the construction, widening, improvement, or protection of such road or highway, he shall petition the board of supervisors in writing within thirty days after the expiration of the time provided for such publication, setting forth the nature and character of the damages claimed. Thereupon the board shall, on five days' notice to petitioner, go on the premises and assess the damages sustained by him. The finding of the board shall be in writing, signed by the members agreeing to it, and must be entered on the minutes at the next meeting; but if the damages sustained and claimed be less than the cost of assessing, the board may allow the same without inquiry.

JUDICIAL DECISIONS

ANALYSIS

1. Validity of statute.

The statute authorizing county supervisors to take land for a sea wall and requiring landowners to claim compensation within a specified time does not violate the Constitution forbidding the taking of

3. Statute of limitations.
4. Waiver of right to compensation.

property without compensation first being made. *Henritz v. Harrison County*, 180 Miss. 675, 178 So. 322, 1938 Miss. LEXIS 27 (Miss. 1938).

The statute requiring owners of land taken for a sea wall to claim compensation within a specified time is not unconstitutional as depriving them of a jury trial, since the statute provides for a review by the circuit court and a jury therein to assess damages, subject to the giving of a cost bond not exceeding \$200.00. *Henritz v. Harrison County*, 180 Miss. 675, 178 So. 322, 1938 Miss. LEXIS 27 (Miss. 1938).

2. Publication of notice.

The statute providing for the taking of land for a sea wall, etc., and publication of notice in a newspaper for "thirty days" does not contemplate daily publication, and publication on four days with intervals of one week between each publication is sufficient. *Henritz v. Harrison County*, 180 Miss. 675, 178 So. 322, 1938 Miss. LEXIS 27 (Miss. 1938).

3. Statute of limitations.

A county taking a fifty-foot right of way about twenty-six miles long and constructing a concrete sea wall on the south fifteen feet thereof and an earthen fill on the remaining thirty-five feet acquired title by adverse possession under the ten-year statute. *Henritz v. Harrison County*, 180 Miss. 675, 178 So. 322, 1938 Miss. LEXIS 27 (Miss. 1938).

A claim for damages for the taking of land for a sea wall more than ten years previously is barred by limitations, as against the then owner and those claiming under him. *Henritz v. Harrison County*, 180 Miss. 675, 178 So. 322, 1938 Miss. LEXIS 27 (Miss. 1938).

4. Waiver of right to compensation.

The owner of land taken for a sea wall waives his right to damages by failing to claim compensation within the thirty days limited by the statute after the last published notice. *Henritz v. Harrison County*, 180 Miss. 675, 178 So. 322, 1938 Miss. LEXIS 27 (Miss. 1938).

§ 65-33-33. Review by circuit court on appeal.

All proceedings of the board of supervisors and the road protection commission in widening, improving, or protecting any such highway and assessing damages therefor may be reviewed by the circuit court in respect to any matter of law arising on the face of the proceeding. On the question of damages, the case may be tried anew and the damages may be assessed by a jury if the owner of the land so desires. The board of supervisors shall grant appeals for that purpose when prayed for, on appellant giving bond for cost in such penalty as the board may require, not exceeding \$200.00, payable to the county.

JUDICIAL DECISIONS

1. In general.

§ 65-33-35. Preliminary expenses to be paid out of general fund.

All expenses incurred prior to the issuance and sale of bonds as hereinabove provided may be paid out of the general county fund or such other fund as the board of supervisors may select. The fund out of which such expense is paid shall be reimbursed out of the proceeds of such bond issue when the bonds are issued and sold.

HISTORY: Codes, 1930, § 6925; 1942, § 8509; Laws, 1924, ch. 319.

§ 65-33-37. Pro rata share of expenses.

The board of supervisors may agree with any municipality or sea wall district that the county be assessed for its pro rata share of the construction and maintenance of sea walls. The assessment shall be paid each year by the county for whatever period agreed upon by the board of supervisors and the sea wall district or municipality.

Where any municipality has issued bonds and constructed road protection, such as is contemplated by this chapter, which protection is, or shall become, a part of the general scheme to protect roads, streets, or highways from tidewater in said county, the board of supervisors may use the funds derived under Sections 65-33-47 and 65-33-49 for the payment and retirement of said bonds, or for such portion thereof as the board may deem equitable and just, and to refund upon an equitable and just basis to municipal property owners who have paid direct special improvement taxes to municipalities for sea wall or road protection, which sea wall or road protection is or shall become a part of the general road system of the county; and said payments may be made in yearly installments.

§ 65-33-39. County may borrow money to pay bonds.

When any county of this state has adopted or will adopt any sea wall or part of a sea wall constructed prior to October 31, 1931, by a municipality as a part of its general system as provided by Section 65-33-37, and where said county has been unable to take care of or pay the maturing bonds and interest of said municipality from the gasoline tax as provided by said section, the said county may borrow funds necessary to pay outstanding maturing bonds and interest of the municipality issued for said sea wall, or walls. The said county may borrow said funds either upon certificates of indebtedness, notes, or bonds, as in its judgment it may see fit. Said obligation or bonds shall not be for a period longer than ten years and at a rate of interest not exceeding six per cent. Said obligations or bonds shall not be considered as included in any limitation now fixed by law upon the indebtedness of any county, and said obligations or bonds may be issued without notice and without an election on

the question of the issuance of same. The said obligation or bonds issued hereunder shall be general obligations of the county and payable out of the gasoline tax when available, as provided in the cited section, and the general sea wall road protection laws. In the event of the failure of sufficient funds from the said gasoline tax, the county shall levy a special tax to pay said bonds. The board of supervisors issuing bonds hereunder may provide that the first obligations or bonds mature as long as three years from the date of their issuance, but all interest shall be paid semiannually. In the event of the failure to collect sufficient gasoline tax to pay said bonds or obligations authorized hereunder, the board of supervisors of the county are authorized to levy ad valorem taxes to pay same as other sea wall or road protection bonds.

§ 65-33-41. Special tax may be levied.

The board of supervisors of any county may, in its discretion, levy a special tax for sea wall purposes, not to exceed five mills, may issue bonds therefor, or may pay for its pro rata share out of the funds of the county.

OPINIONS OF THE ATTORNEY GENERAL

Surplus monies remaining from the funds used by the county to liquidate the bond indenture from the seawall fund should not be transferred to the general fund to complete a public marina, but should be replaced in the seawall fund

when the purposes for which the seawall fund was created, constructing and maintaining seawall structures, had not been fully carried out. Gex, January 16, 1998, A.G. Op. #97-0815

§ 65-33-43. Privilege tax on automobile driver may be levied and collected.

In all counties where the bonds of the county are or have been issued under this chapter or any previous statutes of a similar character, the boards of supervisors may levy and collect a privilege tax on each person resident in such county driving an automobile or other motor vehicle on any of the public streets or highways of the county, not exceeding two dollars. The amount of said tax may be varied in case more than one member of a family pays such tax, the funds arising therefrom to be applied in the same manner as funds arising under Sections 65-33-45 through 65-33-49 are applied. The boards of supervisors shall have the power, and it shall be the duty of such boards, to levy annually on all the taxable property in such counties, and to collect a special tax sufficient to cover any deficiency, if such deficiency occur, in the amount necessary to meet annually such interest and sinking fund.

JUDICIAL DECISIONS

1. In general.

An order of the board of supervisors of a tidewater county directing the clerk to withdraw from the seawall fund and to deposit in the county road and bridge fund a specified sum, representing proceeds of collections of automobile privilege license taxes and from truck and bus privilege taxes, was proper, where the county had, and would have, ample available resources for the payment of all maturing bonds and for the upkeep and maintenance of all foreseeable seawall functions after the transfer. *Darby v. State*, 232 Miss. 639, 100 So. 2d 125, 1958 Miss. LEXIS 312 (Miss. 1958).

The ultimate purpose for the construction and maintenance of the seawall is the protection of the public roads and bridges in the counties bordering upon the Gulf of Mexico or the Mississippi Sound from damage and destruction from waters, high winds and storms of the gulf, so that the

ultimate object of the seawall fund and the county road and bridge fund is the same, which is the construction, preservation, protection and maintenance of the road and bridges of the county. *Darby v. State*, 232 Miss. 639, 100 So. 2d 125, 1958 Miss. LEXIS 312 (Miss. 1958).

Statute would prevail over previous statute (Code 1942, § 5611) permitting counties to apply portion of gasoline tax toward payment of interest and principal on bonds issued in erection of a seawall. *Burdeaux v. Cowan*, 182 Miss. 621, 181 So. 852, 1938 Miss. LEXIS 191 (Miss. 1938).

Board of supervisors properly ordered thereafter pursuant to law authorized the transfer of net amount of automobile privilege taxes from road protection fund to county road fund where no deficiency was created in road protection fund. *Burdeaux v. Cowan*, 182 Miss. 621, 181 So. 852, 1938 Miss. LEXIS 191 (Miss. 1938).

§ 65-33-45. Motor vehicle license taxes used.

Where any county issues or has heretofore issued its bonds under this chapter or any previous statutes of a similar character for protection of any highway, there shall be paid into the treasury of such county fifty per cent (50%) of any license taxes which would otherwise be paid into the state highway fund collected by the state in such county on motor vehicles or drivers thereof, and fifty per cent (50%) of any excise taxes levied and collected in such county by the state on gasoline which would otherwise be paid into the state treasury to the credit of the state highway fund, to meet the interest and annual sinking fund on such bonds. Such funds shall be applied toward the liquidation of the interest and sinking fund accruing annually on such bonds,

the other fifty per cent (50%) to go into the state treasury to the credit of the state highway commission, and, if such taxes in any year should be insufficient to cover such interest and sinking fund, the deficiency therein shall be supplied out of any other such funds collected by the state in such county and allotted by law to such county for road purposes. Nothing herein shall be construed as a guarantee on the part of the state to pay the interest or principal on any bonds issued hereunder.

This section shall not apply to the tax collected from registration fees and the sale of automobile tags.

Of the surplus of such funds so paid into the treasuries of Harrison and Jackson Counties, the portions thereof hereinafter designated, to the extent necessary under the limitations hereinafter stated, shall be paid by Harrison and Jackson Counties to the state highway commission and shall be applied by said commission on the annual payments of principal of and interest on bonds to be issued by the state bond commission in an amount not to exceed seven million dollars (\$7,000,000.00), for the construction, by the state highway commission, of a four-lane highway bridge across the Bay of Biloxi, to form a part of United States Highway No. 90, to the extent that two thirds of the total cost of principal and interest on such bonds shall be paid out of such surplus funds of Harrison County, and one third out of such surplus funds of Jackson County.

For the purpose of this section, such "surplus funds of Harrison County" shall be construed to be the amount paid to Harrison County under this section not pledged to the payment of principal and interest of bonds issued under this chapter, or any previous statutes of a similar character for the protection of any highway, and presently outstanding. "Surplus funds of Jackson County" shall be construed to be the amount paid to Jackson County under this section not pledged to the payment of principal and interest of bonds issued under this chapter, or any previous statutes of a similar character for the protection of any highway, and presently outstanding, and remaining after payment of principal and interest on bonds now issued or authorized by an election by Jackson County in connection with its Bayou Casotte development project under the authority of Senate Bill No. 1265, Extraordinary Session of 1954, as amended by Senate Bill No. 1624 enacted at the Regular 1958 Session of the Mississippi Legislature.

Annually, to the extent necessary to meet the annual requirements for the payment of principal of and interest on said bonds, Harrison County shall pay to the state highway commission not exceeding two thirds of its aforesaid annual surplus, as hereinabove defined; and, to the extent necessary and available, Jackson County shall annually pay to the state highway commission from such surplus funds an amount not exceeding one third of the annual requirements for bonds issued by the state bond commission, and such amounts as may be necessary to satisfy any deficiency in preceding annual payments required to be made under the provisions hereof.

Surplus funds remaining to both Harrison and Jackson Counties, after making the payments above directed, may be pledged, used, and expended in

whole or part for the payment of the principal of and interest on bonds issued and to be issued under the authority of Sections 59-9-1 through 59-9-83; however, unless and until so pledged all or any part of such surplus now or hereafter accumulated may be transferred by the board of supervisors to a fund designated the county port fund and shall be subject to expenditure by the county port authority or county development commission for the purposes and objects authorized by said sections. All expenditures made by the county port authority or county development commission shall be audited by the county auditor, who shall annually report such expenditures to the board of supervisors.

Under Act providing for payment into treasury of coast county of 50 per cent of any excise taxes levied and collected in such county on gasoline which would otherwise be paid into State Treasury to credit of state highway fund, distribution of gasoline tax must have been made to county where tax was levied and collected, and not to county where gasoline was sold or shipped for sale therein. *Gully v. Harrison County*, 173 Miss. 402, 162 So. 166, 1935 Miss. LEXIS 243 (Miss. 1935).

Payment of sea wall taxes levied by county board of supervisors was not covered by licensed gasoline distributor's bond, conditioned that licensee should fully comply with laws pertaining to distributors and wholesale dealers of gasoline and pay all "excise taxes and penalties." *United States Fidelity & Guaranty Co. v. Rice*, 169 Miss. 75, 152 So. 832, 1934 Miss. LEXIS 28 (Miss. 1934).

OPINIONS OF THE ATTORNEY GENERAL

Alleged violations of the countywide system of road administration, codified at Miss. Code Ann. §§ 19-2-1 et seq., should be filed with the State Auditor, who has the duty to enforce the provisions of the

county unit system by issuing certificates of noncompliance. Brooks, March 2, 2007, A.G. Op. #07-00093, 2007 Miss. AG LEXIS 87.

§ 65-33-47. Sea wall tax authorized.

Where any county issues or has heretofore issued the bonds of the county under this chapter or any previous statutes of a similar character, an excise tax of not exceeding three cents per gallon, in addition to any such tax levied and collected by the state in such counties, for the distribution of gasoline, may be collected by such counties. Such collection shall be made at the time and in the manner provided for the collection of the gasoline tax generally and shall be remitted by the auditor of the county at the same time as is remitted the amount due to the county out of the regular gasoline tax. The additional funds so derived shall be applied first towards any deficiency in the amount collected by the state and paid to such county which may be necessary for the liquidation of the interest accruing on, and to provide a sinking fund for the retirement of, such bonds issued by municipalities for road protection and refunds as hereinbefore provided. Any overplus or parts thereof may be used in the construction of road protection pavements or hard surfaced aprons to any existing road protection heretofore constructed, or to increase the strength or stability of any such existing road protection, or in the construction of additional road protection, or in the repair and maintenance of existing road protection, or road protection hereafter constructed, as the board of supervisors may elect. The taxes hereinabove provided for, upon the faith of which bonds may be issued, shall be levied and collected annually in an amount estimated to be equal to the interest and sinking fund on said bonds and shall not, until said bonds with interest thereon shall have been paid, be lowered beyond that amount which is estimated to be necessary to produce annually a sum sufficient to pay interest and provide a sinking fund, requirements on such bond issue or issues, provided such tax shall not exceed such reasonable sum as may be legally levied and collected; said tax and sinking fund may be used by the board of supervisors to retire bonds issued by municipalities for road protection purposes and refunds as hereinbefore provided.

Any such county may exempt from the payment of the additional tax levied on the distribution of gasoline, any and all gasoline which may be consumed by boats engaged in fishing, by boats in commerce between the states or in necessary duties as instrumentalities of the United States government, gasoline purchased for agricultural purposes or domestic purposes, as was defined by Section 12, Chapter 264, Laws of 1946. Such exemption shall be contained in the order of such board of supervisors levying the tax on such gasoline and, when such exemption is granted in such order, then no additional tax shall be required from the person distributing gasoline direct to consumers using same in operating boats for fishing, in commerce, or

as instrumentalities of the United States government. When a distributor is entitled to the said exemption, he shall, when reporting and remitting to the auditor for the regular gasoline tax, report also in detail with respect to the distributions exempted from said additional tax in the same manner as is required in the section on exemptions and allowances in the chapter on gasoline taxes.

Editor's Notes — Section 7-7-2 provides that the words "State Auditor of Public Accounts," "State Auditor," and "Auditor" appearing in the laws of this state in connection with the performance of Auditor's functions shall mean the State Fiscal Officer.

Section 27-104-6 provides that whenever the term "State Fiscal Officer" appears in any law it shall mean "Executive Director of the Department of Finance and Administration".

OPINIONS OF THE ATTORNEY GENERAL

Surplus monies remaining from the funds used by the county to liquidate the bond indenture from the seawall fund should not be transferred to the general fund to complete a public marina, but should be replaced in the seawall fund

when the purposes for which the seawall fund was created, constructing and maintaining seawall structures, had not been fully carried out. Gex, January 16, 1998, A.G. Op. #97-0815

§ 65-33-49. Extension, construction, and repair.

In those counties operating under this chapter, the board of supervisors may borrow funds not in excess of three hundred fifty thousand dollars (\$350,000.00) at a rate of interest not exceeding six per cent. per annum, in addition to such sums as may have heretofore been borrowed, for the purpose of extending, constructing, repairing, or maintaining the road protection of the county or to protect by sea wall or road protection any street, highway, road, or avenue connected therewith extending to or along the side of a harbor or to a boat landing or dock, which, in the judgment of the board of supervisors of such county, should be so protected either for an existing or a contemplated road, street, highway, or avenue. Such board of supervisors shall have authority to acquire by purchase or otherwise a dredge boat and use and operate the same for the purpose of pumping a sand beach adjacent to such sea wall or road protection structure, and to pay for same out of any funds provided under this section or any funds collected under Section 65-33-47. The funds or amount borrowed for the purpose provided for in this section shall be paid within a period of ten years from the date borrowed, and shall be paid out of the funds

collected under this chapter. All bonds, notes, or certificates of indebtedness maturing each year and the interest thereon, however, shall be first provided for and paid out of said funds. The loans authorized herein shall not be subject to other limitations, restrictions, or provisions of the general laws governing the borrowing of money, amounts of indebtedness, budget, and election; and said loans may be made by the board of supervisors of such county either by issuance of county bonds, notes, or certificates of indebtedness which shall be full faith and credit obligations of the county issuing the same and shall be payable, both as to principal and interest, from the same sources of revenue and taxes made available for the payment of road protection bonds under the provisions of this chapter. The money herein authorized to be borrowed may be borrowed by such board of supervisors from any person, firm, corporation, governmental lending agency, or from any sinking funds of such county, provided that if the money be borrowed from any sinking fund, it shall be repaid before the sinking fund from which it is borrowed, when supplemented by funds paid into same, is needed. Before the board of supervisors shall borrow money under this section, it shall spread on its minutes an order reciting such intention and shall thereafter publish a copy of such order, in two weekly issues of some newspaper having a general circulation in the county. If, within fifteen days after the first publication of a copy of such order, twenty-five per cent of the qualified electors of the county petition the board of supervisors for an election to determine whether or not the adoption of such order should be annulled, such election shall be ordered by such board of supervisors. If at such election a majority of those voting vote in favor of the adoption of such order, the same shall be valid and effective; but if a majority shall vote against such order, it shall be annulled and shall be ineffective, and no further effort shall be made to borrow funds under this section by such board for a period of six months from the date of such election. If no such petition be presented within fifteen days after the first publication of a copy of such order, such order shall be valid and effective. The amount authorized to be borrowed under this section may be borrowed at any time and in any amount, but the total borrowed shall not exceed three hundred fifty thousand dollars (\$350,000.00) in addition to such sums as may heretofore have been borrowed for the purposes herein enumerated, or either of them.

JUDICIAL DECISIONS

1. In general.

Where a board of supervisors under statutory authority formally borrowed a

sum of money from certain sinking funds and duly issued its notes payable to the county for the benefit of such funds in the

amount of the sum borrowed, and thereafter pursuant to law authorized the issuance of bonds to take up the notes due the sinking fund, decree validating the bond

issue was affirmed. *Meridian Taxicab Co. v. Ward*, 184 Miss. 499, 186 So. 636, 1939 Miss. LEXIS 66 (Miss. 1939).

§ 65-33-51. Authority for certain counties to borrow money and to receive federal aid.

(1) In any county maintaining a sea wall or road protection structure under the provisions of this chapter, the board of supervisors may borrow funds not in excess of one million, five hundred thousand dollars (\$1,500,000.00), at a rate of interest not exceeding four per cent per annum, in addition to such sums as have heretofore been borrowed for the purpose of constructing, repairing, strengthening, or maintaining the road protection structure or sea wall of the county. Such board of supervisors shall have the authority to acquire by purchase or otherwise a dredge boat and to use and operate it for the purpose of pumping a sand beach adjacent to such sea wall or road protection structure or for the maintenance thereof, and to pay for same out of any funds provided under this section. The funds or amount borrowed for the purposes provided for in this section shall be repaid within a period of fifteen years from the date borrowed, and shall be paid out of the funds collected under this chapter. All bonds, notes, or certificates of indebtedness maturing each year and the interest thereon, however, shall be first provided for and paid out of said funds. The loans authorized herein shall not be subject to other limitations, restrictions, or provisions of the general laws governing the borrowing of money, amounts of indebtedness, budget, and election; and said loans may be made by the board of supervisors of such county either by issuance of county bonds, notes, or certificates of indebtedness which shall be full faith and credit obligations of the county issuing same and shall be payable, both as to principal and interest, from the same sources of revenue and taxes made available for the payment of road protection bonds under the provisions of this chapter. The money herein authorized to be borrowed by such board of supervisors may be borrowed from any person, firm, corporation, governmental lending agency, or from any sinking funds of such county; if the money be borrowed from any sinking fund, it shall be repaid before the sinking fund from which it is borrowed, when supplemented by funds paid into same, is needed. Before the board of supervisors shall borrow money under this section, it shall spread on its minutes an order reciting such intention, and shall thereafter publish a copy of such order in three weekly issues of some newspaper having a general circulation in the county. If, within fifteen days after the first publication of a copy of such order, fifteen per cent of the qualified electors of the county shall file with such board of supervisors a petition in writing requesting an election on the question of borrowing money in the amount and for the purpose as set forth in such order, then such money shall not be borrowed unless authorized by a majority of the qualified voters of such county voting in an election to be ordered by such board of supervisors for that purpose. Notice of such election shall be given and such election shall be held

and conducted as provided by law in connection with elections for the submission of bond issues in such county. If such proposition shall fail to receive such majority vote at such election, then no further proceedings for the borrowing of such money shall be had or taken within a period of six months from and after the date of such election. If, however, no such petition shall be so filed, or if at such election such petition shall be assented to by a majority vote, then such board of supervisors shall be authorized to borrow such money in the amount and for the purpose as set forth in such order as published. The amount authorized to be borrowed under this section may be borrowed at any time and in any amount, but the total borrowed shall not exceed one million, five hundred thousand dollars (\$1,500,000.00) in addition to such sums as may heretofore have been borrowed for the purposes herein enumerated, or either of them.

(2) The board of supervisors is hereby given full power and authority to meet and do and grant any request of the United States Beach Erosion Board of the United States Army Engineers by and under Public Law 727, 79th Congress, Chapter 960, 2nd Session, and to assure either or both the following:

(a) Assure maintenance of the sea wall and drainage facilities, and of the beach by artificial replenishment, during the useful life of these works, as may be required to serve their intended purpose;

(b) Provide, at the county's own expense, all necessary land, easements, and rights of way;

(c) To hold and save the United States free from all claims for damages that may arise either before, during, or after prosecution of the work;

(d) To prevent, by ordinance, any water pollution that would endanger the health of the bathers;

(e) To assume perpetual ownership of any beach construction and its administration for public use only, and that the board of supervisors is given full power and authority to do any and all things necessary in and about the repair and reconstruction, or construction or maintenance of the sea wall and sloping beach adjacent thereto; and it is given such power to cooperate with the requirements of the United States government to receive any grant or grants of money from Congress or to contribute any grant or grants to the United States Army Engineers in and about this construction and maintenance and it is further given full power and authority to employ engineers, lawyers, or any other professional or technical help in and about the completion of this project. In the event the county engineer is selected to do any or all of said work, the board of supervisors is hereby authorized to pay and allow him such reasonable fees or salary which, in its opinion, is necessary, just, and commensurate to the work done by him.

It is further given full power and authority to let, by competitive bids, any contract for the repair of said wall, or for the installation and drainage, and for the construction of any additional section of wall, together with any artificial beach adjacent to said wall; or it may, in its discretion, negotiate a contract for any and all construction or any part thereof for the construction, repair, reconstruction, or additions thereto; or it may do any or all of said work under

the direction of the county engineer or engineers employed by it and for which purpose it may employ all necessary labor and equipment and purchase necessary materials.

The intent and purpose of this section is to give unto the respective boards of supervisors the full power and authority to carry out all the provisions herein, and to act independently, jointly, or severally with the United States government by and under Public Law 727, 79th Congress.

(3) The provisions of this section shall not apply to any county with an assessed valuation of less than \$10,000,000.00.

HISTORY: Codes, 1942, § 8516.3; Laws, 1948, ch. 334, §§ 1-3.

JUDICIAL DECISIONS

1. In general.

Under authority of Code 1942, § 8516.3(1)(e), and as a condition precedent to receipt of federal funds for the repair and reconstruction of a sea wall and the construction of an artificial beach 17 miles in length extending seaward therefrom, the Board of Supervisors of Harrison County entered into a contract with the United States wherein the board agreed to assure perpetual public use of the beach. The Mississippi Supreme Court in *Harrison County v. Guice* (1962) 244 Miss 95, 140 So. 2d 838, declared that the beach became the property of the abutting owners by artificial accretion, subject only to the county's right of ingress and egress for the purpose of maintaining the sea wall and other structures. Thereafter, following allegations that certain members of the general public were systematically excluded from the beach, the United States brought suit against the county to enforce its contract. On appeal, following dismissal of the action by the District Court, the Court of Appeals reversed, holding that the contract of the United States with Harrison County requiring the maintenance of the beach perpetually for public use was valid and enforceable. *United States v. Harrison County*, 399 F.2d 485, 1968 U.S. App. LEXIS 5773 (5th Cir. Miss. 1968), cert. denied, 397 U.S. 918, 90 S. Ct. 925, 25 L. Ed. 2d 99, 1970 U.S. LEXIS 3029 (U.S. 1970).

The provision of § 95 of the Constitution prohibiting the donation of lands belonging to the state to private corporations or individuals (which prohibition

applies to the beds of its shores, arms, and inlets) prevented the owners abutting upon a 17-mile artificial beach constructed upon submerged land in Mississippi Sound from acquiring title thereto under the doctrine of "artificial accretion". *United States v. Harrison County*, 399 F.2d 485, 1968 U.S. App. LEXIS 5773 (5th Cir. Miss. 1968), cert. denied, 397 U.S. 918, 90 S. Ct. 925, 25 L. Ed. 2d 99, 1970 U.S. LEXIS 3029 (U.S. 1970).

Harrison County acquired only an easement to replace, repair, and maintain the sea wall and the road, and the sea wall protection structure in the form of a sand fill, and reasonable rights of ingress and egress over the landowner's lands for the purpose of replacing, repairing and maintaining said structures. *Harrison County v. Guice*, 244 Miss. 95, 140 So. 2d 838, 1962 Miss. LEXIS 428 (Miss. 1962), overruled, *Mississippi State Highway Com. v. Gilich*, 609 So. 2d 367, 1992 Miss. LEXIS 471 (Miss. 1992).

Under Chapter 319, Laws of 1924, the board of supervisors of Harrison County was clothed with a power of eminent domain to condemn the right of way for the construction of a sea wall, including the protection of the road and sea wall by a sloping beach, and the landowner had waived any damages arising from the fact that the county had exceeded its previously acquired right in making improvements in 1951. *Harrison County v. Guice*, 244 Miss. 95, 140 So. 2d 838, 1962 Miss. LEXIS 428 (Miss. 1962), overruled, *Mississippi State Highway Com. v. Gilich*, 609 So. 2d 367, 1992 Miss. LEXIS 471 (Miss. 1992).

§ 65-33-53. Additional funds.

(1) In any county maintaining a sea wall or road protection structure under the provisions of this chapter, the board of supervisors may borrow funds not in excess of five hundred thousand dollars (\$500,000.00) in addition to the one million five hundred thousand dollars (\$1,500,000.00) authorized under Section 65-33-51, at the rate of interest not exceeding four per cent per annum, in addition to such sums as have heretofore been borrowed for the purpose of constructing, repairing, strengthening, or maintaining the road protection structure or sea wall of the county, including the raising of the roadbed as recommended and approved by the Mississippi State Highway Commission, and to construct retaining walls for such raised roadbeds and to pump by hydraulic fill, or otherwise, a sand beach adjacent to such retaining wall or sea wall structure. Such board of supervisors shall have the authority to acquire by purchase or otherwise a dredge boat and to use and operate it for the purpose of pumping a sand beach adjacent to such sea wall or road protection structure or for the maintenance thereof; however, said board of supervisors shall not pay for same out of any funds provided under this section. The funds or amount borrowed for the purposes provided in this section shall be repaid within a period of fifteen years from the date borrowed, and shall be paid out of the funds collected under this chapter. All bonds, notes, or certificates of indebtedness maturing each year and the interest thereon, however, shall be first provided for and paid out of said funds. The loans authorized herein shall not be subject to other limitations, restrictions, or provisions of the general laws governing the borrowing of money, amounts of indebtedness, budget, and election, and said loans may be made by the board of supervisors of such county either by issuance of county bonds, notes, or certificates of indebtedness which shall be full faith and credit obligations of the county issuing same and shall be payable, both as to principal and interest, from the same sources of revenue and taxes made available for the payment of road protection bonds under the provisions of this chapter, which sources of revenue and taxes are irrevocably pledged toward the repayment of any monies borrowed or any bonds issued under the provisions of this section. The money herein authorized to be borrowed by such board of supervisors may be borrowed from any person, firm, corporation, governmental lending agency, or from any sinking funds of such county; if the money be borrowed from any sinking fund, it shall be repaid before the sinking fund from which it is borrowed, when supplemented by funds paid into same, is needed. Before the board of supervisors shall borrow money under this section, it shall spread on its minutes an order reciting such intention and shall thereafter publish a copy of such order in three weekly issues of some newspaper having a general circulation in the county. If, within fifteen days after the first publication of a copy of such order, fifteen per cent of the qualified electors of the county shall file with such board of supervisors a petition in writing requesting an election on the question of borrowing money in the amount and for the purpose as set forth in such order, then such money shall not be borrowed unless authorized by a majority of the qualified voters of

such county voting in an election to be ordered by such board of supervisors for that purpose. Notice of such election shall be given and such election shall be held and conducted as provided by law in connection with elections for the submission of bond issues in such county. If such proposition shall fail to receive such majority vote at such election, then no further proceedings for the borrowing of such money shall be had or taken within a period of six months from and after the date of such election. If, however, no such petition shall be so filed, or if at such election such petition shall be assented to by a majority vote, then such board of supervisors shall be authorized to borrow such money in the amount and for the purpose as set forth in such order as published. The amount authorized to be borrowed under this section may be borrowed at any time and in any amount, but the total borrowed shall not exceed five hundred thousand dollars (\$500,000.00) in addition to such sums as may heretofore have been borrowed for the purposes herein enumerated, or either of them, and especially in addition to any sums that may have heretofore been borrowed or in addition to any bonds that may have heretofore been issued under authority of Section 65-33-51. Any attorneys' fees paid for the issuance of said bonds shall be paid out of the general fund of said county.

(2) The board of supervisors is hereby given full power and authority to meet and do and grant any request of the United States beach erosion board of the United States army engineers by and under Public Law 727, 79th Congress, Chapter 960, 2nd Session, and to assure either or both the following:

(a) Assure maintenance of the sea wall and drainage facilities, and of the beach by artificial replenishment, during the useful life of these works, as may be required to serve their intended purpose;

(b) Provide, at the county's own expense, all necessary land, easements, and rights of way;

(c) To hold and save the United States free from all claims for damages that may arise either before, during, or after prosecution of the work;

(d) To prevent, by ordinance, any water pollution that would endanger the health of the bathers;

(e) To assume perpetual ownership of any beach construction and its administration for public use only, and that the board of supervisors is given full power and authority to do any and all things necessary in and about the repair and reconstruction, or construction or maintenance of the sea wall and sloping beach adjacent thereto, built under the authority of this section, and it is given such power to cooperate with the requirements of the United States government to receive any grant or grants of money from congress or to contribute any grant or grants to the United States army engineers in and about this construction and maintenance, and it is further given full power and authority to employ engineers, lawyers, or any other professional or technical help in and about the completion of this project. In the event the county engineer is selected to do any or all of said work, the board of supervisors is hereby authorized to pay and allow him such reasonable fees or salary which, in its opinion, is necessary, just, and commensurate to work done by him.

It is further given full power and authority to let, by competitive bids, any contract for the repair of said wall, or for the installation and drainage, and for the construction of any additional section of wall, together with any artificial beach adjacent to said wall, and for the raising of any roadbeds and the construction of any such retaining wall.

The intent and purpose of this section is to give unto the respective boards the full power and authority to carry out all the provisions herein, and to act independently, jointly, or severally with the United States government by and under Public Law 727, 79th Congress.

(3) The provisions of this section shall not apply to any county with an assessed valuation of less than ten million dollars (\$10,000,000.00).

HISTORY: Codes, 1942, § 8516.4; Laws, 1952, ch. 214, §§ 1-3.

Editor's Notes — Section 65-1-1 provides that whenever the term "State Highway Commission," or the term "commission" meaning the State Highway Commission, appears in the laws of this state, it shall mean the Mississippi Transportation Commission.

§ 65-33-55. Additional counties authorized to borrow money and receive federal aid.

(1) In any county maintaining a sea wall or road protection structure under provisions of this chapter and having an assessed valuation of five million dollars or less, the board of supervisors may borrow funds not in excess of four hundred thousand dollars (\$400,000.00), at a rate of interest not exceeding five per cent per annum, in addition to such sums as have heretofore been borrowed for the purpose of constructing, repairing, strengthening, or maintaining the road protection structure or sea wall of the county. Such board of supervisors shall have the authority to own a dredge boat and to use and operate it for the purpose of pumping a sand beach adjacent to such sea wall or road protection structure or for the maintenance thereof, and to pay for same out of any funds provided under this section. The funds or amount borrowed for the purposes provided in this section shall be repaid within a period of twenty years from the date borrowed, and shall be paid out of the funds collected under this chapter. All bonds, notes, or certificates of indebtedness maturing each year and the interest thereon, however, shall be first provided for and paid out of said funds. The loans authorized herein shall not be subject to other limitations, restrictions, or provisions of the general laws governing the borrowing of money, amounts of indebtedness, budget, and election; and said loans may be made by the board of supervisors of such county either by issuance of county bond, notes, or certificates of indebtedness which shall be full faith and credit obligations of the county issuing same and shall be payable, both as to principal and interest, from the same sources of revenue and taxes made available for the payment of road protection bonds under the provisions of this chapter. The money herein authorized to be borrowed by such board of supervisors may be borrowed from any person, firm, corporation, governmental lending agency, or from any sinking funds of such county; if the

money be borrowed from any sinking fund, it shall be repaid before the sinking fund from which it is borrowed, when supplemented by funds paid into same, is needed. Before the board of supervisors shall borrow money under this section, it shall spread on its minutes an order reciting such intention, and shall call an election and submit the question of issuing bonds under this section to the qualified voters of such county in accordance with the present laws of issuing bonds. If a majority of the qualified electors voting in said election vote to issue said bonds, then the board of supervisors shall proceed to issue so much or such parts of said bonds not to exceed four hundred thousand dollars (\$400,000.00).

(2) The board of supervisors is given full power and authority to do any and all things necessary in its opinion to obtain funds from the United States government by and under Public Law 727, 79th Congress, Chapter 960, 2nd Session, or under any other law, and in and about the solicitation and preparation of any application; and it may do any and all things necessary in the promotion of obtaining relief under this act of congress for such county, and it is further given authority to assure the United States government, the United States beach erosion board, and the United States army engineers the following:

(1) Assure maintenance of the sea wall and drainage facilities, and of the beach by artificial replenishment, during the useful life of these works, as may be required to serve their intended purpose;

(2) Provide, at the county's own expense, all necessary land, easements, and rights of way;

(3) To hold and save the United States free from all claims for damages that may arise either before, during, or after prosecution of the work;

(4) To prevent, by ordinance, any water pollution that would endanger the health of the bathers;

(5) To assume perpetual ownership of any beach construction and its administration for public use only.

The intent and purpose of this section is to give unto the respective boards of supervisors the full power and authority to carry out all of the provisions herein, and to act independently, jointly, or severally with the United States government by and under Public Law 727, 79th Congress, or other laws.

§ 65-33-57. New bonds authorized to cancel sinking fund obligations.

In any county wherein a seawall or road protection structure is maintained under the provisions of this chapter, which has invested surplus funds belonging to a road protection bond and interest sinking fund in the purchase of any notes, certificates of indebtedness, bonds, or other interest bearing obligations issued under the authority of Section 65-33-49, or refunding bonds issued or authorized to be issued in lieu thereof, and such notes, bonds, certificates of indebtedness, or refunding bonds are now held by such county

for the use and benefit of such fund, and the board of supervisors of such county finds, by order spread upon its minutes, that the needs of such sinking fund demands it, or that it is to the best interest of the county to reduce such obligations so held to cash, such board of supervisors may authorize to be issued and issue and sell new road protection bonds in the aggregate amount of such notes, bonds, or certificates of indebtedness so held and authorized for the purpose of providing funds with which to take up, redeem, and cancel such obligations now held in such sinking fund. Upon the issuance of such road protection bonds, the said bonds, notes, certificates of indebtedness, and refunding bonds issued under authority of said section shall be cancelled.

§ 65-33-59. Terms of new bonds.

Bonds issued under the authority of Sections 65-33-57 and 65-33-59 shall be full faith and credit obligations of the county issuing the same; shall mature within fifteen years of their date of issuance in such annual maturities and denominations as the board of supervisors may direct; shall bear interest at a rate not to exceed five and one half per centum per annum, payable semiannually; may be issued without notice or an election therefor; and shall not be subject to any limitation relative to amount of bonded debt. Such bonds and the interest thereon shall be payable both as to principal and interest from the same sources of revenue and taxes made available for the payment of road protection bonds under the provisions of this chapter. Nothing herein contained shall be construed to affect any of the provisions of House Bill No. 287 [ch. 130] as enacted at the Regular 1938 Session of the Mississippi Legislature.

§ 65-33-61. Refunding bonded indebtedness.

The board of supervisors of any county operating under the provisions of this chapter is hereby authorized to refund any bonded indebtedness of such county now outstanding, payable from the sources of revenue provided by this chapter, and to issue refunding bonds of such county, which shall be secured by and payable from the same sources of revenue as the bonds refunded thereby. The said refunding bonds may be issued by the board of supervisors of such county only after the question of the issue of said refunding bonds shall have been submitted to the qualified electors of such county at an election to be held for that purpose in said county, and only after the said issue has been authorized by a vote of three fifths of the qualified electors voting in an election to be ordered by the board of supervisors for that purpose, whenever any such board of supervisors shall find it necessary or advisable or in the best interest of such county so to do. Such refunding bonds may be issued only to redeem outstanding bonds at maturity, or on any date upon which outstanding bonds may be redeemable, or upon the voluntary surrender of outstanding bonds by the owners thereof. Such refunding bonds may be sold for not less than par and accrued interest, or may be exchanged for bonds to be refunded thereby; however, the issue of such refunding bonds shall be accomplished in such manner as to avoid payment by the county of interest on the refunding bonds and on the bonds refunded thereby for the same period of time.

§ 65-33-63. Refunding bonds; interest; form; maturity.

Such refunding bonds shall bear such rate or rates of interest as may be determined by the board of supervisors, not exceeding, however, three and one-half per centum per annum, payable semiannually; shall be in such denomination or denominations and form as may be determined by the board of supervisors; shall be executed on behalf of the county by the president of the board of supervisors, countersigned by the clerk of such board; and the interest

to accrue on such bonds shall be represented by coupons to be attached thereto, which may be executed by the facsimile signatures of such officers. Such refunding bonds shall mature in such amount or amounts and at such time or times, not exceeding twenty-five years from date thereof, as may be specified by the board of supervisors. All such refunding bonds and interest thereon shall be payable at the office of the state treasurer of the State of Mississippi in the city of Jackson, Mississippi, and a certified copy of the proceedings authorizing the issuance of such refunding bonds shall be filed in said office. The bonds issued under the provisions of Sections 65-33-61 through 65-33-71 shall in no way be construed as state obligations or state bonds.

§ 65-33-65. Sinking fund for refunding bonds.

The fact of the issuance and delivery of refunding bonds hereunder shall be certified by the clerk of the board of supervisors to the state Treasurer, who shall immediately register such bonds in a suitable bond register. Thereafter, the revenues and taxes which would otherwise be paid into the county treasury of such county for the payment of road protection and seawall bonds and interest thereon under the provisions of Section 65-33-45, shall be paid by the official collecting such taxes into the state treasury on a proper receive warrant of the state auditor to the credit of such county in a special fund to be designated "interest and sinking fund for road protection and seawall bonds of _____ County, Mississippi," which fund shall be held and shall be applied by the state treasurer in the payment of interest accruing on such refunding bonds and the principal thereof at maturity, according to law. In the event that less than all of outstanding bonds payable under the provisions of this chapter shall be refunded as herein provided, then and in that event there shall be paid into the state treasury, for the credit of the aforesaid interest and sinking fund, only the proportion of the revenues and taxes as the amount of refunding bonds issued and outstanding bears to the total amount of outstanding bonds payable from the revenues herein referred to.

Editor's Notes — Section 7-7-2, as added by Laws of 1984, ch 488, § 90, and amended by Laws of 1985, ch 455, § 14, Laws of 1986, ch 499, § 1, provided, at subsection (2) therein, that the words "state auditor of public accounts," "state auditor," and "auditor" appearing in the laws of the state in connection with the performance of auditor's functions transferred to the state fiscal management board, shall be the state fiscal management board, and, more particularly, such words or terms shall mean the

state fiscal management board whenever they appear. Thereafter, Laws, 1989, chapter 532, § 2, amended § 7-7-2 to provide that the words "State Auditor of Public Accounts," "State Auditor" and "Auditor" appearing in the laws of this state in connection with the performance of Auditor's functions shall mean the State Fiscal Officer, and, more particularly, such words or terms shall mean the State Fiscal Officer whenever they appear. Subsequently, Laws, 1989, ch. 544, § 17, effective July 1, 1989, and codified as § 27-104-6, provides that wherever the term "State Fiscal Officer" appears in any law it shall mean "Executive Director of the Department of Finance and Administration."

Section 7-7-2 provides that the words "State Auditor of Public Accounts," "State Auditor" and "Auditor" appearing in the laws of this state in connection with the performance of Auditor's functions shall mean the State Fiscal Officer.

Section § 27-104-6, provides that wherever the term "State Fiscal Officer" appears in any law it shall mean "Executive Director of the Department of Finance and Administration."

§ 65-33-67. Tax levy to finance refunding bonds.

The board of supervisors of any county issuing refunding bonds under the provisions of Sections 65-33-61 through 65-33-65, shall levy an annual tax of not less than five mills on each dollar of the assessed valuation of taxable property within such county for the purpose of providing funds sufficient to pay such bonds at maturity and interest thereon as it accrues. The said tax shall be levied and collected as other county taxes are levied and collected, and the proceeds thereof shall be remitted by the county tax collector to the State Treasury at the time when state taxes are required by law to be so remitted. The State Treasurer shall credit the amount to the interest and sinking fund referred to in Section 65-33-65. On or before October 1st in each year, the State Treasurer shall certify to the board of supervisors of each such county the amount standing to the credit of such interest and sinking fund as of September 15th, of that year, and if such amount shall be sufficient (1) to pay all principal of and interest on such bonds then due and owing and (2) all principal of and interest on such refunding bonds maturing and accruing during the period of twelve months running from said September 15th, then and in that event such board of supervisors may reduce the aforesaid taxes or omit the same for the ensuing year, as such board may determine. All funds paid into the State Treasury hereunder shall remain in the State Treasury for the payment of principal and interest on such refunding bonds until all the principal and interest on such refunding bonds shall have been fully paid.

HISTORY: Codes, 1942, § 8518-04; Laws, 1944, ch. 202, § 4.

§ 65-33-69. Fees and expenses for refunding bonds.

The board of supervisors shall pay all lawful fees of the chancery clerk and its attorney now prescribed by law, which fees are incidental to the execution of said refunding bonds, and may also pay all expenses in connection with the validation of said refunding bonds and procuring the opinion as to the validity thereof from some expert bond attorney, other than the state bond attorney, of national reputation. However, in cases where the bonds to be refunded are not

due or redeemable prior to maturity, such board in procuring the surrender of such outstanding bonds may expend not exceeding an additional two and one-half percent (2 ½%) of the principal amount of refunding bonds actually issued and delivered, but in no event shall any part of the said two and one-half percent (2 ½%) be used in the payment of attorney's fees. All such fees and compensation shall be paid out of the interest and sinking fund applicable to the bonds to be refunded, if the amount credited to such fund be adequate therefor. Otherwise, such fees and compensation shall be paid out of the proceeds of a special annual tax to be levied for that purpose by the board of supervisors upon all taxable property within such county. All expenses as authorized by Sections 65-33-61 through 65-33-71 in effectuating the exchange of said bonds and the actual expense of the state treasurer in paying principal and interest on said bonds shall be paid by the board of supervisors of the county.

LOCAL SYSTEM BRIDGE REPLACEMENT AND
REHABILITATION PROGRAM

Sec.	
65-37-1.	Establishment and administration of program; eligibility of bridges.
65-37-3.	Allocation of funds; definitions.
65-37-5.	Powers and duties of State Aid Engineer.
65-37-7.	Eligibility of counties for expenditure of funds; conditions; forfeiture of funds under certain circumstances; reallocation of forfeited monies; written notice preceding forfeiture.
65-37-9.	Payment of engineering expenses.
65-37-11.	Maintenance of bridges; inspections; forfeiture of funds by county ineligible for two years.
65-37-13.	Local System Bridge Replacement and Rehabilitation Fund; appropriations; expenditures; crediting of monies to counties in advance of normal accrual.
65-37-15.	Use of funds once bridges repaired; payment of bonds, notes, and obligations.

§ 65-37-1. Establishment and administration of program; eligibility of bridges.

(1) There is established a local system bridge replacement and rehabilitation program to be administered by the State Aid Engineer for the purpose of assisting counties and municipalities in the replacement and rehabilitation of certain bridges located on local road systems in the counties and in incorporated municipalities within the counties. In order to be eligible under this program, a bridge must be a deficient bridge as defined by Section 65-37-3(1)(a).

(2) In the replacement or rehabilitation of bridges pursuant to this chapter, consideration may be given to utilizing timber products on some projects, provided that such projects using timber products will be comparable in cost to, and can be constructed to meet current standards for, similar projects using concrete and steel.

(3) The provisions of this chapter shall not be construed to permit routes on which projects are performed under this chapter to be eligible for inclusion on the state aid road system except in accordance with the provisions of Section 65-9-1 et seq.

HISTORY: Laws, 1994, ch. 557, § 3, eff from and after July 1, 1994; Laws, 2021, ch. 383, § 1, eff from and after July 1, 2021.

Amendment Notes — The 2021 amendment, in (1), rewrote the last sentence, which read: “In order to be eligible under this program, a bridge must be eligible for replacement or rehabilitation as determined by the National Bridge Inspection Standards sufficiency rating and must be included on the latest annual official bridge inventory maintained by the Office of State Aid Road Construction, excluding bridge inventories on the State Aid Road System, the municipal urban system or the rural major collector system”; and in (3), inserted “road” and made a minor stylistic change.

§ 65-37-3. Allocation of funds; definitions.

(1) For the purposes of this section, the following terms shall have the meanings ascribed to them in this subsection:

(a) “Deficient bridge” means a bridge with a condition rating of fair or less for its deck, superstructure or substructure, as determined by National Bridge Inspection Standards and that is included on the latest annual bridge inventory prepared by the Office of State Aid Road Construction.

(b) “Local system road miles” means all highways, roads and streets within a county, including highways, roads and streets within incorporated municipalities of the county, that are not included on the designated state highway system.

(c) “Local system bridge” means a bridge that is included on the latest annual official bridge inventory prepared by the Office of State Aid Road Construction, excluding bridges on the state aid road system, the municipal urban system and the rural major collector system.

(d) “Bridge” means a bridge that is included on the latest annual official bridge inventory prepared by the Office of State Aid Road Construction.

(2)(a) Except as otherwise provided in paragraph (b) of this subsection (2), from the funds on deposit and credited to the Local System Bridge Replacement and Rehabilitation Fund created in Section 65-37-13, each county shall be allocated a percentage of such funds as they become available, which percentage shall be based:

(i) One-half (1/2) on the proportion that the total number of deficient bridges in the county bears to the total number of deficient bridges in all counties of the state; and

(ii) One-half (1/2) on the proportion that the total number of local system road miles in the county bears to the total number of local system road miles in all counties of the state.

(b) From the funds on deposit and credited to the Local System Bridge Replacement and Rehabilitation Fund created in Section 65-37-13, which are deposited into this fund after July 1, 2021, each county shall be allocated a percentage of such funds as they become available, which percentage shall be based:

(i) One-half (1/2) on the proportion that the total number of local system bridges in the county bears to the total number of local system bridges in all counties of the state; and

(ii) One-half (1/2) on the proportion that the total square footage of deck area of all local system bridges in the county bears to the total square footage of deck area of all local system bridges in all counties of the state.

HISTORY: Laws, 1994, ch. 557, § 4, eff from and after July 1, 1994; Laws, 2021, ch. 383, § 2, eff from and after July 1, 2021.

Amendment Notes — The 2021 amendment, in (1), rewrote (a), which read: “‘Deficient bridge’ means a bridge that is eligible for replacement or rehabilitation as determined by the National Bridge Inspection Standards sufficiency rating and that is included on the latest annual official bridge inventory prepared by the Office of State

Aid Road Construction as a bridge having a sufficiency rating of fifty (50) or less, excluding bridges on the state aid road system, the municipal urban system and the rural major collector system,” and added (c) and (d); and in (2), added the exception at the beginning of (a), redesignated former (a) and (b) as (a)(i) and (ii), and added (b).

§ 65-37-5. Powers and duties of State Aid Engineer.

In administering the provisions of this chapter, the State Aid Engineer shall have the following powers and duties:

(a) To supervise the use of all funds made available under this chapter for local bridge replacement and rehabilitation projects on local road systems;

(b) To review and certify all projects for which funds are authorized to be made available under this chapter for local bridge replacement and rehabilitation projects on local road systems;

(c) To requisition monies in the Local System Bridge Replacement and Rehabilitation Fund and pay and distribute those monies on a project-by-project basis in accordance with the allocation formula established by Section 65-37-3;

(d) To insure that each four-year plan submitted by a county to the State Aid Engineer and the funds allocated to a county under this chapter provide for an equitable distribution of projects and funds among the county and incorporated municipalities located therein based upon the number and costs of deficient bridges in both the county and the municipalities;

(e) To establish and require specific designs and standards to be followed by the counties in replacing and rehabilitating bridges under this chapter, which designs and standards shall equal or exceed the design and standards prescribed for bridges on the State Aid Road System;

(f) To maintain an accurate record of all local bridge replacement and rehabilitation funds allocated to counties and of the number of bridges replaced or rehabilitated, their location and the costs for each project. Such records shall be kept separate from other records of the Office of State Aid Road Construction;

(g) To periodically notify the counties of bridges eligible for replacement and rehabilitation under the provisions of this chapter;

(h) To adopt and promulgate such rules and regulations as may be necessary or desirable for the purpose of implementing the provisions of this chapter; and

(i) To file annually with the Legislature a report detailing how monies in the Local System Bridge Replacement and Rehabilitation Fund were spent during the preceding fiscal year in each county, including in the incorporated municipalities of each county, the number of projects approved and constructed, the length of bridges completed and the cost per foot of each bridge constructed.

HISTORY: Laws, 1994, ch. 557, § 5, eff from and after July 1, 1994.

§ 65-37-7. Eligibility of counties for expenditure of funds; conditions; forfeiture of funds under certain circumstances; reallocation of forfeited monies; written notice preceding forfeiture.

(1) In order for a county to be eligible for the expenditure of funds under the provisions of this chapter, the board of supervisors of the county shall meet the following conditions:

(a) On or before January 1, 1995, and on or before January 1 of each year thereafter, the board of supervisors shall present to the State Aid Engineer on a form to be prepared by the State Aid Engineer, a four-year plan of bridge replacement and rehabilitation for the county. The plan shall identify the project or projects and shall contain a detailed plan prepared and approved by the engineer for the county. The plan shall specify the condition of the existing bridges included in the project, the drainage requirements, the type of replacement or rehabilitation to be made and the design and specifications therefor. Four-year plans may be modified each year or more often as necessary provided that the modifications are submitted to the State Aid Engineer.

(b) The county shall agree to employ a qualified engineer and such other technical experts as may be necessary to perform all engineering services required for the projects. The engineer shall be required to inspect the construction of the projects and to approve all estimate payments made on the projects.

(c) The county and municipalities shall agree to construct, at their own expense, the base and surface of all approaches providing necessary connections to each bridge project within their respective jurisdictions, including the base and surface for culvert projects whenever fill material is placed as part of the contract.

(d) The county and municipalities shall agree to acquire all rights-of-way and relocate or make adjustments to public utilities for each bridge project within their respective jurisdictions as may be necessary in the manner provided by law for the acquisition of rights-of-way and the uniform policy for accommodation of utility facilities within the rights-of-way of state aid roads as adopted by the State Aid Engineer under authority of Section 65-9-1 et seq. Rights-of-way may be acquired by gift, purchase, deed, dedication or eminent domain. The only costs that may be paid from funds provided under this chapter for right-of-way acquisition shall be the actual cost paid by the county to the landowner for the land acquired as certified to the State Aid Engineer by the attorney for the board of supervisors. The only cost that may be paid from funds provided under this chapter for utility adjustments shall be the actual cost paid by the county for utility adjustments pursuant to contract let by the county as certified to the State Aid Engineer by order of the board of supervisors.

(2) A county shall not be eligible for the expenditure of monies allocated to it under this chapter and the State Aid Engineer shall not certify the use or

expenditure of such monies on any bridge that is not a deficient bridge as defined by Section 65-37-3(1)(a), unless the State Aid Engineer certifies that all bridges on the local road system within the county for which funds may be made available under this chapter that are deficient are currently under contract for replacement or rehabilitation. When the State Aid Engineer certifies that all deficient bridges within the county are currently under contract for replacement or rehabilitation, then that county shall:

(a) Be eligible for the expenditure of funds allocated to it according to the formula established in Section 65-37-3(2)(a) for:

(i) The maintenance and replacement of other drainage-related structures in accordance with designs and standards prescribed for such projects by the Office of State Aid Road Construction;

(ii) The Local System Road Program established pursuant to Sections 65-18-1 through 65-18-17; and

(iii) The matching of federal funds for expenditure on state aid roads and bridge replacement in accordance with Section 65-9-29; and

(b) Be eligible for the expenditure of funds allocated to it according to the formula established in Section 65-37-3(2)(b) solely for the preservation, maintenance and rehabilitation of local system bridges of the county which are deficient bridges as defined in Section 65-37-3(1)(a).

(3)(a) Except as otherwise provided in paragraph (d) of this subsection (3), when a county has failed to expend the monies allocated to it under the Local System Bridge Replacement and Rehabilitation Program, as described in this chapter, for an uninterrupted period of two (2) successive fiscal years, the county shall forfeit and no longer be entitled to the outstanding cumulative balance on hand of the monies that were allocated to it under the program before that period of time.

(b) The county is eligible to receive funds allocated to it in fiscal years occurring after that period of time that caused a forfeiture under the provisions of paragraph (a) of this subsection (3), unless it so forfeits monies again under that provision.

(c) Monies forfeited each fiscal year under the provisions of this subsection (3) shall be reallocated annually among only those counties that are determined by the State Aid Engineer to have Local System Bridge Replacement and Rehabilitation Program projects that are ready for construction but are not being undertaken due to lack of funds.

(d) Before a forfeiture of funds may occur under the provisions of paragraph (a) of this subsection (3), the State Aid Engineer shall give written notice to the board of supervisors of the county at least ninety (90) days before the forfeiture, and for good cause shown, he may allow the county an additional twelve (12) months to expend the funds subject to the forfeiture.

Amendment Notes — The 2021 amendment substituted “this chapter” for “Sections

65-37-1 through 65-37-15" everywhere it appears; in (2), substituted "bridge that is not a deficient bridge as defined by Section 65-37-3(1)(a)" for "bridge that has a sufficiency rating of greater than fifty (50), as determined by National Bridge Inspection standards" and "that are deficient are currently" for "have a sufficiency rating of greater than fifty (50) or that all such bridges in the county with a sufficiency rating of less than fifty (50) are currently," and rewrote the last sentence, which read: "When the State Aid Engineer certifies that all such bridges of a county have a sufficiency rating of greater than fifty (50) or that all such bridges within the county with a sufficiency rating of fifty (50) or less are currently under contract for replacement or rehabilitation, then that county shall be eligible for the expenditure of funds allocated to it under Sections 65-37-1 through 65-37-15 for" and divided it into the present last sentence and (a), and in (a), substituted "according to the formula established in Section 65-37-3(2)(a)" for "under Sections 65-37-1 through 65-37-15," redesignated former (2)(a) through (c) as (2)(a)(i) through (iii), and added (b).

OPINIONS OF THE ATTORNEY GENERAL

Local System Bridge Replacement and Rehabilitation Program funds may be allocated to the county by the State Aid Engineer for use in construction, reconstruction, and paving of local system roads, provided (1) all the local system bridges have a sufficiency rating of 50 or

greater or those bridges with a sufficiency rating of less than 50 are currently under contract for replacement or rehabilitation, and (2) the requirements of Section 6 of SB 2318 are met. Gore, III, Aug. 31, 2001, A.G. Op. #01-0553.

§ 65-37-9. Payment of engineering expenses.

Engineering costs for any project performed under this chapter, including the salaries or fees of the engineer, may be paid from the Local Bridge Replacement Rehabilitation Fund allocations to a county; however, the maximum fee paid to an engineer from the fund shall not exceed twelve percent (12%) of the final construction cost, with the methods of payment to be approved by the State Aid Engineer under regulations promulgated by the State Aid Engineer. No such costs shall be paid to an engineer before the letting of the project.

§ 65-37-11. Maintenance of bridges; inspections; forfeiture of funds by county ineligible for two years.

(1) The board of supervisors of each county and the governing authorities of each municipality shall be responsible for properly maintaining all bridges replaced or repaired in their respective jurisdictions and for performing National Bridge Inspection Standard (NBIS) compliant inspections under the provisions of this chapter.

(2) The State Aid Engineer and his assistants shall make annual maintenance inspections of completed bridge projects and ensure that NBIS

compliant inspections are performed as the State Aid Engineer deems necessary. If at any time the State Aid Engineer is of the opinion that a county or municipality has not provided NBIS compliant bridge inspections or proper maintenance as required by subsection (1) of this section, he shall give written notice thereof to the board of supervisors of the county or the governing authorities of the municipality of default and direct such maintenance as may be necessary to be performed. If within sixty (60) days of the receipt of such notice the board of supervisors or governing authorities have not performed such maintenance as may be necessary, then the county or municipality shall not thereafter be eligible to participate in the Local System Bridge Replacement and Rehabilitation Program.

(3) Whenever any county fails to be eligible for the expenditure of monies allocated to it under the provisions of this chapter for a continuous period of two (2) years because it has failed to properly maintain bridges under the Local System Bridge Replacement and Rehabilitation Program, then the county shall forfeit and no longer be entitled to any part of the monies in the Local System Bridge Replacement and Rehabilitation Fund theretofore allocated to it. The balance of the monies theretofore allocated to it shall be reallocated pro rata among all other eligible counties in accordance with the formula established in Section 65-37-3.

Amendment Notes — The 2021 amendment, in (1), inserted “and for performing National Bridge Inspection Standard (NBIS) compliant inspections”; and in (2), substituted “ensure that NBIS compliant inspections are performed as the State” for “such other periodic inspections as the State,” and inserted “NBIS compliant bridge inspections or.”

§ 65-37-13. Local System Bridge Replacement and Rehabilitation Fund; appropriations; expenditures; crediting of monies to counties in advance of normal accrual.

(1) There is created in the State Treasury a special fund to be designated as the “Local System Bridge Replacement and Rehabilitation Fund.” The fund shall consist of monies that the Legislature appropriates under subsection (2) of this section, the proceeds of bonds issued under Section 10 of Chapter 557, Laws of 2009, and any other monies that the Legislature may designate for deposit into the fund. Monies in the fund may be expended upon legislative appropriation in accordance with the provisions of Sections 65-37-1 through 65-37-15.

(2)(a) During each regular legislative session held in calendar years 1995, 1996, 1997 and 1998, if the official General Fund revenue estimate for the succeeding fiscal year for which appropriations are being made reflects a growth in General Fund revenues of three percent (3%) or more for that succeeding fiscal year, then the Legislature shall appropriate Twenty-five Million Dollars (\$25,000,000.00) from the State General Fund for deposit into the Local System Bridge Replacement and Rehabilitation Fund.

(b) During the regular legislative session held in calendar year 1999, if the official General Fund revenue estimate for the succeeding fiscal year for which appropriations are being made reflects a growth in General Fund revenues of two percent (2%) or more for the succeeding fiscal year, then the Legislature shall appropriate Ten Million Dollars (\$10,000,000.00) from the State General Fund for deposit into the Local System Bridge Replacement and Rehabilitation Fund.

(c) Except as otherwise provided in this paragraph (c), during each regular legislative session held in calendar years 2001 through 2017, if the official General Fund revenue estimate for the succeeding fiscal year for which appropriations are being made reflects a growth in General Fund revenues of two percent (2%) or more for the succeeding fiscal year, then the Legislature shall appropriate Twenty Million Dollars (\$20,000,000.00) from the State General Fund for deposit into the Local System Bridge Replacement and Rehabilitation Fund. However, during the regular legislative sessions held in calendar years 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2014, 2015 and 2016 the Legislature shall not be required to appropriate funds for deposit into the Local System Bridge Replacement and Rehabilitation Fund.

(3) Monies that are deposited into the fund under the provisions of this section may be expended upon requisition therefor by the State Aid Engineer in accordance with the provisions of Sections 65-37-1 through 65-37-15. The Office of State Aid Road Construction shall be entitled to reimbursement from monies in the fund, upon requisitions therefor by the State Aid Engineer, for the actual expenses incurred by the office in administering the provisions of the Local System Bridge Replacement and Rehabilitation Program. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund.

(4) Monies in the Local System Bridge Replacement and Rehabilitation Fund shall be allocated and become available for distribution to counties in accordance with the formula prescribed in Section 65-37-3 beginning January 1, 1995, on a project-by-project basis. Monies in the Local System Bridge Replacement and Rehabilitation Fund may not be used or expended for any purpose except as authorized under Sections 65-37-1 through 65-37-15.

(5) Monies in the Local System Bridge Replacement and Rehabilitation Fund may be credited to a county in advance of the normal accrual to finance certain projects, subject to the approval of the State Aid Engineer and subject further to the following limitations:

(a) That the maximum amount of such monies that may be advanced to any county shall not exceed ninety percent (90%) of the funds estimated to accrue to such county during the remainder of the term of office of the board of supervisors of such county;

(b) That no advance credit of funds will be made to any county when the unobligated balance in the Local System Bridge Replacement and Rehabilitation Fund is less than One Million Dollars (\$1,000,000.00); and

(c) That such advance crediting of funds be effected by the State Aid Engineer at the time of the approval of the plans and specifications for the proposed projects.

It is the intent of this provision to utilize to the fullest practicable extent the balance of monies in the Local System Bridge Replacement and Rehabilitation Fund on hand at all times.

Joint Legislative Committee Note — Section 2 of ch. 415, Laws of 1999, effective from and after July 1, 1999, amended this section. Section 2 of ch. 549, Laws of 1999, effective from and after July 1, 1999, also amended this section. As set out above, this section reflects the language of Section 2 of ch. 549, Laws of 1999, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, and the effective dates of the amendments are the same, the amendment with the latest approval date shall supersede all other amendments to the same section approved on an earlier date.

Section 2 of ch. 504, Laws of 2008, effective upon passage (approved April 23, 2008), amended this section. Section 13 of ch. 507, Laws of 2008, effective upon passage (approved April 29, 2008), also amended this section. As set out above, this section reflects the language of Section 13 of ch. 507, Laws of 2008, which contains language that specifically provides that it supersedes § 65-37-13, as amended by Laws of 2008, ch. 504.

Section 3 of ch. 381, Laws of 2009, effective from July 1, 2009 (approved on March 17, 2009), amended this section. Section 11 of ch. 557, Laws of 2009, effective from and after passage (approved April 17, 2009) and Section 10 of ch. 563, Laws of 2009, effective from and after passage (approved May 13, 2009) also amended this section. As set out above, this section reflects the language of all amendments pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision, and Publication authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication ratified the integration of these amendments as consistent with the legislative intent at the July 13, 2009, meeting of the Committee.

Section 10 of ch. 562, Laws of 2010, effective upon passage (approved May 21, 2010), amended this section. Section 5 of ch. 520, Laws of 2010, effective upon passage (approved April 14, 2010), also amended this section. The amendments to this section do not conform and do not meet the Joint Committee's criteria for integration. As set out above, this section reflects the language of Section 10 of ch. 562, Laws of 2010, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date shall supersede all other amendments to the same section taking effect earlier.

Editor's Notes — Laws of 2008, ch. 507, § 1, provides:

"SECTION 1. This act shall be known and may be cited as the 'Budget Reconciliation Act of 2008.'"

Laws of 2004, 3rd Ex Sess, ch. 1, § 228 provides:

"SECTION 228. Except as otherwise provided in this act, any entity using funds authorized and made available under Chapter 1, 2004 Third Extraordinary Session, is

authorized, in its discretion, to set aside not more than twenty percent (20%) of such funds for expenditure with small business concerns owned and controlled by socially and economically disadvantaged individuals. The term “socially and economically disadvantaged individuals” shall have the meaning ascribed to such term under Section 8(d) of the Small Business Act (15 USCS, Section 637(d)) and relevant subcontracting regulations promulgated pursuant thereto; except that women shall be presumed to be socially and economically disadvantaged individuals for the purposes of this section.”

§ 65-39-1. Selection of road and bridge construction projects; feasibility studies; priorities.

(1) The Mississippi Transportation Commission is authorized, subject to the availability of funds in the Gaming Counties State-Assisted Infrastructure Fund created in Section 65-39-17, to conduct feasibility studies and, pursuant to information gathered in such studies, select routes and locations, perform preliminary engineering, acquire necessary right-of-way and property, construct and/or reconstruct and improve existing or new highways, roads, streets and bridges, including two-lane, four-lane and multilane roads (or segments thereof), perform intersection improvements, provide signal retiming, turnbay extensions, additional interchanges and other traffic modifications, within and approaching those counties in this state where legal gaming is being conducted or is authorized. Any highway, road, street or bridge that is authorized to be constructed, reconstructed or improved shall meet design standards established by the Mississippi Department of Transportation, shall be constructed to bear a load limit of at least eighty thousand (80,000) pounds and, upon completion, shall become a part of the state highway system, and thereafter shall be under the jurisdiction of the Mississippi Transportation Commission and the Mississippi Department of Transportation for construction and maintenance.

(2) The projects authorized in subsection (1) of this section shall include, but shall not be limited to, highways, roads, streets and bridges on and along the following locations:

(a) U.S. Highway 90 from its intersection with Mississippi 607 in Hancock County to Ocean Springs, and including Lakeshore Road in Hancock County from its intersection with U.S. Highway 90 to Beach Boulevard;

(b) Mississippi 4 from U.S. Highway 61 to Mississippi 3;

(c) Mississippi 4 from Mississippi 3 to Senatobia;

(d) Cowan/Lorraine Road from U.S. Highway 90 to I-10;

(e) U.S. Highway 49 from U.S. Highway 90 to I-10 in Gulfport;

(f) Mississippi 304 beginning at the Tennessee state line at or near U.S. Highway 72 and thence running in a southwesterly direction to intersect with U.S. Highway 78 at or near Byhalia and thence running in a westerly direction to intersect I-55 at or near Hernando and thence running in a westerly direction to intersect with U.S. Highway 61 in DeSoto County, with a spur extending southwesterly to or near Robinsonville in Tunica County;

(g) I-10 from Exit 28 to Exit 57;

(h) A new location from the northernmost point on I-110 to U.S. Highway 49;

(i) U.S. Highway 61 from the Tunica county line to the Tennessee state line;

(j)(i) Four-lanes for traffic along Mississippi 16 beginning at its intersection with Mississippi 25 and extending easterly to join the existing four-lane on the west side of Carthage within the corporate boundaries;

(ii) Passing lanes and turn lanes, as needed, along Mississippi 16 beginning at a point on the east side of Carthage within the corporate boundaries where the existing four-lane ends and extending easterly to the Leake/Neshoba county line; and

(iii) Four-lanes for traffic along Mississippi 16 beginning at the Leake/Neshoba county line and extending easterly to not more than ten (10) miles east of Mississippi 15;

(k) Cowan/Lorraine Road Extension from I-10 north to relocated/reconstructed Mississippi 67;

(l) At various locations on and along U.S. Highway 82 and Mississippi 1 in the City of Greenville;

(m) At various locations on and along I-20, U.S. Highway 61 and U.S. Highway 80 in the City of Vicksburg, including a truck route from Harbor Industrial Park to U.S. Highway 61 north and an extension of South Frontage Road with railroad bridge to I-20;

(n) At various locations on and along U.S. Highway 61, U.S. Highway 65, Washington, Homochitto, Martin Luther King, Jr., St. Catherine and East Franklin Streets in the City of Natchez;

(o) At various locations on and along U.S. Highway 90 in the City of Pass Christian;

(p) Mississippi 43/603 beginning where the existing four-lane ends north of I-10 and extending northerly to a point approximately one (1) mile

north of Kiln where Mississippi 43/603 divides into Mississippi 43 and Mississippi 603;

(q) Mississippi 43 beginning where Mississippi 43 and Mississippi 603 divide and extending northwesterly to or near Picayune;

(r) U.S. Highway 49 from U.S. Highway 61 west to the Mississippi River bridge;

(s) Subject to the conditions prescribed in subsection (3) of this section, a central Harrison County connector from I-10 to U.S. Highway 90 in the vicinity of Canal Road to the Mississippi State Port at Gulfport;

(t) An east Harrison County connector from U.S. Highway 90 to I-10 to be located between the Cowan/Lorraine Road interchange and the I-110 interchange;

(u) At various locations on, along and approaching U.S. Highway 90 in Harrison, Hancock and Jackson Counties, which the Mississippi Transportation Commission determines will alleviate traffic congestion in Harrison, Hancock and Jackson Counties; and

(v) At various locations in the City of Natchez on, along and approaching U.S. Highway 61 (St. Catherine Street and Franklin Street), and including Mississippi Highway 555 beginning at Franklin Street and extending northerly and easterly to the Natchez Trace.

(3) Authorization for the project described in paragraph (2)(s) of this section is conditioned upon receipt by the Mississippi Transportation Commission of a written commitment by the Mississippi Development Authority to make available for such project not less than Six Million Dollars (\$6,000,000.00).

(4) If a project authorized in this section is also included in the four-lane highway program under Section 65-3-97(3), then all contracts necessary to be let for the completion of the project under this section shall be let not later than the priorities established for the letting of contracts for the project under Section 65-3-97(3). Prioritization of construction for all other projects authorized in this section shall be conducted as provided for in Section 65-3-97(4).

(5)(a) Funds for the projects authorized under this section may be provided through the issuance of bonds under Sections 65-39-5 through 65-39-33, through the issuance of notes for such purposes under Section 31-17-127 or from such monies as may be available in the Gaming Counties State-Assisted Infrastructure Fund created under Section 65-39-17.

(b) In addition to the funds provided for under paragraph (a) of this subsection, funds for the project described in subsection (2)(s) of this section also may be provided from any available federal, state, county or municipal funds authorized for such project, including the Economic Development Highway Act.

§ 65-39-2. Mississippi Department of Transportation to study and report on roads and highways within and approaching counties where gaming has been legalized.

The Mississippi Department of Transportation shall study all roads and highways (or segments thereof) within and approaching those counties in this state where legal gaming is being conducted or is authorized, in addition to those roads, highways and projects described in Section 65-39-1(2), and, based on the volume capacity of such roads or highways (or segments thereof), shall make a report to the 1997 Regular Session of the Legislature setting forth recommended priorities for the construction and/or reconstruction and improvement of existing or new highways, roads, streets and bridges under the gaming counties state-assisted infrastructure improvement provisions of this chapter. The following routes shall be among those included by the department in its report to the Legislature.

Two (2) new north/south I-10 to U.S. 90 connection roadways in Harrison County consisting of:

- (a) An east Harrison County connector in west Biloxi from I-10 to U.S. 90; and
- (b) A west Harrison County connector linking I-10 to U.S. 90.

The report shall be filed on or before November 30, 1996, with the Secretary of the Senate, the Clerk of the House of Representatives, the Chairman of the Senate Highways and Transportation Committee and the Chairman of the House Transportation Committee.

HISTORY: Laws, 1996, ch. 497, § 2, eff from and after passage (approved April 11, 1996).

§ 65-39-3. Gaming Counties Bond Sinking Fund created; expenditures.

There is created in the State Treasury a special fund to be designated as the "Gaming Counties Bond Sinking Fund." Such monies as the Legislature directs or provides to be deposited into the fund may be expended, upon legislative appropriation, to pay the interest on and principal of bonds issued pursuant to Sections 65-39-5 through 65-39-33 or to pay the interest on and principal of notes issued under Section 31-17-127 for the purpose of providing funds for infrastructure projects under Section 65-39-1; provided, however, that if at any time the fund has a balance in excess of the amount needed to pay the interest on or the principal of any bonds or notes maturing in the next two (2) consecutive fiscal years, such excess may be transferred to the "Gaming

Counties State Assisted Infrastructure Fund” to be disbursed solely upon the order of the Transportation Commission. Unexpended amounts remaining in the sinking fund at the end of the fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the sinking fund shall be deposited to the credit of the sinking fund.

HISTORY: Laws, 1994, ch. 557, § 15; Laws, 1995, ch. 523, § 4, eff from and after July 1, 1995.

§ 65-39-5. Issuance of general obligation bonds.

(1) The Mississippi Transportation Commission, at one time or from time to time, may declare by resolution the necessity for the issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred by the Transportation Commission and the Mississippi Department of Transportation in constructing and reconstructing highways and performing the projects authorized under Section 65-39-1.

(2) The amount of bonds issued under Sections 65-39-5 through 65-39-33 shall not exceed Three Hundred Twenty-five Million Dollars (\$325,000,000.00).

(3) Upon the adoption of a resolution by the Mississippi Transportation Commission declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the Transportation Commission shall deliver a certified copy of its resolution or resolutions to the State Bond Commission. Upon receipt of any such resolution, the State Bond Commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, advertise for and accept bids, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds.

§ 65-39-7. Payment of principal and interest; bond specifications.

The principal of and interest on the bonds authorized under Section 65-39-5 shall be payable in the manner provided in this section. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the State Bond Commission.

Cross References — Alternative to issuance of bonds under §§ 65-39-5 through 65-39-33 for funding infrastructure projects under § 65-39-1, see § 31-17-127.

§ 65-39-9. Signature on bonds; interest coupons.

The bonds authorized by Section 65-39-5 of this chapter shall be signed by the Chairman of the State Bond Commission, or by his facsimile signature, and the official seal of the State Bond Commission shall be affixed thereto, attested by the Secretary of the State Bond Commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

§ 65-39-13. Sale and form of bonds.

The State Bond Commission shall act as the issuing agent for the bonds authorized under Sections 65-39-5 through 65-39-33, prescribe the form of the

bonds, advertise for and accept bids, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do all other things necessary and advisable in connection with the issuance and sale of the bonds. The State Bond Commission may pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under Sections 65-39-5 through 65-39-33 from the proceeds derived from the sale of the bonds. The State Bond Commission shall sell such bonds on sealed bids at public sale, and for such price as it may determine to be for the best interest of the State of Mississippi, but no such sale may be made at a price less than par plus accrued interest to the date of delivery of the bonds to the purchaser. All interest accruing on such bonds so issued shall be payable semiannually or annually; however, the first interest payment may be for any period of not more than one (1) year.

Notice of the sale of any such bond shall be published at least one (1) time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, and in one or more other newspapers or financial journals with a national circulation, to be selected by the State Bond Commission.

The State Bond Commission, when issuing any bonds under the authority of Sections 65-39-5 through 65-39-33, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

§ 65-39-15. Bonds are general obligations of state.

The bonds issued under the provisions of Sections 65-39-5 through 65-39-33 are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. Monies in the Gaming Counties Sinking Bond Fund, created in Section 65-39-3, shall be expended to pay the interest on, and principal of, the bonds issued under Section 65-39-5. If the amount in the sinking fund is insufficient to pay the interest on, and principal of, such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this section.

§ 65-39-35. Effective date of reduction in certain taxes and fees.

The date upon which the taxes and fees levied and charged under the provisions of Sections 27-55-11, 27-57-37, 27-59-11, 27-19-43, 27-19-309, 27-65-75, and Sections 27-55-519 and 27-55-521 are reduced under such sections shall be the first day of the month immediately following the date upon which:

(a) The Mississippi Transportation Commission certifies to the State Tax Commission that:

(i) The highway program created under Section 65-3-97 and the Gaming Counties Infrastructure Program created under Section 65-39-3, are completed and no funds are any longer necessary to pay the costs of such programs; and

(ii) The Mississippi Transportation Commission will not declare the necessity for additional borrowings under Section 65-9-27, or for additional bonds under Sections 65-39-5 through 65-39-33; and

(b) The State Treasurer certifies:

(i) That the amount on deposit in the Gaming Counties Bond Sinking Fund, together with earnings on investments to accrue to such fund, is equal to or greater than the aggregate of the entire principal, redemption premium (if any), and interest due and to become due (until the final maturity date or earlier scheduled redemption date) on all general obligation bonds issued under Sections 65-39-5 through 65-39-33; and

(ii) That all principal, interest, cost and other expenses for all bonds, notes or other borrowings under Section 65-9-27 and Section 31-17-127 (including redemption notes, if any) have been paid and are completely satisfied.

Joint Legislative Committee Note — Section 46 of ch. 461, Laws of 1999, effective from and after July 1, 1999, amended this section. Section 8 of ch. 575, Laws of 1999, effective from and after July 1, 1999, also amended this section. As set out above, this section reflects the language of Section 8 of ch. 575, Laws of 1999, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, and the effective dates of the amendments are the same, the amendment with the latest approval date shall supersede all other amendments to the same section approved on an earlier date.

Editor's Notes — Section 27-3-4 provides that the terms "Mississippi State Tax Commission," "State Tax Commission," "Tax Commission" and "commission" appearing in the laws of this state in connection with the performance of the duties and functions by the Mississippi State Tax Commission, the State Tax Commission or Tax Commission shall mean the Department of Revenue.

§ 65-39-37. State matching share for federal Special Category Projects.

The Mississippi Transportation Commission may require the Mississippi Department of Transportation to provide the twenty percent (20%) state matching share and federal nonparticipating costs for Special Category Projects as provided for in Public Law 102-240 (the Intermodal Surface Transportation Efficiency Act of 1991). In addition to any other authorized use, such funds may be expended for Special Category Projects within Public Law 102-240 as set forth in Section 1103 "High Cost Bridge Projects," Section 1104 "Congestion Relief Projects," Section 1105 "High Priority Corridors on National Highway System," Section 1106 "Rural and Urban Access Projects," Section 1107 "Innovative Projects," and Section 1108 "Priority Intermodal Projects."

The department shall use funds obtained pursuant to this section for the specific purpose of facilitating the use of additional eighty percent (80%) federal funds provided to the Mississippi Department of Transportation from the Congress of the United States throughout each of the five (5) Congressional Districts of the State of Mississippi. The department also shall utilize any funds obtained pursuant to this section to provide the state matching share and nonparticipating share for preliminary engineering and right-of-way acquisition work for all projects so authorized and shall provide the state share and nonparticipating portion for all projects for which the federal share of the construction is provided through funds not within the normal annual apportionment of the Highway Trust Fund to the State of Mississippi.

§ 65-41-1. Short title.

This chapter shall be known and may be cited as the “Mississippi Scenic Byways Program.”

HISTORY: Laws, 2002, ch. 531, § 2, eff from and after July 1, 2002.

§ 65-41-3. Definitions.

As used in this chapter, the following terms have the meanings ascribed to them in this section unless the context clearly requires otherwise:

(a) “Corridor” means a highway, road or street right-of-way and the adjacent area that is visible from and extends along the highway, road or street;

(b) “Department” means the Mississippi Department of Transportation;

(c) “Intrinsic qualities,” as related to scenic byways, include:

(i) Scenic: Beauty, whether natural or man-made. The quality of the feature is measured by how memorable, distinctive, unique, uninterrupted and unified a scenic byway is;

(ii) Natural: Minimal disturbance of the natural ecological features that are associated with the region;

(iii) Historic: Landscapes, buildings, structures or other visual evidence of the past other than just a site;

(iv) Cultural: Visual evidence of the unique customs, traditions, folklore or rituals of a currently existing human group;

(v) Archeological: Visual evidence of the unique customs, traditions, folklore or rituals of a no longer existing human group;

(vi) Recreational: Use of a scenic byway or its corridor for recreational

activities like jogging, biking, roadside picnics or for direct access to recreational sites like campgrounds, lakes, etc.;

(d) "Program" means the Mississippi Scenic Byways Program created under the provisions of this chapter;

(e) "Scenic byway" means a public highway, road or street, including the corridor through which it passes, that has been designated as a scenic byway in order to develop, promote and maintain its intrinsic qualities.

HISTORY: Laws, 2002, ch. 531, § 3, eff from and after July 1, 2002.

§ 65-41-5. Administration by Department of Transportation.

The Mississippi Department of Transportation, upon approval of the Mississippi Transportation Commission, may administer a Mississippi Scenic Byways Program. Under the program, the department, with assistance from the Scenic Byways Advisory Committee created under Section 65-41-7, shall develop, adopt and implement a scenic byways corridor management plan for the state. The plan shall be consistent with the provisions of this chapter and with guidelines established by federal law, and shall specify actions, procedures, controls, operational practices and administrative strategies necessary to govern the selection, nomination and declaration of scenic byways and to ensure that highways, roads, streets and corridors designated as scenic byways are properly managed and that their intrinsic qualities are maintained.

HISTORY: Laws, 2002, ch. 531, § 4, eff from and after July 1, 2002.

§ 65-41-7. Advisory committee; corridor management plan.

(1) There is created a Scenic Byways Advisory Committee to assist the department in the development and administration of the Mississippi Scenic Byways Program, the adoption of a corridor management plan, the review of scenic byway applications and the selection and nomination of highways, roads and streets as scenic byways. The committee shall consist of:

(a) Two (2) members from each of the following entities, with one (1) member from each entity being the executive director of that entity, or his or her designee, and the other member being a member of that entity selected by its executive director:

- (i) The Mississippi Department of Transportation;
- (ii) The Mississippi Development Authority, Division of Tourism Development;
- (iii) The Keep Mississippi Beautiful/People Against Litter Association;
- (iv) The Mississippi Association of Supervisors;
- (v) The Mississippi Outdoor Advertising Association;
- (vi) The Mississippi Retail Association;
- (vii) The Mississippi Tourism Association; and

(viii) The Mississippi Municipal League; and

(b) Three (3) members to be selected by the Mississippi Transportation Commission, one (1) from each commissioner's district.

(2) The corridor management plan adopted by the committee shall use best management practices to maintain the intrinsic qualities of highways, roads and streets designated as scenic byways while ensuring the rights of landowners, including riparian owners, to continue existing agriculture, forestry, water supply, recreational, residential, commercial and industrial uses, and any other uses of land and water, identified in the plan. The department may enter into agreements for the mutual management of scenic byways with counties, municipalities and other political subdivisions of the state, state and federal agencies and private landowners or businesses. The plan shall ensure that landowners have input into management practices of any land or water that is designated as a scenic byway or that is included within a scenic byway corridor. Land placed in the program shall not be obtained by eminent domain. A landowner's decision to participate in the program shall be entirely voluntary and a participating landowner may terminate his participation at any time without liability, criminally or civilly, for his subsequent failure to participate. Counties, municipalities and other political subdivisions of the state may participate in the program as landowners in the same manner as private landowners. For the purposes of carrying out the intent of this chapter, counties, municipalities and other political subdivisions of the state, in addition to and supplemental to any other powers authorized by law for the acquisition of real property, may acquire by donation or purchase, but not by eminent domain, interests in real property.

(3) The plan adopted under this chapter shall be in compliance with all applicable Federal Highway Administration rules, regulations and policies regarding outdoor advertising on or along a highway, road or street designated as a scenic byway. Nothing in this chapter shall be interpreted as amending or limiting any county or municipal zoning or land use ordinance unless the county or municipality has authorized the amendment according to the procedure provided for in its ordinance.

(4) A corridor management plan may not become effective until a draft of the plan has been submitted for review and recommendation to the Transportation Committee of the House of Representatives and the Highways and Transportation Committee of the Senate.

HISTORY: Laws, 2002, ch. 531, § 5, eff from and after July 1, 2002.

§ 65-41-9. Interlocal participation.

(1) The corridor management plan adopted under this chapter shall establish criteria, policies and procedures that will permit county boards of supervisors, municipal governing authorities and the Mississippi Department of Transportation to submit to the advisory committee applications for highways, roads and streets under the governmental entity's respective jurisdiction for nomination as a scenic byway. Nothing in the corridor management plan

shall be interpreted as amending or limiting any county or municipal zoning or land use ordinances unless the county or municipality has authorized the amendment according to the procedure provided for in its ordinance. The corridor management plan shall authorize county boards of supervisors and municipal governing authorities to submit one or more plans for one or more highways, roads or streets to be designated a scenic byway that may have management requirements that are more strict than the department's corridor management plan. Such plans for a scenic byway submitted by a county or municipality shall describe the additional management requirements proposed for application to the scenic byway and, if approved by the department, shall apply only to the approved scenic byway. In carrying out the purposes of this chapter and the specific plans for scenic byways, counties and municipalities may include in such specific plans for the corridor (including, but not limited to, medians) provisions for planting and replanting of trees, shrubs and flowers; vegetative buffers, design guidelines and limitations for landscaping, signage and lighting; and noise guidelines and limitations. The authority granted to counties and municipalities under this subsection is supplementary and in addition to any other authority that a county or municipality may have under law.

(2) After receipt of an application, the advisory committee shall hold a public meeting in the geographic area where the proposed scenic byway is located to receive comments and recommendations from the public. Notice of the meeting, along with a description of the highway, road or street proposed as a scenic byway shall be given once each week for at least three (3) consecutive weeks by publication in some newspaper having a general circulation in the county where the proposed scenic byway is located. Following the public meeting, the committee may nominate the highway, road or street as a scenic byway if it is eligible and meets the guidelines established under the program. A highway, road or street that has been nominated by the committee as a scenic byway shall be submitted by the advisory committee to the Legislature at the next regular session of the Legislature following its nomination. A highway, road or street that has been nominated as a scenic byway may be designated as an official Mississippi Scenic Byway only by its introduction and passage as a legislative bill.

(3) The advisory committee shall review each designated scenic byway not less often than once each two (2) years to make sure that the program participants are meeting their obligations under the plan and that the byway continues to possess the intrinsic qualities and meet the criteria which supported its initial designation. If the committee finds that a designated byway is not being maintained according to established standards or that it has lost its necessary intrinsic qualities, the committee shall report its findings to the Legislature and the Legislature, by legislation, may de-designate the byway.

HISTORY: Laws, 2002, ch. 531, § 6, eff from and after July 1, 2002.

§ 65-41-11. Scenic Byways Development and Maintenance Fund.

(1) The department may accept donations, bequests, gifts, grants, appropriations of federal money, in-kind contributions and things of value from any source, public or private, including individuals, organizations and federal, state and local governmental bodies, for the purpose of establishing and maintaining the Mississippi Scenic Byways Program. All such money so received by the department shall be deposited into a special fund that is created in the State Treasury to be designated as the "Scenic Byways Development and Maintenance Fund." Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund.

(2) Monies in the Scenic Byways Development and Maintenance Fund may be expended, upon legislative appropriation, for the following purposes:

(a) To plan, design and develop the Mississippi Scenic Byways Program;

(b) To develop and implement a corridor management plan for the purposes of maintaining the intrinsic qualities of scenic byways and providing accommodation of increased tourism and development of related amenities;

(c) To make safety improvements to Mississippi scenic byways, a National Scenic Byway or an All-American Road to the extent that the improvements are necessary to accommodate increased traffic and changes in the types of vehicles using the highway, road or street as a result of the designation;

(d) To construct along scenic byways facilities for use by pedestrians and bicyclists, rest areas, turnouts, highway shoulder improvements, passing lanes, overlooks and interpretive facilities;

(e) To make improvements to scenic byways that will enhance access to recreation areas, including water-related recreations;

(f) To protect the intrinsic qualities of areas adjacent to scenic byways;

(g) To develop and provide tourist information to the public, including interpretive information about scenic byways;

(h) To develop and implement scenic byway marketing programs; and

(i) To match monies made available from the federal government for the establishment and maintenance of the Scenic Byways Program.

HISTORY: Laws, 2002, ch. 531, § 7, eff from and after July 1, 2002.

§ 65-41-13. Lawful use or activity related to scenic byway area not restricted; local governments not mandated to participate.

(1) This chapter shall not prohibit, restrict or otherwise affect any existing or future lawful use or activity in or related to a scenic byway area. This chapter also shall not prohibit, restrict or otherwise affect the operation,

maintenance or new construction of any facility, road, railroad, bridge, utility, pipeline, crossing or any other structure in or related to a scenic byway area. If there is any conflict between this section and any other provision of this chapter, this section shall control.

(2) Nothing in this chapter shall mandate local governments to participate in the program, and a local governmental entity may terminate participation in the program at any time by resolution duly adopted and entered upon its minutes.

HISTORY: Laws, 2002, ch. 531, § 8, eff from and after July 1, 2002.

The following highways, roads or streets located in the State of Mississippi are hereby designated as an official Mississippi Scenic Byway to be known as the "Grand Gulf-Raymond Scenic Byway," pursuant to Section 65-41-1 et seq.:

Beginning at the Grand Gulf Military Monument on the Mississippi River then east along the historic Back Grand Gulf Road to Frasier Road, following east along Frasier Road to Y-Camp Road, following east along Y-Camp Road to Ingleside-Karnac Ferry Road through the community of Ingleside to Highway 61, then the route continues one-half (½) mile north of Highway 61, eastward along Willows Road to the community of Willows, then northeastward along the Old Port Gibson Road terminating at the Raymond Military Park at the City of Raymond.

HISTORY: Laws, 2004, ch. 316, § 1, eff from and after passage (approved Apr. 12, 2004).

§ 65-41-53. “Lower Mississippi Historic Scenic Byway” designated.

(1) The following highways, roads and streets located in the State of Mississippi are hereby designated as an official Mississippi Scenic Byway to be known as the “Lower Mississippi Historic Scenic Byway,” pursuant to Section 65-41-1 et seq.:

Begin on U.S. Highway 61 at the Issaquena County line and travel south along U.S. Highway 61 in Warren County, to Business 61 (North Washington Street); travel north on Washington Street to downtown Vicksburg. Continue traveling on Washington Street as it merges into Warrington Road; travel Warrington Road to U.S. Highway 61; continue on U.S. Highway 61 South to Claiborne County.

Upon entering Claiborne County, continue traveling south on U.S. Highway 61. At Grand Gulf Road, travel west to Grand Gulf Military Park. Turn on Grand Gulf Road to U.S. Highway 61. Travel south on U.S. Highway 61 to Port Gibson. U.S. Highway 61 at Port Gibson is also known as “Church Street.” At the intersection of Church Street and Orange Street, travel west on Orange Street, past the Claiborne County Courthouse to Market Street. Travel south on Market Street four (4) blocks, past Mississippi Cultural Crossroads, Matt Ross Administrative Building, Harriette Pearson Memorial Library and Meyer Marx Building until you reach Carroll Street. Return to Church Street and travel south on U.S. Highway 61 to Jefferson County. This corridor also includes Rodney Road, which is Carroll Street (west of Market Street). Travel west on Rodney Road, past the Shaifer House and grounds; travel past the Ruins of Windsor where Rodney Road merges into Highway 552. Travel past Alcorn State University on Highway 552 back to U.S. Highway 61.

Travel south on U.S. Highway 61 until you reach Adams County and continue on U.S. Highway 61 through the City of Natchez to U.S. Highway 61/84 Interchange; travel west on U.S. Highway 84 to the Natchez Intermodal Center at the Mississippi River Bridge. Return to U.S. Highway 61/84 interchange and travel south on U.S. Highway 61 through the southern portion of Natchez to Wilkinson County. Traveling south on U.S. Highway 61 through Woodville to the Louisiana state line. This terminates the Lower Mississippi Historic Byway.

(2) Outdoor advertising as identified in the Lower Mississippi Historic Byway Corridor Management Plan shall be allowed on U.S. Highway 61 and U.S. Highway 84 within the corporate limits of the impacted municipalities along the byway subject to the zoning and signage statutes and ordinances of the state and the impacted municipalities. Outdoor advertising outside of a municipality’s corporate limit must be in compliance with applicable local, state and federal guidelines.

HISTORY: Laws, 2004, ch. 544, § 1, eff from and after passage (approved May 13, 2004).

§ 65-41-55. “Mississippi Delta Great River Road Scenic Byway” designated.

(1) The following highways, roads or streets located in the State of Mississippi are hereby designated as an official Mississippi Scenic Byway to be known as the “Mississippi Delta Great River Road Scenic Byway,” pursuant to Section 65-41-1 et seq.:

Begin at the Tennessee state line and travel south on U.S. Highway 61 to the intersection of Mississippi Highway 161. Continue on Mississippi Highway 161 to the Town of Walls, Mississippi, and travel south on Old Highway 61 through DeSoto County and Tunica County to the intersection with U.S. Highway 49 near Lula, Mississippi. Continue northwest on U.S. Highway 49 to the intersection with Mississippi Highway 1, and travel south along Mississippi Highway 1. Continue south along Mississippi Highway 1 through Coahoma County, Bolivar County, Washington County, east along Mississippi Highway 1 at Sharkey County and then south along Mississippi Highway 1 at Issaquena County. Continue on Mississippi Highway 1 south to the intersection of U.S. Highway 61 at Mississippi Highway 1 at Onward; continue south along U.S. Highway 61 to the Issaquena/Warren County line. This terminates the “Mississippi Delta Great River Road Scenic Byway.”

(2) Outdoor advertising as identified in the Mississippi Delta Great River Road Scenic Byway Corridor Management Plan shall be allowed on Mississippi Highway 1 and U.S. Highway 61 within the corporate limits of the impacted municipalities along the byway subject to the zoning and signage statutes and ordinances of the state and the impacted municipalities. Outdoor advertising outside of a municipality’s corporate limit must be in compliance with applicable local, state and federal guidelines.

HISTORY: Laws, 2004, ch. 578, § 1; Laws, 2009, ch. 311, § 1; Laws, 2009, ch. 361, § 1, eff from and after passage (approved Mar. 17, 2009).

Joint Legislative Committee Note — Section 1 of ch. 311, Laws of 2009, effective from and after July 1, 2009 (approved March 3, 2009), amended this section. Section 1 of ch. 361, Laws of 2009, effective upon approval (approved March 17, 2009), also amended this section. As set out above, this section reflects the language of Section 1 of ch. 311, Laws of 2009, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date shall supersede all other amendments to the same section taking effect on an earlier date.

§ 65-41-57. “Biloxi-D’Iberville Scenic Expressway” designated.

The following highways, roads or streets located in the State of Mississippi are hereby designated as an official Mississippi Scenic Byway to be known as the “Biloxi-D’Iberville Scenic Expressway” pursuant to Section 65-41-1 et seq. as it reaches completion:

Beginning at the intersection of Highway 67 and Interstate I-10 and travel northerly along Highway 67 to the intersection of Highway 67 and U.S. Highway 49.

HISTORY: Laws, 2007, ch. 307, § 1; Laws, 2009, ch. 541, § 1, eff from and after passage (approved Apr. 15, 2009).

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error in the second paragraph of the section. The word “the” was inserted preceding “intersection” so that “Beginning at intersection of Highway 67” will read as “Beginning at the intersection of Highway 67.” The Joint Committee ratified the correction at its August 5, 2008, meeting.

§ 65-41-59. “Highway 605 Tradition Scenic Parkway” designated.

§ 65-43-1. Authority of Transportation Commission, counties and municipalities to construct, operate and maintain new toll roads or toll bridges.

The Mississippi Transportation Commission, county boards of supervisors and/or the governing authorities of municipalities (hereinafter referred to as

governmental entities), in their discretion, may construct, operate and maintain, individually or jointly with other governmental entities, one or more new toll roads or toll bridges in the state for motor vehicle traffic, including toll booths and related facilities, at those locations where an alternate untolled route exists. All such highways, pavement, bridges, drainage-related structures and other infrastructure comprising the projects shall be built and maintained in accordance with not less than the minimum highway design, construction and maintenance standards established by the contracting governmental entity for such highways, infrastructure and facilities.

HISTORY: Laws, 2007, ch. 582, § 1, eff July 18, 2007 (the date the United States Attorney General interposed no objection under Section 5 of the Voting Rights Act of 1965, to the addition of this section); Laws, 2012, ch. 537, § 1, eff from and after July 1, 2012.

Editor's Notes — On July 18, 2007, the United States Attorney General interposed no objection under Section 5 of the Voting Rights Act of 1965 to the addition of this section by Laws of 2007, ch. 582.

Cross References — Exemption of governmental entity from liability for claims arising out of the construction, maintenance or operation of any roadway or bridge project entered into under the provisions of this section, see § 11-46-9.

Contracts entered into under the provisions of this section exempt from § 31-7-13 bidding requirements, see § 31-7-13.

Provisions of § 65-3-1 prohibiting collection of tolls on state highways inapplicable to toll roads or toll bridges built or operated under the authority of this section, see § 65-3-1.

§ 65-43-2. Legislative findings.

The Legislature finds and declares as a matter of public policy that, for the benefit of the people of this state, it is essential to foster, promote and provide public infrastructure, including toll roads and bridges.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 1, eff from and after passage (approved June 2, 2008).

§ 65-43-3. Authority of Transportation Commission, counties and municipalities to contract with companies for financing, constructing, operating or maintaining toll roads or toll bridges; requests for proposals; rights and responsibilities of parties to contracts; collection of tolls; applicability of traffic regulations to motor vehicles operated on toll roads and toll bridges; immunity from liability.

(1)(a) In addition to and as an alternative to any other authority granted by law, including, but not limited to, Section 65-43-1, any governmental

entities, as defined in Section 65-43-1, in their discretion, may contract, individually or jointly with other governmental entities, with any persons, corporations, partnerships or other businesses licensed to do business in the State of Mississippi (hereinafter referred to as “companies” or “company”) for the purpose of designing, financing, constructing, operating and maintaining one or more new toll roads or toll bridges in the state for motor vehicle traffic, including tollbooths and related facilities, at those locations where an alternate untolled route exists. Such contracts may provide that the governmental entities may grant certain rights (including, but not limited to, the right to exclusively operate and maintain) in land held by the governmental entities, whether in fee simple, as an easement or other interest, to a company for design, construction, operation and/or maintenance of roadways, highways or bridges for motor vehicle traffic, tollbooths and related facilities. All such highways, pavement, bridges, drainage-related structures and other infrastructure comprising the projects shall be built and maintained in accordance with not less than the minimum highway design, construction and maintenance standards established by the contracting governmental entity for such highways, infrastructure and facilities. The contracting governmental entity shall conduct periodic inspections of any such project throughout the term of the contract to ensure compliance by the company. Failure of a company to comply with minimum standards established for the project by the contracting governmental entity shall constitute a breach and shall subject the company to liability on its bond or security or to rescission of the contract in accordance with the terms and provisions of the contract.

(b) A governmental entity may not enter into a contract under this section with (i) any company designated as a foreign terrorist organization pursuant to Presidential Executive Order 13224 or Section 302 of the federal Antiterrorism or Effective Death Penalty Act of 1996, (ii) any company under the control of a so-designated foreign terrorist organization, or (iii) any company controlled by a foreign person if to do so would violate any order of the Committee on Foreign Investment in the United States under the Foreign Investment and National Security Act of 2007, H.R. 566, 110th Cong. (2007), Public Law 110-49, 121 Stat. 246. These requirements also shall apply to any proposed transfer or assignment of any contract entered into under this section.

(2)(a) Every contract entered into by a governmental entity under this section (except for contracts entered into with another governmental entity or following termination of a predecessor contract entered into under this section), at a minimum, must provide for the design and construction of a new toll road or toll bridge project and may also provide for the financing, acquisition, lease, maintenance, and/or operation of a new toll road or toll bridge project.

(b) If a governmental entity enters into a contract with a company as authorized by this section, such governmental entity shall use a competitive procurement process that provides the best value for the governmental

entity. The governmental entity may accept unsolicited proposals for a proposed new toll road or solicit proposals in accordance with this section.

(c) A governmental entity shall publish a request for competing proposals and qualifications in a newspaper having a general circulation within such governmental entity or, if the governmental entity is the Mississippi Transportation Commission, shall publish the request in a newspaper having a general circulation at the seat of government and, if the governmental entity has a website, shall post the request on such website. Such request shall include the criteria used to evaluate the proposals, the relative weight given to the criteria and a deadline by which proposals must be received. At a minimum, a proposal submitted in response to such request must contain:

(i) Information regarding the proposed project location, scope and limits;

(ii) Information regarding the company's qualifications, experience, technical competence, and capability to develop the project; and

(iii) A proposed financial plan for the proposed project that includes, at a minimum, the projected project costs, projected revenues and proposed sources of funds.

A governmental entity may interview a company submitting a solicited or unsolicited proposal. In evaluating such proposals, a governmental entity may solicit input from other sources regarding such proposals.

(d) The governmental entity shall rank each proposal based on the criteria described in the request for proposals and select the company whose proposal offers the best value to the governmental entity. The governmental entity may enter into discussions with the company whose proposal offers the best value. If at any point during the discussions it appears to the governmental entity that the highest ranking proposal will not provide the governmental entity with the overall best value, the governmental entity may enter into discussions with the company submitting the next highest ranking proposal.

(e) The governmental entity may withdraw a request for competing proposals and qualifications at any time and for any reason and may reject any one (1) or all proposals. In either case, the governmental entity may then publish a new request for competing proposals and qualifications. A governmental entity shall not be required to pay any company for the costs of preparing or submitting proposals.

(f) The governmental entity shall prescribe the general form of a contract authorized by this section and may include any matter the governmental entity considers advantageous to it. The governmental entity and the company shall negotiate the specific terms of the contract.

(g) Except as provided under this subsection (2), no such contract entered into hereunder shall be subject to the provisions of Section 65-1-8, Section 31-7-13 or any other public bid or public procurement laws of this state.

(h) The Transportation Commission shall evaluate each proposal based on the criteria established by the commission. The Transportation Commis-

sion shall approve or disapprove a proposal within ninety (90) days after receipt of the proposal. If the Transportation Commission needs additional information, it may delay approval for an additional sixty (60) days.

(i) Any right or interest arising under or as a result of any contract entered into under this section by a governmental entity with a company involving a franchise, license agreement, concession agreement, operating agreement, construction agreement, design agreement and/or any other similar contractual arrangement in connection with the financing, design, construction, acquisition, maintenance and/or operation of a toll road or toll bridge project shall not constitute any right, title or interest in land or other real property or real estate or in personal property within the meaning of Article 1, Chapter 35, Title 27, Mississippi Code of 1972, in the toll road or toll bridge project, including tollbooths and related toll facilities (including, but not limited to, land, pavement, drainage-related structures, and other infrastructure and property related thereto) in which a governmental entity is the title owner of such property and/or holder of easements, rights-of-way and/or other interests for such toll road or toll bridge project.

(3) Every contract entered into by a governmental entity under this section shall require a company to enter into bond and provide such security as the governmental entity determines may be necessary or advisable to ensure timely completion and proper execution and performance of the contract. The term of the contract shall not exceed fifty (50) years, with the exception of extensions, automatic renewals or other contractual terms as agreed to by the governmental entity in the original or a subsequent agreement. The governmental entities are authorized to acquire such property or interests in property as may be necessary, by gift, purchase or eminent domain, for construction and maintenance of the highways or bridges built pursuant to contracts entered into under this section. Upon expiration, termination or rescission of the contract, any and all rights and/or interests that the company may have in the land, infrastructure, facilities or other improvements to the property subject to contract shall terminate and automatically, by operation of law, be returned or conveyed to and vested in the State of Mississippi or the contracting governmental entity. Upon termination, expiration or rescission of the contract, the collection of tolls shall cease.

(4) The governmental entity having jurisdiction over the toll highway or bridge may, after notice and public hearing, establish, charge and collect motor vehicle operator tolls for use of the highway or bridge and its facilities. Alternatively, during the term of any contract entered into under this section, the company may establish, charge and collect motor vehicle operators tolls for use of the highway or bridge and its facilities. The amount of such tolls, and any modification thereto, shall be subject to approval by the contracting governmental entity after notice and public hearing. All such contracts entered into with the Mississippi Transportation Commission may require a company to pay a percentage or other specified portion of all tolls collected to the Mississippi Department of Transportation. If bonds are issued pursuant to Section 65-43-13, then all such tolls paid to the department shall be deposited

into the special bond sinking fund under Section 65-43-11, and may be expended only as authorized by the Legislature. If bonds are not issued pursuant to Section 65-43-13, then all such tolls paid to the department shall be deposited into the department's highway fund to be used by the department for the construction and maintenance of highways.

(5) If a toll road is a designated evacuation route and a declaration of a state of emergency is issued by the President of the United States or by the Governor, the collection of tolls shall cease until the termination of the state of emergency.

(6) All statutes of this state relating to vehicle and traffic regulation and control shall be applicable to motor vehicles operated upon highways and bridges constructed under this section and shall be enforceable by the Mississippi Department of Public Safety, the Mississippi Highway Safety Patrol or any other law enforcement agency having jurisdiction over such highways and bridges.

(7) The State of Mississippi, the Mississippi Transportation Commission, the Mississippi Department of Transportation, counties, municipalities or any other agency or political subdivision, or any officer or employee thereof, shall not be liable for any tortious act or omission arising out of the construction, maintenance or operation of any highway or bridge project under the provisions of this section where the act or omission occurs during the term of any such contract entered into by the Mississippi Transportation Commission or other governmental entity and a company.

§ 65-43-7. Authorization of counties and municipalities to borrow money and issue bonds for projects authorized under this chapter; details of bonds; procedure.

(1) For the purpose of providing funds to defray the expenses of projects authorized pursuant to Sections 65-43-1 and 65-43-3, the board of supervisors of a county or the governing authorities of a municipality shall have the right to borrow money for the project, and to issue revenue bonds therefor in such principal amounts as the board of supervisors or governing authorities may determine to be necessary to provide sufficient funds to defray the expenses of projects authorized pursuant to Sections 65-43-1 and 65-43-3. The bonds shall be payable out of any revenues derived from the project, including grants or contributions from the federal government or other sources. Such bonds may be sold at public or private sale at not less than par and shall bear interest at a rate or rates not exceeding that allowed in Section 75-17-103. Any such bonds so issued shall not constitute a debt of the county, the municipality or any political subdivision of the county or the city within the meaning of any constitutional, statutory or charter restriction, limitation or provision. It shall be plainly stated on the face of each bond in substance that the bond has been issued pursuant to the authority granted in this section and that the taxing power of the county or municipality issuing the bond is not pledged to the payment of the bond or the interest on it and that the bond and the interest on it are payable solely from the revenues of the project for which the bond is issued.

(2) All bonds issued under the authority of this section shall bear such date or dates, shall be in such form or denomination, shall bear such rate of interest, and shall mature at such times as the county or municipality shall determine, but no bonds issued under the authority of this section shall mature more than thirty (30) years from the date of the issuance thereof and none of the bonds shall be sold for less than par and accrued interest. All bonds shall be sold in the manner now provided by law for the sale of bonds without any restrictions, limitations, requirements or conditions applicable to the borrowing of such money and the issuance of such bonds which are not herein contained. The denomination, form, place of payment and other details of such bonds may be determined by resolution or order of the board of supervisors of a county or the governing authorities of a municipality, and shall be executed on behalf of the county or municipality as is now provided by law.

(3) Before issuing any bonds under the provisions of this section, the board of supervisors of the county or the governing authorities of the municipi-

pality shall, by resolution spread upon the minutes, declare its intention to issue such bonds for the purposes authorized by this section and shall state in the resolution the amount of bonds proposed to be issued and shall likewise fix in the resolution the date upon which the board of supervisors of the county or the governing authorities of the municipality proposes to direct the issuance of the bonds. Notice of such intention shall be published once a week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the county or the municipality, with the first publication of the notice to be made not less than twenty-one (21) days prior to the date fixed in the resolution for the issuance of the bonds and the last publication to be made not more than seven (7) days prior to such date. If, on or before the date specified in the resolution, twenty percent (20%) or fifteen hundred (1500), whichever is less, of the qualified electors of the county or municipality shall file a written protest against the issuance of the bonds, then an election upon the issuance of the bonds shall be called, and held, as provided in this section. If no such protest shall be filed, then the board of supervisors of the county or the governing authorities of the municipality may issue such bonds without an election on the question of the issuance of the bonds at any time within a period of two (2) years after the date specified in the resolution.

(4) If an election is called under the provisions of this section on the question of the issuance of bonds, the election shall be held, insofar as practicable, in the same manner as other elections are held in the county or municipality. At the election, all qualified electors of the county or municipality may vote and the ballots used in the election shall have printed thereon a brief statement of the amount and purposes of the proposed bond issue and the words "FOR THE BOND ISSUE" and the words "AGAINST THE BOND ISSUE," and the voters shall vote by placing a cross (X) or check mark (✓) opposite their choice on the proposition.

(5) When the results of any election provided for in this section shall have been canvassed by the election commissioners of the county or municipality and certified by them to the proper authorities, it shall be the duty of the board of supervisors of the county or the governing authorities of the municipality to determine and adjudicate whether or not a majority of the qualified electors who voted in the election voted in favor of the issuance of the bonds and unless a majority of the qualified electors who voted in the election voted in favor of the issuance of the bonds, then the bonds shall not be issued. Should a majority of the qualified electors who vote in the election vote in favor of the bonds, the board of supervisors of the county or the governing authorities of the municipality may issue the bonds, either in whole or in part, within two (2) years from the date of such election, or within two (2) years after final favorable determination of any litigation affecting the issuance of such bonds at such time or times, and in such amount or amounts, not exceeding that specified in the notice of the election, as shall be deemed proper.

(6) This section, without reference to any other statute, shall be deemed to be full and complete authority for the issuance of bonds and borrowing of money as authorized in this section by counties or municipalities, and shall be

construed as an additional and alternate method therefor. The bonds authorized by this section shall not constitute an indebtedness within the meaning of any constitutional or statutory limitation or restriction.

§ 65-43-9. Toll Road Revenue Bond Fund.

(1)(a) A special fund, to be designated as the “Toll Road Revenue Bond Fund,” is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(b) Monies deposited into the fund shall be disbursed, in the discretion of the Mississippi Transportation Commission, to pay the costs incurred in defraying the expenses of projects authorized pursuant to Sections 65-43-1 and 65-43-3.

(2) Amounts deposited into such special fund shall be disbursed to pay the expenses described in subsection (1) of this section. If any monies in the special fund are not used within six (6) years after the date the proceeds of the bonds authorized under Sections 65-43-9 through 65-43-39 are deposited into such fund, then the Mississippi Transportation Commission shall provide an accounting of such unused monies to the State Bond Commission. Promptly after the State Bond Commission has certified, by resolution duly adopted, that the projects for which the revenue bonds have been issued shall have been completed, abandoned or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under Sections 65-43-9 through 65-43-39, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the State Bond Commission.

§ 65-43-11. Special bond sinking fund.

For the purpose of providing for the payment of the principal of and interest upon bonds issued under the provisions of Sections 65-43-9 through

65-43-39, there is created a special bond sinking fund in the State Treasury. The special bond sinking fund shall consist of the monies required to be deposited into the fund under Section 65-43-3 and such other amounts as the Legislature may direct to be paid into the fund by appropriation or other authorization by the Legislature. Unexpended amounts remaining in the special bond sinking fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the special bond sinking fund shall be deposited into such sinking fund.

§ 65-43-13. Bonds; resolution for issuance; disposition of bond sale proceeds and investment earnings generally.

(1) The State Bond Commission, at one time or from time to time, may declare by resolution the necessity for issuance of revenue bonds of the State of Mississippi for the purpose of providing funds to defray the expenses of projects authorized pursuant to Sections 65-43-1 and 65-43-3. Upon the adoption of a resolution by the Mississippi Transportation Commission, declaring the necessity for the issuance of the revenue bonds authorized by this section, the Mississippi Transportation Commission shall deliver a certified copy of its resolution or resolutions to the State Bond Commission. Upon receipt of such resolution, the State Bond Commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, advertise for and accept bids, issue and sell, at public or private sale, the bonds so authorized to be sold and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. Revenue bonds issued under this section shall be in such principal amounts as the Mississippi Transportation Commission may determine to be necessary to provide sufficient funds to defray the expenses of projects authorized pursuant to Sections 65-43-1 and 65-43-3.

(2) Any investment earnings on amounts deposited into the special fund created in Section 65-43-9 shall be used to pay debt service on bonds issued under Sections 65-43-9 through 65-43-39, in accordance with the proceedings authorizing issuance of such bonds.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation cor-

rected a typographical error in the section's subsection designators. The subsection number "(1)" was added at the beginning of the first paragraph. The Joint Committee ratified the correction at its August 5, 2008, meeting.

Editor's Notes — On July 18, 2007, the United States Attorney General interposed no objection under Section 5 of the Voting Rights Act of 1965 to the addition of this section by Laws of 2007, ch. 582.

§ 65-43-15. Bonds; payment of principal and interest; details.

The principal of and interest on the bonds authorized under Sections 65-43-9 through 65-43-39 shall be payable in the manner provided in this section. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-103, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed thirty (30) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the State Bond Commission.

§ 65-43-17. Bonds; execution.

The bonds authorized by Sections 65-43-9 through 65-43-39 shall be signed by the Chairman of the State Bond Commission, or by his facsimile signature, and the official seal of the State Bond Commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

§ 65-43-21. Bonds; issuance and sale; redemption.

The State Bond Commission shall act as the issuing agent for the bonds authorized under Sections 65-43-9 through 65-43-39, prescribe the form of the bonds, advertise for and accept bids, issue and sell, at public or private sale, the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The State Bond Commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under Sections 65-43-9 through 65-43-39 from the proceeds derived from the sale of such bonds. The State Bond Commission shall sell such bonds on sealed bids at public or private sale, and for such price as it may determine to be for the best interest of the State of Mississippi, but no such sale shall be made at a price less than par plus accrued interest to the date of delivery of the bonds to the purchaser. All interest accruing on such bonds so issued shall be payable semiannually or annually; however, the first interest payment may be for any period of not more than one (1) year.

Notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, and in one or more other newspapers or financial journals with a national circulation, to be selected by the State Bond Commission.

The State Bond Commission, when issuing any bonds under the authority of Sections 65-43-9 through 65-43-39, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

§ 65-43-23. Bonds; nature; source of payment of principal and interest; applicability of debt limitation.

Bonds issued under the authority of Sections 65-43-9 through 65-43-39 shall be revenue bonds of the state, the principal of and interest on which shall be payable solely from the revenue from projects authorized under Section 65-43-1 or 65-43-3. The bonds shall never constitute an indebtedness of the state within the meaning of any state constitutional provision or statutory limitation, and shall never constitute or give rise to a pecuniary liability of the state, or a charge against its general credit or taxing powers, and such fact shall be plainly stated on the face of each such bond. The bonds shall not be considered when computing any limitation of indebtedness of the state. All bonds issued under the authority of Sections 65-43-9 through 65-43-39 and all interest coupons applicable thereto shall be construed to be negotiable instruments, despite the fact that they are payable solely from a specified source.

§ 65-43-71. Definitions.

The following words and phrases shall have the meanings ascribed herein unless the context clearly indicates otherwise, as used in Sections 65-43-71 through 65-43-85 and Section 65-43-6:

(a) "Toll facility operator" means any private company contracting with a governmental entity to collect tolls or fees for the use of any toll road or toll bridge as authorized under Section 65-43-3;

(b) "Processing agency" means a governmental entity, or a toll facility operator designated by any governmental entity, responsible for the processing of the notices of toll evasions and notices of delinquent toll evasions and penalties. A processing agency may include a public agency or private vendor with which any governmental entity contracts for the processing of notices of toll evasions and notices of delinquent toll evasions;

(c) "Toll facility" means any road or bridge for which tolls or fees are charged for the use thereof.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 5, eff from and after passage (approved June 2, 2008).

§ 65-43-73. Use of toll facility without payment of tolls prohibited; notice of toll evasion violation; contents of notice; timing of notice.

(1) A person may not use any toll facility without payment of tolls, except as specifically provided by statute, ordinance, regulation or rule of a governing entity.

(2) If a vehicle is found by automated devices, visual observation, or otherwise to have evaded tolls on any toll facility, the processing agency shall, within thirty (30) days of the violation, forward to the registered owner of the vehicle involved in the violation, by certified mail, return receipt requested, or by personal delivery, a notice of toll evasion violation setting forth the violation, including reference to the statute, ordinance, regulation or rule violated, the approximate time and location of the violation and the amount of the toll owed by the violator. Included with the notice of toll evasion violation shall be an affidavit of nonliability that complies with the requirements of Section 65-43-81. In the case of joint ownership of a motor vehicle, the notice must be mailed to the first name appearing on the registration, unless the first name is a business organization, in which case the second name appearing on the registration may be used. Mailing the notice to the address provided for notice or personal delivery constitutes legal notification to the violator. If accurate information concerning the identity and address of the registered owner of the vehicle is not available to the processing agency within thirty (30) days of the violation, the processing agency shall have an additional forty-five (45) calendar days to obtain such information and forward the notice of toll evasion violation. If after ninety (90) calendar days of the violation the processing agency has not obtained accurate information concerning the identity and address of the registered owner of the vehicle, the processing agency may publish the notice of the toll evasion for two (2) weeks in a newspaper having general circulation in the county of the registered owner's last known residence. This publication shall constitute legal notification to the violator. The notice of toll evasion violation shall also set forth the following:

(a) The vehicle license plate number;

(b) If practicable, the registration expiration date and the make of the vehicle;

(c) A clear and concise explanation of the procedures for contesting the violation and appealing an adverse decision.

(3) A violation of subsection (1) of this section is an infraction subject to a penalty established pursuant to Section 65-43-75. The collection of civil penalties shall be governed by the civil administrative procedures set forth in Section 65-43-77.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 6, eff from and after passage (approved June 2, 2008).

§ 65-43-75. Written notice of toll evasion penalty to accompany notice of toll evasion violation; penalties.

(1) The notice of toll evasion violation shall be accompanied by a written notice of the toll evasion penalty due for that violation, the address of the person authorized to receive payment of the toll evasion penalty, an affidavit of nonliability and a statement that payment of the toll evasion penalty for the toll evasion violation may be sent through the mail.

(2) The schedule of toll evasion penalties for toll evasion violations shall be established by the governmental entity having jurisdiction over the toll road, but shall not exceed the amount of the unpaid toll plus One Hundred Dollars (\$100.00) per violation.

(3) Toll evasion penalties under this section may be collected as civil penalties.

(4) If the amount of the unpaid toll, along with any applicable toll evasion penalty, is received by the person authorized to receive the deposit of these fees and there is no contest as to that toll evasion violation pursuant to Sections 65-43-71 through 65-43-83, the proceedings shall terminate.

(5) The amount of the unpaid toll, and any applicable penalties, shall be retained by or remitted to the governmental entity having jurisdiction over the toll road.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 7, eff from and after passage (approved June 2, 2008).

§ 65-43-77. Establishment of system of civil administrative adjudication; administrative fees and charges.

The governmental entity shall establish a system of civil administrative adjudication to adjudicate the contest of any alleged instances of a vehicle's operation on a toll facility without the required toll having been paid, such system shall include a schedule of administrative fees and charges due in addition to the unpaid toll and/or penalty.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 8, eff from and after passage (approved June 2, 2008).

§ 65-43-79. Appeal from decision of adjudicative process.

(1) Any person aggrieved by a final decision of the adjudicative process set forth in Section 65-43-77, may appeal such decision within ten (10) days from the date of the postmark appearing on the notice of final decision mailed to the contestant. The appeal shall be initiated by the filing of a written notice of appeal accompanied by a bill of exceptions which shall embody the facts, order and decision of the adjudicative body and which shall be signed by the party

executing the final decision appealed from. The contestant shall file the notice of appeal and bill of exceptions in the circuit court of the county in which the alleged violation took place and the court shall hear and determine the same on the case as presented by the bill of exceptions as an appellate court and shall affirm or reverse the final decision. A copy of that notice and bill of exceptions must be provided to all parties or their attorneys of record and the lower authority whose order or judgment is being appealed. A certificate of service must accompany the written notice of appeal. If the decision be reversed, the circuit court shall render such order or judgment and certify same to that body; and the costs shall be awarded as in other cases. The contents of the adjudicative body's official file in the case, including a copy of the notice of toll evasion violation, shall be made a part of the record on appeal and shall constitute prima facie evidence of the facts stated therein. A copy of the written notice of appeal shall be served by the contestant by certified mail, return receipt requested, upon the adjudicative body by service upon the party executing the final decision.

(2) If no written notice of appeal of the final decision is filed within the period set forth in subsection (1) of this section, the decision shall be deemed final.

(3) If the toll evasion penalty, along with the amount of the unpaid toll, have not been paid and the decision resulting from the judicial review of the final decision is adverse to the contestant, the processing agency may, promptly after the decision becomes final, proceed to collect the penalty.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 9, eff from and after passage (approved June 2, 2008).

§ 65-43-81. Final notice of toll evasion; delivery; contents of notice; consequence of failure to pay toll evasion penalty.

(1) If the payment of the amount of the unpaid toll, and any applicable toll evasion penalty, is not received by the person authorized to receive payment of these fees by the time and date fixed for appearance on the notice of toll evasion violation, the processing agency shall deliver to the registered owner a final notice of toll evasion violation.

(2) Delivery of a final notice of toll evasion violation under this section shall be made by certified mail, return receipt requested, addressed to the registered owner, or by personal delivery. If delivery by certified mail or personal delivery is refused by the registered owner, then the processing agency may publish the notice of delinquent toll evasion for two (2) weeks in a newspaper having a general circulation in the county of the registered owner's last known residence.

(3) The final notice of toll evasion violation shall contain the information specified in Section 65-43-73, and shall also contain a notice to the registered owner that he must either:

(a) Pay the amount of the unpaid toll, and any applicable penalty, or

(b) Provide proof of payment of the unpaid toll, and any applicable penalty or an affidavit of nonliability.

(4) If the registered owner fails to pay the toll evasion penalty, as required, the registered owner shall be deemed responsible for the violation and the amount of the unpaid toll and any administrative fees or charges which shall be due to the governmental entity by the registered owner.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 10, eff from and after passage (approved June 2, 2008).

§ 65-43-83. Effect of return of affidavit of nonliability.

(1) If the affidavit of nonliability is returned to the governmental entity within thirty (30) days of the mailing of the notice of toll evasion violation, together with the proof of a written rental agreement or lease between a bona fide renting or leasing company and its customer which identifies the rentee or lessee and provides the driver's license number, name, and address of the rentee or lessee, the processing agency shall mail, by certified mail, return receipt requested, to the rentee or lessee identified in the affidavit of nonliability a final notice of toll evasion violation.

(2) If the affidavit of nonliability is returned with evidence that the registered owner served has made a bona fide sale or transfer of the vehicle and has delivered possession thereof to the purchaser prior to the date of the alleged violation, the processing agency shall cancel the notice of toll evasion violation with respect to that registered owner and the processing agency shall mail, by certified mail, return receipt requested, to the purchaser identified in the affidavit of nonliability a final notice of toll evasion violation. If payment is not received within fifteen (15) days of the mailing of the final notice of toll evasion violation, the processing agency may proceed against the purchaser identified pursuant to Section 65-43-73.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 11, eff from and after passage (approved June 2, 2008).

§ 65-43-85. Contracts with collection agencies to collect unpaid toll evasion penalties, fees and charges authorized.

The processing agency may contract with a collection agency to collect unpaid toll evasion penalties, fees and charges.

HISTORY: Laws, 2008, 1st Ex Sess, ch. 44, § 12, eff from and after passage (approved June 2, 2008).

JUDICIAL DECISIONS

1. In general.

Since the Native Wine Act (§§ 67-5-1 et seq.) consists of laws relating specifically to one form of alcoholic beverage, it is, as such, special legislation which will prevail

over the general statutes dealing with alcohol that are contained in Chapter 1 of Title 67 (67-1-1 et seq). *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

OPINIONS OF THE ATTORNEY GENERAL

The general rule is that municipalities may not regulate activity that has been preempted by state law and regulation. Regulation of the manufacture, sale, distribution, possession and transportation of intoxicating liquor is preempted by state law. Likewise, designation of qualified resort areas is a matter preempted by state law. *Diaz*, Oct. 23, 1991, A.G. Op. #91-0681.

The regulation of sales of alcoholic bev-

erages containing 5% or more of alcohol, or intoxicating liquor, is an area wholly within the authority of the State Tax Commission; there is no authority for a municipality to adopt an ordinance that would further regulate the sale of intoxicating liquors by extending the hours during which the sale of such beverages by certain permitted retailers may be lawfully made. *Tyner*, March 5, 1999, A.G. Op. #99-0074.

§ 67-1-3. Prohibition reannounced as law of State; exception as to possession of alcoholic beverages.

The policy of this state is reannounced in favor of prohibition of the manufacture, sale, distribution, and transportation of alcoholic beverages; and the provisions against such manufacture, sale, distribution, and transportation of alcoholic beverages, as contained in Chapter 31 of Title 97, Mississippi Code of 1972 and elsewhere, are hereby redeclared the law of this state. The purpose and intent of this chapter is to vigorously enforce the prohibition laws throughout the state, except in those counties and municipalities voting themselves out from under the prohibition law in accordance with the provisions of this chapter, and, in those counties and municipalities, to require strict regulation and supervision of the manufacture, sale, distribution, and transportation of intoxicating liquor under a system of state licensing of manufacturers, wholesalers and retailers, which licenses shall be subject to revocation for violations of this chapter. However, from and after January 1, 2021, prohibition is renounced as to the possession of alcoholic beverages. It shall thereafter be lawful to possess alcoholic beverages throughout the state, unless otherwise prohibited in this chapter. Nothing herein shall be construed to make lawful the possession of alcoholic beverages with the intent to sell except as authorized under this chapter.

All laws and parts of laws in conflict with this chapter are repealed only to the extent of such conflict; however, except as is provided in this chapter, all laws prohibiting the manufacture, sale, and distribution of alcoholic beverages, which are not in conflict with this chapter shall remain in full force and effect, and all such laws shall remain in full force and effect in counties and municipalities wherein the manufacture, sale, and distribution of alcoholic beverages has not been authorized as a result of an election held under Section 67-1-11 or Section 67-1-14, Mississippi Code of 1972, or as otherwise provided in this chapter.

HISTORY: Codes, 1942, §§ 10265-01, 10265-36; Laws, 1966, §§ 1, 36; Laws, 1990, ch. 569, § 2, eff from and after passage (approved April 9, 1990); Laws, 2020, ch. 423, § 1, eff from and after July 1, 2020.

Amendment Notes — The 2020 amendment, in the first paragraph, deleted “possession” preceding “and transportation” three times in the first two sentences, substituted “alcoholic beverages” for “intoxicating liquor” twice in the first sentence, and added the last three sentences; and in the last paragraph, inserted “and” preceding “distribution” and deleted “and possession” thereafter.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

It is apparent from the enumerated powers, functions, duties, and responsibilities reposed in and imposed upon the state tax commission in widely separated parts of the Local Option Alcoholic Beverage Control Law, that it was the intent of the legislature to grant the commission wide latitude and discretion in considering and acting upon applications for permits to operate retail liquor stores. *Mississippi State Tax Com. v. Package Store,*

Inc., 208 So. 2d 46, 1968 Miss. LEXIS 1392 (Miss. 1968).

Subsection 3 of Code 1942, § 7545-71 under which all laws and ordinances of a city were made applicable to a noncontiguous municipal airport was repealed by implication by this section to the extent that it conflicted with the provisions of the Local Option Beverage Control Law, so although the city was located in a county where the sale of alcoholic beverages was legal this did not authorize the sale of such beverages at the municipal airport which was located in a "dry" county. *Jackson Municipal Airport Authority v. Shivers*, 206 So. 2d 190, 1968 Miss. LEXIS 1553 (Miss. 1968).

§ 67-1-5. Definitions.

For the purposes of this chapter and unless otherwise required by the context:

(a) "Alcoholic beverage" means any alcoholic liquid, including wines of more than five percent (5%) of alcohol by weight, capable of being consumed as a beverage by a human being, but shall not include light wine, light spirit product and beer, as defined in Section 67-3-3, Mississippi Code of 1972, but shall include native wines and native spirits. The words "alcoholic beverage" shall not include ethyl alcohol manufactured or distilled solely for fuel purposes or beer of an alcoholic content of more than eight percent (8%) by weight if the beer is legally manufactured in this state for sale in another state.

(b) "Alcohol" means the product of distillation of any fermented liquid,

whatever the origin thereof, and includes synthetic ethyl alcohol, but does not include denatured alcohol or wood alcohol.

(c) "Distilled spirits" means any beverage containing more than six percent (6%) of alcohol by weight produced by distillation of fermented grain, starch, molasses or sugar, including dilutions and mixtures of these beverages.

(d) "Wine" or "vinous liquor" means any product obtained from the alcoholic fermentation of the juice of sound, ripe grapes, fruits, honey or berries and made in accordance with the revenue laws of the United States.

(e) "Person" means and includes any individual, partnership, corporation, association or other legal entity whatsoever.

(f) "Manufacturer" means any person engaged in manufacturing, distilling, rectifying, blending or bottling any alcoholic beverage.

(g) "Wholesaler" means any person, other than a manufacturer, engaged in distributing or selling any alcoholic beverage at wholesale for delivery within or without this state when such sale is for the purpose of resale by the purchaser.

(h) "Retailer" means any person who sells, distributes, or offers for sale or distribution, any alcoholic beverage for use or consumption by the purchaser and not for resale.

(i) "State Tax Commission," "commission" or "department" means the Department of Revenue of the State of Mississippi, which shall create a division in its organization to be known as the Alcoholic Beverage Control Division. Any reference to the commission or the department hereafter means the powers and duties of the Department of Revenue with reference to supervision of the Alcoholic Beverage Control Division.

(j) "Division" means the Alcoholic Beverage Control Division of the Department of Revenue.

(k) "Municipality" means any incorporated city or town of this state.

(l) "Hotel" means an establishment within a municipality, or within a qualified resort area approved as such by the department, where, in consideration of payment, food and lodging are habitually furnished to travelers and wherein are located at least twenty (20) adequately furnished and completely separate sleeping rooms with adequate facilities that persons usually apply for and receive as overnight accommodations. Hotels in towns or cities of more than twenty-five thousand (25,000) population are similarly defined except that they must have fifty (50) or more sleeping rooms. Any such establishment described in this paragraph with less than fifty (50) beds shall operate one or more regular dining rooms designed to be constantly frequented by customers each day. When used in this chapter, the word "hotel" shall also be construed to include any establishment that meets the definition of "bed and breakfast inn" as provided in this section.

(m) "Restaurant" means:

(i) A place which is regularly and in a bona fide manner used and kept open for the serving of meals to guests for compensation, which has suitable seating facilities for guests, and which has suitable kitchen

facilities connected therewith for cooking an assortment of foods and meals commonly ordered at various hours of the day; the service of such food as sandwiches and salads only shall not be deemed in compliance with this requirement. Except as otherwise provided in this paragraph, no place shall qualify as a restaurant under this chapter unless twenty-five percent (25%) or more of the revenue derived from such place shall be from the preparation, cooking and serving of meals and not from the sale of beverages, or unless the value of food given to and consumed by customers is equal to twenty-five percent (25%) or more of total revenue; or

(ii) Any privately owned business located in a building in a historic district where the district is listed in the National Register of Historic Places, where the building has a total occupancy rating of not less than one thousand (1,000) and where the business regularly utilizes ten thousand (10,000) square feet or more in the building for live entertainment, including not only the stage, lobby or area where the audience sits and/or stands, but also any other portion of the building necessary for the operation of the business, including any kitchen area, bar area, storage area and office space, but excluding any area for parking. In addition to the other requirements of this subparagraph, the business must also serve food to guests for compensation within the building and derive the majority of its revenue from event-related fees, including, but not limited to, admission fees or ticket sales to live entertainment in the building, and from the rental of all or part of the facilities of the business in the building to another party for a specific event or function.

(n) "Club" means an association or a corporation:

(i) Organized or created under the laws of this state for a period of five (5) years prior to July 1, 1966;

(ii) Organized not primarily for pecuniary profit but for the promotion of some common object other than the sale or consumption of alcoholic beverages;

(iii) Maintained by its members through the payment of annual dues;

(iv) Owning, hiring or leasing a building or space in a building of such extent and character as may be suitable and adequate for the reasonable and comfortable use and accommodation of its members and their guests;

(v) The affairs and management of which are conducted by a board of directors, board of governors, executive committee, or similar governing body chosen by the members at a regular meeting held at some periodic interval; and

(vi) No member, officer, agent or employee of which is paid, or directly or indirectly receives, in the form of a salary or other compensation any profit from the distribution or sale of alcoholic beverages to the club or to members or guests of the club beyond such salary or compensation as may be fixed and voted at a proper meeting by the board of directors or other governing body out of the general revenues of the club.

The department may, in its discretion, waive the five-year provision of this paragraph. In order to qualify under this paragraph, a club must file

with the department, at the time of its application for a license under this chapter, two (2) copies of a list of the names and residences of its members and similarly file, within ten (10) days after the election of any additional member, his name and address. Each club applying for a license shall also file with the department at the time of the application a copy of its articles of association, charter of incorporation, bylaws or other instruments governing the business and affairs thereof.

(o) "Qualified resort area" means any area or locality outside of the limits of incorporated municipalities in this state commonly known and accepted as a place which regularly and customarily attracts tourists, vacationists and other transients because of its historical, scenic or recreational facilities or attractions, or because of other attributes which regularly and customarily appeal to and attract tourists, vacationists and other transients in substantial numbers; however, no area or locality shall so qualify as a resort area until it has been duly and properly approved as such by the department. The department may not approve an area as a qualified resort area after July 1, 2018, if any portion of such proposed area is located within two (2) miles of a convent or monastery that is located in a county traversed by Interstate 55 and U.S. Highway 98. A convent or monastery may waive such distance restrictions in favor of allowing approval by the department of an area as a qualified resort area. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the convent or monastery having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

(i) The department may approve an area or locality outside of the limits of an incorporated municipality that is in the process of being developed as a qualified resort area if such area or locality, when developed, can reasonably be expected to meet the requisites of the definition of the term "qualified resort area." In such a case, the status of qualified resort area shall not take effect until completion of the development.

(ii) The term includes any state park which is declared a resort area by the department; however, such declaration may only be initiated in a written request for resort area status made to the department by the Executive Director of the Department of Wildlife, Fisheries and Parks, and no permit for the sale of any alcoholic beverage, as defined in this chapter, except an on-premises retailer's permit, shall be issued for a hotel, restaurant or bed and breakfast inn in such park.

(iii) The term includes:

1. The clubhouses associated with the state park golf courses at the Lefleur's Bluff State Park, the John Kyle State Park, the Percy Quin State Park and the Hugh White State Park;

2. The clubhouse and associated golf course, tennis courts and related facilities and swimming pool and related facilities where the golf course, tennis courts and related facilities and swimming pool and

related facilities are adjacent to one or more planned residential developments and the golf course and all such developments collectively include at least seven hundred fifty (750) acres and at least four hundred (400) residential units;

3. Any facility located on property that is a game reserve with restricted access that consists of at least three thousand (3,000) contiguous acres with no public roads and that offers as a service hunts for a fee to overnight guests of the facility;

4. Any facility located on federal property surrounding a lake and designated as a recreational area by the United States Army Corps of Engineers that consists of at least one thousand five hundred (1,500) acres;

5. Any facility that is located in a municipality that is bordered by the Pearl River, traversed by Mississippi Highway 25, adjacent to the boundaries of the Jackson International Airport and is located in a county which has voted against coming out from under the dry law; however, any such facility may only be located in areas designated by the governing authorities of such municipality;

6. Any municipality with a population in excess of ten thousand (10,000) according to the latest federal decennial census that is located in a county that is bordered by the Pearl River and is not traversed by Interstate Highway 20, with a population in excess of forty-five thousand (45,000) according to the latest federal decennial census; however, the governing authorities of such a municipality may by ordinance:

a. Specify the hours of operation of facilities that offer alcoholic beverages for sale;

Joint Legislative Committee Note — Section 126 of ch. 492, Laws of 2009, effective July 1, 2010 (approved on April 6, 2009), amended this section. Section 1 of ch. 465, Laws of 2009, effective July 1, 2009 (approved March 30, 2009) and Section 1 of ch. 558, Laws of 2009, effective from and after May 26, 2009, also amended this section. As set out above, this section reflects the language of all of the above amendments pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision, and Publication authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication ratified the integration of these amendments as consistent with the legislative intent at the July 13, 2009, meeting of the Committee.

Section 2 of Chapter 323, Laws of 2012, effective July 1, 2012 (approved April 5, 2012), Section 1 of Chapter 428, Laws of 2012, effective from and after passage (approved April 18, 2012), and Section 7 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30, 2012), amended this section. As set out above, this section reflects the language of all three amendments, pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee

on Compilation, Revision and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the August 16, 2012, meeting of the Committee.

Section 1 of Chapter 383, Laws of 2018, effective from and after July 1, 2018 (approved March 19, 2018), amended this section. Section 1 of Chapter 438, Laws of 2018, effective from and after July 1, 2018 (approved April 12, 2018), also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 438, Laws of 2018, which contains language that specifically provides that it supersedes § 67-1-5 as amended by Section 1 of Chapter 383, Laws of 2018.

Section 37 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 6 of Chapter 429, Laws of 2020, effective from and after July 1, 2020 (approved July 1, 2020), and Section 1 of Chapter 458, Laws of 2020, effective from and after July 1, 2020 (approved July 8, 2020), also amended the section. Amendments by Section 37 of Chapter 314, Laws of 2020, were superseded by Section 6 of Chapter 429, Laws of 2020. Amendments by Section 6 of Chapter 429, Laws of 2020, and Section 1 of Chapter 458, Laws of 2020, do not conform and do not meet the Joint Committee on Compilation, Revision, and Publication of Legislation's criteria for integration. As set out above, this section reflects the language of Section 1 of Chapter 458, Laws of 2020, pursuant to Section 1-3-79, which provides that whenever the same section of law is amended by different bills during the same legislative session, and the effective date is the same, the amendment with the latest approval date supersedes all other amendments to the same section approved on an earlier date and time.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error in an internal statutory reference in paragraph (o)(iii)8.b by substituting "with respect to B and C of item 8.a" for "with respect to B and C of this item 8." The Joint Committee ratified the correction at its October 19, 2020, meeting.

Section 7 of Chapter 388, Laws of 2021, effective from and after July 1, 2021 (approved March 22, 2021), amended this section. Section 1 of Chapter 449, effective from and after July 1, 2021 (approved at 11:31 a.m. on April 16, 2021), and Section 14 of Chapter 450, effective from and after July 1, 2021 (approved at 11:32 a.m. on April 16, 2021) also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 449, Laws of 2021, which contains language that specifically provides that it supersedes § 67-1-5 as amended by Chapters 388 and 450, Laws of 2021.

Editor's Notes — Laws of 2009, ch. 492, § 144 provides:

"SECTION 144. Nothing in this act shall affect or defeat any assessment, refund claim, request for waiver of a tax penalty, the suspension, revocation, surrender, seizure or denial of permit, tag or title, the suspension, revocation or denial of a permit, approved manager status, qualified resort area or forfeiture under the Local Option Alcoholic Beverage Control Law, Section 67-1-1 et seq., the administrative appeal or judicial appeal of any of the foregoing acts or any other action taken by the Mississippi State Tax Commission or by the Chairman of the Mississippi State Tax Commission prior to the effective date of this act. Ins. Co., 830 F.2d 588, 1987 U.S. App. LEXIS 14063 (5th Cir. Miss. 1987).

Policy of liability insurance covering convenience store, which policy excluded coverage for bodily injury for which insured may be held liable by reason of

selling, serving or giving of any alcoholic beverage to minor, excludes coverage for bodily injury by reason of selling, serving or giving of "beer", even though definition of alcoholic beverage under state law excludes beer, as common and ordinary meaning of beer is beverage containing alcohol; liability policy which excluded coverage for bodily injury for which store was liable by reason of selling of alcoholic beverage to minor did not cover bodily injuries sustained in accident caused by underaged motorist's intoxication from drinking beer which he bought at store, despite statute which excluded beer from definition of alcoholic beverages. *Wilson ex rel. Wilson v. United States Fidelity & Guaranty Ins. Co.*, 659 F. Supp. 553, 1987 U.S. Dist. LEXIS 13856 (S.D. Miss.), *aff'd*, 830 F.2d 588, 1987 U.S. App. LEXIS 14063 (5th Cir. Miss. 1987).

Inasmuch as Code 1942, § 10625-05 excludes from the definition of "alcoholic beverage" beer and wine of not more than 4 percent of alcohol by weight, the authority conferred upon agents of the alcoholic beverage commission under Code 1942, §§ 10265-11 and 10265-17 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234, 1968 Miss. LEXIS 1338 (Miss. 1968), overruled, *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982).

§ 67-1-7. General applicability of chapter.

(1) Except as otherwise provided in Section 67-9-1 for the transportation and possession of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, and subject to all of the provisions and restrictions contained in this chapter, the manufacture, sale, distribution, and

transportation of alcoholic beverages shall be lawful, subject to the restrictions hereinafter imposed, in those counties and municipalities of this state in which, at a local option election called and held for that purpose under the provisions of this chapter, a majority of the qualified electors voting in such election shall vote in favor thereof.

Beginning on April 16, 2021, except as otherwise provided in Section 67-1-51 for holders of a caterer's permit, the manufacture, sale and distribution of alcoholic beverages shall not be permissible or lawful in counties except in (a) incorporated municipalities located within such counties, (b) qualified resort areas within such counties approved as such by the department, or (c) clubs within such counties, whether within a municipality or not. However, any permits issued by the department between July 1, 2020, and April 15, 2021, for the manufacture, sale and distribution of alcoholic beverages, whether or not issued to permittees in such municipalities, qualified resort areas or clubs, shall be eligible for renewal on or after April 16, 2021.

The manufacture, sale, distribution and possession of native wines or native spirits shall be lawful in any location within any such county except those locations where the manufacture, sale or distribution is prohibited by law other than this section or by regulations of the department.

(2) Notwithstanding the foregoing, within any state park or any state park facility that has been declared a qualified resort area by the department, and within any qualified resort area as defined under Section 67-1-5(o)(iii), an on-premises retailer's permit may be issued for the qualified resort area, and the permittee may lawfully sell alcoholic beverages for consumption on his licensed premises regardless of whether or not the county or municipality in which the qualified resort area is located has voted in favor of coming out from under the dry law, and it shall be lawful to receive, store, sell, possess and consume alcoholic beverages on the licensed premises, and to sell, distribute and transport alcoholic beverages to the licensed premises. Moreover, the governing authorities of a municipality in which a qualified resort area defined under Section 67-1-5(o)(iii)5, 7 or 21 is located, the Pearl River Valley Water Supply District Board which governs the qualified resort area defined under Section 67-1-5(o)(iii)8.a.A, and the board of supervisors of the county in which the qualified resort area defined under Section 67-1-5(o)(iii)8.a.B and C is located, may, by ordinance or resolution, provide that package retailer's permits may be issued in the applicable qualified resort area, and that it shall be lawful to receive, store, sell, possess and distribute alcoholic beverages in accordance with such package retailer's permits.

Joint Legislative Committee Note — Section 2 of Chapter 423, Laws of 2020, effective from and after July 1, 2020 (approved June 30, 2020), amended this section. Section 2 of Chapter 458, Laws of 2020, effective from and after July 1, 2020 (approved July 8, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected errors in internal statutory references in the last sentence of (2) by substituting “Section 67-1-5(o)(iii)8.a.A” for “Section 67-1-5(o)(iii)8(a)” and “Section 67-1-5(o)(iii)8.a.B and C” for “Section 67-1-5(o)(iii)(b) and (c).” The Joint Committee ratified the corrections at its October 19, 2020, meeting.

Section 8 of Chapter 388, Laws of 2021, effective July 1, 2021 (approved March 22, 2021), amended this section. Section 1 of Chapter 456, Laws of 2021, effective from and after passage (approved April 16, 2021), also amended this section. As set out above, this section reflects the language of both amendments pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the August 20, 2021, meeting of the Committee.

Editor’s Notes — On May 26, 2009, the United States Attorney General interposed no objection under Section 5 of the Voting Rights Act of 1965 to the amendment of this section by Laws of 2009, ch. 558.

Amendment Notes — The first 2020 amendment (ch. 423), in (1), deleted “possession” preceding “and transportation” in the first sentence, deleted the former second sentence, which read: “Except as otherwise provided in Section 67-1-51 for holders of a caterer’s permit, the manufacture, sale and distribution of alcoholic beverages shall not be permissible or lawful in counties except in (a) incorporated municipalities located within such counties, (b) qualified resort areas within such counties approved as such by the State Tax Commission, or (c) clubs within such counties, whether within a municipality or not,” and substituted “department” for “commission” in the last sentence.

The second 2020 amendment (ch. 458), in (2), added the last sentence; and substituted “department” for “commission” both times it appeared.

The first 2021 amendment (ch. 388), in the second sentence of (1), inserted “or native spirits.”

The second 2021 amendment (ch. 456), effective April 16, 2021, in (1), divided the former paragraph into the present first and third paragraphs, and added the second paragraph.

JUDICIAL DECISIONS

1. In general.

Ordinance prohibiting commercial establishments from allowing consumption of alcoholic beverages between midnight and 7:00 a.m., which defined "consumption" to include possession in open containers as well as ingestion, was not preempted by statute expressly permitting possession of alcoholic beverages in "wet" municipalities absent clear expression of legislative intent to permit consumption, as opposed to mere possession, without limitation in wet areas, given broad grant of authority to municipalities to regulate impact of alcoholic beverages upon public health, morals, and safety and public policy favoring prevention of alcohol-related altercations and motor vehicle accidents, as limiting possession of opened containers was reasonable and necessary to enforce limitations on consumption. *Maynard v. City of Tupelo*, 691 So. 2d 385, 1997 Miss. LEXIS 94 (Miss. 1997).

In counties where the general prohibition laws have been suspended through legalization of the sale of alcoholic liquors by an election held under the local option alcoholic beverage control law, in order to charge an unlawful sale the indictment or affidavit must charge that the local option law is in effect in that county, and sufficient facts to show a violation of one of the

provisions of the local option law. *Wortham v. State*, 219 So. 2d 923, 1969 Miss. LEXIS 1435 (Miss. 1969).

In a county in which the general prohibition laws had been suspended, it was error to permit the amendment of an indictment charging a violation of those laws so as to charge the commission of an offense prohibited under the local option beverage control law. *Wortham v. State*, 219 So. 2d 923, 1969 Miss. LEXIS 1435 (Miss. 1969).

An indictment which charges an unlawful sale of intoxicating liquor in violation of the general prohibition laws fails to charge an indictable offense where the act occurred in a county where those laws had been suspended by an election held under the local option alcoholic beverage control law. *Wortham v. State*, 219 So. 2d 923, 1969 Miss. LEXIS 1435 (Miss. 1969).

The state tax commission not only has the authority as a legislative administrative agency to hold a hearing upon the application of a county board of supervisors to determine "resort areas" but it was the commission's duty to hold a public hearing upon the application; and a failure to conduct a hearing which is required by statute would have been unlawful, arbitrary, and capricious. *Graves v. Rhoden*, 218 So. 2d 424, 1969 Miss. LEXIS 1598 (Miss. 1969).

§ 67-1-9. Alcoholic beverages prohibited except as authorized in this chapter; penalties.

(1) It shall be unlawful for any person to manufacture, distill, brew, sell, import into this state, export from the state, transport, distribute, warehouse, store, solicit, take order for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except as authorized in this chapter. However, nothing contained herein shall prevent importers, wineries and distillers of alcoholic beverages from storing such alcoholic beverages in private bonded warehouses located within the State of Mississippi for the ultimate use and benefit of the Department of Revenue as provided in Section 67-1-41. The department is hereby authorized to promulgate rules and regulations for the establishment of such private bonded warehouses and for the control of alcoholic beverages stored in such warehouses. Additionally, nothing herein contained shall prevent any duly licensed practicing physician or dentist from possessing or using alcoholic liquor in the strict practice of his profession, or prevent any hospital or other institution caring for sick and diseased persons, from possessing and using alcoholic liquor for the treatment of bona fide patients of such hospital or other institution. Any drugstore employing a licensed pharmacist may possess and use alcoholic liquors in the combination of prescriptions of duly licensed physicians. The possession and dispensation of wine by an authorized representative of any church for the purpose of conducting any bona fide rite or religious ceremony conducted by such church shall not be prohibited by this chapter.

(2) Any person, upon conviction of any provision of this section, shall be punished as follows:

(a) By a fine of not less than One Hundred Dollars (\$100.00), nor more than Five Hundred Dollars (\$500.00), or by imprisonment in the county jail not less than one (1) week nor more than three (3) months, or both, for the first conviction under this section.

(b) By a fine of not less than One Hundred Dollars (\$100.00) nor more than Five Thousand Dollars (\$5,000.00) or by imprisonment in the county jail not less than sixty (60) days, nor more than six (6) months, or both fine and imprisonment, for the second conviction for violating this section.

(c) By a fine of not less than One Hundred Dollars (\$100.00) nor more than Five Thousand Dollars (\$5,000.00) or by imprisonment in the State Penitentiary not less than one (1) year, nor more than five (5) years, or both fine and imprisonment, for conviction the third time under this section for the violation thereof after having been twice convicted of its violation.

(3) Nothing in this section shall make it unlawful to transport bottles or containers of alcoholic beverages that are legally purchased in this state if the bottles or containers are unopened and are being transported on state or federal highway.

§ 67-1-11. Local option election to render chapter effective in county.

(1) Notwithstanding any provision of this chapter, the legalizing provisions of this chapter, except as authorized under Section 67-9-1 and Section 67-1-7(2), shall not be effective, applicable or operative in any county unless and until a local option election shall be called and held in such county in the manner and with the results hereinafter provided.

(2) Upon presentation and filing of a proper petition requesting same signed by at least twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the qualified electors of the county, it shall be the duty of the board of supervisors to call an election at which there shall be submitted to the qualified electors of the county the question of whether or not the sale and distribution of alcoholic beverages shall be permitted in such county as provided in this chapter. Such election shall be held and conducted by the county election commissioners on a date fixed by the order of the board of supervisors, which date shall not be more than sixty (60) days from the date of the filing of said petition. Notice thereof shall be given by publishing such notice once each week for at least three (3) consecutive weeks in some newspaper published in said county or, if no newspaper be published therein, by such publication in a newspaper in an adjoining county and having a general circulation in the county involved. The election shall be held not earlier than fifteen (15) days from the first publication of such notice.

(3) Said election shall be held and conducted as far as may be possible in the same manner as is provided by law for the holding of general elections. The ballots used thereat shall contain a brief statement of the proposition submitted and, on separate lines, the words "I vote FOR coming out from under the dry law in _____ County ()" "I vote AGAINST coming out from under the dry law in _____ County ()" with appropriate boxes in which the voters may express their choice. All qualified electors may vote by marking the ballot with a cross (x) or check (✓) mark opposite the words of their choice.

(4) The election commissioners shall canvass and determine the results of said election, and shall certify same to the board of supervisors which shall adopt and spread upon its minutes an order declaring such results. If, in such election, a majority of the qualified electors participating therein shall vote in favor of the proposition, this chapter shall become applicable and operative in such county and the manufacture, sale and distribution of alcoholic beverages therein shall be lawful to the extent and in the manner permitted hereby. If, on the other hand, a majority of the qualified electors participating in the election

shall vote against the proposition, this chapter, except for Section 67-9-1 and 67-1-7(2), shall not become effective and operative in such county and, except as otherwise provided under Section 67-9-1 and 67-1-7(2), all laws prohibiting and regulating the manufacture, sale and distribution of alcoholic beverages shall remain in full force and effect and be administered and vigorously prosecuted therein. In either case, no further election shall be held in said county under the provisions of this chapter for a period of two (2) years from the date of the prior election and then only upon the filing of a petition requesting same signed by at least twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the qualified electors of the county as is otherwise provided herein.

§ 67-1-13. Local option election to render chapter ineffective in county.

(1) When this chapter has been made effective and operative in any county as a result of an election called and held as provided in Section 67-1-11, the same may be made ineffective and inapplicable therein by an election called and held upon a petition filed with the board of supervisors requesting same signed by at least twenty percent (20%) or fifteen hundred (1500), whichever number is the lesser, of the qualified electors of the county as is otherwise provided in Section 67-1-11, all of the provisions of which shall be fully applicable thereto. However, nothing herein shall authorize or permit the calling and holding of any election under this chapter in any county more often than once every two (2) years. If in such election, a majority of the qualified electors participating therein shall vote against the legalized sale of intoxicating liquor, then the prohibition laws of the State of Mississippi, except as otherwise provided under Sections 67-9-1 and 67-1-7(2), shall become applicable in said county.

(2) Notwithstanding an election reinstating the prohibition laws in a political subdivision, the holder of a native wine or native spirit producer's permit or a native wine or native spirit retailer's permit is allowed to continue to operate under such permits and to renew such permits. Possession of native wines or native spirits and personal property related to the activities of the native wine permit or native spirit permit holder which would otherwise be unlawful under prohibition shall be allowed subject to regulations of the Alcoholic Beverage Control Division.

§ 67-1-14. Local option election to render chapter ineffective in certain municipalities.

(1) The legalizing provisions of this chapter may be effective, applicable and operative in any municipality located in a county which has voted against coming out from under the dry law if a local option election shall be called and held in such municipality in the manner and with the results hereinafter provided.

(2)(a) Any municipality in this state having a population of not less than five thousand (5,000) according to the latest federal census and which is located in a county which has voted against coming out from under the dry law, or any municipality that is a county seat and which is located in a county which has voted against coming out from under the dry law, may, at an election held for the purpose under the election laws applicable to such municipality, either prohibit or permit, except as otherwise provided under Section 67-9-1, the sale of alcoholic beverages. An election to determine whether such sale shall be permitted in municipalities wherein its sale is prohibited by law shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality asking for such election. In like manner, an election to determine whether such sale shall be prohibited in municipalities wherein its sale is permitted by law shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality asking for such election. No election on either question shall be held by any one (1) municipality more often than once in two (2) years.

Thirty (30) days' notice shall be given to the qualified electors of such municipality, in the manner prescribed by law, upon the question of either permitting or prohibiting such sale, such notice to contain a statement of the question to be voted on at the election. The ballots to be used in the election shall have the following words printed thereon: "For the legal sale of alcoholic beverages" and the words "Against the legal sale of alcoholic beverages" next below. In marking his ballot the voter shall make a cross (X) opposite the words of his choice.

If in the election a majority of the qualified electors voting in the election shall vote "for the legal sale of alcoholic beverages," then the municipal governing authorities shall pass the necessary order permitting the legal sale of such alcoholic beverages in such municipality. If in the election a

majority of the qualified electors voting in the election shall vote “against the legal sale of alcoholic beverages,” then the municipal governing authorities shall pass the necessary order prohibiting the sale of alcoholic beverages in such municipality.

(b) The provisions of this subsection shall also apply to any municipality having a population of not less than six thousand (6,000) according to the latest federal census, a portion of which is located in a county which has voted against coming out from under the dry law and a portion of which is located in a county which has voted in favor of coming out from under the dry law. For the purpose of determining whether or not such a municipality meets the threshold population of six thousand (6,000) which will qualify the municipality to hold an election under this subsection, the entire population of the municipality shall be considered; however, the petition to hold the election authorized in this subsection shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality who reside in that portion of the municipality located in a county which has voted against coming out from under the dry law and the election shall be held only in that portion of the municipality. In all other respects, the authority for the holding of elections and the manner in which such elections shall be conducted shall be as prescribed in paragraph (a) of this subsection; and, after proper certification of election results, the municipal governing authorities shall pass the appropriate order to permit or prohibit the legal sale of alcoholic beverages in that portion of the municipality located in a county which has voted against coming out from under the dry law.

(3) The governing authorities of a municipality that has voted to come out from under the dry law after August 23, 2012, may, by ordinance, provide that alcoholic beverages may be sold in the municipality only by the holder of an on-premises retailer’s permit.

JUDICIAL DECISIONS

1. In general.

For purpose of determining whether city's population was sufficiently large to allow city to hold election on whether it could legalize use, possession, and sale of alcohol within city, federal census conducted ten years before election was the

controlling census, rather than census that had just been conducted; results from census that had just been conducted were merely preliminary figures and had not yet been made final. *Kelly v. City of Aberdeen*, 680 So. 2d 208, 1996 Miss. LEXIS 487 (Miss. 1996).

§ 67-1-16. Election on question of whether qualified resort to be allowed in municipality; designation of municipality as qualified resort area; county election on question of whether area should be qualified resort area.

(1)(a) Before an area may be designated by the governing authorities of a

municipality as an area in which facilities which are defined as qualified resort areas in Section 67-1-5(o)(iii)5 may be located, an election shall be held, under the election laws applicable to the municipality, on the question of whether qualified resort areas shall be allowed in the municipality. An election to determine whether qualified resort areas shall be allowed in the municipality shall be ordered by the municipal governing authorities, upon presentation to the governing authorities of a petition containing the names of at least twenty percent (20%) of the duly qualified voters of the municipality asking for the election. An election on the question may not be held by the municipality more often than once each year.

(b) Thirty (30) days' notice shall be given to the qualified electors of the municipality, in the manner prescribed by law, on the question of allowing qualified resort areas to be established. The notice shall contain a statement of the question to be voted on at the election. The ballots used in the election shall have the following words printed thereon: "FOR THE ESTABLISHMENT OF QUALIFIED RESORT AREAS," and next below, "AGAINST THE ESTABLISHMENT OF QUALIFIED RESORT AREAS." In marking his ballot, the voter shall make a cross (X) opposite the words of his choice.

(c) Qualified resort areas may be established if a majority of the qualified electors voting in the election vote for such establishment. A qualified resort area may not be established if a majority of the qualified electors voting in the election vote against such establishment.

(2)(a) Before a municipality may be designated as a qualified resort area as defined in Section 67-1-5(o)(iii)6, an election shall be held, under the election laws applicable to the municipality, on the question of whether the municipality shall be a qualified resort area. An election to determine whether the municipality shall be a qualified resort area shall be ordered by the municipal governing authorities, upon presentation to the governing authorities of a petition containing the names of at least twenty percent (20%) of the duly qualified voters of the municipality asking for the election. An election on the question may not be held by the municipality more often than once each year.

(b) Thirty (30) days' notice shall be given to the qualified electors of the municipality, in the manner prescribed by law, on the question of allowing qualified resort areas to be established. Amendment Notes — The 2020 amendment added (5).

The 2021 amendment deleted former (4), which required that an election be held before a certain area in Rankin County, as defined by § 67-1-5, could be designated a qualified resort area; and redesignated former (5) as (4).

§ 67-1-17. Unlawful possession of alcoholic beverages; seizure and sale.

(1) It shall be unlawful for any person to have or possess either alcoholic beverages or personal property intended for use in violating the provisions of this chapter, or regulations prescribed under this chapter, or Chapter 31 of Title 97, Mississippi Code of 1972. No property rights shall exist in any such personal property or alcoholic beverages. All such personal property and alcoholic beverages shall be considered contraband and shall be seized and forfeited to the state of Mississippi.

(2) The following are subject to forfeiture:

(a) All alcoholic beverages which have been manufactured, distilled, distributed, dispensed or acquired in violation of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972;

(b) All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing or exporting any alcoholic beverage in violation of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972;

(c) All property which is used, or intended for use, as a container for property described in items (a) or (b) of this subsection;

(d) All conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt, possession or concealment, of property described in item (a) of this subsection which is in excess of six (6) gallons or of property described in item (b) of this subsection; however,

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission proved by the owner thereof to have been committed or omitted without his knowledge or consent; if the confiscating authority has reason to believe that the conveyance is a leased or rented conveyance, then the confiscating authority shall notify the owner of the conveyance within five (5) days of the confiscation; and

(iii) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission;

(e) All money, deadly weapons, books, records and research products and materials, including formulas, microfilm, tapes and data which are used, or intended for use, in violation of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972.

(3) Property subject to forfeiture may be seized by the alcoholic beverage control division and its agents, local law enforcement officers, Mississippi Highway Patrol officers and other law enforcement personnel charged by Section 67-1-91, with enforcing the provisions of this chapter upon process issued by any appropriate court having jurisdiction over the property. Seizure without process may be made if:

(a) The Seizure is incident to an arrest or a search under a search warrant or an administrative inspection under Section 67-1-37(k);

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter or Chapter 31 of Article 97, Mississippi Code of 1972; or

(c) The alcoholic beverage control division of the state tax commission and other law enforcement personnel described in this subsection have probable cause to believe that the property was used or is intended to be used in violation of this chapter or Chapter 31 of Article 97, Mississippi Code of 1972.

(4) Alcoholic beverages and raw materials seized or detained under the authority of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, is deemed to be in the custody of the agent or agency so seizing the property and subject only to the orders and decrees of the court having jurisdiction over the property. When such property is seized it may be retained as evidence until final disposition of the cause in which such property is involved, and then the agent or agency so seizing the property shall physically transfer such alcoholic beverage or raw material to the director of the alcoholic beverage control division of the state tax commission together with an appropriate inventory of the items seized. Alcoholic beverages and raw materials seized or detained under the authority of this section shall be disposed of in accordance with the provisions of Section 67-1-18.

(5) Any property other than alcoholic beverages and raw materials seized or detained pursuant to this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, shall be deemed to be in the custody of the agent or agency so seizing the property and subject only to the orders and decrees of the court having jurisdiction over the property. When such property is seized it may be retained as evidence until the final disposition of the cause in which such property is involved. Property seized or detained other than alcoholic beverages or raw materials shall be disposed of in accordance with the provisions of Sections 67-1-93, 67-1-95 and 67-1-97.

HISTORY: Codes, 1942, § 10265-07; Laws, 1966, ch. 540, § 7; Laws, 1971, ch. 347, § 1; Laws, 1984, ch. 424, § 1, eff from and after passage (approved April 23, 1984).

JUDICIAL DECISIONS

1. In general.

Sections 67-1-17, 67-1-93, 67-1-95 and 67-1-97, which govern the seizure and disposal of personal property which is in violation of the prohibition law, do not provide for the return of the property prior to a hearing on the forfeiture proceeding. Thus, a defendant was not entitled to the return of her seized car pending the outcome of the forfeiture hearing where the defendant admitted that the intoxicating liquors being transported in her automobile belonged to her, and that she was in the vehicle and was participating in the actual transportation of the contraband. *Mississippi State Tax Com. v. One (1) 1984 Black Mercury Grand Marquis*, 568 So. 2d 707, 1990 Miss. LEXIS 564 (Miss. 1990).

Forfeiture applies when the prohibition law is violated using a vehicle for concealing or transporting of liquor in excess of 6 gallons; the burden is upon the State to prove that the forfeiture comes within the statute imposing liability by a preponder-

ance of the evidence. Thus, an automobile which was used by the defendant to transport more than 6 gallons of intoxicating liquor into a "dry" county, was subject to forfeiture following the defendant's conviction for unlawful possession of intoxicating liquor in violation of § 97-31-27. *Mississippi State Tax Com. v. One (1) 1984 Black Mercury Grand Marquis*, 568 So. 2d 707, 1990 Miss. LEXIS 564 (Miss. 1990).

Section 67-1-17, providing for the seizure of unlawful alcoholic beverages, violates federal due process requirements by failing to provide for reasonable notice to the owner of a seized vehicle prior to its forfeiture. However, notice to the owner of a seized vehicle advising him of the pendency of a subsequent forfeiture proceeding, provided by § 99-27-11, and the owner's opportunity to interpose a claim to the seized property prior to its forfeiture, provided by § 99-27-13, satisfy due process notice and hearing requirements. *Holladay v. Roberts*, 425 F. Supp. 61, 1977 U.S. Dist. LEXIS 18048 (N.D. Miss. 1977).

§ 67-1-18. Disposal of seized property by Department of Revenue.

(1) Any alcoholic beverage, light wine, beer, light spirit product or raw material seized under the authority of this chapter, Chapter 3 of Title 67, or Chapter 31 of Title 97, Mississippi Code of 1972, shall be submitted to the custody of the Mississippi Department of Revenue for disposition.

(2)(a) Except as otherwise provided in this paragraph, the department shall not dispose of any alcoholic beverage, light wine, beer, light spirit product or raw material without first providing reasonable notice to all individuals having an interest in the property and an opportunity for them to appear and establish their right or claim to the property. If no hearing is requested by the passage of the appropriate deadline, the department shall require the alcoholic beverages, light wine, beer, light spirit products or raw materials to be sold for the benefit of the state or destroyed.

(b) The provisions of paragraph (a) of this subsection shall not apply in cases in which the owner or possessor of the alcoholic beverage, light wine, beer, light spirit product or raw material is convicted of selling or possessing alcoholic beverages, beer, light spirit products, light wine or raw materials in a manner or location prohibited by law, or convicted of a violation of Section 67-1-81(2) or 67-3-70. In such cases, the alcoholic beverage, light wine, beer, light spirit product or raw materials seized in connection with the violation may be disposed of in the manner prescribed by the department.

(3)(a) If the department orders the property, other than alcoholic beverages, sold, then the property shall be sold to the highest bidder, the bidder being any person, firm or government agency. The offer for sale shall be made to not less than three (3) qualified prospective buyers, by mailing them an invitation to bid, which shall describe the property, terms of sale, method of delivery, manner of bidding and fixing a time of not more than fifteen (15) days from the date of invitation for opening of bids received by the department.

(b) All bids and payment shall be made in the manner as prescribed by the department. Bids, after opening, shall be subject to public inspection.

(4) If the department orders the sale of seized alcoholic beverages, it may place the alcoholic beverages in the state inventory to be sold to authorized retailers in the same manner as other alcoholic beverages in the state inventory are sold.

(5) Any appeal from a seizure and disposal made under this section shall be made pursuant to Section 67-1-72.

Joint Legislative Committee Note — Section 38 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 1 of Chapter 322, Laws of 2020, effective from and after July 1, 2020 (approved

June 22, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, inserted "light spirit product" and "light spirit products" everywhere they appear.

The second 2020 amendment (ch. 322), in (2)(b), substituted "convicted of selling or possessing alcoholic beverages, beer, light wine or raw materials in a manner or location prohibited by law" for "convicted of possession of alcoholic beverages, beer or light wine in a location in which such possession is prohibited by law."

Commissioner of revenue of the department of revenue, see §§ 27-3-3, 27-3-4.

§ 67-1-25. Qualifications of personnel.

No person shall be appointed director, agent or inspector for the commission under this chapter who is not a citizen of the United States. No director, agent, inspector or other employee shall be appointed under this chapter who has been convicted of any violation of any federal or state law concerning the manufacture, sale or possession of alcoholic liquor prior or subsequent to July 1, 1966, or who has paid a fine or penalty in settlement of any prosecution against him for any violation of such laws or shall have forfeited his bond to appear in court to answer charges for any such violation, nor shall any person be so appointed who has been convicted of a felony in any state or federal court. No person appointed or employed by the commission under this chapter may, directly or indirectly, individually or as a member of a partnership or limited liability company, or as a shareholder of a corporation, have any interest whatsoever in the manufacture, sale or distribution of alcoholic liquor, or receive any compensation or profit therefrom, or have any interest whatsoever in the purchases or sales made by the persons authorized by this chapter to purchase or to sell alcoholic liquor.

This section shall not prevent any person appointed or employed by the commission from purchasing and keeping in his possession for the use of himself or members of his family or guests any alcoholic liquor which may be purchased or kept by any other person by virtue of this chapter.

§ 67-1-27. Bonds of personnel.

Before entering into the duties of his office, the director, and such other agents, inspectors and employees appointed under the provisions of this chapter as the commission shall designate, shall give surety bond, with some company authorized to do business in the State of Mississippi and approved by the State Insurance Commissioner, appearing thereon as surety, in a sum of not less than five thousand dollars, conditioned upon the faithful performance of their duties. The premiums for such bonds shall be paid out of funds appropriated for the support of the commission.

HISTORY: Codes, 1942, § 10265-14; Laws, 1966, ch. 540, § 14, eff from and after July 1, 1966.

§ 67-1-29. Compensation of personnel.

The director, secretary, agents, inspectors, clerks and employees of the commission appointed under this chapter shall receive such reasonable compensation as may be fixed by the commission. The director and all agents, inspectors, clerks, and other employees shall be reimbursed for all actual and necessary traveling and other expenses and disbursements incurred or made by them in the discharge of their official duties. Such compensation and expenses shall be paid from funds appropriated for the support of the commission.

HISTORY: Codes, 1942, § 10265-15; Laws, 1966, ch. 540, § 15, eff from and after July 1, 1966.

§ 67-1-31. Law enforcement authority of agents and inspectors; liability of members of commission for acts or omissions of agents or inspectors.

The department shall issue to all agents and inspectors appointed under this chapter a written certificate of appointment under the seal of said department, of which judicial notice shall be taken by all courts of this state. Such agents and inspectors are hereby declared to be police officers in enforcing the provisions of this chapter, and in the performance of their duties such employees shall have the authority to bear arms, to make arrests, to make searches and seizures under this chapter, and to serve any protest, notice or order connected with the enforcement of this chapter by whatever officer or authority of court issued. The members of the department shall not be personally liable to any person on account of any act, neglect or omission of any such agent or inspector.

The powers and duties of the agents and inspectors shall include, in addition to all others prescribed by law the following powers: to arrest, without warrant, any person committing or attempting to commit a misdemeanor, felony or a breach of the peace within his presence or view, and to pursue and so arrest any person committing such an offense to and at any place in the

state where the person may go or be; and to aid and assist any law enforcement officer, if requested.

JUDICIAL DECISIONS

1. In general.

An agent of the alcoholic beverage control division did not have authority to serve a search warrant issued for the purpose of making a search for illegal gambling equipment, since such agents have no police powers other than those expressly granted by the provisions of the local option alcoholic beverage control law. *Presley v. State*, 229 So. 2d 830, 1969 Miss. LEXIS 1259 (Miss. 1969).

Inasmuch as Code 1942, § 10265-05 excludes from the definition of “alcoholic beverage” beer and wine of not more than 4 percent of alcohol by weight the author-

ity conferred upon agents of the alcoholic beverage commission under this section and Code 1942, § 10265-17 does not authorize and empower them to check a retailer’s beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234, 1968 Miss. LEXIS 1338 (Miss. 1968), overruled, *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982).

OPINIONS OF THE ATTORNEY GENERAL

The law enforcement authority of the agents and inspectors of the Alcoholic Beverage Control Division of the State Tax Commission is limited to the authority set forth in Section 67-1-31, which

includes the authority to aid and assist any law enforcement officer, if requested. *Carter*, December 13, 1996, A.G. Op. #96-0852.

§ 67-1-33. Gratuities and gifts to members of the Board of Tax Appeals, Commissioner of Revenue of Department of Revenue or Department of Revenue and employees prohibited.

(1) No member of the Board of Tax Appeals, Commissioner of Revenue of the Department of Revenue, or person appointed or employed by the department under this chapter shall solicit, accept or receive any gift, gratuity, emolument or employment from any person subject to the provisions of this chapter, or from any officer, agent or employee thereof.

(2) No member of the Board of Tax Appeals, the Commissioner of Revenue of the Department of Revenue, or person appointed or employed by the department under this chapter shall solicit, request from or recommend, directly or indirectly, to any person subject to the provisions of this chapter, or to any officer, agent or employee thereof, the appointment of any person to any place or position.

(3) Every person subject to the provisions of this chapter, and every officer, agent or employee thereof, is hereby forbidden to offer to any member of the Board of Tax Appeals, to the Commissioner of Revenue or to any person appointed or employed by the department under this chapter any gift, gratuity, emolument or employment.

(4) If any member of the Board of Tax Appeals, the Commissioner of Revenue or any person appointed or employed by the department under this chapter shall violate any of the provisions of this section, he shall be removed from the office or employment held by him.

(5) Every person violating the provisions of this section shall be guilty of a misdemeanor.

(6) For purposes of this provision, the terms "gift," "gratuity," "emolument" and "employment" do not include the payment of expenses associated with social occasions afforded public servants or any other benefit that does not come within the definition of "pecuniary benefit" as defined in Section 25-4-103.

§ 67-1-37. Powers and duties of Department of Revenue with respect to Alcoholic Beverage Control Division.

The Department of Revenue, under its duties and powers with respect to the Alcoholic Beverage Control Division therein, shall have the following powers, functions and duties:

(a) To issue or refuse to issue any permit provided for by this chapter, or to extend the permit or remit in whole or any part of the permit monies when the permit cannot be used due to a natural disaster or act of God.

(b) To revoke, suspend or cancel, for violation of or noncompliance with the provisions of this chapter, or the law governing the production and sale of native wines or native spirits, or any lawful rules and regulations of the department issued hereunder, or for other sufficient cause, any permit issued by it under the provisions of this chapter. The department shall also be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or Section 93-11-163, as the case may be, shall control.

(c) To prescribe forms of permits and applications for permits and of all reports which it deems necessary in administering this chapter.

(d) To fix standards, not in conflict with those prescribed by any law of this state or of the United States, to secure the use of proper ingredients and methods of manufacture of alcoholic beverages.

(e) To issue rules regulating the advertising of alcoholic beverages in the state in any class of media and permitting advertising of the retail price of alcoholic beverages.

(f) To issue reasonable rules and regulations, not inconsistent with the federal laws or regulations, requiring informative labeling of all alcoholic beverages offered for sale within this state and providing for the standards of fill and shapes of retail containers of alcoholic beverages; however, such containers shall not contain less than fifty (50) milliliters by liquid measure.

(g) Subject to the provisions of subsection (3) of Section 67-1-51, to issue rules and regulations governing the issuance of retail permits for premises located near or around schools, colleges, universities, churches and other public institutions, and specifying the distances therefrom within which no such permit shall be issued. The Alcoholic Beverage Control Division shall not issue a package retailer's or on-premises retailer's permit for the sale or consumption of alcoholic beverages in or on the campus of any public school, community or junior college, college or university.

(h) To adopt and promulgate, repeal and amend, such rules, regulations, standards, requirements and orders, not inconsistent with this chapter or any law of this state or of the United States, as it deems necessary to control the manufacture, importation, transportation, distribution, delivery and sale of alcoholic liquor, whether intended for beverage or nonbeverage use in a manner not inconsistent with the provisions of this chapter or any other statute, including the native wine and native spirit laws.

(i) To call upon other administrative departments of the state, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it may deem necessary in the performance of its duties.

(j) To prepare and submit to the Governor during the month of January of each year a detailed report of its official acts during the preceding fiscal year ending June 30, including such recommendations as it may see fit to make, and to transmit a like report to each member of the Legislature of this state upon the convening thereof at its next regular session.

(k) To inspect, or cause to be inspected, any premises where alcoholic liquors intended for sale are manufactured, stored, distributed or sold, and to examine or cause to be examined all books and records pertaining to the business conducted therein.

(l) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him to the Legislature of this state such amendments to this chapter, if any, as it may think desirable.

(m) To designate hours and days when alcoholic beverages may be sold in different localities in the state which permit such sale.

(n) To assign employees to posts of duty at locations where they will be most beneficial for the control of alcoholic beverages and to take any other action concerning persons employed under this chapter as authorized by law and taken in accordance with the rules, regulations and procedures of the State Personnel Board.

(o) To enforce the provisions made unlawful by Chapter 3, Title 67 and Section 97-5-49.

(p) To delegate its authority under this chapter to the Alcoholic Beverage Control Division, its director or any other officer or employee of the department that it deems appropriate.

(q) To prescribe and charge a fee to defray the costs of shipping alcoholic beverages, provided that such fee is determined in a manner provided by the

department by rules and/or regulations adopted in accordance with the Mississippi Administrative Procedures Law.

Joint Legislative Committee Note — Section 1 of Chapter 428, Laws of 2020, effective from and after July 1, 2020 (approved July 1, 2020), amended this section. Section 3 of Chapter 458, Laws of 2020, effective from and after July 1, 2020 (approved July 8, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Section 10 of Chapter 388, Laws of 2021, effective from and after July 1, 2021 (approved March 22, 2021), amended this section. Section 3 of Chapter 442, effective from and after July 1, 2021 (approved April 14, 2021), also amended this section. As set out above, this section reflects the language of Section 3 of Chapter 442, Laws of 2021, which contains language that specifically provides that it supersedes § 67-1-37 as amended by Chapter 388, Laws of 2021.

Editor's Notes — For provisions of this section in effect from and after July 1, 1988, until January 1, 1989, see Laws of 1988, ch. 562, § 1.

Laws of 1998, ch. 520, § 5, provides as follows:

“SECTION 5. Section 5, Chapter 558, Laws of 1997, which repeals, effective July 1, 1998, Sections 67-1-37, 67-3-31, 67-3-37 and 67-3-75, Mississippi Code of 1972, is repealed.”

Laws of 2009, ch. 492, § 144 provides:

“SECTION 144. Nothing in this act shall affect or defeat any assessment, refund claim, request for waiver of a tax penalty, the suspension, revocation, surrender, seizure or denial of permit, tag or title, the suspension, revocation or denial of a permit, approved manager status, qualified resort area or forfeiture under the Local Option Alcoholic Beverage Control Law, Section 67-1-1 et seq., the administrative appeal or judicial appeal of any of the foregoing acts or any other action taken by the Mississippi State Tax Commission or by the Chairman of the Mississippi State Tax Commission prior to the effective date of this act. The provisions of the laws relating to the administrative appeal or judicial review of such actions which were in effect prior to the effective date of this act are expressly continued in full force, effect and operation for the purpose of providing an administrative appeal and/or judicial review, where previously provided, of such actions, except to the extent that any matter is pending on an administrative appeal before the three (3) member Mississippi State Tax Commission on the effective date will after the effective date of this act be heard and decided by the Board of Tax Appeals as the successor of the Mississippi State Tax Commission in regard to administrative appeals.”

Laws of 2021, ch. 442, § 8, provides:

“SECTION 8. If any section, paragraph, sentence, clause, phrase or any part of this act is declared by a court of competent jurisdiction to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect.”

Amendment Notes — The first 2020 amendment (ch. 428) added (1)(q).

The second 2020 amendment (ch. 458), deleted former (2), which read: “No alcoholic beverage shall be sold or consumed at any public athletic event at any public school, community or junior college, college or university.”

The first 2021 amendment (ch. 388) inserted references to “native spirit” in (b) and (h).

The second 2021 amendment (ch.442), in (b), inserted “or native spirits” in the first sentence; and in (h), inserted “delivery” and “and native spirit.”

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Due process.

1. In general.

Sufficient-cause language within subsection (b) was an express grant of power that did not grant to the State Tax Commission arbitrary and capricious discretion; the commission was given authority to revoke, suspend or cancel a permit for noncompliance or other sufficient cause, and there was sufficient cause to find the business to have disregarded the authority and power of the Alcohol Beverage Control division. *D. J. Koenig & Assocs. v. Miss. State Tax Comm’n*, 838 So. 2d 246, 2003 Miss. LEXIS 61 (Miss. 2003).

Business was given due process consisting of notice and an opportunity to be heard; the statute was discussed in the first hearing, and this put the owner on notice that it was at issue in the second

hearing. *D. J. Koenig & Assocs. v. Miss. State Tax Comm’n*, 838 So. 2d 246, 2003 Miss. LEXIS 61 (Miss. 2003).

Chancery Court jurisdiction in case under local option alcoholic beverage control law (§§ 67-1-1 et seq.) is appellate only; Chancery Court has no original authority to initially hear and determine merits of case under law and may not issue order quashing subpoena duces tecum issued by Alcoholic Beverage Control Division. *Mississippi State Tax Com. v. Elks Lodge # 553*, 471 So. 2d 1225, 1985 Miss. LEXIS 2125 (Miss. 1985).

A chancery court order, removing the disabilities of a 19-year-old woman and empowering her to engage “in any profession or avocation which she could do if she were 21 years of age”, as decreed pursuant to Code 1972 § 93-19-9, would take precedence over an Alcoholic Beverage Control Division regulation prohibiting the employment of persons under age 21 from the handling of alcoholic beverages, since

the regulatory authority vested in the Division by Code 1972 § 67-1-37(h) requires that such regulations not be inconsistent with other laws of the state. *Mississippi State Tax Com. v. Reynolds*, 351 So. 2d 326, 1977 Miss. LEXIS 1927 (Miss. 1977).

Although this section, gives the state tax commission authority to designate hours when alcoholic beverages may be sold indifferent localities in the state which permit such sale, and the state tax commission did in fact approve the sale of alcoholic beverages in a certain municipality by hotels, restaurants, and clubs between the hours of 9 o'clock a.m. and 2 o'clock a.m. on all days except Sundays and election days, the allegation in a restaurant owners' bill of complaint alleging that the sheriff of the county had publicly stated that he would repeatedly arrest the complainant if he continued to sell alcoholic beverages between midnight and 2 a.m. was not sufficient to show that complainant's property rights were in danger of repeated arrest and prosecution by the sheriff, and was insufficient to support an injunction. *Watkins v. Navarrette*, 227 So. 2d 853, 1969 Miss. LEXIS 1375 (Miss. 1969).

The state tax commission not only has the authority as a legislative administrative agency to hold a hearing upon the application of a county board of supervi-

sors to determine "resort areas" but it was the commission's duty to hold a public hearing upon the application; and a failure to conduct a hearing which is required by statute would have been unlawful, arbitrary, and capricious. *Graves v. Rhoden*, 218 So. 2d 424, 1969 Miss. LEXIS 1598 (Miss. 1969).

Inasmuch as Code 1942, § 10265-05 excludes from the definition of "alcoholic beverage" beer and wine of not more than 4 percent of alcohol by weight, the authority conferred upon agents of the alcoholic beverage commission under this section and Code 1942, § 10265-11 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234, 1968 Miss. LEXIS 1338 (Miss. 1968), overruled, *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982).

2. Due process.

Due process was afforded the business owner pursuant to the statute via notice and an opportunity to be heard. *D. J. Koenig & Assocs. v. Miss. State Tax Comm'n*, 838 So. 2d 246, 2003 Miss. LEXIS 61 (Miss. 2003).

§ 67-1-39. Appeals from Board of Tax Appeals orders.

Any appeal from an order of the Board of Tax Appeals regarding an action taken under this chapter shall be filed without supersedeas to the Chancery Court of the First Judicial District of Hinds County, Mississippi, if the appellant is the department, or to the county of the domicile of any other appellant. Any such appeal shall be based on the record made before the Board

of Tax Appeals and shall be filed within thirty (30) days from the date of the order being appealed. There may be an appeal therefrom to the Supreme Court as in other cases provided, but it shall be without supersedeas on the order of the Board of Tax Appeals to them made and finally determined either by the chancery court or the Supreme Court. Actions taken by the department in suspending a permit when required by Section 93-11-157 or 93-11-163 are not actions resulting in an order from which an appeal may be taken under this section. Any appeal of a permit suspension that is required by Section 93-11-157 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section.

§ 67-1-41. Department of Revenue as a wholesale distributor and seller of alcoholic beverages; exception to department's exclusive right to sell at wholesale; shipment of wine purchased from winery by individual resident to in-state package retailer; payment of associated taxes, fees, surcharges; procedure.

(1) The department is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the right to import and sell alcoholic beverages at wholesale within the state, and no person who is granted the right to sell, distribute or receive alcoholic beverages at retail shall purchase any alcoholic beverages from any source other than the department except as authorized in subsections (4), (9) and (12) of this section. The department may establish warehouses, purchase alcoholic beverages in such quantities and from such sources as it may deem desirable and sell the alcoholic beverages to authorized permittees within the state including, at the discretion of the department, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this chapter.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this chapter, or as otherwise provided by law for native wines or native spirits.

(3) No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this chapter, or as otherwise provided by law for native wines or native spirits.

(4) The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(5) The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.

(7) The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine or native spirit retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.

(11) **[Through June 30, 2023]** This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) **[From and after July 1, 2023]** This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

(12)(a) An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30) days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in

which the railroad company, express company, common or contract carrier making the report resides or does business.

Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion.

(d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations.

(e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense.

(13) If any provision of this chapter, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this chapter upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.

Joint Legislative Committee Note — Section 4 of ch. 529, Laws of 2006, effective from and after passage (approved April 3, 2006), amended this section. Section 3 of ch. 352, Laws of 2006, effective July 1, 2006, (approved March 13, 2006), also amended this section. As set out above, this section reflects the language of both amendments pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision and Publication of legislation ratified the integration of these amendments as consistent with the legislative intent at the May 31, 2006, meeting of the Committee.

Section 1 of Chapter 422, Laws of 2020, effective from and after January 1, 2021 (approved June 30, 2020), amended this section. Section 4 of Chapter 429, Laws of 2020, effective from and after July 1, 2020 (approved July 1, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Section 11 of Chapter 388, Laws of 2021, effective from and after July 1, 2021 (approved March 22, 2021), amended this section. Section 2 of Chapter 454, effective from and after July 1, 2021 (approved April 16, 2021), also amended this section. As set out above, this section reflects the language of Section 2 of Chapter 454, Laws of 2021, which contains language that specifically provides that it supersedes § 67-1-41 as amended by Chapter 388, Laws of 2021.

Editor's Notes — Laws of 2018, ch. 453, § 5, provides:

"SECTION 5. Sections 1 and 3 of this act shall take effect and be in force from and after the passage of this act [April 13, 2018] and the remainder of this act shall take effect and be in force from and after July 1, 2018."

At the direction of the co-counsel for the Joint Legislative Committee on Compilation, Revision and Publication of Legislation, subsections (11) and (12), as added by Section 1 of Chapter 422, Laws of 2020, have been redesignated as (12) and (13).

Amendment Notes — The first 2020 amendment (ch. 422), effective January 1, 2021, in (1), substituted "alcoholic beverages" for "intoxicating liquors" twice in the second sentence and the first two times it appears in the last sentence, and in the second sentence, inserted "and (11) of this section" and made a related change; and added (12) and (13).

The second 2020 amendment (ch. 429) added (10); redesignated former (10) as (11), and therein added "or a festival wine permit, and made the subsection effective through June 30, 2023; and added a second version of subsection (11), effective from and after July 1, 2023.

The first 2021 amendment (ch. 388) inserted references to "native spirit" and "native spirits" in (2), (3), (7) and (10); and inserted "or native distillery" in (10).

The second 2021 amendment (ch. 454), in (10), substituted "alcoholic beverages" for "native wines," inserted "or as authorized by the department...native spirits," and substituted "those alcoholic beverages" for "those wines" and "manufacturer's location" for "native winery."

JUDICIAL DECISIONS

1. In general.

Wholesale markup applied to liquor

sold to federal military installations in Mississippi constituted a sales tax, the

legal incidence of which rested upon instrumentalities of the United States as the purchasers, and therefore the markup was unconstitutional as a tax imposed upon the United States and its instrumentalities. Since the legal incidence of the tax was upon the United States, the federal immunity with respect to sales of liquor to the two exclusively federal enclaves was preserved by § 107(a) of the Buck Act (4 USCS §§ 105-110); The Twenty-First Amendment did not abolish federal immunity with respect to taxes on the sales of liquor to the concurrent jurisdiction bases. *United States v. Tax Comm'n of Mississippi*, 421 U.S. 599, 95 S. Ct. 1872, 44 L. Ed. 2d 404, 1975 U.S. LEXIS 120 (U.S. 1975).

Nothing occurs within a state giving it jurisdiction to regulate the initial wholesale transaction with respect to the initial sale and delivery of liquor by suppliers to military facilities located in exclusively

federal enclaves when the goods are ordered by officers' clubs and other nonappropriated fund activities and are then delivered within military bases over which the United States claims exclusive jurisdiction. *United States v. State Tax Com.*, 412 U.S. 363, 93 S. Ct. 2183, 37 L. Ed. 2d 1, 1973 U.S. LEXIS 126 (U.S. 1973).

An indictment originally charging a violation of subsection (2) of this section by the unlawful and wilful storage of alcoholic beverages without authority of law could not thereafter be validly amended to include therein several essential elements of the offense sought to be charged, such as the holding of valid election whereby the county voted out from under the prohibition law and that the defendant did not possess a permit from the State of Mississippi authorizing him to store alcoholic liquors. *Price v. State*, 227 So. 2d 858, 1969 Miss. LEXIS 1378 (Miss. 1969).

Commercial alcohol vendor liability in Mississippi: Is the party over? 59 Miss. L. J. 209, Spring, 1989.

§ 67-1-46. Certain holders of manufacturer's distiller's permits authorized to provide limited amounts of alcoholic beverages on premises for tasting or sampling subject to certain conditions.

The holder of a manufacturer's distiller's permit who distills alcoholic beverages at a distillery located in this state may offer and provide limited amounts of alcoholic beverages on the premises of the distillery for the purpose of tasting or sampling, subject to the following conditions:

(a) The alcoholic beverages provided for tasting or sampling must be manufactured in this state by the holder of the permit operating the distillery at the site of and on the premises of the distillery;

(b) The alcoholic beverages may be provided only to persons on the premises of the distillery at no cost and for consumption on the premises of the distillery;

(c) The alcoholic beverages may be provided for tasting or sampling between the hours of 8:00 a.m. and 10:00 p.m. on the same day and only in conjunction with a structured tour of the distillery and related facilities which must include the entire manufacturing and distilling processes and methods used at the distillery;

(d) No one under twenty-one (21) years of age may participate in the tasting or sampling, and a sign indicating that prohibition shall be placed in a visible location at the entrance to the area where the tasting or sampling will be conducted;

(e) An individual size sample of alcoholic beverages shall not exceed one-fourth ($\frac{1}{4}$) ounce, and no more than four (4) samples of alcoholic beverages may be provided to an individual within a twenty-four-hour period; and

(f) The holder of the permit operating the distillery shall keep an accurate accounting of the various alcoholic beverages provided and consumed as samples.

HISTORY: Laws, 2013, ch. 352, § 1, eff from and after passage (approved March 18, 2013).

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error by deleting the (1) designator at the beginning of the section. The Joint Legislative Committee ratified the correction at its August 1, 2013, meeting.

§ 67-1-47. Distillers and distributors dealing with commission shall register with Secretary of State.

All distillers or distributors having contracts with the State Tax Commission for the sale of alcoholic beverages to the State Tax Commission, before making delivery of any merchandise to the State Tax Commission, shall register with the Secretary of State giving their name, address, name of all local agents and any other pertinent information which may be required by the

Secretary of State and appointing an agent for the service of process within the State of Mississippi.

HISTORY: Codes, 1942, § 10265-41; Laws, 1968, ch. 526, § 1, eff and in force thirty (30) days after approval (approved August 7, 1968).

§ 67-1-49. Distillers and distributors dealing with commission shall file statements of salary expenses.

All distillers or distributors having contracts with the State Tax Commission for the sale of alcoholic beverages to said commission, shall, on or before February 1st of each year, file a statement, under oath, with the State Tax Commission and with the Secretary of State, listing the names and addresses of each person, firm or corporation in Mississippi to whom or which said distiller or distributor shall have paid or agreed to pay any fee, retainer, salary, or remuneration, during the preceding year, together with a statement of the purpose for such payment. Failure to file such statement shall constitute grounds for the commission to suspend the right of the distiller or distributor to sell to said commission until such time as said statement shall be filed.

HISTORY: Codes, 1942, § 10265-42; Laws, 1968, ch. 526, § 2, eff and in force thirty (30) days after approval (approved August 7, 1968).

§ 67-1-51. Permits; distance regulations; prohibition on ownership of more than one package retailer's permit; prohibition on ownership of additional permits by persons living in same household [Subsection (1)(r) repealed effective July 1, 2023].

(1) Permits which may be issued by the department shall be as follows:

(a) **Manufacturer's permit.** A manufacturer's permit shall permit the manufacture, importation in bulk, bottling and storage of alcoholic liquor and its distribution and sale to manufacturers holding permits under this chapter in this state and to persons outside the state who are authorized by law to purchase the same, and to sell as provided by this chapter.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or redistillation and/or to operate a rectifying plant for the purifying, refining, mixing, blending, flavoring or reducing in proof of distilled spirits and alcohol.

Class 2. Wine manufacturer's permit, which shall authorize the holder thereof to manufacture, import in bulk, bottle and store wine or vinous liquor.

Class 3. Native wine producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native wines.

Class 4. Native spirit producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native spirits.

(b) **Package retailer's permit.** Except as otherwise provided in this paragraph and Section 67-1-52, a package retailer's permit shall authorize the holder thereof to operate a store exclusively for the sale at retail in original sealed and unopened packages of alcoholic beverages, including native wines and native spirits, not to be consumed on the premises where sold. Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) **On-premises retailer's permit.** Except as otherwise provided in subsection (5) of this section, an on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines and native spirits, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Additionally, as part of a carryout order, a permit holder may sell one (1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, small craft breweries, microbreweries, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of

Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

(d) **Solicitor's permit.** A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) **Native wine retailer's permit.** Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) **Temporary retailer's permit.** Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines and native spirits, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. A temporary one-day permit may be issued to bona fide nonprofit civic or charitable organizations authorizing the sale of alcoholic beverages, including native wine and native spirit, for consumption on the premises described in the temporary permit only. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of

the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(1), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (1) of this

subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

(g) **Caterer's permit.** A caterer's permit shall permit the purchase of alcoholic beverages by a person engaging in business as a caterer and the resale of alcoholic beverages by such person in conjunction with such catering business. No person shall qualify as a caterer unless forty percent (40%) or more of the revenue derived from such catering business shall be from the serving of prepared food and not from the sale of alcoholic beverages and unless such person has obtained a permit for such business from the Department of Health. A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

(h) **Research permit.** A research permit shall authorize the holder thereof to operate a research facility for the professional research of alcoholic beverages. Such permit shall authorize the holder of the permit to import and purchase limited amounts of alcoholic beverages from the department or from importers, wineries and distillers of alcoholic beverages for professional research.

(i) **Alcohol processing permit.** An alcohol processing permit shall authorize the holder thereof to purchase, transport and possess alcoholic beverages for the exclusive use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient. An

alcohol processing permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in the business of cooking, processing or manufacturing products which contain alcoholic beverages. The amounts of alcoholic beverages allowed under an alcohol processing permit shall be set by the department.

(j) **Hospitality cart permit.** A hospitality cart permit shall authorize the sale of alcoholic beverages from a mobile cart on a golf course that is the holder of an on-premises retailer's permit. The alcoholic beverages sold from the cart must be consumed within the boundaries of the golf course.

(k) **Special service permit.** A special service permit shall authorize the holder to sell commercially sealed alcoholic beverages to the operator of a commercial or private aircraft for en route consumption only by passengers. A special service permit shall be issued only to a fixed-base operator who contracts with an airport facility to provide fueling and other associated services to commercial and private aircraft.

(l) **Merchant permit.** Except as otherwise provided in subsection (5) of this section, a merchant permit shall be issued only to the owner of a spa facility, an art studio or gallery, or a cooking school, and shall authorize the holder to serve complimentary by the glass wine only, including native wine, at the holder's spa facility, art studio or gallery, or cooking school. A merchant permit holder shall obtain all wine from the holder of a package retailer's permit.

(m) **Temporary alcoholic beverages charitable auction permit.** A temporary permit, not to exceed five (5) days, may be issued to a qualifying charitable nonprofit organization that is exempt from taxation under Section 501(c)(3) or (4) of the Internal Revenue Code of 1986. The permit shall authorize the holder to sell alcoholic beverages for the limited purpose of raising funds for the organization during a live or silent auction that is conducted by the organization and that meets the following requirements: (i) the auction is conducted in an area of the state where the sale of alcoholic beverages is authorized; (ii) if the auction is conducted on the premises of an on-premises retailer's permit holder, then the alcoholic beverages to be auctioned must be stored separately from the alcoholic beverages sold, stored or served on the premises, must be removed from the premises immediately following the auction, and may not be consumed on the premises; (iii) the permit holder may not conduct more than two (2) auctions during a calendar year; (iv) the permit holder may not pay a commission or promotional fee to any person to arrange or conduct the auction.

(n) **Event venue retailer's permit.** An event venue retailer's permit shall authorize the holder thereof to purchase and resell alcoholic beverages, including native wines and native spirits, for consumption on the premises during legal hours during events held on the licensed premises if food is being served at the event by a caterer who is not affiliated with or related to the permittee. The caterer must serve at least three (3) entrees. The permit may only be issued for venues that can accommodate two hundred (200) persons or more. The number of persons a venue may accommodate shall be

determined by the local fire department and such determination shall be provided in writing and submitted along with all other documents required to be provided for an on-premises retailer's permit. The permittee must derive the majority of its revenue from event-related fees, including, but not limited to, admission fees or ticket sales for live entertainment in the building. "Event-related fees" do not include alcohol, beer or light wine sales or any fee which may be construed to cover the cost of alcohol, beer or light wine. This determination shall be made on a per event basis. An event may not last longer than two (2) consecutive days per week.

(o) **Temporary theatre permit.** A temporary theatre permit, not to exceed five (5) days, may be issued to a charitable nonprofit organization that is exempt from taxation under Section 501(c)(3) or (4) of the Internal Revenue Code and owns or operates a theatre facility that features plays and other theatrical performances and productions. Except as otherwise provided in subsection (5) of this section, the permit shall authorize the holder to sell alcoholic beverages, including native wines and native spirits, to patrons of the theatre during performances and productions at the theatre facility for consumption during such performances and productions on the premises of the facility described in the permit. A temporary theatre permit holder shall obtain all alcoholic beverages from package retailers located in the county in which the permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary theatre permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages.

(p) **Charter ship operator's permit.** Subject to the provisions of this paragraph (p), a charter ship operator's permit shall authorize the holder thereof and its employees to serve, monitor, store and otherwise control the serving and availability of alcoholic beverages to customers of the permit holder during private charters under contract provided by the permit holder. A charter ship operator's permit shall authorize such action by the permit holder and its employees only as to alcoholic beverages brought onto the permit holder's ship by customers of the permit holder as part of such a private charter. All such alcoholic beverages must be removed from the charter ship at the conclusion of each private charter. A charter ship operator's permit shall not authorize the permit holder to sell, charge for or otherwise supply alcoholic beverages to customers, except as authorized in this paragraph (p). For the purposes of this paragraph (p), "charter ship operator" means a common carrier that (i) is certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers, (ii) operates only in the waters within the State of Mississippi, which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi, and (iii) provides charters under contract for tours and trips in such waters.

(q) **Distillery retailer's permit.** The holder of a Class 1 manufacturer's permit may obtain a distillery retailer's permit. A distillery retailer's

permit shall authorize the holder thereof to sell at retail alcoholic beverages to consumers for on-premises consumption, or to consumers by the sealed and unopened bottle from a retail location at the distillery for off-premises consumption. The holder may only sell product manufactured by the manufacturer at the distillery described in the permit. However, when selling to consumers for on-premises consumption, a holder of a distillery retailer's permit may add other beverages, alcoholic or not, so long as the total volume of other beverage components containing alcohol does not exceed twenty percent (20%). Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the distillery retailer is located.

The holder shall not sell at retail more than ten percent (10%) of the alcoholic beverages produced annually at its distillery. The holder shall not make retail sales of more than two and twenty-five one-hundredths (2.25) liters, in the aggregate, of the alcoholic beverages produced at its distillery to any one (1) individual for consumption off the premises of the distillery within a twenty-four-hour period. The hours of sale shall be the same as those hours for package retailers under this chapter. The holder of a distillery retailer's permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse; however, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder shall pay to the department all taxes, fees and surcharges on the alcoholic beverages that are imposed upon the sale of alcoholic beverages shipped by the Alcoholic Beverage Control Division of the Department of Revenue. In addition to alcoholic beverages, the holder of a distillery retailer's permit may sell at retail promotional products from the same retail location, including shirts, hats, glasses, and other promotional products customarily sold by alcoholic beverage manufacturers.

(r) **Festival Wine Permit.** Any wine manufacturer or native wine producer permitted by Mississippi or any other state is eligible to obtain a Festival Wine Permit. This permit authorizes the entity to transport product manufactured by it to festivals held within the State of Mississippi and sell sealed, unopened bottles to festival participants. The holder of this permit may provide samples at no charge to participants. "Festival" means any event at which three (3) or more vendors are present at a location for the sale or distribution of goods. The holder of a Festival Wine Permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse. However, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder of this permit shall pay to the department all taxes, fees and surcharges on the alcoholic beverages sold at such festivals that are imposed upon the sale of alcoholic beverages shipped by the Alcoholic Beverage Control Division of the Department of Revenue. Additionally, the entity shall file all applicable reports and returns as prescribed by the department. This permit is issued per festival and provides

authority to sell for two (2) consecutive days during the hours authorized for on-premises permittees' sales in that county or city. The holder of the permit shall be required to maintain all requirements set by Local Option Law for the service and sale of alcoholic beverages. This permit may be issued to entities participating in festivals at which a Class 1 temporary permit is in effect.

This paragraph (r) shall stand repealed from and after July 1, 2023.

(s) **Charter vessel operator's permit.** Subject to the provisions of this paragraph (s), a charter vessel operator's permit shall authorize the holder thereof and its employees to sell and serve alcoholic beverages to passengers of the permit holder during public tours, historical tours, ecological tours and sunset cruises provided by the permit holder. The permit shall authorize the holder to only sell alcoholic beverages, including native wines, to passengers of the charter vessel operator during public tours, historical tours, ecological tours and sunset cruises provided by the permit holder aboard the charter vessel operator for consumption during such tours and cruises on the premises of the charter vessel operator described in the permit. For the purposes of this paragraph (s), "charter vessel operator" means a common carrier that (i) is certified to carry at least forty-nine (49) passengers, (ii) operates only in the waters within the State of Mississippi, which lie south of Interstate-10 in the three (3) most southern counties in the State of Mississippi, and lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi, extending not further than one (1) mile south of such counties, and (iii) provides vessel services for tours and cruises in such waters as provided in this paragraph (s).

(t) **Native spirit retailer's permit.** Except as otherwise provided in subsection (5) of this section, a native spirit retailer's permit shall be issued only to a holder of a Class 4 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native spirits to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native distillery. When selling to consumers for on-premises consumption, a holder of a native spirit retailer's permit may add to the native spirit alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native spirit retailer is located.

(u) **Delivery service permit.** Any individual, limited liability company, corporation or partnership registered to do business in this state is eligible to obtain a delivery service permit. Subject to the provisions of Section 67-1-51.1, this permit authorizes the permittee, or its employee or an independent contractor acting on its behalf, to deliver alcoholic beverages, beer, light wine and light spirit product from a licensed retailer to a person in this state who is at least twenty-one (21) years of age for the

individual's use and not for resale. This permit does not authorize the delivery of alcoholic beverages, beer, light wine or light spirit product to the premises of a location with a permit for the manufacture, distribution or retail sale of alcoholic beverages, beer, light wine or light spirit product. The holder of a package retailer's permit or an on-premises retailer's permit under Section 67-1-51 or of a beer, light wine and light spirit product permit under Section 67-3-19 is authorized to apply for a delivery service permit as a privilege separate from its existing retail permit.

(2) Except as otherwise provided in subsection (4) of this section, retail permittees may hold more than one (1) retail permit, at the discretion of the department.

(3)(a) Except as otherwise provided in this subsection, no authority shall be granted to any person to manufacture, sell or store for sale any intoxicating liquor as specified in this chapter within four hundred (400) feet of any church, school, kindergarten or funeral home. However, within an area zoned commercial or business, such minimum distance shall be not less than one hundred (100) feet.

(b) A church or funeral home may waive the distance restrictions imposed in this subsection in favor of allowing issuance by the department of a permit, pursuant to subsection (1) of this section, to authorize activity relating to the manufacturing, sale or storage of alcoholic beverages which would otherwise be prohibited under the minimum distance criterion. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the church or funeral home having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

(c) The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a bed and breakfast inn listed in the National Register of Historic Places or to the sale or storage of alcoholic beverages in a historic district that is listed in the National Register of Historic Places, is a qualified resort area and is located in a municipality having a population greater than one hundred thousand (100,000) according to the latest federal decennial census.

(d) The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a qualified resort area as defined in Section 67-1-5(o)(iii)32.

(e) The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a licensed premises in a building formerly owned by a municipality and formerly leased by the municipality to a municipal school district and used by the municipal school district as a district bus shop facility.

(f) The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a licensed premises in a building consisting of at least five thousand (5,000) square feet and located approximately six hundred (600) feet from the intersection of Mississippi Highway 15 and Mississippi Highway 4.

(g) The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a licensed premises in a building located at the southeast corner of Ward and Tate Streets in the City of Senatobia, Mississippi.

(4) No person, either individually or as a member of a firm, partnership, limited liability company or association, or as a stockholder, officer or director in a corporation, shall own or control any interest in more than one (1) package retailer's permit, nor shall such person's spouse, if living in the same household of such person, any relative of such person, if living in the same household of such person, or any other person living in the same household with such person own any interest in any other package retailer's permit.

(5)(a) In addition to any other authority granted under this section, the holder of a permit issued under subsection (1)(c), (e), (f), (g), (l), (n) and/or (o) of this section may sell or otherwise provide alcoholic beverages and/or wine to a patron of the permit holder in the manner authorized in the permit and the patron may remove an open glass, cup or other container of the alcoholic beverage and/or wine from the licensed premises and may possess and consume the alcoholic beverage or wine outside of the licensed premises if: (i) the licensed premises is located within a leisure and recreation district created under Section 67-1-101 and (ii) the patron remains within the boundaries of the leisure and recreation district while in possession of the alcoholic beverage or wine.

(b) Nothing in this subsection shall be construed to allow a person to bring any alcoholic beverages into a permitted premises except to the extent otherwise authorized by this chapter.

Joint Legislative Committee Note — Section 1 of Chapter 516, Laws of 2014, effective from and after July 1, 2014 (approved April 23, 2014), amended this section. Section 1 of Chapter 527, Laws of 2014, effective from and after July 1, 2014 (approved April 23, 2014), also amended this section. As set out above, this section reflects the language of both amendments pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same

legislative session may become effective. The Joint Committee on Compilation, Revision and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the July 24, 2014, meeting of the Committee.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a typographical error in the second sentence of (1)(c) by substituting "Such a permit shall be issued only to..." for "Such a permit shall issue only to..." The Joint Committee ratified the correction at its July 24, 2014, meeting.

Section 1 of Chapter 382, Laws of 2018, effective July 1, 2018, amended this section. Section 1 of Chapter 453, Laws of 2018, effective upon passage (approved April 13, 2018), also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 453, Laws of 2018, which contains language that specifically provides that it supersedes § 67-1-51 as amended by Chapter 382, Laws of 2018.

Section 39 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 4 of Chapter 422, Laws of 2020, effective from and after January 1, 2021 (approved June 30, 2020), Section 6 of Chapter 423, Laws of 2020, effective July 1, 2020 (approved June 30, 2020), Section 1 of Chapter 429, effective July 1, 2020 (approved July 1, 2020), and Section 6 of Chapter 458, effective July 1, 2020 (approved July 8, 2020) also amended this section. Amendments by Section 4 of Chapter 422, Section 6 of Chapter 423, Section 1 of Chapter 429, and Section 6 of Chapter 458 do not conform but do meet the Committee's criteria for integration. Amendments by Section 39 of Chapter 314 do not conform and do not meet the Joint Committee's criteria for integration and are superseded by the integrated version of the section. As set out above, this section reflects the language of amendments by Chapters 422, 423, 429 and 458, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate non-conforming amendments that meet the committee's criteria so that all of those versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Section 1 of Chapter 357, Laws of 2021, effective from and after July 1, 2021 (approved March 17, 2021) amended this section. Section 13 of Chapter 388, Laws of 2021, effective from and after July 1, 2021 (approved March 22, 2021), Section 2 of Chapter 442, effective from and after July 1, 2021 (approved April 14, 2021), Section 2 of Chapter 449, effective from and after July 1, 2021 (approved April 16, 2021, at 11:31 a.m.), Section 10 of Chapter 450, effective from and after July 1, 2021 (approved April 16, 2021, at 11:32 a.m.), and Section 1 of Chapter 454, effective from and after July 1, 2021 (approved April 16, 2021, at 11:31 a.m.) also amended this section. As set out above, this section reflects the language of Section 2 of Chapter 449, Laws of 2021, which contains language that specifically provides that it supersedes § 67-1-51 as amended by Chapters 357, 388, 442, 450 and 454, Laws of 2021.

Editor's Notes — Laws of 2021, ch. 442, § 8, provides:

"SECTION 8. If any section, paragraph, sentence, clause, phrase or any part of this act is declared by a court of competent jurisdiction to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect."

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, in (1), inserted "light spirit product" in (f) and (n).

The second 2020 amendment (ch. 422), effective January 1, 2021, in (1)(a), substituted "and to sell as provided by this chapter" for "and to sell exclusively to the department."

The third 2020 amendment (ch. 423), in the sixth sentence of (1)(g), substituted "the sale and distribution of alcoholic beverages" for "the sale, distribution and possession of

alcoholic beverages.”

The fourth 2020 amendment (ch. 429), in (1), added the last two sentences in (e), and added (r).

The fifth 2020 amendment (ch. 458), in (1)(c), added the second sentence.

The first 2021 amendment (ch. 357), in (1), added (s).

The second 2021 amendment (ch. 388), in (1), added the last paragraph in (a), inserted references to “native spirit” and “native spirits” in (b), (c), (f), (n) and (o), and added (s).

The third 2021 amendment (ch. 442), in (1)(a), added Class 4; in (1)(b), inserted “and native spirits” in the first sentence; inserted “and native spirits” in the first sentences of (1)(b), (c), (f), (f) Class 1, and (n), and in the second sentence of (o); and added (1)(s) through (u).

The fourth 2021 amendment (ch. 449), in (1), in the third sentence of (c), inserted “small craft breweries, microbreweries,” in the second sentence of the first paragraph of (q), inserted “to consumers for on-premises consumption, or to consumers,” and added the last two sentences, redesignated the paragraph “(s) Native spirit retailer’s permit” that was added by ch. 388 as (t), and added (u); and in (3), designated the formerly undesignated first three paragraphs (a) through (c), and added (d) through (g).

The fifth 2021 amendment (ch. 450), in (1), in the third sentence of (c), inserted “small craft breweries, microbreweries,” in the second sentence of the first paragraph of (q), inserted “to consumers for on-premises consumption, or to consumers,” and added the last two sentences, redesignated the paragraph “(s) Native spirit retailer’s permit” that was added by ch. 388 as (t), and added (u); and in (3), designated the formerly undesignated first three paragraphs (a) through (c), and added (d) through (g).

The sixth 2021 amendment (ch. 454), in (1), in the third sentence of (c), inserted “small craft breweries, microbreweries,” in the first paragraph of (q), inserted “to consumers for on-premises consumption, or to consumers” in the second sentence, and added the last two sentences; redesignated the paragraph “(s) Native spirit retailer’s permit” that was added by ch. 388 as (t); and added (u).

JUDICIAL DECISIONS

1. In general.

A decision of a city council, refusing to issue a city permit to operate a place of business to sell alcoholic beverages upon the ground that the business was within 500 feet of a church, against the applicant’s claim that the place of business was within the distance regulated by the city ordinance because the building called a church was not a church in fact but a storehouse for the use of a church, would not be interfered with by the court, since

the question was an issue of fact for the determination of the administrative agency in the first instance. *Crawford v. Pascagoula*, 243 So. 2d 555, 1971 Miss. LEXIS 1516 (Miss. 1971).

The refusal of the state tax commission to issue a permit for the operation of a package liquor store at a location closer than 100 feet to a building in which a day care center for children was operated was not an arbitrary, capricious, or unreasonable action; nor did it constitute an abuse

of discretion. Mississippi State Tax Com. v. Package Store, Inc., 208 So. 2d 46, 1968 Miss. LEXIS 1392 (Miss. 1968).

OPINIONS OF THE ATTORNEY GENERAL

Sale of alcohol to charter airline that does not have license for sale of alcoholic beverages by licensed package retailer for complimentary distribution is within perimeters established by Section 67-1-51(b). Diaz, Jan. 5, 1994, A.G. Op. #93-0856.

It is up to the State Tax Commission whether to issue a waiver for the distance requirement between a day care and a restaurant serving liquor by the drink. Mayo, Mar. 4, 2005, A.G. Op. 05-0076.

Commercial alcohol vendor liability in Mississippi: Is the party over? 59 Miss. L. J. 209, Spring, 1989.

§ 67-1-51.1. Delivery service permit; contract with holder of package retailer's permit, on-premises retailer's permit, or beer, light wine and light spirit product retail permit for intrastate delivery authorized; delivery without contract under certain circumstances; delivery requirements; application process; enforcement.

(1) The holder of a delivery service permit under Section 67-1-51:

(a) May contract with the holder of a package retailer's permit or an on-premises retailer's permit under Section 67-1-51 or the holder of a beer, light wine and light spirit product retail permit under Section 67-3-19 for the purpose of intrastate delivery of alcoholic beverages or beer, light wine and light spirit product, as authorized to be sold under the respective permits;

(b) May deliver alcoholic beverages or beer, light wine and light spirit

product without a delivery contract, if the permittee holds a package retailer's permit or an on-premises retailer's permit under Section 67-1-51 or a beer, light wine and light spirit product retail permit under Section 67-3-19, respectively;

(c) May use its own employees or independent contractors who are at least twenty-one (21) years of age to deliver such alcoholic beverages, beer, light wine or light spirit product under this section, provided all delivery agents are trained and certified consistent with the training program submitted to the division as required by subsection (2)(d) of this section. If independent contractors are used, the delivery service permittee must enter into a contract with the retailer as required by subsection (2)(c) of this section;

(d) May facilitate orders by telephone, Internet or other electronic means for the sale and delivery of alcoholic beverages, beer, light wine or light spirit product under this section. The full amount of each order must be handled in a manner that gives the retail permittee control over the ultimate receipt of payment from the consumer. The retail permittee shall remain responsible for the proper remittance of all applicable taxes on the sale of the product;

(e) May deliver only sealed containers of alcoholic beverages, beer, light wine or light spirit product to an individual in Mississippi;

(f) Shall obtain from the customer a confirmation that he or she is at least twenty-one (21) years of age at the time the order is placed;

(g) Shall place a stamp, print or label on the outside of the sealed package to indicate that the sealed package contains alcoholic beverages, beer, light wine or light spirit product;

(h) Shall require the recipient, at the time of delivery, to provide valid photo identification verifying he or she is at least twenty-one (21) years of age and to sign for the delivery;

(i) Shall possess identification scanning software technology or a state-of-the-art alternative at the point of delivery to verify the recipient is at least twenty-one (21) years of age and to collect the recipient's name and date of birth. Records relating to this verification shall be maintained for at least ninety (90) days and shall be subject to review by the division;

(j) Shall return all alcoholic beverages, beer, light wine or light spirit product to the retailer if the recipient is under the age of twenty-one (21) years, appears intoxicated, fails to provide proof of identification, fails or refuses to sign for delivery, fails to complete the identification verification process or declines to accept delivery, or if any circumstances in the delivery environment indicate illegal conduct, overconsumption of alcohol, or an otherwise unsafe environment for the consumption of alcohol;

(k) May not deliver any alcoholic beverage, beer, light wine or light spirit product to any person located within a jurisdiction that is dry for that product, as provided by the division's wet-dry map;

(l) May not deliver any alcoholic beverage, beer, light wine or light spirit product in a jurisdiction during times prohibited for lawful sale in that jurisdiction;

(m) May not deliver any alcoholic beverage, beer, light wine or light spirit product more than thirty (30) miles from the retailer's licensed premises;

(n) Shall permit the division to perform an audit of the licensee's records upon request and with sufficient notification; and

(o) Shall be deemed to have consented to the jurisdiction of the division or any law enforcement agency and the Mississippi courts concerning enforcement of this section and any related laws or rules.

(2) In order to receive a delivery service permit, an applicant shall:

(a) File an application with the division;

(b) Pay the privilege license tax of Five Hundred Dollars (\$500.00) as provided in Section 27-71-5;

(c) Provide to the division a sample contract that the applicant intends to enter into with a retailer for the delivery of alcoholic beverages, beer, light wine or light spirit product, unless the applicant is the retailer;

(d) Submit to the division an outline of an internal or external training and certification program for delivery service personnel that addresses topics such as identifying underage persons, intoxicated persons, and fake or altered identification;

(e) Provide an attestation that the applicant is at least twenty-one (21) years of age and has not been convicted of a felony in any state or federal courts;

(f) Shall provide proof of a general liability insurance policy in an amount not less than One Million Dollars (\$1,000,000.00) per occurrence; and

(g) Shall be properly registered to conduct business in Mississippi.

(3) Nothing in this section shall be construed to require a technology services company to obtain a delivery service permit if the company does not employ or contract with delivery agents but merely provides software or a digital network application that connects consumers and licensed retailers for the delivery of alcoholic beverages from the licensed retailer. However, the act of connecting consumers to licensed retailers shall serve to grant jurisdiction to the State of Mississippi.

(4) The division may enforce the requirements of this section by the same administrative proceedings that apply to other alcoholic beverage licenses or permits, including, without limitation, any disciplinary action applicable to the package retailer's permittee, on-premises retailer's permittee, retail permittee for beer, light wine or light spirit product, or delivery service permittee resulting from any unlawful sale to a minor.

(5) The division may enforce the requirements of this section against the package retailer's permittee, on-premises retailer's permittee, retail permittee for beer, light wine or light spirit product, or delivery service permittee, and any employee or independent contractor of such permittee. If a package retailer permittee, an on-premises retailer's permittee, or a retail permittee for beer, light wine or light spirit product is also a delivery permittee, a violation of alcohol law by its employee or independent contractor during delivery will

subject both the retailer permit and the delivery service permit to disciplinary action for the violation. Delivery to a minor shall be treated as furnishing to a minor and shall result in any applicable disciplinary action.

(6) Nothing in this section shall be construed to limit or otherwise diminish the ability of the division to enforce the provisions of Chapters 1 and 3, Title 67, Mississippi Code of 1972, with respect to the liability of any package retailer's permittee, on-premises retailer's permittee, retail permittee for beer, light wine or light spirit product, or delivery service permittee engaging in delivery activity authorized by this section.

(7) Nothing in this section shall be construed to authorize the direct shipment of alcoholic beverages, light wine, beer or light spirit product from any manufacturer or distributor holding a permit under this chapter, or under Title 67, Chapter 3, Mississippi Code of 1972, to consumers in this state.

HISTORY: Laws, 2021, ch. 442, § 1, eff from and after July 1, 2021.

Editor's Notes Laws of 2021, ch. 442, §§ 8 and 9, provide:

“SECTION 8. If any section, paragraph, sentence, clause, phrase or any part of this act is declared by a court of competent jurisdiction to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect.

“SECTION 9. Section 1 of this act shall be codified as a new section in Chapter 1, Title 67, Mississippi Code of 1972.”

§ 67-1-52. Holder of package retailer's permit authorized to conduct tastings or samplings subject to certain conditions.

A package retailer's permit issued under Section 67-1-51(b) shall be authorized to offer tastings or samplings to be conducted at the package retailer's permitted place of business during which tastes or samples of alcoholic beverages or wine may be offered or served to consumers at no cost to the consumer. During a tasting or sampling authorized by this section, limited amounts of alcoholic beverages or wine may be consumed on the permitted place of business. A tasting or sampling shall not authorize the sale of alcoholic beverages or wine for consumption on the permitted place of business, but shall only authorize the limited consumption of alcoholic beverages or wine at the permitted place of business for the sole purpose of tasting or sampling various alcoholic beverages or wine. No one under twenty-one (21) years of age may participate in a tasting or sampling. No sample may be provided to a visibly intoxicated person. No food may be served or sold at a tasting or sampling. Each sample of wine served shall not exceed one and one-fourth (1-1/4) ounces and no more than a cumulative total of five (5) ounces of wine may be dispensed to any one (1) person during a tasting or sampling. Each sample of a distilled spirit served shall not exceed one-fourth (1/4) of an ounce and no more than a cumulative total of one (1) ounce of distilled spirits may be dispensed to any one (1) person during a tasting or sampling. All product tasted or sampled must be provided by the package retailer from its inventory.

Such product cannot be sample product provided by a manufacturer and must have been purchased from the department warehouse or from a licensed wholesaler. Employees of the package retailer may serve any product for tasting or sampling. In addition, a third party may serve any product for tasting or sampling and may open, touch and pour product as well as make a presentation and answer questions. The package retailer shall be responsible for all such actions by the third party. Tickets for a tasting or sampling shall not be sold in the permitted place of business or any other location.

HISTORY: Laws, 2014, ch. 516, § 2; Laws, 2015, ch. 329, § 1, eff from and after July 1, 2015; Laws, 2020, ch. 429, § 2, eff from and after July 1, 2020.

Amendment Notes — The 2020 amendment inserted “or wine” everywhere it appears; deleted “event” following “tasting or sampling” everywhere it appears; in the first sentence, substituted “shall be authorized to offer tastings or samplings to be conducted” for “shall, with prior written approval from the department, authorize tasting or sampling events to be conducted” and inserted “to the consumer”; deleted the former fourth sentence, which read: “A tasting or sampling event shall be conducted completely within an area that is cordoned off by barriers clearly separating the event from the point of sale of any alcoholic beverage and may last not longer than four (4) hours”; in the fourth sentence, deleted “and a sign indicating this shall be placed in a clearly visible location at the entrance to the area where the tasting or sampling event will be conducted” at the end; added the fifth sentence; deleted “at the event” following “sample of wine served” in the seventh sentence, following “distilled spirit served” in the eighth sentence, following “tasted or sampled” in the ninth sentence, and following “tasting or sampling” in the eleventh sentence; deleted “Only” in the eleventh sentence; added the twelfth and thirteenth sentences; and deleted the former last two sentences, which read: “The holder of a tasting or sampling event shall keep an accurate accounting of the various alcoholic beverages and amounts consumed at each tasting or sampling event and must provide a copy of the accounting to the department within ten (10) days of completion of the event. The holder of a package retailer’s permit may conduct not more than one (1) event in a three-month period.”

§ 67-1-53. Application for permit; notice of application.

(1) Application for permits shall be in such form and shall contain such information as shall be required by the regulations of the commission; however, no regulation of the commission shall require personal financial information from any officer of a corporation applying for an on-premises retailer’s permit to sell alcoholic beverages unless such officer owns ten percent (10%) or more of the stock of such corporation.

(2) Every applicant for each type of permit authorized by Section 67-1-51 shall give notice of such application by publication for two (2) consecutive issues in a newspaper of general circulation published in the city or town in which applicant’s place of business is located. However, in instances where no newspaper is published in the city or town, then the notice shall be published in a newspaper of general circulation published in the county where the applicant’s business is located. If no newspaper is published in the county, the notice shall be published in a qualified newspaper which is published in the closest neighboring county and circulated in the county of applicant’s resi-

dence. The notice shall be printed in ten-point black face type and shall set forth the type of permit to be applied for, the exact location of the place of business, the name of the owner or owners thereof, and if operating under an assumed name, the trade name together with the names of all owners, and if a corporation, the names and titles of all officers. The cost of such notice shall be borne by the applicant.

(3) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64, Mississippi Code of 1972.

HISTORY: Codes, 1942, § 10265-19; Laws, 1966, ch. 540, § 19; Laws, 1993, ch. 362, § 1; Laws, 1997, ch. 588, § 21; Laws, 2006, ch. 529, § 7, *eff from and after passage* (approved Apr. 3, 2006).

Editor's Notes — Laws of 1997, ch. 588, § 150, provides as follows:

“SECTION 150. Any person or entity shall be absolutely immune from any liability arising from compliance with the dictates of this act unless such conduct by the person or entity is willful and intentional.”

§ 67-1-55. Applicants for permits must disclose persons financially interested in business; penalty.

No permit of any type shall be issued by the commission until the applicant has first filed with the commission a sworn statement disclosing all persons who are financially involved in the operation of the business for which the permit is sought. If an applicant is an individual, he will swear that he owns one hundred percent (100%) of the business for which he is seeking a permit. If the applicant is a partnership, all partners and their addresses shall be disclosed and the extent of their interest in the partnership shall be disclosed. If the applicant is a corporation, the total stock in the corporation shall be disclosed and each shareholder and his address and the amount of stock in the corporation owned by him shall be disclosed. If the applicant is a limited liability company, each member and their addresses shall be disclosed and the extent of their interest in the limited liability company shall be disclosed. If the applicant is a trust, the trustee and all beneficiaries and their

addresses shall be disclosed. If the applicant is a combination of any of the above, all information required to be disclosed above shall be required.

All the disclosures shall be in writing and kept on file at the commission's office and shall be available to the public.

Every applicant must, when applying for a renewal of his permit, disclose any change in the ownership of the business or any change in the beneficiaries of the income from the business.

Any person who willfully fails to fully disclose the information required by this section, or who gives false information, shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined a sum not to exceed Five Hundred Dollars (\$500.00) or imprisoned for not more than one (1) year, or both, and the person or applicant shall never again be eligible for any permit pertaining to alcoholic beverages.

JUDICIAL DECISIONS

1. In general.

The licensing power for retail liquor permits is placed in the state tax commission, not the courts, and the commission is given a wide latitude and discretion in acting upon applications for such permits. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

No person has a vested right to have a license for the sale of intoxicating liquors issued to him, and qualifications prescribed by statute are construed as strict limitations on the granting of such licenses. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

Where another person who is himself disqualified from holding a license for operation of a retail liquor store has a financial interest in the premises or business and would dominate the applicant in op-

erating the business, the license may be refused. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

In determining whether to grant a retail liquor dealer's license the state tax commission can consider the evidence and all reasonable inferences from it, and where the applicant for the license was a young woman college student whose father had previously been denied a license to operate a package store on the same premises by reason of his judgment indebtedness to the commission, that body could reasonably conclude that it was highly probable that the applicant, in the operation of the business, would be under the direction and control of her father. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

Liquor license as subject to execution or attachment. 40 A.L.R.4th 927.

§ 67-1-57. Qualification of applicants.

Before a permit is issued the department shall satisfy itself:

(a) That the applicant, if an individual, or if a partnership, each of the members of the partnership, or if a corporation, each of its principal officers and directors, or if a limited liability company, each member of the limited liability company, is of good moral character and, in addition, enjoys a reputation of being a peaceable, law-abiding citizen of the community in which he resides, and is generally fit for the trust to be reposed in him, is not less than twenty-one (21) years of age, and has not been convicted of a felony in any state or federal court.

(b) That, except in the case of an application for a solicitor's permit, the applicant is the true and actual owner of the business for which the permit is desired, and that he intends to carry on the business authorized for himself and not as the agent of any other person, and that he intends to superintend in person the management of the business or that he will designate a manager to manage the business for him. All managers must be approved by the department prior to completing any managerial tasks on behalf of the permittee and must possess all of the qualifications required of a permittee; however, a felony conviction, other than a crime of violence, does not automatically disqualify a person from being approved as a manager if the person was released from incarceration at least three (3) years prior to application for approval as a manager. A felony conviction, other than a crime of violence, may be considered by the department in determining whether all other qualifications are met.

(c) That the applicant for a package retailer's permit, if an individual, is a resident of the State of Mississippi. If the applicant is a partnership, each member of the partnership must be a resident of the state. If the applicant is a limited liability company, each member of the limited liability company must be a resident of the state. If the applicant is a corporation, the designated manager of the corporation must be a resident of the state.

(d) That the place for which the permit is to be issued is an appropriate one considering the character of the premises and the surrounding neighborhood.

(e) That the place for which the permit is to be issued is within the corporate limits of an incorporated municipality or qualified resort area or club which comes within the provisions of this chapter.

(f) That the applicant is not indebted to the state for any taxes, fees or payment of penalties imposed by any law of the State of Mississippi or by any rule or regulation of the commission.

(g) That the applicant is not in the habit of using alcoholic beverages to

excess and is not physically or mentally incapacitated, and that the applicant has the ability to read and write the English language.

(h) That the commission does not believe and has no reason to believe that the applicant will sell or knowingly permit any agent, servant or employee to unlawfully sell liquor in a dry area or in any other manner contrary to law.

(i) That the applicant is not residentially domiciled with any person whose permit or license has been cancelled for cause within the twelve (12) months next preceding the date of the present application for a permit.

(j) That the commission has not, in the exercise of its discretion which is reserved and preserved to it, refused to grant permits under the restrictions of this section, as well as under any other pertinent provision of this chapter.

(k) That there are not sufficient legal reasons to deny a permit on the ground that the premises for which the permit is sought has previously been operated, used or frequented for any purpose or in any manner that is lewd, immoral or offensive to public decency. In the granting or withholding of any permit to sell alcoholic beverages at retail, the commission in forming its conclusions may give consideration to any recommendations made in writing by the district or county attorney or county, circuit or chancery judge of the county, or the sheriff of the county, or the mayor or chief of police of an incorporated city or town wherein the applicant proposes to conduct his business and to any recommendations made by representatives of the commission.

(l) That the applicant and the applicant's key employees, as determined by the commission, do not have a disqualifying criminal record. In order to obtain a criminal record history check, the applicant shall submit to the commission a set of fingerprints from any local law enforcement agency for each person for whom the records check is required. The commission shall forward the fingerprints to the Mississippi Department of Public Safety. If no disqualifying record is identified at the state level, the Department of Public Safety shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history record check. Costs for processing the set or sets of fingerprints shall be borne by the applicant. The commission shall not deny employment to an employee of the applicant prior to the identification of a disqualifying record or other disqualifying information.

JUDICIAL DECISIONS

1. In general.

Statute only applied to those seeking a permit; it did not apply where the business owner already had a solicitor's permit and no other section of the code stated that the statute applied to maintaining the permit. *D. J. Koenig & Assocs. v. Miss. State Tax Comm'n*, 838 So. 2d 246, 2003 Miss. LEXIS 61 (Miss. 2003).

The licensing power for retail liquor permits is placed in the state tax commission, not the courts, and the commission is given a wide latitude and discretion in acting upon applications for such permits. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

No person has a vested right to have a license for the sale of intoxicating liquors issued to him, and qualifications prescribed by statute are construed as strict limitations on the granting of such licenses. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

Where another person who is himself disqualified from holding a license for operation of a retail liquor store has a financial interest in the premises or business and would dominate the applicant in operating the business, the license may be

refused. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

The common law of agency is not the proper criterion to determine whether the state tax commission abused its discretion in refusing to issue a retail liquor dealer's license, and the commission may satisfy itself as to whether the applicant or another will be or become the true and actual owner of the business for which the permit is sought. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

In determining whether to grant a retail liquor dealer's license the state tax commission can consider the evidence and all reasonable inferences from it, and where the applicant for the license was a young woman college student whose father had previously been denied a license to operate a package store on the same premises by reason of his judgment indebtedness to the commission, that body could reasonably conclude that it was highly probable that the applicant, in the operation of the business, would be under the direction and control of her father. *Mississippi State Tax Com. v. Moore*, 209 So. 2d 832, 1968 Miss. LEXIS 1476 (Miss. 1968).

§ 67-1-61. Validity, contents and display of permits.

All permits issued by the commission shall expire twelve months from date of issuance, and no permit shall be issued for a period longer than one year. Each permit shall state a class to which it belongs, the name of the permittee, the address of the premises for which granted, and the date of its expiration. All permits issued shall at all times be prominently displayed on the premises for which issued.

§ 67-1-63. Permit renewals; continued operation after denial of renewal under certain circumstances; appeals.

(1) Any permittee may renew his permit at the expiration thereof for an additional term of one (1) year, provided he is then qualified to receive a permit and the premises for which the renewal is sought are suitable for such purposes. The renewal privilege herein provided for shall not be construed as a vested right. No "on-premises" retailer's permit shall be renewed at the expiration thereof for any "hotel" or "restaurant" under this chapter unless the commission is satisfied that the holder thereof is continuing to meet the requirements of a hotel or restaurant, as defined in Section 67-1-5.

(2) When an application for the renewal of a permit has been denied by the department for a reason other than for being incomplete, for failure to pay any applicable license privilege taxes or fees required for renewal or for failure to post a bond, cash or securities as required by Section 27-71-21, the permittee shall be allowed to continue to operate under the permit for which renewal was denied until the last of the following dates:

- (a) The date on which the permit expires;
- (b) The date on which the time period for filing an appeal of the denial of the renewal to the Board of Tax Appeals expires;
- (c) If the denial is timely appealed to the Board of Tax Appeals and this

appeal is later withdrawn, the date on which the withdrawal of appeal occurs; or

(d) If the denial is timely appealed to the Board of Tax Appeals and an order is entered by the Board of Tax Appeals affirming the denial of the renewal, the date on which the permittee receives notice of the decision of the Board of Tax Appeals affirming the denial. Refusal to accept delivery of such notice or the posting of the final decision of the Board of Tax Appeals at the permitted place of business shall constitute receipt of notice by the permittee of this decision.

(3) If the denial of an application for renewal of a permit is appealed to the Board of Tax Appeals and the board reverses the denial of the application for renewal, the department shall renew and issue the permit from its last expiration date.

(4) The issuance and/or renewal of a permit based on the decision of the Board of Tax Appeals shall not bar or estop the department from appealing this decision of the Board of Tax Appeals to chancery court under Section 67-1-39. Any subsequent renewal of this permit while an appeal by the department from the decision of the Board of Tax Appeals is pending shall be subject to the final decision of the court on this appeal. If in such an appeal by the department, a court enters a final decision and/or order reversing the decision of the board and affirming the denial of the application for a permit or the application for renewal of a permit, the permit, even if subsequently renewed, shall be deemed denied and not authorize the permittee to sell alcoholic beverages under that permit after the date on which the decision and/or order of the court affirming the denial of the permit becomes final and not subject to any further appeal.

§ 67-1-69. Permittees must comply with federal statutes.

No person holding any permit issued under the provisions of this chapter shall engage in any business or activity authorized by such permit unless such person shall qualify so to do by complying with all statutes of the United States of America, and all regulations issued pursuant thereto, which are applicable or shall pertain to such business or activity, and shall continue to be so qualified at all times while engaging in such business or activity. As a prerequisite to the issuance of any permit under this chapter, the applicant shall first obtain the required federal occupational stamp for the type of business for which the permit has been approved by the commission.

HISTORY: Codes, 1942, § 10265-29; Laws, 1966, ch. 540, § 29, eff from and after July 1, 1966.

§ 67-1-71. Suspension and revocation of permits; reasonable notice of charges for which suspension or revocation is sought; hearing before Board of Tax Appeals; applicability of paragraph (i) to games or lotteries authorized by Mississippi lottery law.

The department may revoke or suspend any permit issued by it for a violation by the permittee of any of the provisions of this chapter or of the regulations promulgated under it by the department.

Permits must be revoked or suspended for the following causes:

(a) Conviction of the permittee for the violation of any of the provisions of this chapter;

(b) Willful failure or refusal by any permittee to comply with any of the provisions of this chapter or of any rule or regulation adopted pursuant thereto;

(c) The making of any materially false statement in any application for a permit;

(d) Conviction of one or more of the clerks, agents or employees of the permittee, of any violation of this chapter upon the premises covered by such permit within a period of time as designated by the rules or regulations of the department;

(e) The possession on the premises of any retail permittee of any alcoholic beverages upon which the tax has not been paid;

(f) The willful failure of any permittee to keep the records or make the reports required by this chapter, or to allow an inspection of such records by any duly authorized person;

(g) The suspension or revocation of a permit issued to the permittee by the federal government, or conviction of violating any federal law relating to alcoholic beverages;

(h) The failure to furnish any bond required by Section 27-71-21 within fifteen (15) days after notice from the department; and

(i) The conducting of any form of illegal gambling on the premises of any

permittee or on any premises connected therewith or the presence on any such premises of any gambling device with the knowledge of the permittee.

The provisions of paragraph (i) of this section shall not apply to gambling or the presence of any gambling devices, with knowledge of the permittee, on board a cruise vessel in the waters within the State of Mississippi, which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi, or on any vessel as defined in Section 27-109-1 whenever such vessel is on the Mississippi River or navigable waters within any county bordering on the Mississippi River. The department may, in its discretion, issue on-premises retailer's permits to a common carrier of the nature described in this paragraph.

The provisions of paragraph (i) of this section shall not apply to the operation of any game or lottery authorized by Chapter 115, Title 27.

No permit shall be suspended or revoked until after the permittee has been provided reasonable notice of the charges against him for which suspension or revocation is sought and the opportunity to a hearing before the Board of Tax Appeals to contest such charges and the suspension or revocation proposed. Opportunity to a hearing is provided without an actual hearing if the permittee, after receiving reasonable notice, including notice of his right to a hearing, fails to timely request a hearing. The permittee may also at any time waive his rights to reasonable notice and/or to the opportunity to a hearing by agreeing to a suspension or revocation offered by the department. Notwithstanding the requirement above that a permit may not be suspended without notice and opportunity to a hearing, sales of alcoholic beverages by a permittee under a permit for which the bond under Section 27-71-21 has been cancelled shall be suspended from and after issuance of the notice provided in paragraph (h) above and shall continue to be suspended until the bond is reinstated, a new bond is posted or sufficient cash or securities as provided under Section 27-71-21 are deposited with the State Treasurer for this permit.

In addition to the causes specified in this section and other provisions of this chapter, the department shall be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

§ 67-1-72. Appeal to Board of Tax Appeals from certain actions of the Department of Revenue; notice of hearing; order.

(1) Except as otherwise provided in this chapter, any applicant or holder of a permit issued under this chapter which is aggrieved by an action of the Department of Revenue to deny his application for a permit, to deny the renewal of his permit or to revoke or suspend his permit shall be allowed to

appeal to the Board of Tax Appeals from this action. This appeal is to be filed by the aggrieved person with the Executive Director of the Board of Tax Appeals, with a copy being sent to the Department of Revenue, within fifteen (15) days from the date that person received notice of the action of the department being aggrieved. If the person aggrieved fails to appeal within this fifteen-day period, the action of the Department of Revenue shall take effect as set out in the notice. The Department of Revenue retains the authority to change at any time the action aggrieved to in an appeal under this subsection. The applicant or holder of any permit issued under this chapter may waive his right to notice and opportunity to a hearing as provided by this subsection and agree to the action being taken by the department. The inability of the Department of Revenue to issue or renew a permit due to an incomplete application or due to the failure of the applicant to pay the annual privilege taxes and fees provided by Section 27-71-5 and/or the failure of the applicant to post or deposit the bond, cash or securities as required by Section 27-71-21 shall not constitute a denial for purposes of this subsection.

(2) Any applicant for approval as a manager of an establishment operating under a permit issued under this chapter or who holds the designation of an approved manager of an establishment operating under a permit issued under this chapter and who is aggrieved by an action of the Department of Revenue to deny his application for approval as a manager or to revoke or suspend his designation as an approved manager shall be allowed to appeal to the Board of Tax Appeals from this action. This appeal is to be filed by the aggrieved person with the Executive Director of the Board of Tax Appeals, with a copy being sent to the Department of Revenue, within fifteen (15) days from the date that person received notice of the action of the department being aggrieved. If the person aggrieved fails to appeal within this fifteen-day period, the action of the Department of Revenue shall take effect as set out in the notice. The Department of Revenue retains the authority to change at any time the action aggrieved to in an appeal under this subsection. The applicant or holder of an approved manager designation may waive his right to notice and opportunity to a hearing as provided by this subsection and agree to the action being taken by the department. The inability of the Department of Revenue to consider an application for approval of an applicant as a manager due to an incomplete application shall not constitute a denial of the application for purposes of this subsection.

(3) Any applicant for approval of an area or locality as a qualified resort area under this chapter who is aggrieved by the decision of the Department of Revenue to deny the qualified resort area as requested and any county or municipality wherein the proposed qualified resort area is located may appeal to the Board of Tax Appeals from such decision. This appeal is to be filed by the aggrieved applicant or by the affected county or municipality with the Executive Director of the Board of Tax Appeals, with a copy being sent to the Department of Revenue, within fifteen (15) days from the date that the person or entity filing the appeal received notice of the decision of the Department of Revenue to deny the qualified resort area. If an appeal is not filed within this

fifteen-day period, the decision of the Department of Revenue shall become final. The Department of Revenue retains the authority to change at any time the decision aggrieved to in an appeal under this subsection. The inability of the Department of Revenue to consider an application for the approval of an area or locality as a qualified resort area due to an incomplete application shall not constitute a denial of that application for purposes of this subsection.

(4) Any person, including any county or municipality in which the qualified resort area is located, who is aggrieved by the decision of the Department of Revenue to revoke the approval of an area or locality as a qualified resort area may appeal to the Board of Tax Appeals from such decision. This appeal is to be filed by the aggrieved person with the Executive Director of the Board of Tax Appeals, with a copy being sent to the Department of Revenue, within fifteen (15) days from the date that the person or entity filing the appeal received notice of the decision of the department to revoke approval of the qualified resort area. At the discretion of the Department of Revenue, in addition to any other notice to be provided under this subsection, the department may provide notice of its decision to revoke approval of the qualified resort area by publication in the same manner as provided by regulation when approval of a qualified resort area is sought. In regard to such publication, the fifteen-day period provided herein will begin on the date that notice is first published. If an appeal is not filed within this fifteen-day period, the decision of the Department of Revenue shall become final. The Department of Revenue retains the authority to change at any time the decision aggrieved to in an appeal under this subsection.

(5) Any person objecting to an application for the issuance or transfer of a permit, other than a temporary retailer's permit, issued under this chapter and who timely requests in writing a hearing on his objection shall be given a hearing before the Board of Tax Appeals unless the permit is denied by the Department of Revenue and an appeal is not taken by the applicant to the Board of Tax Appeals from that denial or the applicant withdraws his application. Any written request for a hearing on an objection must be filed with the Department of Revenue within fifteen (15) days from the first date of publication of the notice of such application under Section 67-1-53. If the department determines that the permit should be denied, notice will be provided to the applicant as set out in subsection (1) of this section, and if the applicant timely requests a hearing on the denial as provided by this subsection (5), the department will advise the Executive Director of the Board of Tax Appeals and the applicant of the written request for a hearing on an objection to the permit. The hearing on the objection to the permit and the hearing on the appeal by the applicant from the denial of the department of the application shall be consolidated and heard by the Board of Tax Appeals at the same time. If the department determines that the permit should be issued, the department will advise the applicant and the Executive Director of the Board of Tax Appeals of the timely written request for a hearing on an objection to the application and a hearing will be set before the Board of Tax Appeals on this objection. If prior to the hearing, either the person requesting the hearing

withdraws his request or the applicant withdraws his application, the hearing will be cancelled and the objection proceedings before the Board of Tax Appeals on the application will be dismissed as moot. In the case of such withdrawals, the Board of Tax Appeals is authorized to assess to either or both parties any costs incurred by it prior to such withdrawal. The Department of Revenue retains authority to issue the permit to the applicant where the person objecting to the application withdraws his request for a hearing.

(6) Any person objecting to an application for approval by the Department of Revenue of a area or locality as a qualified resort area under this chapter and who timely requests in writing a hearing on his objection shall be given a hearing before the Board of Tax Appeals unless approval of the application is denied by the Department of Revenue and an appeal is not taken by the applicant or the county or municipality in which the proposed qualified resort area is located to the Board of Tax Appeals from that denial or the applicant withdraws his application. Any written request for a hearing on an objection must be filed with the Department of Revenue within fifteen (15) days from the first date of publication of the notice of such application as provided by regulation. If the department determines that the application for approval of the proposed area or locality as a qualified resort area should be denied, the department will proceed with denial of such application as set out in subsection (3) of this section, and if the applicant or the county or municipality in which the proposed qualified resort area is located timely requests a hearing on the denial as provided by subsection (3) of this section, the department will advise the Executive Director of the Board of Tax Appeals and the applicant of the written request for a hearing on an objection to the application. The hearing on the objection to approval of the proposed qualified resort area and the hearing on the appeal from the denial of the department of the application for such approval shall be consolidated and heard by the Board of Tax Appeals at the same time. If the department determines that the proposed qualified resort area should be approved, the department will advise the applicant and the Executive Director of the Board of Tax Appeals of the timely written request for a hearing on an objection to the application and a hearing will be set before the Board of Tax Appeals on this objection. If prior to the hearing, either the person requesting the hearing withdraws his request or the applicant withdraws his application, the hearing will be cancelled and the objection proceedings before the Board of Tax Appeals on the application will be dismissed as moot. In the case of such withdrawals, the Board of Tax Appeals is authorized to assess to either or both parties any costs incurred by it prior to such withdrawal. The Department of Revenue retains authority to approve the proposed area or locality as a qualified resort area where the person objecting to the application withdraws his request for a hearing.

(7) Any person having an interest in any alcoholic beverages, light wine, beer, light spirit products or raw materials which the Department of Revenue intends to dispose of under Section 67-1-18 shall be given reasonable notice of this proposed disposal, and upon such notice, this person may request a hearing before the Board of Tax Appeals to establish his right or claim to this

property. This request for a hearing shall be filed with the Board of Tax Appeals, with a copy sent to the Department of Revenue, within fifteen (15) days from the date of receipt of the notice provided above by the person filing the request. If a request is not received by the Board of Tax Appeals within this fifteen-day period, the department may order the property disposed of in accordance with Section 67-1-18.

(8) Upon receipt of a written request for hearing or appeal as set out above, the executive director shall schedule a hearing before the Board of Tax Appeals on this request or appeal. A notice of the hearing shall be mailed to all persons or entities having an interest in the matter being heard which shall always include the person or entity filing the request or appeal for which the hearing is being set, the applicant or holder of any permit, approved manager status or qualified resort area status in issue, any person who filed a written request for a hearing on an objection to any application in issue and the Department of Revenue. This notice shall provide the date, time and location of the hearing. Mailing to the attorney representing a person or entity in the matter being heard shall be the same as mailing to the person or entity the attorney represents. Failure of the person or entity on whose request or appeal the matter was set for hearing to appear personally or through his designated representative at the hearing shall constitute an involuntary withdrawal of his request or appeal. Upon such withdrawal, the Board of Tax Appeals shall note on the record the failure of the person or entity to appear at the hearing and shall dismiss the request or appeal and remand the matter back to the Department of Revenue for appropriate action.

(9) At any hearing before the Board of Tax Appeals on an appeal or hearing request as set out above, two (2) members of the Board of Tax Appeals shall constitute a quorum. At the hearing, the Board of Tax Appeals shall try the issues presented according to law and the facts and pursuant to any guidelines established by regulation. The rules of evidence shall be relaxed at the hearing and the hearing shall be recorded by a court reporter. After reaching a decision on the issues presented, the Board of Tax Appeals shall enter an order setting forth its findings and decision in the matter. A copy of the order of the Board of Tax Appeals shall be mailed to the person or entity filing the request or appeal which was heard, the applicant or holder of any permit, approved manager status or qualified resort area status in issue, any person who filed a written request for a hearing on an objection to any application in issue and the Department of Revenue to notify them of the findings and decision of the Board of Tax Appeals.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a statutory reference in the third sentence in subsection (5) by substituting “this subsection (5)” for the second occurrence of “subsection (1) of this section.” The Joint Committee ratified the correction at its July 22, 2010, meeting.

Editor's Notes — Laws of 2009, ch. 492, § 144 provides:

"SECTION 144. Nothing in this act shall affect or defeat any assessment, refund claim, request for waiver of a tax penalty, the suspension, revocation, surrender, seizure or denial of permit, tag or title, the suspension, revocation or denial of a permit, approved manager status, qualified resort area or forfeiture under the Local Option Alcoholic Beverage Control Law, Section 67-1-1 et seq., the administrative appeal or judicial appeal of any of the foregoing acts or any other action taken by the Mississippi State Tax Commission or by the Chairman of the Mississippi State Tax Commission prior to the effective date of this act. The provisions of the laws relating to the administrative appeal or judicial review of such actions which were in effect prior to the effective date of this act are expressly continued in full force, effect and operation for the purpose of providing an administrative appeal and/or judicial review, where previously provided, of such actions, except to the extent that any matter is pending on an administrative appeal before the three (3) member Mississippi State Tax Commission on the effective date will after the effective date of this act be heard and decided by the Board of Tax Appeals as the successor of the Mississippi State Tax Commission in regard to administrative appeals."

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted "light spirit products" in (7).

Every manufacturer, including native wine or native spirit producers, within or without the state, and every other shipper of alcoholic beverages who sells any alcoholic beverage, including native wine or native spirit, within the state, shall, at the time of making such sale, file with the department a copy of the invoice of such sale showing in detail the kind of alcoholic beverage sold, the quantities of each, the size of the container and the weight of the contents, the alcoholic content, and the name and address of the person to whom sold.

Every person transporting alcoholic beverages, including native wine or native spirit, within this state to a point within this state, whether such transportation originates within or without this state, shall, within five (5) days after delivery of such shipment, furnish the department a copy of the bill of lading or receipt, showing the name or consignor or consignee, date, place received, destination, and quantity of alcoholic beverages delivered. Upon failure to comply with the provisions of this section, such person shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in the sum of Fifty Dollars (\$50.00) for each offense.

If the holder of a package retailer's permit, or any employee thereof:

(a) Shall sell, offer for sale or permit to be sold in, on or about the premises covered by such permit any alcoholic beverages except in the original sealed and unopened packages; or

(b) Shall permit the drinking or consumption of any alcoholic beverages in, on or about the premises covered by such permit except as may be otherwise authorized by this chapter; or

(c) Shall sell, offer for sale or permit the sale in, on or about the premises of alcoholic beverages in any package or container containing less than fifty (50) milliliters by liquid measure; then such person or employee shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the county jail for a term of not more than one (1) year, or by both such fine and imprisonment, in the discretion of the court. In addition, in the case of the commission of any of such offenses by the holder of a permit, it shall be the duty of the commission forthwith to revoke the permit held by such person and conviction of the criminal offense shall not be a condition precedent to such revocation.

Commercial alcohol vendor liability in Mississippi: Is the party over? 59 Miss. L. J. 209, Spring, 1989.

§ 67-1-77. Financial interest prohibition; exceptions; penalty.

(1) It shall be unlawful for the holder of a manufacturer's or wholesaler's permit, or anyone connected with the business of such holder, or for any other distiller, wine manufacturer, rectifier, blender or bottler, to have any financial

interest in any premises upon which any alcoholic beverage is sold at retail by any permittee, or in the business conducted by such permittee, except that:

(a) The holder of a manufacturer's or wholesaler's permit may contract for the service of a representative in the area of governmental affairs on a part-time basis with a holder of an on-premises permit.

(b) A distiller, wine manufacturer, rectifier, blender or bottler may have a financial interest in a premises upon which alcoholic beverages are sold at retail by a permittee, or in the business conducted by a permittee, if the permittee does not sell or serve any alcoholic beverages that are distilled, manufactured, rectified, blended or bottled by the distiller, wine manufacturer, rectifier, blender or bottler having the financial interest in the premises or in the business conducted by a permittee.

(c) **[Through June 30, 2023]** A distiller, wine manufacturer, rectifier, blender or bottler may have a financial interest in and possess a distillery retailer's permit and a wine festival permit.

(c) **[From and after July 1, 2023]** A distiller, wine manufacturer, rectifier, blender or bottler may have a financial interest in and possess a distillery retailer's permit.

(d) The holder of a manufacturer's permit which is located adjacent to the Mississippi Museum of Art and is bordered by Court Street, Farish Street, South Street and Town Creek may have a financial interest in a premises upon which alcoholic beverages are sold at retail.

(2) It shall also be unlawful for any such person, or anyone connected with his, its, or their business to lend any money or make any gift or offer any gratuity, to any retail permittee, except as authorized by regulations of the commission, to the holder of any retail permit issued under the provisions of this chapter. Except as above provided, no retail permittee shall accept, receive, or make use of any money or gift furnished by any such person, or become indebted to such person except for the purchase of alcoholic beverages.

(3) The commission shall not prohibit the furnishing of advertising specialties, printed materials, or other things having nominal value to a retail permittee. This section shall not be construed to prohibit the possession by any person of advertising specialties, printed materials, or other things having nominal value furnished by a retail permittee.

(4) Any person violating the provisions of this section shall, upon conviction, be punished by a fine of not more than Five Thousand Dollars (\$5,000.00) or by imprisonment for not more than two (2) years, or by both such fine and imprisonment, in the discretion of the court.

Joint Legislative Committee Note — Section 7 of Chapter 429, Laws of 2020, effective from and after July 1, 2020 (approved July 1, 2020), amended this section. Section 5 of Chapter 458, Laws of 2020, effective from and after July 1, 2020 (approved

July 8, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Amendment Notes — The first 2020 amendment (ch. 429) provided for two versions of paragraph (1)(c), and in the version effective through June 30, 2023, added “and a wine festival permit.”

The second 2020 amendment (ch. 458) added (1)(d).

§ 67-1-81. Sales to minors prohibited; penalties.

(1)(a) Any permittee or other person who shall sell, furnish, dispose of, give, or cause to be sold, furnished, disposed of, or given, any alcoholic beverage to any person under the age of twenty-one (21) years shall be guilty of a misdemeanor and shall be punished by a fine of not less than Five Hundred Dollars (\$500.00) nor more than One Thousand Dollars (\$1,000.00) for a first offense. For a second or subsequent offense, such permittee or other person shall be punished by a fine of not less than One Thousand Dollars (\$1,000.00) nor more than Two Thousand Dollars (\$2,000.00), or by

imprisonment for not more than one (1) year, or by both such fine and imprisonment in the discretion of the court.

(b)(i) If a permittee, or any employee of a permittee, violates paragraph (a) of this subsection (1), then, in addition to any other penalty provided for by law, the commissioner may impose the following penalties against the permittee on whose premises the alcoholic beverages were sold, given or furnished:

1. For the first offense on the licensed premises, suspension of the permit for not more than one (1) week.

2. For a second offense occurring on the licensed premises within a twelve-month period, suspension of the permit for not more than two (2) weeks.

3. For a third offense occurring on the licensed premises within a twelve-month period, suspension of the permit for not more than three (3) weeks or revocation of the permit.

4. For a fourth or subsequent offense occurring on the licensed premises within a twelve-month period, revocation of the permit.

A violation of paragraph (a) of this subsection (1) shall be sufficient to impose the administrative penalties authorized under this paragraph (b), and any expunction of conviction shall have no effect on any administrative penalty imposed against a permittee under this paragraph (b).

(2) Any person under the age of twenty-one (21) years who purchases, receives, or has in his or her possession in any public place, any alcoholic beverages, shall be guilty of a misdemeanor and shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00). Provided, that clearing or busing tables that have glasses or other containers that contain or did contain alcoholic beverages, or stocking, bagging or otherwise handling purchases of alcoholic beverages shall not be deemed possession of alcoholic beverages for the purposes of this section. Provided further, that a person who is at least eighteen (18) years of age but under the age of twenty-one (21) years who waits on tables by taking orders for or delivering orders of alcoholic beverages shall not be deemed to unlawfully possess or furnish alcoholic beverages if in the scope of his employment by the holder of an on-premises retailer's permit. This exception shall not authorize a person under the age of twenty-one (21) to tend bar or act in the capacity of bartender. Any person under the age of twenty-one (21) who knowingly makes a false statement to the effect that he or she is twenty-one (21) years old or older or presents any document that indicates he or she is twenty-one (21) years of age or older for the purpose of purchasing alcoholic beverages from any person engaged in the sale of alcoholic beverages shall be guilty of a misdemeanor and shall be punished by a fine of not less than Two Hundred Dollars

(\$200.00) nor more than Five Hundred Dollars (\$500.00), and a sentence to not more than thirty (30) days' community service.

(3) The term "community service" as used in this section shall mean work, projects or services for the benefit of the community assigned, supervised and recorded by appropriate public officials.

(4) If a person under the age of twenty-one (21) years is convicted or enters a plea of guilty of purchasing, receiving or having in his or her possession in any public place any alcoholic beverages in violation of subsection (2) of this section, the trial judge, in lieu of the penalties otherwise provided under subsection (2) of this section, shall suspend the minor's driver's license by taking and keeping it in the custody of the court for a period of time not to exceed ninety (90) days. The judge so ordering the suspension shall enter upon his docket "DEFENDANT'S DRIVER'S LICENSE SUSPENDED FOR ____ DAYS IN LIEU OF CONVICTION" and such action by the trial judge shall not constitute a conviction. During the period that the minor's driver's license is suspended, the trial judge shall suspend the imposition of any fines or penalties that may be imposed under subsection (2) of this section and may place the minor on probation subject to such conditions as the judge deems appropriate. If the minor violates any of the conditions of probation, then the trial judge shall return the driver's license to the minor and impose the fines, penalties or both, that he would have otherwise imposed, and such action shall constitute a conviction.

Amendment Notes — The 2020 amendment, effective July 8, 2020, designated former (1) as (1)(a) and deleted the former last sentence, which read: "Upon conviction of a second offense under the provisions of this section the permit of any permittee so convicted shall be automatically and permanently revoked"; and added (1)(b).

JUDICIAL DECISIONS

1. In general.

Although Mississippi statutes relating to the sale of alcoholic beverages have

sometimes been referred to as the Mississippi Dram Shop Law, such references are misleading because true dram shop acts

are civil liability acts wherein the legislature specifically imposes liability on the seller of intoxicating liquors when a third party is injured as a result of the intoxication of the buyer where the sale caused or contributed to such intoxication. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

Society has a greater interest in protect-

ing the welfare of minors than other groups listed in §§ 67-3-53(b), 67-1-81 and 67-1-83, because minors comprise a larger segment of society than do the others listed, and the future of society is dependent upon the welfare and protection of its youth. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

OPINIONS OF THE ATTORNEY GENERAL

Since possession of alcohol or light wine or beer by a minor is not a delinquent act, the youth court does not have original

jurisdiction over such offenses. *Wiggins*, Sept. 19, 2003, A.G. Op. 03-0424.

Commercial alcohol vendor liability in Mississippi: Is the party over? 59 Miss. L. J. 209, Spring, 1989.

§ 67-1-83. Other prohibited sales; penalty.

(1) It shall be unlawful for any permittee or any employee or agent thereof to sell or furnish any alcoholic beverage to any person who is visibly intoxicated, or to any person who is known to habitually drink alcoholic beverages to excess, or to any person who is known to be an habitual user of narcotics or other habit-forming drugs. It shall also be unlawful for the holder of any package retailer's permit to sell any alcoholic beverages except by delivery in person to the purchaser at the place of business of the permittee, unless the holder of a package retailer's permit also holds a delivery service permit or uses a delivery service permittee to effect delivery.

(2) It shall be unlawful for any permittee or any employee or agent thereof to sell or furnish any alcoholic beverage to any person to whom the department has, after investigation, decided to prohibit the sale of those beverages because of an appeal to the department so to do by the husband, wife, father, mother, brother, sister, child, or employer of the person. The interdiction in those cases shall last until removed by the department, but no person shall be held to have violated this subsection unless he has been informed by the department, by registered letter, that it is forbidden to sell to that individual or unless that fact is otherwise known to the permittee or its employee or agent.

(3) It shall be unlawful for any holder of a package retailer's permit, or any employee or agent thereof, engaged solely in the business of package retail sales under this chapter to sell or furnish any alcoholic beverage before 10:00 a.m. and after 10:00 p.m. or to sell alcoholic beverages on Sunday and Christmas Day.

(4) Any person who violates any of the provisions of this section shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for a term of not more than six (6) months, or by both that fine and imprisonment, in the discretion of the court. In addition to any other penalties prescribed by law, the commission may immediately revoke the permit of any permittee who violates the provisions of this section.

Joint Legislative Committee Note Section 1 of Chapter 402, Laws of 2021, effective from and after July 1, 2021 (approved March 25, 2021), amended this section. Section 4 of Chapter 442, effective from and after July 1, 2021 (approved April 14, 2021), also amended this section. As set out above, this section reflects the language of Section 4 of Chapter 442, Laws of 2021, which contains language that specifically provides that it supersedes § 67-1-83 as amended by Chapter 402, Laws of 2021.

Amendment Notes — The first 2021 amendment (ch. 402), in (1), substituted “permittee or any employee or agent thereof” for “permittee or other person”; in (2), substituted “department” for “commission” throughout, “permittee or any employee or agent thereof” for “permittee or other person” in the first sentence, and “permittee or its employee or agent” for “permittee or other person” at the end; and in (4), made a minor punctuation change, and in the last sentence, inserted “to any other penalties prescribed by law” and substituted “may immediately revoke” for “shall immediately revoke.”

The second 2021 amendment (ch. 442), in (1), substituted “any employee or agent thereof” for “other person” in the first sentence, and added “unless the holder of a package retailer’s permit...permittee to effect delivery” at the end of the second sentence; in (2), substituted “department” for “commission” everywhere it appears, and in the first sentence, substituted “any employee or agent thereof” for “other person,” and in the second sentence, substituted “its employee or agent” for “other person”; and in (4), in the last sentence, inserted “to any other penalties prescribed by law” and substituted “may immediately revoke” for “shall immediately revoke.”

Editor’s Notes — Laws of 2021, ch. 442, § 8, provides:

“SECTION 8. If any section, paragraph, sentence, clause, phrase or any part of this act is declared by a court of competent jurisdiction to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect.”

ANALYSIS

1. In general.
2. No liability.

1. In general.

Prohibition in Mississippi’s dram shop statute created liability for the permit holder and any employees of the permit holder, and the parent company, as the sole shareholder of the permit holder, the casino owner, was neither; the family failed to allege any facts to suggest that the corporation had either disregarded corporate formalities or used the corporate form to commit misfeasance, and thus the family did not assert a viable claim against the parent company as required by Miss. R. Civ. P. 12(b). *Penn Nat’l Gaming v. Ratliff*, 2007 Miss. LEXIS 1 (Miss. Jan. 4, 2007).

There was no indication that the decedent (an adult), was visibly intoxicated in the terms of Miss. Code Ann. §§ 67-1-83(1), 67-3-53, and 67-3-73. The transcripts of the casino’s security cameras evidenced that while she drank and gambled, she was ambulatory and conversational and there was nothing in the record to raise a question of fact as to the possibility that she was a habitual drunkard, or known to be insane or mentally defective, in the terms of Miss. Code Ann.

§§ 67-1-83(1) and 67-3-53(b); accordingly, summary judgment for the casino was proper. *Estate of White v. Rainbow Casino-Vicksburg P’ship*, 910 So. 2d 713, 2005 Miss. App. LEXIS 192 (Miss. Ct. App. 2005).

There was no indication that the decedent (an adult), was visibly intoxicated, as defined in Miss. Code Ann. §§ 67-1-83(1), 67-3-53, and 67-3-73. The transcripts of the casino’s security cameras evidenced that while she drank and gambled, she was ambulatory and conversational and there was nothing in the record to raise a question of fact as to the possibility that she was a habitual drunkard, or known to be insane or mentally defective, as defined in Miss. Ct. App. 2005).

Customer who suffered injuries after voluntarily consuming alcohol is not part of the protected class of Miss. Code Ann. § 67-3-73; therefore, a casino’s motion to dismiss a negligence action was properly granted since there was no liability under either § 67-3-73 or Miss. Code Ann. § 67-1-83. *Bridges v. One selling alcohol on the premises, though not an insurer of its guest's safety, has a duty to exercise reasonable care to protect its patrons from reasonably foreseeable injury at the hands of another. *Grisham v. John Q. Long V.F.W. Post, No. 4057, Inc.*, 519 So. 2d 413, 1988 Miss. LEXIS 12 (Miss. 1988).

A dispenser of intoxicants is not liable to an adult individual who voluntarily consumes intoxicants and then, by reason of his inebriated condition, injures himself. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986); *Gregg v. Four Squires, Ltd.*, 498 So. 2d 362, 1986 Miss. LEXIS 2783 (Miss. 1986).

Society has a greater interest in protecting the welfare of minors than other groups listed in §§ 67-3-53(b), 67-1-81 and 67-1-83, because minors comprise a larger segment of society than do the others listed, and the future of society is dependent upon the welfare and protection of its youth. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

The public, for example, a third-party class whether minor or adult, is protected under the statute from the negligent acts of an intoxicated person, and has a claim against a person or business furnishing alcoholic beverages in violation of the statute. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

Although Mississippi statutes relating to the sale of alcoholic beverages have sometimes been referred to as the Mississippi Dram Shop Law, such references are misleading because true dram shop acts are civil liability acts wherein the legislature specifically imposes liability on the seller of intoxicating liquors when a third party is injured as a result of the intoxication of the buyer where the sale caused or contributed to such intoxication. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

Host who provides alcoholic beverage to visibly intoxicated social guest is not liable when guest subsequently causes automobile collision as result of intoxication. *Boutwell v. Sullivan*, 469 So. 2d 526, 1985 Miss. LEXIS 2069 (Miss. 1985).

An indictment or affidavit for a violation of a local option law must clearly aver facts showing that the offense was committed in a county or locality where such law was in effect. *Benward v. State*, 308 So. 2d 94, 1975 Miss. LEXIS 1844 (Miss. 1975).

A state statute under which various persons, by forbidding in writing the sale or gift of intoxicating liquors to one who, by excessive drinking, produced described conditions or exhibited certain traits, such as exposing himself or his family to want or becoming a danger to the peace of the community, could cause a notice to be posted in local retail liquor outlets prohibiting sales or gifts of liquor to the named person, was violative of procedural due process because of failure to provide for advance notice of such posting and an opportunity to be heard, such posting being to many a stigma or badge of disgrace, exposing an individual to public embarrassment and ridicule. *Wisconsin v. Constantineau*, 400 U.S. 433, 91 S. Ct. 507, 27 L. Ed. 2d 515, 1971 U.S. LEXIS 90 (U.S. 1971).

2. No liability.

Accident victim's claims against a bar failed because the drunk driver testified at his deposition that he was not served any alcohol by any employee of the bar and did not recall purchasing any "set ups" that night. A bartender testified that she did not see any employee serve the driver any beer that night. *Pontillo v. Warehouse Bar & Grill, L.L.C.*, 19 So. 3d 797, 2009 Miss. App. LEXIS 701 (Miss. Ct. App. 2009).

Parent company of an alcohol permit holder should have been dismissed from a personal injury case because it was not liable under Miss. Code Ann. § 67-1-83 since it was not a permit holder itself or an employee of such; moreover, the pleadings did not adequately state a claim showing that the corporate veil should have been pierced. *Penn Nat'l Gaming, Inc. v. Ratliff*, 954 So. 2d 427, 2007 Miss. LEXIS 229 (Miss. 2007).

There was no indication that the decedent (an adult), was visibly intoxicated, as defined in Miss. Code Ann. §§ 67-1-83(1), 67-3-53, and 67-3-73. The transcripts of

the casino's security cameras evidenced that while she drank and gambled, she was ambulatory and conversational and there was nothing in the record to raise a question of fact as to the possibility that she was a habitual drunkard, or known to be insane or mentally defective, as defined

in Miss. Code Ann. §§ 67-1-83(1) and 67-3-53(b); accordingly, summary judgment for the casino was proper. *Estate of White v. Rainbow Casino-Vicksburg P'ship*, 910 So. 2d 713, 2005 Miss. App. LEXIS 192 (Miss. Ct. App. 2005).

§ 67-1-85. Regulation of advertising and display of alcoholic beverages.

(1) The holder of a package retailer's permit may have signs, lighted or otherwise, on the outside of the premises covered by his permit which advertise, announce or advise of the sale of alcoholic beverages in or on said premises. Wherever the sign is located on the premises, the name of the business shall also include the permit number thereof, preceded by the words "A.B.C. Permit No."

(2) It shall be lawful to advertise alcoholic beverages by means of signs, billboards or displays on or along any road, highway, street or building.

(3) It shall be lawful for publishers, broadcasters and other kinds, types or forms of public and private advertising media to advertise alcoholic beverages; however, no alcoholic beverages may be advertised during, or within five (5) minutes preceding or following, any television broadcast which consists primarily of animated material intended for viewing by young children.

(4) Notwithstanding the provisions of this section to the contrary, it shall be unlawful to advertise alcoholic beverages by means of signs, billboards or displays in any municipality, county or judicial district which has not voted pursuant to the provisions of this chapter to legalize the sale of alcoholic beverages.

(1) It is hereby made the duty of every police and peace officer and every district and county attorney and the Alcoholic Beverage Control Division of the

State Tax Commission to enforce the provisions of this chapter and to inform against and diligently prosecute persons whom they have reasonable cause to believe to be offenders against the provisions thereof. Every such officer refusing or neglecting to do so shall be guilty of a misdemeanor, and the court, in addition to imposing the penalty therefor, shall adjudge forfeiture of his office.

(2) In any county or municipality where it is readily apparent that local law enforcement authorities in cooperation with the agents and inspectors provided by the commission cannot control the illegal sale of alcoholic beverages, the commission shall request such assistance as it may deem necessary from the Mississippi Highway Safety Patrol; and it shall be the duty of the Governor of the State of Mississippi to see that the laws of the state are properly enforced by use of the additional authority as herein provided.

(3) The officers, agents and representatives of the State Tax Commission and the Alcoholic Beverage Control Division thereof are authorized and directed to strictly enforce the prohibition laws throughout the state, except in those counties and municipalities which have voted for the legalized sale of intoxicating liquor. The State Highway Patrol, sheriffs, police departments, constables, and all peace officers, and prosecuting attorneys, the Attorney General's office, district attorneys, county attorneys, city attorneys, and all others charged with upholding the law, as well as the citizenry of this state, are hereby urged and directed to uphold the dignity of the law, to foster public respect therefor and to strictly enforce the laws against intoxicating liquor in all cases while operating a motor vehicle on the streets and highways of this state, and to enforce the law and prosecute against the wrongful use of intoxicating liquor in any county or municipality by a permit holder or licensee or anyone else under such circumstances and conditions as would lead to a breakdown in public law or is violative of the public sense of common decency, as well as to enforce the law against gambling, organized crime, or social vice and corruption.

JUDICIAL DECISIONS

1. In general.

Where the ABC Division had been informed by a trusted former employee that he had personally seen the defendant, who had been repeatedly convicted of violating the prohibition laws, enter a liquor package store empty-handed and had personally seen him depart therefrom with a brown bag full of purchases, and agents

did not attempt to stop the defendant in Hinds County which is wet, but attempted to stop him and to check his purchases on a road in Rankin County which is dry, there was probable cause for the agents to stop the defendant and to search his car. *Allison v. State*, 274 So. 2d 678, 1973 Miss. LEXIS 1609 (Miss. 1973).

An agent of the alcoholic beverage con-

trol division did not have authority to serve a search warrant issued for the purpose of making a search for illegal gambling equipment, since such agents have no police powers other than those expressly granted by the provisions of the local option alcoholic beverage control law. *Presley v. State*, 229 So. 2d 830, 1969 Miss. LEXIS 1259 (Miss. 1969).

Inasmuch as Code 1942, § 10265-05 excludes from the definition of "alcoholic beverage" beer and wine of not more than 4 percent of alcohol by weight, the authority conferred upon agents of the alcoholic

beverage commission under Code 1942, §§ 10265-11 and 10265-17 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234, 1968 Miss. LEXIS 1338 (Miss. 1968), overruled, *Cumbest v. Commissioners of Election*, 416 So. 2d 683, 1982 Miss. LEXIS 2053 (Miss. 1982), but see *Cumbest v. § 67-1-93. Petition for forfeiture of property other than alcoholic beverages and raw materials; service upon owner, secured or interested party; compliance with procedures.

(1) Except as otherwise provided in Section 67-1-99, when any property, other than an alcoholic beverage or raw material, is seized under this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, proceedings under this section shall be instituted promptly.

(2) A petition for forfeiture shall be filed promptly in the name of the State of Mississippi with the clerk of the circuit or county court of the county in which the seizure is made. A copy of such petition shall be served upon the following persons by service of process in the same manner as in civil cases:

(a) The owner of the property, if address is known;

(b) Any secured party who has registered his lien or filed a financing statement as provided by law, if the identity of such secured party can be ascertained by the agent or agency which seized the property making a good faith effort to ascertain the identity of such secured party as described in subsections (3), (4), (5), (6) and (7) of this section;

(c) Any other bona fide lienholder or secured party or other person holding an interest in the property in the nature of a security interest of whom the agent or agency has actual knowledge; and

(d) Any person in possession of property subject to forfeiture at the time that it was seized.

(3) If the property is a motor vehicle susceptible of titling under the Mississippi Motor Vehicle Title Law and if there is any reasonable cause to

believe that the vehicle has been titled, the agent or agency shall make inquiry of the State Tax Commission as to what the records of the State Tax Commission show as to who is the record owner of the vehicle and who, if anyone, holds any lien or security interest which affects the vehicle.

(4) If the property is a motor vehicle and is not titled in the State of Mississippi then the agent or agency shall attempt to ascertain the name and address of the person in whose name the vehicle is licensed, and if the vehicle is licensed in a state which has in effect a certificate of title law, the agent or agency shall make inquiry of the appropriate agency of that state to determine through such agency's records the name of the record owner of the vehicle and who, if anyone, holds any lien, security interest or other instrument in the nature of a security device which affects the vehicle.

(5) If the property is of a nature that a financing statement is required by the laws of this state to be filed to perfect a security interest affecting the property and if there is any reasonable cause to believe that a financing statement covering the security interest has been filed under the laws of this state, the agent or agency shall make inquiry of the appropriate office designated in Section 75-9-501 to determine through the records of such office the name of the record owner of the property and who, if anyone, has filed a financing statement affecting the property.

(6) If the property is an aircraft or part thereof and if there is any reasonable cause to believe that an instrument in the nature of a security device affects the property, then the agent or agency shall make inquiry of the Administrator of the Federal Aviation Administration to determine through records of the administrator the name of the record owner of the property and who, if anyone, holds an instrument in the name of a security device which affects the property.

(7) In the case of all other property other than an alcoholic beverage or raw material subject to forfeiture, if there is any reasonable cause to believe that an instrument in the nature of a security device affects the property, then the agent or agency shall make a good faith inquiry to identify the holder of any such instrument.

(8) In the event the answer to an inquiry states that the record owner of the property is any person other than the person who was in possession of it when it was seized, or states that any person holds any lien, security interest or other interest in the nature of a security interest which affects the property, the agent or agency shall cause any record owner and also any lienholder, secured party or other person who holds an interest in the property in the nature of a security interest which affects the property to be named in the petition of forfeiture and to be served with process in the same manner as in civil cases.

(9) If the owner of the property cannot be found and served with a copy of the petition of forfeiture, or if no person was in possession of the property subject to forfeiture at the time that it was seized and the owner of the property is unknown, the agent or agency shall file with the clerk of the court in which the proceeding is pending an affidavit to such effect, whereupon the clerk of the

court shall publish notice of the hearing addressed to “the Unknown Owner of _____,” filling in the blank space with a reasonably detailed description of the property subject to forfeiture. Service by publication shall be made in accordance with the Mississippi Rules of Civil Procedure.

(10) No proceedings instituted pursuant to the provisions of this chapter shall proceed to hearing unless the judge conducting the hearing is satisfied that this section has been complied with. Any answer received from an inquiry required by subsections (3) through (7) of this section shall be introduced into evidence at the hearing.

JUDICIAL DECISIONS

1. In general.

Sections 67-1-17, 67-1-93, 67-1-95 and 67-1-97, which govern the seizure and disposal of personal property which is in violation of the prohibition law, do not provide for the return of the property prior to a hearing on the forfeiture proceeding. Thus, a defendant was not entitled to the return of her seized car pending the out-

come of the forfeiture hearing where the defendant admitted that the intoxicating liquors being transported in her automobile belonged to her, and that she was in the vehicle and was participating in the actual transportation of the contraband. *Mississippi State Tax Com. v. § 67-1-95. Owner's verified answer; forfeiture hearing; burden of proof; rights of holders of security interests, liens, or other interests; disposition of property.

(1) An owner of property seized, other than an owner of alcoholic beverages or raw materials, shall file a verified answer within twenty (20) days after

the completion of service of process. If no answer is filed, the court shall hear evidence that the property is subject to forfeiture and forfeit the property to the agency which seized the property. If an answer is filed, a time for hearing on forfeiture shall be set within thirty (30) days of filing the answer or at the succeeding term of court if court would not be in progress within thirty (30) days after filing the answer. Provided, however, that upon request by the agent or agency, or the owner of the property, the court may postpone the forfeiture hearing to a date past the time any criminal action is pending against such owner.

(2) If the owner of the property has filed a verified answer denying that the property is subject to forfeiture, then the burden is on the state to prove that the property is subject to forfeiture; however, if no answer had been filed by the owner of the property, the petition for forfeiture may be introduced into evidence and shall be prima facie evidence that the property is subject to forfeiture.

(3) At the hearing any claimant of any right, title or interest in the property may prove his lien, security interest or other interest in the nature of a security interest, to be bona fide and created without knowledge or consent that the property was to be used so as to cause the property to be subject to forfeiture.

(4) If it is found that the property is subject to forfeiture, then the judge shall forfeit the property to the agency which seized the property. If proof at the hearing discloses that the interest of any bona fide lienholder, secured party or other person holding an interest in the property in the nature of a security interest is greater than or equal to the present value of the property, the court shall order the property released to him. If such interest is less than the present value of the property and if the proof shows that the property is subject to forfeiture the court shall order the property forfeited to the agency.

(5) Upon a petition filed in the name of the state of Mississippi with the clerk of the circuit or county court of the county in which the seizure is made, the court having jurisdiction may order the property summarily forfeited except when lawful possession and title can be ascertained. If a person is found to have had lawful possession and title prior to seizure, the court shall order the property returned to the owner, if the owner so desires.

§ 67-1-97. Public auction of forfeited property other than alcoholic beverages and raw materials; disbursement of proceeds.

(1) All property other than alcoholic beverages or raw materials that have been forfeited shall be sold at a public auction for cash by the agency which seized such property to the highest and best bidder after advertising the sale for at least once each week for three (3) consecutive weeks, the last notice to appear not more than ten (10) days nor less than five (5) days prior to such sale, in a newspaper having a general circulation throughout the state of Mississippi. Such notices shall contain a description of the property to be sold and a statement of the time and place of the sale. It shall not be necessary to the validity of such sale either to have the property present at the place of the sale or to have the name of the owner thereof stated in such notice. The proceeds of the sale shall be delivered to the court clerk and shall be disposed of as follows:

(a) To any bona fide lienholder, secured party or other party holding an interest in the property in the nature of a security interest, to the extent of his interest; and

(b) The balance, if any, after deduction of all storage and court costs, shall be forwarded to the state treasurer and deposited with and used as general funds of the state.

(2)(a) Any county or municipal law enforcement agency which seizes property, other than alcoholic beverages or raw materials, may maintain, repair, use and operate for official purposes all such property that has been forfeited if it is free from any interest of a bona fide lienholder, secured party or other party who holds an interest in the property in the nature of a security interest. Such county or municipal law enforcement agency may purchase the interest of a bona fide lienholder, secured party or other party who holds an interest so that the property can be released for its use. If the property is a motor vehicle susceptible of titling under the Mississippi Motor

Vehicle Title Law, the law enforcement agency shall be deemed to be the purchaser, and the certificate of title shall be issued to it as required by subsection (4) of this section.

(b) All other property that a county or municipal law enforcement agency seizes, other than alcoholic beverages and raw materials, and other than property which such law enforcement agency retains for use and operation for official purposes, shall, upon its forfeiture, be sold by such law enforcement agency in the same manner and subject to the same procedure for the sale of such property as provided for in subsection (1) of this section; however, the proceeds of such sale shall be delivered to the clerk of the county or municipality for disposal in the following manner:

(i) To any bona fide lienholder, secured party or other party holding an interest in the property in the nature of a security interest, to the extent of his interest; and

(ii) The balance, if any, after deduction of all storage and court costs, shall be forwarded to the clerk of the county or municipality, as the case may be, and deposited with and used as general funds of the county or municipality.

(3) All other agencies which have seized all such property other than alcoholic beverages and raw materials may maintain, repair, use and operate for official purposes all property that has been forfeited to them if such property is free from any interest of a bona fide lienholder, secured party or other party who holds an interest in the property in the nature of a security interest. In such case, the agency may purchase the interest of a bona fide lienholder, secured party or other party who holds an interest so that the property can be released for use by such agency.

Such agency may maintain, repair, use and operate the property with money appropriated for current operations. If the property is a motor vehicle susceptible of titling under the Mississippi Motor Vehicle Title Law, such agency is deemed to be the purchaser and the certificate of title shall be issued to it as required by subsection (4) of this section.

(4) The State Tax Commission shall issue a certificate of title to any person who purchases property under the provisions of this section when a certificate of title is required under the laws of this state.

JUDICIAL DECISIONS

1. In general.

Sections 67-1-17, 67-1-93, 67-1-95 and 67-1-97, which govern the seizure and disposal of personal property which is in violation of the prohibition law, do not provide for the return of the property prior to a hearing on the forfeiture proceeding. Thus, a defendant was not entitled to the return of her seized car pending the out-

come of the forfeiture hearing where the defendant admitted that the intoxicating liquors being transported in her automobile belonged to her, and that she was in the vehicle and was participating in the actual transportation of the contraband. *Mississippi State Tax Com. v. One (1) 1984 Black Mercury Grand Marquis*, 568 So. 2d 707, 1990 Miss. LEXIS 564 (Miss. 1990).

§ 67-1-99. Administrative forfeiture of certain property.

(1) Property subject to forfeiture, other than alcoholic beverages or raw materials, as described by Section 67-1-17 and having a value of Two Thousand Five Hundred Dollars (\$2,500.00) or less may be forfeited by the administrative forfeiture procedures provided for in this section.

(2) The seizing law enforcement agency shall provide notice of intention to forfeit the seized property administratively, by certified mail, return receipt required, to all persons who are required to be notified pursuant to Section 67-1-93.

(3) In the event that notice of administrative forfeiture cannot be given as provided in subsection (2) of this section because of refusal, failure to claim, insufficient address or any other reason the seizing law enforcement agency shall provide notice by publication in a newspaper of general circulation in the county in which the seizure took place once a week for three (3) consecutive weeks.

(4) Notice pursuant to subsections (2) and (3) of this section shall include the following information:

- (a) A description of the property;
- (b) The approximate value of the property;
- (c) The date and place of the seizure;
- (d) The connection between the property and the violation of the Local Option ABC Laws or Chapter 31, Title 97, Mississippi Code of 1972;
- (e) The instructions for filing a request for judicial review; and

(f) A statement that the property will be forfeited to the seizing law enforcement agency if a request for judicial review is not timely filed.

(5) Persons claiming an interest in the seized property may initiate judicial review of the seizure and proposed forfeiture by filing a written request for judicial review with the chief law enforcement officer of the seizing law enforcement agency within thirty (30) days after receipt of the certified letter or within thirty (30) days after the first publication of notice, whichever is applicable.

(6) If no request for judicial review is timely filed, the seizing law enforcement agency shall prepare a written declaration of forfeiture of the subject property and the forfeited property shall be used, disposed of, or distributed in accordance with the provision of Section 67-1-97.

(7) Upon receipt of a timely request for judicial review, the attorney for the seizing law enforcement agency shall promptly file a petition for forfeiture and proceed as provided in Section 67-1-93.

§ 67-1-101. Governing authorities of certain municipalities authorized to establish and/or modify leisure and recreation districts.

(1) For the purposes of this section, the following words shall have the following meanings ascribed in this section, unless the context clearly otherwise requires:

(a) "Municipality" means any incorporated city, town or village that has voted in favor of coming out from under the dry law or is in a county that has voted in favor of coming out from under the dry law

(b) "Leisure and recreation district" means an area officially designated by ordinance or resolution of the governing authorities of a municipality or county as a leisure and recreation district.

(c) "County" means any county that has voted in favor of coming out from under the dry law.

(2)(a) Subject to the provisions of this section, the governing authorities of a municipality, by ordinance, may establish one or more leisure and recreation districts within the corporate boundaries of the municipality and designate the geographic area or areas to be included within a district. The governing authorities of a municipality, by ordinance, may modify the boundaries of a leisure and recreation district. In addition, the boundaries of a leisure and recreation district may extend from within the municipality into the unincorporated area of the county in which the municipality is located if the county consents to the extension and has voted in favor of coming out from under the dry law.

(b) Subject to the provisions of this section, the board of Supervisors of a county, by resolution, may establish one or more leisure and recreation districts within the county that are outside the corporate limits of any

municipality in the county and designate the geographic area or areas to be included within the districts.

(c) The designation or modification of the geographic area or areas as a leisure and recreation district shall include a detailed description of the area or areas within the district, boundaries of the district and a georeferenced map of the district. In addition to any other matters addressed in an ordinance or resolution establishing or modifying a leisure and recreation district, a municipality or county, as the case may be, must describe the manner in which the municipality or county, as the case may be, will provide for adequate law enforcement and other public safety measures and services within the district. Following the establishment and/or modification of a leisure and recreation district, the municipality or county, as the case may be, shall provide the Department of Revenue with (i) a copy of any ordinance or resolution relating to the establishment or modification of the district, (ii) verification from the municipal police department and/or applicable sheriff's department indicating how such department will provide adequate law enforcement and other public safety measures and services within the district, and (iii) a list of persons or other entities that hold permits issued under Section 67-1-51(c), (e), (f), (g), (l), (n) or (o) and are located and/or doing business under such permits in the district at the time the district is established.

§ 67-3-1. Declaration of purpose.

The purpose of this chapter is to legalize the sale within this state of light wines, light spirit products and beer, to legalize the manufacture of beer, and to regulate the business of manufacturing and of selling light wines, light spirit products and beer so as to prevent the illicit manufacture, sale and consumption of alcoholic beverages as defined in Section 67-1-5, the manufacture and sale of which it is not the purpose of this chapter to legalize.

HISTORY: Codes, 1942, § 10211; Laws, 1934, ch. 171; Laws, 1998, ch. 306, § 3; Laws, 2012, ch. 323, § 3; Laws, 2012, ch. 501, § 1, eff from and after July 1, 2012; Laws, 2020, ch. 314, § 1, eff from and after passage (approved June 18, 2020).

Joint Legislative Committee Note — Section 1 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30, 2012), amended this section. Section 3 of Chapter 323, Laws of 2012, effective July 1, 2012 (approved April 5, 2012), also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-1 as amended by Laws of 2012, ch. 323.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit products” twice.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are

legal throughout the state. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

OPINIONS OF THE ATTORNEY GENERAL

The matter of issuing permits and the investigation of the validity of information presented in permit applications for the manufacture, sale, distribution, possession, and transportation of light wines and beer is strictly within the province of the State Tax Commission and a municipality has no power to act to block, prevent, restrict, refuse, or revoke alcoholic beverage permits; however, there is certainly nothing to prohibit interested parties from forwarding information they may consider relevant to the issuance or suspension or revocation of a permit to the attention of the State Tax Commission, the district attorney, or the county prosecuting attorney, as the situation demands. *Thomas*, April 10, 1998, A.G. Op. #98-0142.

A city cannot enact regulations to require that the applicant for a beer and/or light wine permit is the actual owner of the business, that the owner or the owner's employees do not have a criminal

records, or to require that the applicant and employees be fingerprinted and photographed. *Thomas*, April 10, 1998, A.G. Op. #98-0142.

A municipality may not adopt an ordinance which would further regulate the sale of intoxicating liquors by requiring commercial establishments holding a valid permit issued by the State Tax Commission to sell such beverages to achieve a mandatory ratio of food sales to alcoholic beverage sales. *Rutledge*, June 5, 1998, A.G. Op. #98-0278.

A city has no authority to require a retailer who has been issued a permit for the sale of beer and light wine by the State Tax Commission to also make application and pay for a second, "city" permit, separate and in addition to a local privilege license, as a condition of engaging in the sale of such beverages within the city; the only permits required by state law are not granted by municipalities but by the State Tax Commission. *Lee*, October 23, 1998, A.G. Op. #98-0661.

§ 67-3-3. Definitions.

When used in this chapter, unless the context indicates otherwise:

(a) "Commissioner" means the Commissioner of Revenue of the Department of Revenue of the State of Mississippi, and his authorized agents and employees.

(b) "Person" means one or more persons, a company, a corporation, a partnership, a syndicate or an association.

(c) "Brewpub" shall have the meaning ascribed to such term in Section 27-71-301.

(d) "Beer" means a malt beverage as defined in the Federal Alcohol

Administration Act and any rules and regulations adopted pursuant to such act of an alcoholic content of not more than eight percent (8%) by weight.

(e) “Light wine” means wine of an alcoholic content of not more than five percent (5%) by weight.

(f) “Small craft brewery” means a person having a permit under this chapter to manufacture or brew light wine, light spirit product or beer in this state and who manufactures or brews not more than sixty thousand (60,000) barrels of light wine, light spirit product or beer at all breweries that such person or its affiliates, subsidiary or parent company owns or controls or with whom such person contracts with for the manufacture of light wine, light spirit product or beer. For purposes of this paragraph, contract-brewed beer manufactured by a person having a permit under this chapter to manufacture or brew light wine, light spirit product or beer shall be included in the sixty-thousand-barrel limitation.

(g) “Growler” means a sealed container that holds not more than one hundred twenty-eight (128) ounces of light wine, light spirit product or beer. A growler must have a label on it stating what it contains.

(h) “Manufacturer” shall have the meaning ascribed to such term in Section 27-71-301.

(i) “Contract-brewed beer” means beer brewed by a manufacturer who:

(i) Makes the beer pursuant to a written contract with another beer manufacturer, and neither entity has a controlling interest in the other entity;

(ii) Makes the beer in accordance with a recipe that is a trade secret of the beer manufacturer having its beer made under contract; and

(iii) Has no right to sell the beer to any other beer manufacturer, importer or wholesaler other than the beer manufacturer who contracted for the beer.

(j) “Light spirit product” means a beverage of an alcoholic content of not more than six percent (6%) by weight and containing one or more distilled spirits, as defined in Section 67-1-5.

(k) “Microbrewery” means a person having a permit under this chapter to manufacture or brew light wine, light spirit product or beer in this state and who manufactures or brews not more than three thousand (3,000) barrels of light wine, light spirit product or beer at its permitted location.

§ 67-3-5. Light wines, light spirit products and beer legalized.

(1) It shall be lawful, subject to the provisions set forth in this chapter and in Section 67-1-51, in this state to transport, store, sell, distribute, possess, receive, deliver and/or manufacture light wine, light spirit product and beer, and it is hereby declared that it is the legislative intent that this chapter privileges the lawful sale and manufacture, within this state, of such light wines, light spirit products and beer. In determining if a wine product is “light wine,” or contains an alcoholic content of more than five percent (5%) by weight, or is not an “alcoholic beverage” as defined in the Local Option Alcoholic Beverage Control Law, Chapter 1 of Title 67, Mississippi Code of 1972, the alcoholic content of such wine product shall be subject to the same permitted tolerance as is allowed by the labeling requirements for light wine provided for in Section 27-71-509.

(2) Subject to the provisions set forth in this chapter and in Section 67-1-51, it shall be lawful in this state to transport, store, sell, distribute, possess, receive, deliver and/or manufacture beer of an alcoholic content of more than eight percent (8%) by weight, if the beer is manufactured to be sold legally in another state and is transported outside of this state for retail sale.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Construction.
3. Indictment.
4. Evidence.

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

The legislature had the power to enact statute authorizing sale of beer within the state and also authorizing county by election to prohibit the sale of beer within that county. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845, 1954 Miss. LEXIS 389 (Miss. 1954).

Enactment of statute legalizing sale and possession of beer pending appeal from conviction for possessing beer and intoxicating liquor, held without effect upon conviction. *Brown v. State*, 170 Miss. 86, 153 So. 302, 1934 Miss. LEXIS 89 (Miss. 1934).

2. Construction.

Section 67-3-13 did not deny a defendant, who was convicted of possession of beer in a “dry” part of the county while traveling home after having legally purchased the beer in a “wet” city, equal protection under the laws and constitution of the State of Mississippi and the Constitution of the United States, nor was there any invasion of the defendant’s constitutional right of privacy. *Dantzler v. State*, 542 So. 2d 906, 1989 Miss. LEXIS 197 (Miss. 1989).

Chapter relating to wine and beer repealed statute making it unlawful to sell beer. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845, 1954 Miss. LEXIS 389 (Miss. 1954).

Court must consider statute legalizing sale of wine and beer as an entirety and effect must be given to each part of statute, so as to fulfill intent of legislature. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417, 1937 Miss. LEXIS 221 (Miss. 1937).

3. Indictment.

Where an indictment charged only that the accused did unlawfully sell intoxicat-

ing liquor, namely home brew, and there was no allegation that the sale of beer has been outlawed by an election in the county, the indictment was insufficient because no crime was stated. *Riley v. State*, 212 Miss. 746, 55 So. 2d 447, 1951 Miss. LEXIS 505 (Miss. 1951).

4. Evidence.

Evidence that defendant's place of business had a reputation of being place where intoxicating liquors were sold was properly excluded in a prosecution for unlawful possession of beer. *State v. Sisk*, 209 Miss. 174, 46 So. 2d 191, 1950 Miss. LEXIS 377 (Miss. 1950).

In prosecution for unlawful possession of intoxicating liquor the affidavit must allege and the proof must show an alcoholic content in excess of 4 per cent by weight. *Hall v. State*, 199 Miss. 560, 24 So. 2d 780, 1946 Miss. LEXIS 224 (Miss. 1946).

Mere fact that the malt liquor or beer may be intoxicating does not of necessity show that the alcoholic content exceeded 4

per cent by weight. *Hall v. State*, 199 Miss. 560, 24 So. 2d 780, 1946 Miss. LEXIS 224 (Miss. 1946).

Refusal of requested instruction in prosecution for unlawful possession of intoxicating liquor submitting to jury the factual issue whether the malt liquor or beer contained over the maximum alcoholic content of 4 per cent by weight, constituted reversible error, where the testimony, although showing that the liquor or beer was intoxicating, did not disclose what percentage of alcohol by weight it contained. *Hall v. State*, 199 Miss. 560, 24 So. 2d 780, 1946 Miss. LEXIS 224 (Miss. 1946).

Evidence that accused believed wine in his possession did not contain over four per cent of alcohol, was inadmissible. *Lowe v. Jackson*, 181 Miss. 296, 179 So. 568, 1938 Miss. LEXIS 71 (Miss. 1938).

The intent of possessor of wine having an alcoholic content of more than 4% is immaterial. *Lowe v. Jackson*, 181 Miss. 296, 179 So. 568, 1938 Miss. LEXIS 71 (Miss. 1938).

§ 67-3-7. Local option elections in county.

(1) If any county, at an election held for the purpose under the election laws of the state, shall by a majority vote of the duly qualified electors voting in the election determine that the transportation, storage, sale, distribution, receipt and/or manufacture of wine, light spirit product and beer shall not be permitted in such county, then the same shall not be permitted therein except as authorized under Section 67-9-1 and as may be otherwise authorized in this section. An election to determine whether such transportation, storage, sale, distribution, receipt and/or manufacture of such beverages shall be excluded from any county in the state, shall, on a petition of twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the duly qualified electors of such county, be ordered by the board of supervisors of the county, for such county only. No election on the question shall be held in any one (1) county more often than once in five (5) years.

In counties which have elected, or may elect by a majority vote of the duly qualified electors voting in the election, that the transportation, storage, sale, distribution, receipt and/or manufacture of wine, light spirit product or beer shall not be permitted in the county, an election may be held in the same manner as the election hereinabove provided on the question of whether or not the transportation, storage, sale, distribution, receipt and/or manufacture of said beverages shall be permitted in such county. Such election shall be ordered by the board of supervisors of such county on a petition of twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the

duly qualified electors of such county. No election on this question can be ordered more often than once in five (5) years.

(2) Nothing in this section shall make it unlawful to possess beer, light spirit product or light wine, as defined herein.

(3) Nothing in this section shall make it unlawful to:

(a) Sell, distribute and transport light wine, light spirit product or beer to a qualified resort area as defined in Section 67-1-5;

(b) Sell light wine, light spirit product or beer at a qualified resort area as defined in Section 67-1-5 if such light wine, light spirit product or beer is sold by a person with a permit to engage in the business as a retailer of light wine, light spirit product or beer;

(c) Transport beer of an alcoholic content of more than eight percent (8%) by weight if it is being transported to another state for legal sale in that state;

(d) Transport legally purchased light wine, light spirit product or beer in unopened containers; however, this paragraph shall not apply to a retailer unless the retailer has purchased the light wine, light spirit product or beer from a wholesaler or distributor for the designated sales territory in which the retailer is located and the retailer has in his possession an invoice from the wholesaler or distributor for the light wine, light spirit product or beer; or

(e) Transport homemade beer as authorized in Section 67-3-11.

HISTORY: Codes, 1942, § 10208; Laws, 1934, ch. 171; Laws, 1942, ch. 224; Laws, 1956, ch. 252; Laws, 1958, ch. 279; Laws, 1996, ch. 417, § 9; Laws, 1998, ch. 306, § 5; Laws, 2004, ch. 397, § 5; Laws, 2012, ch. 323, § 5; Laws, 2012, ch. 501, § 3; Laws, 2013, ch. 345, § 2, eff from and after July 1, 2013; Laws, 2018, ch. 385, § 2, eff from and after July 1, 2018; Laws, 2020, ch. 314, § 4, eff from and after passage (approved June 18, 2020); Laws, 2020, ch. 423, § 7, eff from and after July 1, 2020; Laws, 2021, ch. 345, § 1, eff from and after July 1, 2021.

Joint Legislative Committee Note — Section 3 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30), amended this section. Section 5 of Laws of 2012, effective July 1, 2012 (approved April 5, 2012), also amended this section. As set out above, this section reflects the language of Section 3 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-7 as amended by Laws of 2012, ch. 323.

Section 4 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 7 of Chapter 423, Laws of 2020, effective from and after July 1, 2020 (approved June 30, 2020), also amended the section. As set out above, this section reflects the language of Section 7 of Chapter 423, Laws of 2020, pursuant to Section 1-3-79, which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date supersedes all other amendments to the same section approved on an earlier date.

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, inserted "light spirit product" everywhere it appears, and made related punctuation changes.

The second 2020 amendment (ch. 423), in (1), inserted "light spirit product" in the first sentences of the first and second paragraphs; rewrote (2), which read: "Nothing in this section shall make it unlawful to possess beer or wine, as defined herein, in any

municipality which has heretofore or which may hereafter vote in an election, pursuant to Section 67-3-9, in which a majority of the qualified electors vote in favor of permitting the sale and the receipt, storage and transportation for the purpose of sale of beer or wine as defined herein"; and in (3), deleted former (a), which read: "Possess or consume light wine or beer at a qualified resort area as defined in Section 67-1-5," redesignated former (b) through (f) as (a) through (e), and therein inserted "light spirit product" everywhere it appears, and in (d) deleted "if it is being transported on a state or federal highway" following "unopened containers."

The 2021 amendment, in (1), inserted "or fifteen hundred (1,500), whichever number is the lesser" in the first and second paragraphs.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

Chapter 279, Laws of 1958, is constitutional and valid, and states an enforceable and definite offense. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540, 1959 Miss. LEXIS 453 (Miss. 1959).

Omission of the phrase "as amended" in referring to the statute in petitions to the board of supervisors, upon which a local option election was held under Chapter 252, Laws of 1956, asking that the board call an election to submit to the electors the proposition of whether or not wines and beer should continue to be sold, transported, stored, distributed, received or manufactured in the named county, as provided by Code 1942, § 10208, did not constitute such substantial defect or error in the jurisdiction of the board as to warrant reversal and nullification of the elec-

tion, where the voters were not misled at the election, and the correct proposition had been submitted to them. *Stennis v. Board of Supervisors*, 232 Miss. 212, 98 So. 2d 636, 1957 Miss. LEXIS 462 (Miss. 1957).

Although county in which city was located had voted out beer under this section in 1939, this would not prevent city from holding an election under Code 1942, § 10208.5, to determine whether or not beer could be sold therein; chapter 252, Laws of 1956, neither expressly nor by implication repealed Code 1942, § 10208.5. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224, 1957 Miss. LEXIS 508 (Miss. 1957).

The legislature had the power to enact statute authorizing sale of beer within the state and also authorizing county by election to prohibit the sale of beer within that county. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845, 1954 Miss. LEXIS 389 (Miss. 1954).

Where the ordinance of a board of supervisors prohibited the sale and consumption of wines and beer in all territory of the county within five miles of any church, school, storehouse, filling station or any other public place, the ordinance was unreasonable because it usurped the function of electorate to decide the question of determining whether the entire county should be wet or dry. *State v. Hoyle*, 211 Miss. 342, 51 So. 2d 730, 1951 Miss. LEXIS 362 (Miss. 1951).

Early decision of *Martin v. Board of Supervisors* (1938) 181 Miss 363, 178 So 315, on subject of outlawing beer and wine by local option election, which has stood as

law of state for more than eleven years and has been relied upon by boards of supervisors in many counties and which cannot be said to be manifestly wrong or mischievous in operation, will be adhered to as established law of state, although question of whether it is necessary jurisdictional fact to be adjudicated by board of supervisors that no election on beer and wine has been held within past five years was not raised or passed upon by court in that case. *Caruthers v. Panola County*, 205 Miss. 403, 38 So. 2d 902, 1949 Miss. LEXIS 438 (Miss. 1949).

A municipality has no power to enact an ordinance prohibiting possession of wines and beers as herein permitted for personal consumption. *City of Amory v. Yielding*, 203 Miss. 265, 34 So. 2d 726, 1948 Miss. LEXIS 261 (Miss. 1948).

Primary election laws are not applicable to the general election required to be held on petition for an election on the question of prohibiting the transportation, sale, etc., of light wines and beer within a county. *Miles v. Board of Sup'rs*, 33 So. 2d 810 (Miss. 1948).

Board of supervisors, after an election wherein it was determined that traffic in light wines and beer should be excluded from the county, must allow protestants a hearing on issue whether the petition for the election contained the required 20 per cent of the qualified electors. *Costas v. Board of Sup'rs*, 198 Miss. 440, 22 So. 2d 229, 1945 Miss. LEXIS 213 (Miss. 1945).

Fact that county is divided into two judicial districts does not require that 20 per cent of the qualified voters in each judicial district petition for election hereunder, but the requirement for the holding of such election is satisfied if 20 per cent of the qualified voters of the whole county, disregarding the districts, petition for the election. *Sparks v. Reddoch*, 196 Miss. 609, 18 So. 2d 450, 1944 Miss. LEXIS 241 (Miss. 1944).

The statute authorizing counties to prohibit sale of beer and wine by local election is not unconstitutional as unlawful delegation of legislative power; and the calling of a local election to prohibit sale of beer and wine within county was not unconstitutional as taking previous licensees' property without due process.

Martin v. Board of Supervisors, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

Statute providing for election on question whether beer and light wines should continue to be sold in county does not require that such election should be held on general election date, but contemplates special election of which electors of county must be given notice. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329, 1937 Miss. LEXIS 184 (Miss. 1937).

2. Signatures to petition.

The statute authorizing local option election on petition of twenty per cent of qualified voters does not prohibit voter from authorizing some other person to sign petition for him rather than signing personally. *Martin v. Board of Supervisors*, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

3. Findings of jurisdictional facts.

Hearing before county board of supervisors to determine whether petition to exclude beer and wine from county contains requisite signatures is a judicial proceeding, and members of board of supervisors, convened as court to hear written protest denying fact that twenty percent of qualified electors of county signed petition for election, were correct in their refusal to permit themselves to be cross-examined as witnesses on issues before them, and such refusal is not denial of full and complete hearing of protests where protestants were given right to introduce other evidence, which they declined to do. *Duggan v. Board of Sup'rs*, 207 Miss. 854, 43 So. 2d 566, 1949 Miss. LEXIS 396 (Miss. 1949).

It is not essential to jurisdiction of board of supervisors to order election under this section that it affirmatively adjudicate fact to be that no such election has been held within past five years and absence of such adjudication in proceedings does not make same void. *Caruthers v. Panola County*, 205 Miss. 403, 38 So. 2d 902, 1949 Miss. LEXIS 438 (Miss. 1949).

It is not necessary that the board of supervisors find and recite as a jurisdictional fact that no election has been had within five years prior to the making of its

order. *Henry v. Board of Sup'rs*, 203 Miss. 780, 34 So. 2d 232, 1948 Miss. LEXIS 321 (Miss. 1948).

The hearing before the board of supervisors to determine whether a petition filed under this statute contains the names of a sufficient number of qualified electors is a judicial proceeding from which interested parties and their attorneys may not be excluded and from whom relevant facts may not be withheld. *Miles v. Board of Sup'rs*, 33 So. 2d 810 (Miss. 1948).

The board of supervisors must adjudicate the facts requisite to an order calling an election to legalize the sale of light wine and beer before the order is entered; and, while it is better practice for the board of supervisors in its order expressly to find and adjudicate the total number of qualified electors in the county and on the petition, it is sufficient if the order recites that the petition is that of not less than twenty percentum of the qualified voters of the county; and failure of the board before entering the order to determine the number of qualified voters in the county and the percentage on the petition as of the time that the matter was considered was not cured by the appointment of a man at that time to ascertain such facts and his reporting back after the election had been held. *Miles v. Board of Sup'rs*, 200 Miss. 214, 26 So. 2d 541, 1946 Miss. LEXIS 285 (Miss. 1946).

Finding of trial court that order of board of supervisors ordering referendum election upon issue whether traffic in beer and light wines should be excluded from county was properly and timely signed by the president of the board, was not manifestly wrong or without sufficient basis so as to require reversal. *Miller v. Board of Sup'rs*, 198 Miss. 320, 22 So. 2d 372, 1945 Miss. LEXIS 200 (Miss. 1945).

Adjudication of board of supervisors as to sufficiency of signatures to petition for an election to determine whether traffic in light wines and beers should be excluded from the county, was interlocutory, and entire cause, including that issue, must on pertinent and competent protest be adjudicated by the board upon trial before the final judgment could be entered in the case. *Costas v. Board of Sup'rs*, 198 Miss.

440, 22 So. 2d 229, 1945 Miss. LEXIS 213 (Miss. 1945).

Where the order of the board of supervisors found as a fact that a certain number of qualified electors had duly signed the petition for the holding of an election hereunder, being more than 20 per cent of the qualified electors of the county, there was no merit to the contention that such order was insufficient to adjudge that fact in that reference was made therein to a certificate of the circuit court of the circuit clerk as to the number of qualified electors in the county, instead of the board making the finding as a result of its own investigation; and upon attack upon the validity of the election on certiorari, the circuit court did not err in refusing to hear evidence outside the record to support appellants' contention that the board of supervisors failed to adjudicate the required fact that the petition for election was signed by the requisite percentage of qualified electors. *Sides v. Board of Sup'rs*, 190 Miss. 420, 200 So. 595, 1941 Miss. LEXIS 64 (Miss. 1941).

Where the order of the board of supervisors of a county, in passing upon the sufficiency of a petition for local option in the county signed by 810 qualified voters thereof in regard to the requisite jurisdictional facts, recited that the total registration for the county at the time the petition was presented did not exceed 2,600 voters, and therefore more than 20 per cent of the duly qualified voters of the county signed such petition, and a special election was ordered in which a majority voted for local option, and thereafter an order prohibiting the sale of beer and light wine was entered, which recited that due, legal and proper notice was given of such election as required by Mississippi Code 1930, §§ 310 and 6,265, and it was found that legal and proper notice was in fact given and a proof of publication was made and filed, such election was legal. *Day v. Board of Sup'rs*, 184 Miss. 611, 185 So. 251, 1939 Miss. LEXIS 16 (Miss. 1939).

Jurisdictional facts supporting a judgment calling local option election must appear in the record, but language in which they are recited need not be such as a skillful lawyer would use. *Martin v. Board of Supervisors*, 181 Miss. 363, 178

So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

County board of supervisors is without power to call election on question of discontinuing sale of beer and light wines in county in response to petition therefor until adjudication that petition contains sufficient number of signatures of qualified electors has been made and has been actually entered on minutes of board. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329, 1937 Miss. LEXIS 184 (Miss. 1937).

4. —Conclusiveness.

An order by the board of supervisors adjudicating the sufficiency of the petition and ordering an election, and a final judgment of the board excluding wine and beer from a county, pursuant to such election, is without authority of law and a denial of due process where the hearing on the petition is a star-chamber proceeding. *Miles v. Board of Sup'rs*, 33 So. 2d 810 (Miss. 1948).

Fact that some citizens not in privity with present protestants had appeared before board of supervisors and contested sufficiency of petition for an election to determine whether traffic in light wines and beer should be excluded from county, on ground that petition did not contain the required 20 per cent of the qualified electors when the board adjudicated the petition to be sufficient, did not estop other taxpayers from subsequently contesting the petition on the same grounds, where the present protestants had no notice of the hearing on the original petition and did not participate therein, since the hearing on the original petition did not close the question as to the sufficiency of the petition. *Costas v. Board of Sup'rs*, 198 Miss. 440, 22 So. 2d 229, 1945 Miss. LEXIS 213 (Miss. 1945).

Where the order of the board of supervisors recited the jurisdictional facts, and showed compliance with the requirements of law leading to the issuance of an order prohibiting the sale of light wine and beer, their judgment became conclusive and could not be attacked by new proof on certiorari in the circuit court, since that court is confined to the examination of the proceedings appearing of record in the bill

of exceptions, and cannot look to matters extraneous and foreign to the bill of exceptions; and accordingly evidence presented on certiorari that no proof of publication with respect to notice of the local option election was on file at the time the board of supervisors adjudicated the validity of the election, and the proceedings leading thereto, to prohibit the sale of light wines and beer in the county, could not affect the board's adjudication of validity. *Hall v. Franklin County*, 184 Miss. 77, 185 So. 591, 1939 Miss. LEXIS 37 (Miss. 1939).

Where board of supervisors finds a jurisdictional fact, in support of judgment calling local option election, judgment is entitled to the same force and effect with respect to such fact as judgment of a court of general jurisdiction. *Martin v. Board of Supervisors*, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

A fact finding of board of supervisors, in order calling local option election, that petition for election was signed by twenty per cent or more of qualified voters, was conclusive on appeal with respect to whether petition was signed by voters personally. *Martin v. Board of Supervisors*, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

Where correctness of petition for local option election was not challenged at meeting of board of supervisors, and no appeal or certiorari was taken from board's order for election based on petition, board's fact finding in such order, that signatures on petition represented twenty per cent or more of the qualified electors as required by statute, was conclusive on appeal. *Martin v. Board of Supervisors*, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

5. Notice of election.

In the absence of a notice provision in § 67-3-7 with respect to local option elections, the general statute requiring 30 days' notice of election was applicable. *Howard v. Crider*, 341 So. 2d 477, 1977 Miss. LEXIS 2271 (Miss. 1977).

When the law requires that 30 days notice of election be given by newspaper publication, the first publication of the notice must be made at least 30 days prior to the election and the publication must be

continued in each successive weekly issue of the newspaper until the date of the election, and not more than 7 days should be allowed to intervene between the last publication of the notice and the election. *Neal v. Board of Supervisors*, 217 Miss. 102, 63 So. 2d 540, 1953 Miss. LEXIS 414 (Miss. 1953).

Notice of local option election under this section on question of outlawing wine and beer, given for thirty days in newspaper published and circulated in county, is correct and proper notice of election, as notice required to be given of such election is governed by Code 1942, § 3018, and not by Code 1942, § 3294. *Duggan v. Board of Sup'rs*, 207 Miss. 854, 43 So. 2d 566, 1949 Miss. LEXIS 396 (Miss. 1949).

A published notice of election on local option was sufficient where it recited the fact and date of the order of the board of supervisors, the fact and date that an election would be held pursuant to the specified statutory enactments, and the purpose of the election. *Henry v. Board of Sup'rs*, 203 Miss. 780, 34 So. 2d 232, 1948 Miss. LEXIS 321 (Miss. 1948).

The contemplated method of giving notice of election on local option is by publication in a newspaper. *Henry v. Board of Sup'rs*, 203 Miss. 780, 34 So. 2d 232, 1948 Miss. LEXIS 321 (Miss. 1948).

This section makes no provision for notice to anybody interested except notice to the electors by the board of election commissioners concerning the holding of the election and such notice thereafter brings into the situation everybody affected thereby, and those failing thereafter before final judgment to seek to contest any phase of the issues, would be estopped. *Costas v. Board of Sup'rs*, 198 Miss. 440, 22 So. 2d 229, 1945 Miss. LEXIS 213 (Miss. 1945).

Objection that notice for election hereunder, for the exercise of local option in the county, was signed by the president and clerk of the board of supervisors instead of by the election commissioners of the county, was without merit where the notice given was sufficient in form and substance, and pursuant thereto the election commissioners proceeded to hold the election and certify the result thereof as required by law. *Sides v. Board of Sup'rs*,

190 Miss. 420, 200 So. 595, 1941 Miss. LEXIS 64 (Miss. 1941).

Six weeks' publication of notice of local option election, effected by order of clerk of board of supervisors rather than of election commissioners, without board's issuing commission to election commissioners directing the commissioners to hold election, was proper irrespective of applicability of general statute authorizing board of supervisors to call election, where election commissioners actually held the election in conformity with law. *Martin v. Board of Supervisors*, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

The manner of publication of notice for local option election is controlled by general statute requiring thirty days' notice of election on any matter affecting the entire county. *Martin v. Board of Supervisors*, 181 Miss. 363, 178 So. 315, 1938 Miss. LEXIS 80 (Miss. 1938).

Thirty days' notice is essential to the holding of a valid election on the question whether beer and light wines should continue to be sold in county. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329, 1937 Miss. LEXIS 184 (Miss. 1937).

6. Matters submitted.

A proposition submitted on the ballot in a local option election held under Chapter 252, Laws of 1956, in the exact terms of subsection (a) thereof, to the effect that the proposition was to exclude from a named county the transportation, storage, sale, distribution, the receipt and/or manufacture of wine and beer of alcoholic content of not more than four percent by weight, but which did not state that, by virtue of subsection (b) thereof, the possession of such beverages would also be prohibited, submitted the correct proposition to the voters. *Stennis v. Board of Supervisors*, 232 Miss. 212, 98 So. 2d 636, 1957 Miss. LEXIS 462 (Miss. 1957).

The fact that the order of the board of supervisors and the ballots used in the election to determine whether transportation, storage, sale, etc., of wine and beer should be excluded from the county, submitted to the voters the right also to exclude the possession of wine and beer in the county did not vitiate the election.

Sparks v. Reddoch, 196 Miss. 609, 18 So. 2d 450, 1944 Miss. LEXIS 241 (Miss. 1944).

Fact that order of board and ballots used in election submitted to voters the right also to exclude possession of wine and beer did not vitiate the election. *Moffett v. Board of Supervisors*, 181 Miss. 419, 179 So. 352, 1938 Miss. LEXIS 84 (Miss. 1938).

7. Ballots.

Language in submission at election of question whether traffic in light wines or beer "shall be excluded" from the county is not inconsistent with the statutory language so as to invalidate the election. *Costas v. Board of Sup'rs*, 196 Miss. 104, 15 So. 2d 365, 1943 Miss. LEXIS 6 (Miss. 1943).

The use of the device "and/or" in ballots used in election to determine exclusion of light wines and beer in the county did not render the election void as creating an ambiguity as to the issue submitted to the voters. *Costas v. Board of Sup'rs*, 196 Miss. 104, 15 So. 2d 365, 1943 Miss. LEXIS 6 (Miss. 1943).

The fact that some of the ballots used in several of the precincts in an election for the exercise of local option in the county, contained an incorrect description of the precincts, which error was corrected by the election manager, did not make the election invalid. *Sides v. Board of Sup'rs*, 190 Miss. 420, 200 So. 595, 1941 Miss. LEXIS 64 (Miss. 1941).

On certiorari to invalidate an election to exclude wine and beer on the ground that some of the ballots used in some of the voting precincts were labeled with the designation of some other precinct, which error had been corrected by the election managers, the election was valid, since if the supreme court did not look to the evidence upon which a board of supervisors made its adjudication as to validity of the election, the result would be the same for the reason that without this report of the election commissioners and the approval thereof by the board of supervisors, there would not be anything to disclose the fact that the ballots were not properly labeled when sent to the respective precincts for use. *Sides v. Board of Sup'rs*, 190

Miss. 420, 200 So. 595, 1941 Miss. LEXIS 64 (Miss. 1941).

8. Qualifications of electors.

In determining the sufficiency of a petition to exclude wine and beer from a county as regards the necessary number of signatures of qualified voters, the registration books are not conclusive evidence that the persons registered are qualified electors. *Miles v. Board of Sup'rs*, 33 So. 2d 810 (Miss. 1948).

The number of qualified voters in the county and the percentage on the petition must be determined as of the time that the matter is considered by the board, not as of the time that the petition is filed. *Miles v. Board of Sup'rs*, 200 Miss. 214, 26 So. 2d 541, 1946 Miss. LEXIS 285 (Miss. 1946).

Qualifications of electors were properly determined as of hour petition considered and order passed, although not entered on minutes until two days later. *Moffett v. Board of Supervisors*, 181 Miss. 419, 179 So. 352, 1938 Miss. LEXIS 84 (Miss. 1938).

9. Judicial review.

Order of board of supervisors excluding traffic in light wines and beer pursuant to election had is a final order from which an appeal lies. Moreover, final order of board of supervisors from which appeal will lie in the exclusion of light wines and beer in the county is the order showing affirmatively an adjudication as to the sufficiency of the notice of the election and publication according to law, that the notice contained a statement of the proposition to be voted on at the election and that the report of the election commissioners disclosed that a majority of those voting in the election had voted in favor of exclusion; and order of board of supervisors, adjudicating sufficiency of petitions for election and providing for election to exclude traffic in light wines and beer in county, was an interlocutory order and not a final order, requiring appeal therefrom within ten days in order to question sufficiency of petitions. *Costas v. Board of Sup'rs*, 196 Miss. 104, 15 So. 2d 365, 1943 Miss. LEXIS 6 (Miss. 1943).

Allowance of appeal with supersedeas in beer election case does not operate as a

judicial license to continue operations in spite of adverse election and the consequent judgment of the tribunals of original jurisdiction. *Early v. Board of Supervisors*, 182 Miss. 636, 181 So. 132, 1938 Miss. LEXIS 163 (Miss. 1938).

If judgment in case in which validity of local option election is questioned is affirmed, all offenses against law during time appeal was pending are punishable as if no appeal had been taken regardless of supersedeas. *Early v. Board of Supervisors*, 182 Miss. 636, 181 So. 132, 1938 Miss. LEXIS 163 (Miss. 1938).

Refusal to allow amendment of pleadings, whereby it was sought to have registration books and poll books, and other records, brought up to ascertain percentage of qualified electors signing petition for election, was not error. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615, 1938 Miss. LEXIS 103 (Miss. 1938).

Court properly affirmed supervisor's order, in absence of error appearing on face of record. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615, 1938 Miss. LEXIS 103 (Miss. 1938).

In certiorari proceedings to review order of supervisors calling election, facts regarding election and the report thereof by election commissioners, occurring subsequent to issuance of writ, were not part of record proper on hearing in circuit court, but consideration thereof did not harm party seeking writ where no error appeared in entire proceedings. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615, 1938 Miss. LEXIS 103 (Miss. 1938).

Writ to review order of supervisors, held improvidently issued where exhibits recited all necessary jurisdictional facts entitling board to act. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615, 1938 Miss. LEXIS 103 (Miss. 1938).

In petition for certiorari to review order of supervisors, it is only where ground for reversal appears from the record that cir-

cuit court can grant hearing on merits. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615, 1938 Miss. LEXIS 103 (Miss. 1938).

Where affidavit accompanying petition for election stated petition contained more than twenty per cent of electors, but did not refer to number of qualified electors in county, but order of supervisors determining sufficiency of petition did state number of electors, supreme court was required to assume supervisors made independent investigation to determine if more than twenty per cent of qualified electors had signed petition. *Moffett v. Board of Supervisors*, 181 Miss. 419, 179 So. 352, 1938 Miss. LEXIS 84 (Miss. 1938).

On appeal from quashing of certiorari to review proceedings of board of county commissioners in calling election to determine whether sales of beer and light wines should be abolished, supreme court would not determine whether statute authorizing election was unconstitutional delegation of legislative authority where question was raised for first time on appeal. *Adams v. Board of Sup'rs*, 177 Miss. 403, 170 So. 684, 1936 Miss. LEXIS 253 (Miss. 1936).

Action of county board of supervisors, in ordering election to determine whether sales of beer and light wines should be abolished, is appealable by certiorari, as against contention that action was not judicial but merely ministerial. *Mohundro v. Board of Sup'rs*, 174 Miss. 512, 165 So. 124, 1936 Miss. LEXIS 194 (Miss. 1936).

10. Frequency of elections.

Statutory provision prohibiting holding of election, on question whether beer and light wines should be continued to be sold in county, more often than once in a designated period is inapplicable if election is for any reason invalid. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329, 1937 Miss. LEXIS 184 (Miss. 1937).

11. Miscellaneous.

Affidavit charging that defendant did unlawfully sell beer contrary to statute was insufficient because of failure to allege that as result of election the sale of beer was not permitted in the county of alleged sale since such election was an essential element of the offense. *May v. State*, 209 Miss. 579, 47 So. 2d 887, 1950 Miss. LEXIS 416 (Miss. 1950).

Party obtaining void writ of prohibition could not complain of order vacating writ on ground judge did not have authority in vacation. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615, 1938 Miss. LEXIS 103 (Miss. 1938).

Where no timely appeal or certiorari was taken to review judgment of board of supervisors that election to exclude sale of beer and wine was legal that electors had

voted to exclude, and prohibiting sale thereof, validity of judgment could not be questioned in proceeding to prohibit prosecution for selling beer and wine. *Blount v. Kerley*, 180 Miss. 863, 178 So. 591, 1938 Miss. LEXIS 42 (Miss. 1938).

Holders of license for sale of beer and light wines were not entitled to challenge constitutionality of statute authorizing election to determine whether sales of beer and light wine should be abolished on ground that failure of statute to provide for notice constituted denial of due process, in absence of showing that if statute had provided for notice result would have been different as to holders of license. *Adams v. Board of Sup'rs*, 177 Miss. 403, 170 So. 684, 1936 Miss. LEXIS 253 (Miss. 1936).

OPINIONS OF THE ATTORNEY GENERAL

In dry county, where city is wet, person may not have beer in his or her possession outside of city limit. *Gilliland*, Sept. 16, 1992, A.G. Op. #92-0681.

A county board of supervisors is without authority to call an election on discontinuing the sale of beer and light wines in response to a petition therefor until an adjudication that the petition contains a sufficient number of signatures of quali-

fied electors has been made and entered on the minutes of the board. *Rogers*, Sept. 10, A.G. Op. 04-0476.

No statute can be found prohibiting use of a single petition for both a referendum on alcoholic beverages under § 67-1-11 and for beer and light wine under this section. *Lamar*, Sept. 13, 2004, A.G. Op. 04-0478.

§ 67-3-9. Local option elections in certain municipalities.

All laws or parts of laws in conflict with this section are hereby repealed to the extent of such conflict only, this section being cumulative and supplementary.

Any city in this state, having a population of not less than two thousand five hundred (2,500) according to the latest federal decennial census; or any city in this state having a population of not less than one thousand five hundred (1,500) according to the latest federal decennial census and located within three (3) miles of a city or county that permits the sale, receipt, storage and transportation for the purpose of sale of beer, light spirit product or light wine; or any city or town in this state having a population of not less than one thousand (1,000) according to the latest federal decennial census and located in a county that has no city or town with a population of more than two thousand five hundred (2,500); or any city, town or village that is a county seat and has voted to come out from under the dry law under Section 67-1-14; at an election held for the purpose, under the election laws applicable to such city, may either prohibit or permit, except as otherwise provided under Section 67-9-1, the sale and the receipt, storage and transportation for the purpose of sale of beer, light spirit product and light wine. An election to determine whether such sale shall be permitted in cities wherein its sale is prohibited by law shall be ordered by the city or town council or mayor and board of aldermen or other governing body of such city or town for such city or town only, upon the presentation of a petition for such city or town to such governing board containing the names of twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the duly qualified voters of such city or town asking for such election. In like manner, an election to determine whether such sale shall be prohibited in cities wherein its sale is permitted by law shall be ordered by the city council or mayor and board of aldermen or other governing board of such city for such city only, upon the presentation of a petition to such governing board containing the names of twenty percent (20%) of the duly qualified voters of such city asking for such election. No election on either question shall be held by any one (1) city more often than once in five (5) years.

Thirty (30) days' notice shall be given to the qualified electors of such city or town in the manner prescribed by law upon the question of either permitting or prohibiting such sale, and the notice shall contain a statement of the question to be voted on at the election. The tickets to be used in the election shall have the following words printed thereon: "For the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight, light spirit product of an alcoholic content of not more than six percent (6%) by weight, and beer of an alcoholic content of not more than eight percent (8%) by weight"; and the words "Against the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight, light spirit product of an alcoholic content of not more than six percent (6%) by weight, and beer of an alcoholic content of not more than eight percent (8%) by weight," next below. In making up his or her ticket the voter shall make a cross (X) opposite the words of his choice.

If in the election a majority of the qualified electors voting in the election shall vote "For the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight, light spirit product of an alcoholic content of not more than six percent (6%) by weight, and beer of an alcoholic content of

not more than eight percent (8%) by weight,” then the city or town council or mayor and board of aldermen or other governing body shall pass the necessary order permitting the legal sale of such light wine, light spirit product and beer in such city or town. If in the election a majority of the qualified electors voting in the election shall vote “Against the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight, light spirit product of an alcoholic content of not more than six percent (6%) by weight, and beer of an alcoholic content of not more than eight percent (8%) by weight,” then the city council or mayor and board of aldermen or other governing body shall pass the necessary order prohibiting the sale of such light wine, light spirit product and beer in such city.

All laws or parts of laws in conflict with this section are hereby repealed to the extent of such conflict only, this section being cumulative and supplementary.

HISTORY: Codes, 1942, § 10208.5; Laws, 1950, ch. 501, §§ 1-3; Laws, 1996, ch. 417, § 10; Laws, 1998, ch. 306, § 6; Laws, 2012, ch. 323, § 6; Laws, 2017, ch. 331, § 1, eff from and after passage (approved Mar. 13, 2017); Laws, 2020, ch. 314, § 5, eff from and after passage (approved June 18, 2020); Laws, 2020, ch. 431, § 1, eff from and after passage (approved July 1, 2020); Laws, 2021, ch. 348, § 2, eff from and after July 1, 2021; Laws, 2021, ch. 450, § 11, eff from and after July 1, 2021.

Joint Legislative Commission — Section 5 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 1 of Chapter 431, Laws of 2020, effective from and after passage (approved July 1, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Section 2 of Chapter 348, Laws of 2021, effective from and after July 1, 2021 (approved March 17, 2021), amended this section. Section 11 of Chapter 450, effective from and after July 1, 2021 (approved April 16, 2021), also amended this section. As set out above, this section reflects the language of Section 11 of Chapter 450, Laws of 2021, which contains language that specifically provides that it supersedes § 67-3-9 as amended by Chapter 348, Laws of 2021.

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, in the first paragraph, inserted “light spirit product” twice; in the second paragraph, inserted “light spirit product of an alcoholic content of not more than four percent (4%) by weight” twice; and in the third paragraph, inserted “light spirit product of an alcoholic content of not more than four percent (4%) by weight” twice, and inserted “light spirit product” twice.

The second 2020 amendment (ch. 431), effective July 1, 2020, inserted “decennial” twice and “or any city or town in this state...under the dry law under Section 67-1-14” in the first sentence of the first paragraph; inserted “or town” throughout the rest of the section; and inserted “or her” in the last sentence of the second paragraph.

The first 2021 amendment (ch. 348), in the second sentence of the first paragraph, inserted “or fifteen hundred (1,500), whichever number is the lesser.”

The second 2021 amendment (ch. 450), in the second sentence of the first paragraph,

inserted "or fifteen hundred (1,500), whichever number is the lesser"; in the second sentence of the second paragraph, substituted "six percent (6%)" for "four percent (4%)" twice; and in the third paragraph, substituted "six percent (6%)" for "four percent (4%)" twice.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

Where the petition filed on January 15, 1985 was 126 registered voters short of the statutorily required 20 percent necessary to call a beer sales referendum, whereupon the board of alderman requested Attorney General opinion for guidance and, upon release of Attorney General's opinion, petitioners gathered additional signatures, board properly accepted 126 validated names submitted on March 26, 1985 to supplement those on the petition as first filed, adjudged that the petition met the 20 percent requirement, and called the election. *City of Clinton v. Smith*, 493 So. 2d 331, 1986 Miss. LEXIS 2555 (Miss. 1986).

Where no express deadline for the filing of petitions is fixed by statutes or order of the governing authority, additional signatures of registered voters may be added after the original filings if added within a reasonable time following the original filings, and provided further, that the governing authority be required to adjudge as of the date it determines to call the election that the number of validated signatures as of that day is adequate, and, where, as in this case, the delay was some 2 months and 10 days, several weeks of which were consumed in effort to obtain an Attorney General opinion, none of the 126 signatures submitted on March 25, 1985, and validated by the city clerk, was disqualified from consideration because of tardy filing. *City of Clinton v. Smith*, 493 So. 2d 331, 1986 Miss. LEXIS 2555 (Miss. 1986).

Each signature of a registered voter, before that signature may be validated

and counted toward the number of signatures required by statute, must appear upon a page which contains language expressing in an intelligible manner the desire of the signing party that a particular referendum election be called, that is, language sufficient that one reading it before signing would not likely be mislead as to the import of his or her signature. *City of Clinton v. Smith*, 493 So. 2d 331, 1986 Miss. LEXIS 2555 (Miss. 1986).

Forty-five validated signatures on 6 petition pages containing no language advising signatories of the reason for affixing their signatures thereon could not be counted toward the 20 percent requirement to call a beer sales referendum election. *City of Clinton v. Smith*, 493 So. 2d 331, 1986 Miss. LEXIS 2555 (Miss. 1986).

A petition asking the board of aldermen to call an election to determine whether or not beer could be lawfully sold in the city, which was regular and sufficient on its face, and contained an attorney's affidavit that the signatures thereon were genuine, as well as the city clerk's affidavit that the names of more than 20 per cent of the city's qualified electors were on the petition, was sufficient to make a prima facie case for petitioners. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224, 1957 Miss. LEXIS 508 (Miss. 1957).

It was the duty of the mayor and board of aldermen to canvass the names on petition asking that an election be called to determine whether or not beer could be lawfully sold in the city, in order to determine whether or not such petition contained the required number of qualified voters, and to adjudicate this fact. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224, 1957 Miss. LEXIS 508 (Miss. 1957).

Where, upon appeal, the circuit judge correctly reversed the action of the mayor and board of supervisors in dismissing a

petition asking that an election be held to determine whether or not beer could be lawfully sold in the city, it was error to fail to enter a judgment directing the mayor and the board of aldermen to call an election in accordance with this section. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224, 1957 Miss. LEXIS 508 (Miss. 1957).

Although the county in which the city was located had voted out beer under Code 1942, § 10208, in 1939, this would not prevent the city from holding an election under this section to determine whether or not beer could be sold therein. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224, 1957 Miss. LEXIS 508 (Miss. 1957).

OPINIONS OF THE ATTORNEY GENERAL

1988 census estimate is not viewed as official update or amendment to latest census; population figures of 1980 census and not those of 1988 estimate constitute

“latest federal census” as contemplated by statute. Shepard, March 15, 1990, A.G. Op. #90-0161.

§ 67-3-11. Homemade wine or beer.

(1) Every person shall have the right to make homemade wine for domestic or household uses only, free of all restraint by this chapter or otherwise, and no such election as provided for in Sections 67-3-7, 67-3-9 and 67-3-13, shall deprive any person of the right to make homemade wine for domestic or household uses only.

(2)(a) Every person twenty-one (21) years of age or older shall have the right to make homemade beer for personal, family, domestic or household uses without restraint by this chapter or otherwise.

(b) The maximum amount of homemade beer that a person may make in a calendar year shall not exceed:

(i) One hundred (100) gallons if there is only one (1) person over the age of twenty-one (21) years of age residing in the household; and

(ii) Two hundred (200) gallons if there are two (2) or more persons over the age of twenty-one (21) years residing in the household.

(c) A person who makes homemade beer as authorized in this section may remove the beer from the premises of the household where it is made and transport the beer only for the purpose of participating in a bona fide exhibition, contest or competition where homemade beer is being tasted and judged; however, homemade beer may not be sold or offered for sale under any circumstances.

HISTORY: Codes, 1942, §§ 10209, 10227; Laws, 1934, ch. 171; Laws, 2013, ch. 345, § 1, eff from and after July 1, 2013; Laws, 2020, ch. 314, § 6, eff from and after passage (approved June 18, 2020); Laws, 2020, ch. 423, § 8, eff from and after July 1, 2020.

Joint Legislative Committee Note — Section 6 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 8 of Chapter 423, Laws of 2020, effective from and after July 1, 2020 (approved June 30, 2020), also amended the section. As set out above, this section reflects the language of Section 8 of Chapter 423, Laws of 2020, pursuant to Section 1-3-79, which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date supersedes all other amendments to the same section approved on an earlier date.

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, inserted “light spirit product” in (2)(a).

The second 2020 amendment (ch. 423), in (2)(a), deleted “if the beer is made in a county or municipality in which the possession of light wine or beer is lawful” from the end.

JUDICIAL DECISIONS

1. In general.

In charging offense of unlawful possession of wine, it is not necessary to negative

exception of homemade wine. *Forbert v. State*, 179 Miss. 66, 174 So. 248, 1937 Miss. LEXIS 15 (Miss. 1937).

§ 67-3-13. Possession of light wine, light spirit product and beer in dry counties; seizure and disposal of for violation of section.

(1) It shall be lawful to possess beer, light spirit product and light wine throughout the state, unless otherwise prohibited by this chapter. However, nothing herein shall be construed to make lawful the possession of beer, light spirit product or light wine with the intent to sell except as authorized by this chapter.

(2) In any county or municipality in which the transportation, storage, sale, distribution, receipt and/or manufacture of light wine, light spirit product and beer is prohibited, it shall not be unlawful for a permitted wholesaler or distributor to possess light wine, light spirit product and beer when such light wine, light spirit product and beer is held therein solely for the purpose of storage and for distribution to other counties and municipalities in which transportation, storage, sale, distribution, receipt and/or manufacture is lawful.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section, in any county in which transportation, storage, sale, distribution, receipt and/or manufacture of light wine, light spirit product and beer is prohibited, it shall not be unlawful:

(a) To receive or store light wine, light spirit product or beer at a resort area as defined in Section 67-1-5;

(b) To distribute and transport light wine, light spirit product or beer to a resort area as defined in Section 67-1-5;

(c) To transport beer of an alcoholic content of more than eight percent (8%) by weight if it is being transported to another state for legal sale in that state;

(d) To transport legally purchased light wine, light spirit product or beer in unopened containers if it is being transported on a state or federal highway; however, this paragraph shall not apply to a retailer unless the retailer has purchased the light wine, light spirit product or beer from a wholesaler or distributor for the designated sales territory in which the retailer is located and the retailer has in his possession an invoice from the wholesaler or distributor for the light wine, light spirit product or beer; or

(e) To transport homemade beer as authorized in Section 67-3-11.

(4) Any light wine, light spirit product or beer found in possession of, or sold by, a person in violation of this section shall be seized and disposed of in the manner provided for in Section 67-1-18.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a typographical error near the end of the second and third sentences of (1) by inserting the words “wine or” preceding “beer therein.” The Joint Committee ratified the correction at its August 16, 2012, meeting.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error by adding “To” at the beginning of (d). The Joint Legislative Committee ratified the correction at its August 1, 2013, meeting.

Section 7 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 9 of Chapter 423, Laws of 2020, effective from and after July 1, 2020 (approved June 30, 2020), also amended the section. As set out above, this section reflects the language of Section 9 of Chapter 423, Laws of 2020, pursuant to Section 1-3-79, which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date supersedes all other amendments to the same section approved on an earlier date.

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, in (1), inserted “light spirit product of an alcoholic content of not more than four percent (4%) by weight,” “wine, light spirit product or” and “light spirit product”; and inserted “light spirit product” everywhere it appears in (2) through (4), and made related punctuation changes.

The second 2020 amendment (ch. 423) rewrote (1), which made the possession of alcoholic beverages in counties that elected to prohibit the transportation, storage, sale, distribution, receipt and/or manufacture of certain wines and beer in such counties unlawful; inserted “light spirit product” everywhere it appears in (2) through (4); in (2), deleted “Notwithstanding the provisions of subsection (1) of this section” at the

beginning, and substituted “in which transportation, storage, sale, distribution, receipt and/or manufacture is lawful” for “in which possession of such beverages is lawful” at the end; and in (3)(a), substituted “receive or store” for “receive, store, possess or consume.”

JUDICIAL DECISIONS

ANALYSIS

1. Validity.
2. Construction.
3. Effect.

1. Validity.

Section 67-3-13 did not deny a defendant, who was convicted of possession of beer in a “dry” part of the county while traveling home after having legally purchased the beer in a “wet” city, equal protection under the laws and constitution of the State of Mississippi and the Constitution of the United States, nor was there any invasion of the defendant’s constitutional right of privacy. *Dantzler v. State*, 542 So. 2d 906, 1989 Miss. LEXIS 197 (Miss. 1989).

Chapter 279, Laws of 1958, is constitutional and valid, and states an enforceable and definite offense. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540, 1959 Miss. LEXIS 453 (Miss. 1959).

2. Construction.

Chapter 252, Laws of 1956, neither expressly nor by implication repealed Code 1942, § 10208.5. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224, 1957 Miss. LEXIS 508 (Miss. 1957).

It is not unlawful to possess beer having an alcoholic content of not more than 4 per cent by weight in a county where beer has been excluded by an election and neither is it unlawful to transport beer into such county for purposes of personal use or consumption. *King v. Monaghan*, 227 Miss. 251, 85 So. 2d 911, 1956 Miss. LEXIS 680 (Miss. 1956).

3. Effect.

Defendant’s conviction under Miss.

Code Ann. §§ 67-3-13(1) (Supp. 2013) was reversed where missing from the evidence presented at trial and the jury instructions was any mention of the second essential element, i.e., that the county where the beer was purchased had elected to prohibit the sale and possession of beer. *Davis v. State*, 138 So. 3d 965, 2014 Miss. App. LEXIS 259 (Miss. Ct. App. 2014).

Where police found a bottle of vodka and four cans of beer in defendant’s vehicle, he was arrested and charged with the offenses of possession of whiskey and possession of beer in a dry county; the failure of the police justice affidavit to cite to the Mississippi statute did not render the affidavit invalid, and the defendant was adequately notified of the nature and cause of the accusations against him. *Loveless v. City of Booneville*, 972 So. 2d 723, 2007 Miss. App. LEXIS 400 (Miss. Ct. App. 2007), cert. dismissed, 973 So. 2d 244, 2008 Miss. LEXIS 2 (Miss. 2008).

Where enforcement agents of the Alcoholic Beverage Control Division, in the course of a lawful search for intoxicating liquor, discovered beer which was contraband in that county, it was lawful under the circumstances for the officers to seize the beer, and their testimony with respect to it was properly admitted in a prosecution for the illegal possession of beer. *Gann v. State*, 234 So. 2d 627, 1970 Miss. LEXIS 1415 (Miss. 1970).

Where the qualified electors of a county had rejected the proposition that beer had not more than four percent alcohol by weight be legalized, possession of beer in the county was illegal and continued to be so after the election whether its alcoholic content was more or less than four percent, and proof that an accused’s beer

contained more than four percent of alcohol by weight was not necessary in order to convict the accused of the illegal possession of the beer. *Gann v. State*, 234 So. 2d 627, 1970 Miss. LEXIS 1415 (Miss. 1970).

A charge of unlawfully possessing beer must allege that it was in violation of this statute. *Brown v. State*, 241 Miss. 838, 133 So. 2d 529, 1961 Miss. LEXIS 408 (Miss. 1961).

The local option statutes, Chapter 171, Laws of 1934, and chapter 279, Laws of 1958, are so closely related that a valid affidavit charging an offense under subsection (b) of the 1958 Act must charge, among other averments, that the defendant had possession of alcoholic beverages in violation of the provisions of Chapter 279, Laws of 1958. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540, 1959 Miss. LEXIS 453 (Miss. 1959).

A charge that one had in his possession beer when the same was prohibited in the county as the result of an election to prohibit its transportation, storage, sale, distribution or manufacture, contrary to that form of the statute in such case made

and provided, fails to state an offense. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540, 1959 Miss. LEXIS 453 (Miss. 1959).

In prosecution for unlawful distribution of beer in a county where such distribution has been outlawed by the vote of the people, this distribution is violation of this section regardless of the fact that the alcoholic content may be 4 per cent or less and it is unnecessary for the charge or the proof to show whether the alcoholic content was 4 per cent or more or less than that amount. *Walton v. State*, 219 Miss. 72, 68 So. 2d 87, 1953 Miss. LEXIS 371 (Miss. 1953).

Under a statute allowing the county to determine that it shall be unlawful to transport beer of alcoholic content of not more than 4 per cent, an indictment which charged violation of the statute but did not set out each step by which county effected its "determination" but stated what the county determined was sufficient. *Hoyle v. State*, 216 Miss. 330, 62 So. 2d 380, 1953 Miss. LEXIS 641 (Miss. 1953).

OPINIONS OF THE ATTORNEY GENERAL

A beer distributorship may be located in a dry jurisdiction, provided that the beer or light wine is held solely for the purpose

of storage and distribution to wet counties and municipalities. *Johnson, III*, Nov. 30, 2001, A.G. Op. #01-0709.

§ 67-3-15. Permit and/or license required.

(1) Any person who shall brew or manufacture or sell any beer, light spirit product or light wine without first having secured a permit and/or license from the commissioner authorizing the brewing or manufacture or sale of such liquor, shall be guilty of a misdemeanor and, upon conviction thereof, be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for not more than one (1) year, or both, in the discretion of the court. Any person so convicted may not apply for any permit or license issued by the commissioner until five (5) years have elapsed from the date of such conviction.

(2) This section shall not apply to beer authorized to be made pursuant to Section 67-3-11.

(3) Any light wine, light spirit product or beer found in possession of, or sold by, a person in violation of this section shall be seized and disposed of in the manner provided for in Section 67-1-18.

§ 67-3-17. Application for permit; oath.

(1) Any person desiring to engage in any business taxable under Sections 27-71-303 through 27-71-317, Mississippi Code of 1972, either as a retailer, or as a wholesaler or distributor, or as a manufacturer, of light wines, light spirit products or beer, shall file with the commissioner an application for a permit allowing him to engage in such business. The application for a permit shall contain a statement showing the name of the business, and if a partnership, firm, association or limited liability company, the name of each partner or member, and if a corporation the names of two (2) principal officers, the post office address, and the nature of business in which engaged. In case any business is conducted at two (2) or more separate places, a separate permit for

each place of business shall be required. The commissioner shall prescribe the form of the application and designate who is required to sign the application. The application shall be signed under penalty of perjury.

(2) The application shall include a statement that the applicant will not, except as otherwise authorized in this chapter, allow any alcoholic beverages as defined in Section 67-1-5, any beer having an alcoholic content of more than eight percent (8%) by weight, any spirit product having an alcoholic content of more than six percent (6%) by weight, or any wine having an alcoholic content of more than five percent (5%) by weight, to be kept, stored or secreted in or on the premises described in such permit or license, and that the applicant will not otherwise violate any law of this state, or knowingly allow any other person to violate any such law, while in or on such premises.

(3) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64, Mississippi Code of 1972.

HISTORY: Codes, 1942, § 10238; Laws, 1934, ch. 127; Laws, 1997, ch. 588, § 22; Laws, 1998, ch. 306, § 8; Laws, 2012, ch. 323, § 8; Laws, 2012, ch. 501, § 5; Laws, 2012, ch. 566, § 3, eff from and after July 1, 2012; Laws, 2020, ch. 314, § 9, eff from and after passage (approved June 18, 2020); Laws, 2021, ch. 450, § 12, eff from and after July 1, 2021.

Joint Legislative Committee Note — Section 8 of Chapter 323, Laws of 2012, effective July 1, 2012 (approved April 5, 2012), Section 5 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30, 2012) and Section 3 of Chapter 566, Laws of 2012, effective July 1, 2012 (approved May 23, 2012), amended this section. As set out above, this section reflects the language of all three amendments pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the August 16, 2012, meeting of the Committee.

Editor's Notes — Laws, 1997, ch. 588, § 150, provides as follows:

“SECTION 150. Any person or entity shall be absolutely immune from any liability arising from compliance with the dictates of this act unless such conduct by the person or entity is willful and intentional”.

Laws of 2012, ch. 566, § 10 provide:

“SECTION 10. Sections 8 and 9 of this act shall take effect and be in force from and after its passage, and the remaining sections of this act shall take effect and be in force from and after July 1, 2012.”

Amendment Notes — The 2020 amendment, effective June 18, 2020, in (1), inserted “light spirit products” in the first sentence; in (2), inserted “any spirit product having an alcoholic content of more than four percent (4%) by weight”; and made related punctuation changes.

The 2021 amendment, in (2), substituted “six percent (6%)” for “four percent (4%).”

§ 67-3-19. Qualifications of applicant for permit as retailer.

Where application is made for a permit to engage in the business of a retailer of light wine, light spirit product or beer, the applicant shall show in his application that he possesses the following qualifications:

(a) Applicant must be a person at least twenty-one (21) years of age, of good moral character and a resident of the State of Mississippi.

(b) Applicant shall not have been convicted of a felony, or of pandering or of keeping or maintaining a house of prostitution, or have been convicted within two (2) years of the date of his application of any violation of the laws of this state or the laws of the United States relating to alcoholic liquor.

(c) Applicant shall not have had revoked, except for a violation of Section 67-3-52, within two (2) years next preceding his application, any license or permit issued to him pursuant to the laws of this state, or any other state, to sell alcoholic liquor of any kind.

(d) Applicant shall be the owner of the premises for which the permit is sought or the holder of an existing lease thereon.

(e) Applicant shall not be residentially domiciled with any person whose permit has been revoked for cause, except for a violation of Section 67-3-52, within two (2) years next preceding the date of the present application for a permit.

(f) The applicant has not had any license or permit to sell beer, light spirit product or light wine at retail revoked, within five (5) years next preceding his application, due to a violation of Section 67-3-52.

(g) Applicant shall not employ any person whose permit has been revoked when such person owned or operated the business on the premises for which a permit is sought or allow such person to have any financial interest in the business of the applicant, until such person is qualified to obtain a permit in his own name.

(h) The applicant is not indebted to the State of Mississippi for any taxes.

(i) If applicant is a partnership, all members of the partnership must be qualified to obtain a permit. Each member of the partnership must be a resident of the State of Mississippi.

(j) If applicant is a corporation, all officers and directors thereof, and any stockholder owning more than five percent (5%) of the stock of such corporation, and the person or persons who shall conduct and manage the licensed premises for the corporation shall possess all the qualifications required herein for any individual permittee. However, the requirements as to residence shall not apply to officers, directors and stockholders of such corporation.

Any misstatement or concealment of fact in an application shall be ground for denial of the application or for revocation of the permit issued thereon.

The commissioner may refuse to issue a permit to an applicant for a place that is frequented by known criminals, prostitutes, or other law violators or troublemakers who disturb the peace and quietude of the community and frequently require the assistance of peace officers to apprehend such law violators or to restore order. The burden of proof of establishing the foregoing shall rest upon the commissioner.

JUDICIAL DECISIONS

1. In general.

In a suit for the breach of a commercial lease, the tenant was not prohibited from claiming lost profits resulting from the club's sale of beer where he did not have a license to sell beer and any failure in obtaining a liquor license was not a contributing cause of the damages that he tenant sought. *Evans v. Clemons*, 872 So. 2d 23, 2003 Miss. App. LEXIS 821 (Miss. Ct. App. 2003), cert. denied, 873 So. 2d 1032, 2004 Miss. LEXIS 475 (Miss. 2004).

Where local option applies, the state

proposes to maintain control as to who may sell beer, as well as when and where. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The rejection of an application for a license to sell beer at retail may not be arbitrary or capricious. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

By the terms of this section it is meant that the applicant for a license to sell beer at retail should make apparent or clear by

evidence, testimony or reasoning, or prove or demonstrate that he possesses the requisite qualifications. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The burden of showing the necessary moral character ordinarily rests upon the applicant for a license to sell beer. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The granting of a permit to sell beer at retail ordinarily rests in the sound discretion of the official to whom the duty is committed, and the refusal to grant such permit deprives no one of any personal property right, but merely deprives him of the privilege which it is in the discretion of the proper authorities to grant or withhold. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

While if the law specially enjoined upon the state tax commissioner the duty to issue a permit to sell beer at retail, mandamus would be a proper remedy, but since the question whether the applicant possessed the requisite qualifications had to be determined by the commissioner, when he acted, he did so in the exercise of discretion and not ministerially. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

Since the commissioner, in denying the applicant a permit to sell beer at retail, was not acting ministerially but in the exercise of discretion, the action of the trial judge in refusing to grant the writ of mandamus was affirmed. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

Section 1 of Chapter 347, Laws of 2020, effective from and after July 1, 2020 (approved June 23, 2020), also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 347, Laws of 2020, pursuant to Section 1-3-79, which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date shall supersede all other amendments to the same section taking effect on an earlier date.

Amendment Notes — The first 2020 amendment (ch. 314), effective June 18, 2020, inserted “light spirit product” everywhere it appears.

The second 2020 amendment (ch. 347) deleted former (3), which read: “Except as otherwise provided in this subsection, light wine or beer manufactured by a brewpub shall not be sold away from the premises of such brewpub (as defined in Section 27-71-301, Mississippi Code of 1972) and shall not be packaged in any form that it may be carried away from the premises; however, the final one hundred (100) gallons of beer within a fermenting tank may be placed in kegs for sale on the premises to facilitate transition from one fermenting tank to another. A brewpub may sell light wine or beer manufactured by it for consumption off the premises of the brewpub if the light wine or beer so sold is contained in a growler”; and redesignated former (4) as (3).

§ 67-3-23. Issuance, display, and transfer of permits.

Upon receipt of an application for a permit to engage in any business taxable under the provisions of Sections 27-71-303 through 27-71-317, Mississippi Code of 1972, and the oath required by Section 67-3-17, the commissioner shall issue to such applicant, without cost, a permit to engage in such business upon condition that the applicant shall obtain a license and pay the tax imposed under the provisions of law for the privilege of engaging, or continuing, in such business. Such permit shall be displayed at all times in some conspicuous place at the applicant’s place of business. No permit shall be transferable.

1. In general.

In a suit for the breach of a commercial lease, the tenant was not prohibited from claiming lost profits resulting from the club's sale of beer where he did not have a license to sell beer and any failure in obtaining a liquor license was not a contributing cause of the damages that he tenant sought. *Evans v. Clemons*, 872 So. 2d 23, 2003 Miss. App. LEXIS 821 (Miss. Ct. App. 2003), cert. denied, 873 So. 2d 1032, 2004 Miss. LEXIS 475 (Miss. 2004).

Where local option applies, the state proposes to maintain control as to who may sell beer, as well as when and where. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The applicant for a license to sell beer at retail has no inherent right to the permit. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The granting of a permit to sell beer at retail ordinarily rests in the sound discretion of the official to whom the duty is committed, and the refusal to grant such permit deprives no one of any personal property right, but merely deprives him of

the privilege which it is in the discretion of the proper authorities to grant or withhold. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The burden of showing the necessary moral character ordinarily rests upon the applicant for a license to sell beer. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

The rejection of an application for a license to sell beer at retail may not be arbitrary or capricious. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

Since the commissioner, in denying the applicant a permit to sell beer at retail, was not acting ministerially but in the exercise of discretion, the action of the trial judge in refusing to grant the writ of mandamus was affirmed. *Powell v. State Tax Com.*, 233 Miss. 185, 101 So. 2d 350, 1958 Miss. LEXIS 368 (Miss. 1958).

Those who avail themselves of legislative privilege of engaging in sale of beer accept the privilege under the conditions attached to its exercise. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

§ 67-3-25. Sales authorized by permit; expiration of permit; annual renewal; temporary permits; contents of permit.

(1) Any permit issued authorizing the sale or delivery of light wines, light

spirit products and/or beer for consumption shall be construed to authorize the sale or delivery of light wines, light spirit products and/or beer by the bottle, by the glass or by draught, and in or from the original package.

(2) The commissioner is authorized to establish, in his discretion, dates for the expiration of permits issued under this chapter.

(3) Except as otherwise provided in this section, permits shall be issued for twelve (12) months and shall be renewed annually on the first day of the month in which the permit expires. The commissioner may issue temporary permits for less than a full year. All permits shall show the effective date and expiration date of the permit, the business location, individual or business name and mailing address of the permittee.

Editor's Notes Laws of 2021, ch. 442, § 8, provides:

“SECTION 8. If any section, paragraph, sentence, clause, phrase or any part of this act is declared by a court of competent jurisdiction to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect.”

Amendment Notes — The 2020 amendment, effective June 18, 2020, in (1), inserted “light spirit products” twice, and made related punctuation changes.

The 2021 amendment, in (1), inserted “or delivery” twice.

§ 67-3-27. Licenses.

Before any person shall engage in the business of manufacturer, wholesaler, distributor or retailer of light wines, light spirit products or beer, he shall apply to the commissioner for a license to engage in such business, and shall pay to the commissioner the specific tax imposed by Section 27-71-303, for the privilege of engaging in such business. The commissioner upon receipt of such tax shall issue to such person a privilege license to engage in or continue in such business for a period of time not to exceed one (1) year. No such license shall be issued to the applicant unless such applicant shall have obtained from the commissioner a permit as required in Section 67-3-17. A brewpub shall obtain all necessary federal licenses and permits prior to obtaining any license under this chapter.

All privilege licenses issued under the provisions of this section shall be renewed annually on or before the first day of the month in which the current license expires.

JUDICIAL DECISIONS

1. In general.

Municipality may enforce municipal ordinance regarding sale of beer within 1500 feet of church against convenience stores notwithstanding fact that owner of one store has located store on basis of mayor’s assurance that location complied with ordinance and that municipality has allowed sale of beer at another convenience store for some 12 years; furthermore renewal of permits for stores to sell beer may be denied on basis of noncompliance with ordinance. *Suggs v. Caledonia*,

470 So. 2d 1055, 1985 Miss. LEXIS 2112 (Miss. 1985).

A licensee has no vested property right in a license to sell beer and light wines, which is simply a revocable permit or alienable privilege, with reference to a business which has long been recognized as peculiarly affecting the public interest and subject to governmental regulations. *Miller v. Board of Supervisors*, 230 Miss. 849, 94 So. 2d 604, 1957 Miss. LEXIS 431 (Miss. 1957).

§ 67-3-28. Brewpub alcoholic content testing requirements.

(1) Any person desiring to engage in business as a brewpub shall file with the commissioner, along with the application required by Section 67-3-17, Mississippi Code of 1972, a certificate issued by a licensed testing laboratory indicating that such laboratory has tested a sample of the applicant’s beer, light spirit product or light wine, or a combination thereof, and that the alcohol content of such sample of beer does not exceed eight percent (8%) by weight, and the alcohol content of such sample of light spirit product does not exceed six percent (6%) by weight, and the alcoholic content of such sample of light wine does not exceed five percent (5%) by weight.

(2) Every brewpub shall be required to submit to random testing by the commissioner to determine whether any beer being manufactured, sold, kept, stored or secreted by the license holder contains an alcohol content greater than eight percent (8%) by weight, and light spirit product being manufac-

tured, sold, kept, stored or secreted by the license holder contains an alcoholic content greater than six percent (6%) by weight, and any light wine being manufactured, sold, kept, stored or secreted by the license holder contains an alcoholic content greater than five percent (5%) by weight. The commissioner shall establish and administer testing standards and procedures to be used in such random testing. The brewpub licensee shall be responsible for all costs incurred by the commissioner in conducting random testing under this section.

Amendment Notes — The 2020 amendment, effective June 18, 2020, in (1), inserted “light spirit product,” substituted “or a combination thereof” for “or both,” and inserted “and the alcohol content of such sample of light spirit product does not exceed four percent (4%) by weight” and “sample of”; and in (2), inserted “and light spirit product being manufactured, sold, kept, stored or secreted by the license holder contains an alcoholic content greater than four percent (4%) by weight.”

The 2021 amendment, in (1) and (2), substituted “six percent (6%)” for “four percent (4%).”

§ 67-3-29. Revocation or suspension of permit by commissioner.

(1) The commissioner, or a hearing officer or the board of review, as designated by the commissioner, after a show cause hearing, shall revoke or suspend any permit granted by authority of this chapter to any person who shall violate any of the provisions of this chapter or the revenue laws of this state relating to engaging in transporting, storing, selling, distributing, possessing, receiving or manufacturing of wines or beers, or any person who shall hereafter be convicted of the unlawful sale of intoxicating liquor, or any person who shall allow or permit any form of illegal gambling or immorality on the premises described in such permit. The commissioner shall not revoke or suspend a permit of a retailer for the sale of light wine, light spirit product or beer to a person under the age of twenty-one (21) years until there has been a conviction of the permit holder or an employee of the permit holder for such violation.

(2) If any person exercising any privilege taxable under the provisions of Chapter 71 of Title 27, Mississippi Code of 1972, shall willfully neglect or refuse to comply with the provisions of such chapter, or any rules or regulations promulgated by the commissioner under authority of such chapter, or the provisions of this chapter, including maintaining the qualifications of an applicant under Section 67-3-19, during the permit period, the commissioner shall be authorized to revoke or suspend the permit theretofore issued to the person. Any person whose permit shall have been revoked by the commissioner shall be thereafter prohibited from exercising any privilege under the provisions of Chapter 71 of Title 27, Mississippi Code of 1972, for a period of two (2) years from the date of the revocation. The commissioner may, however, for good

cause shown, grant a new permit upon such conditions as the commissioner may prescribe. Any person whose permit shall have been suspended by the commissioner shall be prohibited from exercising any privilege under the provisions of Chapter 71 of Title 27, Mississippi Code of 1972, during the period of the suspension. Failure of the person to comply with the terms of the suspension shall be cause for revocation of his permit, in addition to the other penalties provided by law.

(3) In addition to the reasons specified in this section and other provisions of this chapter, the commissioner shall be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a publishing error in subsection (1) of this section. The sentence “The commissioner shall not revoke or suspend a permit of a retailer for the sale of light wine or beer to a person under the age of twenty-one (21) years until there has been a conviction of the permit holder or an employee of the permit holder for such violation” was added at the end. The Joint Committee ratified the correction at its June 3, 2003 meeting.

Amendment Notes — The 2020 amendment, effective June 18, 2020, in (1), inserted “light spirit product” in the last sentence.

JUDICIAL DECISIONS

1. In general.

Sections authorizing revocation of permit for wholesale distribution of beer under certain prescribed circumstances upon giving notice as required by Code 1942, § 10257, are constitutional. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

A permit or license for the wholesale distribution of beer is not a property or contract right, and its revocation need seek no judicial sanction, nor is a judicial proceeding available to forbid the proper

exercise of such revocation. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

Although ordinarily a license may have aspects of property, the control retained in respect to the granting of a permit for wholesale distribution of beer strips the permit of that quality which requires divestiture only by judicial process. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

Those who avail themselves of legislative privilege of engaging in sale of beer

accept the privilege under the conditions attached to its exercise. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

While absolute administrative power to revoke permit for wholesale distribution of beer excludes judicial review where exercised under condition of its bestowal, it does not imply arbitrary or capricious exercise. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

Administrative questions regarding revocation of permit for wholesale distribution of beer belong within the legislative orbit, and, although judicial oversight can

never be absolutely forbidden, it is measured by the same considerations which apply to direct legislative acts. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

Order of commissioner revoking permit for wholesale distribution of beer upon sufficient grounds prescribed in the sections authorizing such revocation, after notice as required by Code 1942, § 10257 and a hearing, was final, where the notice to the permit holder set out the grounds for such revocation which were confirmed by the commissioner's order. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911, 1945 Miss. LEXIS 280 (Miss. 1945).

§ 67-3-31. Judicial revocation or suspension of permit; affidavit and complaint.

Proceedings for the revocation or suspension of any permit authorizing the sale of beer or wine at retail for a violation of any of the provisions of Section 67-3-53 may be brought in the circuit or county court of the county in which the licensed premises are located. Such proceedings shall be entitled in the name of the state and against the permittee and shall be instituted by filing a complaint with the clerk of the court. The complaint may be filed by the county prosecuting attorney of the county upon his own initiative or, then by the district attorney of the district in which the county is located, and it shall be mandatory upon the county prosecuting attorney, or district attorney, as the case may be, to file a complaint when requested to do so by a peace officer or any person as provided in this section. Any peace officer within his jurisdiction or any enforcement officer of the Alcoholic Beverage Control Division within the Department of Revenue who learns that a retail permittee within his jurisdiction has violated any of the provisions of such section shall file with the county prosecuting attorney of the county in which the licensed premises are located, or, then with the district attorney of the district in which such county is located, an affidavit specifying in detail the facts alleged to constitute such violation, and requesting that a complaint be filed against the permittee for the

revocation or suspension of his permit. A like affidavit may be filed with the county prosecuting attorney, or district attorney, as the case may be, by any person who resides, and has for at least one (1) year prior thereto resided within the county in which the licensed premises are located requesting that a complaint be filed for the revocation or suspension of the permittee's permit. Promptly upon receiving any such affidavit the county prosecuting attorney, or district attorney, shall prepare a proper complaint, which shall be signed and sworn to by the person or persons filing the affidavit with him, and the county prosecuting attorney or district attorney shall file the complaint with the clerk of the circuit or county court.

§ 67-3-33. Judicial revocation or suspension of permit; service of notice.

Upon filing a complaint with the clerk of the court, the county prosecuting attorney or district attorney filing the same shall promptly move the court to set the complaint for hearing. The court shall set the complaint for hearing at an early date in term time or in vacation and such proceedings shall have precedence for trial over all civil actions. Upon a date for trial being set by the court, the county prosecuting attorney or district attorney shall serve or cause to be served upon the permittee in accordance with the Mississippi Rules of Civil Procedure a notice of the filing of said complaint, together with a copy of said complaint, and shall set forth in said notice the time and place of the hearing thereon. Said notice shall be served upon the permittee at least ten (10) days prior to the date set for hearing if personal service be made. If service be made by mail, such notice shall be deposited in the United States mail not less than twelve (12) days prior to the date set for hearing. A copy of said complaint and notice of hearing thereon shall also be mailed to the commissioner by the county prosecuting attorney or district attorney.

§ 67-3-35. Judicial revocation or suspension of permit; hearing and judgment.

The complaint shall be heard by the court without a jury. If the court shall find upon the hearing that the offense or offenses charged in the complaint have been established by the evidence, the court shall order the revocation or suspension of the permit. If the court finds that the permittee has not previously violated the law in the operation of his licensed business, and that no permit or license held by him has previously been suspended or revoked, and if it appears to the satisfaction of the court that there is reasonable ground to expect that the permittee will not again commit the offense or offenses charged in the complaint and that to revoke the permit would be unduly severe, then the court may suspend the permit for such period of time as the court deems proper. However, if the permittee has previously had his permit suspended or revoked, it shall be mandatory upon the court upon a finding of guilty to revoke the said permit. The judgment of the court revoking or suspending such permit shall not be superseded or stayed during the pendency of an appeal therefrom. A certified copy of the final order or decree of the court shall be forwarded by the clerk of the court to the commissioner.

After the filing of a complaint with the clerk of the court for the revocation or suspension of a permit, the court in which the complaint is filed shall retain jurisdiction to hear and determine such complaint and to enter judgment revoking or suspending such permit. For the purpose of such hearing and as to the effect of the judgment of the court entered pursuant thereto, the permit shall be in full force and effect even though the permittee, after filing of such complaint, may have surrendered his permit, or such permit may have expired, or the rights of the permittee thereunder may have otherwise terminated. It is the purpose of this section to preclude the permittee from avoiding the effect of a judgment of revocation by a court by reason of conditions arising subsequent to the filing of a complaint.

It shall be the duty of the county prosecuting attorney or the district attorney, as the case may be, to file complaints as provided in Section 67-3-31 and to prosecute diligently and without delay all complaints filed by him.

It shall be the duty of all peace officers, within their jurisdiction, and all enforcement officers of the Alcoholic Beverage Control Division of the Department of Revenue to enforce the provisions of Section 67-3-53 and they shall frequently visit all licensed premises within their jurisdiction to determine whether such permittees are complying with the laws. They shall promptly investigate all complaints made to them by any citizen relative to any alleged violations of such section within their jurisdiction. When any peace officer or enforcement officer of the Alcoholic Beverage Control Division has knowledge of a violation of such section committed by a permittee within his jurisdiction, it shall be his duty forthwith to file an affidavit with the county prosecuting attorney or district attorney requesting that a complaint be filed for the revocation or suspension of the permit of the permittee.

§ 67-3-39. Judicial revocation or suspension of permit; jurisdiction of courts is not exclusive.

The jurisdiction conferred upon the circuit and county courts to hear and determine complaints for the revocation or suspension of permits shall not be exclusive and any authority conferred on the commissioner to revoke or suspend licenses shall remain in full force and effect, and the commissioner shall have authority to revoke or suspend permits for a violation of Section 67-3-53 in the manner provided in subsection (2) of Section 67-3-29 for the revocation of permits. However, when a complaint is filed with the court any proceedings which may then be pending before the commissioner against the same permittee on the same charges shall abate and no proceedings for the revocation or suspension of a permit for a violation of the provisions of Section 67-3-53 shall be filed with the commissioner when proceedings are pending before the court against the permittee on the same charges. The revocation or suspension of a permittee's state permit by the court or by the commissioner shall automatically revoke or suspend any municipal license or permit held by such person. Sections 67-3-31 through 67-3-41 and Section 67-3-53 are declared to be cumulative, amendatory, and supplemental to any and all other acts and laws of this state pertaining to the governing of the sale and distribution of light wines, light spirit products and beers as contained in Sections 27-71-301 through 27-71-347, Mississippi Code of 1972, and Sections 67-3-17, 67-3-23, 67-3-27, 67-3-29(2), 67-3-55, and 67-3-57.

HISTORY: Codes, 1942, § 10223; Laws, 1934, ch. 171; Laws, 1944, ch. 133,

§§ 2-4; Laws, 2020, ch. 314, § 16, eff from and after passage (approved June 18, 2020).

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit products.”

§ 67-3-43. Repealed.

Repealed by Laws of 1973, ch. 467, § 3, eff from and after passage (approved April 9, 1973).

§ 67-3-43. [Codes, 1942, § 10223.5; Laws, 1962, ch. 326]

Editor’s Notes — The substance of former § 67-3-43, relative to possession or sale of untaxed beer, or possession or sale of light wine or beer without proper permits, is now found in the second paragraph of § 67-3-57.

§ 67-3-45. Loans and extension of credit to retailers prohibited; brewpub exemption.

No manufacturer, distributor or wholesale dealer to whom or to which this chapter applies shall:

(a) Make any loan, directly or indirectly, or furnish any fixtures of any kind, directly or indirectly, to any retail dealer in light wines, light spirit products and/or beer;

(b) Have any interest, direct or indirect, in the business of or in the furnishings or fixtures or in the premises used by any such retail dealer in connection with his or its business;

(c) Have any lien on any such property of any such retail dealer; or

(d) Sell light wines, light spirit products and/or beer to any such retail dealer on credit.

This section shall not apply to a brewpub licensed pursuant to Article 3, Chapter 71, Title 27, Mississippi Code of 1972, and shall not prohibit a microbrewery or small craft brewery licensed under Article 3, Chapter 71, Title 27, Mississippi Code of 1972, from being eligible to obtain a retail permit for the sale of beer, light wine or light spirit products on its premises.

HISTORY: Codes, 1942, § 10214; Laws, 1934, ch. 171; Laws, 1966, ch. 656, § 1; Laws, 1998, ch. 308, § 10, eff from and after July 1, 1998; Laws, 2020, ch. 314, § 17, eff from and after passage (approved June 18, 2020); Laws, 2021, ch. 450, § 8, eff from and after July 1, 2021.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit products” in (a) and (d).

The 2021 amendment, in the last paragraph, added “and shall not prohibit...light spirit products on its premises” at the end.

§ 67-3-46. Manufacturers of light wines, light spirit products or beer prohibited from acting as wholesalers or distributors.

(1) The provisions of subsection (2) of this section apply to the following entities:

(a) Any person engaged in the business of brewing or manufacturing beer or in the business of manufacturing or producing light wines or light spirit products;

(b) An officer, director, agent or employee of an entity described in paragraph (a) of this subsection;

(c) An affiliate of an entity described in paragraph (a) of this subsection, regardless of whether the affiliation is corporate or by management, direction or control.

(2) No entity named in subsection (1) of this section may have any interest in the license, business, assets or corporate stock of a wholesaler or distributor to whom this chapter applies, except a security interest granted to the entity of the type provided for the Uniform Commercial Code in products sold to a wholesaler or distributor until the full purchase price has been paid therefor.

JUDICIAL DECISIONS

1. Mississippi Beer Industry Fair Dealing Act.

Circuit court erred in dismissing a wholesaler’s complaint for failure to state a claim because the wholesaler alleged that the Mississippi Beer Industry Fair Dealing Act rendered the match-and-redirect provision of the parties’ distribution

contract null and void, and a beer supplier’s demands premised on the void provision could have amounted to unjustified “interference” with the wholesaler’s transfer to an allegedly qualified transferee. *Rex Distrib. Co. v. Anheuser-Busch, LLC*, 271 So. 3d 445, 2019 Miss. LEXIS 205 (Miss. 2019).

§ 67-3-47. Manufacturer of beer operating brewery permitted to provide limited amounts of beer on premises for tasting or sampling subject to certain conditions.

(1) A person having a permit to manufacture or brew beer under this chapter and who operates a brewery may offer and provide limited amounts of beer on the premises of the brewery for the purpose of tasting or sampling, subject to the following conditions:

(a) The beer provided for tasting or sampling must be manufactured in the State of Mississippi by the holder of the permit;

(b) The beer may be provided only to persons on the premises of the brewery at no cost and for consumption on the premises of the brewery;

(c) The beer may be provided for tasting or sampling between the hours of 8:00 a.m. and 10:00 p.m. on the same day and only in conjunction with a structured tour of the brewery and related facilities which must include the entire manufacturing and brewing processes and methods used at the brewery;

(d) No one under twenty-one (21) years of age may participate in the tasting or sampling, and a sign indicating that prohibition shall be placed in a visible location at the entrance to the area where the tasting or sampling will be conducted;

(e) An individual size sample of beer shall not exceed six (6) ounces, and no more than six (6) samples of beer may be provided to an individual within a twenty-four-hour period; and

(f) The holder of the license operating the brewery shall keep an accurate accounting of the various beers provided and consumed as samples.

(2) For the purposes of this section, the term "brewery" means and has the same definition as that term has in 26 USCS 5402.

HISTORY: Laws, 2012, ch. 569, § 1, eff from and after July 1, 2012.

Editor's Notes — Laws of 2012, ch. 569, § 5, provides:

"SECTION 5. Section 1 of this act shall be codified as a separate section in Chapter 3, Title 67, Mississippi Code of 1972."

A former § 67-3-47 [Codes, 1942, § 10215; Laws, 1934, ch. 171; Laws, 1986, ch. 337, § 7; Repealed by Laws, 1997, ch. 499, § 13, effective from and after July 1, 1997] provided a prohibition against unauthorized use of labels or markings of identification.

§ 67-3-48. Retail sale of light wine, light spirit product or beer produced by small craft brewery.

(1) A small craft brewery may sell at retail light wine, light spirit product or beer produced at its brewery for consumption on the premises of the brewery and consumption off the premises of the brewery if the sales are made on the premises of the brewery and the light wine, light spirit product or beer products offered for sale are also made available for sale to wholesalers.

(2)(a) A small craft brewery shall not sell at retail more than twenty-five percent (25%) of the light wine, light spirit product or beer produced

annually at its brewery or more than two thousand five hundred (2,500) barrels of light wine, light spirit product or beer produced at the brewery annually, whichever is the lesser amount. For purposes of this subsection, contract-brewed beer shall not be included in the amount of beer produced annually at the brewery. The light wine, light spirit product or beer must be sold at a price approximating retail prices generally charged for identical beverages in the county where the brewery is located.

(b) A small craft brewery shall not make retail sales of more than six hundred seventy (670) ounces, in the aggregate, of light wine, light spirit product or beer to any one (1) individual for consumption off the premises of the brewery within a twenty-four-hour period.

(c) The limits on sales provided for in this subsection shall not apply to beer provided pursuant to Section 67-3-47.

(d) A microbrewery shall not sell at retail more than eighty percent (80%) of light wine, light spirit product or beer produced annually at its brewery. The light wine, light spirit product or beer must be sold at a price approximating prices generally charged for identical beverages in the county where the microbrewery is located.

(3) A small craft brewery or microbrewery shall take commercially reasonable steps to ensure that light wine, light spirit product or beer products sold for consumption off the premises of the brewery are being sold for personal use and not for resale and are not being sold to anyone holding a retail permit for the purpose of resale in their establishment.

(4) A small craft brewery or microbrewery shall not make retail sales of contract-brewed beer.

(5) A small craft brewery or microbrewery shall not mail or ship light wine, light spirit product or beer to a consumer.

HISTORY: Laws, 2017, ch. 345, § 1, effective from and after July 1, 2017; Laws, 2020, ch. 314, § 19, eff from and after passage (approved June 18, 2020); Laws, 2021, ch. 450, § 6, eff from and after July 1, 2021.

Editor's Notes — A former § 67-3-48 [Laws, 1997, ch. 499, § 2, effective from and after July 1, 1997; Repealed by Laws of 2000, ch. 435, § 12, effective from and after July 1, 2000] required the State Tax Commission to provide suitable labels or markings of identification for the purpose of taxation of beer inspected and authorized by the commission to be sold, and prohibited the unauthorized use of such labels.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted "light spirit product" everywhere it appears.

The 2021 amendment, in (2), (a) substituted "twenty-five percent (25%)" for "ten percent (10%)" and "two thousand five hundred (2,500)" for "one thousand five hundred (1,500)"; in (2), (b) substituted "six hundred seventy (670)" for "five hundred seventy-six (576)," and added (d); and in (3), (4) and (5), inserted "or microbrewery."

§ 67-3-48.1. Operation of small craft brewery acquired by or acquiring manufacturer of light wine, light spirit product or beer not meeting definition of small craft brewery.

(1) In the event a small craft brewery is acquired by an entity that manufactures light wine, light spirit product or beer that does not fall within the definition of the term “small craft brewery,” the entity that acquired the small craft brewery may continue to operate the brewery as a small craft brewery for as long as the acquired facility meets the definition of the term “small craft brewery”; however, the limit in Section 67-3-3 on the amount of barrels of light wine, light spirit product or beer that a small craft brewery may produce shall not apply to light wine, light spirit product or beer that is not produced by the acquired small craft brewery.

(2) In the event a small craft brewery acquires an entity that manufactures light wine, light spirit product or beer that does not fall within the definition of the term “small craft brewery,” the small craft brewery that acquired the entity may continue to operate as a small craft brewery for as long as the brewery meets the definition of the term “small craft brewery.” The light wine, light spirit product or beer produced by the entity that is acquired by a small craft brewery shall not apply to the limit in Section 67-3-3 on the amount of light wine, light spirit product or beer that the small craft brewery may produce.

(3) A small craft brewery described in subsections (1) and (2) of this section may continue to sell at retail brands the small craft brewery produces on its premises at all locations at which it was selling the brands at retail at the time of the acquisition; however, the small craft brewery may not sell at retail brands produced by the entity that acquired it or by the entity it acquires, as the case may be.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error in subsection (1) by substituting “that acquired the small craft brewery” for “that acquired small craft brewery.” The Joint Committee ratified the correction at the August 15, 2017, meeting.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit product” everywhere it appears.

§ 67-3-49. Manufacture, sale or storage of light spirit product with alcoholic content of more than 6% or beer with alcoholic content of more than 8% prohibited; exception.

(1) Except as otherwise provided in this section, it shall be unlawful for any brewer or manufacturer or distributor or wholesale dealer of or in light

wines, light spirit products and/or beer to manufacture or knowingly bring upon his premises or keep thereon any light spirit product of an alcoholic content of more than six percent (6%) by weight, any beer of an alcoholic content of more than eight percent (8%) by weight. Any person that shall add to or mix with any beer, light spirit product or light wine any alcoholic or other liquid, or any alcohol cube or cubes, or any other ingredient or ingredients that will increase or tend to increase the alcoholic content of such liquor, or any person that shall knowingly offer for sale any liquor so treated, shall be guilty of a misdemeanor and punished as hereinafter provided in this chapter. The commissioner shall take any action he considers necessary to ensure that light wine, light spirit product and/or beer manufactured at a brewpub complies with the provisions of this section.

(2) A brewer or manufacturer of light wine, light spirit product or beer may manufacture and keep upon his premises beer of an alcoholic content of more than eight percent (8%) by weight if the beer is manufactured for legal sale in another state.

Joint Legislative Committee Note — Section 9 of ch. 306, Laws, 1998, effective July 1, 1998, amended this section. Section 11 of ch. 308, Laws, 1998, effective July 1, 1998, also amended this section. As set out above, this section reflects the language of both amendments pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the May 20, 1998 meeting of the Committee.

Section 6 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30, 2012), amended this section. Section 10 of Chapter 323, Laws of 2012, effective July 1, 2012 (approved April 5, 2012), also amended this section. As set out above, this section reflects the language of Section 6 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-49 as amended by Laws of 2012, ch.323.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit products” and “any light spirit product of an alcoholic content of more than four percent (4%) by weight, any” in (1), and inserted “light spirit product” everywhere else it appears.

The 2021 amendment, in the first sentence of (1), deleted “any wine of an alcoholic content of more than five percent (5%) by weight” following “upon his premises or keep thereon,” substituted “six percent (6%)” for “four percent (4%),” and deleted “or any distilled spirits of any alcoholic content whatsoever” from the end.

(1) It shall be unlawful for any person to sell, or offer to sell, or keep for sale any bottled beer, bottled light spirit product or bottled light wine except the same be in the original bottle or in the original package containing bottles, each of which bottles shall bear the original label and the full name of the brewer or manufacturer of the contents of such bottle, both on the label and on the cap or cork of such bottle in the case of beer, and on the label only in the case of light wine and light spirit product.

(2) It shall be unlawful for any person to sell, or offer for sale, or keep for sale any beer, light spirit product or light wine in the original package or packages unless each such original package (whether barrel or other container, and whether containing liquor in bottles or otherwise) shall have plainly stamped on the container or label for each such container the full name of the manufacturer of the liquor therein contained.

(3) It shall be unlawful for any person to sell on draught any beer, light spirit product or light wine except the same be drawn from the original barrel or other container, which such container shall have plainly stamped on each end thereof the full name of the manufacturer of such liquor.

(4) This section shall not apply to beer offered and provided on the premises of a brewery for the purpose of tasting or sampling as authorized in Section 67-3-47.

§ 67-3-52. Sale of beer, light spirit product or light wine obtained outside state.

It shall be unlawful for any person holding a permit authorizing the sale of beer, light spirit product or light wine at retail to obtain such beer, light spirit product or light wine from any source outside of the State of Mississippi. Any person who violates the provisions of this section, upon conviction thereof, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court. Any person convicted of violating this section, or any rules or regulations promulgated by the commissioner with regard to the unlawful acts described in this section, shall forfeit his permit. Any person whose permit has been forfeited pursuant to this section shall not be eligible for a permit issued by the commissioner for

a period of five (5) years after the date of such forfeiture. In addition, no permit shall be issued for the same location, for which an offender has forfeited a permit pursuant to this section, to a spouse, offspring or sibling of the offender when to do so would circumvent the purposes of this section. The commissioner may assess a retailer who violates this section the amount of excise taxes due on the unlawfully imported beer, light spirit product or light wine, together with a penalty in the amount of four (4) times the state excise taxes due or One Hundred Dollars (\$100.00) per case, whichever is greater.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit product” everywhere it appears.

§ 67-3-53. Unlawful acts.

In addition to any act declared to be unlawful by this chapter, or by Sections 27-71-301 through 27-71-347, and Sections 67-3-17, 67-3-27, 67-3-29 and 67-3-57, it shall be unlawful for the holder of a permit authorizing the sale of beer, light spirit product or light wine at retail or a small craft brewery selling light wine, light spirit product or beer at retail pursuant to Section 67-3-48 or for the employee of the holder of such a permit or the employee of such a brewery:

(a) To sell or give to be consumed in or upon any licensed premises or in or upon the premises of a small craft brewery any beer, light spirit product or light wine between the hours of midnight and seven o'clock the following morning or during any time the licensed premises may be required to be closed by municipal ordinance or order of the board of supervisors; however, in areas where the sale of alcoholic beverages is legal under the provisions of the Local Option Alcoholic Beverage Control Law and the hours for selling those alcoholic beverages have been extended beyond midnight for on-premises permittees under Section 67-1-37, the hours for selling beer, light spirit products or light wines are likewise extended in areas where the sale of beer, light spirit products and light wines is legal in accordance with the provisions of this chapter.

(b) To sell, give or furnish any beer, light spirit product or light wine to any person visibly or noticeably intoxicated, or to any habitual drunkard, or to any person under the age of twenty-one (21) years.

(c) To permit in the premises any lewd, immoral or improper entertainment, conduct or practices.

(d) To permit loud, boisterous or disorderly conduct of any kind upon the premises or to permit the use of loud musical instruments if either or any of the same may disturb the peace and quietude of the community in which the business is located.

(e) To permit persons of ill repute, known criminals, prostitutes or minors to frequent the licensed premises or the premises of the small craft

brewery, except minors accompanied by parents or guardians, or under proper supervision.

(f) To permit or suffer illegal gambling or the operation of illegal games of chance upon the licensed premises or the premises of the small craft brewery.

(g) To receive, possess or sell on the licensed premises or, except as otherwise authorized by this chapter, on the premises of the small craft brewery any beverage of any kind or character containing more than five percent (5%) of alcohol by weight except any beer containing not more than eight percent (8%) of alcohol by weight, unless the licensee also possesses an on-premises or manufacturer's permit under the Local Option Alcoholic Beverage Control Law.

(h) To accept as full or partial payment for any product any coupons that are redeemed directly or indirectly from a manufacturer, wholesaler or distributor of light wine, light spirit product or beer.

JUDICIAL DECISIONS

ANALYSIS

1. In general.
2. Minors.

1. In general.

In an action arising from a motor vehicle accident caused by an intoxicated

minor who allegedly smoked marijuana and drank beer purchased other than at the defendant restaurant, the defendant could be found liable if its negligence in selling beer consumed by the minor was a contributing case to the accident; it was not necessary that the defendant's negligence be the sole proximate cause of the

accident. *Delahoussaye v. Mary Mahoney's, Inc.*, 783 So. 2d 666, 2001 Miss. LEXIS 39 (Miss. 2001).

In an action arising from a motor vehicle accident caused by a minor who alleged that he did not purchase beer from the defendant restaurant, judgment for the defendant restaurant was reversed based on inadequate jury instruction; the jury should have been instructed that it could find negligence per se if it found that the restaurant sold alcohol to another minor and that it could then hold the restaurant liable if it concluded that it was foreseeable that the minor to whom the alcohol was sold would share that alcohol with other minors. *Delahoussaye v. Mary Mahoney's, Inc.*, 783 So. 2d 666, 2001 Miss. LEXIS 39 (Miss. 2001).

Genuine issue of material fact existed as to whether restaurant had illegally sold beer to minor who subsequently struck two other vehicles with truck, injuring motorist; thus, summary judgment for restaurant owner in motorist's negligence action was precluded. *Delahoussaye v. Mary Mahoney's, Inc.*, 696 So. 2d 689, 1997 Miss. LEXIS 103 (Miss. 1997).

Ordinance prohibiting commercial establishments from allowing consumption of alcoholic beverages between midnight and 7:00 a.m., which defined "consumption" to include possession in open containers as well as ingestion, was not preempted by statute expressly permitting possession of alcoholic beverages in "wet" municipalities absent clear expression of legislative intent to permit consumption, as opposed to mere possession, without limitation in wet areas, given broad grant of authority to municipalities to regulate impact of alcoholic beverages upon public health, morals, and safety and public policy favoring prevention of alcohol-related altercations and motor vehicle accidents, as limiting possession of opened containers was reasonable and necessary to enforce limitations on consumption. *Maynard v. City of Tupelo*, 691 So. 2d 385, 1997 Miss. LEXIS 94 (Miss. 1997).

Plaintiff, who had been injured in accident caused by drunk driver, and who had obtained default judgment against tavern that had allegedly violated § 67-3-53 by providing beer to driver, could not collect

judgment from tavern's insurance company where insurance policy specifically excluded coverage for bodily injury resulting from violation of any statute or by reason of selling, serving, or giving any alcoholic beverage to person under influence of alcohol or that contributes to person becoming intoxicated. *Williams v. United States Fidelity & Guaranty Co.*, 854 F.2d 106, 1988 U.S. App. LEXIS 12170 (5th Cir. Miss. 1988).

Policy of liability insurance covering convenience store, which policy excluded coverage for bodily injury for which insured may be held liable by reason of selling, serving or giving of any alcoholic beverage to minor, excludes coverage for bodily injury by reason of selling, serving or giving of "beer", even though definition of alcoholic beverage under state law excludes beer, as common and ordinary meaning of beer is beverage containing alcohol; liability policy which excluded coverage for bodily injury for which store was liable by reason of selling of alcoholic beverage to minor did not cover bodily injuries sustained in accident caused by underaged motorist's intoxication from drinking beer which he bought at store, despite statute which excluded beer from definition of alcoholic beverages. *Wilson ex rel. Wilson v. United States Fidelity & Guaranty Ins. Co.*, 659 F. Supp. 553, 1987 U.S. Dist. LEXIS 13856 (S.D. Miss.), *aff'd*, 830 F.2d 588, 1987 U.S. App. LEXIS 14063 (5th Cir. Miss. 1987).

Sale of beer to minor in violation of statute constitutes negligence per se and trial court errs in refusing to grant such jury instruction. *Bryant v. Alpha Entertainment Corp.*, 508 So. 2d 1094, 1987 Miss. LEXIS 2584 (Miss. 1987).

Although Mississippi statutes relating to the sale of alcoholic beverages have sometimes been referred to as the Mississippi Dram Shop Law, such references are misleading because true dram shop acts are civil liability acts wherein the legislature specifically imposes liability on the seller of intoxicating liquors when a third party is injured as a result of the intoxication of the buyer where the sale caused or contributed to such intoxication. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

The statute which prohibits the sale of beer or wine to a minor was adopted for the protection of the general public and a minor is a member of the protected class. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

Society has a greater interest in protecting the welfare of minors than other groups listed in §§ 67-3-53(b), 67-1-81 and 67-1-83, because minors comprise a larger segment of society than do the others listed, and the future of society is dependent upon the welfare and protection of its youth. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346, 1986 Miss. LEXIS 2755 (Miss. 1986).

In a wrongful death action alleging that defendant market was negligent in selling beer to a minor who was subsequently killed in an automobile accident, the trial court did not err in overruling defendant's demurrer where the complaint alleged a violation of the statute prohibiting the sale of beer to minors and that such negligence had contributed to the car wreck and decedent's death; although such statute was enacted for the legalization and regulation of the manufacture and sale of beer and wine, it was also adopted for the protection of the general public. *Munford, Inc. v. Peterson*, 368 So. 2d 213, 1979 Miss. LEXIS 2227 (Miss. 1979).

An indictment charging the holder of a permit for the sale of beer and wine at retail with selling, giving or furnishing beer to a person under 18 years of age, was not defective in failing to charge the defendant with knowledge that his employee sold or gave beer to the minor, since the defendant's lack of knowledge of the acts of his employee was a defense and a question of fact for submission to the jury, and neither matters of evidence nor matters of defense need be averred in an indictment or information. *State v. Labella*, 232 So. 2d 354, 1970 Miss. LEXIS 1620 (Miss. 1970).

An indictment under the wording of the statute making it unlawful for the holder of a permit for the sale of beer or wine at retail to sell, give or furnish any beer or wine to a person under the age of 18 years, was not defective for failing to charge the defendant with knowing that his em-

ployee sold or gave beer to a minor, where the statute itself does not use the word "knowing" and where the indictment was based upon an affidavit so worded as to show that the defendant knew of his employee's activities in selling beer to a minor. *State v. Labella*, 232 So. 2d 354, 1970 Miss. LEXIS 1620 (Miss. 1970).

Subsection (a) of this section, when read in conjunction with Code 1942, § 10224, as a whole, and one section in context with the other, merely makes for the conclusion that though Code 1942, § 10224 refers to the authority of municipalities to prescribe hours opening or closing of businesses selling light wines and beer, those hours prescribed by the municipality must come within the limits of the hours established by state law. *Watkins v. Navarrette*, 227 So. 2d 853, 1969 Miss. LEXIS 1375 (Miss. 1969).

Subsection (a) of this section means that municipalities have the authority to regulate the hours in which beer can be sold within the hours of 7:00 a.m. to midnight, and a municipal ordinance extending the hours in which beer can be sold beyond midnight and before 7:00 a.m. the following morning would be in conflict with this subparagraph; and it is well established that any conflict between an ordinance and a statute, the latter must prevail. *Watkins v. Navarrette*, 227 So. 2d 853, 1969 Miss. LEXIS 1375 (Miss. 1969).

A charge under this section is supported by a finding of guilty of any one of the elements specified. *Ellard v. State*, 248 Miss. 313, 158 So. 2d 690, 1963 Miss. LEXIS 396 (Miss. 1963).

2. Minors.

When a reasonable inference from the evidence is that a person exhibiting identification that he or she was an adult ordered drinks for minors to be consumed on a bar's premises, this inference is sufficient to create a fact question on the issue of the bar's tort liability under Miss. Code Ann. § 67-3-53(b). *Moore v. K&J Enters.*, 856 So. 2d 621, 2003 Miss. App. LEXIS 594 (Miss. Ct. App. 2003).

In a suit against a bar for furnishing alcohol to a minor who later caused an auto accident, the trial court properly excluded evidence of prior sales of alcohol to

minors by the bar, as there was no purpose for such evidence other than to show that the bar had a propensity to sell alcohol to minors. *Moore v. K&J Enters.*, 856 So. 2d 621, 2003 Miss. App. LEXIS 594 (Miss. Ct. App. 2003).

In a suit against a bar for furnishing alcohol to a minor who later caused an auto accident, the trial court erred by directing a verdict for the bar, as the evidence created a fact question as to whether the bar knew or should have known that the buyer of drinks (who presented a false Mississippi driver's license showing he was 21) was giving them to minors. *Moore v. K&J Enters.*, 856 So. 2d

621, 2003 Miss. App. LEXIS 594 (Miss. Ct. App. 2003).

A municipal ordinance which made it a misdemeanor for any permit holder to allow persons under 21 years of age to enter on-premises retailers even if such persons were accompanied by parents, guardians, or under proper supervision was properly adopted under § 67-3-65 and was not invalid on the basis of its conflict with § 67-3-53. *Collins v. City of Hazlehurst*, 709 So. 2d 408, 1997 Miss. LEXIS 751 (Miss. 1997), cert. denied, 524 U.S. 904, 118 S. Ct. 2061, 141 L. Ed. 2d 138, 1998 U.S. LEXIS 3592 (U.S. 1998).

OPINIONS OF THE ATTORNEY GENERAL

Section 67-3-53(a) provides that a holder of a permit for the sale of beer and light wine may not sell or give to be consumed in or upon any licensed premises beer or light wine between the hours of midnight and seven o'clock the following morning. The statute applies only to businesses where beer or light wine is sold or given to be consumed in or upon the premises and does not apply to businesses where beer and light wine are sold for off premises consumption, such as grocery stores and convenience stores with permits for the sale of beer and light wine. *Baker*, November 1, 1996, A.G. Op. #96-0737.

An ordinance regulating the hours of sale of beer and light wines falls within the authority of a municipality to regulate hours of opening and closing pursuant to § 67-3-65; however, any specific hours prescribed by the municipality for the sale

of such beverages must come within the limits of this section. *Tyner*, March 5, 1999, A.G. Op. #99-0074.

Section 67-3-53(a) allows the on-premises sale of beer and light wine beyond midnight by anyone who has a permit to sell beer or light wine in areas where the Alcoholic Beverage Control Division (ABC) of the State Tax Commission has extended the hours of on-premises sale for alcoholic beverages beyond midnight. *Parker*, May 12, 2003, A.G. Op. 03-0219.

Because, based on the language of Section 67-3-53, the Legislature has shown a clear intent to allow the on-premises sale of beer and light wine beyond midnight in areas where the on-premises sale of alcoholic beverages have been extended beyond midnight, therefore, the Legislature has preempted this area with a specific statute that would make any local ordinance to the contrary void. *Parker*, May 12, 2003, A.G. Op. 03-0219.

§ 67-3-54. Exemption for person over age 18 but less than 21; parental consent; military personnel; employee of establishment licensed to sell light wine, light spirit product or beer.

(1) A person who is at least eighteen (18) years of age but under the age of twenty-one (21) years may possess and consume light wine, light spirit product or beer with the consent of his parent or legal guardian in the presence of his parent or legal guardian, and it shall not be unlawful for the parent, legal guardian or spouse of such person to furnish light wine, light spirit product or beer to such person who is at least eighteen (18) years of age.

(2) A person who is at least eighteen (18) years of age and who is serving in the armed services of the United States may lawfully possess and consume light wine, light spirit product or beer on military property where the consumption of light wine, light spirit product or beer is allowed.

(3) A person who is under twenty-one (21) years of age shall not be deemed to unlawfully possess or furnish light wine, light spirit product or beer, if in the scope of his employment such person:

(a) Clears or buses tables that have glasses or other containers that contain or did contain light wine, light spirit product or beer;

(b) Waits on tables by taking orders for light wine, light spirit product or beer; or

(c) Stocks, bags or otherwise handles purchases of light wine, light spirit product or beer at a store.

Commercial alcohol vendor liability in Mississippi: Is the party over? 59 Miss. L. J. 209, Spring, 1989.

§ 67-3-55. Possession or sale of light wine, light spirit product or beer not purchased from licensed or authorized manufacturer or wholesaler prohibited; brewpub exemption; exemptions for breweries providing beer on premises for tasting or sampling and small craft breweries selling light wine, light spirit product or beer on premises.

(1) Except as otherwise provided in Section 67-1-41, it shall be unlawful for any retailer to possess for purpose of sale, to sell, or to offer to sell any light wine, light spirit product or beer which was not purchased from a wholesaler in this state who has a permit to sell such light wine, light spirit product or beer, except for beer, light spirit product or light wine that was brewed on the premises of the retailer who holds a permit as a brewpub pursuant to Article 3, Chapter 71, Title 27, Mississippi Code of 1972.

(2) It shall be unlawful for any wholesaler to possess for purpose of sale, to sell, or to offer to sell any light wine, light spirit product or beer which was not purchased from a manufacturer or importer of a foreign manufacturer authorized to sell such light wine, light spirit product or beer in this state.

(3) This section shall not apply to:

(a) Beer offered and provided on the premises of a brewery for the purpose of tasting or sampling as authorized in Section 67-3-47; or

(b) Light wine, light spirit product or beer sold on the premises of a small craft brewery or microbrewery as authorized in Section 67-3-48.

1. In general.

Where evidence showed that defendant had in his possession cases of beer on which the state tax had not been paid or stamps affixed, and that the defendant intended to take the beer to a certain picnic but not for his own consumption, this could not warrant conviction of defendant under Code 1942, § 10233 which

forbids wholesaler, distributor or retailer of beverages to have in his possession wine or beer manufactured or sold by manufacturer not complying with statutory requirements pertaining to sale and taxation of wine and beer. *Mills v. § 67-3-59. Penalty for sales to persons not holding permits and sales of untaxed beer, light spirit product or light wine; notice; disposition of proceeds.

(1) Except as provided in this subsection, sales by wholesalers, distributors or manufacturers to persons who do not hold valid permits are unlawful; and any wholesaler, distributor or manufacturer making such sales, or who sells any beer, light spirit product or light wine on which the tax provided by law has not been paid, shall, in addition to any other fines, penalties and forfeitures, be subject to a penalty of Twenty-five Dollars (\$25.00) for each sale. If all other applicable taxes are paid, this penalty will not apply to the following: sales to employees of the wholesaler; sales to nonprofit charitable and civic organizations for special fund-raising events provided that the beer, light spirit product or light wine is not resold; sales to affiliated member associations.

(2) The commissioner may assess the penalty by giving notice by mail, demanding payment within thirty (30) days from date of delivery of the notice.

The proceeds of all penalties shall be deposited by the commissioner with the other monies collected by him and shall be disposed of as provided by law.

1. Construction.

Code 1942, § 10223(a), when read in conjunction with Code 1942, § 10224, as a whole, and one section in context with the other, merely makes for the conclusion that though Code 1942, § 10224 refers to the authority of municipalities to prescribe hours opening or closing of businesses selling light wines and beer, those hours prescribed by the municipality must come within the limits of the hours established by state law. *Watkins v. Navarrette*, 227 So. 2d 853, 1969 Miss. LEXIS 1375 (Miss. 1969).

A licensee has no vested property right in a license to sell beer and light wines, which is simply a revocable permit or alienable privilege, with reference to a business which has long been recognized as peculiarly affecting the public interest and subject to governmental regulations. *Miller v. Board of Supervisors*, 230 Miss. 849, 94 So. 2d 604, 1957 Miss. LEXIS 431 (Miss. 1957).

Provision of statute relating to regulation of sale of wine and beer by municipalities and boards of supervisors outside of municipalities that nothing in statute shall prohibit the designation of the territory surrounding churches and schools in which such beverages shall not be sold or

consumed, did not limit power to prohibit to territory surrounding churches and schools. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417, 1937 Miss. LEXIS 221 (Miss. 1937).

Statute relating to sale of wine and beer which provided that municipalities and boards of supervisors of territory lying outside of municipalities may enforce regulations “for fixing zones and territories” and for prescribing hours of opening and closing and such other measures as will promote public health, morals, and safety held to confer upon municipalities and on boards of supervisors in such territory the power to fix zones in which sale might be conducted and other zones in which sale might be prohibited, “zone” connoting within itself a fixed territory. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417, 1937 Miss. LEXIS 221 (Miss. 1937).

Powers conferred on municipalities and boards of supervisors of territory lying outside municipalities with regard to regulating sale of wine and beer must be based on reasonable conditions, that is, some basis of fact ascertained by board of supervisors which would have a material bearing on whether sale should be by a resident of the state for a period of two years. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417, 1937 Miss. LEXIS 221 (Miss. 1937).

2. Powers of local governments.

A municipal ordinance which made it a misdemeanor for any permit holder to allow persons under 21 years of age to

enter on-premises retailers even if such persons were accompanied by parents, guardians, or under proper supervision was properly adopted under § 67-3-65 and was not invalid on the basis of its conflict with § 67-3-53. *Collins v. City of Hazlehurst*, 709 So. 2d 408, 1997 Miss. LEXIS 751 (Miss. 1997), cert. denied, 524 U.S. 904, 118 S. Ct. 2061, 141 L. Ed. 2d 138, 1998 U.S. LEXIS 3592 (U.S. 1998).

Pursuant to § 67-3-65, a city was authorized to enact ordinances regulating light wine and beer on adult entertainment premises without showing any secondary effects or showing that such establishments were conducive to criminal behavior; accordingly, any artistic or communicative value that might attach to topless dancing was overridden by the city's exercise of its broad powers arising under the Twenty-First Amendment, and the city's prohibition of light wine and beer in a lounge featuring topless dancing was constitutionally permissible. *Steverson v. City of Vicksburg*, 900 F. Supp. 1, 1994 U.S. Dist. LEXIS 20777 (S.D. Miss. 1994).

Conditions arising largely from the coming into the county to purchase wine and beer, of persons from other counties in which such sale was not permitted, warrant the zoning against such sale of a half mile strip bordering such other counties. *Herbert v. Board of Supervisors*, 241 Miss. 223, 130 So. 2d 250, 1961 Miss. LEXIS 335 (Miss. 1961).

Notice and hearing are not required before the making of a zoning order. *Herbert v. Board of Supervisors*, 241 Miss. 223, 130 So. 2d 250, 1961 Miss. LEXIS 335 (Miss. 1961).

It was not necessary for the board of supervisors to give notice and have a hearing prior to the making of an order prohibiting the sale of beer and light wines in a described area of two heavily populated unincorporated communities, which were without adequate police protection. *Miller v. Board of Supervisors*, 230 Miss. 849, 94 So. 2d 604, 1957 Miss. LEXIS 431 (Miss. 1957).

This section and Code 1942, § 10228, vest in board of supervisors a wide discretion in determining the reasonableness of an order prohibiting or restricting the sale

of beer within a named territory. *Miller v. Board of Supervisors*, 230 Miss. 849, 94 So. 2d 604, 1957 Miss. LEXIS 431 (Miss. 1957).

Order of board of supervisors prohibiting sale of beer or wine between 9 p.m. and 7 a.m. and all day on Sunday, outside of the municipalities of county, passed without petition therefor and without hearing or notice to interested parties, is within the power of the board and does not violate any constitutional right of any of the complaining parties, since order does not prohibit places from being open for any other lawful purpose. *Board of Sup'rs v. McCormick*, 207 Miss. 216, 42 So. 2d 177, 1949 Miss. LEXIS 331 (Miss. 1949).

3. Actions of local governments.

Zoning ordinance prohibiting sale of beer within 500 feet of public school constitutes valid and reasonable exercise of police power of city because only minimal showing of rationality is necessary to enable liquor zoning ordinance to withstand constitutional attack. *Davidson v. Clinton*, 826 F.2d 1430, 1987 U.S. App. LEXIS 12259 (5th Cir. Miss. 1987).

Defendant was properly enjoined from engaging in the sale of beer in violation of an order of the board of supervisors zoning a certain area of the county against the sale of beer, notwithstanding his contention that the board's order, having been adopted and entered without notice and without a hearing to the complaining parties, was invalid and beyond the power of the board, and that there was no proof to justify the issuance of the injunction against the defendant. *Pace v. State*, 231 Miss. 144, 94 So. 2d 798, 1957 Miss. LEXIS 497 (Miss. 1957).

An order of the board of supervisors made without any public hearing or notice, prohibiting the sale of beer and light wines within a described area of two heavily populated, unincorporated communities, which were without adequate police protection, and located only a few miles from a city, after being advised by the sheriff that such action was necessary in interest of adequate law enforcement, was not unreasonable, arbitrary or capricious. *Miller v. Board of Supervisors*, 230 Miss. 849, 94 So. 2d 604, 1957 Miss. LEXIS 431 (Miss. 1957).

An order of a board of supervisors prohibiting the sale of light beer and wine from an entire school district in which there had been no election on the question, where it was shown that the place of business of the only authorized beer dealer in the district was one-half mile from the nearest residence and one and one-half miles from the school and the nearest church, and that school children did not pass the place going to or from schools, was unreasonable, and was beyond the power of the board. *Green v. Alcorn County*, 192 Miss. 468, 6 So. 2d 130, 1942 Miss. LEXIS 27 (Miss. 1942).

Where a board of supervisors adopted an order prohibiting the sale of light beer and wine from an entire school district, rather than an order based upon reasonable grounds prohibiting such sale merely within a limited area adjacent to a church or school, specifying the distance, the order was reversed. *Green v. Alcorn County*, 192 Miss. 468, 6 So. 2d 130, 1942 Miss. LEXIS 27 (Miss. 1942).

An order by the board of county supervisors, issued pursuant to the powers conferred by this section, prohibiting the sale of beer and wine within fifteen hundred feet of any school or church in certain territory in an unincorporated village containing two hundred and four inhabitants, was reasonable. *Ford v. Easterling*, 183 Miss. 575, 184 So. 153, 1938 Miss. LEXIS 271 (Miss. 1938).

Finding of board of supervisors that property within zone in which sale of wine and beer was prohibited was a residential section and that it would promote public health, morals, and safety to have sale prohibited within such territory was binding on reviewing court where petition for prohibition to restrain enforcement of ordinance did not set forth specific facts but merely general conclusions. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417, 1937 Miss. LEXIS 221 (Miss. 1937).

4. Appeals.

Since the passage of an order prohibiting the sale of beer prescribing the areas within which it might be sold is a legislative action of the board of supervisors under powers delegated to it by statute, on appeal therefrom the question is

whether the board's decision is supported by substantial evidence, or is arbitrary or capricious, or beyond the power of the board to make, or whether it violates any constitutional right of the complaining party. *Miller v. Board of Supervisors*, 230 Miss. 849, 94 So. 2d 604, 1957 Miss. LEXIS 431 (Miss. 1957).

Board of supervisors in enforcing rules and regulations for prescribing hours of opening and closing under the provisions of this section exercises a legislative and not a judicial power but appeals from their decisions are nonetheless within the contemplation of Code 1942, § 1195. *Board of Sup'rs v. McCormick*, 207 Miss. 216, 42 So. 2d 177, 1949 Miss. LEXIS 331 (Miss. 1949).

Writ of prohibition to restrain board of supervisors and sheriff from enforcing against petitioners order of board forbidding sale of beer during certain hours, adopted pursuant to this section, was properly denied, since the writ was not sought to restrain either the board or the sheriff from any judicial action. *Holmes v. Board of Supervisors*, 199 Miss. 363, 24 So. 2d 867, 1946 Miss. LEXIS 204 (Miss. 1946).

While it is true that the courts will not interfere with boards of supervisors in the lawful exercise of the jurisdiction committed to them by law on the sole grounds that their actions are characterized by lack of wisdom or sound discretion, it is the duty of the court to review an order prohibiting the sale of light beer and wine from an entire school district for the purpose of determining whether it has any substantial support under the facts disclosed as a reasonable exercise of the powers delegated to the boards by the legislature. *Green v. Alcorn County*, 192 Miss. 468, 6 So. 2d 130, 1942 Miss. LEXIS 27 (Miss. 1942).

Walters v. Board of Supervisors, 184 So. 160 (Miss. 1938).

5. Miscellaneous.

Licensed person selling beer held not entitled to restrain enforcement of ordinance adopted by board of supervisors finding the district in which such person sold beer was a residential district and prohibiting sale of beer therein. *Alexander*

v. Graves, 178 Miss. 583, 173 So. 417, 1937 Miss. LEXIS 221 (Miss. 1937).

OPINIONS OF THE ATTORNEY GENERAL

Determination of boundaries of territories in which the sale of beer will be prohibited in the vicinity of schools and churches lies within the discretion of governing authorities, as long as the ordinances are reasonable under statute. Younger, Feb. 5, 1992, A.G. Op. #92-0008.

County Board of Supervisors may by ordinance prohibit consumption of alcoholic beverages, beer and wine on property owned by United States in county and on which concurrent jurisdiction has been reserved to state or granted by United States. Gore Oct. 6, 1993, A.G. Op. #93-0730.

A local "open container" ordinance prohibiting the possession of open containers of beer or light wine while operating a motor vehicle would be allowed by section 67-3-65. Bradley, September 13, 1995, A.G. Op. #95-0585.

An ordinance prohibiting or regulating the sale of beer and light wines on Sundays falls within the authority of a municipality to regulate hours of opening and closing pursuant to the statute; further, an ordinance which could be reasonably interpreted to provide hours on Sunday within which establishments holding permits for the sale of beer are "closed" for the sale of beer and light wines but open for other lawful purposes would also be allowed. Stark, August 28, 1998, A.G. Op. #98-0484.

An ordinance regulating the hours of sale of beer and light wines falls within the authority of a municipality to regulate hours of opening and closing pursuant to this section; however, any specific hours prescribed by the municipality for the sale

of such beverages must come within the limits of § 67-3-53. Tyner, March 5, 1999, A.G. Op. #99-0074.

An ordinance regulating or prohibiting the possession of open containers of beer or light wine by an individual while operating or riding in a motor vehicle, or while on public property, including municipally-owned buildings or property, would be within the authority of a municipality. Phillips, July 2, 1999, A.G. Op. #99-0264.

A municipal ordinance may regulate or prohibit the possession of unopened containers of beer and wine within city parks, auditoriums or coliseums. Phillips, July 2, 1999, A.G. Op. #99-0264.

A municipal ordinance may not prohibit the possession of lawfully purchased beer or light wine by an individual on private property. Phillips, July 2, 1999, A.G. Op. #99-0264.

Whether adoption of an ordinance limiting sales of beer and light wines for on-premises consumption to establishments that serve a certain ratio of meals is a valid exercise of the municipality's power under Section 67-3-65 is a determination for a court of competent jurisdiction. Kirk, Nov. 8, 2002, A.G. Op. #02-0644.

A county board of supervisors may place the issue of Sunday sales of beer and light wines before the electorate by means of a non-binding referendum. Hemphill, Apr. 4, 2003, A.G. Op. 03-0061.

Even though a business selling alcohol located inside a municipality is within the proscribed distance from a church as set out in a county ordinance, the ordinance is not enforceable against such business. Howard, Feb. 17, 2006, A.G. Op. 06-0039.

JUDICIAL DECISIONS

1. In general.

Although replevin was not the proper action to secure possession from the sheriff of a truckload of beer confiscated while being transported through a “dry” county, where the plaintiff’s declaration filed in

the action was in sufficient detail to constitute a claim for the beer, he was entitled to a hearing on the merits. *Miss. State Highway Com. v. Ulmer*, 186 So. 2d 460, 1966 Miss. LEXIS 1309 (Miss. 1966).

§ 67-3-69. Penalty.

(1) Except as to Sections 67-3-17, 67-3-23, 67-3-27, 67-3-55 and 67-3-57, any violation of any provision of this chapter or of any rule or regulation of the commissioner, shall be a misdemeanor and, where the punishment therefor is not elsewhere prescribed in this section, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00) or imprisonment for not more than six (6) months, or both, in the discretion of the court. If any person so convicted shall be the holder of any permit or license issued by the commissioner under authority of this chapter, the permit or license shall from and after the date of such conviction be void and the holder thereof shall not thereafter, for a period of one (1) year from the date of such conviction, be entitled to any permit or license for any purpose authorized by this chapter. Upon conviction of the holder of any permit or license, the appropriate law enforcement officer shall seize the permit or license and transmit it to the commissioner.

(2)(a) Any person who shall violate any provision of Section 67-3-17, 67-3-23, 67-3-27 or 67-3-55 shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court.

(b) Any person who shall violate any provision of Section 67-3-57 shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the county jail for not more than one (1) year, or by both, in the discretion of the court. Any person convicted of violating any provision of the sections referred to in this subsection shall forfeit his permit, and shall not thereafter be permitted to engage in any business taxable under the provisions of Sections 27-71-301 through 27-71-347.

(3) If the holder of a permit, or the employee of the holder of a permit, shall be convicted of selling any beer, light spirit product or wine to anyone who is visibly intoxicated from the licensed premises or to any person under the age of twenty-one (21) years from the licensed premises in violation of Section 67-3-53(b), then, in addition to any other penalty provided for by law, the commissioner may impose the following penalties against the holder of a permit:

(a) For the first offense on the licensed premises, by a fine of not less than Five Hundred Dollars (\$500.00) nor more than One Thousand Dollars (\$1,000.00) and/or suspension of the permit for not more than three (3) months.

(b) For a second offense occurring on the licensed premises within twelve (12) months of the first offense, by a fine of not less than Five Hundred Dollars (\$500.00) nor more than Two Thousand Dollars (\$2,000.00) and/or suspension of the permit for not more than six (6) months.

(c) For a third offense occurring on the licensed premises within twelve (12) months of the first, by a fine of not less than Two Thousand Dollars (\$2,000.00) nor more than Five Thousand Dollars (\$5,000.00) and/or suspension or revocation of the permit to sell beer, light spirit product or light wine.

(d) For a fourth or subsequent offense occurring on the licensed premises within twelve (12) months of the first, by a fine of not less than Two Thousand Dollars (\$2,000.00) nor more than Five Thousand Dollars (\$5,000.00) and/or suspension or revocation of the permit to sell beer, light spirit product or light wine.

(4) A person who sells any beer, light spirit product or wine to a person under the age of twenty-one (21) years shall not be guilty of a violation of Section 67-3-53(b) if the person under the age of twenty-one (21) years represents himself to be twenty-one (21) years of age or older by displaying an apparently valid Mississippi driver's license containing a physical description consistent with his appearance or by displaying some other apparently valid identification card or document containing a picture and physical description consistent with his appearance for the purpose of inducing the person to sell beer, light spirit product or wine to him.

(5) If a small craft brewery is convicted of violating the provisions of Section 67-3-48, then, in addition to any other provision provided for by law, the small craft brewery shall be punished as follows:

(a) For the first offense, the small craft brewery may be fined in an amount not to exceed Five Hundred Dollars (\$500.00).

(b) For a second offense occurring within twelve (12) months of the first offense, the small craft brewery may be fined an amount not to exceed One Thousand Dollars (\$1,000.00).

(c) For a third or subsequent offense occurring within twelve (12) months of the first offense, the small craft brewery may be fined an amount not to exceed Five Thousand Dollars (\$5,000.00) and the permit to operate as a manufacturer shall be suspended for thirty (30) days.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a statutory reference in (5). The reference to “Section 14(3) of Senate Bill No. 2826, 1998 Regular Session” was changed to “Section 67-3-22(3).” The Joint Committee ratified the correction at its April 28, 1999 meeting.

Section 33 of Chapter 314, Laws of 2020, effective from and after passage (approved June 18, 2020), amended this section. Section 2 of Chapter 347, Laws of 2020, effective from and after July 1, 2020 (approved June 23, 2020), also amended this section. As set out above, this section reflects the language of both amendments, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

Amendment Notes — The first 2020 amendment, effective June 18, 2020, inserted “light spirit product” in (3), (3)(c), (3)(d) and (4).

The second 2020 amendment (ch. 347) deleted former (5), which provided the punishment for conviction of violating the provisions of § 67-3-22(3) by the holder of a permit to operate a brewpub; and redesignated former (6) as (5).

The 2021 amendment, in (4), inserted “card or.”

JUDICIAL DECISIONS

1. In general.

In a suit against a bar for furnishing alcohol to a minor who later caused an auto accident, the trial court erred by directing a verdict for the bar, as the evidence created a fact question as to whether the bar knew or should have known that the buyer of drinks (who presented a false Mississippi driver's license showing he was 21) was giving them to minors. *Moore v. K&J Enters.*, 856 So. 2d 621, 2003 Miss. App. LEXIS 594 (Miss. Ct. App. 2003).

Where a statute making it unlawful to sell beer was repealed by statute which authorized sale within the state and per-

mitted counties to prohibit such sales, and where a majority of qualified electors in county determined that the sale of beer should not be permitted within the county, such a sale of beer thereafter was prohibited and punishable as violation of chapter relating to wine and beer. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845, 1954 Miss. LEXIS 389 (Miss. 1954).

In beer election case, if judgment is affirmed, all offenses against law during time appeal was pending are punishable as if no appeal had been taken, regardless of supersedeas. *Early v. Board of Supervisors*, 182 Miss. 636, 181 So. 132, 1938 Miss. LEXIS 163 (Miss. 1938).

§ 67-3-70. Purchase of light wine, light spirit product or beer by person under age of 21; penalties; expungement of conviction.

(1) Except as otherwise provided by Section 67-3-54, any person under the age of twenty-one (21) years who purchases or possesses any light wine, light spirit product or beer shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00) and a sentence to not more than thirty (30) days community service.

(2) Any person under the age of twenty-one (21) years who falsely states he is twenty-one (21) years of age or older or presents any document that indicates he is twenty-one (21) years of age or older for the purpose of purchasing or possessing any light wine, light spirit product or beer shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00) and a sentence to not more than thirty (30) days community service.

(3) Except as otherwise provided by Section 67-3-54, any person who knowingly purchases light wine, light spirit product or beer for, or gives light wine, light spirit product or beer to a person under the age of twenty-one (21) years, shall be guilty of a misdemeanor, and upon conviction, shall be punished

by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00) and a sentence to not more than thirty (30) days community service. The punishment provided under this subsection shall not be applicable to violations of Section 97-5-49.

(4) The term “community service” as used in this section shall mean work, projects or services for the benefit of the community assigned, supervised and recorded by appropriate public officials.

(5) If a person under the age of twenty-one (21) years is convicted or enters a plea of guilty of violating subsection (1) or subsection (2) of this section, the trial judge, in lieu of the penalties otherwise provided under this section, shall suspend the minor’s driver’s license by taking and keeping it in the custody of the court for a period of time not to exceed ninety (90) days. The judge so ordering the suspension shall enter upon his docket “DEFENDANT’S DRIVER’S LICENSE SUSPENDED FOR ____ DAYS IN LIEU OF CONVICTION” and such action by the trial judge shall not constitute a conviction. During the period that the minor’s driver’s license is suspended, the trial judge shall suspend the imposition of any fines or penalties that may be imposed under this section and may place the minor on probation subject to such conditions as the judge deems appropriate. If the minor violates any of the conditions of probation, then the trial judge shall return the driver’s license to the minor and impose the fines, penalties, or both, that he would have otherwise imposed, and such action shall constitute a conviction.

(6) Any person who has been charged with a violation of subsections (1) or (2) of this section may, not sooner than one (1) year after the dismissal and discharge or completion of any sentence and/or payment of any fine, apply to the court for an order to expunge from all official records all recordation relating to his arrest, trial, finding or plea of guilty, and dismissal and discharge. If the court determines that such person was dismissed and the proceedings against him discharged or that such person had satisfactorily served his sentence and/or paid his fine, it shall enter such order.

Section 2 of ch. 472, Laws of 2011, effective from and after July 1, 2011 (approved March 30, 2011), also amended this section. As set out above, this section reflects the language of Section 2 of ch. 472, Laws of 2011, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, and the effective dates of the amendments are the same, the amendment with the latest approval date shall supersede all other amendments to the same section approved on an earlier date.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit product” everywhere it appears.

JUDICIAL DECISIONS

1. In general.

In order to establish liability by proving negligence on the part of a licensee, the plaintiff must prove, in addition to negligence per se (that the licensee violated Miss. Code Ann. § 67-3-70 (Rev. 2001) by furnishing alcohol to a minor), that it was foreseeable that the minor to whom the alcohol was furnished would negligently cause injury to the plaintiff. *Moore v. K&J Enters.*, 856 So. 2d 621, 2003 Miss. App. LEXIS 594 (Miss. Ct. App. 2003).

Records of criminal offenses are kept pursuant to § 45-27-1. The legislature of Mississippi has specifically authorized expungement of criminal offender records in limited cases-youth court cases, §§ 43-21-159 and 43-21-265; first offense misdemeanor convictions occurring prior to age 23, § 99-19-71; drug possession convictions occurring prior to age 26, § 41-29-150; purchase of alcoholic beverages by one under age 21, § 67-3-70; and municipal court convictions, § 21-23-7. Expungement of felony convictions which arose

pursuant to guilty pleas are governed by § 99-15-57 which provides that any person who pled guilty within 6 months prior to the effective date of § 99-15-26 may apply to the court for an order expunging his or her criminal records. Under §§ 99-15-57 and 99-15-26 a circuit court has the power to expunge a felony conviction pursuant to a guilty plea under certain conditions. Accordingly, a petitioner who pled guilty to the felony of burglary might have been eligible for relief pursuant to §§ 99-15-57 and 99-15-26 if his guilty plea had occurred on or after October 1, 1982, that being the earliest date to satisfy the "within 6 months prior to" March 31, 1983, requirement of § 99-15-57. However, the petitioner pleaded guilty to burglary on October 9, 1979, 3 years prior to October 1, 1982, and admitted that he did not fall within the criterion in any of the statutes authorizing expungement, and thus the trial court did not err in denying his petition for expungement. *Caldwell v. State*, 564 So. 2d 1371, 1990 Miss. LEXIS 262 (Miss. 1990).

OPINIONS OF THE ATTORNEY GENERAL

Mississippi Justice Information Center is not prohibited from entering the following crimes committed by individuals under 18 years of age into its database: (1) crimes punishable under state or federal law by life imprisonment or death; (2) offenses committed by a child on or after his seventeenth birthday where such offenses would be a felony if committed by an adult; (3) a hunting or fishing violation;

(4) a traffic violation; (5) a violation of the Mississippi Implied Consent Law; or (6) a violation of Section 67-3-70. *Spann*, Jan. 24, 2000, A.G. Op. #99-0694.

Since possession of alcohol or light wine or beer by a minor is not a delinquent act, the youth court does not have original jurisdiction over such offenses. *Wiggins*, Sept. 19, 2003, A.G. Op. 03-0424.

§ 67-3-73. Immunity from liability of persons who lawfully furnished or sold intoxicating beverages to one causing damage.

(1) The Mississippi Legislature finds and declares that the consumption of intoxicating beverages, rather than the sale or serving or furnishing of such beverages, is the proximate cause of any injury, including death and property damage, inflicted by an intoxicated person upon himself or upon another person.

(2) Notwithstanding any other law to the contrary, no holder of an alcoholic beverage, beer, light spirit product or light wine permit, or any agent or employee of such holder, who lawfully sells or serves intoxicating beverages to a person who may lawfully purchase such intoxicating beverages, shall be liable to such person or to any other person or to the estate, or survivors of either, for any injury suffered off the licensed premises, including wrongful death and property damage, because of the intoxication of the person to whom the intoxicating beverages were sold or served.

(3) Notwithstanding any other law to the contrary, no social host who serves or furnishes any intoxicating beverage to a person who may lawfully consume such intoxicating beverage shall be liable to such person or to any other person or to the estate, or survivors of either, for any injury suffered off such social host's premises, including wrongful death and property damage, because of the intoxication of the person to whom the intoxicating beverages were served or furnished. No social host who owns, leases or otherwise lawfully occupies a premises on which, in his absence and without his consent, intoxicating beverages are consumed by a person who may lawfully consume such intoxicating beverage shall be liable to such person or to any other person or to the estate, or survivors of either, for any injury suffered off the premises,

including wrongful death and property damage, because of the intoxication of the person who consumed the intoxicating beverages.

(4) The limitation of liability provided by this section shall not apply to any person who causes or contributes to the consumption of alcoholic beverages by force or by falsely representing that a beverage contains no alcohol, or to any holder of an alcoholic beverage, beer, light spirit product or light wine permit, or any agent or employee of such holder when it is shown that the person making a purchase of an alcoholic beverage was at the time of such purchase visibly intoxicated.

JUDICIAL DECISIONS

ANALYSIS

1. Evidence.
2. Liability.
3. No liability.
4. No exemption for distinction based on "making a purchase."
5. Construction.

1. Evidence.

Where plaintiff sued a casino and a bar for wrongful death pursuant to Mississippi's Dram Shop Act, Miss. Code Ann. § 67-3-73, expert testimony that the driver who killed decedent was visibly intoxicated when he was served alcohol precluded the entry of summary judgment for defendants under Miss. R. Civ. P. 56. Expert's testimony was based on Intoxilyzer results taken an hour after the accident indicating that the driver's BAC was 0.088% and a blood sample indicating a BAC of 0.07%. *Treasure Bay Corp. v. Ricard*, 967 So. 2d 1235, 2007 Miss. LEXIS 617 (Miss. 2007).

Casino offered assistance to the adult invitee who had been drinking for hours and the record reflected that she was attended by casino staff after she fell to the floor. A casino staff member suggested that she seek the attention of a physician and further offered to summon an ambu-

lance, however the adult invitee refused that suggestion as well; thus, the casino did not breach a duty of care, and in any event, where the record showed the invitee became voluntarily intoxicated (she later died at home as a result of aspirating on her own vomit), she was not a member of the class protected by Miss. Code Ann. § 67-3-73 and summary judgment for the casino was proper. *Estate of White v. Rainbow Casino-Vicksburg P'ship*, 910 So. 2d 713, 2005 Miss. App. LEXIS 192 (Miss. Ct. App. 2005).

In an action against a retail business that sold beer to a visibly intoxicated driver about two hours before an accident which killed a five year old child, the defendant was not entitled to summary judgment on the basis of an affidavit by the driver that she did not drink the alcoholic beverages purchased from it on the day of the accident and an affidavit by the driver's boyfriend and future husband which corroborated that statement where (1) the driver had reason to lie, given her pending criminal trial arising from the same accident, (2) the credibility of the driver's boyfriend and future husband was suspect given his relationship to the driver, and (3) the plaintiff presented circumstantial evidence that the driver's level of intoxication increased throughout

the day, that she must have consumed a large volume of alcohol to have been as visibly drunk as she was by the time of the accident, and that such volume must have consisted in significant part of some beer purchased from the defendant. *Thomas v. Great Atl. & Pac. Tea Co.*, 233 F.3d 326, 2000 U.S. App. LEXIS 29652 (5th Cir. Miss. 2000).

2. Liability.

Under Mississippi's Dram Shop Act, Miss. Code Ann. § 67-3-73(4) (2005), which required proof that a customer was served alcohol when he was visibly intoxicated, a casino was liable for damages from the customer's car accident as the expert of the wrongful-death heirs testified that the driver's blood alcohol content was high enough that trained personnel should have spotted the driver's intoxication. However, under Miss. Code Ann. § 85-5-7(3), which was in effect when the suit was filed, joint and several liability was limited to fifty percent of recoverable damages. *Robinson Prop. Group, Ltd. P'ship v. McCalman*, 51 So. 3d 946, 2011 Miss. LEXIS 19 (Miss. 2011).

3. No liability.

Nightclub owners were entitled to summary judgment when an accident victim alleged that the nightclub negligently served alcohol to a visibly intoxicated person because the victim failed to prove that the nightclub served a visibly intoxicated person, or that the person's intoxication proximately caused the victim's injuries when the victim fell out the backseat of the truck which the person was driving, after leaving the nightclub, and was run over by the truck. *Rausch v. Barlow Woods, Inc.*, 204 So. 3d 796, 2016 Miss. App. LEXIS 767 (Miss. Ct. App. 2016).

Casino patron's claim of negligence per se in connection with injuries she allegedly sustained when a cocktail waitress dropped a tray of drinks on or near the patron, while attempting to serve another customer, failed because there was no evidence that the casino violated Missis-

sippi's dram shop act, Miss. Code Ann. § 67-3-73, where there was nothing to show that the customer was visibly intoxicated. *Callender v. Imperial Palace of Miss., LLC*, 2008 U.S. Dist. LEXIS 71292 (S.D. Miss. Sept. 19, 2008).

Customer who suffered injuries after voluntarily consuming alcohol is not part of the protected class of Miss. Code Ann. § 67-3-73; therefore, a casino's motion to dismiss a negligence action was properly granted since there was no liability under either § 67-3-73 or Miss. Code Ann. § 67-1-83. *Bridges v. Park Place Entm't, Inc.*, 860 So. 2d 811, 2003 Miss. LEXIS 758 (Miss. 2003).

4. No exemption for distinction based on "making a purchase."

Legislature does not intend to exempt businesses from liability under Miss. Code Ann. § 67-3-73(4) based on a distinction of "making a purchase" as opposed to "being furnished" alcoholic beverages; therefore, it did not matter that a casino did not directly sell alcohol to a customer, but the casino was still not liable to a customer that was injured after voluntarily drinking alcohol. *Bridges v. Park Place Entm't, Inc.*, 860 So. 2d 811, 2003 Miss. LEXIS 758 (Miss. 2003).

5. Construction.

Under the Mississippi Supreme Court's holdings in *Bridges v. Park Place Entertainment*, 860 So. 2d 811 (Miss. 2003), and *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986), if an "adult" voluntarily consumes intoxicants and subsequently injures himself or herself due to her intoxicated condition, he or she is not a member of the class protected by Miss. Code Ann. § 67-3-73. In the context of summary judgment, the question becomes whether there exists an issue of fact as to the voluntariness of said person's intoxication; if a genuine issue of material fact exists, summary judgment is improper. *Estate of White v. Rainbow Casino-Vicksburg P'ship*, 910 So. 2d 713, 2005 Miss. App. LEXIS 192 (Miss. Ct. App. 2005).

§ 67-3-74. Enforcement of certain provisions by officers of the division.

(1) In addition to peace officers within their jurisdiction, all enforcement officers of the Alcoholic Beverage Control Division of the Department of Revenue are authorized to enforce the provisions made unlawful by this chapter and Section 97-5-49; however, the provisions prohibiting the sale of light wine, light spirit product or beer to persons under the age of twenty-one (21) years shall be enforced by the division as provided for in this section.

(2)(a) The Alcoholic Beverage Control Division shall investigate violations of the laws prohibiting the sale of light wine, light spirit product or beer to persons under the age of twenty-one (21) years upon receipt of a complaint or information from a person stating that they have knowledge of such violation.

(b) Upon receipt of such complaint or information, the Alcoholic Beverage Control Division shall notify the permit holder of the complaint by certified mail to the primary business office of such permit holder or by hand delivery of the complaint or information to the primary business office of such holder, except in cases where the complaint or information is received from any law enforcement officer.

(c) If an enforcement officer of the Alcoholic Beverage Control Division enters the business of the holder of the permit to investigate a complaint and discovers a violation, the agent shall notify the person that committed the violation and the holder of the permit:

(i) Within ten (10) days after such violation, Sundays and holidays excluded, if the business sells light wine, light spirit product or beer for on-premises consumption; and

(ii) Within seventy-two (72) hours after such violation, Sundays and holidays excluded, if the business does not sell light wine, light spirit product or beer for on-premises consumption.

JUDICIAL DECISIONS

1. In general.

Since the Native Wine Act (§§ 67-5-1 et seq.) consists of laws relating specifically to one form of alcoholic beverage, it is, as such, special legislation which will prevail

over the general statutes dealing with alcohol that are contained in Chapter 1 of Title 67 (67-1-1 et seq). *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

§ 67-5-3. Legislative declaration of intent.

The Legislature of the State of Mississippi, recognizes, by the passage of this chapter, the vital contribution of the agricultural industry to the economy of this state, and declares that the intent of this chapter is to enhance and expand such industry by authorizing and encouraging the domestic production of native wines from grapes, berries, fruits, honey and vegetables grown and produced in Mississippi.

The Legislature further recognizes the vital contribution of the tourist industry to the economy of this state, and declares that the intent of this chapter is to enhance such industry by encouraging the planting and development of native vineyards, the construction of native wineries, and the production and sale of native wines so that tourists traveling through Missis-

Mississippi may visit vineyards, wineries and wine cellars, and purchase Mississippi domestic wines.

The Legislature of the State of Mississippi further recognizes the need for the expansion, diversification and development of Mississippi economy, and declares that the intent of this chapter is to authorize and encourage the introduction of a new industry into this state which will provide new employment opportunities, additional income, and support for existing industries in this state.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are

legal throughout the state. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

§ 67-5-5. Definitions; qualification period.

For purposes of this chapter, the following words and phrases shall have the definitions ascribed herein, unless the context otherwise requires:

(a) “Native wine” shall mean any product, produced in Mississippi for sale, having an alcohol content not to exceed twenty-one percent (21%) by weight and made in accordance with revenue laws of the United States, which shall be obtained primarily from the alcoholic fermentation of the juice of ripe grapes, fruits, berries, honey or vegetables grown and produced in Mississippi; provided that bulk, concentrated or fortified wines used for blending may be produced without this state and used in producing native wines. The commission shall adopt and promulgate rules and regulations to permit a producer to import such bulk and/or fortified wines into this state for use in blending with native wines without payment of any excise tax that would otherwise accrue thereon. In order to be classified as “native wine” under the provisions of this chapter, at least fifty-one percent (51%) of the finished product by volume shall have been obtained from fermentation of grapes, fruits, berries, honey or vegetables grown and produced in Mississippi.

(b) “Native winery” shall mean any place or establishment within this state where native wine is produced in whole or in part for sale.

(c) “Produce” shall mean to do or to perform any act or thing in the process of making native wine.

(d) “Person” shall mean one or more natural persons, or a corporation, partnership or association.

(e) “Producer” shall mean any person who owns, operates or conducts a native winery, but it does not mean the employees of such persons.

(f) "Consumer" shall mean any person who purchases native wine for the purpose of consuming it, giving it away, or distributing it in any way other than by sale, barter or exchange.

(g) "Commission" shall mean the Mississippi State Tax Commission.

(h) "Division" shall mean the Alcoholic Beverage Control Division of the State Tax Commission.

(1) Every native winery in the State of Mississippi shall apply for a permit as provided for in Section 67-1-51, Mississippi Code of 1972, and shall be issued said initial and renewal permit by the commission upon meeting the qualifications and requirements presently set forth by law or regulation for permits authorized by said Section 67-1-51.

(2) Every native winery shall register with the Secretary of State, shall show the location and permit number of said winery, shall show the name and address of the producer owning, conducting or operating the winery, shall show

the name and address of all local agents and such other pertinent information which may be required by the Secretary of State, and shall appoint an agent for service of process within the State of Mississippi.

JUDICIAL DECISIONS

1. In general.

Since the state at trial chose to proceed on the indictment charging the defendant with distilling wine in violation of § 97-3-21, it could not argue for affirmance of his

conviction on proof that he did not have a valid permit issued under the Native Wine Act. *Martin v. State*, 501 So. 2d 1124, 1987 Miss. LEXIS 2285 (Miss. 1987).

§ 67-5-11. Authorized sales by native wineries.

(1) Within the State of Mississippi, every native winery is authorized to make sales to the department or to consumers at the location of the native winery or its immediate vicinity. Every native winery is authorized to make sales to any producer, manufacturer, wholesaler, retailer or consumer located outside of the State of Mississippi who are authorized by law to purchase the same.

(2) With respect to native wines or distilled spirits sold by the department to retailers under Section 67-1-41, the native winery or distillery retailer may hold those wines or spirits for onsite pickup instead of shipping them to the department warehouse, at the option of the retailer and pursuant to any rules promulgated by the department.

Records and reports by native wine producers and transporters of native wine, see § 67-1-73.

§ 67-5-13. Annual privilege license tax on producers; excise tax on cases sold by producers.

(1) Upon every producer holding a permit for the production of native wine, there is levied and imposed for each location for the privilege of engaging and continuing in this state in the production of native wine an annual privilege license tax in an amount equal to Ten Dollars (\$10.00) for each ten thousand (10,000) gallons, or any part thereof, of native wine produced by the winery.

(2) There is levied and assessed an excise tax upon each case of native wine sold by a producer to any source to be collected from the producer in the amount provided for in Section 27-71-7. However, native wine produced in Mississippi for export and sale without this state and native wine produced in Mississippi and sold to the commission shall not be subject to the excise tax, nor shall the tax accrue or be collected on native wines dispensed, as free samples in quantities of not more than six (6) ounces, in the tasting room of a native winery.

(3) The privilege tax imposed by subsection (1) of this section shall be collected in the same manner as presently provided by law for the collection of other alcoholic beverages. The excise tax imposed by subsection (2) of this section shall be reported monthly by the producer to the commission on all sales made in Mississippi to consumers at the location of the native winery or its immediate vicinity, along with a statement of gallonage produced during that month, and the producer shall remit the tax due and owing with each report. The producer shall also include in the report a statement of gallonage sold and exported for sale outside this state.

(4) All taxes levied by and collected under this section shall be deposited in the General Fund.

§ 67-7-1. Short title.

This chapter shall be known and may be cited as the “Beer Industry Fair Dealing Act.”

HISTORY: Laws, 1995, ch. 619, § 1, eff from and after passage (approved April 7, 1995).

§ 67-7-3. Purpose.

The legislative purpose of this chapter is to provide a structure for the business relations between a wholesaler and a supplier of light wine, light spirit product or beer. Regulation in this area is considered necessary for the following reasons:

- (a) To maintain stability and healthy competition in the light wine, light spirit product and beer industry in this state.
- (b) To promote and maintain a sound, stable and viable system of distribution of light wine, light spirit product and beer to the public.
- (c) To provide for the private settlement of disputes between wholesalers and suppliers of light wine, light spirit product or beer as an alternative to civil litigation which consumes the time and resources of the parties and the judicial system.
- (d) To promote the public health, safety and welfare.

HISTORY: Laws, 1995, ch. 619, § 2, eff from and after passage (approved

April 7, 1995); Laws, 2020, ch. 314, § 41, eff from and after passage (approved June 18, 2020).

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit product” everywhere it appears.

JUDICIAL DECISIONS

1. Dismissal.

Circuit court erred in dismissing a wholesaler’s complaint for failure to state a claim because the wholesaler alleged that the Mississippi Beer Industry Fair Dealing Act rendered the match-and-redirect provision of the parties’ distribution contract null and void, and a beer suppli-

er’s demands premised on the void provision could have amounted to unjustified “interference” with the wholesaler’s transfer to an allegedly qualified transferee. *Rex Distrib. Co. v. Anheuser-Busch, LLC*, 271 So. 3d 445, 2019 Miss. LEXIS 205 (Miss. 2019).

§ 67-7-5. Definitions.

As used in this chapter, the following words or phrases, or the plural thereof, whenever they appear in this chapter, unless the context clearly requires otherwise, shall have the meaning ascribed to them in this section.

(a) “Agreement” means any agreement between a wholesaler and a supplier, whether oral or written, whereby a wholesaler is granted the right to purchase and sell a brand or brands of light wine, light spirit product or beer sold by a supplier.

(b) “Ancillary business” means a business owned by the wholesaler, by a substantial stockholder of a wholesaler, or by a substantial partner of a wholesaler, the primary business of which is directly related to the transporting, storing or marketing of the brand or brands of light wine, light spirit product or beer of a supplier with whom the wholesaler has an agreement; or a business owned by a wholesaler, a substantial stockholder of a wholesaler.

(c) “Commission” or “department” means the Department of Revenue of the State of Mississippi.

(d) “Commissioner” means the Commissioner of Revenue of the Department of Revenue.

(e) “Designated member” means the spouse, child, grandchild, parent, brother or sister of a deceased individual who owned an interest, including a controlling interest, in a wholesaler, or any person who inherits under the deceased individual’s will, or under the laws of intestate succession of this state; or any person who or entity which has otherwise, through a valid testamentary device by the deceased individual, succeeded the deceased individual in the wholesaler’s business, or has succeeded to the deceased individual’s ownership interest in the wholesaler pursuant to a written contract or instrument which has been previously approved by the supplier; “designated member” includes the appointed and qualified personal representative and the testamentary trustee of a deceased individual owning an ownership interest in a wholesaler, and it includes the person appointed by

a court as the guardian or conservator of the property of an incapacitated individual owning an ownership interest in a wholesaler.

(f) "Establish" means to adjust or regulate, to provide for and uphold.

(g) "Good faith" means honesty in fact and observance of reasonable commercial standards of fair dealing in the trade, as defined in and interpreted under the Uniform Commercial Code.

(h) "Reasonable qualifications" means the standard of the reasonable criteria established and consistently used by the respective supplier for similarly situated wholesalers that entered into, continued or renewed an agreement with the supplier during a period of twenty-four (24) months before the proposed transfer of the wholesaler's business, or for similarly situated wholesalers who have changed managers or designated managers, under the agreement, during a period of twenty-four (24) months before the proposed change in the manager or successor manager of the wholesaler's business.

(i) "Retaliatory action" means the refusal to continue an agreement, or a material reduction in the quality of service or quantity of products available to a wholesaler under an agreement, which refusal or reduction is not made in good faith.

(j) "Sales territory" means a primary area of sales responsibility for the brand or brands of light wine, light spirit product or beer sold by a supplier as designated by an agreement.

(k) "Substantial stockholder or substantial partner" means a stockholder of or partner in the wholesaler who owns an interest of ten percent (10%) or more of the partnership or of the capital stock of a corporate wholesaler.

(l) "Successor" means a person who replaces a supplier with regard to the right to manufacture, sell, distribute or import a brand or brands of light wine, light spirit product or beer.

(m) "Supplier" means a manufacturer or importer of light wine, light spirit product or beer as regulated by the department under Sections 67-3-1 through 67-3-73.

(n) "Transfer of wholesaler's business" means the voluntary sale, assignment or other transfer of ten percent (10%) or more of control of the business or all or substantially all of the assets of the wholesaler, or ten percent (10%) or more of control of the capital stocks of the wholesaler, including without limitation the sale or other transfer of capital stock or assets by merger, consolidation or dissolution, or of the capital stock of the parent corporation, or of the capital stock or beneficial ownership of any other entity owning or controlling the wholesaler.

(o) "Wholesaler" means a wholesaler of light wine, light spirit product or beer as regulated by the department under Sections 67-3-1 through 67-3-73.

(p) "Similarly situated wholesalers" means wholesalers of a supplier that are of a generally comparable size and operate in markets in Mississippi and adjoining states with similar demographic characteristics, including

population size, density, distribution and vital statistics, as well as reasonably similar economic and geographic conditions.

(q) “Light wine, light spirit product and/or beer” has the meaning ascribed to such terms in Section 67-3-3.

HISTORY: Laws, 1995, ch. 619, § 3; Laws, 2009, ch. 342, § 2; Laws, 2009, ch. 492, § 137, eff from and after July 1, 2010; Laws, 2020, ch. 314, § 42, eff from and after passage (approved June 18, 2020).

Joint Legislative Committee Note — Section 2 of ch. 342, Laws of 2009, effective from and after passage (approved March 16, 2009) amended this section. Section 137 of ch. 492, Laws of 2009, effective July 1, 2010 (approved on April 6, 2009), also amended this section. As set out above, this section reflects the language of both amendments pursuant to Section 1-1-109 which gives the Joint Legislative Committee on Compilation, Revision, and Publication authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication ratified the integration of these amendments as consistent with the legislative intent at the July 13, 2009, meeting of the Committee.

Editor’s Notes — Laws of 2009, ch. 492, § 144 provides:

“SECTION 144. Nothing in this act shall affect or defeat any assessment, refund claim, request for waiver of a tax penalty, the suspension, revocation, surrender, seizure or denial of permit, tag or title, the suspension, revocation or denial of a permit, approved manager status, qualified resort area or forfeiture under the Local Option Alcoholic Beverage Control Law, Section 67-1-1 et seq., the administrative appeal or judicial appeal of any of the foregoing acts or any other action taken by the Mississippi State Tax Commission or by the Chairman of the Mississippi State Tax Commission prior to the effective date of this act. The provisions of the laws relating to the administrative appeal or judicial review of such actions which were in effect prior to the effective date of this act are expressly continued in full force, effect and operation for the purpose of providing an administrative appeal and/or judicial review, where previously provided, of such actions, except to the extent that any matter is pending on an administrative appeal before the three (3) member Mississippi State Tax Commission on the effective date will after the effective date of this act be heard and decided by the Board of Tax Appeals as the successor of the Mississippi State Tax Commission in regard to administrative appeals.”

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit product” everywhere it appears; in (q), substituted “Section 67-3-3” for “Section 67-3-5”; and made a minor stylistic change.

JUDICIAL DECISIONS

ANALYSIS

1. Dismissal.
2. Interfere.

1. Dismissal.

Circuit court erred in dismissing a wholesaler’s complaint for failure to state a claim because the wholesaler alleged

that the Mississippi Beer Industry Fair Dealing Act rendered the match-and-redirect provision of the parties’ distribution contract null and void, and a beer supplier’s demands premised on the void provision could have amounted to unjustified “interference” with the wholesaler’s transfer to an allegedly qualified transferee. *Rex Distrib. Co. v. Anheuser-Busch, LLC*,

271 So. 3d 445, 2019 Miss. LEXIS 205 (Miss. 2019).

2. Interfere.

It is impossible for a supplier to tortiously interfere with the sale of its distri-

bution rights, because the supplier is a party to the contract for the sale of its distribution rights. *Rex Distrib. Co. v. Anheuser-Busch, LLC*, 271 So. 3d 445, 2019 Miss. LEXIS 205 (Miss. 2019).

§ 67-7-7. Prohibited acts; suppliers.

A supplier shall not do the following:

(a) Fail to provide each wholesaler of the supplier's brand or brands with a written agreement which contains in total the supplier's agreement with each wholesaler, and designates a specific sales territory. Any agreement which is in existence on April 7, 1995, shall be renewed consistent with this chapter, provided that this chapter may be incorporated by reference in the agreement. Nothing contained herein shall prevent a supplier from appointing, one (1) time for a period not to exceed ninety (90) days, a wholesaler to service temporarily a sales territory not designated to another wholesaler, until such time as a wholesaler is appointed by the supplier; and such wholesaler who is designated to service the sales territory during this period of temporary service shall not be in violation of the chapter, and, with respect to the temporary service territory, shall not have any of the rights provided under Sections 67-7-11 and 67-7-15.

(b) Fix, maintain or establish the price at which a wholesaler shall sell any light wine, light spirit product or beer.

(c) Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand or brands of light wine, light spirit product or beer in the same territory or any portion thereof, or to sell directly to any retailer in this state.

(d) Require any wholesaler to accept delivery of any light wine, light spirit product or beer or other commodity which has not been ordered by the wholesaler, except that a supplier may impose reasonable inventory requirements upon a wholesaler if the requirements are made in good faith and are generally applied to other similarly situated wholesalers who have an agreement with the supplier.

(e) Require any wholesaler to accept delivery of any light wine, light spirit product or beer or other commodity ordered by a wholesaler if the order was properly cancelled by the wholesaler in accordance with the supplier's procedure.

(f) Require any wholesaler to do any illegal act or to violate any law or regulation by threatening to amend, modify, cancel, terminate or refuse to renew any agreement existing between the supplier and wholesaler.

(g) Require a wholesaler to assent to any condition, stipulation or provision limiting the wholesaler's right to sell the brand or brands of light wine, light spirit product or beer of any other supplier unless the acquisition of the brand or brands of another supplier would materially impair or adversely affect the wholesaler's quality of service, sales or ability to compete effectively in representing the brand or brands of the supplier

presently being sold by the wholesaler, except that in any action challenging a supplier's position, the supplier shall have the burden of providing that such acquisition of such other brand or brands would have such effect.

(h) Require a wholesaler to purchase one or more brands of light wine, light spirit product or beer products in order for the wholesaler to purchase another brand or brands of light wine, light spirit product or beer for any reason, except that a wholesaler that has agreed to distribute a brand or brands before April 7, 1995, shall continue to distribute the brand or brands in conformance with this chapter.

(i) Require a wholesaler to submit audited profit and loss statements, balance sheets or financial records as a condition of renewal or continuation of an agreement, except that a supplier may require reasonable proof of a wholesaler's financial condition prior to extending credit terms to a wholesaler.

(j) Withhold delivery of light wine, light spirit product or beer ordered by wholesaler, or change a wholesaler's quota of a brand or brands if the withholding or change is not made in good faith.

(k) Require a wholesaler by any means directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a supplier.

(l) Take any retaliatory action against a wholesaler that files a complaint in good faith regarding an alleged violation by the supplier of federal, state or local law or an administrative rule as a result of that complaint.

(m) Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the supplier as of or after April 7, 1995, unless the supplier acts in good faith. Should a wholesaler change an approved manager or successor manager, a supplier shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material and reasonable standards and qualifications for managers consistently applied to similarly situated wholesalers by the supplier, except that, in any action challenging a supplier's decision, the supplier shall have the burden of proving that such person fails to meet such standards and qualifications.

(n) Upon written notice of intent to transfer the wholesaler's business, interfere with, prevent or unreasonably delay (not to exceed thirty (30) days) the transfer of the wholesaler's business if the proposed transferee is a designated member.

(o) Upon written notice of intent to transfer the wholesaler's business other than to a designated member, withhold consent to or approval of, or unreasonably delay (not to exceed thirty (30) days after receipt of all material information reasonably requested) a response to a request by the wholesaler for any transfer of a wholesaler's business if the proposed transferee meets the nondiscriminatory material and reasonable qualifications and standards required by the supplier for similarly situated wholesalers.

(p) Restrict or inhibit the right of free association among wholesalers for any lawful purpose.

(q) Threaten to cancel or withhold credit, or to reduce the time period normally given the wholesaler to make payment on a delivery from the supplier as a means of compelling the wholesaler to meet certain standards of performance in any area of business not directly related to credit.

HISTORY: Laws, 1995, ch. 619, § 4, eff from and after passage (approved April 7, 1995); Laws, 2020, ch. 314, § 43, eff from and after passage (approved June 18, 2020).

Joint Legislative Committee Note Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error in this section by deleting the subsection (1) designation from the first paragraph. The section was enacted with a subsection designated (1) but no subsection designated (2). The Joint Committee ratified the correction at its August 20, 2021, meeting.

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted “light spirit product” everywhere it appears.

§ 67-7-9. Prohibited acts; wholesalers.

A wholesaler shall not do any of the following:

(a) Fail to devote such efforts and resources to the sale and distribution of all the supplier’s brands of light wine, light spirit product or beer which the wholesaler has been granted the right to sell or distribute as are required in the wholesaler’s agreement with the supplier.

(b) Sell or deliver light wine, light spirit product or beer to a retail licensee located outside the sales territory designated to the wholesaler by the supplier of a particular brand or brands of light wine, light spirit product or beer, except that during periods of temporary service interruptions impacting a particular sales territory, a supplier may appoint another wholesaler to service the sales territory during the period of temporary service interruption. A wholesaler who is designated to service the impacted sales territory during the period of temporary service interruption shall not be in violation of this chapter and shall not have any of the rights provided under Sections 67-7-11 and 67-7-15 with respect to the temporary service territory.

(c) Transfer the wholesaler’s business without giving the supplier

written notice of intent to transfer the wholesaler's business and, where required by this chapter, receiving the supplier's written approval for the proposed transfer, except that the consent or approval of the supplier shall not be required of any transfer of the wholesaler's business to a designated member, or of any transfer of less than ten percent (10%) of the wholesaler's business unless such transfer results in a change in control. The wholesaler shall give the supplier written notice of any change in ownership of the wholesaler.

§ 67-7-11. Amendment, modification, cancellation, termination, nonrenewal, or discontinuance of agreements by suppliers.

(1) Except as otherwise provided for in this chapter, a supplier shall not amend or modify an agreement; cause a wholesaler to resign from an agreement; or cancel, terminate, fail to renew or refuse to continue under an agreement, unless the supplier has complied with all of the following:

(a) Has satisfied the applicable notice requirements of this section.

(b) Has acted in good faith.

(c) Has good cause for the amendment, modification, cancellation, termination, nonrenewal, discontinuance or forced resignation.

(2) In any action challenging such amendment, modification, termination, cancellation, nonrenewal or discontinuance, the supplier shall have the burden of proving that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the amendment, modification, termination, cancellation, nonrenewal or discontinuance.

(3) Except as otherwise provided in this section, and in addition to the time limits set forth in subsection (4)(d) of this section, the supplier shall furnish written notice of the amendment, modification, termination, cancellation, nonrenewal or discontinuance of an agreement to the wholesaler not less than thirty (30) days before the effective date of the amendment, modification, termination, cancellation, nonrenewal or discontinuance. The notice shall be by certified mail and shall contain all of the following:

(a) A statement of intention to amend, modify, terminate, cancel, nonrenew or discontinue the agreement.

(b) A statement of the reason for the amendment, modification, termination, cancellation, nonrenewal or discontinuance.

(c) The date on which the amendment, modification, termination, cancellation, nonrenewal or discontinuance takes effect.

(4) Good cause shall exist for the purposes of a termination, cancellation, nonrenewal or discontinuance under subsection (1)(c) of this section when all of the following occur:

(a) There is a failure by the wholesaler to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the supplier.

(b) The supplier first acquired knowledge of the failure described in subparagraph (a) not more than twenty-four (24) months before the date notification was given pursuant to subsection (3) of this section.

(c) The wholesaler was given notice by the supplier of failure to comply with this agreement.

(d) The wholesaler has been afforded thirty (30) days in which to submit a plan of corrective action to comply with the agreement and an additional ninety (90) days to cure such noncompliance in accordance with the plan.

(5) Notwithstanding subsections (1) and (3) of this section, a supplier may terminate, cancel, fail to renew or discontinue an agreement immediately upon written notice given in the manner and containing the information required by subsection (3)(a), (b) and (c) of this section if any of the following occur:

(a) Insolvency of the wholesaler, the filing of any petition by or against the wholesaler under any bankruptcy or receivership law or the assignment for the benefit of creditors or dissolution or liquidation of the wholesaler which materially affects the wholesaler's ability to remain in business.

(b) Revocation or suspension of the wholesaler's state or federal license by the appropriate regulatory agency whereby the wholesaler cannot service the wholesaler's sales territory for more than thirty-one (31) days.

(c) The wholesaler, or a partner or an individual who owns ten percent (10%) or more of the partnership or stock of a corporate wholesaler, has been convicted of a felony under the United States Code or the laws of any state which reasonably may adversely affect the good will or interest of the wholesaler or supplier. However, an existing stockholder or stockholders, or partner or partners, or a designated member or members, shall have, subject to the provisions of this chapter, the right to purchase the partnership interest or the stock of the offending partner or stockholder prior to the conviction of the offending partner or stockholder, and if the sale is completed prior to conviction the provisions of this subparagraph shall not apply.

(d) There was fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the supplier or its product, except that the supplier shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging such termination.

(e) The wholesaler failed to confine to the designated sales territory its sales of a brand or brands to retailers except that this subsection does not

apply if there is a dispute between two (2) or more wholesalers as to the boundaries of the assigned territory, and the boundaries cannot be determined by a reading of the description contained in the agreements between the supplier and the wholesalers.

(f) A wholesaler has failed to pay for light wine, light spirit product or beer ordered and delivered in accordance with established terms and the wholesaler fails to make full payment within five (5) business days after receipt of written notice of the delinquency and demand for immediate payment from the supplier.

(g) A wholesaler intentionally has made a transfer of wholesaler's business, other than a transfer to a designated member without prior written notice to the supplier.

(h) A wholesaler intentionally has made a transfer of wholesaler's business, other than a transfer to a designated member, although the wholesaler has prior to said transfer received from supplier a timely notice of disapproval of said transfer in accordance with this chapter.

(i) The wholesaler intentionally ceases to carry on business with respect to any of supplier's brand or brands previously serviced by wholesaler in its territory designated by the supplier, unless such cessation is due to force majeure or to labor dispute and the wholesaler has made good faith efforts to overcome such events. Provided, however, this shall affect only that brand or brands with respect to which the wholesaler ceased to carry on business.

(6) Notwithstanding subsections (1), (3) and (5) of this section, a supplier may terminate, cancel, not renew or discontinue an agreement upon not less than thirty (30) days prior written notice if the supplier discontinues production or discontinues distribution in this state of all the brands sold by the supplier to the wholesaler, except that nothing in this section shall prohibit a supplier from: (a) upon not less than thirty (30) days notice, discontinuing the distribution of any particular brand or package of light wine, light spirit product or beer; or (b) conducting test marketing of a new brand of light wine, light spirit product or beer which is not currently being sold in this state, except that the supplier has notified the department in writing of its plans to test market, which notice shall describe the market area in which the test shall be conducted; the name or names of the wholesaler or wholesalers who will be selling the light wine, light spirit product or beer; the name or names of the brand of light wine, light spirit product or beer being tested; and the period of time, not to exceed eighteen (18) months, during which the testing will take place.

HISTORY: Laws, 1995, ch. 619, § 6, eff from and after passage (approved April 7, 1995); Laws, 2020, ch. 314, § 45, eff from and after passage (approved June 18, 2020).

Amendment Notes — The 2020 amendment, effective June 18, 2020, inserted "light spirit product" everywhere it appears; and in (6), substituted "department" for "State Tax Commission" in (b).

§ 67-7-12. Successor supplier to become obligated to all terms and conditions of agreements between original supplier and wholesaler in effect on date of succession.

A successor shall become obligated to all of the terms and conditions of the agreement in effect on the date of succession. This section applies regardless of the character or form of the succession. A successor has the right to contractually require its wholesalers to comply with operational standards of performance if the standards are uniformly established for all the successor's wholesalers and conform to the provisions of this chapter.

§ 67-7-13. Transfer of business and assignment of rights of wholesalers.

(1) Upon written notice of intent to transfer the wholesaler's business, any individual owning or deceased individual who owned an interest in a wholesaler may transfer the wholesaler's business to a designated member, or to any other person who meets the nondiscriminatory material and reasonable qualifications and standards required by the supplier for similarly situated wholesalers. The consent or approval of the supplier shall not be required of any transfer of the wholesaler's business, including the assignment of the wholesaler's rights under the agreement, to a designated member or shall not be withheld or unreasonably delayed to a proposed transferee who meets such nondiscriminatory, material and reasonable qualifications and standards. Such designated member or transferee shall in no event be qualified as a transferee, without the written approval or consent of the supplier, where such proposed transferee shall have been involved in the following:

(a) Insolvency, filing of any voluntary or involuntary petition under any bankruptcy or receivership law, or execution of any assignment for the benefit of creditors; or

(b) Revocation or suspension of a special occupational tax license by the regulatory agency of the United States Government or any state, whereby service was interrupted for more than thirty-one (31) days; or

(c) Conviction of the proposed transferee or any owner thereof of a felony under the United States Code or the laws of any state which reasonably may adversely affect the good will or interest of the wholesaler or supplier; or

(d) Had an agreement involuntarily terminated, cancelled, not renewed or discontinued by a supplier for good cause.

(2) The supplier shall not interfere with, prevent or unreasonably delay the transfer of the wholesaler's business, including an assignment of wholesaler's rights under the agreement, if the proposed transferee is a designated member, or if the transferee other than a designated member meets such nondiscriminatory, material and reasonable qualifications and standards required by the supplier for similarly situated wholesalers. Where the transferee is other than a designated member, the supplier may in good faith and for good cause related to the reasonable qualifications refuse to accept the transfer of the wholesaler's business or the assignment of the wholesaler's rights under the agreement.

JUDICIAL DECISIONS

1. Dismissal.

Circuit court erred in dismissing a wholesaler's complaint for failure to state a claim because the wholesaler alleged that the Mississippi Beer Industry Fair Dealing Act rendered the match-and-redirect provision of the parties' distribution contract null and void, and a beer suppli-

er's demands premised on the void provision could have amounted to unjustified "interference" with the wholesaler's transfer to an allegedly qualified transferee. *Rex Distrib. Co. v. Anheuser-Busch, LLC*, 271 So. 3d 445, 2019 Miss. LEXIS 205 (Miss. 2019).

§ 67-7-15. Duty of supplier to compensate wholesaler for conduct resulting in diminished value of business; determination of compensation by arbitration.

(1) Except as provided for in this chapter, a supplier that has amended, modified, cancelled, terminated or refused to renew any agreement; or caused a wholesaler to resign from an agreement; or has interfered with, prevented or unreasonably delayed, or where required by this chapter, has withheld or unreasonably delayed consent to or approval of, any assignment or transfer of a wholesaler's business, shall pay the wholesaler reasonable compensation for the diminished value of the wholesaler's business, including any ancillary business which has been negatively affected by the act of the supplier. The value of the wholesaler's business or ancillary business shall include, but not be limited to, its good will, except that nothing contained in this chapter shall give rise to a claim against the supplier or wholesaler by any proposed purchaser of wholesaler's business.

(2) Should either party, at any time, determine that mutual agreement on the amount of reasonable compensation cannot be reached, the supplier or the wholesaler may send by certified mail, return receipt requested, written notice to the other party declaring its intention to proceed with arbitration. Arbitration shall proceed only by mutual agreement of both parties.

(3) Not more than ten (10) business days after the notice to enter into arbitration has been delivered, the other party shall send written notice to the requesting party declaring its intention either to proceed or not to proceed with arbitration. Should the other party fail to respond within ten (10) business days, it shall be conclusively presumed that said party shall have agreed to arbitration.

(4) The matter of determining the amount of compensation may, by agreement of the parties, be submitted to a three (3) member arbitration panel consisting of one (1) representative selected by the supplier but unassociated with the affected supplier; one (1) wholesaler representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator.

(5) Not more than ten (10) business days after mutual agreement of both parties has been reached to arbitrate, each party shall designate, in writing, its one (1) arbitrator representative and the party initiating arbitration shall request, in writing, a list of five (5) arbitrators from the American Arbitration Association or its successor and request that the list be mailed to each party by certified mail, return receipt requested. Not more than ten (10) business days after the receipt of the list of five (5) choices, the wholesaler arbitrator and the supplier arbitrator shall strike and disqualify up to two (2) names each from the list. Should either party fail to respond within the ten (10) business days or should more than one (1) name remain after the strikes, the American Arbitration Association shall make the selection of the impartial arbitrator from the names not stricken from said list.

(6) Not more than thirty (30) days after the final selection of the arbitration panel is made, the arbitration panel shall convene to decide the dispute. The panel shall conclude the arbitration within twenty (20) days after the arbitration panel convenes and shall render a decision by majority vote of the arbitrators within twenty (20) days from the conclusion of the arbitration. The award of the arbitration panel shall be final and binding on the parties as to the amount of compensation for said diminished value.

(7) The cost of the impartial arbitrator, the stenographer and the meeting site shall be equally divided between the wholesaler and the supplier. All other costs shall be paid by the party incurring them.

(8) After both parties have agreed to arbitrate, should either party, except by mutual agreement, fail to abide by the time limitations as prescribed in subsections (3), (5) and (6) of this section, or fail or refuse to make the selection of any arbitrators, or fail to participate in the arbitration hearings, the other party shall make the selection of its arbitrators and proceed to arbitration. The party who has failed or refused to comply as prescribed in this section shall be considered to be in default. Any party considered to be in default pursuant to this subsection shall have waived any and all rights the party would have had

in the arbitration and shall be considered to have consented to the determination of the arbitration panel.

CHAPTER 9.

POSSESSION OR TRANSPORTATION OF ALCOHOLIC BEVERAGES, LIGHT WINE, LIGHT SPIRIT PRODUCT OR BEER

Sec.

67-9-1.

Transportation and possession of alcoholic beverages, light wine, light spirit product and beer by person holding an alcohol processing permit.

§ 67-9-1. Transportation and possession of alcoholic beverages, light wine, light spirit product and beer by person holding an alcohol processing permit.

Notwithstanding the provisions of any section of Title 27 or 67, Mississippi Code of 1972, it shall be lawful for any person holding an alcohol processing permit to transport and possess alcoholic beverages, light wine, light spirit product and beer, in any part of the state, for his or her use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient, in amounts as limited by the Alcoholic Beverage Control Division of the Department of Revenue. The authority to transport and possess alcoholic beverages, light wine, light spirit product and beer under this section exists regardless of whether (a) the county or municipality in which the transportation or possession takes place has voted for or against coming out from under the dry law, or (b) the transportation, storage, sale, distribution, receipt or manufacture of light wine, light spirit product and beer otherwise is prohibited.

The provisions of this section shall not be construed as amending, repealing or otherwise affecting any statute or any lawfully adopted ordinance, rule or regulation that prohibits or restricts the location at which, or the premises upon which, alcoholic beverages, light wine, light spirit product or beer may be sold or consumed.

MISSISSIPPI NATIVE SPIRIT LAW

Sec.

- | | |
|-----------|---|
| 67-11-1. | Short title. |
| 67-11-3. | Definitions. |
| 67-11-5. | Production and sale of native spirit legal; taxation. |
| 67-11-7. | Permit for production of native spirits required; registration of native distilleries. |

| 67-11-11. | Annual privilege license tax; excise tax on each case of native spirits; exemption of certain native spirits from excise tax. |

§ 67-11-1. Short title.

This chapter shall be known and may be cited as the “Mississippi Native Spirit Law.”

HISTORY: Laws, 2021, ch. 388, § 1, eff from and after July 1, 2021.

§ 67-11-3. Definitions.

For purposes of this chapter, the following words and phrases shall have the definitions ascribed herein, unless the context otherwise requires:

(a) “Native spirit” shall mean any beverage, produced in Mississippi for sale, manufactured primarily by the distillation of fermented grain, starch, molasses or sugar produced in Mississippi, including dilutions and mixtures of these beverages. In order to be classified as “native spirit” under the provisions of this chapter, at least fifty-one percent (51%) of the finished product by volume shall have been obtained from distillation of fermented grain, starch, molasses or sugar grown and produced in Mississippi.

(b) “Native distillery” shall mean any place or establishment within this state where native spirit is produced in whole or in part for sale.

(c) “Produce” shall mean to do or to perform any act or thing in the process of making native spirit.

(d) “Person” shall mean one or more natural persons, or a corporation, partnership or association.

(e) “Producer” shall mean any person who owns, operates or conducts a native distillery, but it does not mean the employees of such persons.

(f) “Consumer” shall mean any person who purchases native spirit for the purpose of consuming it, giving it away, or distributing it in any way other than by sale, barter or exchange.

(g) “Department” shall mean the Mississippi Department of Revenue.

(h) “Division” shall mean the Alcoholic Beverage Control Division of the department.

HISTORY: Laws, 2021, ch. 388, § 2, eff from and after July 1, 2021.

§ 67-11-5. Production and sale of native spirit legal; taxation.

It shall be lawful to produce native spirit in the State of Mississippi and to sell such native spirit within or without this state. Native spirit shall be subject to the gallonage excise tax levied by Section 67-11-11.

The production of native spirit is hereby declared, under the laws of this state, to be a privilege and, as such, shall be subject to the privilege license tax levied by Section 67-11-11.

HISTORY: Laws, 2021, ch. 388, § 3, eff from and after July 1, 2021.

§ 67-11-7. Permit for production of native spirits required; registration of native distilleries.

(1) Every native distillery in the State of Mississippi shall apply for a permit as provided for in Section 67-1-51 and shall be issued said initial and renewal permit by the department upon meeting the qualifications and requirements set forth by law or regulation for permits authorized by Section 67-1-51.

(2) Every native distillery shall register with the Secretary of State, shall show the location and permit number of the distillery, shall show the name and address of the producer owning, conducting or operating the distillery, shall show the name and address of all local agents and such other pertinent information which may be required by the Secretary of State, and shall appoint an agent for service of process within the State of Mississippi.

HISTORY: Laws, 2021, ch. 388, § 4, eff from and after July 1, 2021.

§ 67-11-9. Sales by native distilleries.

(1) Within the State of Mississippi, every native distillery is authorized to make sales to the department or to consumers at the location of the native distillery or its immediate vicinity. Every native distillery is authorized to make sales to any producer, manufacturer, wholesaler, retailer or consumer located outside of the State of Mississippi who is authorized by law to purchase the same.

(2) With respect to native spirits sold by the department to retailers under Section 67-1-41, the native distillery may hold those spirits for onsite pickup instead of shipping them to the department warehouse, at the option of the retailer and pursuant to any rules promulgated by the department.

HISTORY: Laws, 2021, ch. 388, § 5, eff from and after July 1, 2021.

§ 67-11-11. Annual privilege license tax; excise tax on each case of native spirits; exemption of certain native spirits from excise tax.

(1) Upon every producer holding a permit for the production of native spirits, there is levied and imposed for each location for the privilege of

engaging and continuing in this state in the production of native spirits an annual privilege license tax in an amount equal to Ten Dollars (\$10.00) for each one thousand (1,000) gallons, or any part thereof, of native spirits produced by the distillery.

(2) There is levied and assessed an excise tax upon each case of native spirit sold by a producer to any source to be collected from the producer in the amount provided for in Section 27-71-7. However, native spirit produced in Mississippi for export and sale without this state and native spirit produced in Mississippi and sold to the department shall not be subject to the excise tax, nor shall the tax accrue or be collected on native spirits dispensed, as free samples in quantities of not more than two (2) ounces, in the tasting room of a native distillery.

(3) The privilege tax imposed by subsection (1) of this section shall be collected in the same manner as presently provided by law for the collection of other alcoholic beverages. The excise tax imposed by subsection (2) of this section shall be reported monthly by the producer to the department on all sales made in Mississippi to consumers at the location of the native distillery in its immediate vicinity, along with a statement of gallonage produced during that month, and the producer shall remit the tax due and owing with each report. The producer shall also include in the report a statement of gallonage sold and exported for sale outside this state.

(4) All taxes levied by and collected under this section shall be deposited in the State General Fund.
